

## Spoiled by Mr. Russell Chapter 930

How could Alexander feel relieved when Lily was in this condition? He said, "No, even if nothing is wrong, I have to take you to the hospital. Let's go to the doctor immediately!"

His stubbornness was quite scary, and it was impossible to negotiate with him.

In addition, she was unwell and had little strength, so he carried her and walked quickly outside.

She was placed in the car, and he sped off to the hospital.

Lily was in the passenger seat and had no strength to speak. She did not want to talk and only wanted a good night's sleep. She reluctantly opened her eyelids, and watched Alexander in the driver's seat start the car. She said, "I'm really fine. I just want to sleep for a while. I said that I don't want to go to the hospital."

Lily continued to cough.

"Shut up! Stop talking!"

Alexander said, with a gloomy and terrifying face.
