

CHAPTER 261:

When they came to the office, they saw sun Xiaohao busy on the phone. As soon as they saw Wu Tian, they hung up the phone and said with a smile, "Xiaotian, you can count it."

"I've solved the problem at the Health Bureau. The Health Bureau will not come to trouble again in the future." As soon as we met, Wu Tian threw out such good news.

"That's good." Hearing this news, sun Xiaohao felt much relieved.

"By the way, how are you doing?"

"Alas Sun Xiaohao sighed slightly. He went to the sofa and sat down. His face was full of frustration and said, "President Yang is busy looking for a new food supply chain. It seems that it is not as easy as expected."

"What's the difficulty?"

"Our hotel now focuses on high-end specialty dishes with high requirements for all kinds of ingredients. If it is just ordinary ingredients, the market can be seen everywhere, but there is no complete supply chain for this kind of high-end food in Luzhou..."

"It doesn't matter. We can build our own food supply chain."

"Build a supply chain?" Sun Xiaohao was frightened by the idea.

"Yes." Wu Tian nodded and analyzed: "in fact, it's not a bad thing that the suppliers cut off supply this time. For the sake of the brand of our hotel and the quality of the dishes, we must establish a complete set of our own unique food supply chain."

"But building a supply chain is very complicated, which will increase the operating costs and efficiency of the hotel."

"It's not as complicated as you think." Wu Tian thought for a moment and said, "in this way, let's solve the immediate crisis first and talk about the supply chain slowly."

"Yes, let the hotel run first."

"By the way, did you find out who was behind the scenes?"

"Got it." At this time, Lu Kang, next to him, said, "it's the competitors who are behind the scenes."

"Who are the competitors?"

"It's the Fuli Hotel opposite our hotel, which has been fighting against our hotel before. Recently, I heard that our hotel was transforming and worried about robbing their business, so I was anxious to crush us."

"Let's go and talk to them." Wu Tian said this and got up to leave the office.

The three people came to Fuli hotel together and soon found Zhao Fuli, the owner of the hotel.

Zhao Fuli with a big belly, smile like Maitreya Buddha, "say, what do you want me to do?"

"I'm Wu Tian, the owner of Tianhao hotel." Wu Tian walked over and sat down opposite Zhao Fuli. He said without expression: "I heard that you bribed our supply chain, causing us to cut off supply?"

"Yes, I've been putting up with you for a long time. I've wanted to bring you down." Zhao Fuli raised his head with a straight face.

"It's understandable that you want to bring us down, but it's shameful to do so."

"Whatever means you care about me, as long as I can bring down your hotel, I will use whatever means I want."

"I've never seen such a shameless fellow like you, who can be so justifiable by such a mean means."

"Boy, you're not convinced, are you?" Zhao Fuli put his head close to him and said in his voice, "if you are not convinced, you can also use this despicable means."

"If I want to use it, I'll knock your hotel down in minutes."

"You're good at blowing." Zhao Fuli pinched out the cigarette butt in his hand, got up close to

Wu Tian, like a combative rooster, and continued to challenge: "boy, what means do you want to do? I want to see how many abuses you have?"

In his opinion, the boy in front of him did not have a big idea at all. It was too far from fighting him.

"Since you have to die, don't blame me for being rude." Wu Tian finished saying this, directly touched out his mobile phone and called Zhao Wenwen: "I want to report to Fuli Hotel, yes, right..."

After the first call, he called Longyun again.

I'm waiting for his cell phone to finish.

"Boy, do you think two phone calls can scare me?" Zhao Fuli lit a cigarette again and gulped it up. He didn't take Wu Tian seriously.

"Don't ask me when the hotel closes down." The corners of Wu Tian's mouth rose, and his smile was brilliant.

"Well, I'll see what you can do with it." Zhao Fuli said this, and sat in place waiting to see the joke.

Neither of them spoke. The room was very quiet. It seemed that the two sides were in a cold war.

After more than ten minutes, the desk machine rang.

Zhao Fuli grabbed the landline to connect the phone. After only saying a few words, his face suddenly became gloomy and dark.

Then with that kind of vicious eyes staring at Wu Tian, "boy, you are really despicable, even use the health bureau to suppress me."

Just received a notice, the deputy director of the Health Bureau personally led the law enforcement personnel to carry out a health inspection on the hotel, found out some health problems, and asked him to suspend business for rectification.

An investigation revealed that Wu Tian was playing a trick behind this. Unexpectedly, the boy had a good relationship with the Health Bureau.

"Boss Zhao, it's you who let me use this despicable means. I'm just tit for tat." Wu Tian smiles and his winning smile appears on his face. "Boy, do you think that's going to hurt me?"

"Don't worry, the good play is still ahead."

"I'd like to see you "Didi, Didi..."

Zhao Fuli did not finish his words, the mobile phone rang in his pocket.

With a fierce stare at Wu Tian, he reached out to connect the phone and said impatiently, "what's the matter, please tell me."

"Zhao Boss Zhao, it's bad..." There was a trembling voice on the other end of the phone, in a

flustered tone.

"Just a health bureau. What's to be afraid of?" Zhao Fuli said to the phone.

"Not only the Health Bureau, but also the supply chain. The food supply chain of our hotel has been cut off..."

"Supply chain?" Hearing this, Zhao Fuli's face suddenly sank and glared at Wu Tian.

You don't have to think about it. It must be the boy who is behind the scenes.

But he soon regained his composure and said to the phone, "don't worry, I'll find a new supplier of ingredients if I don't have this small problem in the supply chain."

Just as Zhao Fuli was about to hang up the phone, he heard the voice on his mobile phone again: "the investors of our hotel suddenly withdraw their capital..."

"What? Divestment? " The news was like thunder, which made Zhao Fuli dizzy.

If investors withdraw now, there will be big problems in the hotel capital chain, which is a fatal blow to hotels.

"And..." Zhao Fuli did not relax, he heard the voice of the phone again: "several banks suddenly cut off loans, several media exposed our hotel food problems..."

"Pa Da!"

After hearing these words, Zhao Fuli's arm shook violently and his mobile phone fell to the ground.

Just now these are like nightmares, let his whole person be like be hit by five thunder.

I didn't expect that in just half an hour, the hotel experienced so many crises, which made Fuli Hotel fall into a crisis that never happened before.

After the slight Leng, he slowly looked up at Wu Tian and said, "yes Is it you? "

CHAPTER 262:

"Yes, it's me." Wu Tian touched out his cigarette and lit it. He puffed up his legs and smoked.

"You..." Zhao Fuli's mouth trembled and couldn't say a word for a long time. At this time, the eyes of Wu Tian were more terrible than the monsters.

I never dreamed that the boy's power was so strong that a phone call would plunge the hotel into a huge crisis.

Leng for a long time, he asked a low tone: "you Who the hell are you? "

"It's someone you can't afford." Wu Tian vomited his eyes. His cool eyes were full of domineering power.

"I..." Zhao Fuli bit his teeth and couldn't say a word for a long time.

Such a powerful force can bring his hotel into a great crisis in a short time. He really can't afford to be provoked.

At this time, the heart secretly regret, regret to provoke such a powerful guy, the result to their own fire.

"Hoo!"

Wu Tian puffed a smoke ring on Zhao Fuli's face and said with a smile, "don't think you're the only one who can play these mean tricks. I'll play tricks and let you die in minutes."

"Boss Wu, I'm wrong. I shouldn't fight you." So far, Zhao Fuli can only put down his posture and take the initiative to apologize, and discussed: "let's each step back, turn the enemy into a friend."

"I'm sorry, I gave you a chance before. It's you who don't know how to cherish. Now don't blame me for my ruthlessness." Wu Tian shakes the ash. His face is still calm.

"Boss Wu, if we go on like this, we will lose both sides, and it will do no good to anyone."

"You overestimate yourself." Wu Tian raised his head and laughed two times. He put out the

cigarette butt in his hand. "This crisis is nothing to me, but it is a fatal blow to you."

With these words, he got up and walked out with sun Xiaohao and Lu Kang.

"Boss Wu..."

Zhao Fuli ran after him and begged, "I'm really wrong. Please let me go, boss Wu."

"Remember, that's what happens to me." Wu Tian didn't intend to let Zhao Fuli go. He left quickly.

He either doesn't make a move. He will kill the other party as soon as he makes a move. There is no room for maneuver.

Out of the Fuli Hotel, Lu Kang couldn't hide his excitement and excitement. He couldn't help but give Wu Tian a thumbs up. "Boss Wu, you're just too corrupt. Every minute you let Fuli Hotel fall into crisis."

"It doesn't take much effort to deal with such a small hotel." Wu Tian didn't care.

With the influence of Wu family, it is easier to trample down Fuli hotel than to step on ants.

"Boss Wu is really a bull." Lu Kang looked happy and said with pride: "it's my honor to be able to work with boss Wu."

"Manager Lu, do more business and less flattery in the future."

"Yes, yes, yes." Lu Kang nodded again and again, and hastened to change the subject: "it's a great pleasure for us to lose another big competitor after the fall of Fuli hotel."

"Don't be too early. Our hotel is in a bit of trouble at the moment." Wu Tian thought about it for a while and turned to sun Xiaohao and said, "Xiaohao, please contact Mr. Yang quickly and find a way to make the hotel run."

"Our food supply chain..."

"Spend high prices to buy ingredients in the market first, and I will build the supply chain."

"Yes."

"Well, there's nothing wrong. Let's get busy first." Wu Tiangang finished saying this when he received a call from Yang Guang.

According to Yang guangkou, those hotel suppliers who knew that Fuli hotel was in crisis one after another and turned to cooperate with them Tianhao hotel.

All of these suppliers gathered at the entrance of the hotel hall with gifts, this time to cooperate with Tianhao.

After the phone call, Wu Tian chuckled and turned to sun Xiaohao and said, "the suppliers who betrayed us before are now asking for cooperation with us."

"Great." Hearing this, sun Xiaohao clapped his hands happily. "With them to cooperate with us, we don't have to build our own supply chain."

"No!"

Wu Tian shook his head and rejected: "I don't intend to cooperate with these suppliers any more. I still need to establish my own supply chain. First, I will make a brand for the hotel. Second, I don't have to worry about being pinched by others."

"Well These suppliers? "

"Let's go back to the hotel first." Wu Tian finished saying this and took sun and Lu to Tianhao hotel.

More than a dozen food suppliers have gathered in the hall.

Some of them are suppliers of Fuli hotel. When they heard that something happened to Fuli, they turned to Tianhao hotel one after another.

There are also some old suppliers of Tianhao Hotel, who betrayed Tianhao after being bought by Fuli and solved the problem privately. Now they are licking their faces to seek cooperation.

"General manager Sun and manager Lu."

Several suppliers rushed around and flattered sun Xiaohao and Lu Kang and said, "this is a small gift we have prepared. I hope sun will accept it."

With these words, the suppliers handed over the gifts one after another.

"Say what you want." Sun Xiaohao didn't even look at the presents and spat out a sentence impatiently. "We hope to continue to cooperate with your hotel and continue to provide you with the best quality food." The supplier licked his face and laughed.

"No need." Sun Xiaohao spat out three words, but he felt relieved in his heart.

In the past, I asked my grandfather and grandma to speak good words with these suppliers and refused to cooperate with them. Now these people still have the face to ask for cooperation.

"You are such a big hotel, you must need food supplies, we provide food materials, this is a matter of mutual benefit and win-win, I hope Mr. Sun will give it a good consideration." The supplier continued to curry favor.

"Even if our hotel doesn't do it, we won't cooperate with you people." Sun Xiaohao responded domineering.

"You..."

The suppliers on the scene were choked by this, and after a little Leng, one of the suppliers suggested: "we want to see your hotel boss and talk to your boss in person."

"Want to see our boss?"

"Yes."

"Let me introduce you." Sun Xiaohao pointed to Wu Tian and said, "this is Wu Tian, our boss behind the scenes."

"He..."

A few suppliers are slightly stunned, did not expect that the hotel boss is so young and simple, the boss has no posture at all.

After the micro Leng, several suppliers gathered around Wu Tian and said, "boss Wu, I hope you can give us another chance. We just hope to continue to cooperate with you for mutual benefit and win-win cooperation."

"I'm sorry, I never cooperate with people who don't have integrity. Please come back." Wu Tian directly issued the order to leave.

"Boss Wu, we have realized the mistake. We just hope that..."

"See you off, manager Lu." Wu Tiangen did not give these people an opportunity to explain, and Chao Lu Kang winked.

Lu Kang immediately understood, waved to the security guard and said, "come, send these dishonest guys for me."

The security guard got the order and immediately surrounded. For a moment, the atmosphere in the hall became tense.

"Goodbye!"

Now, those who are in a bad mood to leave this place are not in a good mood.

CHAPTER 263:

After the supplier was expelled, not only sun Xiaohao and Lu Kang felt relieved, but also the waiters were very proud and elated.

"Before they asked to cooperate with these suppliers, they were all arrogant and unmoved, but now they come to us again." Sun Xiaohao couldn't help but sigh.

"We do business to make money, but we must not sell our dignity to make money." Wu Tian patted sun Xiaohao on the shoulder and said with a smile, "in front of anyone, we should not be so humble."

"Well, sometimes I can't help myself."

"Xiao Hao, tell me when you encounter difficulties in the future, and I will try to solve them."

Thank you

"Well, you'll be busy and try to get the hotel running. I'll be responsible for building the food supply chain." Wu Tian said this and turned to leave the hotel.

Then I went to the nearby vegetable market by car.

If you want to build your own food supply chain, you must first go to the field to find the raw materials that match the high-end food.

When he came to the vegetable market, he began to wander around. He looked here and there. In fact, he didn't know much about these vegetables and meat.

Just when he wanted to ask Secretary long to help, a soft voice sounded in his ear.

"Well, what a coincidence." Shen Xue, wearing a long white dress, came over. Her long hair was fluttering, and she was charming and charming.

I haven't seen this girl for a long time. It looks fresher than before, such as the unpolluted spring water in the deep mountain.

"Snow, why are you here?" Seeing this girl, Wu Tian has a sense of intimacy.

"I'm here to help the restaurant choose the ingredients." After answering this, Shen Xue put his hands behind his back and asked, "what are you doing in the vegetable market? You're not going to buy food to cook, are you? "

"No, in fact, I also choose food for the hotel."

"Whose hotel do you choose the ingredients for?"

"I recently invested in a new hotel to build my own food supply chain." Wu Tian said this, and suddenly his eyes lit up: "why don't you come and help me?"

This girl is a top chef. If she helps, it will not be difficult to set up a food supply chain.

"Good." Shen Xue nodded and then changed her tone: "what's the use of me to help you?"

"In this way, I can share the shares of Fuyuan restaurant with you."

"Bah, who wants your shares?" Shen Xue slightly side over the body, inexplicably angry.

"No shares, what do you want?"

"I..." Shen Xue bit her mouth and swallowed what she wanted to say.

Silence for a few seconds, suddenly appeared such a sentence: "are you with that woman called Huang Lan often together?"

"Yes."

"Hooligan!" Shen Xue smashed Wu Tian with his fist and stomped out of the vegetable market.

"Hello..."

Wu Tian ran over and grabbed Shen Xue's arm. "Xiao Xue, why are you so angry?"

"Don't touch me." Shen Xue retracted her arm and said angrily, "look for your Huang Lan, why do you pull me?"

"Sister LAN and I are just partners."

"What is your relationship with me?"

"Good friend."

"What you say is not what you mean." Shen Xue rolled her eyes fiercely, and her anger was not completely dissipated.

At the thought of Wu Tian and Huang Lan's intimate and ambiguous appearance last time, I felt very uncomfortable.

"Don't be angry. I'll tell you the business." Wu Tian didn't know what was going on. He was still talking about the ingredients just now, and somehow he got involved in Huang Lan's head.

Wu Tian shook his head with a bitter smile and said, "I want to set up a food supply chain. Can you help me?"

"Why build a food supply chain?" Shen Xue blinks two big round eyes and frowns.

For catering, the upstream supply of food materials is very complicated, and the profit is particularly low, which is a thankless job.

Generally, large hotels do not build their own supply chain.

"This supply chain break let me understand a truth, to control the chain myself, so as not to be pinched by others at the critical moment." Wu Tian said this, and said: "there are many advantages in establishing a supply chain by ourselves, which can stabilize the quality of food materials and food safety, strengthen the management, ensure the freshness of ingredients, and make our own brand through the chain."

"It makes sense." Shen Xue nodded with approval.

I have to admit that Wu Tian is really a business minded guy, and his angle of thinking is obviously different.

"You can help me select a batch of high-quality ingredients, and then I'll send people from the hotel to purchase them."

"No problem. Let's go." Shen Xue said this and walked outside the vegetable market.

Wu Tian stretched out his hand and took Shen Xue's arm. He didn't understand: "let you help me select ingredients in the vegetable market. Where are you going?"

"The vegetables in the market are all greenhouse vegetables, and the quality is very poor." "Apart from the vegetable market, where is the food?"

"Don't ask so much, just follow me." Shen Xue is too lazy to talk nonsense and pulls Wu Tian's arm away from the vegetable market.

Two people came to the parking lot, Shen Xue went to pull the door of a red car, "get in, I'll take you to a place."

"To where?"

"You'll find out later."

"Don't you sell me?" Wu Tian made a joke and got into the co pilot's position.

"If you are a man like you, you can't buy a lot of them on the street." Shen Xue laughs and gets into the driver's seat and starts the car to drive away from here.

The car ran in the city for more than ten minutes, and finally left the city along the northern Ring Road, all the way north, and soon reached the northern suburbs.

Seeing more and more barren, Wu Tian frowned tightly and said, "what are we doing in the suburbs?"

"Buy vegetables."

"Buy vegetables?"

"Yes."

"Chef Shen, have you made a mistake and come to the suburbs to buy vegetables?"

"Don't you want the best ingredients? You'll have to wait until you get there." Shen Xue is too lazy to talk nonsense and continues to drive all the way.

After driving for more than half an hour, the car finally stopped in a small village in the far city.

After getting off the bus, Shen Xue pointed to the scattered low houses nearby and said, "this is the poorest Shihua village in Luzhou City, and the folk custom is particularly simple."

"You brought me here to buy vegetables?" Wu Tian also noticed that a lot of vegetables were planted near the village.

"You see, the vegetables are all planted by villagers, and they are artificially fertilized. In addition, the climate here is suitable and the soil selenium content is very high, so the dishes here are not only fresh, but also have a unique taste." Shen Xue said this with a warm smile on her face.

"How did you find this place?"

"A photographer came here to collect wind. I came with her and found that the vegetables here are of high quality."

"Good fellow." After hearing this, Wu Tian was in a good mood. "Let's go and have a look."

With these words, he took the lead in walking into the village.

This mountain village is really backward. The villagers grow crops in a very traditional way, and basically have no source of income.

CHAPTER 264:

Wu Tian took a look and found that the backwardness of Shihua village was determined by its natural environment and geographical location.

The village is surrounded by two mountains, and the village is just between the two mountains.

Two railway lines and a high-speed road are sandwiched on the left and right, which makes the location of Shihua village very embarrassing.

In short, Shihua village is besieged by two mountains and two railway lines, and there is no room for development.

This village seems to have been forgotten for a long time. Only the North Ring Road is close to the village, which is the only way out for Shihua village.

"Come on, I'll take you somewhere." Shen Xue took a few photos with her mobile phone, then took Wu Tian's arm and walked towards one of the farmers.

There are two 70 year old people living in the farm. They look very healthy and healthy.

"Grandpa, grandma, I'm here again." As soon as she entered the door, Shen Xue bowed and said hello to the two old men.

"It's snow!" The old lady recognized Shen Xue, and then set her eyes on Wu Tian, "did you bring a boyfriend this time?"

"He is not." Shen Xue's face turned red, and she quickly drew her hand back from Wu Tian's arm.

"Shy." The old woman grinned a few times, "you sit down, I'll make you tea."

With these words, the old woman went to the inner room. It seemed that she was very happy.

"Sit down!" Shen Xue pulls Wu Tian to sit down and explains in a low voice: "last time I came to collect wind with my friend, I met grandma Han here. She is very nice."

"I see."

"You sit down first. I'll help grandma Han cook." Shen Xue said this and turned into the kitchen.

After waiting for half an hour, she came out with a few dishes and couldn't wait to urge her to say, "Wu Tian, come to eat and try my dishes."

"I'll try it." Wu Tian licked his mouth, went to pick up chopsticks and began to enjoy the delicious food.

"How about it?" Seeing Wu Tian eat with such relish, Shen Xue looks forward to waiting for the answer.

"Delicious." Wu Tian couldn't help but stretch out his thumb and boasted, "it's fresh, elegant, fragrant, rich and unique. It's better than all the dishes you've made before."

"You know the goods." Shen Xue was very satisfied with this evaluation and said with a smile: "the reason why these dishes taste unique is that I used the ingredients of Shihua village."

"You cook for me, just to let me taste the ingredients of Shihua village?"

"Of course."

"Yes, it's a hundred times better than the vegetables in the greenhouses."

"Do you want to buy the ingredients of Shihua village?"

"It's a pity that there are only vegetables and no meat here."

"Who said not." Shen Xue pointed to the mountain opposite. "It's a natural ranch. There are beef and mutton, pork, fish and chicken. They're all fed with grain. They don't need to be fed with any feed

"Great." Hearing this, Wu Tian was very happy: "Xiaoxue, thank you for helping us find such a good food supply base for our hotel."

"I should thank you for helping the villagers find a way to become rich." Shen Xue smoothed her hair around her ears and explained with a smile, "in fact, I'm a cousin with the village head here. He asked me to help the village find a way out."

"Well, you didn't say so."

"I don't want to force you to buy the ingredients because of my cousins. I just think the ingredients here are really good, so I suggest you buy them."

"Good." Wu Tian immediately made a decision: "in the future, this is the direct purchasing base of our hotel. We Tianhao hotel will purchase all the ingredients here at a price higher than the market price."

"OK, I'll ask the village head to sign the contract with you." Shen Xue danced happily and ran out.

Not long ago, she took many villagers to the granny's house.

When the villagers heard that a big boss came to the village to purchase food materials, they were very happy and expressed their support and thanks one after another.

Soon, Wu Tian and the villagers discussed the specific cooperation, and signed a contract with the village head on the spot.

By the way, let the village find several villagers to form a small team, which is responsible for delivering goods to the hotel every day. The salary is paid normally and the hotel treatment is enjoyed at the same time.

In this way, the problem of food supply chain was perfectly solved, and the hotel solved the problem of food material supply and got the best food materials in Luzhou.

At the same time, the villagers have also found a way to become rich. Both sides have reached a mutually beneficial and win-win cooperation, and they are very happy with each other.

After finishing the contract, Wu Tian took a potluck with the villagers and returned to the city in the afternoon.

On the way back, Shen Xue is very happy. For her, it seems that she has done something special.

"Snow, I have to ask you for help." Wu Tian thought of another thing and tried to say.

"What's the matter?" Shen Xue holds the steering wheel and has a smile like a spring breeze from the beginning to the end.

"The dishes in our hotel are too poor. I want to improve the quality of the dishes and send some chefs to your restaurant to learn."

"What? You, we, the hotel and the restaurant are all yours? You're the boss. That's what you decide. ""You are the chef. I have to discuss with you and respect your opinion."

"I don't mind." Shen Xue smiles gently. Naturally, she will support Wu Tian's proposal unconditionally.

Seeing that Shen Xue is so clever, Wu Tian dark feels gratified and can't help boasting: "Xiaoxue is really a good woman with understanding."

"Is it me or Huang Lan?" Shen Xue suddenly asked such a baffling question.

"Of course, snow is the best." Wu Tian gave such a contrary answer.

In fact, the two women can not say who is good and who is bad. When compared comprehensively, they are both excellent.

Whether it is the appearance, body, or personality and skills, they all have their own merits and strengths, almost no distinction.

Hearing this answer, Shen Xue was very happy and couldn't help but continue to ask, "where do you think I'm the best?"

"The butt is the best. Your fart doesn't stink. It's very fragrant." Wu Tian couldn't help talking nonsense.

"Fuck you." Shen Xue turned her eyes and grinned.

"Xiaoxue, it's nice of you to laugh." Wu Tian praised from the bottom of his heart.

The girl looks sweet and pretty. When she smiles, she looks like a lotus flower, which is very beautiful.

"Really?" Shen Xue put away her smile and her cheeks turned red.

It was the first time that Wu Tian praised him so much that he felt as sweet as honey in his heart.

"It's true, of course." Wu Tian nodded hard, then turned his tone: "good looking is good-looking, but it's a bit silly to laugh."

"Fuck you." Shen Xue's cheek was slightly cold, and he said, "Wu Tian, are you praising me or damaging me?"

"Praise you, of course."

"Well, do you boast so much?"

"Hey, hey

"By the way, when we go back downtown, let's go to the cinema?" Shen Xue summoned up courage and proposed in a low voice.

"I'm a little busy recently. I'd better take another day."

"Oh Shen Xue had a little flat mouth and didn't say much. He drove back to the city.

CHAPTER 265:

Back in the city, they parted ways.

After arriving at the hotel, sun Xiaohao and Tian Hao went to cooperate with him.

Knowing that Wu Tian has finished the supply of food materials so quickly, sun Xiaohao seems very excited and proposes to go out for a drink tonight.

Wu Tian also felt that he was too tired recently. He took sun Xiaohao and Jiang Wan to the big stall and had a good drink.

What kind of delicacies, what high-end hotel, can not compare with the most fireworks smell of the big stalls, only here to drink can be hearty.

The three returned to the school dormitory late after drinking and fell asleep.

The next day, Wu Tian was woken up by the alarm clock, called Jiang Wan and sun Xiaohao, and went to the classroom after simple washing.

Three almost late, rushed to the classroom, the results of the classroom in front of the teacher Mu ran.

"Wu Tian, you stay." Muran took a look at the three, and finally put their eyes on Wu Tian.

Sun Xiaohao and Jiang Wan both looked at Wu Tian with that kind of sympathetic eyes and

rushed into the classroom.

Wu Tian, standing in front of Mr. mu, has a sense of impending disaster.

He has been absent from class for several days in a row. With his personality, he is sure to scold him.

On the contrary, Mr. Mu didn't get angry. On the contrary, he said with a kind face: "Mr. Wu, the teacher knows that you are not feeling well recently. Don't be too sad."

"What?" Wu Tian was slightly stunned and didn't understand the meaning of this.

"The teacher already knew that you didn't go to school these days because of the death of a relative in your hometown." Muran pulled his hair around the corner of his ear, and his tone was deep and dignified.

"The death of a relative?"

Wu Tian was slightly stunned. He quickly responded and nodded: "yes, my relatives in my hometown passed away recently. I went to the funeral and forgot to ask for leave from teacher mu in a hurry."

Last night, I heard from Long Yun that teacher Mu came to find Wu Tian two days ago. At that time, Long Yun lied and said that Wu Tian's family member had passed away, so he was absent from school.

"I know you've been in a bad mood recently. Don't be too sad. I'll take care of your grief and by the way." Muran comforted.

"Thank you for your concern."

"Well, let's go to class."

"Yes Wu Tian smiles and follows Muran into the classroom.

Next time, Wu Tian worked and studied well.

Apart from classes, most of the time is spent in the Tianhao hotel.

After all, the hotel needs to carry out a major reform, the new food supply chain has just been established, and many places need to be improved.

As soon as the hotel was smooth, Zhao Fuli of Fuli Hotel couldn't hold on. He took the initiative to ask Wu Tian to hold up his hand and was willing to transfer part of the shares of Fuli hotel to Wu Tian at a low price.

After a little meditation, Wu Tian decided to buy part of Fuli's shares and set up a local catering company with Tianhao to build a catering chain.

The company will be set up in the way of Tianhao and Tianhao.

After the establishment of the chain, the demand for food materials was more vigorous. The

supply of Shihua village increased, which soon led the villagers to get rid of poverty and become rich.

This incident soon shocked the local media, and the major media reprinted it one after another, reporting the news that Tianhao catering had driven the villagers to become rich.

A stone aroused thousands of waves, in the media reprint reports, Tianhao hotel also followed the fire, a short time to become Luzhou celebrity hotel.

Soon, as a backstage investor, Wu Tian was also dug out by some media reporters to conduct in-depth interviews and reports on him.

Under the media exposure, Wu Tiancheng became a model investor who led the poor villagers to become rich, and even attracted the attention of Luzhou TV station.

While Wu Tian is busy with the hotel, a beautiful woman with black glasses breaks into the hotel office.

"Hello, who is the boss of the hotel?" Glasses beauty is very polite to ask a, smile is particularly sweet.

"I am." Wu Tian stood up from his desk and looked at the beauty of glasses with a smile, "what can I do for you?"

"Are you boss Wu?"

"Yes."

"Hello, hello." The beauty of glasses rushed up to shake hands with Wu Tian, so don't mention more enthusiasm.

"Hello." Wu Tian laughed two times, Ning Mei did not understand: "beauty, do you want me to do something?"

"By the way, this is my business card." The beauty of glasses remembered that she forgot to introduce herself. She quickly handed over the famous film and said, "I'm Xie Mei, director of the advertising department of Luzhou TV station."

"It turns out to be the beauty director of Luzhou TV station. Hello." As soon as I heard that the woman was from the TV station, Wu Tian became very enthusiastic.

"Boss Wu, do you have time? I want to talk to you."

"It's my pleasure to chat with beautiful women." Wu Tian finished saying this, reached out and made a gesture of invitation, "director Xie, please sit down."

Thank you After Xie Mei sat down, he glanced at Wu Tian with that kind of examining eyes and said, "I didn't expect that boss Wu would become the boss of Tianhao group when he was young, and he controlled such two hotels." "Flattering." Wu Tian poured a cup of boiling water on the table and sat down opposite her. "Director Xie came to see me, not just for chatting?"

"Of course not."

Xie Mei helped his glasses and said with a smile, "our TV station wants to make a promotional film about the success of boss Wu."

"I'm a small businessman. What can I do for you?" Wu Tian shrugs and does not understand the other party's intention.

"You are no ordinary businessman now." Liu Mei chuckled and then said, "boss Wu helped the villagers of Shihua village to get rid of poverty and become rich. It is a model for Luzhou businessmen, which is worth learning and promoting by all Luzhou businessmen."

"It's not so serious. The reason why the villagers of Shihua village can get rid of poverty is because of their hard work and wisdom."

"Mr. Wu, don't be so modest. If you didn't invest in Shihua village, their vegetables and meat would not have been on the table of high-end hotels, let alone make so much money."

"Shihua village and I are just mutually beneficial and win-win cooperation." Wu Tian couldn't help laughing bitterly.

The reason why they buy vegetables in Shihua village is that their vegetables contain Fuqian substance, which is unique in Luzhou.

It's not so much that he helped the villagers in Shihua village, but that Shihua village made his hotel a success. Tianhao hotel has successfully transformed into a high-end hotel, and the dishes have been upgraded by two grades.

"It would be great if we had more conscientious bosses like you in Luzhou." Xie Mei helped his glasses and then said, "I specially shot your short film to the stage. First, I wanted to spread your glorious story of poverty alleviation. Second, I wanted to publicize your success. Third, I also wanted to make a name for Luzhou. I wonder if you would like to cooperate with us in shooting."

"Of course I can't get it." Wu Tian readily agreed.

It's such a good opportunity to advertise the hotel for free, and the fool won't do it.

"Thank you for your support." Xie Mei stood up again and again to thank him. His smile was especially bright.

CHAPTER 266:

"Director Xie, it's very kind of you." Seeing that the beauty director is so polite, Wu Tian is a little embarrassed.

"It's too late today." Xie Mei took a look at the time and suggested, "well, at 10:00 tomorrow morning, we will make an appointment at the people's home. We hope that boss Wu can cooperate with us to make a short film."

"OK, no problem. I'll do my best."

"Thank you, boss Wu." Xie Mei stood up from his seat and said with a smile, "can you leave me a phone call?"

"Here's my card." Wu Tian quickly took the famous film from his pocket and handed it to him.

Liu Mei took over the business card and looked at it with a smile. "Then I won't disturb boss Wu's work. We'll see you tomorrow and leave."

With this she left the place with long legs.

"Take your time, director Xie." Wu Tian did not dare to neglect, until the woman into the elevator to return to the office.

In the office, sun Xiaohao and Lu Kang have begun to celebrate.

Sun Xiaohao, in particular, was extremely excited: "Xiaotian, I didn't expect you to become a celebrity this time. Not only did the hotel make money, but also your fame increased."

"This is called unintentionally inserted willows into the shade, did not expect to inadvertently move to make the hotel so popular." To tell you the truth, even Wu Tian feels incredible when it develops into this situation.

It was unintentional to purchase food materials from Shihua village, but it brought such a big stir.

Not only the local news media rushed to report, but also Luzhou TV station helped the hotel to promote for free.

"Through this all-round media and TV publicity, our hotel is likely to become one of the first-class hotels in Luzhou." Sun Xiaohao couldn't hide his excitement and excitement, shouting in his voice.

"Since there is free publicity in the media, we must seize this opportunity." Wu Tian said this, and turned to Lu Kang and said, "be careful recently. You should keep up with the level of food and service. Don't take it lightly."

"Boss Wu, don't worry. I will strictly control these two aspects." Lu Kang vowed.

"We can't just drift away because of small achievements. We should guard against arrogance and rashness, and we must keep a low profile."

"Yes."

"Hotel hygiene must be strictly controlled Bang, bang, bang Before Wu Tian finished speaking, he heard a quick knock on the door.

After knocking on the door, the manager of the lobby came in and said in a respectful tone, "boss Wu, there is a man and a woman in the hall. They say they are looking for you."

"To me?"

"Yes." The lobby manager nodded and explained, "their surname is Liu. It seems that the relationship is between father and daughter."

"Uncle Liu?" Hearing that they were Liu Jun and Liu Yueyao, Wu Tian immediately thought that they were Liu Jun and Liu Yueyao. He said to the lobby manager, "these two are my distinguished guests. Let's go and meet them with me."

Hearing that Liu's father and daughter are coming, Wu Tian dare not have slightest slightest neglect, and personally takes the lobby manager downstairs to greet him.

Take the elevator downstairs, in the hall saw Liu Jun and Liu Yueyao father and daughter.

Today, Liu Jun is very formal, with a suit and tie, which is quite a business magnate.

Liu Yueyao, wearing a small dress and wearing light makeup on her face, looks more delicate and charming.

"Uncle Liu and Yue Yao, why are you here?" Wu Tian quickly went up to greet the father and daughter.

"It seems that we are not welcome to listen to your tone, Xiao Tian." Liu Jun shook his suit, grinning and joking.

"Uncle Liu is my guest. Of course you are welcome." Wu Tian finished saying this, and told the lobby manager, "don't stand still and receive uncle Liu with the highest standard."

"Yes." The lobby manager responded and waved to the waiter.

The waiter quickly took out the red carpet and spread it in front of Liu Jun until it reached the elevator.

After paving the pavement, more than ten waiters stood on both sides of the red carpet and

made a gesture of invitation with their right hands. The scene was very spectacular.

"Uncle Liu and Yue Yao, please." Wu Tian hastily made a gesture of invitation, smiling and flattering.

"You really know how to play." Liu Jun smiles bitterly, shakes his head, strides along the red carpet toward the elevator.

Liu Yueyao looks at Wu Tian with a smile and takes her father's arm to walk slowly. They enter the elevator together.

After entering the elevator, Liu Juncai said with a smile: "I also watch the news. I said that you opened this Tianhao Hotel and made the poor villages in Luzhou rich. I came to join in the fun."

"Uncle Liu, thank you for coming here."

"Recently, many media have been reporting on your hotel. Your hotel is really booming."

"It's just a coincidence." Wu Tian grabs his head awkwardly and says with a wry smile, "I didn't expect that there would be so many media to help our hotel advertise for free."

"How did you come up with this good idea to use the poor village to promote the hotel?"

"Uncle Liu, don't get me wrong." Wu Tian waved his hand and hastily explained, "it was only when someone broke our supply chain that Shihua village was taken as the direct purchasing supply chain of the hotel." "Is it?"

"Yes, it's all a coincidence."

"There's you."

"But the food in Shihua village is really first-class. You will know what I said after tasting the food." Wu Tian said this, just as the elevator reached the ninth floor.

After the elevator opened, the attendants on both sides of the elevator bowed and said hello.

Under the guidance of the waiter, the three people came to the luxurious private room.

As soon as the private room opened, six waiters bowed in unison.

"Not bad." Seeing this display, Liu Jun praised: "comparable to Luzhou hotel with the best service level."

"Thank you for your affirmation." Wu Tian said this and winked at the waiter.

The waiter immediately understood and quickly handed the special menu to Liu Jun, "Hello, sir, please order."

"Good!"

Liu Jun took over the menu and couldn't help sighing: "good boy, you really dare to set a price. The dishes in your hotel are extremely expensive."

"It's really expensive." After reading the menu, Liu Yueyao followed.

She has also seen the world. She has eaten in many five-star hotels, but the food in Wu Tian's hotel is a bit frightening. It's robbery.

"You can get what you pay for. You can order first, regardless of the price." Wu Tian pursed his lips and laughed at him.

"Serve all your specials." Liu Jun said this and closed the menu.

"Yes, just a moment." The waiter bowed slightly and backed out.

After the waiter left, Liu Jun made an excuse to go to the bathroom, and deliberately winked at his daughter when he left.

After Liu Jun left, Wu Tian couldn't help but ask, "what's your father's eye winking for?"

"I I don't know. " Liu Yueyao's eyes are not clear.

"I think uncle Liu is trying to set us up again."

"Pooh!"

Liu Yueyao spat lightly and said angrily, "Wu Tian, don't talk nonsense. My father doesn't mean that?"

"Maybe I misunderstood uncle Liu." Wu Tian laughs twice and does not continue to entangle this topic.

#### CHAPTER 267:

"I'll go to the bathroom." In order to resolve the embarrassing atmosphere, Liu Yueyao casually found an excuse to leave the private room.

As soon as she left, Liu Jun walked into the private room and scolded Wu Tian: "Stinky boy, did you say something just now? I think Yueyao looks very angry."

"Nothing. I said you were setting us up. She seemed angry."

"You boy." Liu Jun, with an embarrassed smile, went over and sat down beside Wu Tian. "How can you see that I'm setting you up with Yue Yao?"

"I'm not stupid. Of course I can see that."

"How about Yue Yao

"She is a good girl with a good heart."

"Have you ever thought about the relationship between Yueyao and us Liu Jun put his head together and tried to ask in a low voice.

"If I can find a girlfriend like Yue Yao, it's really my honor." Wu Tian finished saying this, and then changed his tone: "but now I'm too busy, not only to invest, but also to study. I really don't

have the energy to fall in love again."

"No matter how busy you are, you have to find time to fall in love, right?"

"Wait till you're done."

"You are a good boy. I like you very much. I have long regarded you as a son-in-law in my heart. I really hope you can come together." Liu Jun said here, tone slightly changed: "you young people's matter I do not mix in, you consider it yourself."

"Get busy with your career first and talk about your feelings later." Wu Tian didn't want to continue with the topic, but took the initiative to change the topic: "uncle Liu, how about the Jade Garden?"

"Very well. You can go and have a look when you have time."

"It's good to have uncle Liu in Jadeite garden. I won't get involved."

"You son of a bitch." Liu Jun wryly smiles and shakes his head, gently reproaches a way: "always want to be shake hands shopkeeper."

"No way, too much investment, not enough energy." Wu Tian smiles bitterly.

Just at this time, the waiters filled the table with delicious dishes.

In this way, the dishes look very delicate, the color is beautiful and full, and the appearance has been specially treated.

"It looks really upscale." Liu Jun stares at these dishes and reminds Wu Tian, "Xiao Tian, go and ask Yue Yao to come in for dinner."

"Well, I'll go and get it." Wu Tian gets up and runs out, looking for Liu Yueyao.

After inquiring, Liu Yueyao and two junior high school students went to the next room.

Knock on the door of the box next door and wait for a while for the door to open.

In addition to Liu Yueyao, there are four young men and women in the private room. They are dressed in beautiful clothes and look like white-collar workers.

As soon as she saw Wu Tian, Liu Yueyao was elated and said to the students, "he is my friend. I have something to do with me. I'm really sorry today. I'll have dinner with you another day."

After saying this, he took Wu Tian to leave the private room.

Just now I met a few classmates in the bathroom. I had to take her to the private room to get

together. Because of face, I had to follow in.

I didn't see these students for a long time. I felt very embarrassed. I just wanted to find an excuse to slip away. Fortunately, Wu Tian appeared in time.

"Wait a minute."

At this time, a dark skinned male classmate stood up and blocked Wu Tian's way.

This male classmate, named Wang Qiang, had pursued Liu Yueyao before.

Wang Qiang went over to stare at Wu Tian and asked, "boy, what's the relationship between you and Yue Yao?"

"Friend." Wu Tian spits out two words coldly.

"Friend?" Wang Qiang sneered and warned coldly, "I advise you to stay away from Yueyao. You are such a toad. Don't want to eat swan meat."

"It doesn't seem to have anything to do with you." Wu Tian looked into Wang Qiang's eyes without showing weakness.

"I just want to tell you that you and Yue Yao are not the same level." Wang Qiang finished saying this, pointing to the delicious food on the table and saying, "boy, do you know how much this table costs?"

"No less than 20000." Wu Tian looked at the dishes on the table and gave the answer directly.

He participated in the pricing of these dishes, and naturally knew the price of the dishes.

"You know what to do." Wang Qiang put his hands in his pocket and looked up arrogantly, "this is the luxury life of Yueyao. A meal can eat 20000 yuan. I'm afraid you can't afford such an expensive meal in this lifetime."

"As long as Yueyao wants to eat, I can let her eat every day." Wu Tian did not show weakness.

"Ha ha ha..."

Hearing this, Wang Qiang seemed to have heard the big joke, raised his head and laughed.

When he laughed, several other students followed him.

In everyone's opinion, the poor boy is bragging.

After laughing for a long time, Wang Qiang couldn't help but sneer: "do you have so much money to invite Yueyao to eat this kind of big meal?"

"I don't want a cent to eat here." Wu Tian slightly cocked his head and said with some willfulness. "It's not against the law to brag. You can brag." Wang Qiang said this and looked up with a burst of laughter.

At this time, the lobby manager and some waiters walked into the private room.

Wu Tian glared at several people and said to the lobby manager, "from now on, all Liu Yueyao

and Liu Jun's father and daughter will be free of charge."

"Yes The manager bowed in response.

Wang Qiang and those classmates are all stupid eyes. I didn't expect that Wu Tian could give Liu Yueyao an exemption.

Several people looked at each other and could not smile any more.

After the micro Leng, Wang Qiang questioned the lobby: "by what we consume and collect money, this boy charges no money?"

"He's the owner of our hotel. Of course he doesn't have to pay." The lobby manager pointed to Wu Tianyi and said in a bold voice.

"What? Is he the owner of the hotel On hearing this, Wang Qiang's eyes were wide eyed and almost didn't fall out.

Not only Wang Qiang was surprised, but several other people felt incredible.

I didn't expect that he was the boss of Tianhao hotel.

"Yes, he is the boss of our hotel." The lobby manager nodded hard and gave the positive answer.

"This..." Wang Qiang's face was stupefied. At this time, he only felt his face slapped and crackled.

Thanks to him, he humiliated the boy and called him a toad. Unexpectedly, he was the boss of Tianhao hotel.

How corrupt and rich this status is, it is a hundred times more corrupt than all the people they are sitting in.

Other people also feel extremely embarrassed. Originally, they all looked down on Wu Tian and couldn't help laughing at Wu Tian.

At this point, they are like a fool, they can't laugh any more.

In their capacity, they are not qualified to laugh at the boss of Tianhao hotel. It is not a class.

After a long time of stupidity, Wang Qiangcai looked at Liu Yueyao in embarrassment. "Yueyao, I didn't expect that your friend was the boss of Tianhao hotel. Why didn't you tell us earlier?"

"There's nothing to say. Tianhao hotel is just a small asset under his banner." Liu Yueyao reached out and took Wu Tian's arm and said with a smile.

CHAPTER 268:

"Is it?" On hearing this, Wang Qiang couldn't help asking, "do you have other assets in your hand?"

"He also has two restaurants, a technology company, a live broadcasting platform, and a real estate company..."

"My God

Wang Qiang was subdued. He didn't expect that the boy was young and had so many assets.

Knowing that the boy was a big man with a lot of abuses, Wang Qiang changed his attitude and rushed to please him: "brother, it's my honor to know you."

Several others also rose to please.

If you can take advantage of this opportunity to climb up to this figure, it will be of great use to the future development.

"Sorry, I have something else to do. Let's go first." Wu Tian smiles awkwardly and pulls Liu Yueyao out of the private room.

There is no need to waste saliva with them because of the fact that people like the poor and love the rich and tend to talk with them.

Out of the private room, Liu Yueyao quickly retracted her arm and said with an apologetic face: "my classmates talk very hard, don't put it in your heart."

"It's OK." Wu Tian's generous smile suddenly reminded him that Liu Jun was still in the private room. He said, "uncle Liu is alone in the private room. Let's go in quickly."

"Good."

Liu Yueyao nodded, pushed open the door and walked in.

I saw Liu Jun alone in the private room to enjoy the delicious food. At this moment, there is no big boss's momentum. It looks like a wolf.

As soon as he saw them, Liu Jun couldn't help blaming him: "where have you been? When you haven't come back for half a day, I'll eat it first."

"Uncle Liu, how do these dishes taste in the hotel?" Wu Tian went over and sat down beside Liu Jun.

"Not bad."

Liu Jun wiped his mouth with a paper towel, stretched out his thumb and boasted: "although you say the price of the dishes here is very expensive, but the dishes are good and worth the price."

"Uncle Liu likes it." Hearing such a high appraisal, Wu Tian couldn't help being complacent.

"Come on, eat together." Liu Jun finished saying this, picked up chopsticks to his daughter's order, "have a taste, the taste is really good."

"I'll try it." Seeing her father eating so happily, Liu Yueyao is also full of expectation and puts

vegetables into her mouth.

After eating, he couldn't help exclaiming, "ah, it's delicious. I didn't expect that the food in your hotel is so delicious."

He picked up the chopsticks and swallowed them.

See father and daughter eat so happy, Wu Tian can not help but secretly proud: "uncle Liu, Yue Yao, you eat slowly, do not choke."

"Good boy." Liu Jun put down his chopsticks and couldn't help asking, "how can the taste of your hotel dishes be so delicious?"

"Good food comes from good ingredients."

"Ingredients?"

"Yes." Wu Tian nodded and explained: "all the food materials in our hotel are directly collected from Shihua village. They are not only fresh and pure, but also have a unique taste. There is no chemical fertilizer added and there is no pollution. The key is that the soil in the village where vegetables are grown is rich in selenium."

"No wonder the dishes are so pure." Liu Jun agreed with the nod: "this price is worth the price."

"Our pricing is mainly for high-end customers like you."

"Good!" Liu Jun changed a comfortable position and leaned back on his chair. "I believe that before long, your hotel will be able to make a statement in Luzhou."

"I'd like to propose a toast to Liu Shuji." Wu Tian poured two glasses of red wine and pushed one of them to Liu Jun.

"I'll have it, too." Liu Yueyao wiped her mouth and reached for the main road.

"Here you are."

Wu Tian quickly handed his glass of red wine to Liu Yueyao, and then poured a glass, "come on, cheers."

"Bang!"

After a few people Bang cup, the red wine in the hand will be drunk.

They talked and laughed, drank and chatted, and soon finished a bottle of red wine.

Midway, Liu Jun answered a phone call, said the company had something to do, so he left the private room in a hurry.

Only Wu Tian and Liu Yueyao are left in the private room, but the atmosphere is a little awkward.

"Come on, drink." Wu Tian poured another two glasses of red wine, holding the glass to Liu Yueyao, in order to resolve the embarrassment.

"Are you trying to get me drunk on purpose?"

"I don't have that idea."

"Not all men are like that." Liu Yueyao said this and drank the red wine in the glass.

"Slow down." Wu Tian quickly took out the paper towel and handed it to him. He said with a smile, "I think we'd better stop drinking. I'll take you home."

"I can go home without you." Liu Yueyao said this, got up and staggered out.

I don't drink much today. Maybe the last two drinks were so strong that I feel dizzy now.

Wu Tian rushed to the front building owner Liu Yueyao's body and said, "you slow down, don't wrestle."

"Hello..."

Liu Yueyao suddenly stopped and slowly looked down at Wu Tian's big hands. "Where do you feel that bad hand?" "Sorry, I didn't mean to." Wu Tian quickly retracted his hands from Liu Yueyao and then took her arm.

"Hooligan!" Liu Yueyao turned her eyes and staggered out of the private room towards the

elevator.

As a result, he did not go far away. As soon as his head sank, he fell directly into Wu tianhuai.

Fortunately, Wu Tian was quick to react. He hugged Liu Yueyao and lifted the woman from the ground. He called out, "Yueyao, Yueyao, are you ok?"

"I Dizziness. "

Liu Yueyao opened her eyes in a trance and said in a soft voice, "I'm so sleepy. I'll sleep for a while and help me to send me home."

"Go to sleep. I'll take you home." Wu Tian smiles bitterly and shakes his head. He has never seen this girl drunk before.

But to be honest, the girl is very cute when she is drunk and looks like a child.

"Wu Tian, can you Don't take advantage of me. " Liu Yueyao did not forget to warn her before she went to bed.

"Don't worry. I promise I won't take advantage of you." Wu Tian promised, holding Liu Yueyao into the elevator.

Downstairs, soon ushered in the waiter's suspicious eyes.

Seeing boss Wu holding a drunken beautiful girl, the waiters could not help whispering and talking.

Obviously, the waiters misunderstood and thought that it was boss Wu who drunk the beauty and tried to plot against the beauty.

Wu Tian is too lazy to explain. This kind of thing can't be explained clearly. It will only be more and more black.

She left the hotel with drunk Liu Yueyao, and then asked Uncle Fu to drive the girl back to Liu's house, and ordered the maid to take care of her.

After seeing Liu Yueyao off, Wu Tian simply goes to the school. It happens that there is a teacher Mu's class in the afternoon.

Wu Tian didn't go home after school, so he just stayed at school.

Now the hotel has been Lvshun, everything has entered the reservation track, and the development is still smooth. Yang Guang and sun Xiaohao take care of it. He is also very relieved.

The next day was Saturday. Wu didn't go anywhere. He was sleeping in the dormitory.

I've been so busy with the hotel these days that I need to take a good rest.

When he was sleeping soundly, he was awakened by the cell phone ring.

CHAPTER 269:

Vaguely grasp the mobile phone, did not look to connect the phone, heard a strange voice in

the phone: "Wu boss, hello."

"Who are you? What can I do for you?" Wu Tian asked a mobile phone, the voice of the woman seems a little familiar.

"I'm Xie Mei from the advertising department of Luzhou TV station. We met only yesterday." A woman's soft voice came from the other end of the phone.

"It turned out to be director Xie."

Hearing this voice, Wu Tian suddenly woke up a lot, "director Xie, how do you remember to call me?"

"Didn't we make an appointment yesterday to take a short video for you at the citizen's house."

"I'm sorry I almost forgot about it." Wu Tianyi pats the brain, this just remembers yesterday's agreement.

Yesterday, I did promise to cooperate with Xie Mei to shoot a short film. I didn't expect to be so busy that I forgot about it.

"I wonder if boss Wu has time today?" At the other end of the phone, Xie Mei's tone was still so patient.

"Yes, yes, I have time today. I'll be right here."

"Well, we'll wait for boss Wu at the citizen's home."

"Well, I'll come as soon as I can." Wu Tian hung up the phone and put his clothes on his body in a hurry.

After a simple wash, they hurried downstairs and drove to the citizens' home at the fastest speed.

Looking for a circle did not see Xie Mei, found in the leisure station Luzhou TV station, has set up the machine ready to shoot.

"Hello, are you from Luzhou TV station?" Wu Tian went over and tried to ask a few people.

"Yes, I'm Wang Gang from the editorial department." One of the young men finished saying this and waved his hand impatiently: "let's go, don't affect our shooting video."

"Are you looking for the owner of Tianhao hotel to shoot a promotional film?"

"Yes."

"That's right." Wu Tian walked over and said with a smile, "my name is Wu Tian. I'm the boss of Tianhao hotel. That's the person you have to wait for."

"Just you?" Wang Gang glanced at Wu Tian with that kind of examining eyes, and then said with a contemptuous smile, "don't make a fool of yourself here. You'd better stay cool and stay there!"

"I am really the owner of Tianhao Hotel..."

"Don't talk nonsense here." Wang Gang stares at Wu Tian and shouts impatiently: "the boss of Tianhao hotel is a business elite in Luzhou. How can it be you

"I..."

Wu Tian also wants to explain, see the other side does not trust in the eyes, words to the mouth simply swallow back.

I can't explain to this kind of guy who looks down on people. I can't explain it. I want to see director Xie of your advertising department

"We director Xie is very busy, we don't have time to see you."

"Excuse me, then. Goodbye." Wu Tian said this and turned to leave here.

Just after a few steps, Xie Mei came running with a twist of his waist and said with a smile, "boss Wu, where are you really going?"

"Director Xie, your people don't seem to welcome me." The tone of Wu Tian's speech is quite

euphemistic.

If it wasn't for Xie Mei's good attitude, he didn't want to talk nonsense and turned around and left.

"They don't know you. There's a little misunderstanding. I'll introduce them." After saying this, Xie Mei pointed to Wu Tian and introduced him to his colleagues: "his name is Wu Tian. He is the owner of Tianhao hotel. I came here to shoot a short film."

"What? Is he really the owner of Tianhao hotel Wang Gang was shocked. He didn't expect that the young boy in front of him was the boss of Tianhao hotel.

Before that, I also suspected that this boy was a liar who came out. He was close to the TV station in the name of Tianhao boss.

After listening to director Xie's introduction, we believe that Wu Tian is the boss of Tianhao hotel.

However, everyone was unconvinced, especially Wang Gang. He didn't think that Wu Tianneng had any big idea.

As the director of the city TV station, he came to take a video for a young boy. His heart was really unbalanced.

"Yes, he is the owner of Tianhao hotel." Xie Mei nodded forcefully, put his head close to him and urged him in a low voice: "I finally invited boss Wu here. Let's start quickly."

"Director Xie, I really don't understand. What's good about this guy?" Wang Gang asked with an

unconvinced face.

"Boss Wu used the hotel to drive Shihua village to become rich. This kind of kindness is worth learning from Luzhou people. We should condense Mr. Wu's deeds into a video, calling on everyone to learn."

"What is there to learn from such a man?" Wang Gang was reluctant.

I thought that the boss of Tianhao hotel was a middle-aged uncle, which would make people feel convinced.

But suddenly came out a younger than him, mixed than his corrupt silly boy, the heart is naturally unconvinced, will produce hostility.

"Director Wang, do you have any prejudice against boss Wu?" Xie Mei couldn't help being curious and tried to ask.

"No, I just don't like this kid." "Well, let's take a video first." After saying this, Xie Mei put his eyes on Wu Tian and said, "boss Wu, you can cooperate with us as much as possible later. If there is any problem, can we communicate in time?"

"No problem." Wu Tian nodded. He was very satisfied with the woman's attitude.

"Well, you sit here." Xie Mei led Wu Tian to sit in front of the camera and said with a smile, "I'll interview you later. If I ask you anything, you can answer it truthfully."

"ok! "

"Let's try it first." Xie Mei asked the camera to adjust the angle, then went to sit next to Wu Tian and began to interview: "Mr. Wu, why do you want to invest in Tianhao hotel?"

"The former name of Tianhao was sunshine hotel." Wu Tian took a look at Xie Mei and said to the camera, "I mainly focus on the location, decoration and appreciation potential of Yanggang hotel."

"Mr. Wu is a man of great vision and courage." Xie Mei boasted and continued to interview: "how could Mr. Wu think of helping the villagers of Shihua village get rid of poverty and become rich?"

"I'm a businessman, not a philanthropist." Wu Tian chuckled and continued: "the cooperation with Shihua village is just mutual benefit and win-win. We take bribes from each other."

"Then why do you want to buy vegetables and meat raw materials in Shihua village?"

"The food materials in Shihua village are organic and harmless. Due to soil and environmental reasons, the food in Shihua village is 100 times better than that in other places, and the food taste is incomparable..."

Wu Tian talks freely. He is relaxed and comfortable in front of the camera. He doesn't feel nervous at all. He talks like he usually does.

Subsequently, Xie Mei asked several questions in succession, and Wu Tiandu answered them in a clear and orderly manner.

The interview between the two was very smooth, just like a chat between friends, without any obstacles.

After the interview, Xie Mei couldn't help but stretch out his right hand and said, "thank you, boss Wu, for taking the time out of his busy schedule to accept my interview. Thank you."

"You're welcome. I'm honored to be your guest of honor." Wu Tian flattered him with a smile.

"But really, it's so easy to interview Mr. Wu. It's no different from dating." Xie Mei said with emotion from the heart.

#### CHAPTER 270:

This seems to stimulate Wang Gang, spit hard on the ground, disdain way: "dog meat is not on the scale, this kind of guy can never be on the table."

"You seem to have a big problem with me?" Wu Tian Mou color a cold, slightly with murderous eyes stare at Wang Gang.

"I just don't like you." Wang Gang, like a combative rooster, cocked his head and yelled, "don't think I don't know. You have an affair with Xie Mei, so you can come to the TV station to shoot a short film."

"Wang Gang..."

Xie Mei roared, pointed to Wang Gang's nose and asked, "who do you think has an affair with boss Wu?"

Anything can be tolerated, that is, she can't tolerate being defiled and innocent, which is more painful for her than anything.

"Don't think I don't know. You just have an affair with this guy named Wu Tian, or you won't help his hotel promote for free." Wang Gang yelled at the top of his voice.

He had been hated by Xie Mei in public several times before, which made him feel very shameless. He just took this opportunity to embarrass Xie Mei.

"You..."

Xie Mei Qi's chest was up and down, and it took him a long time to say, "wait, I'll call the director now."

He took out his cell phone and started calling.

"Just call me. I'm afraid you won't make it." Wang Gang didn't care. He was not afraid, but he was waiting for a good play.

With the excellent relationship between him and the head of the Taiwan TV station, there is no doubt that the head of the station will certainly favor him today.

Xie Mei quickly finished the phone call, a face proud stare at Wang Gang, "surnamed Wang, you are waiting to be criticized!"

"Don't be happy too soon. The good play is still ahead." Wang Gang's voice just dropped, the mobile phone in his pocket rang.

When he took out his mobile phone, he gave a strange smile: "the director called me. Listen, the plot will be reversed soon."

Wang Gang said this, click on the screen to connect the phone, and at the same time turn on the hands-free.

"Gangzi, what's going on between you and director Xie?" On the other end of the phone, the head of the station spoke in a calm and heavy tone, with a bit of domineering.

"Well, director Xie had an affair with the owner of Tianhao Hotel and used the resources in the platform to help the hotel to promote." Wang Gang explained to the mobile phone.

As soon as he said this, he almost didn't make Xie Mei angry.

Xie Mei raised her finger to Wang Gang's nose and scolded fiercely, "you're just making something out of nothing and spitting blood on people."

"Whether it's true or not needs to be decided by the director." Wang Gang, with a proud smile, said to his mobile phone, "director, what do you say?"

"Wang Gang is right. Director Xie, it's too much for you to use your position to help your friends

publicize." "From now on, director Xie is no longer the director of the advertising department."

"Director, you..."

The corners of Xie Mei's mouth twitched. Unexpectedly, Wang Gang was in collusion with the head of the Taiwan TV station to attack her.

She understood that because she had offended the head of the station carelessly, he would have put on little shoes for her, and had elevated her to the post of director.

Now a belly of anger, a stomach of grievances, no place to vent, can only bite teeth swallow into the stomach.

"The director is wise." Wang Dan said this to his mobile phone and proposed: "director, I propose to cancel all promotional videos and materials about Tianhao hotel."

"Well, I'll leave it to you." The director said this and hung up his cell phone.

"Great." Wang Gang put up mobile phone and looked up to Xie Mei. "From now on, the hotel has the final say."

"What do you want?" Xie Mei's hysterical roar almost drove him crazy.

"Soon you will know." Wang Gang evil spirit a smile, turned to look at Wu Tian, "boy, do you believe I can make you ruined now?"

"You take yourself too seriously." The corner of Wu Tian's mouth rose and a smile of

schadenfreude arose.

"With the relationship between me and director Hong, it's not easy to slander you." Wang Gang slowly approached Wu Tian and said in a cold voice, "as long as I send some false reports that there are cockroaches and mice in the food of Tianhao Hotel, your hotel should not be completely destroyed?"

"Bang!"

Wu Tianshi couldn't listen any more. He hit Wang Gang in the face and scolded: "I've seen shameless people. I've never seen such a shameless guy like you."

"Ah

A scream, Wang Gang covered his face and was particularly angry, "boy, you dare to beat me. I will report the negative news of your hotel now, so that your hotel will collapse and your boy will be ruined."

"I'm looking for smoke." Wu Tian was too lazy to talk nonsense. He beat Wang Gang hard and only beat the boy to cry for his father and mother.

However, Xie Mei on one side, seeing that Wang Gang was so tyrannical, she was very relieved in her heart, and the corners of her mouth couldn't help but smile.

After a period of violence, Wu Tian seems not to be able to get rid of his anger. He pulls the belt off Wang Gang's body and binds him tightly.

After binding, Wu Tian turned to Xie Mei and said, "director Xie, I'm really sorry that you have suffered injustice for our hotel." "It has nothing to do with you." Xie Mei pretended to be strong

with a smile and clenched his lower lip and said, "it was Wang Gang who was in collusion with the head of the Taiwan TV station and deliberately wanted to get rid of me."

"Don't worry, director Xie. I will definitely let your director thank you for what happened today." Wu Tian gave a comforting look.

The TV station had nothing to do with him. He didn't want to interfere, but he didn't expect that even the head of the station was so lawless, which made people angry.

This time, he planned to teach the head of the station a good lesson and give Xie Mei a good outlet.

"Forget it, our director is very powerful. I'm afraid you are not his opponent." Xie Mei sighed a little, and didn't want boss Wu to confront the director for her sake.

"I'm in charge of it." Wu Tian said this, reached out to grab Wang Gang and threw it into his car. Then he turned to Xie Mei and said, "go, let's go back to the TV station and watch a good play."

"But..."

Xie Mei also hesitated, but Wu Tian held his arm. "Let's go. This play must be wonderful."

In this way, Wu Tian forces Xie Mei to get on the bus, and then drives Wang Gang and Xie Mei back to the TV station.

When he came to Luzhou TV station, Wu Tian left Wang Gang tied up at the door, and then called the director.

Soon he saw the portly director Hong coming out. Seeing his own people being thrown at the gate, he was furious: "who did this? You have the ability to stand up for me."

"It's me." Wu Tian stepped forward to director Hong and introduced with a smile, "I am the owner of Tianhao Hotel, Wu Tian."

"So you are the boss of Tianhao hotel." Hong Tai Chang was suddenly enlightened.

"It's shameless of you to take director Xie's position indiscriminately." Wu Tian severely despised a sentence, kindly reminded: "if you apologize to director Xie now, and restore her position, I will assume that nothing happened today."

"You sound like a threat to me?" Hong Tai Chang's eyebrows tightened and his face was full of anger.
