

Spoiled by Mr. Russell Chapter 955

At the mention of that, Ralph replied instantly, "I do!"

"If you do, think of how you're going to coax Ms. Riggs!"

Margaret put her hand on his arm and sighed.

"I've spoiled you so much that you don't know how to deal with girls. Girls need to be coaxed and pampered. Accusing her of such a thing had probably embarrassed her. She's the head of the Riggs family, and you must understand that she's going to be in contact with many men. If you can't accept this, how will you help her manage the Riggs family?"

Margaret's words made sense to him.

"Mom, I was wrong. I didn't think about things in the long run, but I apologized to her then! She was still mad, though, and was so hostile toward me!"

"You silly boy! She's the head of the Riggs family! Do you think she can forgive you so easily?"

Margaret thought seriously and continued, "How about this? Think of a way to ask her out again and buy some expensive gifts for her. Apologize to her again and make her feel happy. Everything will be all right by then."

Ralph was puzzled.
