

CHAPTER 1:

"Hello, is this Wu Tian? "I am your secretary, Loong Yun. You are about to inherit over a hundred million. Your identity is ..."

Before the beautiful female voice on the phone finished, Wu Tian had already hung up without knowing what was going on.

It was the disturbing call again.

Without thinking too much, Wu Tian took a deep breath and looked at the university coffee shop in front of him.

Today, he was going to muster up the courage to do something big ...

"Lee Meng, I like you."

Beside the window of the coffee shop, Wu Tian stood nervously in front of the goddess Lee Meng, waiting for her response.

Who knows.

"You followed me secretly?"

Lee Meng raised her head to look over and realized it was Wu Tian. A trace of disgust appeared in his slightly reddened and swollen eyes.

He had just broken up with his second generation boyfriend, and Wu Tian appeared in front of him.

To take advantage of his lack of emotion to confess and break in?

"I, I didn't follow you. I saw you outside the coffee shop. I mustered my courage to enter."

Wu Tian's fantasy was instantly shattered as he felt a little uneasy.

"You? What right do you have to say that you like me ..." "You can't give me a living like this. I heard that you are so poor that you can only eat steamed buns at the end of each month. Do you think I will live like this?"

Lee Meng's pretty face carried ridicule.

Wu Tian's heart turned cold.

A few years of a secret crush, who would've thought he would be rejected so easily.

"I ... I may not have money, but I can guarantee you that I'll make you happy everyday ..." I ... I

even brought you a present. "

Creak.

Before he could finish, a white BMW 320 stopped in front of the coffee shop.

A young man, whose name tag had been dyed with his grandmother's grey, came out of the car. He took the LV gift bag and walked straight to Lee Meng's side before sitting down.

Ye Zichen glanced at Wu Tian, who was opening the present, and revealed a look of disdain.

"We just had a fight, and there's already flies coming, and they're even giving us gifts? From the looks of it, it wasn't a high grade product ... "Darling, don't tell me your eyes are so bad?"

"Zhao Yang, what are you doing here?" Aren't you going to break up with me? "

Lee Meng turned her head around and pretended to be angry.

"I was a bit irritable yesterday, so I didn't come to apologize."

Zhao Yang said, and while Wu Tian was still in a daze, he snatched the gift box from his hands.

He took out the crystal hairpin and mocked.

"Tsk! Tsk! What kind of era is this? Are you trying to chase my Mengbao?"

"What's so great about money? Can you make Lee Meng happy? You will only make her cry! "

Wu Tian wanted to grab back the hairpin, but he failed as he argued with a flushed face.

"Sigh, being rich is pretty amazing."

A disdainful smile surfaced on Zhao Yang's mouth.

The hand loosened and the crystal hairpin dropped to the ground.

With a clank, it shattered into pieces.

"I accidentally smashed it. A few dozen dollars, right? Do you want me to compensate you? "

After saying that, he sneered and put the LVs on the table.

"The LV limited edition bag has a market price of thirty-two thousand and there are only three of them in the entire Luzhou. Can you afford the poor diaosi?"

Lee Meng's eyes lit up when she saw the gift bag.

"He can't even afford a good gift, yet he wants to give people happiness. Truly childish ..." Just

take a piss and take care of yourself. You aren't even fit to carry laozi's shoes! "

Zhao Yang mocked.

Wu Tian was trembling with anger.

Lee Meng was overjoyed. This LVbag was the gift she wanted the most, but she didn't expect it to be placed right in front of her.

His previous complaints vanished in a flash, and his heart turned sweet like honey.

Ye Zichen kissed Zhao Yang's face, pretending to be shy.

Wu Tian's heart broke into pieces like a crystal hairpin this time.

"Poor bastard, do you see that? This is true happiness."

Zhao Yang gave Wu Tian a provocative look.

"You are just a poor loser, you can't give her the life she wants. You can't imagine the happiness of rich people, because you don't have that level at all... A toad wanting to eat a swan is only a fairy tale, and you actually took it seriously.

Your so-called happiness is just flowery words. You can only trick those girls who have never seen the world to eat steamed buns with you ... He must have a clear understanding of himself. In the future, he must not come and bother Meng Bao again. "

With that, Zhao Yang left with Lee Meng in a high-spirited manner.

Wu Tian couldn't remember how he walked out of the coffee shop. On the way back to school, countless students pointed at him.

"Wasn't that the girl who wanted to chase after Lee Meng with a crystal hairpin at the coffee shop? I heard that he was severely humiliated."

"You're overestimating yourself. You even have to nibble on steamed buns for a few days just to buy a gift, and you still want to seduce a goddess?"

"If I were him, I'd find a hole and bury myself in it."

One after another, ruthless taunts filled Wu Tian's ears.

The hatred in his heart overflowed to the heavens.

It was all because he had no money. Even the most basic of dignity of a person was trampled into smithereens.

Could it be that he could only do LOSE for the rest of his life?

I can't accept it.

Creak!

Just as Shen Lixin was feeling hatred, a black Bentley stopped by his side.

In the car, a beautiful woman with long hair and wearing an OL suit stepped out. Her eyes were like flowing water, but her expression was very arrogant.

"Wow, how could there be such a beauty in our school. I wonder if I have a chance, I'm willing to be her lick ..."

"With just you? Don't you see it's all Bentley? You don't even have the right to lick it. "

When the beauty appeared, it had already caused quite a commotion.

Wu Tian saw it too, but he knew he wasn't even worthy of Lee Meng, let alone such a beauty.

He was just about to leave.

Who knows.

The beauty was wearing high heels as she walked in front of Wu Tian with her slender legs.

Just when Wu Tian was shocked by this powerful atmosphere and became extremely nervous, she suddenly bowed to Wu Tian to the end.

"President Wu, this is your secretary, Loong Yun. I called you an hour ago ..."

CHATER 2:

"You ... you're calling me?" Wu Tian was stunned.

The sudden appearance of a luxury car and this beautiful lady with black silk that had the temperament of a imperial concubine were actually calling him President Wu? He even said that he was his secretary?

How was this possible?

"Yes, boss, please get in the car."

The beautiful woman did not say anything else. She turned around and opened the car door.

Her attitude was extremely respectful.

Wu Tian walked into the car with a skeptical expression. However, he suddenly thought of the call he had made this morning ...

However, why did it seem like a scammer?

However, even if he was a swindler, it didn't matter. In any case, he wasn't afraid of shoes.

"I just checked out this car with Baidu. It has a low starting price of at least 4 million. It's definitely the symbol of a tycoon."

"Didn't you say that he is a poor diaosi? How can there be such a beautiful secretary! "

"Maybe this guy is a rich young master, deliberately acting poor and trying to gain the sympathy of the Goddess. Now he's not pretending anymore and has laid out his cards."

The moment the car door closed, the surrounding students were immediately stirred up.

Those who were mocking Wu Tian had looks of jealousy and envy.

After Wu Tian got on the car, Loong Yun stuck close to him and sat in the back.

The refreshing and pleasant fragrance on his body made Wu Tian's heart soften a little.

"Thank you for helping me out earlier." Wu Tian thought that Loong Yun was a rich girl who saw him humiliated and helped out out of the kindness of her heart.

Loong Yun giggled. "Boss, I'm really the secretary your family prepared for you."

"You are now an adult. It's time for you to recover your identity."

"What identity?"

Wu Tian felt that Loong Yun was joking with him, and his expression darkened: "My parents passed away a long time ago, I was raised by my uncle, he is just an ordinary person. There's also a grandfather I don't really see. Every time he comes to see me, he has to borrow money from uncle. What kind of status do I have? "

Loong Yun smiled mysteriously after hearing this.

He took out his phone and sent a WeChat video call. Then, he handed the phone over to Wu Tian: "Your grandpa Elder Wu is overseas right now. He will explain everything to you personally."

The video connected and an old man in Tang suit appeared.

It was Wu Tian's grandfather, Wu Zhihe.

However, his temperament and Wu Tian's grandfather, whom he knew since he was young, were two completely different people.

The grandpa in the picture had always carried a trace of vulgarity and lived a miserable life. Every time he saw the grandpa, he would ask his uncle for money.

As for the old man in the video, his aura was extraordinary, making people feel that he was not a simple person.

"Master ..." "Elder?" Wu Tian shouted in disbelief.

"Tian Tian, you've suffered all these years."

Wu Zhihe kindly called out Wu Tian's nickname: "Now that you have grown up, there are a lot of things that you should know. Our Wu Family is actually not the Wu Family in your image ... but a wealthy family with hundreds of billions of dollars in assets. "

"100 ... 100 billion!"

Wu Tian was in disbelief: "Grandpa, are you kidding me? Every time you come to see me, you have to ask Uncle for money."

"Silly child, that's for acting."

"Your uncle actually isn't related to you in any way. He's my secretary."

Wu Zhihe explained with a smile.

"In order to test and hone your temperament, I decided to conceal the truth from you since young, and let you live as an ordinary person. His mission was already completed, and he won't meet you again in the future.

You are my only blood relative, but if you want to take over the business of Wu Family, just relying on your identity isn't enough. You need to have sufficient ability ... I told Loong Yun to give you three hundred million, which you can freely allocate. However, if you lose all of this money, the position of Wu Family's heir will be taken by someone else.

As for you, you can only continue to live the life of an ordinary person in the future ... Do you understand? "

These words were no less than a thunderbolt out of a clear sky. Wu Tian's heart was beating wildly.

Everything that had happened since he was young was just an illusion arranged by his grandpa,

while his identity was that of a rich and powerful young master.

As long as he could prove that he had the ability, he could take over the hundreds of billions of dollars in assets.

Thinking of this possibility, the blood in Wu Tian's body started to boil.

"Grandpa, three hundred million is enough!" Wu Tian clenched his trembling fist and said with hatred in his heart, "I will definitely use these 300 million to earn even more wealth. I will never let you down!"

"Very good. It seems that all these years of ordinary life hasn't worn down your spirit. I'm waiting for your good news." Wu Zhihe revealed a pleased smile: "Then let's do it this way. Loong Yun will stay in Luzhou to help you."

"Grandfather, wait, wait a moment!"

Wu Tian hurriedly shouted when he saw that he was about to hang up the video.

"Since you've already told me the truth, can you tell me how my parents died?"

Wu Tian's heart trembled as he said this ... He had asked this question countless times, but he had never received an answer to it.

Today, would Grandpa tell him everything?

It was just that ...

As the smile on Wu Zhihe's face slowly disappeared, he shook his head.

"Now is not the time. You will know when the time is ripe ..." However, you must remember, as a person, you must never be as arrogant as your father was back then. "

"The wood is beautiful in the forest, but the wind will destroy it. You must remember this well."

With that, Wu Zhihe cut off the video.

Wu Tian felt a burst of disappointment as he secretly cursed in his heart.

"The reason that grandfather is unwilling to speak is definitely not simple. If you want to know the truth, then you must have sufficient strength. Grandfather is right, before that, we must not be that tree which was destroyed by the wind. "

"Boss, this card has 300 million at your disposal. Also, this card has my card as well. If you need anything, you can find me."

Loong Yun put away her cell phone, took out a Swiss bank's Global Express gold card and gave it

to Wu Tian.

After learning some information, he left the school with the driver.

After getting off the car, Wu Tian felt like he had been reborn when he saw the awe in the eyes of the people around him.

The entire world was filled with hope and light.

"Unfortunately, if it was just a bit earlier, Lee Meng wouldn't have refused my confession and ran off with Zhao Yang." Wu Tian revealed a wry smile.

But then he thought about it.

This could be considered a blessing in disguise.

If Lee Meng knew that he was so rich, she would definitely ask for money. That wasn't the relationship she needed.

Back to the dorm.

A few of his roommates were lying on the bed playing King's Glory.

"Tian, didn't you go confess to Lee Meng?" Is it a success? " After one round, Sunn Xiaohao put down his phone and asked in concern.

"I was rejected." Wu Tian spread out his hands. There was nothing much to hide, and soon the news would spread throughout the whole school.

"You're overestimating yourself." The dorm head, Wang Hong smacked his lips as he sneered, "Even I can't compare to that Zhao Yang, but I was still rejected by Lee Meng. "You're just a poor loser, aren't you looking for a slap in the face when you go?"

Wang Hong had a good family background and was the richest person in the dorm.

His family even bought a modern Elantra for him. He was used to the feeling of being on high and was used to being on high.

This was even more so for Wu Tian, showing his sense of superiority from time to time.

Seeing that Wu Tian was rejected, he started to add insult to injury.

Wu Tian knew that Wang Hong had a good family background and had always looked down on him. But now with the three hundred million, he must raise his eyebrows and be proud of himself!

"In order to celebrate Lee Meng's rejection of me, I've decided to treat everyone to a meal

today."

Wu Tian suddenly said.

"Damn, you changed your nature today. You aren't going to eat steamed buns anymore?" You still want to treat us to a meal? " Sunn Xiaohao was surprised. These few days, Wu Tian saved a lot of money to buy a present. He ate two meals instead of one, but he suddenly became so generous all of a sudden. He was not used to it.

"It's rare for Wu Tian to be so generous, how about we go to the red shed by the side of the road to eat some skewers?" Jiang Wan suggested.

"Isn't the roadside stall dirty? Aren't you afraid of getting diarrhea after eating?" Wang Hong felt a sense of superiority.

"President, it's rare for Wu Tian to treat us to a meal. Could it be that you want him to treat us to a five-star hotel?" Sunn Xiaohao knows what character Wang Hong usually has, and he wants to fight for Wu Tian.

"That's right, dorm head. You normally don't get tired of big fish and big meat. It wouldn't be bad to try a different taste." Jiang Wan flattered her.

Wang Hong was enjoying himself. He knew that Wu Tian, a poor diaosi, would not hire a good place.

Since it was a dormitory activity, it wasn't good if he didn't go. It seemed too out of place.

"Alright, then let's give Wu Tian face and experience the roadside stall with you." Wang Hong pretended to reluctantly agree.

CHAPTER 3:

Half an hour later.

The four of them arrived at the Radiant Moon Food Manor, which was already brightly lit before the sky had even turned dark.

He chose a seat in the hall.

Sunn Xiaohao was a little worried: "Wu Tian, why don't we go back and eat the skewers? This place is too expensive."

"This menu doesn't have a price tag on it either. If I'm not careful, I can easily eat up to two months of your living expenses." Jiang Wan also did not expect Wu Tian to bring them to such a place.

No one knew what kind of crazy behavior Wu Tian had.

"Hehe, Wu Tian, it seems like you've really been provoked. I think you're going to give up on me." Wang Hong laughed sinisterly, "This is a place where only the truly rich can come to. I don't even dare to come here often. You aren't planning on eating an overbearing meal are you?"

"Speak clearly first. If you can't afford it, then I don't have the money to pay."

Wang Hong felt that Wu Tian's confession was just a failure and was afraid that others would look down on him.

However, face was tied to money.

Poor diaosi is poor diaosi, naive to not know their own.

"Don't worry, since I'm the one treating, I'll definitely be in charge." Wu Tian could hear the mockery in Wu Tie's words and did not want to explain. He waved his hand and called the waiter to place the menu in front of the three of them: "Feel free to order whatever you like, don't mention it."

Sunn Xiaohao and Jiang Wan looked at each other, not knowing what Wu Tian was trying to do.

However, seeing that he insisted, it was not good to say anything more.

If he really couldn't afford it, he would just have to make up for it.

Wang Hong didn't stand on ceremony as he picked up the menu and asked the waiter in a professional manner. He ordered a few specialties, four one-catty Australian lobsters and two bottles of remover.

Seeing this, Sunn Xiaohao and Jiang Wan were scared witless. They thought to themselves, "The dorm leader is so f * cking ruthless, he wants to beat Wu Tian to death."

Just these four large lobster and wine alone was already an astronomical figure for them.

Just as he was about to persuade her, he heard Wu Tian say to the waiter: "According to what he says."

Since Wu Tian said so, the two could only swallow their words.

After finishing the menu, Wang Hong's eyes suddenly lit up. He stood up and greeted loudly:

"What a coincidence, Wan Ying. Are you eating here too?"

The three of them turned their heads.

He saw the school belle, Wan Ying, and her two best friends coming down from the elevator on the second floor.

Wan Ying wore a snow-white dress and had an extraordinary temperament. Amongst the bustling customers in the hall, she seemed extremely dazzling.

Hearing Wang Hong's call, her eyebrows creased and she ignored him.

After all, the Radiant Moon Restaurant was not an ordinary small restaurant. The customers inside all had quite a bit of quality, so even if they were chatting, they would try to keep their voices down so as not to disturb others.

Wang Hong's loud voice made her both disgusted and embarrassed, so she didn't even bother to pay attention to him.

However, when she saw Wu Tian, Wan Ying's frown slightly loosened. She smiled at him as a greeting and then left with her best friend.

"Damn, Wu Tian, when did you meet the school belle?" She's actually smiling at you. It can't be that she has taken a fancy to you, right? " Sunn Xiaohao gasped in disbelief.

"Wan Ying is famous for her arrogance. I heard that she has a good family background. She doesn't give any man any face." Jiang Wan was full of envy.

Only Wang Hong had an unsettled expression. He didn't even know how to retract his embarrassed hands.

He couldn't believe that Wan Ying ignored him and greeted Wu Tian.

With a cold smile, he said, "Don't even think about it. Wan Ying is the young miss of the Runhua Corporation. How could she fall for a loser like Wu Tian? Every rich family has their own rights, understand?"

"You're too realistic, my dear sir." Sunn Xiaohao was unhappy.

Jiang Wan also said he did not understand: "Everyone now advocates free love and refuses to arrange a marriage."

"What do you know? Do you really think reality is a fairy tale?" If one's level is low, it means their vision is narrow. " Wang Hong snorted in annoyance.

"That's all. He's just a man with self-restraint." Wu Tian stopped the two of them from arguing.

Actually, he had only met Wan Ying once, and one time, he had accidentally picked up Wan Ying's meal card and gave it back to her.

That smile just now was just a greeting.

He didn't expect his three roommates to argue over this.

Soon, the dishes were served.

This was the first time Sunn Xiaohao and Jiang Wan were so extravagant. They didn't even have time to say anything.

"If it wasn't for the fact that we were in the same dorm, I wouldn't even like to eat with you guys. It's as if I've never seen the world before." Wang Hong saw the two of them wolfing down their food with a disdainful look on his face.

The two of them ate happily, not caring what Wang Hong said, they bared their teeth and smiled.

After the meal, Wu Tian called the waiter over to pay the bill.

"Hello sir, a total of 12,800 yuan was spent." The waiter revealed a professional smile.

"What?" Over ten thousand! " Sunn Xiaohao suddenly jumped up in disbelief.

He thought that he could settle the matter in three or four thousand, but to think that it would be so numerous.

"I'm handcuffed. Even if I sold us, I wouldn't be able to afford it." Jiang Wan's voice sounded like he was about to cry. Originally, they planned to gather up a few people to let it go, but they couldn't let Wu Tian pay for it alone.

Who would have thought that the price would be so high?

He was extremely regretful in his heart. He should have just asked for the price when ordering the dishes, he shouldn't have ordered for Wang Hong.

"The days of the rich are hard to imagine." Wu Tian sighed in his heart. He didn't expect it to be this expensive.

Even though 10,000 yuan was just a drizzle to him, he was already used to being poor in the past. He had never been so extravagant before and had never gotten used to it.

Wu Tian couldn't help but sigh when he saw that the restaurant was packed with people.

One meal was equivalent to half a year's living expenses in the past, yet there were still so many customers.

From the looks of it, the profits from this restaurant weren't low, and it was easy to earn money from rich people.

"What should we do? I only have 200 on me, and I still have 600 on me ... " Seeing that Wu Tian was silent, Sunn Xiaohao took out his phone and scratched his head.

"Let's all work together. I still have a thousand and two hundred. At worst, we'll just collectively eat the dirt for a few days." Jiang Wan braced himself, took out his wallet and said to Wang Hong.

"Why are you looking at me?"

Wang Hong used a toothpick to pick his teeth, as if it had nothing to do with him. "I've said before, I'm only responsible for eating."

"Waiter, may I ask how much does your hotel sell for on average every month?" Wu Tian asked without batting an eyelid.

"Sir."

It was the first time the waiter saw someone asking about the hotel's business. His face turned cold as he asked, "Our Radiant Moon Restaurant is a place facing a high class crowd. You guys don't have the money to renege, right ...?" I have to remind you, our hotel is connected to the Public Security Bureau twenty-four hours a day, and there are cameras everywhere.

"Wu Tian, you said you want to treat me to a meal, I'm giving you face. Don't make me lose face along with you." Wang Hong's face turned ugly as well.

He only wanted to use this opportunity to embarrass Wu Tian, he didn't want to get himself into the trap.

If his friends found out that he couldn't afford to pay for his meals, how would he be able to stay in school in the future?

"You're not going to go to jail because you can't afford it, are you?" Sunn Xiaohao was scared. After all, he was still a student.

"Wu Tian, think of something, because there are too many people in the prison who can't get away with this. Otherwise, we'll each borrow money from our relatives and friends." Jiang Wan braced himself and said.

"Sir, would you like to swipe your card or cash?" the waiter urged with a displeased look.

He clearly couldn't afford it, yet he's still putting on an act. He can't be polite when facing such people.

However, Wu Tian's words shocked everyone.

"Don't worry, I'm still considering whether I should buy your restaurant or not."

CHAPTER 4:

When Sunn Xiaohao and Jiang Wan heard this, their mouths opened so wide that an egg could fit inside.

Even Wang Hong felt his scalp tingle.

Wu Tian couldn't have gone crazy, right? He couldn't even afford to pay for the food, yet he still wanted to buy the Radiant Moon Restaurant? His tone was absolutely terrifying.

"Wu Tian, stop joking around. Let's hurry up and think of something." Jiang Wan was afraid that if this happened again, the restaurant would call the police and their future would be ruined.

"I'll call my mom right away and borrow some money. I'll pay the bill first." Sunn Xiaohao couldn't help but want to make a call.

However, he was gently held down by Wu Tian.

"You want to buy our restaurant? No need to pretend." The waiter picked up the walkie-talkie and said, "Security, there are people who want to renege on their debt after eating. Come over and take care of it."

"Got it." The security guards at the four corners of the hall immediately walked towards Wu Tian and the others.

"Wu Tian, you should end this matter yourself. I'm not going to go crazy with you." When Wang Hong saw the situation turn sour, he hurriedly ran away with a gloomy face.

If he didn't leave, he might have to pay.

Seeing Wang Hong run away, Wu Tie cursed loudly: "You heartless bastard."

"Wu Tian, you should run too. If you don't leave now, you'll be captured and sent to jail." Sunn Xiaohao urged while sticking close to Wu Tian's ear.

"I'm not leaving."

Wu Tian smiled, "There's no need for you to call the security guards. Get your manager to come over. I want to ask him about the income of the Radiant Moon Restaurant."

"You really don't shed tears until you see the coffin. I've seen a lot of people reneging on their debt, but I've never seen you so good at acting like an idiot." The waiter was so angry that he laughed.

Pow!

The moment he finished, Wu Tian took out a bank card and threw it on the table.

Then he took out his cell phone and dialed the number on the bank card. He called the VIP and opened the hands-free phone, placing it on the table.

"Greetings, Mr Wu. I'm at your VIP seat. Is there anything I can help you with?" A melodious female voice came over the phone.

"Help me check the balance of the card with the ending number 0888."

"Okay, please wait a moment."

The phone was silent for a few seconds. Then, a clear voice came out, "Your card currently has three hundred million yuan. What do you need to do?"

"I just wanted to see if you had enough money, thank you." Wu Tian hung up the phone indifferently.

Sunn Xiaohao, who was beside him, pinched his own face and mumbled to himself, "Am I fucking dreaming?"

Jiang Wan's eyes almost popped out of his eye sockets. He looked at Wu Tian as if he was looking at a monster, his mind was completely blank.

After a long time, he finally spat out, "Bro, it's really hard to hide this from us."

The expression on the waiter's face was extremely fascinating, going from red to white in an instant.

"Call your manager over." Wu Tian repeated.

"Alright, alright, please wait a moment." The waiter came back to his senses and hurriedly walked over to the nearby security guard. He then called over the manager with his walkie-talkie and told him what had happened.

"Hello, Mr Wu. I can't make a decision regarding the purchase of the hotel." However, it just so happens that our CEO Liu is here today. If it's convenient, please follow me to the guest room. The manager was extremely respectful.

Perhaps this young man who looked young and immature would be his boss in the future.

The three of them were brought by the manager to the reception room on the eighth floor of the hotel.

Sunn Xiaohao and Jiang Wan were already itching to hear Wu Tian confess the truth.

Wu Tian could only tell his two roommates that his family was rich, but his grandpa was afraid that he would forget about Ben due to his money.

The two listened for a long time without being able to calm down.

"If Wang Hong knew about this, his intestines would probably turn green with regret." Jiang Wan let out a long sigh. He was glad that he didn't run away with Wang Hong. Otherwise, he really didn't know how to face Wu Tian, this rich and powerful young master.

"It's not just Wang Hong. If I were Lee Meng, I would be able to blind myself." Sunn Xiaohao was both excited and happy for Wu Tian.

While they were talking, a middle-aged fatty with a face full of smiles walked into the meeting room under the manager's lead.

"This is our boss, Boss Liu Jun."

The manager introduced, "This is Young Master Wu. He wants to buy our Radiant Moon Gourmet Residence."

"Young master Wu is really young and capable, he looks like he's at my daughter's age and already has billions. I'm really impressed." Liu Jun was very happy with his red face.

Recently, he just so happened to lack liquidity in the field of real estate development, making him one of the top two.

If they don't make it, the project could go bad, and the damage could even cause the chain of funds to break.

He had originally wanted to take out the Radiant Moon food.

Although the income here was not bad, not many people could buy it with tens of millions. After all, in this era, food and beverages were not a lucrative industry.

Just as he was worrying about this, Wu Tian appeared. How could he not be excited?

The two of them wanted to buy one and sell the other, so they became one with each other in the blink of an eye.

He called the treasurer, got a clear look at the daily and monthly reports, and agreed to buy the Radiant Moon Restaurant for twenty million yuan.

'Grandfather, the words I've said will definitely come true. I definitely won't disappoint you.'

Wu Tian signed the transfer contract on the spot and paid the bill in his heart. He felt very carefree in his heart.

Half a day ago, he had to live frugally to buy a gift worth a few dozen yuan. But now, he didn't even blink as he spent twenty million to buy a high-end restaurant.

"Young Master Wu, that's not right. I should call you President Wu now."

Liu Jun had a face full of gratitude: "It's rare to see such a bold young man like you. To tell you the truth, my capital is really tight. This money really saved my life."

"We'll each take what we need. Actually, I didn't think too much about it." Wu Tian said politely.

"Haha, since you've helped me, I, Liu Jun, cannot be stingy." Liu Jun let out a hearty laugh, opened his wallet and took out a black card, passing it to Wu Tian: "This is the Supreme Card of the Global International Club, only billions of people have the right to enter. The annual fee is 300 thousand, so treat it as a gift to President Wu."

"Global International is famous for being a millionaire club." Jiang Wan was full of envy.

As the place where the most famous wealthy people of Luzhou gathered, even diaosi would be interested in it.

"Then thank you, Director Liu." Wu Tian accepted the card without any hesitation.

He thought that since there were so many tycoons, it might be useful for him if he wanted to increase his assets quickly.

When Wang Hong returned to his dorm after leaving the Radiant Moon restaurant, he saw that the three of them were safe and sound. He was still smiling and was surprised. "Where did you get the bill from?"

Jiang Wan was already angry at Wang Hong for not being loyal, so he abandoned the three of them and ran away. He snappily replied, "Wang Hong, you don't even know how rich Wu Tian is. He bought the entire Radiant Moon Restaurant."

"What a pity, you abandoned us to run and didn't get a chance to see that wonderful scene."
Sunn Xiaohao also mocked.

"Bullsh * t. If Wu Tian can buy the Radiant Moon restaurant, I'll walk on my own in the future!"
Wang Hong scoffed, thinking that the three of them were trying to bluff him.

Wu Tian smiled without saying anything.

He had seen Wang Hong clearly today, there was no need to befriend him.

It's worth spending just over ten thousand dollars to find out a person's true nature.

A beautiful dream.

When Wu Tian arrived at the classroom in the morning, he found Lee Meng looking at him strangely. Quite a few students were pointing at him.

"Lee Meng said that Wu Tian, a poor diaosi, went to confess to her yesterday. She's really a toad that wants to eat swan meat. Where did her courage come from?"

"He took a crystal hairpin from a gift shop and wanted to have the class flower as his girlfriend. He's too childish, he's practically our class' pet."

"If he is poor, then he must have the awareness of being poor. Only he would be able to do something that would embarrass himself."

"His level is too low. I had no idea that in Lee Meng's eyes, he could not even be considered as Bei Tai or Bei Tai. At best, he would be a dead weight."

One after another, unbearable sounds of sarcasm entered the ears of Wu Tian and the other two.

CHAPTER 5:

"All of you shut up!"

Sunn Xiaohao could not bear to listen any longer. He pointed at the students that were gossiping and shouted, "Listen to the wind and it will be rain. What right do you cowards have to talk about others?"

"At least Wu Tian can muster up the courage to do what he wants. What about you guys? Each and every one of them has five or six members.

"Xiaohao is right, we are all classmates. You all have to be generous with your words to prevent your son from having a shitty son in the future." Jiang Wan also felt indignant for Wu Tian.

Wang Hong shrank his head. He did not intend to interrupt.

Since her relationship with Wu Tian was average, there was no need to offend Lee Meng for Wu Tian.

He just treated it as watching a joke.

"Forget it. Dragons don't live in the same place as snakes. There's no need to talk about the same level." Wu Tian didn't want his roommates to argue with these people, so he advised them.

Lee Meng was watching the joke with pride, but she didn't expect Wu Tian to be so calm, and it was obvious that he was ridiculing her for not being skilled enough.

He was so angry that his face turned red and he said, "Wu Tian, are you even qualified to talk about levels?"

Even if someone like you graduate, you're only fit to work for my boyfriend. You have no future in your life, and you even dare to say something big. If it wasn't for your classmates, I wouldn't even bother to look at you ... A toad! "

Lee Meng spoke so loudly that everyone outside the classroom could hear her clearly.

"Lee Meng, don't be too excessive. Just because Wu Tian can't be bothered with you doesn't mean that he can be easily bullied." These words made Sunn Xiaohao's blood boil.

"You think too highly of yourself. You will regret it." Jiang Wan shook his head and sighed.

The students all knew each other. Jiang Wan knew who Lee Meng was, and he wanted to keep up with her.

However, he was blind. If he didn't hug Wu Tian, the great Buddha, then he would have to step on him a few times.

He couldn't help but feel that she was rather pitiful.

"Hmph."

Lee Meng did not think so and said with a sneer, "How laughable. An ignorant loser like Wu Tian, I can't even blink when I reject you ten thousand times."

"You frog in the well, I think the one who is ignorant is you, Lee Meng." At this moment, a clear

voice came from the door before Wu Tian could say anything.

Everyone looked over and saw that it was actually Liu Yueyao from the class next door.

One of the three great beauties recognized by Luzhou Industry University, her rank was only second to the school beauty Wan Ying. Whether it was her temperament or appearance, she was not the slightest bit stronger than Lee Meng.

Because Wan Ying was a cold person, she never made up her mind to any man.

Therefore, as a third-year beauty, Liu Yueyao, who was ranked second in the entire school, became the hottest goddess in the school.

It was said that her pursuers were able to line up from the school building to the school gate.

"Why is she here? "Lee Meng seems to be in a bad mood. Could it be that Lee Meng has offended her?"

"Impossible, the two of them never get involved with each other. They're not in the same class, so why would Lee Meng offend her when she's full?"

"Don't tell me that you want to fight for Wu Tian? To think that the goddess in my heart would have such a sense of justice."

"Nonsense, how could that be possible? How could Wu Tian allow Liu Yueyao to speak up for him?"

The men in the entire class nearly caused a sensation.

Normally, it would be hard for him to even take a look at Liu Yueyao, but he would have never imagined that the goddess would suddenly visit his class today.

Lee Meng's expression was extremely ugly. "Liu Yueyao, what do you mean by this?"

Wu Tian was also very confused.

I don't know Liu Yueyao at all, why would she speak up for me?

"Nothing much, I just thought you were pretty funny." Liu Yueyao caressed her falling hair and smiled indifferently. "I'm afraid you still don't know that my family owns the Radiant Moon Eater at the side of the school, right?"

Hearing this, Lee Meng's expression became even more unsightly, a trace of jealousy appearing in her eyes.

The reputation of the Radiant Moon Eater was widespread in the entire academy city. Liu

Yueyao was actually the daughter of the boss.

She couldn't afford to offend this kind of rich person.

However, Lee Meng didn't want to lose face. She braced herself and said, "So what? Are you here to show off your wealth?"

"You're too shallow, showing off your wealth and lowering my level." Liu Yueyao looked gentle and quiet and pretty, but her tone was much more imposing than Lee Meng. She continued to say, "Last night, someone bought our Radiant Moon Restaurant."

"What does it have to do with me!" Lee Meng became even more confused.

"Of course it's none of your business, because the buyer is your class' Wu Tian, President Wu. His level really isn't something a person like you can guess." Liu Yueyao's words were like a bomb that exploded on the ground.

At the same time, the whole class was filled with the hissing sound of someone inhaling cold air.

All eyes were on Wu Tian in an instant.

"Oh my god, this is fake!"

"Isn't he a poor diaosi? "How could someone who used to be poor and eat mantou have so much money?"

"I made a mistake, Wu Tian is actually a tycoon. Could it be that he was purposely putting on an act for us to see in the past?"

"Ridiculous. The face of all of you must have been clearly seen by someone."

In an instant, the entire classroom was filled with commotion. No one doubted what Liu Yueyao had said, because there was no need for her to lie at all.

Wang Hong was dumbfounded.

He didn't expect that Sunn Xiaohao's story of how he told Jiang Wan that Wu Tian had bought the Radiant Moon Restaurant last night was actually true.

If it wasn't for Liu Yueyao personally revealing this matter, he wouldn't have believed it even if he had been beaten to death.

All of a sudden, Wang Hong's heart was full of regret. He wished he could slap himself hard in the face for wanting to run away last night.

Right now, Wu Tian must be holding a grudge in his heart.

Lee Meng, on the other hand, was completely dumbfounded. She slumped into her seat, her face ashen as she muttered, "How could this be?"

Liu Yueyao couldn't be bothered to look at Lee Meng's expression anymore. She walked straight into the classroom and stretched out her hand in front of Wu Tian: "Wu Tian, thank you for helping my dad transfer the funds in time. My dad specifically asked me to invite you to my house for dinner tomorrow night."

"Ah, alright. Help me thank CEO Liu." Wu Tian felt a little awkward. He didn't reach out to shake Liu Yueyao's hand. After all, they weren't familiar with each other.

Liu Yueyao, however, didn't mind at all. She stretched out her hand and casually lifted it, causing a few strands of fragrant hair to float in the air.

"Then I'll pick you up from school tomorrow." Then, he waved towards Wu Tian and left the classroom.

It wasn't until she walked out of the room that the crowd was able to react.

"I've never heard of Liu Yueyao being so nice to anyone. That smile of hers is really intoxicating."

"It's over, it's over. Liu Yueyao has fallen in love with Wu Tian. The whole school's men are probably getting drunk from the heartbreak."

"Is Wu Tian called by you?" "You are so impudent, call me Young Master Wu!"

"Ahem, Young Master Wu is so magnanimous. Lord definitely wouldn't care about this person. We're classmates after all."

With Liu Yueyao, Wu Tian immediately became the focus of attention.

The people who were watching him verbally turned their backs on him and started flattering him.

Looking at these people, Wu Tian couldn't help but feel a little disgusted.

In the past, when he was poor, he always tried to find ways to make fun of himself. Now that he was rich, they all came to curry favor with him. His human nature was extremely ugly.

Lee Meng was sullen. At this moment, she had lost all her face.

"Just a few stinky money and you think you're amazing. Wu Tian, just you wait, I'll definitely show you." Lee Meng's heart was filled with resentment.

After the class ended at noon, Wang Hong quietly walked to Wu Tian's side.

"Young Master Wu, we're from the same dorm after all. I'll apologize to you seriously if we've offended you in the past." Wang Hong licked his face with a disgusting smile.

"You didn't do anything to let me down, no need." Wu Tian smiled faintly.

"Actually, I have something to ask of you." A hint of joy appeared in Wang Hong's eyes.

"What is it?"

"My dad's been doing a bit of business lately, and he's had a bit of a problem with the money." Wang Hong followed behind Wu Tian with a stooped back and a flattering look on his face, "Young Master Wu, you look like a tycoon. We are in the same dormitory, can you lend some money to my dad?"

Wu Tian suddenly had the urge to laugh.

This fellow was really realistic. Last night, he ran even faster than a rabbit and usually spoke ill of me.

You even want to borrow money.

"I'm sorry, but my money didn't come from a strong wind. I won't lend it to you." Wu Tian coldly refused and called Sunn Xiaohao and Liu Tie over to the cafeteria.

Wang Hong's flattering smile suddenly stopped.

Two classes in the afternoon.

After school, Wu Tian and Sunn Xiaohao and Jiang Wan had just walked to the dormitory building.

He saw Lee Meng's boyfriend, Zhao Yang, walk out from the corner with three hoodlums with colourful hair and tattoos on their arms.

Zhao Yang hugged Lee Meng's waist with an arrogant expression.

"Wu Tian, I heard you're rich. That's incredible, even daring to bully my woman!"

"I didn't find any trouble with you yesterday's matter on Lee Meng's account, but you still can't learn to be a little more obedient."

"A small upstart like you who doesn't know how to live, you really want me to personally teach you how to conduct yourself."

Sunn Xiaohao saw those hoodlums and was very nervous. However, he did not step back and

instead blocked Wu Tian behind him, "What are you trying to do? This is a school. "

Jiang Wan took out his phone and was about to call 110: "I'm going to call the police. Don't act recklessly."

"These two brats are courting death." The three thugs smiled at each other, then walked forward and pushed Sunn Xiaohao and Jiang Wan away.

"You still dare to call the police? "Wu Tian, kneel in front of me today, kowtow three times, and I'll let you go." Wu Tie let go of Lee Meng, who was in his arms, and walked in front of Wu Tian with an evil grin. "Otherwise, you don't have to stay in this school anymore."

"Big bro, what are you wasting time talking to him? Let's slap him a few times first." One of the hoodlums was about to attack.

"I want to see who dares to move?" At this moment, a sneer sounded out.

Loong Yun, who wore an OL suit and had an arrogant expression, silk stockings and long legs, as well as four sunglasses, and was as sturdy as a cow, walked over from afar.

CHAPTER 6:

Seeing Loong Yun's arrival, the corner of Wu Tian's mouth slightly curled up, revealing a demonic smile. Adding on his expression, he looked just like a demon king.

At this moment, Wu Tian felt really good. He was worried that they would leave.

Now, with Loong Yun and his four bodyguards, his heart was finally at ease.

"Jiang Wan, there's no need to call the police." Wu Tian said to General Wan and then held Sunn Xiaohao behind him.

In a split-second, Wu Tian seemed to have become the focus of the audience.

"Who is it? Bullsh * t! Aren't you afraid that this young master will teach you a lesson?" When Zhao Yang heard that someone was speaking up for Wu Tian, his heart was like a volcano erupting, and his anger surged.

The hooligans also started laughing out loud. Within their territory, anyone that wanted to move would be moved. No one had ever dared to challenge them before.

It sounded like a woman.

Everyone turned to look. Loong Yun appeared in their line of sight.

"Damn, big brother, this girl is great."

"I feel like my body is boiling."

"I can't take it anymore. This girl, I want her tonight."

The three hoodlums shamelessly said what they really wanted to say, revealing an expression like that of a pig.

It was disgusting.

Naturally, Loong Yun also felt extremely disgusted.

"Loong Yun, I want them to have a good time." Wu Tian looked at Zhao Yang with an indifferent look. He ignored the three hooligans and said, "Zhao Yang, today's matter is ours."

As soon as he finished his words, the bodyguards behind Wu Tian were like a black whirlwind, knocking the hoodlums to the ground and rendering them unable to move.

One of the bodyguards directly came in front of Zhao Yang.

Zhao Yang had been a man for a while now. He was afraid that Lee Meng would be hurt, so he took a step forward without hesitation.

The bodyguard's goal was to completely comply with the order and ensure the boss's safety in life.

Without a doubt, Wu Tian's words were like an imperial edict, and the bodyguards could only obey.

Unsurprisingly, Zhao Yang was knocked down easily.

The ground was filled with mournful cries.

"Boss, you've caused us so much trouble."

"That's right, boss. What kind of person are you to bring bodyguards when you go out?"

"I beg you, please let us go, we don't dare anymore."

The little hoodlum was subdued by the bodyguards, so he didn't dare to have any complaints, and could only beg for mercy.

The places where they were hit were all at the joints. It was a good thing that the bodyguards knew their limits. Otherwise, they might really be disabled, and might even be disabled for the

rest of their lives.

On the other hand, Zhao Yang was different. The bodyguard seemed to know Wu Tian's thoughts and gave Zhao Yang special treatment.

"What are you guys doing? Gathering people to fight? I'm calling the police, the police will be here soon." Lee Meng had already called the police when she saw her boyfriend getting beaten up. He didn't know if Wu Tian would beat her up as well. After all, she had said a lot of things about hurting Wu Tian.

"Brother Tian, have mercy, I don't dare. I know I was wrong." Zhao Yang said with blood mixed in his mouth along with his missing teeth. Due to being pressed onto the ground with one hand by the bodyguard, he was out of breath when he spoke.

"Brother Tian, Brother Tian, I, Zhao Yang, am a bastard. I'm a pile of shit. Lee Meng is a bitch. I will break up with her. If Brother Tian likes it, I'll give it to you."

At this moment, Zhao Yang was like a bastard.

Lee Meng's heart broke when she heard her boyfriend's words. She was the right person to be his, so she just gave it to him.

"Zhao Yang, you bastard, I was wrong about you." Lee Meng's heart was filled with mixed feelings. Yesterday, she was the same as him. Today, she was going to give him to someone else, and that was even to Wu Tian.

Lee Meng said something against her will, but her eyes kept looking at Wu Tian from time to time.

At this moment, when he saw the useless Zhao Yang, he regretted so much, but he also hoped that Wu Tian would fall for her.

However, when Lee Meng's gaze landed on Loong Yun, she finally understood the difference between her and Wu Tian.

"Hmph. You all better behave yourselves. I hope you all won't say anything wrong." Wu Tian knew that there would be a law enforcement officer arriving soon, so he left after saying a few words.

"We're going to let them go just like that. Just now, they wanted us to lose an arm or a leg." Sunn Xiaohao was still indignant.

Jiang Wan didn't say anything. He pulled Sunn Xiaohao and with a look, the two of them left first.

Wu Tian also let out a sigh of relief as he watched his two roommates leave.

Honestly, if it wasn't for Loong Yun today, the outcome might have been the opposite. "Thank you."

Wu Tian's words were from the bottom of his heart. He really wanted to thank Loong Yun. Every time they met with danger, he would come out and help.

"Nothing." Loong Yun was still as arrogant as before. Even in front of Wu Tian, she was like an icy beauty.

The two of them walked on without a word for a long time. Finally, Loong Yun said, "Your grandfather wants to keep them by your side to protect you."

"Forget it. There are a lot of things that I can take care of myself." Wu Tian's face revealed a hint of warmth as he said, "Is my grandpa okay?"

The sky gradually turned dark, and it was almost night time.

"Your grandfather is fine, but I won't compromise with you regarding the bodyguards. With them around, we can rest assured of your safety. Since you don't want them to follow you, then I'll Tell them to protect you from the shadows."

"Protecting in the dark. When I heard that it was similar to that, I agreed."

The next day, Liu Yueyao was leaning against a sports car in front of the school, as if she was waiting for someone.

This was big news. Who was Liu Yueyao? The school belle was still in second place. It was a hot topic.

Today, she was at the entrance. She wasn't looking towards the inside of the campus, so it was obvious that she was waiting for someone.

Not long after, Wu Tian slowly walked out of the school gate.

"Student Wu Tian, here, here." Liu Yueyao hurriedly shouted when she saw Wu Tian's figure. At the same time, she waved her small hand in excitement.

This was a person with a full name in the school. If he called out a boy's name so blatantly, it was likely that a scandal would spread the next day.

Everyone's gaze fell on Wu Tian when they heard Liu Yueyao's words.

They were all looking at him with the eyes of thousands of people.

Seeing so many eyes on his body, even the thick-skinned Wu Tian felt shy. He jogged into Liu Yueyao's car.

"Let's go, let's go."

When Liu Yueyao saw Wu Tian get on the car, she smiled and hit the gas pedal. The car rushed out and disappeared from everyone's sight in a few seconds.

Watching the two of them leave, the school gate was bustling with noise and excitement. According to this trend, the two of them would be the headlines tomorrow.

"I can't tell, but President Wu is still shy." Liu Yueyao looked at Wu Tian through the rearview mirror and said.

Wu Tian smiled awkwardly and soon, the car arrived at Liu Yueyao's house.

This was a private villa. The two of them got off the car and walked towards the interior of the house.

At this moment, the inside of the house was quite lively. The moment Liu Yueyao opened the door, a burst of cheers sounded out beside Wu Tian's ear.

"Yueyao is back, our mistress is back."

"Yueyao, hurry and come to Melco."

Everyone's eyes were focused in front of Liu Yueyao, completely ignoring Wu Tian, who was standing behind her.

Right, a set of cheap stall would inevitably attract the attention of others.

Along the way, Liu Yueyao greeted him. There were too many good friends.

Wu Tian was just like a curious baby. He looked around and thought that if he didn't buy a villa to stay in, he would.

When Liu Yueyao arrived at the backyard of the mansion, Liu Jun was also there. When he saw Wu Tie beside Liu Yueyao, a smile appeared on his face.

"President Wu is also here. Today, my daughter has organized a party and everyone here are her good friends." Liu Jun introduced himself briefly and then told Liu Yueyao to take care of him before leaving.

Wu Tian said a few polite words but didn't care much about it. He didn't know anyone here except Liu Yueyao.

At this moment, someone finally noticed Wu Tian. They realized that no matter where Liu Yueyao went, Wu Tian would follow her. Even meeting Liu Jun was the same. Moreover, the two of them seemed to be in an intimate relationship.

"Yueyao, who is he, your boyfriend?" A good friend of Liu Yueyao's walked over and asked.

Liu Yueyao smiled and said, "Guess."

"Yeah, who is Yueyao to you?" Lin Zhicheng also walked over, seemingly very concerned about Wu Tian's identity.

However, when he saw Wu Tian's body and clothes, a hint of disdain appeared on his face.

"He's just my friend." Although Liu Yueyao said so, his hands were betrayed.

He held Wu Tian's arm as if they were very close.

Seeing this, Lin Sanjiu's eyes almost spouted fire.

Everyone in the circle knew that Lin Zhisheng liked Liu Yueyao, and it was the kind of person who almost forgot himself. It was as if he had lost all sense of reason to see Liu Yueyao so close to a man he didn't know.

"Who are you? How dare you get so close to me, Yueyao?" Lin Zemu walked up to Wu Tian with a vicious expression.

CHAPTER 7:

Everyone looked at Wu Tian and Liu Yueyao.

The two of them were like a sweet couple.

"Who are you, stay away from him." He would not allow anyone to be so close to Liu Yueyao.

In his heart, Liu Yueyao was like a reverse scale. If he touched her, he would go crazy and go insane.

"Lin Zicheng, you and I are just normal friends. Please don't call me Yueyao, you can call me Lin Yueyao."

Lin Zisheng, who had already lost his head from anger, was about to launch an attack.

His anger had reached the top of his head, and he nearly rolled up his sleeves to vent it out for

Wu Tian.

The people around them stopped talking and gathered around the three of them. Some of them even recognized Melo and stood by the side, cheering for him.

"Young Master Lin, Young Master Lin is in a rage. That boy is finished."

"Hur hur, there's going to be a good show tonight."

"Who is that kid, daring to meet Liu Yueyao so blatantly, isn't he courting death?"

"Exactly, just look at his clothes. I reckon that set of clothes he's wearing is only worth a hundred yuan."

The surrounding people all pointed at him. Wu Tian didn't have anything to say, so they could say whatever they wanted and go their own way.

However, Liu Yueyao was different. Wu Tian was their VIP today. How could she receive such treatment?

Just as the war was about to break out, Liu Jun walked in from the outer room.

"Yueyao, it's rare for your classmates to come here, you have to take good care of them. And your friends, we're all friends here. If you have anything to say, just say it later."

"And you, Lin Zicheng, calm down. If you dare to make a move, I'll teach you a lesson in place of your father."

Liu Jun was familiar with Lin Zisheng's father. The relationship between the two of them was like that of brothers. After all, they had shouldered a gun together, and they had been whoring together.

The battlefield that looked like gunpowder had been destroyed in a few words. Lin Sanjiu could only feel hatred in his heart at the sight of this.

Wu Tian followed Liu Yueyao to a sofa. Liu Yueyao was very sensible and got some fruits and drinks for Wu Tian.

He was a customer after all. Before he could even warm his seat, he was already angered by some people who mocked him and made him unable to explain himself.

"I'm sorry."

Liu Yueyao didn't know what to say. Facing Wu Tian, she had a vague feeling.

Wu Tian was startled when he saw Liu Yueyao's eyes moving around with tears glistening in her

eyes.

Could it be that he had been too calm today? Did the other party think that he was angry?

Afraid that Liu Yueyao would cry, Wu Tian hurriedly explained, "It's alright, Student Liu. I just think of them as flies, buzzing in my ears."

"You don't have to apologize to me. There's no choice, my clothes are all on the market, it's less than 100 yuan."

Wu Tian grinned and said while tugging at his shirt that was less than 30 yuan. His eyes were full of smiles, "How could I live like a princess all day like Miss Liu? In their eyes, I'm just a toad that wants to eat swan meat."

"If this was in the past, I probably wouldn't even dare to look at you. But now, I've discovered that you're truly beautiful."

Wu Tian spoke his mind. He even dared to chase after Lee Meng, not to mention Liu Yueyao, who was not even a hundred times better than Lee Meng.

"Wu Tian, I've noticed that you're not being honest either. You're just like those people with glib tongue, talking about how beauties make bids."

Liu Yueyao's face was flushed.

"Well, I gave you an apple. No need to thank me, I'm in a good mood today."

Without waiting for Wu Tian to speak, Liu Yueyao passed the apple in her hand to Wu Tian.

Wu Tian wanted to decline, but Liu Yueyao didn't seem to plan to give up, so she simply took it.

When this scene appeared in the eyes of the distant Forest Diet, both of his eyes burned with fury. His butt felt as if he was sitting on pins and needles, and he probably even wanted Wu Tian to die.

Everyone already knew that he liked Liu Yueyao, but Liu Yueyao just didn't like him. Now, a pretty boy had appeared out of nowhere and almost took away Liu Yueyao's soul.

"Young Master Lin, why don't I ask a few of my brothers to teach him a lesson?"

"That's right, Young Master Lin. We can't touch him here, he's just a fish on the chopping block outside, we're just waiting to be slaughtered."

A few youngsters were walking around the city, and most of them wanted to show Wu Tian who was boss.

When Liu Yueyao's laughter reached Lin Zi Ge's ears, he was angered to the point that he clenched his fists tightly. His eyes stared at Wu Tian as his teeth chattered.

The gathering quickly ended and the guests left one by one. Finally, only Wu Tian and the Liu family were left.

Liu Jun actually wanted to make a match for Wu Tian... As a young man, of course he had to choose one that his daughter liked, one that he liked.

Wu Tian was obviously that person. He also helped him a lot, and it was for a young man, a billionaire. At the same time, he also found that his daughter seemed to be especially easy to get along with Wu Tian.

This easygoing relationship was naturally not the friendship of a friend, but the relationship between the two.

"Dad, I'll send Wu Tian back to school. You rest early."

Liu Yueyao looked at the sky and said to Liu Jun.

Hearing that his daughter was leaving with Wu Tian, Liu Jun was naturally happy. After all, the two of them had come into contact a lot in private. Perhaps, they might be able to make some progress ...

Liu Jun also smiled at Wu Tian as he thought this. He reminded Wu Tian in a low voice while his daughter wasn't paying attention.

"Young people have many common topics to discuss. We can discuss more on the way ..."

Wu Tian was confused by Liu Yueyao's words.

Soon, he drove the car back to the school.

"Thank you for coming, and thank you for helping my dad."

Liu Yueyao thanked him sincerely.

CHAPTER 8:

"Nothing, this is just convenient."

Wu Tian pursed his lips into a smile, causing Liu Yueyao to be secretly speechless ... Such a huge amount of money was also a piece of cake, so Wu Tian was probably the only one who said

that.

After seeing Liu Yueyao off, Wu Tian returned to his dorm.

"Creak." The door was gently pushed open, and it was pitch black inside.

Apparently, everyone had already fallen asleep.

In order not to disturb his roommates' rest time, Wu Tian just tiptoed over to his bed and muttered, "Strange, why are all of you sleeping so early today? Are you all not going to be dark anymore?"

His butt had just touched the bed.

Suddenly.

With a "pa" sound, someone switched on the light.

"Sure, Wu Tian. I didn't expect you to be back so soon. Why are you so warm?"

Sunn Xiaohao smiled obscenely, not knowing what was going on in his mind.

"You must have accompanied the goddess. She is the goddess in the hearts of the male colleagues in the school." Jiang Wan also teased, "I reckon tomorrow, you will become a big celebrity. I'm afraid you don't know that at the school gates today, Liu Yueyao let a man into a car. What does that mean?"

Jiang Wen feigned suspicion, hanging Wu Tian's appetite.

Wu Tian, who was still feeling sleepy, suddenly woke up. He asked in confusion: "What's wrong, isn't it just going to eat?"

"What!?"

"You guys are just eating."

Sunn Xiaohao immediately revealed a surprised expression, "Haven't you done something else?"

"Enough, enough. Am I that kind of person?"

Wu Tian waved his hand, put his hand on his mouth and laughed. Then he laid down on the bed, took out his phone and shouted: "Don't worry about it so much, if you don't sleep, come and open up."

"My great treasured sword is unable to endure the thirst."

Wu Tian was still awake until one in the morning, but his roommate was already snoring, which made Wu Tian want to throw a pillow at him.

But after thinking about it, he held it in.

Since he wasn't sleepy, Wu Tian just browsed the web page and suddenly saw a live broadcast platform.

He was very familiar with this platform, as he used to watch live broadcasts here.

He still remembered that there was a streamer who had never shown his face, so he didn't know why.

He clicked on the live broadcast platform's page.

Looking for "masked girl", he saw a room and went in to check. Sure enough, she was still doing the live broadcast.

He had watched this girl's live broadcast before, and it had to be said that her voice was very pleasant to hear. Every time he heard it, he would feel at peace.

However, although the masked lady's voice was very pleasant to hear and made one's mind carefree, her broadcast room was also empty.

Such a moving singing voice, only a few people were listening to it, and there were even some people who disapproved of her.

"What song is that? It sounds so bad. I wonder how a little streamer like you managed to survive."

"Brother above, be careful when you speak. The songs of us masked girls are obviously very pleasant to listen to."

"Yeah, who is this? It's Hei Zi, right?"

Suddenly, the broadcast room exploded. The black man continued to be blacklisted while the others helped.

Just as the live broadcast room was about to become a market, the masked girl finally spoke.

She lightly coughed a few times before sighing and said, "If you want to hear me sing, then listen quietly. If you don't want to hear it, then please leave."

After she finished speaking, the woman no longer bothered with others.

When Wu Tian saw the woman in front of him, a smile appeared on his face.

Suddenly, he wanted to see the woman's face.

Thus, Wu Tian put his hands on the keyboard. After a moment of thought, he started typing on the keyboard.

"Miss Masked Mask, do you want fire?"

After typing, Wu Tian pressed the enter button and sent the message.

Not long after, the masked girl replied.

"I won't be angry. I just want to quietly sing here so that you can all hear me."

But in the next second.

"Phew, the mad mortals have given you 10 space ships."

A series of notifications sounded in the live broadcast room.

Wu Tian tapped on the keyboard with his fingers, causing it to ring non-stop.

When the people in the live broadcast room heard the system notification sound, it immediately blew up.

All the divers had come out.

"Wow, a tycoon, who's that? One of them is ten interstellar spaceships."

"10,000 RMB per spaceship, that's a hundred thousand RMB for ten spaceships."

"Upstairs, you look like a country bumpkin, I'm afraid you're still chewing on the steamed buns."

There were people who wanted to buy presents for the live broadcast, and it was a hundred thousand. It was not a small number and it also alerted the spies who were lurking in the live broadcast room.

This person was from another broadcast room, because the woman in the broadcast room was very mysterious. Furthermore, her singing voice was also very nice. She had always been squatting in the broadcast room to discredit her fans.

When he saw someone brushing gifts on the live broadcast, he immediately went back to his live broadcast studio to report it.

After all, it was up to the tycoon to protect the streamer if the streamer was not on fire. Now that the masked lady had brought a tycoon here, it was a big deal because it meant that she might be on fire.

"Ding, Supreme Two Dog general direct broadcast."

"Ding, the distant alien general broadcast room."

The two tycoons, who originally only had a few hundred people in the broadcast room, suddenly made the broadcast room go crazy.

Everyone began sending messages.

"Welcome, you two tycoons."

"Welcome, tycoon."

"Damn, there's a big boss coming in!"

"I want to hug a tycoon's leg."

"Is the tycoon still lacking a hanging piece?"

The live broadcast room suddenly became lively as the crowd burst into an uproar.

The masked girl was also dumbfounded. How could three tycoons suddenly appear, and they even attacked for a hundred thousand yuan?

This was no small amount to her.

"Whose live broadcast room is this?"

The tycoon "distant alien" spoke up.

"I don't know. I heard that someone is here to pick up presents and come over to take a look."

Supreme Two also spoke.

The two tycoons seemed to know each other as they chatted.

"Ding, the mad mortal sends the masked girl 10 interstellar spaceships."

Wu Tian was the one who was cleaning the spaceship. Not only did he want to help the live broadcast girl, he also wanted to find out more about the water on the broadcast platform to pave the way for his investment in the next step.

Seeing that a tycoon had arrived, Wu Tian gave him a few gifts and then said: "We are guests. Since you have come, please listen to the singing with a mask on."

Hearing Wu Tian's words, she picked up the microphone and started singing the song that she was most familiar with.

The singing was still as pleasant as before, intoxicating Wu Tian.

The tycoon seemed to have recognized the masked girl's voice and immediately wanted to see her appearance.

Seeing this, the corner of Wu Tian's mouth slightly curled up. What he wanted was this kind of effect. Then, he typed out a line of words in a rhythm.

"If you want to see how she looks, it's not impossible. As long as you see who has the best gift, you can ask the masked lady to take off her veil."

When the words came out, the broadcast was in an uproar.

What a joke, they had been listening to this song for two years and had never seen the face of a masked lady before.

The tycoon readily agreed.

Wu Tian directly started to brush the presents without saying a word.

The screens were filled with spaceships flying past. Dozens of spaceships were flying past, and those watching were stunned.

"Holy sh * t, the tycoon didn't even blink when he swiped the presents. He's too awesome."

"This is incredible. I feel like this streamer will get really popular."

"Upstairs, what you said makes sense. If you don't anger me, I will live broadcast and eat my cake."

Almost all of the fans in the live broadcast room were brainless and loyal, and they were happy that the masked girl could be angry.

It took him 2.5 million before he stopped.

Wu Tian didn't know how much he did, it was fine as long as he knew he was ahead.

The tycoon seemed to know how terrifying Wu Tian was and quietly left the live broadcast room.

SudDenly, the audience began to speak up. 666.

To them, the mad mortal had directly become the masked lady's guardian.

After one wave of manipulation, he had also become a celebrity.

It wouldn't take long for this news to get others to come and watch it. Soon, this broadcast

room would be on fire, because there were 4 million gifts here.

"Thank you Crazy Mortal Big Brother, I don't have anything good to say, but I didn't promise to show you my appearance, so I'm sorry."

The masked lady seemed to be helpless. The other party had done so much for her, but she couldn't show it to him. It was more or less unjustifiable.

He could only choose a song to make up for it.

"It's fine, it's just a small amount of money." Wu Tian looked at the screen and was very satisfied with his performance.

It seemed like the money was still the culprit. If it was before, he would have been shouting 666 like a popinjay.

There was a reason behind the saying that money could make a fool out of itself.

He didn't know when the sleepiness came, but Wu Tian looked at the time. It was already 4 in the morning and dawn was about to arrive.

The dormitory was still filled with snoring sounds.

"Looks like I'm going to buy a house." Wu Tian said in a low voice. His eyes were blurred, and gradually, sleepiness overcame him. Unable to bear it any longer, he fell asleep.

CHAPTER 9:

The next morning, Wu Tian slept late and woke up late.

When he got up, he was the only one in the room.

The morning class was almost a dream.

In the afternoon, Wu Tian looked around and left the school. He then started to walk towards the sales center.

In terms of buying a house, he naturally had to choose the best location. As for the price, of course he had to choose the most expensive one.

"Taxi."

Wu Tian stopped a taxi and said, "Master, let's go to the Haitian Villa District."

After hearing what Wu Tian said, the taxi driver couldn't help but look at him twice.

"Little brother, where do you live? I heard that's not a place an ordinary person can live in. It can be said that an inch of land is extremely expensive."

His master was a local, driving a taxi and working hard to earn money. When he saw that Wu Tian was wearing nothing but ordinary clothes, he asked curiously.

Wu Tian was not vague and said casually, "I went to buy a house. I heard that the location is not bad, and the price of the house is fine."

"Hur hur."

The taxi driver was silent. Most people couldn't afford to buy a house from Hai Tian, much less this young man in the taxi.

Soon, the car arrived at the Sea-Sky sales center, Wu Tian gave the master 100 yuan.

"There's no need to look for it."

He then walked towards the sales center of Hai Tian City.

The sales center was extremely grand. It could even be described as magnificent and luxurious, with every inch of land and inch of gold inside.

As he walked into the sales center, no one came to pick him up.

"Forget it, I'll just take a walk myself."

Wu Tian looked over here and over there. Finally, the salesperson saw him.

However, the salesperson couldn't be bothered with Wu Tian. Seeing Wu Tian's shabby clothes, one could tell that he was a hot-blooded young man who wanted to exaggerate the fact that he was buying a house at Haikou.

The salesperson walked in front of Wu Tian with the intention to send him off.

Wu Tian was standing in front of a sand table. He saw a nice villa with a view of the sea. He looked back and forth several times and just wanted to see the view of the sea.

After walking around in a circle, he had taken a fancy to three suites.

They were all houses facing a river. They were pretty good. Xiangyang was also very good. They sat on the north side while facing south.

"You are a salesperson, hmm, Liu Li."

Wu Tian looked at the tag and said.

He wasn't friendly to Liu Li at all, she was obviously sent to send him off.

However, he was really here to buy a house. It seemed like he was going to be taken advantage of by this Liu Li.

He ignored the bitter look on the salesman's face.

"I want to take a look at the Seaview Room. Your best Seaview Room is for me to take a look."

Wu Tian's voice wasn't loud, but it was heard by quite a few people in the huge hall.

Suddenly, everyone in the living room turned around and looked at Wu Tian.

When they saw a young man like Wu Tian, all of them couldn't help but shake their heads.

He was another guy who slapped his own face to make a fool of himself. It might not be a good thing to have an ambitious dream, but one must know that in the Sky Sea, a seascape house was worth several million yuan.

A few million wasn't a waste of time, it was the worst source of income.

If you want to pick the best, the price will go up.

This was not something that an ordinary person could bear.

"Sir, how should I address you?"

Liu Li looked at Wu Tian mockingly and said expressionlessly.

"My surname is Wu." Wu Tian ignored Liu Li and continued, "Can you show me the room?"

"Sorry, Mr Wu, I'm not feeling well today. Let me find someone who's familiar with the program for you to take a look."

Liu Li said while covering her forehead. Then, she waved towards the sales counter as a young rookie ran over.

Seeing the newbie so eager, Liu Li immediately felt disdain for him.

"If he can buy a house, then my name will be written upside down."

Liu Li muttered.

"Mr Wu, right? I will bring you to see the room. My name is Li Qing, you can ask me if there's

anything you don't understand."

Li Qing said before bringing Wu Tian to the view room.

The two of them left the sales center, at the Haitian Villa District behind them.

Under Wu Tian's instructions, the two of them looked at the three suites. These three suites were the ones Wu Tian liked, and one of them, the Seaview Room, was the best.

At the same time, Wu Tian also took a fancy to one of the villas facing the river.

This villa was one and only. There were no villas nearby, so it was absolutely quiet.

This was also Wu Tian's favorite point, silence.

He and sales Li Qing had a very good chat, visit the house began to sell the center.

"Mr Wu is very satisfied. I see that you are very satisfied with Room 103 in Area A." Li Qing revealed a professional smile, her voice gentle and pleasant.

"Yeah, I also like that set. How about we just leave it to him? Let's go pay the bill and get a room now." Wu Tian immediately said.

Li Qing was astonished by all these. The price of that house was not low, and this Mr Wu didn't look like a rich person.

She was in this business and understood the logic behind it.

When the two of them returned to the sales center, their colleagues were very curious and started asking about the apartment that Wu Tian had taken a fancy to.

When they heard that it was area A, No. 103, everyone revealed a mocking expression.

A poor wretch wanting to buy a villa worth ten million was simply wishful thinking.

Let's see what money he'll take out to buy later. It can't be underworld money, right?

Everyone was waiting to see Wu Tian make a fool of himself.

CHAPTER 10:

Li Qing has always been very enthusiastic, showing the professional quality that a sales clerk should have.

She didn't know if Wu Tian had the money to buy this mansion, so she wasn't sure if he was trying to tease her.

However, she treated every customer with this attitude. Even if they didn't want to buy it, she was still very patient.

On the other hand, Liu Li walked in front of Wu Tian and mocked: "Are you really thinking of buying this set of Rivers Scenic Room?"

"Of course." Wu Tian nodded forcefully, he didn't seem to be joking at all.

"This house is over ten million yuan."

"I know."

"And you are a mortgage? Or is it all?" Liu Li crossed her arms across her chest with a playful smile on her face.

"Full."

"Puff ..." Upon hearing these words, Liu Li couldn't hold back her laughter any longer and burst out laughing.

The diaosi in front of him really knew how to dress up. He was wearing a street stall with tens of yuan on it and had even come here to buy a house.

As she laughed, the other salespeople could not help but secretly laugh.

After laughing for a long time, Liu Li pretended to be very polite as she stretched out her right hand, "Here, please pay up and go through the formalities."

After that, she retreated to the side and stood with a few other salespeople to watch the show. She wanted to see how this pretentious brat would end up today.

"I'll swipe my card!" Five days later, he took out his bank card and handed it to Li Qing. "Please help me with the procedures."

"Alright!" Li Qing took the bank card with both hands. At this moment, she was very nervous and didn't know if there was any money in the card.

Ye Zichen took out his pos and put in 10 million, then put his bank card on it.

Liu Li and the sales staff all moved their heads over. They couldn't wait to see a joke.

After swiping the card, the POS machine prompted the successfully swiped card to buzz, and then the POS machine printed out the transaction note.

Seeing that the card was swiped successfully, Liu Li and the sales staff were all dumbfounded. They never thought that 10 million would actually be drawn out of the card.

How could the sales staff laugh like that? They stared at Wu Tian like they were looking at a monster with exaggerated expressions.

They didn't think that the kid in front of them wasn't a poor bloke, but a rich person with quite a bit of wealth.

To be able to buy such a riverside mansion with a capital of ten million, how rich must he be? His worth was at least over a hundred million.

Li Qing was also surprised. She did not expect Wu Tian to be so rich. She was surprised, but also pleasantly surprised.

She was an intern sales representative and had never accepted a large order before. This was the first time she had come into contact with such a large order with ten million RMB. Just the commission alone made her pay for several months.

"Mr. Wang, the credit card has been successfully swiped. Here is your bank card." After swiping the card, Li Qing returned the card to Wu Tian with both hands. His hands were trembling with excitement.

"Alright then!"

Wu Tian put away his bank card and instructed with a smile, "Hurry up and help me with the paperwork. The sooner the better."

To be honest, she had a good impression of this girl in front of her. She was not as powerful as the other salespeople.

He felt comfortable allowing Li Qing's girl to earn a commission.

"Alright, I'll do the paperwork for you right now." Li Qing was so happy that her mouth could not close. Holding the ticket, she started to work excitedly.

The other salespeople were all especially envious of Li Qing.

Especially Liu Li. She was the one who pushed the big bill to Li Qing. Just thinking about it made her feel regret and heartache.

If she knew Wu Tian was so rich, she would have showed her big white teeth and received him properly.

After a moment of surprise, a few sales staff surrounded him, changing their attitude from

before and fawning on Wu Tian.

Now that they knew Wu Tian was a rich and unscrupulous person, even if he lent them 120 times the courage, they still wouldn't dare to offend him.

After completing the procedures, it was already afternoon. Under the warm greetings from the sales staff, Wu Tian left the sales department with his title certificate. From now on, he was also someone who had a house.

After he bought the house, he called Loong Yun and arranged for her to buy furniture.

Loong Yun was truly worthy of being the old tutor's chosen secretary. She did things cleanly and set up her new room on the very same day.

Wu Tian moved into his new house overnight. Looking at the huge room filled with brand-new furniture and the beautiful secretary, he felt extremely comfortable.

After looking around every room, Wu Tian finally stopped at the study room.

Looking at the shelves filled with books on economics, he couldn't help but furrow his brows and question, "Why are there so many books in the study?"

"This is the old man's order. After all, young master, you have to manage billions of dollars in assets in the future. You need professional knowledge and the industry to manage it." Loong Yun explained with an expressionless face.

"But ..."

"The old man also said that he wanted me to supervise your studies in the future."

"That won't be necessary." Wu Tian scratched his head and looked at Loong Yun with a slight headache. "A great beauty like you staying here, how could I have the mood to study? You should leave, I will slowly learn by myself."

"Ugh ..." "Fine!" Loong Yun smiled embarrassedly before turning around and walking out.

"Hu!" Wu Tian slumped on the chair and let out a long breath, it seems like inheriting a trillion yuan wasn't as easy as he thought.

Soon, he pulled himself together and started to read the books seriously.

He used to be afraid of being poor, but he had to think of a way to make himself stronger. He mustn't let his grandfather down.

After reading a book, he recalled that female anchorwoman called the masked girl.

The platform that the female streamer was on was called seafood TV. The platform was very small and there were very few famous streamers, but it had a very complete interface and various services.

Just now when he was reading, he had received some insights. If he could invest a little in a live broadcast platform like this, he might be able to earn a lot of money.

Wu Tian didn't sleep until quite late at night as he thought about the issue of seafood.

The next day, he woke up and went to school. He met Zhao Yang and Lee Meng at the entrance of the classroom.

After the brutal scene yesterday, there were some bruises on Zhao Yang's face. When he saw Wu Tian, his neck shrank and his eyes were filled with fear.

Lee Meng was also frightened to the point of dodging.

The two of them were shocked by the four bodyguards from yesterday.

Wu Tian didn't say much. He glanced at the two of them and walked into the classroom.

"I ..."

The corner of Lee Meng's mouth quivered. She watched Wu Tian's back as he walked further and further away. In the end, she still didn't say what she wanted to say.

Only now did she realize that Wu Tian, who had been lapping her butt like a dog, was gone forever.

Right now, Wu Tian seemed to be aloof and aloof, not allowing her to climb any further.

The moment Wu Tian entered the classroom, the students started to discuss among themselves. Everyone was talking about the relationship between him and Liu Yueyao.

When they saw Wu Tian get on Liu Mengyao's car, they were extremely envious.

As everyone was discussing, Mu Rann's sudden appearance scared all of the students into silence.

Mu Rann was the most brutal teacher in the entire department, and she was secretly treated as a female devil by her classmates.

In her class, no one dared to not listen carefully.

Mu Rann was fierce, but she was very pretty. She wore a long dress, and her beauty could not be described with words.
