Chapter 71: Mom, Have You Also Fought With Others

0 5 minutes read

However, Amber was trapped in Ye Se for so long, the mobile and the wallet were not here, Sean quickly thought of this point.

A cigarette burned to the end, and Sean felt his finger was hot, and the bottom of the eye was dark and cold. He lifted his hand and put the smoke out in the ashtray, and then lit another one.

This TINA was very weird, she was really scaring in the entertainment circle, and many people were forced to the dead end by her.

Sean wasn't afraid of her. After all, for many years, the Smith group's status in Tong city was according to its ability, not like the famous stars of entertainment circles, relying on various anecdotes and hype.

Moreover, on Thursday, he didn't attend the celebration banquet with Tang Tian. He was back earlier. He was at work half a day before yesterday. Later he went to the police station to pick up Cindy White... In short, it was a mess.

Today, he had not been out yet.

Sean changed a posture.

After Lin Man left, in order to make Amber White disgusting, he became a playboy, and every day he was together with new stars and young models. He played for three years on these topics, and the media reporters were familiar with him for a long time.

Even occasionally he met with the reporters, there will be someone to talk to him to discuss whether he can put a good-looking posture and show a smile.

However, it was a rotten drama, at most, those who were boring statistics on how many stars and models he had dated with, they would tirelessly kept this heat, but in front of most people in Tong city, it should be no big problems, right?

No matter how did he think, he can't understand what kind of old story can be exposed by TINA.

Sitting in front of the computer, Sean took a deep sip of smoke, and the white mist slowly spit out from the mouth. The nose smudged a layer of rich tobacco smell and instantly paralyzed the man's nerves.

He sneered, and the coldness between the eyebrows turned into a sly, which was hidden slowly in his brow, it's silent.

This queen of mudslinging, was she going to be crazy because she wanted to be famous?

She still wanted to expose him again, this time Manman was not there, he was very curious that how can TINA stir up his life.

After all, this was the first time TINA had nominated a person twice on Weibo. Will this person think that through a few news that she can make the Smith group collapse overnight?

The light in the room was dim, the curtains were closed, and a few sneers fell on the man's face.

She was just deliberately mystifying!

.....

After Amber took Cindy out of the Hai Wan Xiang Xie, the emotions in her heart had not been able to be suppressed.

The sun outside was very big, even if it was still in the morning, it was too hot!

Amber had not eaten for a long time, and her heart was sullen, and she was dizzy when she went out.

Amber compressed the lips and took Cindy along a wide road toward the shaded place.

Hai Wan Xiang Xie was a single-family villa in the suburbs. After Amber came out, she remembered that it was so remote, there must be no taxi!

Moreover, her mobile and wallet were not here...

Amber took a deep breath and looked at Cindy's red face which because of the hot weather. She felt a little regret in her heart, but when she thought of the attitude of Sean Smith, the woman compressed her lips again.

.

Regardless of whether he was deeply convinced that Cindy was his daughter or not, he should not hit her.

Amber took a deep breath, her clothes were a little dirty, so she directly gave up, sat for a while in the slightly cooler side of the road, to ease her dizziness.

Amber's lucky. After about ten minutes, she stopped a taxi passing by.

As soon as the car stopped, the taxi driver looked at her suspiciously. After all, Amber looked too bad. Hesitantly, the taxi driver still asked: "Do you have money? I don't want to carry you for free."

The expression on Amber's face was awkward. She suddenly remembered that she came out of the hospital last night. Sean Smith humiliated her and smashed the money into her face. The woman reached for her hand and touched the suit jacket, she took out several money, then she whispered: "There is the money."

When the driver saw the money in her hand, the expression on his face eased.

He reached out and smiled, then he opened the central control lock on the car. Amber took Cindy to the car and reported the address of Xingyuewan. The taxi driver said, "Mrs., are you and your daughter in trouble? Do you need to help you to call the police?"

Amber stopped.

Call the police to catch Sean Smith?

The Smith family was powerful in Tong city. Even if the police came, he must have just entered the station and drank a cup of tea and was sent out respectfully.

The woman smiled with a low voice and said, "Nothing happened, Mr. Driver, my mobile phone was lost last night. Can you let me have a call via your mobile phone?"

The taxi driver replied, unlocked the lock and handed it to Amber, saying, "Here you are."

Amber blinked and thanked him, then she took the phone and gave Xiao Shen a call.

When the phone was connected, Amber asked: "Xiao Shen, in the night of the celebration party, do you know who took my bag and mobile phone away?"

Amber did not feel bad about money and mobile phone, but there were a lot of documents in the bag, it was really troublesome to complete the formalities.

She did not have much hope, just wanted to ask that did Xiao Shen help her take it away!

"Director White? Where did you go on Friday? Director Lu is looking for you all day long." Xiao Shen paused and said: "Director White, your mobile phone and bag were sent to the company last night, I brought them to my home..."

Amber frowned and said: "After I hanging up later, you call the Director Lu and say that I am fine. Then call the express to send my package to my home. It's useful."

As Amber disappeared for a whole day, Xiao Shen had asked many details of her for care. She said a few words, then hung up the phone and returned the phone to the taxi driver.

After arriving at Xingyuewan, Amber paid the money and took Cindy from the car.

From leaving the Hai Wan Xiang Xie, Cindy's mood was very low, even if she did not tell her, Amber can also knew that it's because of Sean Smith.

Amber's eyes flashed a little in confusion. Cindy liked Sean Smith so much. Can it really be attributed to blood relations?

Because the key was in the bag, Amber and Cindy waited for a while at the door station. After getting the courier sent by Xiao Shen, they took out the key from the bag and opened the door into the house.

Amber knew some knowledge about medicine skill. When she entered the door, she took a medical kit and dressing wounds for Cindy.

There were sly fingers prints on her face. Cindy stretched out her chubby little hand and whispered, "Mom, have you also fought with others?"

When Amber heard this sentence, she touched her harder subconsciously.

Chapter 72: Daddy Said That Lin Man Is His Girlfriend

Cindy screamed because of the pain, Amber was scared to take back her hand and whispered: "Sorry baby, Mommy hurts you."

Cindy shook her head and said: "Mommy, Cindy is not painful."

She had always been very sensible, which made Amber very distressed, especially when the little baby was injured, but after all Amber heard Cindy's words, she lowed down the sound as much as possible, asked Cindy:

"Cindy, what is the fight you said before?"

Cindy's small face paused, the red and bright mouth licked, the white teeth bit the lower lip tightly, and a pair of black eyes flashed a guilty conscience.

Amber's tone was a little anxious: "Are you fighting with people at school?"

Her voice was raised a little high, Cindy thought that Amber was angry, and her eyes were covered with a smog.

Because of the tension, she stood in the same place, her little hand tightly pinched her clothes and whispered: "Mommy, I didn't want to fight with Xiaopang, but he always told other children in the class that I was a bastard, saying that I don't have a father."

Cindy said and was with some grievance, and the voice began to choke: "And Xiaopang still pulled my hair and pushed me to the ground, that's why I would fight with him."

Cindy's tears fell down. She didn't know that every word of her words was like the needle which pinching on the heart of Amber. There's no blood, but she's too hurt to breathe.

She did not expect that Cindy would suffer in school.

Cindy's voice was soft and sweet: "Mommy, don't blame me, okay? I've been blamed by Xiaopang's mother and teacher in the police station. They kept insulting me, I'm already very sad..."

As she said, she spread her small hands, and the tears in her eyes grew more and more. The palms broke a layer of skin, and the red skin looked painful.

"Mommy, I didn't lie. This is the injury that Xiaopang who pushed me to the ground and suffered. I told the teacher that it was Xiaopang who beat me first, but they all yelled at me..." Cindy's voice was intermittent: " They also said that I have no support from my father. If it is not daddy, they must let the police lock me into the dark room."

Amber stunned, listening to the meaning of Cindy's words, it seemed that Sean Smith didn't beat Cindy ?

"Cindy, the injuries on your body are all made by Xiaopang? Wasn't caused by Daddy?"

Cindy's eyes widened and shook her head. The voice was particularly loud: "Not Daddy, Daddy didn't beat me, Daddy is good, he's not only gave me support, but also sent me home, but I didn't have the key, Daddy took me to the big house, I was given medicine and he also praised me that the meal I cooked is delicious..."

“Although Daddy is a bit fierce, Cindy still likes Daddy.”

Amber’s heart was nervous, and suddenly she remembered to quarrel with Sean before she left.

According to Cindy’s words, Sean not only did not beat Cindy, but also took care of her all day long.

Amber’s heart twisted, since this was the case, when she asked Sean that why would he beat Cindy, why he not only did not refute, but also default?

She reached out and hugged Cindy, then she whispered, “What did I see? He is not going to hit you?”

When she heard the words of Amber, Cindy shrank her neck and said it.

“I tore up the photos of Dad and Lin Man. He... was very angry.”

The action of Amber was stiff because of Cindy’s words.

No wonder she saw the hand of Sean’s high rise when she went downstairs. He didn’t really do it. He should also want to scare Cindy.

He loved Lin Man so dearly, Cindy tore the photo, and what was the difference to pinch his hurt point?

How did she forget that Sean did not care how she looked at him, and he would not have any other thoughts about her?

Amber sighed with relief, and she suddenly had some self-blame in her heart. After all, if it was not Sean, Cindy would definitely suffer more insulting. Moreover, he had saved her twice!

She didn’t thank him once, she stayed in his home for so long and had been arguing with him for so long, saying that there were so many unpleasant words.

As Sean Smith’s temper, he might be mad!

Amber blinked her own eyelashes. Her eyes were very big. When she was in a daze, she seemed to give people a very empty feeling. It fell into the eyes of Cindy became that she was very sad.

Cindy reached out and licked the collar of Amber, carefully said: “Mommy, Daddy said that Lin Man is his girlfriend. Is there really a mistress between you, not Tang Tian, it’s Lin Man, right?”

Amber’s chest was stagnation, looking at Cindy, she was whispering, “He said this to you?”

Cindy nodded, her eyes became gloomy, and looked a little sad.

Amber did not know how to explain the relationship between Sean and Lin Man to Cindy. After all, Lin Man always came back one day, even now she said to Cindy that there was nothing to do between Sean and Lin Man. Lies will also be punctured.

She reached out and pulled out some of her messy hair, and did not answer the question of Cindy.

Amber reached out and pulled Cindy to her side. The face was serious and she slightly transferred to the topic: “Cindy, anyway, in the school, don’t fight with other children, understand?”

“No matter what you have suffered at school, there should be no impulses, you can tell the teacher first, or go home and tell me! Fighting can’t solve the problem! Do you know?”

Cindy nodded with tears: "Mommy, I know I was wrong."

She had an injury on her head, which looked shocking and made her expression look pitiful.

Amber looked at Cindy a few times and made sure that she saw the seriousness in the eyes of the little guy. Then she said, "If you know you are wrong, you must correct it!"

Cindy nodded heavily and promised: "Mommy, I will never fight with other children."

When Amber heard what she said, she touched the head of Cindy and said, "Mommy will cook something delicious for you. You play here and when I finished, we can have dinner together."

After Amber finished speaking, she took two steps in the direction of the kitchen.

When she hesitated whether she would apologize to Sean, Cindy moved her feet and followed her. A small face was twisted together and she seemed like that she wanted to say something.

Amber turned her head and whispered, "What's wrong? Is there anything else?"

Cindy licked the lip and her voice sounded like a mosquito. "Mommy, I heard the teacher said that Xiaopang's leg seems to be broken. The teacher is very angry. She had been unable to contact you yesterday. The teacher said that if you still did not appear on Monday, I don't have to go to school."

Chapter 73: Mom, I want to go to the kindergarten

0 4 minutes read

Amber White took a deep breath, and she was dizzy. She did not think that Cindy White would hurt that fatty boy so badly.

She licked her lips and bowed her head to the girl's big eyes.

"Mom, I want to go to school."

Her words were precise, which made Amber White speechless.

She hesitated a moment and said, "Just play for a while, I will call your teacher!"

Cindy White's eyes turned bright and she ran to his room with a cheer.

Her dad was right, her mom won't let her have no place to study!

When Cindy White left, Amber White kneaded her eyebrows, she was about to make some food just now, but the news brought by Cindy White made her have no appetite.

She sat in the living room for a while, when she felt that she had some strength, then she took out her phone from the bag.

It had been a long time, her phone had already cut off.

She connected the charger, opened the machine, there were many calls which she had no opportunity to pick up, and also many messages, which made her phone couldn't work for a while.

When she could finally use it, she took a look at those calls, more than 90 calls. Most of them were called by Lu Yi and Lu Xiangxiang.

And she saw some texts from her colleagues among these messages, they asked her where was she.

Amber White licked her lip and sent a text message to Lu Yi and Lu Xiangxiang, then she called Cindy White's teacher.

It spent a long time when the call was finally connected.

She licked her lips and whispered: "Mr. Li, hello, I am Cindy's mother."

When the person heard this, her tone changed: "Oh, Cindy's mother is it?"

Amber White returned awkwardly: "I am sorry, teacher, I had already known the whole thing, and I'm sorry. I am really sorry!"

"Don't, I can't afford your apology. Your daughter is so wicked at a young age. Yesterday, she still want to hit me at the police station! How can I continue to teach such students?" She still said with anger: "And you, how could be so irresponsible. I called you for several times, don't you want your daughter?"

Cindy White broke the boy's leg. Even if the teacher wasn't polite, Amber White was still in a good temper: "I'm sorry, I am really sorry."

"The student like your daughter is too unruly. I really can't teach her. I can't contact you, and I can't contact her father, either. What the hell are you doing?!"

Her face turned pale, and she explained: "This is the case. The phone of the day was picked up by the father's secretary. He was busy..."

"Oh, busy, so he didn't care his own child? Besides, who knows if you are telling the truth, I hardly know that there are some parents who wouldn't appear when they heard their children hurt someone. Or, isn't she her father's biological daughter?"

Teacher Li sneered: "The impact of this incident is too bad. The parents of another child are very fierce, the principal also intervened. I can't do it. You have to deal with the parents of the injured child."

The students in the kindergarten were still small. It was normal for two kids to have a dispute. However, the fight between Cindy White and the fatty boy was too serious. In any case, teachers was responsible to that.

But, teacher Li did not feel that she can afford it.

Since the fatty boy's parents were trying their best to make trouble for Amber White, but didn't involve her in, she should accept it, because she could get rid of that.

Amber White was so smart or she wouldn't still stay in Smith's Group, she naturally know what was the teacher thinking about.

She did not think about evading responsibility, she had to negotiate with the boy's parents, but she worried about whether Cindy White could still go to the kindergarten or not.

“Teacher. Li, I will call the boy’s parents later, but you know, kids had a dispute, we are willing to take responsibility, so I hope that Cindy can go to kindergarten on Monday.”

When Teacher Li heard the words, she snorted. “If you have no problem with your negotiations, of course she could continue to go to the kindergarten, but Miss White, the children need to have security when they go to kindergarten. If the parents are not willing to give up, I couldn’t allow that!”

When she finished, Teacher Li cut off the phone.

Amber White was so dizzy. Didn’t she mean that if the kid’s parents was not willing to forgive Cindy, then she couldn’t go to the kindergarten anymore?

She felt helpless. This kindergarten was chosen by her for a long time. It was close to Smith’s Group and was good.

If she had to study in another kindergarten, it was not convenient for her to pick up Cindy White. Also, she didn’t know whether Cindy White could adjust the new atmosphere.

Amber White had contacted with the fatty boy’s mother before, she had a bad temper. If she went to negotiate, it was not good for her, but for Cindy White, she had to do it. So she found the boy’s mother’s member and called her.

The phone was connected when she just dialed out.

She didn’t thought that the mother could answer in a second, she was stunned, and before she regained her mind, she heard the woman’s voice: “Amber White, shame on you, how do you dare to call me? Your girl has broken my son’s leg. I told you that this is not the end !”

Although she was impolite, Amber White could understand. After all, it was not easy to raise a child. Amber White knew that. If Mrs. Yue had a good temper, that’s weird.

She bit her lips and whispered, “Mrs. Yue, sorry, I am really sorry, this Cindy’s fault...”

“Fault? her fault?” Mrs. Yue interrupted. The sarcasm feeling was heavy: “Are you not very powerful? aren’t you going to accuse us? Go and do that! Why do you call me to ask for forgiveness. Ah!? Yesterday, didn’t you have a strong attitude?”

When Yue’s family member saw that the name on the cheque was Sean Smith, they felt nervous. Anyway, Seam Smith was famous in city Tong, and he was really powerful. Almost no one dared to oppose him.

But it had been a night, and they had not received a court summons until now.

Seam Smith was that kind of person who would definitely do what he had said, it was impossible for him to change his mind.

Or, would the court dared to refused his accuse?

Chapter 74: I am willing to apologize to Xiaopang

0 5 minutes read

Amber White didn't know what happened yesterday, but she knew Sean Smith well. His temper was always not good. It would be nice for him to go to the Public Security Bureau to pick up Cindy. She didn't hope that Sean Smith could say anything good with Xiaopang's mother!

But... Sue Mrs. Yue?

Cindy White and Xiaopang fought, and Xiaopang got chubby fracture, although the injury on the head of Cindy looked very serious, everyone knew Xiaopang got worse injuries than Cindy White, and even if they sue, can they win?

Amber White smiled awkwardly and apologized: "Mrs. Yue, don't be angry. I apologize to you. That... How about Xiaopang now?"

"We don't need you to take care of us! I know you are bad! Amber White, I tell you that the master of Golden Sunshine Kindergarten is my cousin. Since you are so capable, I will guarantee that your daughter will disappear in Golden Sunshine Kindergarten on Monday, and all kindergartens in Tong City will not accept your daughter!"

"Cindy White didn't learn well at a young age. Every day she gets into trouble at school. No kindergarten want your daughter."

"It's obviously that she is a bastard. And you find an actor, do you think your child have a father after that?!"

Mrs. Yue scolded: "You think that I don't know anything. After your daughter entered the school, no one picks up Cindy White except you. You said that she is a daughter of Sean Smith. What? You really took yourself seriously?"

Amber White couldn't stand it. She explained: "Mrs. Yue, I didn't ask for an actor. Cindy is not a bastard. The person who went to the police station yesterday to pick up Cindy was really the father of Cindy. He may have a little bad attitude. Ok, sorry, I apologize to you for him."

Mrs. Yue was so angry and she must have be offended when Sean Smith talked to her.

Amber White touched her nose awkwardly. It was not strange that Mrs Yue said these after they said they would sue them.

And if Cindy's legs were broken, and Mrs. Yue said that she would sue Amber, then Amber White would certainly not give up and let her go.

Although Amber White understood Mrs. Yue, in the kindergarten of Golden Sunshine, it was not the first time that Cindy White had been called "bastard" incident.

She was also very upset.

Last time, Cindy had cried for Sean Smith and Tang Tian's news.

And the things of Sean Smith and Tang Tian were known by everyone, and some people in the school knew her identity.

She had already asked Lu Xiangxiang to help her investigate that in school, there were even children called Cindy Bastard!

Amber White thought about going to let Cindy White transfer the school, but the other kindergartens Lu Xiangxiang gave her was not very good.

Either the security situation was not strict enough, or the food was not up to standard, the only one that met the conditions which was two hours away from Smith Group! When Amber White went off work and picked up Cindy, it would be dark!

Moreover, even if let Cindy White transferred to another school, what can she do? As long as Cindy White did not come out of Tong City, and she would be affected by Sean Smith.

Rumor was dreadful, and wherever they were going, it wouldn't change!

Even if Cindy was only three years old, she did not want Cindy White to go to a kindergarten casually. This was not responsible for her. Amber White really couldn't do this kind of thing.

After Amber White weighed the pros and cons, she still felt that Golden Sunshine was the best.

"Not a bastard? Then she is really Sean Smith's daughter? These three years, Sean Smith was a playboy. And it is not a secret in our Tong City. Maybe there are so many illegitimate children outside. Who knows what you said is true or false? Even if it is true, does he have time to care about Cindy White? You send your daughter to Sean Smith and he wouldn't accept!"

"Cindy White is so ungracious. She hit my son and let my son get injury seriously!"

Amber White was a little angry, and said: "Mrs. Yue, are you serious in this? It is common that there are a few disputes between children? And every time children had troubles, and then you said that she is ungracious?"

"In addition, Won't Xiaopang call Cindy as bastard without no reason? He must have been induced..."

"What do you mean? You mean that I and my husband taught my son call your daughter bastard, right? Should my son deserve to hit?" Mrs. Yue's voice sharpened sharply.

Amber White almost felt that she deafened by Mrs. Yue's voice. She just wanted to explain, but Cindy White opened the door of her room and walked to the side of Amber White.

Amber White was shocked and whispered: "What happened?"

Cindy White reached out and covered her mother's arm and whispered, "Mom, I already know I am wrong. I am willing to apologize to Xiaopang..."

There was a trace of inconspicuous loss in her eyes. Cindy White said before, it was Xiaopang scolded her first and pushed her and then she would fight back.

Amber White knew her daughter well. Cindy White's temper has always been good. If someone can make her so fierce, it must Xiaopang say too much, so she would start to fight back.

Amber White had some self-blame. After all, she sent Cindy White to the kindergarten, and she had already noticed that something strange with her daughter, but she was busy with Luoshenwan and failed to persuade Sean Smith to send Cindy White to school.

Otherwise, this would not happen.

Amber White was a little uncomfortable. She touched the head of Cindy White before she started talking on the phone.

“Mrs. Yue, I have no doubt about what you and Mr. Yue mean. I am worried that Xiaopang is induced by others. I really want to apologize.” Amber White bit her lips and whispered: “Cindy is still young, and it is definitely not good that she can’t go to school. The original intention of my call is to hope that you can give Cindy a chance! Can you?”

Mrs. Yue did not nod, her voice was still very intensive, and the tone was a bit stern: “Why should I give your daughter another chance. Let her return to school, and hit my son again?”

“Now my son is hurt. He has to take a break from school. I don’t have time to take care of the life and death of your child?”

Amber White’s brain was numb: “Cindy already knows that she is wrong, and she promised that she will not hit Xiaopang again. I will pay for Xiaopang’s medical expenses. I want you to give Cindy a chance!”

After Amber White said, Mrs. Yue was in a silence. Amber White knew that Mrs. Yue must have been shaken. When she wanted to continue, Cindy pulled her sleeve and clicked on the mobile phone screen.

Amber White was stunned a bit and opened the phone’s amplification. Cindy White’s small face was facing the mobile phone, and her eyes were full of sincerity.

“Auntie, I really know that I am wrong, I will not fight with Xiaopeng again. Can you let me go back to school?”

Chapter: 75 why are you so kind today?

0 5 minutes read

“Auntie, I am willing to apologize to him. Sorry, I have promised my mother to correct the mistake. Can you forgive me?”

Mrs. Yue was originally silent because Amber White said that she was willing to be responsible for medical expenses. She thought that Amber White would say how much money she would give, so she waited, and waited, but all she got was one sentence, how could Mrs. Yue be satisfied, she frowned, and said with anger: “I am not that kind of unreasonable person, but Amber White, I don’t need those useless things, we can reconcile. Yesterday, there was a man who pointed me by his finger, I don’t care if he is Sean Smith or not. I want him to apologize to me personally and paid for my mental suffering!”

“By the way, my son’s medical expenses, you have to give me, were you going to accuse me? Funny!”

When Mrs. Yue finished speaking, she cut off the phone directly, because the mobile phone was hands-free, and the busy tone inside was scattered a little, obviously it was regular, but it made her had a headache.

Xiao Pang's injury was Cindy's fault. Amber White agreed to paid for him. However, after the opening ceremony of Luoshen Wan, Seam Smith adjusted her bonus from 300,000 to 30,000 because he didn't like her. It seemed that the whole thing couldn't be ended up with only medical expenses, and there was still her and Cindy's daily expenses. She couldn't afford that.

Money was still a trivial matter. The key point was that they wanted Sean Smith to go to apologize...

Ah.

Amber White gave herself a sneer in her heart.

It meant that it's impossible for her to solve it. She held the phone tightly and she sat on the sofa. She kneaded her head by her hand. The feeling of powerlessness spread again, making her very sad.

"Mom, what should I do?" Cindy White asked cautiously : "Isn't that his mother refuse to forgive me? Mom, Dad will not apologize!"

Amber White smiled and glanced at Cindy White, she had only get along with Sean Smith for a day, but she felt that she knew her father?!

"I will solve this, as long as you could be more obedient and don't fight with other kids again."

Amber White touched Cindy White's head and whispered to comfort her. The injury on Cindy White's head was obvious, but she did not cry for that to Amber White, never.

She was more sensible than many children who were older. Amber White was already very satisfied.

Cindy White was tearful and she said, "Mom, I'm sorry, I know that Xiao Pang's mother is very fierce, she must curse you."

Amber White wiped Cindy's eyes and whispered: "I don't blamed you, really."

Despite this, it seemed that Cindy White was still very self-blaming.

Amber White comforted her, when her mood was not low, she began to think about how to solve this problem.

The boy's parents emphasized that they needed Sean Smith's apologize. Although she agreed with Cindy White, it was impossible for him to apologize, but Amber White not as powerful as Sean Smith. If the boy's parents really had the ability to let all the kindergartens in City Tong do not accept Cindy White, then what should she do?

Amber White kneaded her eyebrows, and the bad feelings in her heart were condensing to a frost flower.

However, Amber White was still going to ask his help. After all, he was willing to go to the Public Security Bureau to pick up Cindy White. He also brought Cindy White back to the Hai Wan Xiang Xie and get along with her for a day. Would it showed that... In fact, he didn't hate them so much.

Hesitantly and repeatedly, she dialed his phone number which she had already been familiar for a long time.

Hai Wan Xiang Xie.

After Sean Smith finished smoking, the mobile phone on the desktop rang, and the man thought it was Gu Jinyan, so he took a glance at the screen of the phone.

The narrow eyebrows of the man slowly gathered together, and nothing could be seen clearly in the black infiltrated eyes.

Why did Amber White call him? apologize?

It reminded him of the posture when she left, it seemed that she won't apologize to him!

So he snorted and let the phone hang up automatically!

He was not a masochist. Why should he pick up her phone after she scolded him?

The phone was quiet for less than a second, the harsh ringing bell rang again, he frowned. His expression turned cold and dark.

The vigorous fingertips slid twice on the phone and it connected.

The woman's voice passed over the mobile phone and was dyed with a little noise from the mobile phone.

"Mr. Smith?"

Amber White had always been capable, except that he had seen the softness of her one time three years ago. Every time she showed him an impeccable and hypocritical smile on her face. Even the tone of speech was accompanied by the indifference of official business. .

As soon as he heard such a voice, he touched his well-defined chin.

The man sneered, but when it heard by Amber White, it turned to be totally cold and chilling.

"Director White, you just said that I am disappointing. Why call me at this time? How could you be so impatient?"

There was no lack of ridicule in the tone of Sean Smith. Amber White licked her lips and thought that she had misunderstood Sean Smith, and what she required, so she had to stand it.

"Mr. Smith, I misunderstood you, I apologize to you, please forgive me."

Sean Smith suddenly sneered out and said, "What did you do that made you need to apologize? Didn't you still point me at my nose? So what are you doing now? Is that easy to cheat me?"

Amber White paused for a moment, was he easy to cheat?

What jokes were he talking about?

If he explained when she misunderstood that it was him who hurt Cindy White, then things won't be so complicated!

She controlled herself and tried to calm down the anger in Sean Smith's heart, so she whispered: "Mr. Smith, it was me who misunderstood you. I'm really sorry. Please don't care about that anymore."

He knocked on the table. what's wrong with Amber White? How could she be so kind?

What were she thinking about?

The man suspiciously paused for a few seconds and whispered: "why are you so kind today, is there anything that I could help?"

Amber White was thinking about how to introduce the topic. He said in a relaxing tone, Amber White could not see his expression, so she could not figure out the true emotions of the man.

Amber paused and touched the hair on her face, then she whispered, "This is the case. The parents of that boy who had a dispute with Cindy made a big noise, saying that let you apologize, otherwise they won't let Cindy go to school..."

The air stagnated after Amber White said these and the phone was silent.

Amber White stunned and Sean Smith said: "So, what do you mean? Let me apologize?"

Amber White was a little disappointed and whispered: "They also said that if you don't apologize, all kindergartens in Tong city will not accept Cindy, so I want you to help..."

Before the words were finished, Sean Smith's cold voice suddenly came in: "None of my business. Can your daughter go to school, is it very relevant to me? Am I sick? For bastard, put my face over and let people slap?"

Sean Smith said: "It's just a small matter. The White Director can be easily solved. Do you need to ask me? I am very busy. If you have nothing, don't bother me!"

After the last word was finished, Sean Smith hung up the phone. The man's eyes fell on the topic of the computer screen, TINA's Weibo has been fired to the hottest, Sean Smith's lips were slightly picking up, the arc outlined give people a feeling of gloom.

The man stretched out vigorous and powerful big hand, shut up the computer, strode out of the study.

Meanwhile, Amber White stared at the black screen for a moment.

Then she hit her dizzy head with her hand.

Amber White felt that she had been locked up in Ye Se for too long, so she would call Sean Smith with the unrealistic idea of asking him to apologize.

She was really whimsical, not only didn't she let Sean Smith agree, but also be humiliated by him.

Amber White gave a slight breath.

Forget it, she misunderstood Sean Smith before, so being scolded by him would not let her lose anything.

This thing, Mrs. Yue's attitude was very firm, Sean Smith was also very determined, Amber White hesitated again and again, decided to send Cindy White to school on Monday. She decided to find Cindy White's teacher to see if she can find a breakthrough.

.....

Time flies very quickly. On Monday morning, Amber White got up and looked in the mirror and found that the finger marks on her face had not disappeared. Amber White wiped the powder and covered it before she called Cindy White to get up.

After breakfast, Amber White called the company for a day off and drove Cindy White to school.

When Amber White arrived at Jin Yangguang, it was still early. There were not many people at the entrance of the kindergarten. She took Cindy White's small bag with one hand and took her daughter to the kindergarten with one hand.

But when they arrived at the door, they were stopped by the security guards in the kindergarten.

"Cindy White has been dropped out. The principal has already given notice on Friday. Go back."

There was not much shock on Amber White's face. The principal was Mrs. Yue's cousin. It would be normal for him to help Mrs. Yue, but Amber White had already taken the time off today to coordinate this matter.

"Can you let us go ahead, I want to see the principal..."

"No, it's no use to see it. I have already told my cousin. Even if you kneel down and ask for me, we will not let this little hybrid hurt my son and enter this school again!"

A shrill cry came from behind Amber White. Amber White turned and saw Mrs. Yue standing behind her and Mr. Yue holding Xiao Pang.

Xiao Pang, whose leg was in a plaster cast, was held by Mr. Yue. Although his leg was hurt, he was very quiet.

Amber White saw him like this, and did not care what Mrs. Yue said, but at this time, Cindy White had already opened Amber White's hand and ran to Xiao Pang: "Xiao Pang, have you come to school yet..."

Without Cindy White got close to Xiao Pang, she was stopped by Mrs. Yue. She even reached out and pushed Cindy White. "Small bastard, stay away from my son, get out!"

If it weren't for Amber White's movements, Cindy White must have fallen to the ground.

Amber White was holding Cindy. She was not happy. She looked at Mrs. Yue's eyes.

Amber White stayed in the Smith Group for a long time and she was the director of the design department. She still had her ability.

Mrs. Yue was stared by Amber White, and she felt cold, but when she thought of the news she saw before the morning, she couldn't help but stand up again and screamed: "Oh, you still stare at me? What, Your daughter broke my son, and you want to break me? What the hell are you? What if you were Sean Smith's wife? Aren't you still badly beaten at home?"

Amber White frowned. Although she married Sean Smith, they had been separated for three years, and Sean Smith had a bad temper, but one thing was that he wouldn't beat women.

There was no idea in her heart. Mrs. Yue looked at her and sneered a little and slammed the things in her hands to Amber White. "The palm print on your face didn't go down. You dare to sue me. I had Read the papers. A guy who get beaten up at home, you really think Sean Smith is going to be in charge of you and your daughter?"

Amber White reached out and caught the slipping thing. The paper stuff was pinched in the palm of her hand. When the woman looked down, she found out that it was a newspaper.

She quickly passed a bad hunch in her heart, and ignored Mrs. Yue's words, and took a look at the newspaper.

The president of Smith Group, Sean Smith's hobby came to light by abusing his wife late at night!

The newspaper was divided into several sections, but the newspaper that Amber White opened had no original pattern. The whole page was all this news. The words in the newspaper were fierce, and there were many pictures on it.

At the door of the suburban hospital, Sean Smith threw money at her face with a gloomy face. At the same location, Sean Smith holding an injured woman showed up at the hospital .Even a picture when Amber White and Sean Smith emerged from Hai Wan Xiang Xie on Saturday morning after a fight.

The finger marks on Amber White's face were obvious, along with a wounded Cindy White, which was a good illustration.

Though the man's face was not very clear, as long as they had seen Sean Smith, it was not difficult to recognize.

The contents of the newspaper were even more evidence-based, and even the oral narration of the hospital doctors was clearly written.

The newspaper said that Sean Smith didn't give Amber White a meal for a long time. When hanging the nutrient solution, Sean Smith couldn't control his animal desire and took Amber White out.

Even with the hospital's diagnosis certificate, the newspaper also explained that Cindy White's injury was disputed with the classmates at school, but this explanation was even worse. It was equivalent to confirming that Sean Smith abused his wife.

Chapter 77: Mom, you've been lying to me

0 5 minutes read

Amber White was shocked and anxious. In fact, no one knew more about the matter than her. That night, Sean Smith not only did not hit her, but if it wasn't him, maybe she had been killed by the driver in the mountains.

The bad news would definitely had a huge impact on the stock price of Smith Group. Her hands which grabbed the newspaper unconsciously hanged down. Mrs. Yue saw her look and sneered and dismissively said: "Even though your daughter is not a bastard, but now what is the difference? Now it happens such things, I will not believe that Sean Smith has time to care about you and your daughter. Today, I must punish your daughter!"

After that, Mrs. Yue screamed at the security guard at the door and said, "Don't let them come in. Gold Sunshine Kindergarten does not accept such misbehaving children!"

After Mrs. Yue said, she took Mr. Yue's hand and went to the school. Since the man who appeared in the police station on Friday was really Sean Smith, and it proved that the check was true. Amber White couldn't take out money.

Anyway, Sean Smith did not care about Amber Smith. She would do something to make herself happy.

Of course, Amber White did not care about what Mrs. Yue's thought. She subconsciously wanted to call the company and let the public relations department clarify.

Amber White turned over in the bag, but didn't find the phone.

Amber White remembered that when she went out this morning and she squatted in the porch position and put shoes on Cindy White, so she put the phone on the shoe rack.

Amber White's five fingers were inserted into the hair roots, pinching the pain brain because of this matter. When she looked down, she saw Cindy White staring straight at the newspaper she was holding.

Her eyes were covered with tears, her mouth groaned, and she seemed try her best to hold back her emotions. Seeing Amber White looked over, Cindy White licked her lips, her voice was bitter, and she was sobbing. "Mom, did dad hit you?"

Cindy White's tears twirled in the eyes and finally they still fell. It was clear that Cindy White could not accept the truth.

The wound on her head was getting better, but the black-green around the wound was deeper and it made Cindy White looked even more pitiful.

She cried and it made Amber White feel uncomfortable, so Amber White knelt down and sighed softly: "No, Cindy, didn't I tell you th at the things in the newspaper are written to deceive, and your dad never hits woman. Of course, he won't hit me!"

Cindy White shook her head, and cried more fiercely: "But you were brought back to the big house by dad that night. After you came back, you were hurt... .."

Cindy White cried, and her tears liked a flood, kept falling: "Mom, you have been cheating me all the time, isn't it? Dad doesn't like you at all, and doesn't like me, either."

Amber White's body was fiercely tightened.

In the past three years, she had been telling Cindy White that Sean Smith loved them. She wanted to give Cindy White a carefree childhood. She hoped that Cindy White's childhood was perfect and did not leave regret.

But.....

This thing, she always failed.

Amber White was sad and almost cried out with Cindy White. She resisted and shook her head.

Said: "No, how can I deceive you? Cindy, do you still want to believe in these things, and let mother and father feel sad?"

The thin love of Sean Smith came too fast, but he had forgotten too fast, but at least it used to exist.

She didn't deceive Cindy, and at most it was a little self-deception.

But this time, no matter how truly Amber White pretend, Cindy White still did not believe.

She cried so sadly and her small hands clung to Amber White's clothes and cried and grievances: "Didn't you teach me an idiom that there must be a reason when something happens? Many children in the school say... I am a bastard. In the toilet, I heard... the teacher also talked about it."

She paused for a while and wiped her tears with her sleeves.

Amber White was so sad, and the pain made her want to cry, and she couldn't say anything, even the limbs were soft and weak.

Cindy White sniffed and said: "Dad doesn't like me at all. Dad also said that I am a bastard."

This sentence was the last straw to crush Amber White defense. Amber White cried with Cindy White uncontrollably. She reached out and took Cindy White into her arms. She was sincere: "Cindy, you believe me. You are sweetie of mom and dad. I didn't lie to you!"

Amber White only thought about how to appease Cindy White. She did not see that Mrs. Yue and Mr. Yue had already finished sending Xiaopang to school and came out from the school.

Seeing that Amber White had not left with Cindy White, Mrs. Yue snorted and took the phone and directly called the largest entertainment newspaper in Tong City. She said: "Reporter, Sean Smith's wife, Amber White, is now at the entrance of Golden Sunshine Kindergarten, Chongyang Road. If you want a big news, hurry up, or she will leave soon!"

When Mrs. Yue finished speaking, she cut off the phone.

Called all the reporters in Tong City, and it was enough to let Amber White be in trouble. She dares to hit her baby son. This time she must give Amber White a lesson!

After Mrs. Yue finished the call for less than three minutes, a media rushed over. At this time, Amber White had just appeased Cindy White. She just stood up straight and there was a microphone in front of her: "Mr. Smith, may I ask you? Is it true that your husband abuses you?"

Amber White was stunned, a reporter? How can there be a reporter at the entrance of the kindergarten?

Smith Group had a film industry module, so Amber White naturally knew that she couldn't answer the reporters' questions. She subconsciously held Cindy White to leave. Just as soon as she moved, the kindergarten door suddenly stopped a few cars.

"Amber White! Amber White is there!"

After Mrs. Yue informed the first media, the rest of the newspapers received news one after another, and came quickly.

Those cars were parked at the gates of the kindergarten at random, and this time was the peak period for sending children to school. Many parents and children were unknown, so they were stuck in the entrance of the kindergarten.

The reporter blocked her up like a bee.

Smith Group was a big company that had touched countless lives and deaths. Its boss, Sean Smith, often had rumors with stars, and models. The popularity was comparable to the second-line stars in the circle!

Sean Smith was originally a public figure, and his message of wife abuse was a great news.

If they can get the first-hand news, they could make so much money.

Therefore, the major media were rushing forward, even if they were not close to Amber White. There were countless questions.

Chapter 78: Stampede events

"Mr. White, Sean Smith's abuse of his wife is exposed. According to insiders, your marriage relationship has always been detached. Do you intend to divorce Sean Smith?"

"Mrs. Smith, how can you endure Sean Smith's three years of abuse and insist on not divorcing?"

Amber White was overwhelmed and there were more and more people. She subconsciously took Cindy White's hand, if it wasn't changed, this would definitely lead to some bad things.

As soon as this idea appeared, Amber White's body was pushed by the crowd, With a pair of high heels, Amber White stumbled when she was unprepared, and there was a sharp pain rose from her ankle!

"mom!"

Cindy White screamed, Amber White subconsciously looked in the direction of Cindy White, they two were a step away, Cindy White was safer, but in her place, there were several people had fallen to the ground here.

When Cindy White just finished, she took a small step: "Mom, mom, are you okay?"

“Don’t move, Cindy, you stand there...ah!”

Amber White was frightened and wanted to stop Cindy White, but her fingers hurt, Amber White’s five fingers were crushed by a foot in black sneakers.

A sharp, stinging pain rose from her finger to her heart. The pain was so intense that Amber White almost lost her voice.

And Amber White stopped Cindy too late, Cindy White had run towards Amber White, and with the advantage of height, Cindy White arrived at Amber White in three or two steps.

The little guy pushed the man who stepped on Amber White’s hand: “Uncle, you stepped on my mother! Go away!”

Her voice was soft and drowned in the crowd, Amber White was in fear, no!

It couldn’t be like that!

Amber White was holding her body and wanted to pull her fingers out. The person upon her asked “Amber White? Where is Amber White?” The voice was getting more and more.

The number of people was gradually increasing. Amber White was almost ready to stand up, but she was hit by someone else, and even Cindy was kicked to the ground.

Cindy burst into tears at once, and Amber White was scared and almost crying.

“Don’t squeeze, everyone don’t squeeze!”

Amber White shouted and reached for Cindy White. The wrist was stepped on by a high heel. Amber White only felt pain, but she bit her teeth and continued to reach out, finally holding Cindy White into her arms.

“Mom, Cindy was afraid... Cindy was in pain.”

Amber White put Cindy White under her body, it was so messy here and she didn’t have time to respond to Cindy White, only carefully protecting her. The heavy footsteps stepped on Amber White’s body from time to time.

The pain came from all directions, causing Amber White’s eyes fill with tears.

She tried to escape, but she was surrounded by people, her body was covered in wounds, and a strong feeling of suffocation filled Amber White’s heart.

For a moment, Amber White became more and more scared, and her heart slowly began to accept her life. She might have died here.

When Lu Yi got out of the car, he only saw crowds. The weather was very hot, because there are so many people that they emitted a strong smell. At a glance, he saw several people who had been trampled on by reporters.

He took a loudspeaker from the car, opened it and shouted: “Stop, police! Stop! Stand still!”

The crowd was silent for a second, and as soon as they turned back, they saw the policemen running over. The headed policeman took the megaphone in Lu Yi's hand and shouted: "Everybody stay where you are. Watch your step! Help the wounded up when you see them! The ambulance will be here soon!"

Lu Yi directly squeezed into the middle of the crowd: "Amber White!? Amber White?"

"Lu Yi..."

Amber White had no strength at all. She felt dizzy. As soon as Lu Yi approached, someone left him room!

Lu Yi's eyelids jumped. He couldn't see the original look of Amber White. Her white arms had an incomplete black sports shoe print.

"Where is Cindy?"

He crouched down, Amber White fell to the side, Cindy White's crying face was bare in the air, Lu Yi subconsciously took Cindy White from the ground, and the other hand picked Amber White off the ground.

He looked around with a sullen look and his eyes were inexplicably cloudy.

"Are you ok?"

Amber White's face was pale, and there was countless cold sweat on her back. The fear was still there. She felt both fearful and lucky, and the two emotions were intertwined, causing Amber White stutter.

"No, nothing..."

"I send you to the hospital, go, get on the car!"

.....

The top floor of the Smith Group, the president's office.

Sean Smith's gaze looked at the newspaper in front of him. His eyes were so deep that he could almost penetrate the newspaper and tear the man who listed the manuscript into pieces!

"Fuck! I'm abusing my wife? What's the matter?"

"I already knew that there was nothing good to be with the sly woman!"

Sean Smith tore up the newspaper in his hand. His eyes were dark and the pupils were black, as if the next second would ooze ink.

The man threw the pieces in his hand into the air, and the paper fell from the air like snowflake.

Sean Smith picked up the phone on the table, found Amber White's mobile phone number, and did not hesitate to call her. But the phone had been hanged up automatically, no one answered.

Amber White! Did she dare not answer his phone after seeing the news this morning and was she afraid of his wrath?

She was smart, but could she escape without answering the phone?

Sean Smith laughed silently, with some irony. The man's fingertips buckled on the table, then reached for the phone on the table, and called Xu Lin. The tone was very familiar: "Call Amber White to come to my office!"

After he finished, he hung up the phone directly.

Xu Lin paused. Many people in the company read the morning newspaper. Xu Lin was no exception. Now he heard Sean Smith call Amber White, and he raised a sympathy for Amber White.

For a long while, the door of the president's office rang, and Sean Smith slowly said: "Come in."

The office door was pushed open, and Xu Lin came in. He kept a distance of about three meters from Sean Smith's desk. His voice was low: "President Smith, Director White took a day off today... she is not in the company."

Sean Smith's expression changed instantly, the tone was cold, and there was no temperature when it was said: "Ask for leave? Who approved it? Every department will hold a weekly summary meeting on Monday. The head of Marketing department is absent. Amber White think Smith Group is her family?!"

The man's anger raised from heart, even if he himself was rarely absent from the work of each day. Every time he looked for Amber White, he couldn't find her!

Chapter79: A family

0 4 minutes read

That bitch, wasn't she capable enough?

The news was terrible now, but she knew to hide now. Why would he be such stupid to help her. Otherwise, it won't happen.

"Get out!"

The man looked up and saw Xu Lin who was standing in the office with his head down. Then he scolded.

He said in a quiet tone, but for Xu Lin, it was chilling, after listening to the content, Xu Lin ran out of the office, he just felt relieved.

The air was quiet, and Sean Smith knocked twice on the table.

He had to say that TINA was prepared for this time, especially at the moment, the stock of his company had changed to much, the market value had shrunk by nearly 6 billion!

This number was enough for ordinary people to look forward for a lifetime!

But Amber White didn't care that at all.

He took a deep breath and suddenly remembered that on the day of Saturday, Amber White called him.

Sean Smith was almost forgotten that the things between Cindy White and that boy hadn't been finished. He refused to apologize, so he guessed that she was on the way to send her to the kindergarten.

On the day of picking up Cindy White from the police station, he vaguely remembered that the kindergarten where she was studying in seemed to be called Jinyang Kindergarten?

He had no expression but he frowned. At that time, another news jumped out!

When the mobile phone rang, the man's gaze looked over and the content of the message instantly caught his eye.

JinYang kindergarten, A major stampede event, resulting in 2 deaths, 17 injuries.

Sean Smith had a strange feeling suddenly, he quickly unlocked his phone and read the news. The beginning and the title were the same. He scanned the article, and it was a tragedy made by reporters. The injury person was already sent to the hospital by the police and the ambulance.

The man's fingertips slid rapidly, and there was a picture. Everyone had different situation, but one picture made him stunned.

Amber White's wrist was hurt. She held her head in one hand, there were bleed on her wrist. It looked extraordinarily terrible.

Sean Smith had a bad feeling, he cursed, and picked up the suit jacket on the back of the chair and ran out of the office.

Xu Lin just went to the secretary's office to sit down, but before he figured out the situation, he saw that his president had already left like a flow wind.

When he went out of the building, he went to the underground parking lot of Smith's group. Just when he opened the door of his car, he stopped.

He was stiff like a stone.

Why did he want to go to the hospital to see Amber White?

He didn't believe it. Amber White was so smart, she could deal with it.

Three years ago, she attended the wedding alone. In the face of reporters' questioning, didn't she still performed perfectly?

He knew her ability to adapt to the situation more than once. Who knew if this is the trick of Amber White?

Besides, it was none of his business.

Amber White was his wife, but it was only a title, they had nothing else, even if she really had something, he wouldn't care her at all.

He was relaxed, his lips pressed together tightly in the dim parking lot.

He suddenly turned around, but without two steps, he turned back to open the door again.

It seemed that it's not his business, but she couldn't die at this time!

Only she and he knew what happened that night. If she really died in the accident because of this stampede, then there was no evidence.

People would say that he bullied her.

He always hated slanders, and he wouldn't let people use Amber White to slander him.

It didn't matter if she died, but she couldn't influence the stock price of Smith's group. Because of the news today, he had lost too much. She couldn't afford that even she died!

She was just a bitch, she couldn't ruin his reputation or the stocks.

Even if she was dying, she had to die after this accident!

When Sean Smith thought about this, he quickly turned and drove his Maserati out of the parking lot, and he went to the hospital.

He had a handsome face, so wherever he went, people always looked at him.

For the first time, when he went to public, most people looked at him. They all whispered and pointed at him. His expression turned darker.

After they married, Amber White never made him a good reputation. Now it turned out that he was bullying her. If she was dead, maybe the headline of the news tomorrow would be that Amber White was killed by him!

Then how could he live in City Tong?!

The man was so mad, he strode to the nurse station and wanted to ask which ward of Amber White and Cindy White.

Before asking, he saw three persons.

Amber White was holding a light pink sunscreen suit while leaning in Lu Yi's arms. She looked down, and her long black hair slipped from her head which just covered the wound on the woman's head, her pale face hanged with real smiles.

Lu Yi, who was holding her with one hand, held Cindy with his another hand, and there was also a smile on his face.

The two adults were talking and laughing, which made Sean Smith uncomfortable, it seemed that they were a family!

"Lu Yi, thank you very much. If it weren't you, maybe I and Cindy would die in this stampede. Thank you very much, thanks for helping me again and again!"

Lu Yi smiled helplessly and said, "Don't, How many times have you said that?"

His palms were soft, Cindy White held him in her hand and looked up, she said to him: "Father Lu, you should not be humble, you are a big hero, if you didn't come, my mother and I would be trampled! I was frightened! I also want to thank you!"

Sean Smith stood beside the nurse's desk which behind the cylinder. So the three people did not notice him. Instead, he knew all their actions and words.

The man's face turned to be so dark, Amber White, you are good!

After seeing the news in the office, he was worried, and he left his work and ran to here to see her!

But what about her?she had nothing at all,and it seemed that she had affairs.

Chapter 80: You have so many Dads!

0 5 minutes read

She's a shameless woman. When she was very close to others, she didn't care about the occasion. There were so many people passing by in the hospital!

She had a label of Mrs. Smith, and now there was the news that he abuses his wife. The whole world was insulting him. Amber had become the object of sympathy for the whole people, and she even didn't want to cover up her style of living!

Oh shit!

This dead woman really made him mad!

Sean felt that he had just worried about Amber, and his brain must have been kicked. The bodyguard of Mrs. Smith were so many. What can he do?

The man turned angrily and walked towards the road.

He had a wide shoulder and a narrow waist. A pair of straight long legs were wrapped in trousers. There was a slight radiance between the steps, and he walked to the stairs within two or three steps.

Just after a step, the man's pace stopped, and Sean buckled on the stair railing with one hand and raised his hand and patted it vigorously.

There's something wrong!

Why did he leave?

It's not him who sneaked behind her back. It's not him who did things that make himself feel guilty!

Even if he just went directly to Amber, he was also reasonable!

The man reached out and touched his chin, his tongue tipped against the corner of his lips, and a few ambiguous meaning in his eyelids were unclear.

Moreover, why should he be angry, it would look like that Amber was very important, if Amber knew it, he did not know what would she imagine!

After all, Amber dared to let him go back and apologize to the parents of bastard's classmate.

The man's lip was cold, and suddenly turned around. If he had left, wasn't he creating a chance for Amber and her good cousin?

The damn woman drove off his Manman. Why did she occupy the position of Mrs. Smith and be happy outside? !

Since he can't be better, Amber didn't want to be better too!

Sean thought about that, turning back, the pace was even bigger than when he came.

He just walked out of the stairwell of the safe exit, and had not yet reached the public's field of vision. Cindy saw Sean in the distance.

"Daddy?"

She called in a low voice. Both Amber and Lu Yi thought that Cindy was talking to Lu Yi. Lu Yi leaned down and knelt beside Cindy, he was whispering: "Cindy, what did you say?"

"It's my daddy!" Cindy cheered and broke away from Lu Yi's hand and flew toward Sean who was approaching.

She pulled Sean's sleeves, shouting and screaming proudly, "Daddy, are you looking for Cindy and Mommy?"

Sean moved his hand and wanted to get rid of her hands. Her fingers were tight. The man's strength was not great and he couldn't get hand back.

Sean snorted, and the corners of the lips were involuntarily brought out with a bit of ridicule: "You have so many dads!"

It's probably that Amber herself can't understand who the father of this bastard was, and maybe she once forced others to be this bastard's father!

He may not be the only victim!

When Amber heard Cindy was calling Daddy, she thought that Cindy was frightened. She didn't expect that she would walk close to Sean who came over the next second.

Sean can come to the hospital, Amber was very unexpected, in the summer, Mr. Smith can not always have a fever and come here see a doctor?

Amber was about to touch, she heard Sean's words, the smile on the woman's face just stagnate together, her fingertips moved, involving her injured finger, the pain of the bones was uploaded from the fingers, and Amber's eyes narrow because of this pain.

She couldn't care about herself and went up two steps and stretched her hand to pull Cindy. She whispered and said: "Mr. Smith, Cindy is just a child. Aren't you think that you are too excessive?"

Sean picked up the mouth. Was he wrong?

She called Lu Yi Daddy, and he was not a deaf. Even if she didn't know who the bastard's father was, she shouldn't be able to make the world's men to be bastard's daddy. Amber White was a really good woman!

After calling him daddy, she also called Lu Yi!

Disgusting!

His gaze fell on the face of Amber. After a long while, he turned to Lu Yi's face. The tone was extraordinarily ridiculed: "Why, am I wrong?"

"And, for Director White and Director Lu, you two occupy the working hours. In the hospital, and you are enjoying your dating. It is quite emotional."

Lu Yi and Amber looked at each other. The former bite his lips and whispered: "Sean, you misunderstood us. The relationship between me and Amber is the friend except for my colleagues."

"In addition, Amber experienced a stampede incident at the entrance of the Golden Sunshine Kindergarten. She was shocked and injured. I sent her to the hospital. If I met someone else, I wouldn't leave directly too."

It's better for Lu Yi did not explain it. For an explanation, Sean felt that it was unclear between the two people!

He couldn't help but looked at Lu Yi, and his eyes were deep and dark, with a sigh of coldness.

"Did Director Lu take time off? The personnel system of the Smith group is not a display. Because of your habitual absenteeism today, I can fire you!"

"I am not an unreasonable person. There are more people who have been wronged in this society. If Director Lu want to help everyone, is the position of the director of the public relations department of the Smith group preventing you to pay attention to people's livelihood?" "

Lu Yi stunned.

Amber didn't know which sentence made Sean unhappy, but Lu Yi was the savior of her and Cindy. Amber couldn't sit idly by. She reached out and hugged Cindy and whispered: "Mr. Smith, Director Lu was to save me before, so he would leave the company. What kind of punishment system is approved by the company? I am willing to bear it. Please don't make him embarrassed!"

Make him embarrassed?

It's great to use these words!

From the time he appeared to the present, he said a few words in total, and he was attacked back by Amber.

He wondered, it can be understood that Amber protected the bastard, after all, she was the daughter of Amber, but Lu Yi, he became Cindy's father, and was protected by Amber that damn woman!

He, Sean Smith, became her enemy who had been fought by Amber White for several generations!

It seemed that he owed Amber White and Lu Yi!

Sean compressed his thin lips, and looked at Amber White coldly.

Amber shrank her neck, she did not feel that she was wrong, Sean refused to apologize, she understood!

But when she went out in the morning, she didn't see the news. She went to the kindergarten to send Cindy. Lu Yi saved them. There was nothing wrong with it. Now, Sean wanted to use this thing to punish Lu Yi. She can't just look at it happened!

The attitude of Amber made Sean angry, and the man sneered out again and again, and the atmosphere between the two was instantly arrogant.

Cindy pulled the collar of Sean and asked: "Daddy, do you want to punish Dad Lu? He has saved me many times, he is a good person, Daddy, can you forgive him once?"

"Just once, okay?"
