

## Spoiled by Mr. Russell Chapter 830

"Our family owns a substantial company, so it's only natural for us to have several enemies and competitors. Since we're launching a perfume this time, it should be a company involved in the same industry that tried to crush us!"

"A company in the same industry..."

"Dad! They're our biggest competition!"

Since the Tanner Corporation was recently involved in significant trouble by adding illegal substances to perfumes, the Perfumers' Society had begun investigating them.

Hence, they neglected Lily's matter for the time being.

Initially, Lily had thought that her issue would pass this way as it was nonsensical.

A perfume certificate was not a professional qualification that one required worldwide.

However, the Perfumers' Society created such a thing, and it was ridiculous how someone could not become a perfumer just because they lacked the certificate.

not only on their hard work and dedication, but they
