

Ms. Senior Interpreter, You're So Charming Chapter 12

Chapter 12

Thank you for reading this post, don't forget to visit Again!

After leaving the VIP lounge, Hannah decided to leave right away because it was suffocating her to stay for one more minute.

How pathetic! Her closest family only wanted to destroy her because of their selfish desires, whereas her loved one had never wholeheartedly trusted her. All they wanted was to make use of her last bit of benefit. Lowering her head, she tried to hold back her tears, and at the same time, she started to walk faster. Drowned in her raging emotions, she didn't notice that there were a few figures hidden near the ladies' room not far away. "Ah!"

Suddenly, two figures shot out from the corner, grabbed Hannah's arm, and pulled her into the restroom. Being caught off guard, Hannah screamed, but before she could react, she had been dragged into the ladies' room.

"Bang!"

"Who are you? What do you want?" When the restroom door closed, Hannah struggled desperately to break free from the two women while questioning them angrily. Upon a closer look, she realized that the two women who pulled her into the restroom were dressed in fine, decent clothes. It did not seem like they wanted to kidnap her, but she did not know them either. "Hannah, it's me!" As soon as Hannah questioned them, Melissa walked over and gave her a vicious slap on the face without giving her a chance to react. "Smack!" Instantly, the crisp slap echoed in the small restroom. "Listen carefully, Kevin is mine. Don't you think about getting him back!" After slapping Hannah, Melissa glared at her and warned through her clenched teeth.

That was indeed a strong slap, and at once, a palm print appeared on Hannah's fair cheek. However, Hannah was familiar with this kind of slap because she had endured it countless times in the Porter family in the past. Snickering, Hannah suddenly raised her hand and slapped Melissa back, her speed as quick as a thunderbolt. "H-How dare you slap me?!" Melissa didn't expect that Hannah would slap her. Terribly shocked, she covered her face with her hands and screamed, "Beat this b*tch up! Beat her to death!" When Melissa's two accomplices heard her order, they immediately rushed over. One grabbed Hannah's hair and pulled her to the wall while the other lifted her skirt and began to kick and punch at Hannah viciously as if she was their sworn enemy. Ever since Hannah stepped into the banquet hall and attracted Skyler's attention, they had already regarded Hannah as their biggest enemy. Being grabbed by the hair suddenly, Hannah instantly lost her balance, causing her to let out a squeal. As she was pulled back and staggered, she subconsciously tried to free her hair from those hands. With her hands full, she had no time at all to defend herself from the attacks of the other

woman. Yet, no matter how hard she tried, she couldn't pull the strong woman's hands apart and was dragged toward the wall instead. Despite desperately fighting against the woman, she still couldn't protect her forehead from being forcibly slammed against the wall. "Bang!"

"Ah!!"

After her forehead was hit several times, her abdomen was kicked hard by the woman's dangerously sharp high heels, causing her to scream in pain. At the same time, Melissa joined in to attack her. Gnashing her teeth, Melissa yelled, "This shameless b*tch seduces men wherever she goes. Let's ruin her face today so that she can't seduce other men again!" As soon as Melissa said that, the two other women agreed. They not only kicked Hannah, but they also tried to scratch her face and body crazily. However, Hannah was not a pushover. Just when Melissa's nails were about to reach for her face, she pounced onto her. "Bang!" "Ah!" With a scream, Melissa was thrown to the ground by Hannah, hitting the back of her head heavily as she fell funny on the ground. However, right after Hannah pinned Melissa down, the other woman suddenly kicked Hannah's back with all her might. Staggering a few steps forward, Hannah eventually collapsed onto the ground. "Beat her, beat her to death!" Lying on the ground, Melissa roared and screamed with a ferocious face. At the same time, the two other women rushed over and continued kicking Hannah. After Hannah fell to the ground, she couldn't get up at all, so when four feet kicked at her, she could only cover her head and curl up tightly, trying her best to protect herself. At this moment, she did not feel pain or despair. All that was left was self-mockery and sadness.

"Bang!" "What are you doing?!" Just as Melissa got up and was about to strike revenge on Hannah, the restroom door suddenly opened, and an extremely angry voice roared. Shocked by the shout, Melissa and the other two women trembled as they looked in the direction of the door at the same time. "Ana... When Kevin saw Hannah covered with wounds and curl up on the ground while hugging her head, his eyes widened in disbelief. The next second, he rushed to Hannah, knelt on the ground, and swiftly picked her up. Upon seeing that, Melissa and the other two women froze in panic. Standing there, they couldn't come back to their senses at all. "Ana, are you okay?" In his arms was a Hannah full of wounds and bruises as well as messy hair. Most importantly, the corner of her forehead was bleeding. At the sight of that, Kevin couldn't help but frown, his eyes full of distress. "Kevin, she attacked me first. Look at me "Shut up!" Before Melissa finished quibbling, Kevin suddenly shouted and interrupted her. Then, he looked at Hannah tenderly and heartbrokenly. "Please hang in there. I'll take you to the hospital now." As he spoke, he was about to lift Hannah up.

"It's okay!" However, as soon as he moved, Hannah grabbed his hand and rejected him. Looking at him, she said with a smile, "Mr. Byrne, don't do this. If you treat me with care, Melissa will hate me so much that she wants to kill me." "Hannah, you b*tch, you"

"Melissa!" Kevin glared at Melissa fiercely, which instantly shut her up.

Looking at Melissa simmering with anger, Hannah sneered. Then, she tried to stand up from Kevin's arms and wanted to leave because she refused to stay any longer in this place. "Ana..." "Mr. Byrne, let me go. I'm not competing for a man with Melissa." When Kevin grabbed her arm, Hannah stopped and turned back to look at him. At the same time, a smile as beautiful as a flower bloomed proudly on her lips. Glaring at Hannah, Melissa gritted her teeth and clenched her knuckles so hard they almost shattered. Meanwhile, the two other women were also completely stunned and did not dare to make a sound.

As Kevin held her tightly, unwilling to let her go, Hannah smiled again and pulled her hand out of his. Then, she picked up the handbag from the ground before striding away. "Kevin, please listen to me. She was the one who attacked me first. Look at my face. She not only hit me mercilessly, but she also pushed me to the ground and knocked my head" "Enough!" After Hannah went out, Melissa rushed over and hugged Kevin's arm while showing her face to him. Sobbing in grievances, she cursed and complained, only to be shouted at by him. After cutting her short, he looked at her in fury and said word by word, "Melissa, our engagement is canceled. I will never marry you. We are over!" As soon as he said that, he pushed her away and chased after Hannah "No, Kevin, don't! Listen to me, Hannah is a liar, don't listen to her, she's lying to you!"
