

CHAPTER 141:

They chatted a few words. Just as Wu Tian was about to leave, Su Xiaoxiao came over with a smile.

"Boss Wu..."

Su Xiaoxiao called out with a sweet and greasy voice, and then put most of her body close to Wu Tian, "I didn't expect that boss Wu was young and became the boss of seafood TV."

"What can I do for you?" Wu Tian keeps a little distance from the woman and asks in a mild way.

"That..."

Su Xiaoxiao stroked her hair at the corner of her ear and said in a soft and charming way: "after the carnival is over, I'd like to invite boss Wu to my home for supper."

"Do you have supper at home?" Wu Tian naturally understood the woman's implication and asked coldly.

"As long as boss Wu wants to eat, I have everything in my family." Su Xiaoxiao simply pasted most of her body in the past, and her tone of voice was soft and charming to her bones.

"I'm sorry, and I'm not interested in eating at night." Wu Tian resolutely refused, he did not have any interest in this kind of "bus" delivered to the door.

"Well Maybe another day... "

"The carnival time is coming. You'd better prepare yourself and play later. Don't let me down."
Wu Tian dropped the words and walked out of the Houchang district quickly.

In this era, women like Su Xiaoxiao who sell their bodies for the sake of being superior are all over the street.

For other rich second generation, they may agree to "eat supper" with Su Xiaoxiao, but Wu Tian is not interested in this kind of woman.

Walking out of the waiting area, I saw that the audience was full under the stage, making a lot of noise.

Soon in the crowd to see two familiar figures, sun Xiaohao and Jiang Wan, did not expect that they also ran to join the fun.

Their injuries were not healed, and they did not dare to crowd in the crowd. They were soon pushed to the back of the crowd.

Wu Tian walked quickly, patted them on the back twice and said with a smile, "Xiao Hao, Jiang Wan."

"You're here too, little day." Both sun Xiaohao and Jiang Wan were surprised and said excitedly, "are you here to join the seafood carnival?"

"Yes, I didn't expect you to be here."

"I heard that Huang Lan is going to be on stage tonight. We mainly came to see Huang Lan." Sun

Xiaohao and Jiang Wan could not hide their joy and excitement.

Since listening to Huang Lan's latest single, they have been deeply attracted and become fans of Huang Lan.

"You have not recovered from the injury. Look at Huang Lan. Go home and get well." Wu Tian said this and pushed them out of the crowd.

He didn't want them to squeeze around here. In case of wound, infection and inflammation, it would be troublesome.

"Xiao Tian, tonight is a great opportunity to get close to Huang Lan. We don't want to miss it." Jiang Wanyi stood in the same place with a stubborn face.

Sun Xiaohao is also very firm: "yes, Xiaotian, it's not easy to look forward to Huang Lan's stage. Let's stay. What's more, our small injury is not a big deal."

"I'm worried about you getting hurt again."

"I know you're good for us, but if we don't see Huang Lan and leave like this, we're really not reconciled." Jiang Wan looks at Wu Tian with almost pleading eyes.

Just then there was a commotion in the crowd.

I saw a luxury saloon car coming. Under the protection of several bodyguards, Huang Lan came down in leather, with big black glasses on her face.

Fans instantly become crazy, a head of the car rush past, instantly surrounded by Huang Lan.

Everyone touched out their mobile phones to take photos, and asked Huang Lan to sign their names one after another. They all showed great enthusiasm.

Compared with the enthusiasm of fans, Huang Lan is very indifferent, just a stiff expression of the wave to greet the fans.

Then he walked to the independent rest area with long legs.

This is what we see in the eyes of Huang Lan, sexy, cold, arrogant and overbearing, giving people a sense of indifference.

In the Long March, we all left behind a cry.

"Alas

Seeing Huang Lan disappear, sun Xiaohao and Jiang Wan sigh at the same time.

They were squeezed behind the crowd just now. They didn't see anything. Before they took out their mobile phones, they couldn't see Huang Lan.

Two people secretly regret, just such a good opportunity to contact Huang Lan, but they have missed.

"Xiaotian, it seems that we have to push forward, otherwise it is difficult to get close to Huang Lan." Jiang Wanyi said with a sad face.

"Do you really like Huang Lan so much?"

"Of course."

"Well, as a good brother, I'll help you realize that wish." Wu Tian stretched out his hand, one left and one right, and put them on their shoulders. He said with a smile, "I'll take you to see Huang Lan."

"My God, you're a real joke." Sun Xiaohao and Jiang Wan did not believe this, thinking Wu Tian was joking.

"I'm not kidding you. I mean it." "Forget it. It's unrealistic if you want to peep. There are so many bodyguards outside the room that they are thrown out before you get close." Sun Xiaohao thought that Wu Tian wanted to peep.

"Who says I'm going to peep, I'm blatant. Let's go." Wu Tian just pulls two people toward Huang Lan's temporary rest room.

The place where Huang Lan lives is different from other anchors. She has a very high grade. There are bodyguards outside the room.

Sun Xiaohao and Jiang Wan were a little nervous, for fear that the bodyguards would throw them out.

As soon as they got close to the rest room, they were blocked by several tall bodyguards and told them to stay away.

Wu Tian didn't say a word. He took out his mobile phone and sent a message to Huang Lan.

Less than a moment later, the door guard received a phone call, respectfully opened the door and invited the three people in.

Seeing the bodyguard's attitude, sun Xiaohao and Jiang Wan were stunned. They didn't expect that the bodyguard would let them in.

"Let's go!"

When Wu Tian said this, he took the lead to walk to the rest room. Sun Xiaohao and Jiang Wan followed him excitedly, looking a little nervous.

Although this is a temporary rest room, but the interior decoration is very luxurious, all kinds of furniture and appliances are available.

As soon as I went in, I saw Huang Lan sitting in front of the sofa looking at impurities.

She was still in her fur suit and trousers, and she looked wild, but she sat at random.

Sun Xiaohao and Jiang Wan follow Wu Tianyi into the room like thieves. Their movements are more rigid than wood.

As soon as I saw Huang Lan, they became more nervous. They were all at a loss, and their hearts were beating wildly.

It's the first time I've seen an idol so close that I can't help feeling excited.

"Sister LAN, didn't you disturb your rest?" Compared with sun and Jiang, Wu Tian was quite calm.

With LAN elder sister together for such a long time, had many meals, the relationship between the two people and ordinary friends is no difference.

However, when Wu Tian met Huang Lan for the first time, he was as nervous and excited as sun Xiaohao and Jiang Wan.

"Pa!"

Huang Lan threw the magazine on the table and said with a smile, "you're here, sister, be happy. Just sit down at will."

Sun Xiaohao and Jiang Wan were both very surprised. They didn't expect Huang Lan to be so kind to Wu Tian and called them sister and brother.

CHAPTER 142:

Until this time, sun and Jiang understood that Xiao Tian and Huang Lan had known each other for a long time. It seemed that their relationship was very different.

Otherwise, with Huang Lan's arrogant character, she will not match Xiaotian's brother-in-law and call her so intimate.

"Yes."

Wu Tian was not eager to take his seat, pointing to the two people behind him, he introduced: "these two are my classmates, sun Xiaohao and Jiang Wan."

"Then let your classmates sit down too!" Huang Lan glanced at them and quickly recovered to their former indifference.

Only in front of Wu Tian will she show her feminine side, and she will be high in front of other men.

"Come on, sit down. Don't be too restrained." Wu Tian pushes them to sit down in front of the sofa.

It's just that they're sitting in funny, stiff, straight bodies that look like wood.

Wu Tian sat down and said with a smile, "sister LAN, these two classmates are your fans. I want to take a picture with you. Do you think it's ok?"

"Since it's your classmate, of course it's OK." Huang Lan stood up from the sofa and said, "let's go!"

"OK, I'll take your picture." Wu Tian quickly winked at sun Xiaohao and Jiang Wan.

Two people this just reacts to come over, hastily stands up to Huang Lan both sides, but the distance is a little far.

Wu Tian took a few photos of the three people with his mobile phone, and then suggested, "why don't you sign us again?"

"I just made a new album." Huang Lan takes out two new albums from her bag, signs them and hands them to Wu Tian.

"Thank you, sister LAN." After thanking him, Wu Tian handed over the two signed albums to sun Xiaohao and Jiang Wan.

Both of them were very excited to take over the new album.

"Well, you go out. I want to rest." Huang Lan's face was expressionless and ordered to leave.

"Well, let's go first. We'll listen to you singing under the stage later." Wu Tian finished saying this and prepared to leave with sun Xiaohao and Jiang Wan.

Just walked to the door, only listen to Huang Lan again: "bad boy, you stay, accompany elder sister to talk."

"Er..."

Wu Tian had to stop and say to sun Xiaohao and Jiang Wan, "you go outside and wait for a while. I'll come out immediately."

After staring at Wu for a few days, he quickly walked out of the room.

"Come and sit down." Huang Lan patted the sofa beside her, then changed a comfortable posture to lean on it.

This posture is very unsightly. Fortunately, it's not a skirt, otherwise it would be too beautiful.

Only when Wu Tian is here, she will be so unscrupulous and regardless of her image. In front of outsiders, she will always be a pair of high and cold posture.

"Sister LAN, do you have anything to say to me?" Wu Tian goes over and sits down beside Huang Lan.

"What do you think people live for?" Huang Lan looked up at the ceiling and asked a sentimental question.

"For a vision, for a better tomorrow than today."

"And you?"

"I..." Wu Tian thought for a moment and then gave the answer: "I am a vulgar person. I live to make myself stronger and bigger, and trample on the people who once ridiculed me."

"Did you do it?"

"I did, but I didn't do it."

"Guess me. What do you think I want?"

"I think sister LAN is persistent and love music, want to let more people love." Wu Tian doesn't know Huang Lan and can only give this answer.

"No!" Huang Lan shook her head and denied, "elder sister's wishes are not all music."

"What is that?"

"Sister has a lot of dreams." Huang Lan got up and approached Wu Tian, with a serious voice that he had never had: "the biggest dream is to get you to bed."

"Cough..." Wu tianmeng coughed a few times, almost not choked to death by his own saliva.

After coughing for a long time, he could not help but complain: "sister LAN, you are really caught off guard by this joke."

"Poof, hahaha..."

Huang Lan held back for a long time, and could not hold on any longer. She looked up and laughed.

After two minutes of laughter, Huang Lan covered her chest and said, "I'm really happy to be with you. I feel carefree and have no worries."

"Lan elder sister is happy." Wu Tian has been used to this kind of joke for a long time. Seeing sister LAN happy, he feels comfortable.

"My sister seldom smiles before you show up."

"Why not laugh?"

"You can't laugh alone."

"Yes." Wu Tian agreed and nodded politely: "I can accompany LAN elder sister to smile more in the future."

"In case of dependence on you, what can I do without you?"

"I'm not that glamorous." Wu Tian's simple smile made him feel very happy.

"The carnival is about to start. I need to change my clothes." "Do you want to change your body?" "With pleasure."

"Stinky boy, you take it seriously. Go and get out." Huang Lan points to the door impatiently urge way.

"OK, I'll go first." Wu Tian chuckled and turned to walk outside.

Out of the room, to see sun Xiaohao and Jiang Wanzheng waiting outside, both of them holding the new album are very excited.

As soon as they saw Wu Tian come out, they immediately gathered together and looked around Wu Tian like an antique.

"Bang!"

Strange eyes staring at for a long time, Jiang Wan hit Wu Tian's chest with his fist, "Xiaotian, OK, you know Huang Lan, a popular singer."

"Be honest, how can you know Huang Lan?" Sun Xiaohao asked curiously.

"It's a long story. It's mainly because I helped Huang Lan out of the siege last time, and then I got acquainted with her. I often ate with her and got familiar with her once and twice." Wu Tian explained with a smile.

"And often eat together." Jiang Wan hit Wu Tian's chest again. "I really envy you. Our idols are always with you."

"In fact, sister LAN is very good."

"Of course, it's very nice. If you call me so friendly and honest, do you have an affair?"

"Shh!" Wu Tian made a silent gesture and advised them, "don't talk about this kind of thing. It's bad for sister LAN."

"How do I feel Huang Lan likes you?" Sun Xiaohao lowered his voice and couldn't help asking questions.

"You think too much about nothing." Wu Tian said this and took the initiative to change the subject: "the carnival is about to start. Let's go. I'll take you to a good seat."

"Seated?" Sun Xiaohao and Jiang Wan thought they had heard something wrong.

There are no seats for this event tonight. All the audience are watching from the stage. Where are the seats?

"Stop talking nonsense and follow me." Wu Tian couldn't help but say that he took them to the right side of the stage.

There are seven seats here, which are the only seats in the whole Star Plaza.

It's just that these seats are not for the audience, but for the senior leaders of seafood TV.

Who dares to sit in these seven seats?

Wu Tian went over to the two security guards and said, "add two seats to this side, special guest seats."

CHAPTER 143:

"Yes Without saying a word, the security guard quickly moved two sets of tables and chairs and placed them beside them.

Sun Xiaohao and Jiang Wan are both stupid eyes. They can't help but question: "Xiaotian, how can you command the security here?"

"I forgot to tell you that I'm the boss of seafood TV. It's not difficult to add two sets of tables and chairs." Wu Tian explained with a smile.

"I'll go!"

Sun Xiaohao and Jiang Wan exclaimed at the same time. They didn't expect that Wu Tian was the boss of seafood TV. NIMA was too surprised.

Previously, I only knew that Wu Tian was the owner of Tianmu technology and Huiyue restaurant, but I didn't expect that the boss of seafood TV was also Wu Tian.

They all say that they have money and willfulness. This is true. If you want to invest in live broadcasting, you can invest in live broadcasting. If you want to invest in catering, it is a matter of saying.

"Don't be silly and sit down." Wu Tian pointed to the position beside him and motioned for them to sit down quickly.

"Thank you, little day." After thanking them, they sat down at the two so-called special guest seats which were temporarily added.

This is the only treatment that seafood TV executives can enjoy. I didn't expect that they would sit at the same table with the executives tonight.

The audience was standing, only the two of them were sitting high, which made them very satisfied with their vanity and enjoyed the glory.

At 8 p.m., the seafood TV Carnival officially began.

The audience has all arrived, and several senior executives of seafood TV have also been seated.

After taking their seats, they could not help but look at sun Xiaohao and Jiang Wanyi, and were

curious about the two strangers.

However, they are all smart people. They know that this must be specially arranged by boss Wu. Naturally, they will not ask more.

Tracking by the spotlight, the two hosts slowly walked onto the stage, their faces rippling with warm smiles like spring breeze.

"The seafood TV Carnival officially begins. First of all, let's welcome the seafood TV executives with warm applause..."

After a boring opening speech, the host announced loudly: "let's invite the new hot TV anchor masked girl to come on the stage."

"Pa pa pa pa..."

Warm applause broke out at the scene.

After the applause, Wang Yan came onto the stage with a cartoon mask.

"Hello everyone, I'm a masked girl. I'm bringing you a pop song tonight..."

Wang Yan was a little nervous. After standing on the stage and saying a few words, she began to sing with deep love.

The stage performance ability is not so good, but her singing is really infectious. She sings all the voices of the post 8090 generation.

After a song was sung, warm applause broke out again.

After the applause, the host came on the stage again and asked Wang Yan in public: "masked girl, why do you always wear a mask to open the live broadcast?"

"Not wearing a mask makes me feel anxious and nervous, so I always wear it live." Wang Yan helped the mask on her face and tried to relax her voice, "but I'm going to take off the mask tonight?"

"Why take off the mask all of a sudden?"

"To thank someone."

"Who?"

"God." Wang Yan answered these two words, which is Wu Tian's address on the live broadcast platform.

The reason why Wu Tian didn't give her real name was that she was afraid of being misunderstood and didn't want others to think that she was based on the boss of seafood TV.

"Why thank Tiange?" The host continued to ask questions.

"It's Tiange who gave me confidence and helped me find my own value and direction. Thank you." Speaking of this, Wang Yan bent down 90 degrees and bowed deeply under the stage.

"It seems that the masked girl is a grateful girl." After saying this, the host turned to the audience: "do you want to see the real face of the masked girl?"

"Yes

The audience cheered in unison.

Fans of masked girls or not, everyone wants to see the face under the mask.

Curiosity is inborn. Everyone is curious about what kind of face is under the mask.

"Well, I'll count down to three. Let's examine the masked girl's true face." After saying this, the host began to count down loudly: "three, two, one..."

All of them, including Wu Tian, are staring at Wang Yan on the stage. They can't wait for the girl to open her mask.

When the eyes of the host are bright, it is like a beautiful face.

All of a sudden, they were surprised to see that there are still such clean girls in the world. They are fresh and free from vulgarity. They are beautiful and thrilling.

Many boys were fascinated by this face, turned to powder in an instant, and then entered the platform to pay attention to the masked girl.

Even Wu Tian was deeply attracted by this face. She didn't expect that Wang Yan's appearance was so outstanding, just like a work of art hidden in a museum.

"I didn't expect that the masked girl was so beautiful, even I was moved." After saying this, the host interacted with the audience again: "do you like masked girls?" "Like it!" Most of the audience who answered were boys. For girls, it was more jealousy.

"Since you like masked girls so much, please support her live broadcast, Download seafood TV, and search masked girls for attention." After finishing the advertisement, the host turned to Wang Yan and said, "please go to the waiting room to have a rest. Please have the second anchor tonight..."

Next, the host invited more than ten anchors to the stage in turn to perform talent performances, and let everyone vote for the selection.

After more than ten anchor performances, Huang Lan, a popular singer, finally came out.

As soon as she came on stage, the scene was boiling.

Most of the audience who come here to attend the carnival tonight are Huang Lan's fans. They are all running to pursue their idols.

Huang Lan didn't say much. She started singing after she came on stage.

It is worthy of the strength of the singer, after a song, many people are infected by the song, immersed in it can not extricate themselves.

When everyone reacted, they all felt that they were still in the end, and they all quarreled to let Huang Lan sing another song.

"Well, next, I'll dedicate this song last night to a boy present." Huang Lan finished saying this, and began to sing affectionately.

Soon everyone heard that this is a new song in Huang Lan's new album, which has not yet been put on the shelves.

This song is like a confession to boys. The lyrics are implicit and obscure, but they are full of strong love flavor. The song is delicate and sweet, and has a romantic flavor.

After a song is sung, the audience immediately boils up.

Everyone has guessed whether Huang Lan is in love or not. Is this song a euphemistic confession to boys?

We all want to know, which boy is Huang Lan going to dedicate this song to? I don't know who is lucky enough to be lucky?

But Huang Lan did not disclose the boy's name from the beginning to the end.

With the end of Huang Lan's performance, the atmosphere of the scene reached a climax, and the whole Xingguang square was boiling.

After the host has finished his lines, the seafood TV carnival is over.

This activity was very smooth, all aspects were normal, and the effect was as expected.

This time Huang Lan's appearance has also played a great publicity effect on the platform. I

believe that the live broadcast volume of seafood TV will continue to rise.

CHAPTER 144:

After the carnival, Wu Tian invited the anchors to dinner together to thank them for their support.

During the dinner, several female anchors fawn on Wu Tian, and some beautiful anchors even put their bodies close to Wu Tian.

They all want to take advantage of this opportunity, as long as they can climb the big tree Wu Tian, they will be able to make a difference in seafood TV in the future.

Su Xiaoxiao, in particular, deliberately exposed his body and dallied with Wu Tian, which was no different from the fox spirit.

Half way through, Wu Tian said goodbye to those anchors.

He was worried that he would be tortured to death by those little foxes.

After the carnival, Wu Tian returned to his residence and continued to study as usual.

There was no word all night.

Before dawn the next day, Wu Tian received a call from Sun Sheng.

"Boss Wu, it's not good." At the other end of the phone, Sun Sheng's voice was very urgent, as if

something had happened.

Hearing this tone, Wu Tian lost his sleep in a moment, and asked in a quick voice to his mobile phone, "what's the matter?"

"There's a lot of negative news about companies and you on the Internet."

"What's the negative news?"

"I can't tell you for a while. You'd better come to the company." Sun Sheng's tone was obviously a little flustered.

"Well, I'll be right here." Wu Tian hung up the phone, dressed in a hurry and rushed to the company.

Soon came to the seafood office building, found that the company is in chaos, the staff are busy.

Wu Tian directly intrudes into the general manager's office and sees Sun Sheng busy on the phone. He seems very anxious.

Seeing Sun Sheng finish the phone call, Wu Tiancai asked anxiously, "general manager Sun, what's the matter?"

"The Internet is full of negative news about you. Take a look at this." Sun Sheng said these words, holding the notebook close to Wu Tian.

I saw a piece of news published in the entertainment section: shocked, seafood TV boss Wu Tian made unspoken rules on female anchor, and did some ugly things with several female anchors in public.

At the bottom of the title are several large high-definition pictures, which Wu Tian invited the anchors to dinner last night.

There are four female anchors in the picture, all of whom have physical contact with Wu Tian. Su Xiaoxiao, in particular, has been photographed holding Wu Tian.

It's just that these photos are taken from different angles, which seem to make people misunderstand.

"Shit, who took this?" After looking at these photos, Wu Tian immediately became angry, which was obviously intended to blackmail him.

"I don't know. I'm having an investigation." Sun Sheng put his notebook on his desk and said, "these photos spread quickly on the Internet. The more we media describe them, the more black they are. This incident has a great impact on you and the company."

"What's the impact?"

"If it is not handled properly, the flow of seafood TV will decline rapidly, and all efforts made during this period will be in vain." The expression on Sun Sheng's face seemed a little depressed.

During this period, relying on Huang Lan's successful drainage, seafood TV is qualified to compete with large platforms.

At present, the foundation of seafood TV is still very weak, and it can't withstand such big

waves. If it goes on like this, it will cause a fatal blow to seafood TV.

"What a jerk." Wu was angry and scolded, but soon recovered calm: "I suspect that this incident is behind the manipulation."

"I think so too. It could be a competitor, it could be your enemy." Sun Sheng analyzed.

"I don't want to draw a conclusion until the investigation is clear."

"I believe it will come to an end soon."

"Well, the priority now is to stop the negative impact." Wu Tian thought for a moment, and he opened his mouth and said, "let's clarify the entertainment that we have good relations with, and report the positive news of me and the anchor, buy the image of our company from the media and the official account."

"We're doing that."

"That's good." Wu Tian nodded. In terms of public relations crisis, Sun Sheng is an old man in the world and has more experience than him.

"In addition to these, we have to create some news. Can we start with Huang Lan and spread out her boyfriend's affair?"

"No way." Wu Tian resolutely refused: "this matter don't involve Huang Lan, she has done a lot for our company, do not want her to come in."

"Well, let's start with other actresses." Sun Sheng said this, the desk machine rang.

After only saying a few words on the phone, he quickly reported to Wu Tianhui: "I found out. These negative news and photos were transmitted from Dawei studio."

"Dawei studio?"

"Yes, they're black PR, they're responsible for collecting money and helping people bring down competitors."

"You stay in the company, I'll go to Dawei studio." Wu Tian said this, and then quickly left the office and drove to Dawei studio.

This studio is located on the eighth floor of Xin'an building. It is a small workshop style studio with only more than ten employees.

Their business mainly involves grey industry chain, such as black public relations, water army, rumor defamation and so on. This kind of gray industry can not go to the stage, and naturally it is impossible to develop and grow. It can only survive in the cracks.

"I'll talk to your boss about business." Wu Tian comes to the humble office and pretends to come to talk about cooperation.

As soon as I heard that there was a big guy coming to cooperate, the staff immediately became enthusiastic and pointed to the corner independent office, "our manager Cai is in the office."

"ok! "

Wu Tian answers and goes straight to open the door of the office.

In the office, a man with a big beard is smoking. He looks like a slouch. He doesn't look like a manager. He looks like a social jerk.

"Sit down!" Cai Dawei took a puff of smoke and asked with a smile, "what business do you want us to do?"

"About seafood TV."

"Seafood TV?" Cai Dawei's eyes are tight, squinting at Wu Tian, and then he recognizes, "are you Wu Tian, the boss of seafood TV?"

I asked the paparazzi to take a lot of pictures of Wu Tian and the female anchor. I didn't expect that the boy would take the initiative to find some door.

Knowing that the comer is not good, Cai Dawei pinched out his cigarette butt and said impatiently, "what are you doing here?"

"I want to know, why do you want to take those pictures of me and the anchorman to tease us?" Wu Tian was too lazy to talk nonsense and directly explained his intention.

"Collecting money and working for others is the purpose of our studio."

"Who gave you the money?"

"It's a trade secret, so you can't tell it." Cai Dawei holds his chest in both hands, looking impatient.

"Pa!"

Wu Tian took out his bank card and patted it on the table. "How much will the other party give you? I'll give you ten times the price."

"We also have principles, even if you give me a hundred times it's no use, get out of here!" Cai Dawei waved his hand and touched a cigarette again to light it.

"It seems that you don't want to cooperate with me."

"No, I'm not going to work with you. Get out of here."

"Then don't blame me for being rude to you." Wu Tian had no patience for a long time and slowly forced him to pass.

"Silly boy, you really don't know the height of heaven and earth." Cai Dawei shook his arm and threatened, "before I worked in the studio, I was a social jerk."

CHAPTER 145:

"Then I'd like to see it." Wu Tian directly stretched out his hand and pressed the other party on the chair with all his strength.

After struggling for a long time, Cai Dawei couldn't move. In a hurry, he grabbed the tea cup on the table and smashed it in the past.

Wu Tian quickly dodged the attack. His right hand sprang out like a spirit snake, and clasped Cai Dawei's throat as fast as possible. At the same time, his left hand clasped his arm and turned it upside down, pressing him directly on the table and unable to move.

Cai Dawei struggled for a few times and couldn't get rid of it. He yelled angrily in his voice: "boy, let go quickly."

"With your poor Kung Fu, you can also say that it's disgraceful to say that you've mixed up with society." Instead of letting go, Wu Tian pressed his head on the table.

"Boy, you are cruel. I give up." Cai Dawei soon lost his arrogance.

He didn't expect that the boy in front of him was a cruel character. Obviously, he had the ability to do it after professional training.

"Say, who bribed you to attack me?"

"Well, I won't say it."

"Toast without eating or drinking." Wu Tian Mou color a cold, ready to teach this boy hard.

At this time, two security guards rushed in and yelled at Wu Tian: "let go of our boss."

"Don't even think about it."

"It seems that you are really looking for a beating." After saying this, the two security guards raised their fists and prepared to start.

"Bang!"

Wu Tian raised his hand and slapped it on the table. With an amazing noise, the table was directly shattered.

The two security guards were scared to stop and dare not go forward.

At this time, the two people understand that the boy is a fierce character. His strength is amazing and his means are cruel and vicious. If they jump on him like this, they will be broken.

Seeing that the two security guards hesitated, Cai Dawei began to be worried and urged, "hurry up, do it quickly."

"I'm sorry, boss CAI. We have something else to do. Let's go first." The two security guards dropped the words and turned away in a hurry.

They take a meager salary, just to make a living, but they don't want to work hard for it.

"Waste, you two trash, come back." Seeing that the security guard fled at the critical moment, Cai Dawei's face turned red and his neck was thick. The whole person almost didn't explode.

"Boss Cai, stop yelling. No one will help you." Wu Tian said this and directly stepped Cai Dawei on the ground.

"Boy, let me go."

"Don't talk nonsense." Wu Tian reached for Cai Dawei's chin and asked again, "who bribed you for setting me up?"

"I won't say it."

"I'd like to see if it's your mouth or my means." Wu Tian hits Cai Dawei's head with a hard blow. Then he takes out a fruit knife and stabs it at Cai Dawei's vital part.

Cai Dawei was so scared that he folded his legs and asked in a trembling voice, "you You, what do you want? "

"I want you to be a eunuch." Wu Tian steps on Cai Dawei's body with his feet, and the dagger continues to approach his pants.

"Stop!"

Seeing the fruit knife getting closer and closer, Cai Dawei finally couldn't hold on, so he had to soften: "don't Don't do it. We have something to say. "

I know that the boy is bluffing him, but if this boy is cruel and really stabs the fruit knife down, his life will be completely finished.

"I'll ask again for the last time." Wu Tian waved the fruit knife in his hand and asked impatiently, "who told you to start with me?"

"I said, I said." In order to save his life, Cai Dawei can only answer truthfully: "it's boss Huang."

"Which boss Huang?"

"Huang Ze."

"It's the old thing." Wu Tian slowly put away the fruit knife and let go of CAI Dawei's body.

In fact, I should have thought it was Huang Ze who did it secretly.

Recently, Huang Ze was the only one who offended him. Others couldn't think of such a dirty means.

After Cai Dawei got his freedom, he got up and prepared to flee. Wu Tian stopped him at the door, "don't hurry."

"I've said everything I need to say. What else do you want?"

"Do something for me." Wu Tian grabbed the cigarette on the table and lit it. He told Cai Dawei, "now call Huang Ze."

"This..."

"If you want to fight, do it quickly."

"OK, I'll play." Cai Dawei bit his teeth and had to call Huang Ze.

This time he fell into Wu Tian's hands, and he could only admit that he was unlucky.

Before Cai Dawei could speak on the phone, Wu Tian snatched the mobile phone and turned on the hands-free: "boss Huang, do you remember who I am?"

"You are Wu Tian?" On the phone, Huang Ze's voice was slightly stunned, and soon recognized that it was Wu Tian's voice.

Wu Tian was too lazy to talk nonsense. He opened the door and said, "I heard that boss Huang bought Dawei's studio to stink me and seafood TV?"

"Yes, I am." Huang Ze's voice on the phone was very arrogant: "this is the end of offending me. I want to make you infamous and make your seafood TV completely bankrupt." "Boss Huang, why don't we all step back..."

"No way." Wu Tian did not finish his words, but was interrupted by Huang Zechen: "even if you kneel down and beg me this time, I will bring you and your company down together."

"No room for discussion?"

"No

"Since boss Huang is determined to fight me, I can only accompany him." Wu Tian said this, and his tone suddenly turned cold: "it's no good fighting with me."

"I should have said that. There is only one way to fight me. I will not only make you infamous, but also make you have nothing." The tone of Huang Ze's speech is extremely arrogant.

"I'm in Dawei's studio now. Don't come and beg me."

"Shao te, how good can you be as a seafood TV boss Huang Ze did not know the real power of Wu Tian.

In his opinion, this boy is just a small live broadcast platform boss and restaurant boss, not much power at all.

With the strength of his company and the power of Huang family, it is not difficult to crush this boy. It is easier than stepping on an ant.

"In half a day, I will let your company go bankrupt and become nothing." Wu Tian said this and hung up his cell phone.

After calling, he turned to Cai Dawei and asked coldly, "what's the name of Huangze's company?"

"Zezhong group." Cai Dawei answered four words with a smile.

He had heard the conversation clearly. He only thought that the boy was bluffing and boasting and deliberately intimidating boss Huang.

With this boy's strength, it is still too far to crush boss Huang, which is equivalent to an egg hitting a stone.

"I see." Wu Tian finished saying this and called Longyun again.

At the critical moment, he plans to use the family power again to deal with Huang Ze.

As my grandfather said before, as a descendant of the Wu family, he can naturally use the family power to settle some matters.

After dialing the phone, he told the mobile phone directly: "Secretary Long, I want you to disappear in Luzhou today, let Zezhong group disappear."

CHAPTER 146:

"Poof!"

On hearing this, Cai Dawei couldn't help laughing. He seemed to hear the funniest joke in the world.

Wu Tian hangs up the phone and stares at Cai Dawei. "What I said just now, does it make you feel funny?"

"You've gone a little too far this time." Cai Dawei tried to resist a smile and sarcastically said, "how dare you threaten to bring down the Zhongze group in terms of your status?"

"Of course."

"You don't know the sky and the earth." Cai Dawei went to the sofa and collapsed. He said, "the newborn calf is not afraid of tigers. I think you really don't know the strength of Ze Zhong Group."

"I don't know."

"Well, I'll give you some science." After lighting a cigarette and taking a few puffs, Cai Dawei said: "Ze Zhong group has set foot in automobiles, real estate, catering and entertainment. It is quite famous in Luzhou, and it has dozens of times the disadvantages of your seafood TV."

"No matter how bad it is, it's rubbish in my eyes." Even though he knew that Ze Zhong was corrupt, Wu Tian was not frightened.

Compared with their Wu family, Ze Zhong is a small company, and it is not difficult to cross it.

"I want to know how you can make it disappear for such a big and corrupt company?" Cai Dawei's mouth was filled with contempt.

"I have my own way."

"Well, I'll see what you can do." Cai Dawei leans his body on the sofa, waiting for a good play.

Let's see how this kid ends up.

After a long wait, the door of the office was knocked open and Huang Ze rushed in.

Cai Dawei pinched out his cigarette butts and quickly got up to greet him: "Oh, boss Huang, why are you here?"

"Get out of the way." Huang Ze pushed Cai Dawei away directly and walked to Wu Tian in a flustered way, "I give up."

At this time, Huang Ze was no longer as arrogant and overbearing as before. Instead, he looked like a defeated Rooster and was dejected.

He didn't want to admit defeat, but he had to.

In just a few hours, the major banks cancelled loans to the company, and the company's capital chain was under great pressure. At the same time, suppliers and dealers cancelled cooperation one after another, and their automobile and retail industries were severely damaged.

It's nothing. The key is that the company's shares have been shorted and retail customers have been selling off. In just a few hours, the company lost more than 10 billion yuan.

What's more, stocks continue to fall madly, the industrial chain is becoming more and more serious, and the pressure on the company's debt is also increasing.

According to the investigation, all this points to one person, and this person is Wu Tian.

The reason why the company suffered heavy damage in a short period of time was that Wu Tian manipulated it behind the scenes.

If this continues, the company will soon have a major crisis, I am afraid it is not far from bankruptcy.

"Boss Huang, good, why do you have to admit defeat?" Wu Tian deliberately pretends to be stupid.

Cai Dawei, next to him, was puzzled and said, "yes, boss Huang, why do you have to give up to a little boy?"

"What do you know?" Huang Ze turned his head and glared at Wu Tian fiercely. He yelled in a low voice: "my company fell into a crisis in just a few hours. The stock dream butterfly, the capital chain and the supply chain broke one after another, and the dealers withdrew from the network one after another..."

"What? How could this happen? "

"It's Wu Tian. He manipulates all this behind the scenes." Huang Ze's excited spitting stars all flew out.

"He? God... " Cai Dawei opened his mouth and showed a look of panic. He boasted: "he has such a big ability?"

"The boy's power is more terrible than we thought." Huang Ze didn't bite his teeth when he spoke.

Originally, I thought this boy was just a restaurant boss. He made money by catering, and then invested in the live broadcast platform.

If it's just a restaurant owner, or a big shot in the live broadcasting industry, they can absolutely put an end to the power of the Huang family.

But after this confrontation, he found that Wu Tian had amazing power behind him.

He has not yet made clear what kind of force it is, but it is certain that this force is a hundred times larger than that of the Huang family, which he can not afford to offend.

"God, he, he, he..." Cai Dawei looks at Wu Tian as if he has seen a monster. His mouth trembles slightly when he talks.

I can't imagine how terrible its power is to let Zezhong group fall into crisis in a short period of time.

It's easier for such a terrible force to trample on such a small studio as them than to trample on ants.

Thanks to his previous ridicule of the boy, that the boy is pretending to be forced to talk big.

At this time, it was found that the boy in front of him had a hundred times more abuses than he had imagined. A small studio like them was not qualified to be an opponent.

After a short period of stupidity, Huang Ze had to put down his body and bravely pleaded with Wu Tian: "boss Wu, I hope you can hold your hand high and let us Ze Zhong group go."

In order to keep the company, he has to keep a low profile.

No way, he can't watch the company collapse like this. If we delay it, the company's crisis will certainly become more and more serious."I remember saying before that you should never come and beg me." Wu Tian cocked his legs like a second uncle.

"I'm wrong. I promise I won't fight you again." Huang Ze expressed deep repentance.

To tell you the truth, knowing that Wu Tian has such a strong background, he has no time to fawn on him. How could he offend him.

"For the sake of sister LAN, I'll spare you this time." The temperature of Wu Tianyu changed a little bit.

After all, Huang Ze is Huang Lan's half brother. Even for LAN's consideration, he can't kill all of

them.

"Thank you very much, boss Wu." Huang Ze quickly bowed to thank him, and his brows gradually expanded.

"Don't be happy too soon." Wu Tian poured cold water on him, and then said, "if you want to keep your company, you have to help me and seafood TV eliminate the impact."

"What are you going to let me do?"

"Apologize to me and seafood TV, let Dawei studio spread out in the same way." Wu Tian ordered.

"Well, I'll do it now." Huang Ze did not hesitate because he had no choice.

Let Cai Dawei send a message to clarify what happened before, and apologized to seafood TV with pictures and voice. At the same time, he used various forces to eliminate the adverse effects.

When the matter is almost done, Wu Tiantian calls Long Yun and asks her to lift all blockades to Ze Zhong Group.

In this way, the secret war between Wu Tian and Huang Ze came to an end and Wu Tian won a complete victory.

In this struggle, Zezhong group suffered heavy losses, with direct and indirect economic losses exceeding several hundred million.

The impact on seafood TV is very small. After eliminating the negative news, because of the increased exposure rate, the flow rate has increased sharply.

After dealing with these things, Wu Tian is ready to leave Dawei's studio. Before going out, he is stopped by Cai Dawei. "Boss Wu, this is my business card. If you have any need in the future, please do not hesitate to ask."

"That's good." Wu Tian put away his business card and then asked, "what about the pictures and negatives you took of me and the anchor?"

"Here it is." Cai Dawei quickly handed over the yellow cow leather envelope, which contained a bulging bag.

"Pa!" Wu Tianna patted the envelope on Cai Dawei's head and warned, "next time you dare to find a paparazzi to secretly photograph me and kill you."

With that, he quickly left the office.

CHAPTER 147:

As soon as Wu Tiangang left Dawei's studio, he received a call from Huang Lan and asked him to go to Fuyuan restaurant for dinner.

I just want to thank sister LAN for her great support to the seafood carnival, so I agreed to go to dinner together.

First go to Washington Tiancheng to meet Huang Lan, and then they go to Fuyuan restaurant

together.

Looking for a place at random, Huang Lan starts to order food. The dishes ordered are the highest grade dishes in the restaurant. Shen Xue is required to cook by herself.

After ordering, they began to chat.

"Boy, did you have a good time with those female anchors last night?" Huang Lan couldn't help laughing.

Just saw on the network about Wu Tian and those female anchor ambiguous photos.

"Sister LAN, don't get me wrong. I'm not interested in those anchors." Wu Tian hastened to clarify and explained, "it's someone who is trying to get rid of me behind my back."

"I've been in the entertainment industry for so many years, and of course I understand that if you're really interested in those little anchors, you won't bring them out in the open."

"I was so careless that I almost got involved in the seafood."

"It's not your fault. If the other party really wants to deal with you, no matter how careful you are, you can't escape their claws." Huang Lan said this, can not help but ask: "by the way, who is behind the black hand?"

"Huang Ze."

"Yes He Huang Lan was startled at first, and then nodded clearly: "he is a person who will report his hatred. If you have estrangement with him before, he will surely retaliate secretly."

"But don't worry, it's settled."

"That's good."

"Sister LAN, thank you for supporting our seafood carnival." Wu Tian asked for a bottle of red wine, poured two cups, and pushed one of them over, "sister LAN, I respect you."

"How are you going to thank me this time?" Huang Lan raised the glass and slowly shook the red wine, with a charming smile on her face.

"How do you want me to thank you?"

"I think..."

Huang Lan didn't finish speaking, but was interrupted by Shen Xue.

"Pa!"

Shen Xue threw the tray on the table and glared at Huang Lan with the hostile eyes, "your dishes are ready, eat them!"

Her attitude instantly made the atmosphere extremely awkward.

"Cough!"

Wu Tian coughed two times and laughed to get rid of the encirclement and said, "Xiao Xue, you look like this. It seems that you are not very happy?"

"If you're happy, whatever I do." Shen Xue is like eating gunpowder. She always talks so fast.

Since seeing Wu Tian and Huang Lan enter the restaurant, she feels very uncomfortable.

Later, I saw that they were chatting and laughing, intimate and ambiguous. Her whole popularity was about to explode. Cooking and cooking were all gnashing teeth.

"Er..."

Wu Tian choked at this, pointed to the side of the seat and said: "you are hard, sit down and eat together."

"Hum!"

Shen Xue hummed and sat down between them.

"Come, eat!" Wu Tian brought down several dishes on the tray and put them on the table. Then he took off the cover.

Grabbing chopsticks and eating a mouthful of vegetables, he immediately took several mouthfuls of cold air, and quietly questioned, "Xiaoxue, why are you cooking so salty today?"

"You deserve it." Shen Xue holds her chest in both hands, and she looks very angry.

"Er..."

Wu Tian choked again and was speechless. He had never seen Shen Xue so angry as he is today. It is quite baffling.

"Poof!"

One side of Huang Lan couldn't help laughing. Seeing Shen Xue's state, she covered her mouth and couldn't help laughing.

This actually let me Wu Tian more muddled, puzzled way: "Lan elder sister, what are you laughing at?"

"Nothing." Huang Lan put up a smile and said: "boy, you just said you want to thank me?"

"Yes, how do you want me to thank you?" Wu Tian put down his chopsticks and then asked about the topic just now.

These dishes on the table are very salty. I really can't eat them. I don't know if Shen Xue

intentionally did it.

"I want you to be my boyfriend." Huang Lan directly put forward such a request. When she said this, she couldn't help glancing at Shen Xue.

Wu Tiandao is calm, he knows, LAN elder sister 80% is joking.

However, Shen Xue was not so calm, and immediately stood up from the chair, "I don't agree."

"Chef Shen, I asked Wu Tian to be my boyfriend. What does this have to do with you?" Huang Lan asked.

"I don't think you're suitable. " Shen Xuetu's face was flushed, and it took a long time to hold out such a sentence.

"It doesn't matter whether it fits or not."

"I..." Shen Xue bit her teeth and didn't know how to reply for a while.

Finally, Wu Tian opened his mouth and said, "Xiao Xue, don't take it seriously. Sister LAN is joking with me."

"Wu Tian, I really want to ask you for help." Huang Lan put up a smile on her face and said."If you have anything to do with me, sister LAN, please tell me."

"I want you to accompany me back to Huang's in a few days."

"Why should I accompany you back?"

"Because I seldom go home, I have a kind of fear of the Huang family, so I want to ask you to accompany me." Huang Lan spoke with sincerity.

At the mention of the Huang family, she couldn't help frowning, feeling a bit depressed.

Seeing LAN elder sister's expectation in the eyes, Wu Tian nodded: "OK, no problem."

LAN elder sister helped him so much, now LAN elder sister has something to ask for, really can't find the reason to refuse.

"Well, let's go out and pick our dresses." Huang Lan said this and took the lead to walk outside the restaurant.

Wu Tian had to go out with him. Before going out, he didn't forget to say goodbye to Shen Xue: "Xiaoxue, you go to work first. I'll come to see you another day. Bye."

With this, he ran after him in a hurry.

"You..." Looking at their backs, they stomped their feet.

Now more and more suspect that Wu Tian has a different relationship with the female singer named Huang Lan.

I don't know why I'm so angry. Anyway, I feel uncomfortable when I see their inseparable,

intimate and ambiguous appearance.

Now also have no mind to go to work, see two people go far, she huff quickly followed out.

Wu Tian and Huang Lan come to the shopping mall not far away and start to choose the dress.

Huang Lan casually picked up the dress on the hanger and put it on Wu Tian's body for a few strokes. When she felt dissatisfied, she threw it on the counter and then chose.

After choosing for a long time, she didn't find the right clothes, but she continued to choose patiently.

To tell you the truth, she has been so patient in buying clothes for herself. I didn't expect that she could be so attentive to buying clothes for Wu Tian.

When they carefully choose clothes, Shen Xue walks into the clothing store and her face is full of anger.

"Xiaoxue, aren't you at work? How come you came here?" Seeing Shen Xue appear in the clothing store, Wu Tian is surprised.

Shen Xue puffed his mouth: "why can't I come? Do you think I'm in the way?"

"Not that." Seeing Shen Xue so angry, Wu Tian doesn't know how to deal with it. "Since it's here, let's go together."

"Let's go to the store." Shen Xue could not help but drag Wu Tian into the opposite clothing

store.

CHAPTER 148:

Seeing that Wu Tian is dragged away by Shen Xue, Huang Lan is not happy in her heart, as if her beloved things were robbed.

Gritted his teeth and followed him step by step.

Walking into the store, Shen Xue and Huang Lan are busy helping Wu Tian choose clothes. They quickly pick up their favorite gifts according to their own eyes.

"This is a good one. Come and try it." Shen Xue waved to Wu Tian with her clothes.

Wu Tian just walked two steps, was blocked by Huang Lan, handed over the dress in his hand, "her suit is too rustic, try the one I choose."

"That's too fancy for Wu Tian." Shen Xue immediately refuted and handed over the set in his hand, "I'm the most suitable one."

"I'll know if it's suitable or not." Huang Lan does not show weakness, hands the dress in the past.

The second daughter had a dispute over Wu Tian's clothes selection. Both of them were very tough at the moment and might quarrel at any time.

Who would have thought that Shen Xue, a gentle and generous chef, is eager to choose clothes for Wu Tian.

What's more, the beautiful singer who is always on the top of the world is competing with a little girl.

"You've got good choices. I like them all." Seeing that the two girls were about to fight, Wu Tian quickly took over the clothes on both hands. "Otherwise, buy both sets of clothes."

"Forget it, I don't think either of them looks good." Huang Lan said this and turned to leave the clothing store.

Shen Xue didn't speak. She hit Wu Tian with her arm and walked out of the clothing store.

"Shit!"

Wu Tian was about to be driven mad by these two women. He scolded him secretly and threw down his clothes and ran after the two women.

Just out of the clothing store, Shen Xue grabbed his arm and said, "do you like that woman?"

"Don't get me wrong. Sister LAN and I are just ordinary friends." Wu Tian's face was ugly and explained.

The girl's behavior tonight is a little strange, it's hard to understand.

Shen Xue didn't seem to believe it. She continued to ask, "are you really just ordinary friends with her?"

"Yes."

"Then why do you have an affair with her?"

"You think too much."

"I didn't think much. That fox spirit must be trying to lure you. You should stay away from her." Shen Xueqi warned.

"She's a singer. How could she tempt me?"

"You're right to listen to me anyway. Don't get too close to her." Shen Xue turned her head and glared at Huang Lan fiercely. Now she has completely regarded this woman as her enemy.

"Well, I'll take your advice." Wu Tian didn't want to be entangled in this way any more, so he just perfunctorily said.

Voice just falls, hear Huang Lan to send out a painful cry.

Turn head to see her squat on the ground, both hands cling to the ankle, a pair of distressed appearance.

"Sister lan..."

Wu Tianzheng was about to ask about the situation. As a result, Shen Xue hugged his arm and stopped him from saying, "don't go there. When you look at the woman, you are deliberately pretending to show it to you."

"Sister LAN doesn't seem to be pretending. I'll go and have a look." Wu Tian couldn't control so much. He pushed Shen Xue aside and ran quickly. He cared about Huang Lan and said, "sister LAN, what's the matter with you? Are you all right? "

"I'm sprained. It's a little painful." Huang Lan clenched her lower lip and returned with a gentle tone that had never been before.

"Sit down and I'll take a look at it for you." Wu Tian holds Huang Lan to a chair on the street, then holds her ankle and presses it clockwise. The movement is very gentle.

This scene looks in Shen Xue's eyes, her whole person is about to explode.

"Wu Tian, you are a scum." Shen Xue angrily scolded, twisted his small waist and ran across the street.

"Snow..."

Seeing Shen Xue so angry, Wu Tian got up in a hurry to chase after him.

Shen Xue gradually slows down, waiting for Wu Tian to catch up with her.

Any girl likes to be coaxed and spoiled by boys, and she is no exception. As long as Wu Tian comes to coax her, she will not be so angry.

But after a while, Wu Tian suddenly stopped and said to her, "sister LAN is injured. I have to take care of her. You go back first."

"Scum man, scum man, scum man." After hearing this, Shen Xue became more angry and scolded the slag man for three times, then ran back to the restaurant in anger.

"Alas

Wu Tian sighed and returned to Huang Lan. He held her ankle and continued to press it clockwise. He said, "sister LAN, how do you feel now?"

"Poof..."

Huang Lan didn't answer, just covered her mouth and giggled.

"I can still laugh when I'm injured. Let's go. I'll take you to the hospital." Wu Tian holds Huang Lan's arm and prepares to send her to the hospital.

"Fool, I'm teasing you!" Huang Lan pushed Wu Tian aside and stood up from the ground and said with a smile, "in fact, my feet are not hurt at all."

Just saw Wu Tian and Shen Xue together intimate ambiguous appearance, her heart a sour, deliberately pretended to ankle sprain, want to use this way to interrupt two people.

I just didn't expect that Wu Tian was so good that he was easily cheated. "Sister LAN, you..." As soon as he heard that he had been tricked, Wu Tian looked a little ugly.

Just saw LAN elder sister's pain appearance, his heart don't mention how worried, but in the end, this woman is deliberately playing him.

"Are you angry?" When Wu Tian was angry, Huang Lan knew that she had gone too far and quickly put her smile away.

"Nothing, sister LAN is OK." Wu Tian grinned and felt that there was no need to haggle over the matter.

LAN elder sister often likes to joke with him, has long been used to it.

"I was moved to see you worry about me." Huang Lan stroked his hair at the ear corner and reminded him, "you can go after Shen Xue now."

"Yes..."

Wu Tian wants to go to the restaurant to comfort Shen Xue. After a few steps, he stops suddenly. "Forget it, I'd better not go to the restaurant."

"Why not?"

"Seen by the staff, they thought I bullied Shen Xue." Wu Tian grabs his head with a slightly embarrassed smile on his face.

"Poof!"

Huang Lan was amused by this, and then stopped smiling for a long time. She sighed: "you boy is really lucky, and beautiful women are around you."

When she said this, she felt a little sad.

"Sister LAN is making fun of me." Wu Tian smiles bitterly and shakes his head. Huang Lan feels like a joke again.

"How can I make fun of you Forget it Huang Lan stopped talking and took the initiative to change the subject: "I don't need to buy the dress. I'll make a special one and send it to you some other day."

"Thank you, sister LAN."

"I should thank you. You are willing to accompany me back to the Huang family, which is really important to me." Referring to the Huang family, Huang Lan's face once again looms a bit sad.

"Lan elder sister has helped me so much, this small help should also be

"Do me another favor."

"What's up?"

"How about warming my sister's bed tonight?" Huang Lan shook her long hair for a while, which was a provocative way.

Wu Tian knew that this was a joke, so he ventured to counter: "well, there is a hotel on the opposite side. I'll stay with sister LAN all night."

"Go, think beautiful." Huang Lan pretty face red, but some embarrassed.

The stinky boy seems to be more and more bold in front of her.

CHAPTER 149:

Seeing sister Lan's shyness, Wu Tian became more and more daring. She simply pasted her body over, "sister LAN, didn't you ask me to help you warm your bed tonight?"

"It's just a joke. You take it seriously." Huang Lan turned her white eyes and flushed her cheeks.

"As long as sister LAN needs me, I'll be with you at any time."

"Go, my sister is not so mean." Huang Lan rubbed her arm and took the initiative to switch the topic: "it's late. Please take me home."

"OK, take you home." After Wu Tian answered, he called Uncle Fugui to drive the car over.

LAN elder sister will be sent to Washington Tiancheng, after getting off the car, Huang Lan asked with a smile: "boy, do you want to go to my sister's room and sit down?"

"It's too late. Another day."

"Well, go back slowly and make an appointment another day." Huang Lan waved, turned and walked towards the residence.

Seeing sister Lan's back disappear in front of his eyes, Wu Tiancai turned to Liu Fugui and said, "Uncle Fugui, let's go home."

"Hello Liu Fugui started his car and drove away from here. He couldn't help laughing: "Xiaotian, these two women are interested in you."

"What's the point?"

"Can't you see that they all like you?"

"No Wu Tian rubs his chin with his hand. If Shen Xue likes him, he also says that in the past, how can sister LAN like him?"

"You are good at everything, but your EQ is too low." Liu Fugui grinned bitterly, shook his head, and said in a positive tone: "from my experience of more than 40 years, those two girls are jealous for you, and they all like you very much."

"Is it?" A word awakens the dreamer. Wu Tian seems to be awakened by this.

Think about it carefully, the two women are really a little jealous, each other in a secret contest, secretly competing for favor, no one is willing to step back.

"Which girl do you like?"

"I..." Wu Tian held back for a long time before he said, "Xiao Xue and Lan Jie are all good, each has its own good."

"Cough!"

Liu Fugui coughed twice and said sarcastically with a smile: "Xiaotian, don't you still want to kill two birds with one stone?"

"No, no, I just haven't thought about it yet." Wu Tian grabs his hair with his hand and feels a little distressed.

In the past, he was distressed that he couldn't find his girlfriend, but now it is just the opposite. He is also troubled by the number of girls around him.

"You're a big man. I don't think it's hard for you to do emotional things." Liu Fugui said this and drove to his residence.

Wu Tian looked out of the window and said nothing.

Other things may not be difficult to him, emotional things really give him a difficult, sometimes really do not know how to choose.

Forget it, this kind of thing can only be seen step by step.

Back home to get into the study, began to read seriously, only this time can forget the trouble.

The next day, Wu Tian got up and wanted to go to school. On the way, he received a call from Li Mu.

Knowing that it was about the mobile phone operating system, he asked Uncle Fugui to transfer to Tianmu technology.

In the company, Li Mu is holding an interim meeting for employees to celebrate the phased success of the mobile phone system and to praise everyone.

Seeing Wu Tian coming, Li Mu announced the end of the meeting and quickly welcomed him, "boss Wu, I'll tell you some good news. The new system has been basically completed."

"So fast?" Wu Tian was also very happy to hear the news.

"It's not fast. Before you joined the company, we've been working on the new system for half a year, but we haven't made any progress because of the shortage of funds." Li Mu always smiles when he talks.

Research and development of mobile phone operating system is the biggest dream of his life, any achievement can make him feel very happy.

"Not bad." Wu Tian patted Li Mu on the shoulder and praised: "you can make a mobile phone system, you can't do without it."

"No, the biggest credit is still boss Wu. If you didn't make us two games and made so much money, we would not have the money to invest in the new system."

"It seems that the cooperation between us is perfect. I make profits for the company and invest in R & D. you have built the system by accumulating technology."

"Yes Li Mu nodded his approval and then said, "go, I'll show you the demonstration of the new system."

With these words, he took the lead in the multi-functional conference room.

Wu Tian followed him in the past, accompanied by yuan Wangchun and others.

When he came to the conference room, Li Mu couldn't wait to open the PPT and project it onto the white screen to explain the architecture of the new system.

Li Mu spoke with great passion and confidence in the new system. After all, it was his hard work for more than half a year.

After listening to this demonstration and narration, he also felt that the new system was very good.

"Pa pa pa pa..."

After Li Mu's demonstration, Wu Tian couldn't help but clap, and other people also applauded.

Hearing the applause, Li Mu breathed a sigh of relief and asked, "boss Wu, what do you think?" "From my personal point of view, the new system is very good. If I am a user, I would like to try it." Wu Tian gave such a pertinent answer.

"Thank you, boss Wu, for your recognition and affirmation of the new system. There are still some details that I am letting the team deal with."

"That's good."

"The most difficult part of the system is ecological establishment. Now the system is well done. There are only a dozen commonly used softwares. It will take a long time to establish a perfect ecosystem, and we have to constantly burn money." Li Mu talked about the current predicament.

"We can borrow money from the bank."

"With the current size of the company, we can't borrow much money from the bank. We still have to borrow this project to finance."

"The competition of mobile phone system is too big, the profit cycle is relatively long, and the cost is serious. I'm afraid it is very difficult to borrow this project for financing." Wu Tian couldn't help but pour cold water.

From the beginning, he knew that it was extremely difficult to build a new mobile phone system, which could cost more money than games.

Games can recover funds in the short term, but mobile phone systems are different, it is difficult to see revenue in the short term.

With too much investment and too high risk, many big companies are not willing to take risks in making mobile phone systems.

However, Wu Tian also thought that if he didn't do it even though he was worried about failure, he would never be able to break the foreign technology monopoly.

"Alas

Li Mu sighed and said with some frustration: "it's really difficult to borrow this project for financing. After all, there are not many bold bosses like you in Luzhou."

"Don't worry, I'll try to find a way to finance. Your main task is to do a good job in the system." Wu Tian patted Li Mu on the shoulder and said with a smile.

"But..."

"All right." Wu Tian didn't give Li Mu a chance to open his mouth. He said, "give me the PPT and detailed information of this project. I will certainly find a way to finance it."

"Well, I'll be ready." After Li Mu answered, he quickly asked his secretary to prepare the materials.

He quickly handed over the prepared materials to Wu Tian and said gratefully, "boss Wu, thank you for your support."

"This is our common cause." Wu Tian chuckles, takes the information and turns to leave.

CHAPTER 150:

After he got the project, Wu Tian's first thought was the family power. If the Wu family could invest in the new system, he would get twice the result with half the effort.

However, he soon gave up the idea. Project financing was tantamount to letting his family invest money in his company, which was obviously against his grandfather's wishes.

It's OK to use family power to solve other problems. If the family directly invests money, it will be cheating.

In order not to let grandfather look down upon, now can only think of other ways to finance, never use the family to cheat.

After thinking about it for a moment, Wu Tian touched out his mobile phone and dialed Liu Jun's phone.

Uncle Liu has been in the business circles of Luzhou for more than ten years, and he has known many business tycoons. Maybe he can find a suitable financing channel.

"Uncle Liu, what are you up to recently?" After making a call, Wu Tian asked with a smile on his mobile phone.

"I'm busy developing the emerald garden." At the other end of the phone, Liu Jun stopped for a moment and then said, "Fengfeng village is being demolished. I plan to make a new plan for Fengshui village and jadeite garden, or we will lose money."

"All blame me, let uncle Liu lose money." As soon as he mentioned the land, Wu felt a little guilty.

Fengjing village is a village in the city project, which is developed with the jade garden.

If Wang Dan did not force the villagers of Fengfeng village to increase the demolition payment and lower the house price of new houses in the city village, the project would not lose money.

"Uncle qian can afford it." Liu Jun didn't mean to blame Wu Tian. He took the initiative to change the subject: "Xiao Tian, do you have something to do with uncle?"

"Hey, I really want to ask Uncle Liu for help."

"Don't be polite. You can tell me what you want."

"Well, our company recently launched a new project, looking for a big guy to raise money." Wu

Tian said gently to the mobile phone.

"Boss, I know a lot. Well, I have a dinner party later. You come to Fengjing village and wait for me. Let's go together when we are finished."

"Well, I'll be right here." Without any hesitation, Wu Tian hung up the phone and asked Uncle Fugui to drive to Fengjing village.

Just take this opportunity to see their old house, and after a period of time, the demolition here will be changed greatly, I'm afraid there will be no chance to see it in the future.

Fengjing village belongs to the remote urban area, which is relatively remote.

It took more than 50 minutes to get there.

Today's Fengjing village has long been completely changed. There are excavators demolishing houses and dust flying everywhere.

When Wu Tian arrived at his old house, he found that the excavator had been removed and only a pile of soil was left.

Looking at the place where he lives after an hour like this, his nose is sour, inexplicably a little uncomfortable.

Staring at this pile of waste soil, he rushed to the demolition office. From the director's mouth, Liu Jun went to the Jian'an building opposite.

Wu Tian ran to Jian'an building again and saw Liu Jun on the top of the building. He was looking around with a telescope, and there were several surveying engineers behind him.

"Uncle Liu, I'm busy!" Wu Tian walked quickly and stood down beside Liu Jun.

"Little day, you're here just in time." Liu Jun handed the telescope to Wu Tian and said with a smile, "look at our two pieces of land. I'd like to make a new plan. I'm going to revise the design drawings and submit them again."

"Let me see." Wu Tian took over the telescope and could look down on everything below.

In front of him is the village in the city where he used to live. In front of him is the emerald garden of the new plot.

"Look over there." Liu Jun pointed to the right rear and said: "that's a large shopping mall, beside which there is Xiaoxue hospital under construction. After completion, it will have a pull effect on our real estate."

"How does uncle Liu plan to plan again?"

"I'm going to arrange the jadeite garden and the scenic village vertically to form a main body with Moore City, hospital and Xiaoxue." Liu Jun is a bit complacent to say.

It took him a long time to think about this plan.

In this way, the level of real estate can be improved a lot.

"No Wu Tian shook his head and retorted: "since then, the light of the real estate is much worse, the visual effect is greatly discounted, and the floor area ratio is significantly reduced."

"But I still think

"Uncle Liu, what is the swamp in front of the emerald garden?" Before Liu Jun finished, Wu Tian couldn't help interrupting.

"It's an abandoned swamp, formed for historical reasons, but the land is full of soft mud and there are springs under the ground. The city clearly forbids the development of real estate on it."

"Then can we buy it?"

"Ah?" Liu Jun is slightly a楞, seem to be frightened by this word, "buy a piece of wasteland why?"

"If we have a park near our property, what will be the impact?"

"Then the value of our property is..." Liu Jun didn't finish his words, but suddenly a light came up in front of him: "do you mean to build the abandoned marshland into a park?"

"Yes."

Wu Tian nodded, pointed to the swamp and said, "let's buy the swamp and the barren mountain on the opposite side, build super high-rise buildings on the right side of the barren mountain to form a landmark of the far city area, and build villas on the left side of the barren mountain, OK?" "Good, great." On hearing this, Liu Jun couldn't help clapping and cheering, and analyzed: "building buildings and villas around the park can improve the real estate several

grades."

"No, I mean to develop it into a new center in the far city." Wu Tian pointed to several dilapidated factories in the distance, "buy the factory buildings, and when we have money, we will develop it into a characteristic commercial street, and then form a commercial, residential and entertainment integration."

"Good boy, your ambition is not so big." Liu Jun held out his thumb and praised it loudly.

Such ambition and vision, even he could not help but secretly exclaimed.

I didn't expect that this boy would use an abandoned swamp to build a park to boost the real estate. I didn't expect that the boy bought the factory to develop business.

As soon as the park is built, it must be able to attract more developers to build real estate.

After the regional development is mature, the factory building is the core area, and then the development of characteristic commercial street is perfect.

With the park to drive the development of commercial housing, gather enough people to develop commerce in the residential core area.

Liu Jun seemed to see a new city in the far city area born in front of his eyes.

"I'm just making a suggestion. You have to do it with Liu Shu." Wu Tian is also complacent about his sudden fantasy.

According to this idea, as long as the operation is good, whether it is commercial housing or commercial development, there is a lot of money to make.

"The most urgent task now is to buy these plots. These wastelands and mountains are not valuable. It will not cost much to buy these plots. I will do it now." Liu Jun said he would do it and arranged his subordinates to act separately.

In order not to attract the attention of the outside world, he asked people to set up two companies. One company was responsible for purchasing marshes and barren mountains, and the other company was set up to purchase those factories.

Swamps and barren mountains are abandoned plots, so if you buy them now, they are not worth much money at all.

But those factories are worth a lot of money. If you buy them all, they will be more expensive than the jadeite garden plot.

According to the current situation of Liu's group, it can only buy the factory by loan, which is a big sum in the far city.
