Chapter 451: I Don't Want the Smith Group

0 4 minutes read

-

“Sean, I’m not short of money and I don’t want the Smith Group.” Lu Yi whispered, “As for when I decided to resign. I made up my mind when you and Amber got divorced.”

Sean breathed heavily.

“If it wasn’t for Amber’s request, I might have left with her.”

“She asked me to prepare a public relations plan a long time ago. She said that the news of your divorce would not be concealed for long. However, you were out of luck and had a car accident. I was going to stay in the Smith Group for a few more months to deal with the impact of your divorce, but your car accident took away the attention of a large group of people, which relieved me of a lot of burdens.”

The blue veins on Sean’s forehead stood out.

Lu Yi ignored it, squinted and laughed.

Sean laughed angrily, “Cousin, you don’t even care hiding your true thoughts now?”

Lu Yi was not ashamed of coveting his cousin’s wife?

The corner of Lu Yi’s mouth was curved. He was not here to show off, but he indeed felt happy for Amber divorcing Sean.

“Sean, I am indeed in a good mood after knowing you and Amber are divorced! You made the right choice.”

“Sean, you don’t understand Amber at all. Marrying you is the worst choice Amber made. It’s good that you are divorced. This is a salvation for her...”

Sean reached out, picked up the fruit knife on the bedside table, and put it to Lu Yi’s throat.

The sharp blade cut Lu Yi’s skin, and the warm blood melted the cold on the blade.

Lu Yi stopped speaking. Sean’s dark eyes were cold, “Cousin, why don’t you go on?”

Lu Yi didn’t move. He looked at Sean’s eyes and said in a low voice, “Sean, chill out, you are losing control. If my aunt knows about this, she would be unhappy!”

Sean curved the corner of his mouth sarcastically.

“Oh?”

“When you left me on the mountain and tricked me into the fire, have you ever thought that my mother would be unhappy?”

Lu Yi's expression changed. He squinted at Sean who smiled and said, "My mom wants me to marry Lin Man. Did you contribute in this matter?"

Three years ago, because of Lin Man, he fell out with his parents. Lu Yi spoke ill of him and soured the relations between him and his parents.

"What?"

"My mother still wants Amber's bone marrow. If no one gave her suggestions, she wouldn't let me marry Lin Man. She is easy to be convinced. Who else would do that except you?"

Lu Yi was speechless.

Sean pressed the tip of the knife against Lu Yi's throat. Lu Yi gasped in pain.

"Lu Yi, it's easy to kill you!"

"We are cousins. Sean, are you sure you want to do that?"

Sean took back the fruit knife and whispered, "Talk to my dad if you want to resign."

"Get out of my face."

Lu Yi's eyes flickered. He smiled, stood up, but did not move, "Although I might upset you, I'm still saying this. Sean, you are not suitable for Amber. You never trusted her. Even if there is no Lin Man between you and her, your marriage will not last long!"

"Amber is very good, beautiful, but you turned a blind eye to it. You forced her, a good-tempered person, to refuse to donate bone marrow to you..."

"Enough!"

Lu Yi stopped and glanced at his shirt. It was cut open at the waist by the knife thrown over by Sean.

He pressed his lips and looked at the man on the bed. His face was pale in anger.

Lu Yi stretched out and touched his waist. The warm blood stained his hand.

He frowned and left the ward directly.

The ward was quiet for a few seconds. Sean moved, took out his phone, and called Gu Jinyan.

"Sean?"

"Gu Jinyan, I have to go abroad."

Gu Jinyan was stunned, "Didn't you have a car accident? Forget it. You should stay in the hospital!"

"I remember you have a cooperation with a company in the United States. It's in Los Angeles."

Gu Jinyan understood, "Sean, you are going to find Amber?"

Sean kept silent. Why did all the people think he was going abroad for Amber?

“Sean, don’t deny it. The whole world knows you had a car accident. Xu Lin told me you had the car accident on the way you chased Amber!”

“The purchase of a fairway is not trivial. I knew Amber’s private jet landed in Los Angeles.”

Sean, “What are you trying to say?”

“You are divorced. Why don’t you let Amber go!”

Sean sneered, “Gu Jinyan, you are being too nosy.”

Gu Jinyan was speechless.

“Come and pick me up later.”

“Are you serious? Sean, if you go abroad, I can’t hide it from your father. You...”

Sean interrupted Gu Jinyan, “Don’t you worry about that!”

After speaking, he hung up the phone directly.

He ran his hand through his hair. When he raised his head, he met Xu Lin’s gaze. He frowned with slight disgust.

“Mr. Smith...”

“Get out!”

Xu Lin froze. The aura on Sean was too terrifying. Xu Lin really wanted to get out of here.

Xu Lin remained silent, stood aside, and said with an aggrieved look, “Mr. Smith, you can’t go abroad in such a condition. I will contact a few doctors and ask them to go to Los Angeles with you...”

Sean licked his lip.

He didn’t speak, so Xu Lin assumed he agreed. He turned around and ran out, calling some experts.

Gu Jinyan arrived at the hospital in fifteen minutes. He was in a silver-gray sequined coat which made him look several years younger.

“You’ve booked the flight for me?”

“No, you are not going to Los Angeles or find Amber. You are getting yourself killed!”

Gu Jinyan ran his hand through his hair irritably, and said, “Sean, I don’t understand. You and Amber were never on good terms in the past three years. Why do you want to get her back after you got divorced?”

Chapter 452: You Are Already Divorced From Amber

Sean’s eyes shone with an icy radiance, “Do you wish to die?”

“Are you threatening me with that look?”

Gu Jinyan sneered, “Come on. When you recover, you would come around, and then you can go find Amber!”

Sean didn’t even raise his eyes, “I plan to develop a tourism project in Hexi City. I have made the general plan, and your company can join in the project.”

Gu Jinyan’s eyelid twitched, “I won’t accept bribes.”

“Amber and Lu Xiangxiang are best friends. If Amber comes back, Lu Xiangxiang will not be around Feng Chen 24 hours a day.”

Gu Jinyan’s expression changed. He kept silent for a while, and so did Sean. Gu Jinyan lit a cigarette and went out.

He held the phone in his left hand, making a call as he walked out. Sean sneered.

In comparison, Gu Jinyan was more blind in love!

If Lu Xiangxiang wanted his life, he would probably give it to her without hesitation!

Sean wanted to laugh, but he suddenly thought of Amber. He pressed his lips tightly.

He sighed long and took out a cigarette from the bedside table. As soon as he lighted it, Tomas called him.

Since Gu Jinyan was here, his father naturally discovered his decision.

Sean reached out and answered the phone. Tomas’s voice was cold, “Sean!”

“Are you still going to look for Amber?”

“Dad, if my mother takes my brother out of the country, won’t you be worried?”

Tomas’s face turned livid, “I didn’t mistreat your mother and brother! And, don’t forget, you have divorced Amber!”

“Moreover, I have promised Amber not to let any of us disturb her life!”

Sean clenched his big hand suddenly. He smiled coldly, and said, “You made the decision for me. I didn’t sign the divorce agreement!”

“As for not disturbing her life. That’s even more ridiculous. You promised her that, not me.”

“Just like you said, why don’t you change your name to Sean and live my life for me?”

“I didn’t see her before she left. I didn’t sign the divorce agreement. Once she marries another man, she would commit bigamy and go to jail!”

“You think you are helping her? No, you are getting her into trouble!”

Sean paused, and his dark eyes were as deep as the sea, “Dad, you’ve made the decision for me once. Don’t you feel you will go too far if you do that again?”

“You are my dad. It’s okay if you beat and scold me, but you shouldn’t have used your connections to help Amber get me a divorce certificate! You know she is my woman and Cindy is my daughter!”

“I can’t do anything to you, but I can sue Amber!”

Tomas’s breathing suddenly raced, and he took two deep breaths, “Don’t you dare do that!”

“Why wouldn’t I dare?”

Sean hung up the phone before Gu Jinyan entered the door. He stood at the door of the ward for a long time. After entering the door, he whispered, “Sean, why were you talking to your father in that hostile tone?”

Sean’s eyes were dim.

He always thought that Amber must be good at buying over people. At least his father defended her and took sides with her. He thought that his father really liked Amber, but...

At the time, the one who didn’t want him to have relations with Amber was his father.

Sean took a breath, looked at Gu Jinyan and asked, “Have you got everything arranged?”

“Yes.”

“We will leave for Los Angeles tomorrow morning.”

Sean wasn’t surprised. He nodded.

Before the two finished speaking, Xu Lin walked in and told them the discharge procedures were completed.

Xu Lin hesitated for a moment, and whispered, “Mr. Smith, should we send you back to Hai Wan Xiang Xie?”

Sean was about to nod. After thinking about it, he shook his head, and whispered, “Send me to Xingyue Bay.”

Hearing Sean’s words, Xu Lin moved him to the wheelchair and then carried him into the car.

As soon as the door of Xingyue Bay opened, Sean stopped at the door and looked at Xu Lin and Gu Jinyan and said, “I will stay here for one night. You guys go back.”

When the agent changed the lock, Sean happened to meet him. Then he called Xu Lin and asked Xu Lin to buy Xingyue Bay.

In fact, he didn’t know what he was thinking when he did that.

He entered. The slippers in the hallway were a little messy. They were probably kicked out of place by the agent when he had someone change the lock.

Xu Lin stood at the door and did not leave, “Mr. Smith, it has been a few days since Xingyue Bay was cleaned up. Do you want the hourly worker to clean it...”

“No.”

Sean said, closing the door of Xingyue Bay with one hand.

His action was swift and hurry. The door almost hit Xu Lin's nose. Gu Jinyan glanced at Xu Lin and laughed, "Alright, you know his temper. You should be happy that he doesn't want you to take care of him. Go back and have a good rest. It would be a long journey to the United States!"

Xu Lin nodded aggrievedly and left with Gu Jinyan.

Sean turned his wheelchair and wheeled himself into the living room.

Amber left in a hurry. A lot of things were left here. The sun-protective jacket was still on the sofa. There was still food in the kitchen, which was moldy. The door of the study room was open, and she didn't take any books away.

Sean reached out and picked up the sun-protective jacket. A tearing pain came from his ribs, and his face turned pale.

There was a faint feminine fragrance on the jacket. Sean paused. It made him feel like Amber had never left.

Sean closed his eyes, went to the study, and turned on Amber's computer.

He was like crazy, going through every disk and folder.

The first folder contained the company's sales plan of Luoshen Bay and other properties. Sean read the plans she handed over to the company before. They were very detailed and meticulous. She even took into account the opening ceremony and small accidents that may happen.

But the plans stored in the computer had only rough outlines.

Sean had to admit that Amber was very talented. She was the right person for the marketing director of the Smith Group!

But at that time, Sean hated Amber. When you hated someone, you would never see anything good in him.

Sean clicked on the next folder. It required a password.

It was the first time he saw a folder with a password in Amber's computer.

Chapter 453: It Was His Birthday

0 4 minutes read

-

He paused for a moment and tried to open it.

He entered Cindy's birthday.

The password was incorrect.

His eyes gradually darkened.

He glanced at the time the folder was created. It was three years ago.

At that time, they had been married for more than a month. Sean licked the corner of his lips.

Oh, right.

At that time, Amber loved him deeply. After all, she tried her best to marry him, so maybe the password was his birthday.

He suddenly stopped.

What was in it?

Something related to him? The process of knowing and loving each other eleven years ago?

It was possible. These things might have helped her go through the past three lonely years.

He hesitated, and entered his birthday.

The password was still incorrect.

Sean paused and glanced at the screen incredulously.

He took a deep breath and lit a cigarette. He only had the last chance to enter the password.

Sean was getting more curious about what was in the folder.

He pressed his lips. Suddenly, he remembered the time he got Amber out of Ye Se after the celebration banquet of Luoshenwan.

He remembered the picture that she held his mobile phone and unlocked it with ease.

Sean lowered his head. The unlock code of his phone was 0508.

It was neither his birthday nor Lin Man's birthday, but Sean used it for a long time. He paused, hesitated, and entered it.

The folder popped out.

Sean was stunned.

His heart was beating quickly.

He took a deep breath and looked at the big screen. It was a video.

To be precise, it was a video of Cindy.

Amber probably made this video in the hospital. Cindy looked so small and badly malnourished. She was holding her finger in her mouth while sleeping.

When she was three months old, she looked smaller than two-month-old babies. Her crying voice was soft but hit Sean's heart heavily.

When she was eight months old, she was learning words but every word she said was unclear.

When she was ten months old, she learned to walk. She was in a small dress and hobbling after the camera. Suddenly, she fell on the ground and burst into tears.

Then the picture went black. Amber put down the camera and went to help Cindy. The video was full of Amber's soft voice.

"There, there, don't cry, baby! You've grown up. Mom can't hold you anymore. You have to learn to walk, okay?"

"Good girl, stop crying.."

When Cindy was twelve months old, she learned to say mom and dad.

When Cindy was seventeen months old, she ate by herself. Sean didn't know when Cindy learned it. While she was eating, her dress was stained with tomato juice and salad dressing.

The picture trembled constantly. He didn't know whether Amber was crying or laughing.

Cindy held her small spoon and raised it towards the camera, "Mom, eat this."

Amber didn't hesitate, leaned over and ate it.

"Cindy, slow down... you smeared yourself, baby. Who will like you if you grow like a dirty girl?" Amber said helplessly.

There was a bit of disappointment in her voice.

Why? Because Cindy wasn't like her?

Cindy indeed didn't take after her. Her eyes and eyebrows were exactly the same as his.

It was good that she did not look as attractive as Amber.

Otherwise, there would be a lot of boys thinking about her. Then he had to put his work aside and took out his time to keep those boys from Cindy.

Sean paused, and then continued watching it.

The scene changed. It was winter. There was a birthday cake in the picture. Cindy was celebrating her second birthday.

She was wearing a pajama with a monster pattern, rubbing her eyes and walking out of her room in a daze.

Amber also appeared in the picture, holding a pile of gift boxes in her arms and putting them on the table in the living room.

"Cindy, happy birthday. You are one year older."

Cindy pressed the corner of her mouth and looked in the direction of the door, "Mom, will dad come today?"

Amber's movements paused, and the smile on her face was a bit stiff, "Daddy has work to do. He will not come back until you fall asleep at night."

Seeing Cindy's unhappy look, Amber pushed these gifts to her, "All right, let's open the gifts."

Amber lowered her head, tore open a box, took out a set of Barbie dolls, handed them to Cindy, and whispered, "Look, these are what aunt Xiangxiang bought for you. Do you like them?"

"Yes."

The second gift was a bracelet, which looked very expensive. In the picture, Amber's face turned pale. Cindy asked her curiously, "Mom, who is this from?"

"It's beautiful."

Amber put it away and whispered, "Grandpa gave this to you. You can only wear it when you grow up."

"Grandpa is the best."

There seemed to be a knife in Sean's heart. Tomas knew Cindy's birthday and gave her a gift?

The other gifts were all expensive toys and hair accessories. In the end, Amber took out a small pink dress, hesitated, and handed it to Cindy, "Cindy, this is... from dad..."

Cindy's eyes lit up, pushed away the pile of gifts in front of her, and took it, "Mom, mom, I'm going to wear it."

"It's too cold. When you go to school tomorrow, you'll wear it under your thick jacket, okay?"

"..."

"Mom, can I show it to dad?"

Amber nodded with slightly red eyes.

Sean never remembered that he gave Cindy any gifts, much less that Cindy showed him her dress.

Suddenly, his vision blurred. Countless small pains spread in his heart, "Cindy, I'm sorry..."

Sean didn't dare to continue watching it. He closed the folder and sat in the study for a while. Somehow, he felt the night was so long.

Chapter 454: How Could She Be So Close to Other Men

0 4 minutes read

-

Suddenly, he thought of the last scene. The people in that scene were only Cindy and Amber, but the camera moved with them.

Sean was like holding a piece of lemon in his mouth which was sour, puckery and bitter.

Who made the video for Amber?

Why didn't Cindy say hello to him? Wasn't Cindy a very polite child?

Or she was too familiar with that person? Was it Lu Yi?

Or Shi Muzhou?

At that time, Amber was still his wife. How could she be so close to other men?

He suddenly remembered the time when Cindy was hospitalized with a fever. He kissed Amber in the hospital, but Amber kicked him out of the bed in disgust!

He was her husband! But Amber guarded against him like a wolf?

Great!

Therefore, she married him not because she missed him after a long separation, not because of love, but simply because she wanted to get back at Lin Man?

Sean took a deep breath and wheeled himself out. The atmosphere in the study was too depressing. He went to the kitchen and poured himself water. But the water was off.

He lived in Xingyue Bay for half a month before. At that time, he never seemed to be thirsty. When Amber poured water for Cindy, she would also prepare a glass for him.

She knew his preferences well and occasionally mixed him some wine.

Amber...

Sean opened his mouth, but he failed to let this name out...

Even if he called Amber, it would be useless. The owner of Xingyue Bay was already him, and Amber had left.

He suddenly felt lonely. It seemed that he was the only one left in the whole world. He raised his eyebrow, opened the refrigerator and took out the wine Xu Lin brought to him when he lived here.

...

When Gu Jinyan came, Sean was still up.

He looked haggard, but Gu Jinyan didn't ask anything.

Sean slept on the plane. He was so badly injured that he couldn't bear the bumped trip.

When he woke up, he was in Los Angeles. It was dark outside. Gu Jinyan was holding his mobile phone. The silver sequins on its phone shell reflected the lights of Los Angeles.

"We've arrived. I will send you to the villa."

Sean coughed. He looked pale and seemed like having a cold.

Gu Jinyan paused, took a look at him, and reached out to touch Sean's forehead, but Sean slapped his hand without hesitation.

He squinted with disgust, "Go away."

Gu Jinyan shook his hand and sneered, "Oh you fool. You have a fever!"

"Have you found out Cindy's whereabouts?"

Tsk.

Gu Jinyan glanced at Sean speechlessly.

Before he left the country, he asked them if they had found out Amber's whereabouts. When he arrived in Los Angeles, he stopped mentioning Amber but asked if they had found out Cindy's whereabouts.

He was afraid that they would know he was thinking about Amber?

Gu Jinyan sneered, "You have a fever and had such a long flight. You should go to the villa and let the doctor check your condition."

"Cindy will be found soon or later. Why are you in such a hurry?"

Sean, "..."

Sean wasn't feeling well and couldn't outargue Gu Jinyan. He closed his eyes and waited for Gu Jinyan to make arrangements.

Anyway, Gu Jinyan's plan was probably not much different from what he thought.

After getting off the private plane, Gu Jinyan called a car, and they left the airport directly.

The driver was communicating with Gu Jinyan. He said anxiously, "Mr. Gu, I'm really sorry. The servant at the villa took a leave of absence today and hasn't cleaned the villa up. Can you go there tomorrow? I have already booked a hotel for you and this gentleman."

Although Gu Jinyan was a little dissatisfied, he nodded.

Sean had a morbid fear of getting dirty. He wouldn't live in an uncleaned villa.

Gu Jinyan smelled wine on Sean. Moreover, he was seriously injured.

Sean needed to be checked by the doctors.

When they arrived at the hotel, there were a lot of people around the entrance of the hotel, and they couldn't get in.

"Mr. Gu, a celebrity in your country stays here, I... I will tell them to make a way." The driver stammered over the words, and it seemed that he was about to get angry.

Gu Jinyan frowned and said to the driver, "Let the security guards evacuate the crowd."

The driver said okay and got out of the car in a hurry.

It took about ten minutes to drive away the people gathering around at the entrance of the hotel. Gu Jinyan asked people to carry Sean out of the car. He personally wheeled him into the hotel.

Unexpectedly, they ran into an acquaintance.

Shi Muzhou was in a thin punk-style long coat, white sneakers, with wide sunglasses on his face, and a beret on his head.

He saw Sean, paused, turned a corner, and got in front of Sean, blocking his way.

“Sean, what are you doing here? Where is Amber?”

Amber?

Sean mulled over this word.

Shi Muzhou actually called Amber in such an intimate tone.

His expression turned gloomy in an instant, and he looked straight at Shi Muzhou.

“You and Amber are divorced, right? Where is she?” He looked up and down at Sean and said, “It’s said that you had a car accident. I guess it might not be very serious because you show up here!”

Shi Muzhou spoke with irony. Sean’s face turned livid with anger.

He looked at Shi Muzhou and said, “Shi Muzhou, this is your attitude when talking to your boss?”

Shi Muzhou was not afraid at all, and sarcastically said, “What’s wrong with my attitude? I think my attitude is much better than yours!”

“You are very happy for getting divorced from Amber, aren’t you? What are you doing here? Women in the domestic showbiz can’t satisfy you, so you are here for foreign women?”

Hearing Shi Muzhou mention Amber again and again, Sean felt suffocated. He talked back ironically without hesitation, “Yes! I’m very happy. What about you? A famous star keeps thinking about the woman I abandoned?”

“You are quite broad-minded!”

Shi Muzhou’s face suddenly turned livid with anger, and he directly raised his fist at Sean. Luckily, his agent quickly stopped him.

Gu Jinyan frowned and looked overcast, “Mr. Shi, Sean had a car accident and a severe concussion. The news about him spreads quickly on the Internet. If you really hurt him with that fist, we will sue you for attempted murder!”

Chapter 455: What a Swagger in Your Tone

0 5 minutes read

-

Shi Muzhou, “What a swagger in your tone!”

He pushed his agent away, arranged his jacket, and stared at Sean with fixed eyes, “Where is Amber?”

Shi Muzhou asked this for the third time.

Sean raised his eyes and said, “Well, how am I supposed to know? We are divorced. Why would I care a woman who always annoys me?”

“Mr. Shi, will you find out which dump the shoes you threw in the trash can were transported to?”

Shi Muzhou paused. Obviously he was very angry. He glanced at Sean who was saying the most vicious words without brilliance in his eyes.

Shi Muzhou never married someone he hated, but he did so in TV dramas. He knew that people who got rid of a woman he had hated for a long time shouldn't have bloodshot eyes and ashen face.

He actually felt that Sean was pathetic.

"Forget about it, I'll contact Amber myself. By the way, the matter of your divorce made quite a sensation on the Internet. I have heard about it abroad. Amber built up an affectionate image for you in front of the public, but it has been ruined now. Your company was impacted heavily, wasn't it? Should I create a scandal about myself to take away the attention on you?"

The last trace of redness on Sean's face disappeared.

Amber's friends were really good. They got divorced, so they all got together, mocking him, and ridiculing him!

She had a poor eye for making friends!

Sean said in a low voice, "Get out of my face!"

He grabbed the armrests of the wheelchair tightly and barely suppressed the anger in his heart.

Obviously, Shi Muzhou was not in the mood to bicker with him. He sneered and left the hotel directly.

Gu Jinyan wheeled Sean inside.

"Sean, aren't you afraid that Shi Muzhou will tell Amber about what you said?"

Sean sneered.

Why should he be afraid?

Even if he didn't say those words, Amber wouldn't come back to him!

She hated him so much that she would be annoyed when she saw him.

If he didn't say those words, what should he say? Something to praise Amber?

Sean took a deep breath, "Are we going to check in or not!"

Gu Jinyan laughed.

Anyway, Gu Jinyan sympathized with Sean very much. Neither of his marriage and divorce was his own choice.

Gu Jinyan sent Sean to the suite and settled in. When he was about to leave, Sean suddenly spoke.

"Gu Jinyan, send someone to follow Shi Muzhou."

Gu Jinyan was stunned for a moment, and then he reacted. He looked at Sean amusedly, "Sean, you spared no effort to mock him a moment ago, and now you are trying to find Amber through him?"

Sean's expression remained unchanged.

He had already tried to call Amber, but his phone number was blacklisted by her.

Later in the hospital, he tried with Xu Lin's phone. Either she was not in the service area or her phone was turned off.

She didn't turn on the phone, so he couldn't locate her position.

But Shi Muzhou and her were friends.

"I'm just trying to save you some effort. If you don't want to do that, you can search Los Angeles inch by inch."

Gu Jinyan, "..."

Keep hiding your true thoughts!

No one would expose you anyway.

...

Amber didn't know that Sean had reached Los Angeles.

She had already spent the day familiarizing herself with the work at the subsidiary of the White Group.

Amber did not intend to take over the White Group. She didn't want to work in the White Group at all.

But Marcus had done her a huge favor. Moreover, the White Group was in crisis and may collapse at any time.

Workplaces were complicated no matter in which country.

People in the company were not satisfied that Amber became their superior suddenly, so they didn't cooperate at all. Amber was having a hard time taking charge of the company.

Leaders were lax, and employees were not motivated enough. All their strength was spent on not decentralizing power.

When she got home, it was already dark. As soon as she walked in, the maid came up with an anxious face.

"Madam, Cindy didn't eat in the evening."

Amber stood at the door and paused, and the maid continued, "She didn't eat much at noon and didn't speak much..."

"I see, you go to rest. I'll check on Cindy."

The maid nodded.

Cindy's room was upstairs. The house was Marcus's. Cindy had so many accidents before, so Amber was actually kind of lacking money.

Since she had entered the White Group, she didn't refuse Marcus's favor anymore.

The house was big and bright. Amber opened the door and saw Cindy leaning under the lamp and drawing with a paintbrush.

in fact, Cindy was not talented in drawing.

The only thing she was good at was making some simple food.

Her painting was very simple, but Amber could understand it.

There was a row of flowers and a cobblestone path on it. Cindy's painting was very abstract. If Amber didn't know her well, she couldn't tell it was a small path.

It was probably Xingyue Bay.

Amber took a step forward.

Cindy was immersed in her own world and didn't notice her at all.

After getting closer, Amber saw Cindy crying.

Amber's heart contracted. When Cindy was two or nearly three years old, she was abused by a nanny. Amber thought she was abused again, so she hurriedly picked Cindy up from the stool.

"Cindy, why are you crying?"

"Did Selena bully you?"

Selena was the name of that maid. Cindy shook her head and her big eyes were misted, "Mom, I don't like this place. I want to go home. When will we go back?"

Amber froze.

She had sold Xingyue Bay. They couldn't go back.

Amber didn't know how to explain this to Cindy. Cindy wiped tears and whispered, "Mom, the people here are so strange. I can only understand what you and Selena said."

"Mom, am I not a little princess but Cinderella who accidentally walked into the castle?"

"None of them like me."

Amber's heart contracted.

When they first arrived in the United States, Amber was worried that Cindy would have trouble communicating with others, so she hired Selena, a maid who could speak Chinese.

But after a few days, Cindy realized that she was different from those around her.

She grew up in an environment similar to a single-parent family, and she was sensitive.

Amber hugged Cindy and sat down on the bed. She pressed her lips and said in a low voice, "Cindy, do you remember the English cartoon that I showed you?"

Chapter 456: Mom, I... Miss Dad

0 4 minutes read

-

“That kirikou cartoon?”

Amber was amused. Back then, Cindy, who couldn't understand the lines, asked her why the people in the cartoon were talking in gibberish.

“Cindy, mom and you are now in the country where the people in the cartoon lives! You are not Cinderella. It's just that they speak in a different way.”

“Really?”

“Of course, when you go out to play again, you can ask Selena to tell the other kids about our country.”

Amber rubbed Cindy's head and whispered, “We are going to live here for a long time. Don't reject this place, okay?”

Cindy nodded.

“Then can I still go to school?” Cindy's eyes were moist. “What if... I don't understand what the teacher says? Can I take Selena to school?”

Amber carried Cindy out of the room and whispered, “Mommy has work to do in the next few days. When I'm done I will contact a school for you.”

“Don't worry, I will find a teacher who speaks our language.”

“Thank you, mommy!”

Cindy was in a better mood after being comforted by Amber.

She curled in Amber's arms, hesitated, and said, “Mom, I... miss dad.”

Amber's movement froze.

Cindy was afraid of making Amber angry and hurriedly said, “Mom, I know you and dad are divorced. But can I see him after I go back to our country?”

Amber was in a mixed mood. She stretched out her hand and rubbed Cindy and said in a low voice, “Of course, he is your father. I won't stop you from seeing him.”

“But Cindy, we will stay here for a long time. You may not see dad in the short run.”

“You might see him when you grow up.”

Cindy was a little bit frustrated, but she hid her mood and whispered, “Get it.”

“Cindy, you will grow up only if you eat well, see?”

“Mom, I don't like Selena's cooking. I wanted to cook myself, but Selena disagreed...”

Amber paid extra attention to Cindy's meals. In comparison, Chinese food was more healthy. She rarely made Western food such as steaks for Cindy. Cindy's breakfast was mainly porridge.

“Selina’s meatloaf was undercooked. I...”

Cindy was a little aggrieved. Amber smiled and said in a low voice, “Mom will make some food for you. You’ll eat them up okay?”

Cindy nodded.

She went downstairs. Selena said to her.

“Madam, I’ll make some food...”

Amber shook her head and whispered, “Selena, Cindy can cook some simple food herself. She is not used to western food. If she insists on making her own food tomorrow, you stand aside and just keep an eye on her.”

Selena was dumbfounded.

She didn’t expect that a small child would cook by herself.

Amber put Cindy on a small stool and said, “You can make some food for Selena.”

Amber shredded the vegetables and then stood in the kitchen watching Cindy stirred and fried them.

Cindy poured the oil and vegetables, added the condiments, and made a plate of Shredded Pork with Pepper.

The only pungent thing in the kitchen was the spicy smell of hot peppers.

Cindy jumped off the stool before sneezing twice.

It was getting late. Amber didn’t make porridge. She simply made a noodle soup and then ate with Cindy.

After the meal, Amber came out of the shower and saw Cindy sitting on her bed and hugging her small pillow.

When Cindy saw her, her eyes lit up, “Mom, can I sleep with you?”

Marcus’s house was different from Xingyue Bay. It was quite big, and Cindy was actually a little scared.

Amber nodded.

“Wow, mommy is the best!”

The next day, Amber didn’t go to work because Cindy had a fever.

She was a doctor and knew Cindy’s condition. Cindy was probably unaccustomed to the climate of America.

Amber was actually on guard of such a situation. But after they got here, Cindy didn’t have any problems for three consecutive days. When Amber relaxed her guard, Cindy got a fever.

She used anti-fever stickers, but it didn’t work.

Then she and Selena took Cindy to the hospital.

After a whole morning, Cindy finally got a drip, and her fever went down.

Amber was in a cold sweat.

Standing in the corridor of the hospital, she let out a long sigh of relief.

Three years ago, she raised the child alone, got unstable paid, and Cindy was in poor health.

She had gone through that kind of predicament, but because of the divorce, she had to go through it again.

Amber sat wearily on the bench in the corridor and took a deep breath.

She bit her lip and sat for a while. When she was about to leave, she saw Gu Jinyan.

He didn't see her, carrying a pile of things, and hurried into a ward.

Amber was stunned.

Sean and Gu Jinyan were good friends, so she also knew a lot about Gu Jinyan.

The Gu Group was big, and Gu Jinyan probably had a lot of work to deal with. It was not likely for him to show up in the hospital.

Amber moved and couldn't see what medicine Gu Jinyan was holding.

After hesitating, she took out a mask from her pocket.

She was not used to the climate of Los Angeles, so she kept this mask with her for fear of having allergies.

Amber put on the mask, and walked in the direction of the ward where Gu Jinyan walked in.

The door of the ward was half open, and she saw the person lying on the bed at a glance.

His upper body was naked. The wounds on his waist and abdomen were hideous, and the left two ribs were probably broken. Amber was shocked.

Sean's head rested on the soft pillow. His jet-black hair made his pale face even paler.

Sean was hurt so badly in that car accident?

Amber gloated. Sean seldom cared about Cindy. Even if he knew it was Lin Man who hurt Cindy, he turned a blind eye to it.

In this car accident, he was injured much more severely than Cindy. Cindy's wounds had been crusted because she was protected by Feng Chen, and because she was a child, she recovered faster.

Amber lowered her head. After being gloating for a while, the familiar heartache suddenly came up to her.

She glanced into the ward, quickly turned around, and went back to Cindy's ward.

Cindy's fever had gone down. She was asleep, and her drip was finished.

Amber leaned down and picked her up from the bed. Selena was confused, “Madam, shall we take Cindy’s temperature again?”

“We’ll go home first.”

Amber said in a decisive tone.

Selena didn’t know why Amber was doing this. She hesitated for a moment, hurriedly packed things they brought and then left the ward.

After leaving the hospital, Amber glanced back at the hospital. She felt that she was quite heartless.

Sean already knew that Cindy was his child. The only thing she was afraid of was being found and pestered by Sean.

They got home.

Cindy wasn’t awake yet, Amber checked Cindy’s injuries, took her temperature, and was relieved after making sure that she was fine.

Amber didn’t go to the company. The White Group’s problem couldn’t be solved in a day. She pressed her lips, logged in to her private mailbox, and wanted to send Lu Xiangxiang an email telling her that she and Cindy were doing good in the United States.

As soon as she logged in, she received Shi Muzhou’s email.

Before she came to America, Shi Muzhou told her that he would go on a business trip to Los Angeles.

She paused, and clicked into Shi Muzhou’s email.

The email was very brief. Shi Muzhou said that he could not reach her and he had already learned that she and Sean got divorced. He had put aside his work and was about to go back home to have a drink with her.

After Amber read it, the depression and heaviness in her heart suddenly disappeared. She took out her new mobile phone and called Shi Muzhou.

The phone was connected. Shi Muzhou picked it up, and Amber whispered, “I saw your news on the Internet. You are in Los Angeles?”

“Yes.”

They went straight to the point.

“I’m doing a scene here.” Shi Muzhou briefly explained, “By the way, I read your post. Are your divorce certificates real or not?”

“Are there false divorce certificates?”

Shi Muzhou cursed and said, "Wait for me. I have arrived at the airport. There are thousands of good men waiting for you to choose. You did the right thing. You know?"

Amber had long been used to such a joking tone. She smiled and said, "Muzhou, you won't see me when you return home."

"Huh?"

"You're not in the country?"

"I'm in Los Angeles."

Shi Muzhou froze. Amber continued, "You don't have to put aside your work. I'm out of the country. I live here with Cindy. You can come find me. I'm off today."

Shi Muzhou turned the car directly, and found Amber's home according to the address provided by her.

When Shi Muzhou arrived, Cindy was already awake. Amber took Cindy to play in the children's playground in the villa area.

Cindy communicated with a boy who was one year older than her, but they couldn't communicate smoothly.

The little boy was called Jerry, and he was teaching Cindy English by pointing to the slippery slide.

"Amber!"

In foreign countries, Shi Muzhou didn't have as many fans as he did in Huaxia.

He dressed casually and greeted Amber in a high spirit.

"Oh, here you are."

Shi Muzhou came, and Amber took him home.

"What about having dinner with us?"

"Good, let's have some Chinese food. I can't get used to the food here."

Amber thought for a while, and asked in a low voice, "What about hot pot?"

"Great!"

Neither of them mentioned Amber's divorce. It had been a long time since Cindy saw Shi Muzhou. She missed him and asked for a hug from him.

Cindy's leg was injured in the previous car accident. Amber didn't allow her to walk. Shi Muzhou Cindy with one hand and said, "Let me see, how is your leg?"

Cindy showed her leg. It was scabbed, looking very hideous.

"Cindy!" Amber was amused, "Be a lady. If you lift your dress higher, your little butt will be seen!"

Cindy was dumbfounded. She pressed her dress and it took her a while to react, "Mom, you're lying. I'm wearing a little panty under my dress. How can my little butt be seen!"

Amber, "..."

She took a deep breath and Shi Muzhou laughed.

The three entered the house. Amber asked Selena to prepare the hot pot ingredients.

Shi Muzhou was applying medicine on Cindy's leg. He was very careful.

Amber's heart was peaceful for a moment. Although Cindy's father was rarely by her side since she was a child, Cindy did not lack the love of father.

Both Lu Yi and Shi Muzhou loved her very much.

Amber felt that she should be satisfied.

...

In the hospital.

When Sean woke up, it was already dark.

Gu Jinyan was sitting next to the bed and playing on his phone. Sean touched his head and his throat was dry.

"What time is it."

"8 o'clock in the evening. What do you want for dinner?"

"Has Shi Muzhou contacted Amber?"

Gu Jinyan laughed, "Your wound was infected. Would Xu Lin and I have time to care about Shi Muzhou?"

"When you get better, we'll talk about looking for Amber!" Gu Jinyan whispered, "I'm going back home in two days..."

"Okay, if you have time, help my dad managing the Smith Group."

Gu Jinyan frowned.

While they were talking, Xu Lin walked in. Sean looked weak and pale.

"Mr. Smith, Mr. Gu..."

Xu Lin wished to speak but stopped on a second thought. Sean stared at him with indifferent eyes. Gu Jinyan asked with a gentle voice, "What's the matter?"

"Well, Mr. Smith asked me to hire someone to follow Shi Muzhou..."

Sean's eyes lit up slightly.

Could it be that Xu Lin had found Amber through Shi Muzhou?

Sean's expression stiffened a bit. He cleared his throat and pretended not to care about what Xu Lin was going to say.

Xu Lin glanced carefully at Sean.

Sean paused, frowned and said, "Go ahead. You've found Cindy?"

Xu Lin breathed a sigh of relief. Maybe he was wrong. Mr. Smith didn't care too much about Director White. He wanted to find Amber so eagerly, mainly because of Cindy?

"Yes, we've found out Cindy's whereabouts."

Sean's eyebrows smoothed. Xu Lin continued, "The private detective who followed Shi Muzhou called me and said Shi Muzhou took a phone call when he was going back to Tong City. He directly went to the place where Director White now lives."

Sean lowered his head and the expression on his face disappeared. Xu Lin didn't notice that, and said, "He took a picture of Director White and Cindy and asked us to see if they were the people we were looking for."

-

Xu Lin handed the phone over, "I've seen it. It's Director White and Cindy."

Sean took the phone, lowered his eyes, and looked at the picture.

Although the photo was not very clear, Sean recognized Amber at a glance.

She and Shi Muzhou were standing together, looking at each other and laughing happily!

Sean's face was clouded in an instant. Shi Muzhou was even holding his daughter in his arms!

Was Amber so happy?

Or did she not mind whoever was standing next to her as long as it was not him?

Sean took a deep breath.

"Where is she!"

Xu Lin did not find any emotional fluctuations in his words. He said an address and continued.

"The detective said that Director White and Cindy were living well. He asked their neighbors and they said that Director White hired a maid to take care of Cindy, and that they got along well! Moreover, Director White was in a good mood tonight. She made hot pot personally!"

Xu Lin almost had a watering mouth!

Hot pot!

Foreign food was either milk or bread. The steak he ate at noon was not tasty at all.

Hot pot. Spicy and juicy hot pot!

Alas...

Sean moved, staring at Xu Lin with burning eyes. His tone was casual, "Where is Shi Muzhou?"

Xu Lin was at a loss and said, "Shi Muzhou ate with Director White."

Sean's face darkened.

He struggled to get up, but he failed and broke into a cold sweat.

Gu Jinyan pressed Sean's shoulder with one hand and stopped him with the other.

"Calm down. What are you doing?"

Sean's face darkened, "I'm going to find... Cindy!"

After speaking, Sean fixedly looked at Gu Jinyan, "Gu Jinyan, don't get in my way. If I don't go, Cindy would forget who her father is!"

Gu Jinyan, "..."

"What can you do when you see her? Sean, stop it!"

"You can't even throw Amber down if you go over there at this moment. Even if you want to take Cindy away, Amber won't let you do that!"

Sean looked sullen and gloomy, "It's none of your business!"

Shi Muzhou was not bad!

Amber was quite quick at throwing herself into the next relationship. Shi Muzhou was one of the most famous stars in Huaxia.

Maybe Amber would soon become famous after being with Shi Muzhou!

Sean lay back on the bed with his eyes closed. He was lying on the bed quietly, not struggling. Even Gu Jinyan couldn't help but press his lips.

"You'll see them after you recover a bit."

"You haven't figured out what to do next. Don't be impulsive."

Sean closed his eyes and kept silent.

In fact, Gu Jinyan understood Sean's feelings. He only had such a daughter. If Amber married another man, Cindy would call that man father!

"Sean, you are the one in the wrong. You can't be willful at this time."

Sean still kept silent.

Gu Jinyan didn't know if his persuasion would work or not. He could only wink at Xu Lin and let him go out.

Xu Lin was almost crying. He was actually curious about what Mr. Smith was thinking.

Not long after Gu Jinyan and Xu Lin went out, the nurse came over and gave Sean a drip.

Sean fixed his gaze out of the window. He didn't remember any more of what happened eleven years ago.

But in fact, he knew that he liked Amber at that time.

After all, with his status, if he didn't like Amber, he would break up with her without hesitation.

Xu Lin told him Amber personally made Shi Muzhou hot pot. His heart ached, and the pain spread all over him.

He had never had a hot pot made by Amber!

Had she ever made other food for Shi Muzhou?

Cindy called Lu Yi daddy Lu. Would she directly call Shi Muzhou dad?

No wonder Amber left the Smith family without hesitation. There were so many men who were eager to be Cindy's father. They were rich and could also give Cindy a good life.

Amber probably had long planned to leave him.

She wanted to sever all her relations with him and not to be disturbed by him, because she was worried that his appearance might make her next husband or boyfriend misunderstand.

Sean closed his eyes.

Since they had broken up eleven years ago, why did Amber get entangled with him three years ago?

That was why he was pestering her. Because Amber did the same thing to him before!

...

Amber had a hard time fitting in with the new company.

In the White Group, there were not many local employees. Most of them were transferred from Huaxia.

The operating models of large companies and the companies that started to decline were very different.

For example, the Smith Group adopted an incentive system. The higher the achievement you made, the higher the bonus you got. In this way, the employees would have higher enthusiasm.

The White Group was different.

Amber knew the person who managed the White Group's finance. It was Yolanda's cousin. Most employees didn't have bonus every month and executives lined their own pockets.

The way the finance department settled wages was also very childish and ridiculous. Those who had a good relationship with the finance department employees would get relatively higher wages.

Amber came here as a director, but what she did was the job of the general manager!

However, the people in the company followed the financial department's lead and didn't listen to Amber at all.

Amber went straight to the office. She was not angry. She sat behind her desk and thought for a while with her eyes closed. About half an hour later, Amber made a brief summary of the decline of the White Group in the shortest time.

And she proposed a solution.

After Amber sent it to Marcus, she turned off the computer and went back home.

She would rather spend time contacting a kindergarten for Cindy and teaching her English than waste her time in such a depressive and negative environment.

Chapter 459: I Would Like to Go to School With Him

When she got home, Cindy was sitting on a stool playing with the jigsaw puzzle Selena bought for her. She lowered her head, holding two pieces of the jigsaw puzzle with a slight worry on her face.

“Cindy!”

Cindy turned back when she heard Amber’s voice. Her eyes light up, “Mom, when did you get back?”

“A moment ago.” Amber walked to the stool and picked Cindy up. She whispered, “Cindy, we are going to play at Jerry’s house. I’ll ask Jerry about his kindergarten conditions. If possible, you will go to school with him, okay?”

Cindy nodded with bright eyes, “Mom, I want to go to school. And Jerry is good-looking. I like to go to school with him.”

Amber felt very relieved.

She changed Cindy’s clothes, and then brought some small gifts to Mrs. Joseph’s house.

Jerry was at home, and he was very happy to see Cindy.

Mrs. Joseph was also from Huaxia. Amber brought some domestic snacks to her. She was very glad to have them as guests.

Amber chatted with her for a while before she started to ask about Jerry’s kindergarten. Hearing that Amber intent to let Cindy attend the same kindergarten as Jerry, she was more delighted.

Jerry played for a while. He ran up to Mrs. Joseph and asked, “Mom, when will uncle come?”

It was a little unexpected. Amber asked, “Ms. Joseph, you have guests later?”

Mrs. Joseph smiled and said in a low voice, “Yes, my cousin is coming over. He is also from Huaxia, and he is very nice. You don’t have to avoid him. Just take him as a friend.”

Mrs. Joseph looked very sincere.

She really thought that Amber didn’t need to treat her cousin as an outsider.

Amber didn't think it was very polite, so she picked up Cindy and said goodbye to Mrs. Joseph.

Mrs. Joseph couldn't keep Amber, so she insisted on walking her out. Before they reached the gate, a car stopped outside the villa.

Mrs. Joseph's eyes lit up, "My cousin is here..."

Amber looked at the entrance of the villa. Gu Jinyan pushed the car door open and got out of the car.

Amber's eyelid twitched. Gu Jinyan walked to the rear door of the car and pulled it open. Sean's face suddenly jumped into Amber's eyesight.

She always felt that the world was big, but suddenly she discovered that she was wrong. The world was so small, and the people you desperately hid from would always meet you in a certain place.

Gu Jinyan's car was a commercial vehicle with a large rear compartment. Sean was sitting in a wheelchair. Gu Jinyan set up a long footrest and wheeled Sean out of the car.

Amber stood there in shock. Cindy called dad and pulled Amber out of the trance.

"Dad! Uncle Gu! Mom, look, it's dad and uncle Gu!"

Cindy smiled with the joy of reunion.

Before Amber could speak, Mrs. Joseph frowned, "Miss White, you know Jinyan?"

Gu Jinyan approached them with Sean and looked at Amber after hearing these words.

Sean stared at Amber with pitch-black eyes.

He never knew how Amber introduced the relationship between them in front of outsiders.

Since they had gotten divorced, Amber would probably deny knowing him!

Maybe she would tell her daughter not to mistake him for her father.

Sean's chest was like being blocked. He couldn't breathe.

Amber felt very uncomfortable under Sean's gaze. She pressed the corner of her mouth and whispered, "Yes, the person who came with Mr. Gu is my daughter's biological father, my... ex-husband!"

Sean's eyes deepened suddenly.

Ex-husband?

Before they got divorced, did Amber also introduce him like this?

Would she tell people she knew that he was her husband?

The corners of Sean's lips were curved. He was the most excellent man in Tong City. If Amber told others he was her husband, it would do credit to her.

"Mrs. Joseph, I have something to do. We're leaving. Thanks for your hospitality."

After Amber finished speaking, she was about to take Cindy to leave. Gu Jinyan blocked the gate. He squinted at Amber and smiled, "Amber, what's the hurry?"

"It's been a long time since we saw each other. Why don't we have a meal together?"

She and Sean were not suitable for being together and even less suitable for eating together after they were divorced!

Amber was different from Lin Man. She wouldn't do misleading things.

Amber lowered her eyes. Sean didn't like her. Even if she didn't refuse, Sean would not agree.

"Cindy."

Sean said, and his eyes were as dark as ink.

A bad presentiment rose in Amber's heart. Sean looked at Cindy and asked in a low voice, "Do you miss me?"

Cindy didn't hesitate and nodded quickly, "Dad, are you here to pick me and mom home?"

Hearing this, Amber frowned and turned pale drastically.

Sean looked at Amber with a mocking expression.

Was this something Amber taught Cindy?

Or Amber didn't tell Cindy that they were divorced before they came abroad?

The corner of his mouth was raised. Cindy's words were like an out for him and Amber. As long as Amber was willing to go back...

"Cindy, your dad and I are divorced. If you want to go back with your dad, you'll go back with him yourself. Mom's job is here. I won't go back to Tong City."

There was a layer of noticeable frost on Amber's face. Cindy pressed her lips, took a look at Amber and then at Sean.

After Amber finished speaking, the softness on Sean's face disappeared.

Cindy's delight at seeing Sean also disappeared.

"Mom..."

She looked at Amber with foggy eyes.

"Miss. White, you overthink, don't you?"

Sean spoke suddenly. Amber turned her head and looked at him.

He had lost a lot of weight, probably because of the car accident. His face became more chiseled.

"We are divorced, but it doesn't mean that Cindy is not my child anymore, does it? Can't we even eat together?"

But we had agreed not to bother each other after the divorce.

Amber resisted the urge to say this.

In fact, Amber was a little autocratic on the divorce thing. She got the divorced certificates without telling Sean.

Besides, it was Tomas who agreed not to let the people of the Smith family disturb her after the divorce.

If Sean insisted on disagreeing...

She couldn't do anything about it.

Chapter 460: No Time Like the Present

0 4 minutes read

-

Gu Jinyan smiled and mediated, "Amber, Sean misses Cindy very much. It's just having a dinner together!"

"Is your home nearby? Don't worry. Sean will not upset you. You and my sister can get more familiar after dinner!"

Gu Jinyan winked at Mrs. Joseph while speaking. Mrs. Joseph said with a smile, "Miss White, I've prepared food for you. My husband knew that Jinyan was coming, so he bought fresh salmon."

"I was thinking about inviting you to our house someday, but no time like the present."

"Mom, Jerry and I have something to say. Can we leave later?"

Amber's eyebrow trembled. She said in a low voice, "Mrs. Joseph, I have an appointment with a friend at noon. Mr. Smith is Cindy's biological father. I won't interfere with whether he is going to take Cindy home or eat with her. I will come back in the evening."

"Miss White!"

After that, Amber strode away without looking back.

Sean hurt Amber too deep. As long as she saw Sean, she would easily think of Lin Man.

She just couldn't stay in the same room with Sean!

Sean couldn't react until Amber ran away. He pressed his lips tightly with a cold light in his eyes.

In fact, Sean and Gu Jinyan didn't expect that they would meet Amber.

Because Sean's wound was infected, Gu Jinyan didn't leave but stayed to take care of him in the hospital.

This morning, Gu Jinyan was going to go back to Huaxia. Before leaving, he came to see his cousin who married a foreign country.

He brought Sean with him.

Sean actually didn't want to come...

He squinted slightly, staring at the door.

Gu Jinyan wheeled Gu Jinyan into the living room, then carried Cindy out of the pram. Sean paused, "Be careful with her leg."

Gu Jinyan didn't notice Cindy's wound until Sean reminded him.

He lowered his head and saw Cindy's big wound.

Fortunately, she was young and the wound was healing well. It was already scabby.

Sean's only concern was that Cindy's wound would open.

Cindy was very good. Gu Jinyan was holding her, and she looked at Sean silently.

"Dad."

Sean stretched out his hands in Gu Jinyan's direction, and Gu Jinyan gave Cindy to him.

Holding Cindy in his arms, Sean realized that Cindy had lost a lot of weight.

It suddenly passed through his mind that Amber and Shi Muzhou had hot pot together the other day.

Cindy was young and preferred mild food. Sean clearly remembered that Amber did not even put too much salt in Cindy's food.

Cindy probably wouldn't eat hot pot.

His daughter had lost so much weight. Amber indeed couldn't give Cindy a good life.

Sean's heart ached.

"Cindy, why have you lost so much weight? Is your mom not too attentive to your food?"

Cindy curled in Sean's arms, shook her head, and whispered, "Dad, mom needs to make money. She has to go to work during the day. The food Selena made was strange."

With that, Cindy pinched her soft face and asked, "Do I look thinner?"

Sean's eyes deepened.

She had to go to work?

He thought Amber was lying when she said she had to work. It was actually true?

Sean took a deep breath. Amber used to work for the Smith Group. Such a work experience could do her credit. Amber probably had chosen a job with good pay.

"Moreover, after mom comes home, no matter how tired she is, she will make me something. She has been teaching Selena to make pumpkin pie, and I can make it myself."

Cindy's words were incoherent, but Sean understood them. She was trying to say that Amber loved her very much and didn't abuse her.

“...”

“Dad, I had a fever two days ago. I went to the hospital and didn’t want to eat.”

She was trying to tell him that she lost weight when she was sick, not because Amber didn’t give her food.

Sean knew that Cindy never wanted him to divorce Amber.

If it wasn’t for what happened in Ritz-Carlton, maybe...

Sean rubbed Cindy’s head, and they ignored Gu Jinyan. Sean’s child was three years old, and he was still single.

However, he felt pitiful for Sean who was trying to get his wife back in such a condition.

The corners of his mouth twitched, and he said with a smile, “Sean, make yourself at home. I will go to the kitchen to help my cousin.”

Sean nodded.

Mrs. Joseph took Jerry away to do his homework. Only Cindy and Sean were left in the living room. They both had injuries, just like a crippled father-daughter duo.

Sitting on the sofa, Sean took out his mobile phone and played a domestic animation for Cindy.

The two watched and talked.

“Cindy, today is not a weekend. Why did your mother have time to bring you to Mrs. Joseph’s house?”

Cindy answered, “Mom wants me to go to kindergarten, but she is worried that I won’t understand what teachers say. So she came and asked if Jerry’s kindergarten teacher can speak our language.”

Jerry couldn’t even communicate with Cindy, so it was obvious that Jerry’s teacher could not speak their language.

Sean kept this matter in his mind.

Amber must have a hard time living here.

Sean felt that he shouldn’t worry about Amber. He should watch Amber suffer and wait for her to beg him!

Even if Amber begged him, he wouldn’t help her!

Because even if he did, she wouldn’t appreciate it!

Suddenly, his phone rang.

He stopped the cartoon and answered the phone.

It was Xu Lin who needed to report on some work. Sean was in a foreign country, so there were many things that couldn’t be taken care of. He had to answer a lot of calls every day, and he had long been used to it.
