After Hannah took a deep breath and was mentally prepared, she strode into the villa. "Slam!"

The moment she stepped into the main door of the Porter family's villa, an ashtray was smashed right at her feet and shattered into pieces. Shocked, she stopped abruptly in her tracks and trembled as her face turned ghastly pale. "You b*tch, how dare you still return to this place!" Immediately after, Davis bellowed. Meanwhile, she remained at the door and took another deep breath before she continued walking forward. As she walked into the living room, she looked up and saw that Davis and Lana weren't the only ones sitting in the living room. There was also Melissa crying so badly that her eyes were as swollen as walnuts.

"B*tch, it's you. It's you who caused Kevin to break off the engagement with me. I swear that I will kill you today!" Seeing Hannah coming in, Melissa sprinted over like a madman and raised her hand, intending to slap her. However, Hannah reacted by grabbing the hand that she raised in mid-air and forcefully shook her off..

"Ah!" Unable to catch her balance, Melissa staggered a few steps and fell to the ground. "I see you're rebellious now. How dare you hit my daughter as soon as you come back!" Seeing her daughter being pushed to the ground, Lana's eyes instantly turned red. Angrily, she cursed loudly and also charged up to give Hannah a tight slap in the face. Looking at Lana rushing toward her, Hannah knew clearly that she could avoid it, but she just stood right there and let it happen. Not only did the tight slap cause her to lose her balance for a moment, but the corner of her lips also started to bleed. "Mom, let's ruin that pretty face of hers. I want to ruin her pretty face..." At that moment, Melissa was lying on the ground as she pointed at Hannah and cried. Then, Lana glared hatefully at her before she strode over to help Melissa up. Softly, she caressed her back and comforted her, "Be good. Today, your father and I will help you get your revenge. Sit still, and make sure you don't hurt yourself again." "Mom, I want you to kill her. Only after she died will my anger be relieved!" Staring at Hannah with a raging fire in her eyes, Melissa gnashed her teeth and uttered. "Don't worry. We will help you to get revenge." After placating her daughter, Lana looked at Davis, who was standing at the side in silence. Annoyed, she no longer pretended to be nice and immediately threatened, "Davis, look at this daughter of yours. Look at how she bullied Mel. She's so vicious that she's forcing her to the brink of death. If you don't teach her a good lesson today, I'll leave with Mel and the baby in my stomach." After Davis glanced at Lana and Melissa, he glared at Hannah and roared, "Tell me, what's your purpose of coming back here? Is it to seduce Kevin and destroy Mel's marriage? Do you know what you're doing is ruining our family?" Meanwhile, Hannah stood in silence as she stared at the rowdy family. Then, she lifted the corners of her lips and said with a faint smile, "Dad, I shall

consider the slap that Lana gave me just now as a gratitude to her for taking care of me for more so many years. Would you like to slap me as well? In that case, we will then be even, and from now onward, my ties with the Porter family will be severed, and we will have nothing to do with each other!" "You.." Filled with anger, he stared at her and pointed at her as his entire body trembled.

"Davis, look at what she just said. She's treating all of us as enemies, and she is back to take revenge on us!" In the meantime, Lana, who was by the side, wailed as she tried to

exaggerate the situation. No matter what, she had to figure out a way to make him teach her a good lesson. "Fine. Since you treat us as your enemies and want to sever ties with the Porter family, then I'll beat you to death first!" As he spoke, he dashed toward Hannah and raised his hand toward her face... But Hannah stood there, with a stubborn expression on her face as she stared at him without moving an inch.

"Stop it!"

Just as Davis' hand was about to land on her face, a powerful yet familiar sound bellowed.

Taken aback by the sudden voice, he stopped his action involuntarily. Not only him, even Lana and Melissa also looked in the direction of the door, and their eyes widened in shock when they realized that it was Kevin who had actually barged in. When Hannah looked back and saw Kevin, who obviously came for her, she couldn't help but be surprised. How did he know that she had returned to the Porter residence? And how did he know that she would be in trouble if she came

19:17 back?

"Kevin, did you come here after hearing that I slit my..." "Hannah, are you alright?" Before Melissa finished her self-sentimental words, he had gone straight to Hannah's side as he held her in his arms and asked with great concern. At that moment, his gaze was full of guilt and affection. Although Hannah was curious why Kevin would come to help her out, she did not ask much. Instead, she just glanced at him and shook her head lightly. "I'm fine." "Kevin, y-you came here for her?" As soon as Melissa saw him holding Hannah in his arms and worrying about her, she was so angry that she almost exploded. Her tears began to stream down again as she said pitifully, "Kevin, do you know that she was the one who made me slit my wrist, and now she even returned to show off to us, saying that you..." "Shut up, Melissa!" Once again, he berated at her and looked at her with a fierce gaze that she had never been seen before, "From now on, I will never believe whatever you and everyone in the Porter family say again, except for Hannah." "Kevin, what are you talking about? Did someone instigate you? Or perhaps you are confused by Hannah's words?" With widened eyes, Lana stared at him as she glanced at Melissa in grievance and distress. Hugging her daughter, she continued, "You know how much Mel loves you, right? In fact, she is willing to do anything for you!" "Including killing Hannah? And to forever be something that she's not in front of me?"

Just as she finished her words, he looked at her with a fierce gaze and questioned her coldly. “No, of course not! Our Mel.. “Kevin, do you really trust my sister instead of us...” “That’s enough!” Unable to bear it any longer, he interrupted the both of them. With a cold snort, he said to Davis, “Davis, for Hannah’s sake, I will talk to you nicely for one last time. If your family ever dares to touch Hannah and bully her again, Canics Group’s entire funds invested in Porter Enterprise will be withdrawn without a trace!”

As his voice fell, he looked at Hannah, and his gaze suddenly softened. “Hannah, let’s go.” She looked up at him, without saying anything. Then she just nodded and turned to leave with him, leaving the Porter family behind in shock

In fact, she was afraid that she would be beaten to death for real if she were to continue to stay at the Porter residence and not leave with him, which would be much worse than she had imagined things to turn out in the beginning.
