

Spoiled by Mr. Russell Chapter 878

Lily followed the police to the station but did not know much about the current situation.

Since the police knew about her relationship with Alexander, they were very polite, still, she was not fully convicted. The officers took her to a room and served her a cup of hot tea before sitting for interrogation.

"Ms. Christian, we heard from Mr. Damian that he had bribed you. He also accused you of adding harmful ingredients to the Victory perfume. Is that right?" The officer asked.

"I did no such thing," Lily said lightly, "I don't know him either. Frankly, I didn't know who he was until the Tanner Corporation accused me."

"If you haven't done anything wrong, why did Mr. Damian single you out? Do you have any grudges against Mr. Damian or the Tanners?" The officer asked again.
