

## CHAPTER 371 - 380

The dark man followed the shark, his mouth slightly cocked up, and he could not help gloating in his heart.

Now he can't wait to see the boy being tortured to death by the shark master to relieve his anger.

At this time, the most nervous is Eli and Liu Yueyao.

The white shark is as terrible as a wild animal. Seeing the white shark full of people approaching, her body trembles, her palms are sweating, and her nervous heart is about to suffocate.

Especially Eli, she was so scared that she grabbed her thigh with her hands, and her cheeks were pale.

Looking at the shark came, it was as if he saw a wild animal. He might rush over at any time and wanted to find a ground to drill in.

After all, Eli was young and had never seen anything in the world. It would be frightening to see such a demon like figure.

Even Liu Yueyao is nervous and has a heart tremor. Although she has seen a lot of people in the world, she is also scared and sweaty when she meets a figure like Shaye.

Don't say it's her. Even if my father is here, I'm afraid he'll be on pins and needles when he sees a figure like Shaye.

"Wu Tian, he He, he's here... " At the critical moment, Liu Yueyao is scared to put her body close to Wu Tian and seems to want to use this way to alleviate her fear.

"I know." Wu Tian didn't like it. He picked up the coffee cup and continued to taste the coffee as if nothing had happened. He didn't take the white shark seriously.

"Hello, what time is it, you You're still in the mood for coffee. " Liu Yueyao glanced at Wu Tian and asked in a trembling voice, "now What now? "

"Don't be afraid when I'm here." Wu Tian puts down his coffee cup, reaches out to hold Liu Yueyao's arm and soothes her gently.

"But..."

Under this kind of appeasement, Liu Yueyao calmed down a bit, but she still couldn't help being frightened.

Seeing the demon like white shark taking people closer and closer, she can only put her body close to Wu Tian's back to find comfort.

Looking at Eli, she was scared to slip under the table, her two small arms clinging to Wu Tian's thighs.

The two women are now like lambs scared out of their wits.

Under the gaze of the public, the white shark came to Wu Tian. When everyone thought that the white shark was going to get angry, he took Wu Tian's arm and said, "I didn't expect it was brother Wu."

As soon as this was said, all the people were dumbfounded, and they all felt incredible about the situation in front of them.

Not only did the master shark not get angry, but he made friends with a hairy boy in public. What's the situation?

In Dongcheng, Shaye covers the sky with only one hand. He never equals anyone. This time, it's unbelievable that he should call a brother to a Mao boy.

Liu Yueyao and Yi Li are both silly. They didn't expect that Shaye would hold Wu Tian's arm so intimately.

According to the law, Shaye should be furious and let his subordinates tyrannize Wu Tiantian. Right, how can this scene appear?

The second daughter even suspected that the scene in front of her was not true, and that they had been dazzled.

The most shocking thing is the dark man. He makes a special trip to find Shaye to deal with Wu Tian, but he turns out to be brother-in-law with Wu Tian. What's going on?

Micro Leng after, the dark man rushed to remind the white shark: "shark Lord, just this boy hit me."

"Pa!"

Who knows the white shark's backhand is a slap on the dark man's face, scolding: "brother Wu hit you, that's what you should do."

"What?" The dark man almost died.

"Open your dog's eyes and see clearly that this is my brother Wu Tian." The white shark pointed to Wu Tian and said loudly.

Obviously, this is in disguise to please Wu Tian.

Since the last fight with Wu Tian in the red rose club, he has really seen the strength of this young man.

At present, this young man is not only powerful, but also has a strong background. He can block the economic lifeline of white shark hall in a short time, and can unite with ten major organizations to deal with white shark hall. It shows how powerful the power behind him is.

Since he knew Wu Tian's real strength, he did not dare to offend Wu Tian. He not only did not

dare to offend Wu Tian, but also tried to curry favor with him.

If Wu Tian is not careful to annoy him, the other party only needs a phone call to let the white shark hall perish in a short time.

"What? Is he your brother Hearing this, the dark man was stunned and almost didn't stare out.

I never dreamed that the ugly boy was brother shark. This time, he really made a big accident.

The guests and waiters in the coffee shop were also very sad. They didn't expect that Wu Tian was so young that he turned out to be brother shark.

Everyone can't help but guess secretly in their hearts that Wu Tian is really sacred and can even be brother to brother with shark.

Liu Yueyao and Eli are extremely shocked. The two girls also did not expect that the powerful shark master should humbly bend his knees to please Wu Tian.

This demon like man is so clever in front of Wu Tian. He is even more grandson than grandson.

I really don't know what Wu Tian used to tame such a devil like character as Shaye. The second daughter couldn't help admiring Wu Tian even more. It seemed that this man was omnipotent. There was no one in Luzhou who was unfair to him.

Seeing the Shaye kneeling and bowing in front of Wu Tian, the panic in the heart of the second daughter gradually disappeared.

They all know that as long as Wu Tian is here, there is nothing to be afraid of.

"What are you doing The white shark roared and reminded the dark man, "please apologize to brother Wu."

"Brother Wu, I'm sorry. I was blind just now. I accidentally offended you. I hope you..."

After knowing Wu Tian's real identity, the dark man apologized in a hurry and slapped him in the face before he finished speaking.

The white shark slapped the black man's face and yelled: "you want to call Mr. Wu, not brother Wu."

"Mr. Wu, I was wrong." The dark man was scared and hastened to change his words. At this moment, there was no hard gas before. The whole person became more grandson than grandson.

In the past, he was supported by white shark hall and Shaye. Now we know that Shaye and Wu Tian are brothers. How can he be tough.

"You shouldn't apologize to me. You should apologize to the girls." Wu Tian glared at the dark man and said in a cold voice.

"Yes, yes, yes."

The dark man nodded again and again, then bowed deeply to Liu Yueyao and Eli and apologized: "I'm sorry, I had no eyes before. I shouldn't have offended two aunts. I was wrong, and I will never dare to do it again."

After saying this, he also waved his hand and slapped his mouth hard.

"Bang!"

Wu Tian severely kicked the black man's buttocks and warned, "if you dare to harm women in the future, I'll break you up and feed the dog."

"I dare not. I will never dare again." The dark man's chicken pecked rice and nodded repeatedly.

"Go away!"

"Yes, yes, I'll get out of here." The dark man on the ground somersault, embarrassed to escape here, so don't mention how cheap.

After the dark man left, white shark hastened to apologize: "brother Wu, I did not discipline my subordinates well. I apologize to you on his behalf."

"Master Bai, you should not apologize to me." Wu Tian said coldly, without giving face at all.

"This..."

After a little meditation, Bai Sha went to Liu Yueyao and Eli to apologize: "two, I apologize to you on behalf of my subordinates, and promise that such things will not happen again."

"....."

Liu Yueyao and Eli did not speak. Seeing the legendary shark God apologizing in person, the two girls were flattered.

In the past, as long as the name of the white shark was mentioned, the two girls would be afraid of the devil.

But they never dreamed that such a devil would put down his body and apologize to them.

And all this is thanks to Wu Tian. If it wasn't for Wu Tian's face, Shaye wouldn't even look at them more. How could he take the initiative to apologize.

"Well, let's call it a day." Wu Tian took a sip of coffee and reminded the white shark, "discipline your subordinates and don't let them go out and do wrong."

"Brother Wu can rest assured that I will strengthen the management and will not let similar things happen again." The white shark's respectful assurance.

"Well, nothing else. You go."

"By the way, I don't know if brother Wu has time. Would you like to have a meal together?"

"I don't have time today. I'll talk about it another day."

"Well, I'll have dinner with brother Wu some other day." With that, the white shark quickly left the cafe.

The atmosphere gradually eased after the master shark took the people from the white shark hall to leave. The guests and the waiters were also relieved.

However, everyone glanced at Wu Tian from time to time. They were all talking in a low voice, guessing Wu Tian's real identity.

Everyone has different opinions. No one knows Wu Tian's real identity.

However, one thing can be sure that this young man named Wu Tian has a very strong background. Even the white shark hall and the shark master dare not offend him. This shows how aggressive he is.

We all remember this face in our hearts. We can't offend this young man at any time and anywhere.

Liu Yueyao and Eli looked at Wu Tianna's pretty face as if they were looking at a monster.

What happened just now is like a dream.

If they hadn't seen it with their own eyes, they couldn't believe it. The shark in the white shark

hall would have bowed and bowed before Wu Tian.

"Why are you looking at me like this?" Wu Tian touched his face and asked with a smile.

"I'm curious. Why is Shaye so submissive to you?" Liu Yueyao held back for a long time and couldn't help but ask her doubts.

Ellie also tilted her head and looked at Wu Tian curiously.

"It's a long story. I'll explain it to you later." Wu Tian avoided it, but he couldn't explain it clearly for a while.

What's more, this matter is related to the family, and it's not safe for him to tell the whole story about the family.

"All right." Liu Yueyao didn't ask any more questions, but she couldn't help but sigh: "you are really good. You can tame people like shark Lord."

"Well, let's go." Wu Tian finds that the coffee is cold. After checking out, he takes Liu Yueyao out of the cafe.

Walking out of the cafe, she found that Eli was also closely following them.

Yili quickly said, "Sister Liu Yueyao, stop now, it's OK for you to stop."

She also wants to accompany Wu Tian to continue shopping, but she doesn't want to take a

light bulb, so she has to send the girl away.

"Sister, I don't want to go home now. Can you take me shopping?" Said Eli, blinking her big round eyes, almost pleading.

"This..."

Liu Yueyao didn't want to, but when she saw this look in her eyes, she couldn't refuse, so she nodded and said, "OK."

"Thank you, sister."

"Ellie, what do you want to eat, sister buy it for you."

"Good." "I want to eat KFC," said Ellie, pressing her finger on her face for a moment

"Go, I'll buy it for you." Liu Yueyao took Eli to KFC store and quickly bought a big bag of food and came out.

Yili handed Wu Tian her favorite shrimps and said sweetly, "big brother, this is the best to eat. You can have some."

"I..."

Wu Tianzheng wanted to refuse. As a result, Eli put the peeled shrimps into his mouth and wiped his mouth with her hand, which was very ambiguous.

Seeing this scene, Liu Yueyao's nose is sour and her heart is full of five flavors.

However, she didn't say much. She thought it was Eli's unintentional move and suggested, "let's go to the clothing store and buy clothes."

"Good, good." Yi Li fills Wu Tian's mouth with a taste of shrimp and follows Liu Yueyao to the clothing store.

"This girl." Wu Tian smiles bitterly and shakes his head. He follows the clothes shop while eating shrimp. The two girls are already busy selecting clothes.

Ellie took a skirt and stroked on her body. After a long time, she asked Wu Tian, "big brother, do you think this looks good on me?"

"You have to try it on before you know if it looks good." Wu Tian said with a smile.

In fact, the girl's figure is very ordinary, wearing this kind of skirt is not good-looking, but he is not easy to say clearly.

It's no wonder that the girl is only 16 or 17 years old, and her figure has not been fully developed. Naturally, she is not suitable for this kind of short skirt with chest wrapping.

If Liu Yueyao wears this kind of skirt, it must be very beautiful. She has a much better figure than Eli.

"I'll try it now." Ellie hopped into the fitting room with her skirt and quickly changed into the

dress she had just chosen.

After changing into a skirt, she turned twice in front of Wu Tian and asked, "big brother, is the skirt beautiful?"

"The dress looks good, but it doesn't fit you very well." Wu Tian tells the truth.

"All right." Eli flat mouth, into the fitting room to change clothes, not long after, heard her in the fitting room whispered: "big brother, you come in for a while."

"Ah?"

Wu Tian slightly a Leng, the mouth questions a way: "you change clothes inside, I come in not appropriate?"

"I haven't changed. There's something wrong with my clothes. Come on in." Yi Li couldn't help but say that she took Wu Tian into the fitting room, and then locked the door.

Seeing this situation in front of her, Liu Yueyao's heart was very uncomfortable. She felt as if her beloved thing had been robbed.

Looking at the locked door of the fitting room, Liu Yueyao secretly doubts: why does Eli pull Wu Tian into the fitting room? Do you want to break in and have a look?

Just as she stood outside the fitting room in a daze, she heard Eli's shy voice coming from the fitting room.

"Ah..."

Hearing this call, Liu Yueyao's head is hot. Are these two people doing something shady in the fitting room?

No, you can't stand two people doing that in there.

Thinking of this, she quickly reached out and knocked on the door of the fitting room, waiting for a long time before the door opened.

When the door of the fitting room opened, they came out one after the other. Eli had changed into her own clothes, but her face was red.

"What are you doing in there?" Liu Yueyao stares at two people to see one eye, murmur doubt way.

"Nothing." Wu Tian took a look at Eli and quickly explained, "just now Eli's skirt was jammed by the zipper. Let me help her with it."

"Is it?" Liu Yueyao glared at Eli with a look of displeasure on her face.

Why don't you ask her to help her when the zipper is stuck in the skirt. Instead, she chooses to ask Wu Tian to help, and also pulls Wu Tian into the fitting room alone.

"Yueyao, have you found the right clothes?" Wu Tian quickly changed the subject and asked.

He didn't dare to say a word about what happened in the fitting room just now.

Just entered the fitting room, did not expect to be held by Eli, the girl's bold and wanton behavior let him gape.

"No, let's go." Liu Yueyao, who has the mind to choose clothes again, turns away in anger.

Even if you are silly, you can see that the girl named Eli has moved her mind to Wu Tian and is obviously trying to seduce him.

"Good." Wu Tian nodded and followed Liu Yueyao toward the outside. "By the way, where are we going next?"

"Whatever you want

After leaving the clothing store, Liu Yueyao wandered down the street in a low mood.

It's Eli, who sticks to Wu Tian's side and asks about everything, just like a clingy little demon spirit.

Seeing this scene, Liu Yueyao felt very uncomfortable. She went to Eli and said, "it's getting late.

I'll take you home."

Worried that if it goes on like this, Wu Tian soul son will be hooked by this little girl.

"Is sister going home?" Ellie blinked two beautiful big eyes, tilted her head and asked.

"Yes."

"You go back first. I'll walk with my elder brother for a while." Ellie said this and took Wu Tian's arm.

"You..."

Liu Yueyao took a look at the ambiguous behavior of the two people. She bit her teeth in anger and put down a sentence: "then you are full of strolls. I'll go first."

After saying this, she stomped her feet to the other side of the street in anger. She didn't want to see the two of them look bored.

Walk a few steps and suddenly stop, in case she left, Wu Tian was cheated to bed by this girl how to do?

Really not at ease, simply returned to the two sides, "Wu Tian, suddenly remembered that my father had something to do with you."

Now we can only find an excuse to take Wu Tian away, so as not to be "abducted" by Eli.

"What can I do for uncle Liu?" Wu Tianning frowned and puzzled.

"I don't know. You'll know when you go. Let's go." Liu Yueyao said this and took Wu Tian to leave.

"Hello

Yili grabbed Wu Tian's arm and said, "big brother, don't go. I have something to tell you."

"What do you say?"

"I..." Yi Li turned her head and looked at Liu Yueyao. She pretended to be shy and said, "some words are not suitable for speaking in the street. I want to find a quiet place."

"I'm a little busy today. I'll take another day." Wu Tian doesn't want to be entangled by this little girl. He just wants to find an excuse to get rid of it as soon as possible.

"Big brother, can you leave me a phone call and I'll call you some other day?"

"This All right In order to get rid of the girl as soon as possible, Wu Tian had to leave a phone call for her.

"Big brother, I'll call you another day. Goodbye." Eli held the number and pressed it on her chest. It was like a baby to her.

"Goodbye!" Wu Tian waves and takes Liu Yueyao to turn around and leave here.

Liu Yueyao didn't stop until she walked out of Jiali square and asked, "what were you and Eli doing in the fitting room just now?"

"Didn't I say, the zipper of her skirt jammed..."

"Don't lie to me." Liu Yueyao how smart, all of a sudden pierced Wu Tian, "her dress has no zipper at all."

"Er..."

Wu Tian found out what a bad excuse he had just made.

So far, he can only confess: "just in the fitting room, I was hugged by that girl, and then she said she liked me and wanted to be my girlfriend..."

"Bitch!" Before Wu Tian finished speaking, Liu Yueyao angrily scolded the two words.

"That girl is very fond of me, just impulsive..."

"If I don't knock on the door, I'm afraid you'll have done that kind of shady thing in the fitting room." Liu Yueyao, biting her teeth, said angrily. At this time, she only felt a burst of anger in her chest and jumped up and down.

"I'm not such a casual man."

"Well, a man can have a few good things." Liu Yueyao glared at Wu Tian, stomped her feet and went on walking. After a few steps, she suddenly turned around and warned, "you are not allowed to meet that girl named Eli in the future."

To tell you the truth, I feel very angry at the thought of Eli hugging Wu Tian in the fitting room. I've never seen such a mean girl. I didn't know her for a long time. She started to do something about Wu Tian. It's really shameless.

I knew Eli was so shameless that she shouldn't have saved her just now.

"Good!" Wu Tian nodded and then changed his tone: "Yue Yao, I'm meeting Ellie. It seems that this matter has nothing to do with you?"

"This I... " Liu Yueyao was choked dumb by this.

It was not until this matter that she had a strong reaction just now. What Wu Tian did with other girls really had nothing to do with her.

She also did not know why, saw Wu Tian and Eli ambiguous, in the heart is particularly not taste son.

"Yueyao, are you jealous when you see me with Eli?" Wu Tian stretched out his head and asked with a smile.

"Pooh!"

Liu Yueyao spat softly, red face did not have a good airway: "self amorous, I did not jealous."

"Then why are you so angry?"

"As a friend, I'm afraid you will be cheated. I just want to remind you."

"Is it?" Wu Tian grinned and said, "by the way, do you think uncle Liu has something to do with me?"

"It's OK."

"What do you and I say uncle Liu has something to do with me?"

"Fool, I'm trying to find an excuse to get rid of Eli, so that you don't get entangled by the goblin." Liu Yueyao said this and turned away embarrassed.

Wu Tian quickly chased up, smiling and grateful: "then I have to thank you. If you hadn't helped me get rid of Eli, I would have been entangled by that girl, and maybe she would have eaten and wiped clean."

"That kind of girl is not a good thing. Stay away from her in the future."

"OK, I'll listen to you." Wu Tian nodded his head and immediately flattered him, "let's go shopping and I'll buy you clothes."

"That's about it." The corner of Liu Yueyao's mouth cocked up and immediately became happy.

They soon forgot about Ellie and went back to Jiali square again to go shopping and choose clothes.

I have to admit that Liu Yueyao is really a clothes rack, with a perfect figure, and she looks good no matter what she wears.

After buying clothes, they went to the restaurant again.

Half way through, Wu Tian received a phone call from Sun Sheng, "Xiaotian, I have found out who is behind the scenes to our seafood TV."

"Who is it?" Wu Tian has already guessed the culprit. Now he is waiting for Sun Sheng to confirm.

"It's Wang Shaohua, the boss of the strange fish live broadcast."

"Sure enough, it's the old man."

"What shall we do now?"

"Don't worry, old man. Let me deal with it." Wu Tian finished saying this, directly hang up the mobile phone, and then dial Li Mu's phone: "Mr. Li, I asked you to check the black material of Wang Shaohua, how was the investigation?"

"Wang Shaohua has too much black material. The top female anchor on Qiyu platform has been

hidden by him, and many female anchors have been aborted for him..." As soon as he mentioned this, Li Mu talked about it.

"Did you find out the black material of the strange fish?"

"Yes, strange fish has a lot of black history."

"OK, contact the media and expose the black material." Wu Tian said to the mobile phone and then hung up.

Then, Wu Tian dials the telephone of Long Yun again, ordered a sentence: "long secretary, think of a way to cut off the capital chain of strange fish."

After three phone calls, Wu Tiantian said to Liu Yueyao, "Yueyao, I have something urgent to deal with. Excuse me."

"Well, what are you doing?" Liu Yueyao, who is having a meal, puts down her chopsticks and asks in an urgent voice.

"It's about seafood TV. I'm going to take care of it."

"Then you can go after you finish your meal."

"There's no time." Wu Tian said this and left the restaurant in a hurry. Before going out, he did not forget to say, "thank uncle Liu for me. I'll invite uncle Liu to drink some other day."

Waiting for Liu Yueyao to answer, he ran out of the restaurant and drove to the strange fish company.

Qiyu live broadcasting is the largest live broadcasting platform in China. The company building is very imposing, and the office environment is comparable to many first-class large enterprises.

When Wu Tiangang walked into the hall of Qiyu company, he saw a familiar face. It was Jiang Xia, the popular TV host of seafood.

Jiang Xia is a potential anchor that Sun Sheng dug out not long ago. After packaging promotion, she was promoted to traffic anchor in a short time, ranking in the top five of seafood TV.

Just don't understand, how can the anchor of your own platform be in the strange fish company?

"Jiangxia!"

Wu Tian quickly went up to greet her, ready to ask the girl why.

"You know the wrong person." Jiang Xia was scared to cover her face and turned to go to the elevator.

"You are Jiang Xia." Wu Tian quickly walked over to block the elevator door and directly pierced her, "come on, why in the strange fish company?"

"I..."

Jiang Xia bit her teeth and was too lazy to dodge again. She raised her head and explained, "to tell you the truth, I have already jumped to the strange fish live broadcast, and I will settle in the strange fish immediately."

"Are you going to live the strange fish?"

"Yes."

"In our seafood TV, why do we have to jump to the strange fish live broadcast all of a sudden?" Wu Tianning frowned and puzzled.

"Now seafood TV is in unprecedented trouble. The traffic on the platform has dropped sharply. The anchors are in danger. If I stay in seafood TV, I'm afraid there will be trouble." Jiang Xia said the reason why she left seafood TV.

After hearing this explanation, Wu Tian was a little annoyed, "we seafood TV just encountered some small crisis, you were scared to jump the job?"

"Boss Wu, you can't blame me." Jiang Xia smoothed her hair around her ears and raised her head and said, "after all, Qiyu live broadcasting is the largest live broadcasting platform in

Luzhou, which has a lot of prospects than seafood TV. Moreover, the contract money opened by boss Wang for me is very high."

"How much is the contract money for you?"

"800000."

"Shit, you're changing jobs for such a small amount of signing money?" Wu weather's direct vulgarity.

I thought how high the signing fee would be for this woman. After a long time of fighting, it was only 800000.

According to Jiang Xia's potential, if she stays in seafood TV for good packaging and promotion, she will soon be in the top three, and her monthly income will be at least three figures.

"The signing fee is not low for me. The key is that the live platform of Qiyu is bigger and more promising." Jiang Xia continued to argue with her teeth.

"Boss sun tried his best to train you and make you a popular star. When you got a little achievement, you changed jobs. Is that right for boss sun?" Wu Tian was mainly fighting for Sun Sheng.

"When people go up high, I have a chance to climb up and naturally I won't miss it."

"The live broadcast of strange fish will collapse soon. I'll give you one last chance. Now back to our seafood TV, I'll assume that nothing has happened, and the resources will still lean towards you." Wu Tianhao suggests that Jiang Xia can return to seafood TV.

After all, this woman was trained by Sun Sheng with a lot of energy and painstaking efforts. If he changes jobs like this, he will feel uncomfortable in his heart.

"Joke, since I'm gone, I'll never come back." Jiang Xia holds her chest in her hands and looks up her head haughtily. "Now even if you kneel down and beg me, I will never return to seafood TV." "Jiang Xia, do you think I'm begging you?"

"Isn't it?"

"Believe it or not, I will soon make you regret leaving seafood TV and joining strange fish live?"

"Don't worry, I will never regret it." Jiang Xia's face is haughty, and she has never been so arrogant as she is now.

"Ha ha ha..."

Just at this time, a burst of laughter came from the hall, and Wang Shaohua came with a swagger.

Jiang Xia quickly met Wang Shaohua and said with a smile, "boss Wang, from now on, I will be the person who will broadcast your strange fish live."

"Not bad." Wang Shaohua nodded with satisfaction and took Jiang Xia to Wu Tian. "Silly boy, do you see, this is the red man cultivated by your seafood TV. I spent only 800000 to dig her up easily."

"It's just an ungrateful dog. Take it if you like." Wu Tian shrugged.

"After a while, your seafood TV will close down, and the anchor will leave one by one. Relying on Huang Lan, you won't last long. Ha ha..."

With these words, Wang Shaohua raised his head and laughed wildly again.

After laughing, he provoked in his voice: "you are such a silly boy, you want to fight with me, do you deserve it?"

"To fight boss Wang is beyond our ability." Jiang Xia also followed a word, at this time desperately flatter Wang Shaohua.

"Don't be too early, old man." Wu Tianjiao pick, kindly remind: "if there is no accident, your company's capital chain will soon break, negative news will emerge in endlessly, the anchor of your platform will all leave one by one, and it is your strange fish who will face bankruptcy at last."

"Ha ha ha ha ha..."

Wang Shaohua seems to have heard a big joke.

After laughing for a long time, he couldn't help but sneer at him: "you boy is really boastful. If you say this, you are not afraid to bite off your teeth."

Jiang Xia also pursed her lips and was amused. She seemed to be laughing at Wu Tian, who did not know the height of heaven and earth.

"Well, let's wait and see whose company went bankrupt first." Wu Tian said this, then he stepped back to the sofa beside the hall and sat down. He felt out his cigarette and smoked it leisurely.

"You don't cry if you don't go into the coffin." Wang Shaohua went to sit down opposite Wu Tian, "OK, I'll let you win today."

After saying this, he took out his mobile phone and dialed a phone to let people continue to create rumors, forcing seafood TV to close down as soon as possible.

Jiang Xia didn't speak and stood at the back waiting to see the good play.

Just after the phone call, Wang Shaohua received a call from his subordinates. When he got through, he asked, "how is it going? Is everything going well?"

"Smooth is smooth, but..." The voice of the subordinates on the other end of the phone was trembling slightly, and they didn't know how to explain it.

"But what?"

"The negative news of our company has been overwhelming..."

"What?" On hearing this, Wang Shaohua almost didn't throw away his mobile phone. He sat in a

hurry and asked, "tell me, what's going on?"

"I don't know what happened. Just now, the streets were full of negative news about our company, and the black material about the company and the anchor spread wantonly on the Internet..."

"That's not true."

"Boss Wang, your affairs and personal life have also been exposed. There are real hammers and evidences."

"This..." Wang Shaohua's arm trembled and his mobile phone fell on the sofa.

After micro Leng, he looked up to Wu Tian, "boy, it's you. Are you playing tricks behind the scenes?"

"Yes, I am." Wu Tian shook the ash in his hand and said with a smile: "boss Wang, I learned from you. This is called tit for tat."

"You You're mean. " Wang Shaohua's fists clenched tightly, and the veins on his face had already burst out.

"I said, it's all from you." Wu Tian leaned against the sofa, cocked his legs and said, "I can only use some despicable means to deal with such a shameless person as you."

"You..."

Wang Shaohua was so red that he couldn't say a word for a long time.

After a long time, he calmed down. "Boy, do you really think that exposing our black material can kill us?"

"Don't worry. I have a second move." Wu Tian looks ahead with a faint smile on his face.

"What else can you do after that?"

"Don't worry, you'll know soon."

"Don't play tricks here. Let's show you what I'm doing." Wang Shaohua said this, picked up his mobile phone and dialed a phone again. He told his subordinates, "concentrate all the firepower and try to kill seafood TV."

"Boss Wang, let's I'm afraid it's hard to protect yourself. " On the other side of the phone, the voice of the subordinates was shaking.

"Just a few negative news and black material, not enough to let us collapse, there is no need to panic."

"No, in addition to the company's negative news and black material, there is a more terrible thing..."

"Come on, what's the matter?"

"Just got the news, several investment companies suddenly withdrew their capital, all the cooperative banks cut off loans, and our capital chain was thoroughly tempered..."

"What? How could this happen?" Wang Shaohua almost hoarse voice into the mobile phone roar asked.

"I don't know. I don't know how."

"Waste, Dutchman waste." Wang Shaohua instantly out of control, roared at the mobile phone, and then fell the phone to the ground.

After throwing the mobile phone, he looked up at Wu Tian and said, "boy, this time, are you playing tricks behind your back again?"

"Yes, it's me." Wu Tian nodded and his smile was so bright.

"You are so shameless." Wang Shaohua, as mad as he got up, was ready to pounce on Wu Tian.

Jiang Xia next to him grabbed Wang Shaohua's shoulder and said in an urgent voice: "boss Wang, you are a big man. You don't need to be such a stupid boy to be rude."

"This boy is so mean..." Wang Shaohua has long lost his mind and is now mad.

Originally, he wanted to bring down the seafood TV with negative news, but the boy turned his back on his teeth, and in the same way let strange fish live in trouble.

And this guy is more ruthless than him, secretly cut off the company's capital chain, making the company even worse, into a crisis never before.

The original plan was to crush the seafood TV, but he was almost choked by the boy.

"Boss Wang, what's going on?" So far, Jiang Xia doesn't know what happened. She just saw boss Wang make two phone calls, and she lost her mind like a mad dog.

"Wu Tian that boy, he secretly cut off the capital chain of our company, let us into crisis." Wang Shaohua is gnashing his teeth. Now he has the impulse to kill people.

"He Have such a big idea? " Jiang Xia couldn't help but question a question.

She has not been in seafood TV for a long time. She has not dealt with Wu Tian at ordinary times. Naturally, she does not know her real power. "This boy is not good at playing dirty." Wang Shaohua glared at Jiang Xia fiercely and roared.

"Yes, Wu Nai is mean." Jiang Xia quickly scolded Wu Tian, in order to please Wang Shaohua, and continued to ask: "is the situation of the company serious now?"

She's just a little anchor, and she doesn't know what the capital chain means.

For the live broadcast platform, the capital chain is equivalent to the throat of a person. Once it is stuck in the neck, it will die in a short time.

"Nonsense, of course." Wang Shaohua roared impatiently.

Jiang Xia was frightened by boss Wang's present appearance and asked in a low voice, "well How serious is that? "

Still waiting for Wang Shaohua to answer, at this time, the company secretary rushed over and reported: "boss Wang, it's not good, something has happened."

"What's the situation?" For Wang Shaohua, there is nothing worse than capital chain exercise.

"All servers on our platform are down."

"Plop!" After hearing this, Wang Shaohua's body was soft, like mud like paralysis on the ground.

With the help of his secretary, it took Wang Shaohua a long time to get up from the ground and glared at Wu Tian, "you are just a devil."

"Boss Wang, you lost." Wu Tian pinched out his cigarette butts in the ashtray and stepped forward to Wang Shaohua, "I warned you for a long time, and told you not to fight with me, or you would be doomed."

"You..." The corner of Wang Shaohua's mouth was mercilessly pumped and stored for a few times, and his wide mouth couldn't say a word for a long time.

After more than ten years of hard work on the live broadcasting platform, I have experienced all kinds of big waves, but I didn't expect to be defeated by a little boy in the end.

In front of him, this boy is really vicious. He has dug a hole for him secretly. He has no power to

escape.

I'm afraid ordinary people can't play such a vicious method.

"I've given you a chance before, but you just don't listen to me. You have to fight against me. That's the end." His eyes were cold and the sky was shining.

"I give in." Wang Shaohua did not know how much courage, just spit out these three words from the teeth.

The battle with Wu Tian has been divided. He lost completely and lost in a mess.

"Boss Wang, whether you recognize it or not, you have already lost." Wu Tian shook his sleeve and looked down at Wang Shaohua from a commanding position. "When you met me, you were doomed to lose."

"In this way, we will develop separately in the future, and the well water will not invade the river." So far, Wang Shaohua can only make concessions.

"You're wrong. Now you have no right to bargain with me."

"What do you want?"

"From today on, there is only seafood TV in Luzhou, and there is no live broadcast of strange

fish."

"Boy, do you want to kill them all?" Hearing this, Wang Shaohua instantly became manic.

Wu, I didn't expect to admit defeat.

"Yes, cut the roots." Wu Tian coldly spits out these four words, and then turns his tone: "our seafood TV will buy you strange fish live at a high price. You can take this money to retire."

"Wu Tian, I will not let you succeed. Even if I destroy the strange fish, I will not let you get the strange fish." Said Wang Shaohua, biting his teeth.

Strange fish is his half life effort. He will never allow his efforts to fall into the hands of the enemy. Even if he destroys the strange fish, he will not monopolize the platform to Wu Tian.

"Boss Wang, how long can you last?" Wu Tian raised his mouth and asked with a smile.

"One second is one second." Wang Shaohua biting his teeth and bones, swearing: "even if I can't hold on, I won't sell it to you."

Just after saying this, the president of strange fish company rushed over and announced: "let's live broadcast of strange fish It went out of business. "

"This So fast? " Hearing this news, Wang Shaohua's head seems to be severely hit several times.

I thought that the live broadcast of strange fish could last a few days, but I didn't expect that it would be broken and declared bankrupt so soon.

"There is too much internal and external pressure for us to support. We have to declare bankruptcy." The president of the company said this, and then added: "the anchors are clamoring for wages, there are some foreign debts, and the boss is asking for debts, but now we have no money at all. What can we do?"

As soon as the president's voice dropped, the anchors who asked for debts and wages swarmed in, and the hall was completely blocked.

The defeat is like a mountain fall. The big live broadcasting platform like Qiyu will collapse if it is collapsed. It will be destroyed in an instant.

At present, the strange fish live broadcast has nothing but the signed anchor and copyright. Of course, there are countless foreign debts and disputes.

Wang Shaohua and the company's executives were immediately besieged. Everyone heard that the company went bankrupt and they all clamored for money.

Seeing the scene in front of her, Jiang Xia knew the seriousness of the matter. At this time, she wanted to cry without tears.

She just signed a contract to live in strange fish. She didn't even get the contract money. She didn't expect that the platform would go bankrupt.

As soon as Qiyu goes out of business, what will she do in the future?

Remembering what Wu Tian said before, she said that she would soon regret abandoning seafood TV and joining the strange fish live broadcast. I didn't expect it would come true so soon.

Don't mention how regretful she is now. She will be green with regret.

Originally, she was valued by seafood TV and got a lot of resources, but she didn't know how to cherish it. When her head was hot, she changed her job. How could she be so stupid?

Seeing the collapse of the strange fish live broadcast, she would like to find a piece of tofu to kill her.

It's no use regretting now. After a look at Wu Tian next to her, she bravely goes over, "boss Wu, can you give me another chance to return to your seafood TV?"

There is no other way. Now that Qiyu live has collapsed, she can only ask boss Wu to give her a chance to return to seafood TV and rebuild her former glory.

"Do you want to come back?" Wu Tian held Jiang Xia's chin and asked without expression.

"Yes."

Jiang Xia nodded and promised, "as long as you let me go back to seafood TV, I promise to be sincere to you and Mr. Sun, and I will never change jobs again."

"I don't believe that." Wu Tiansong opened a woman's chin, mercilessly hit: "you are feeding the immature dog."

"Boss Wu, I was wrong before, but I was wrong. I promise you that I will never betray seafood TV again, you and Mr. Sun..."

"Sorry, we don't need people like you on seafood TV."

"Please give me one last chance."

"I've given you a chance before. You've run out of them."

"Boss Wu." Jiang Xia stretched out her hand and hugged Wu Tian's arm, sticking most of her body in the past. "As long as you let me return to seafood TV, you can do anything you want to do to me."

"Get out of here

Wu Tian mercilessly pushed the woman away from her side. "Don't do this. I'm not interested in you."

"You Wuwu... " Jiang Xia changed her face quickly and began to cry pitifully, "boss Wu, my father is seriously ill and bedridden. I have a younger brother who still has to go to school. My family still depends on me. I beg boss Wu to do good..." "Shut up!"

Wu Tian roared, pointing to Jiang Xia's nose and warning: "dare to talk nonsense again, I'll let

you have no place to live in Luzhou."

On hearing this, Jiang Xia is afraid to cover her mouth and dare not speak again.

I didn't expect that boss Wu didn't eat hard and soft. So far, she had nothing to say and had to leave here.

For her, the most regretful thing in her life is to leave seafood TV and miss a chance to become a star.

If she is given another chance to choose again, she will not leave seafood TV.

But there is no regret medicine in this world. Now it's too late to say anything. I can only repent secretly in my heart.

There were more and more people in the hall asking for money. They all surrounded Wang Shaohua and wanted to tear the old thing to pieces.

Wang Shaohua also felt the anger of these people. If he didn't pay them wages and settle all kinds of money owed by the company, he would not be able to get away today.

Don't say today, I'm afraid that I will be entangled by these people in the future. It will be really restless at that time.

In a hurry, he had to throw an olive branch to Wu Tian, "boss Wu, after my careful consideration, I decided to transfer the live broadcast of strange fish to you."

At present, the company's capital chain is broken, and it still owes a lot of foreign debts, so we can only stop the loss by selling strange fish live at a low price.

With the company's current situation, it's not easy to find someone to pick up the plate. You can only monopolize the strange fish to Wu Tian, and then you can kill the boy severely.

"I'm sorry, I'm not interested in your strange fish live broadcast." Wu Tian shrugged and resolutely refused.

"Didn't you want to buy the strange fish live before?"

"I did want to buy it before, but I don't want to buy it now." Wu Tian fiddled with his handsome hair and said with a smile, "nothing else. I'll go first."

"Wait!"

In a hurry, Wang Shaohua quickly stopped Wu Tian, "don't go, let's discuss it again. I can sell you a low price for the strange fish live broadcast."

"Boss Wang, are you begging me?" Wu Tian stops and looks into Wang Shaohua's eyes.

"I..."

Wang Shaohua bit his teeth, and finally hung his head, "even if I ask you, I beg you."

I never thought that he would lose to Wu Tian, and I didn't expect to sell the strange fish to Wu Tian.

There is no way. The current live broadcast of strange fish is like a hot potato. If you don't change hands now, you will have to burn him to death sooner or later.

"Well, for the sake of boss Wang's sincerity, I decided to buy strange fish live." Wu Tian pretended to be reluctant.

In fact, I had thought about it before. I had to take advantage of this opportunity to win the live broadcast of strange fish.

"Well, let's talk about the acquisition." Wang Shaohua reached out and made a gesture of invitation, "let's go upstairs and have a detailed talk."

"Don't worry. I'll call Sun Sheng." Wu Tian said this and found a remote place to call Sun Sheng.

As soon as the phone got through, he said to the mobile phone, "Mr. Sun, I'll tell you a good news."

"Is it about the strange fish live broadcast?"

"Yes." Wu Tian responded and continued: "under my careful plan, strange fish is facing bankruptcy..."

"Really?" Sun Sheng on the phone was so excited that he began to shout on the phone.

I heard some rumors before, saying that the strange fish live broadcast was full of negative news and had encountered unprecedented big trouble. I didn't expect to collapse so soon.

"Don't get excited. Wait until I've finished." Wu Tianqing cleared his throat and continued to say to the phone, "Wang Shaohua has promised to resell the strange fish live to us."

"Really?" On the phone, Sun Sheng issued a more excited voice of surprise, for him, this is the great news.

"Absolutely true." Don't mention Sun Sheng, even Wu Tian is very happy, "quickly bring people to Qiyu company to sign the contract, come here now, I'll wait for you at the gate."

"OK, I'll be right here." Sun Sheng said this and hung up his cell phone.

Wu Tian put away his mobile phone and walked outside the hall of strange fish company.

After waiting for more than ten minutes outside the company, he saw Sun Sheng driving in a hurry. As soon as he met, he took Wu Tian's arm and said excitedly, "boss Wu, you are really good. You have made the strange fish live broadcast face crisis in such a short time."

"It's just a strange fish. I don't pay any attention to it." Wu Tian didn't care.

"Let Wang Shaohua bow his head to transfer strange fish, except you, I'm afraid no one can do it." Sun Sheng's worship of Wu Tian can hardly be expressed in words.

"Well, let's not talk about that." Wu Tian interrupted Sun Sheng's flattery and urged him: "let's strike while the iron is hot, take advantage of this opportunity to take the strange fish, go, and now go to find Wang Shaohua to sign a contract."

"Go." Sun Sheng nodded and followed Wu Tian into the hall of Qiyu company.

Wang Shaohua personally went to meet him, and then he took Wu Tian and Sun Sheng upstairs to the reception room.

The three people didn't talk nonsense. They started talking about the acquisition of strange fish live broadcast.

Wu Tian has always been in the upper hand, pushing down the purchase price very low.

"Two more points." Wang Shaohua can't accept such a low price. He hopes to raise it by two percentage points.

"Don't say it's two points. I won't even mention one point." Wu Tian leaned back on the chair and said in an aggressive tone, "if boss Wang can accept the price, we can sign the contract now."

"I don't accept it either?"

"If you don't accept it, there's nothing to talk about." Wu Tian shrugged his shoulders in an indifferent manner.

"You..."

Wang Shaohua bit his teeth and looked at Wu Tian angrily, "boy, you are deceiving too much."

"Business is like this. Whoever has more chips will have more say." Wu Tian leaned back on the chair and looked into Wang Shaohua's eyes. "I'll give boss Wang three seconds to think about it."

"You..."

Wang Shaohua has never been so passive as he is now. In this situation, he does not have any bargaining chips.

If you do not agree to buy now, strange fish live will be seized and paid off, and I am afraid it will be even more worthless at that time.

However, if Wu Tian was sold at a low price, he felt unwilling, which could be said to be a dilemma.

When he was in a dilemma, the secretary broke into the reception room and said in a hurry: "boss Wang, someone wants to buy our strange fish live at a high price."

"Who is it?" Hearing the good news, Wang Shaohua stood up from his chair with a smile on his face.

"It's Xinsheng group. Their boss Liu is waiting outside."

"Well, come on, please." Wang Shaohua quickly told the secretary.

As long as someone is willing to take a plate of strange fish, he can't get it. As long as the purchase price is not lower than the price given by Wu Tian.

"OK." The Secretary answered and left the reception room. Wang Shaohua shakes his suit, and finally gets tough. "Boss Wu and Mr. Sun, we have some odd fish to pick up. There's nothing you can do here. You can go."

The head that Wu Tian suppressed just now can't be lifted, and now I can be proud.

"Boss Wang, you will come to me soon." The corners of Wu Tian's mouth rose, and his smile was especially bright.

"Even if I sell the strange fish to Xinsheng group at a low price, I won't ask you." Wang Shaohua raised his head and yelled hard.

"Well, let's see." Wu Tian said these words, got up and walked outside the reception room. When he came to the door, he met Liu Sheng of Xinsheng group.

Xinsheng group is a unicorn technology company. It has developed rapidly in just half a year and has great influence in Luzhou.

Liu Sheng of Xinsheng group is also very young. After graduation, he started to start his own business just after he left school. Unexpectedly, Liu Sheng became a rookie in the high-tech zone.

"Are you boss Liu of Xinsheng group?" Wu Tianzhan asked with a smile in front of Liu Sheng.

"Are you..." Liu Shengmei's head is tight. He looks at Wu Tian in front of him.

"My name is Wu Tian." Wu Tian stretched out his right hand and said with a smile, "the boss of seafood TV."

"Hello." Liu Sheng stretched out his hand and shook Wu Tian for a moment. He said with a smile, "I heard that your seafood TV is developing very fast recently?"

"Average."

"Just in time, we Xinsheng group also want to enter the live broadcasting industry recently. At that time, we hope boss Wu will give more support." Liu Sheng looks like a knife in a smile.

Everyone knows that the competition in the live broadcasting industry is very fierce, and it's almost life and death.

After all, the market is so big and the flow is so much. If you want to survive, you have to eat from the tiger's mouth. There is seldom such a situation of mutual cooperation.

That is to say, once Liu Sheng enters the Bureau, he will become the enemy with Wu Tian, and the two will face the competition.

"Boss Liu, I'd like to advise you that the water in the live broadcast is too deep. You'd better not come in." Wu Tian seems to be advising, but in fact he is threatening.

"What if I have to come in?" Liu Sheng's eyes flashed, and his whole body burst out with astonishing ferocity.

"If you don't mind, you'll lose miserably." Wu Tian's tone seems calm, but with a trace of domineering.

"Is it?" Liu Sheng shakes his suit and says without fear: "before I enter the game, boss Wu asserts that I will lose?"

"Of course."

"Why do you say I'm going to lose?"

"Because since you stepped into the strange fish live broadcast, you are doomed to lose."

"I don't believe it." Liu Sheng craned his neck, at this time like a combative rooster, "I don't believe I will lose to you."

"In the live broadcasting industry, Wang Shaohua's strength is no worse than you. He didn't believe he would lose to me before, but now he still lost."

"Strange fish, are you responsible for this situation today?"

"Of course."

"I want to know, by what means did you defeat the strange fish live broadcast?"

"It doesn't matter." Wu Tian went over and patted Liu Sheng on the shoulder. He said, "the live broadcasting industry is already very crowded. You are not suitable to enter the bureau now. Listen to my advice. Don't run this mixed water."

"What if I have to?"

"I'm just trying to persuade you that it's up to you." Wu Tian said this and suddenly changed his tone: "you can't enter the live broadcasting industry. That's your business. But strange fish live broadcasting is my cheese. I advise you not to touch it."

"For a long time, you are afraid that I will buy the strange fish live broadcast, right?" Liu Sheng was suddenly enlightened.

"You're wrong. I won't be afraid of anyone. I just want to tell you that strange fish live broadcast is my cheese and my hard-working prey. It's impossible to watch this prey be robbed." Wu Tian put his head together and said in a cold voice, "if you have to rob, I'm afraid you will get into trouble for Xinsheng group."

"Do you think I'm scared?"

"I didn't scare you, I just reminded you."

"Whether you remind me or frighten me, I can definitely tell you that I'm going to make it today." Liu Sheng said this and strode to the reception room.

After entering the reception room, he suddenly turned back to challenge: "boss Wu, if you are not convinced, just let your horse come."

With that, close the door of the reception room.

At present, Sun Sheng was very worried about this situation and asked: "boss Wu, Xinsheng group wants to compete with us for the live broadcast of strange fish. What should we do now?"

"If I remember correctly, Xinsheng group is invested by Liu."

"Yes." Sun Sheng nodded: "Xinsheng group is really invested by real estate giant Liu's group."

"That's easy." Wu Tian chuckled, then he took out his mobile phone and dialed Liu Jun's phone: "uncle Liu, what are you doing recently?"

"Busy with the Xiangmi Lake project." On the other end of the phone, Liu Jun's tone of voice was slightly tired.

After saying this, he then added, "Xiao Tian, you don't know that I'm busy recently for the Xiangmi Lake project."

"How about Xiangmi lake?"

"It's developing very well. You can come and have a look when you have time."

"When you have time." Wu Tian changed his tone and went straight to the theme: "uncle Liu, I heard that you invested in Xinsheng group?"

"That's right." At the other end of the phone, Liu Jun was very excited: "I tried to invest in this new technology company when I saw you invest in the technology company. I didn't expect that it would develop very fast and become a unicorn company in half a year. It's really surprising."

"Your Xinsheng group has recently entered the live broadcasting industry. Do you know that?"

"I don't know. I'm not involved in their direction."

"Well, the technology company you invested in is purchasing strange fish live broadcast, and I also like it. Uncle Liu, do you understand what I mean by saying this?"

"I'm not stupid. Of course I understand." Uncle Liu was too lazy to talk nonsense. He opened the door to see the mountain and said, "Xiaotian, you can speak up. What do you want me to do?"

"I want you to divest." Wu Tian didn't beat around the bush and directly explained his intention of calling.

At present, Liu Jun's home page is still real estate, and investment in technology companies is just a matter of playing cards.

What's more, Wu Tian also has a technology company, which is bound to form direct

competition in the future. Liu Jun's withdrawal of capital can also avoid hedging in the future.

"Ah? You want me to withdraw? " On hearing this unreasonable request, Liu Jun was obviously reluctant.

"Uncle Liu, it's for you to withdraw your capital." Wu Tian stopped for a moment and explained patiently, "I let uncle Liu withdraw his capital just because he knew it was uncle Liu's investment company. If it wasn't for uncle Liu, I would directly destroy Xinsheng group."

"Not so serious?"

"Shopping malls are like battlefields, and the reality is so cruel." Wu Tian said in a cold voice on the phone: "uncle Liu should know that with my current strength, there is no difficulty in defeating Xinsheng group."

He didn't mean to threaten uncle Liu. He just wanted Liu Jun to know the seriousness of the matter and understand his mind.

"Good boy, when it comes to this part, if I don't withdraw capital, you may have to turn against me, ha ha..." Liu Jun finished saying this, and chuckled alone. "Not so much."

"Good, uncle Liu, I will withdraw my capital now." Liu Jun said this, and then sighed, "I've been so exhausted by Xiangmi Lake recently that I don't have the energy to wrestle with the technology company any more. Abandoning Xinsheng group will allow me to concentrate on the project of Xiangmi lake."

"Uncle Liu, did Xiangmi Lake encounter any difficulties?"

"Ah Liu Jun sighed slightly and explained: "the development of Xiangmi lake is too fast. I bought

all the mountains, wetlands and factories. Now the funds are a little tight."

"Why don't you tell me?"

"You've invested so much money in the Xiangmi Lake project, but now you haven't recovered the funds. I'll open my mouth to you."

"Uncle Liu, how much capital gap do you have now?"

"Three to five billion."

"So." Wu Tian thought for a moment and said to the phone, "I'll lend you two hundred million yuan and then invest another two hundred million yuan in the Xiangmi Lake project. What do you think?"

It's a favor to lend uncle Liu two hundred million. After all, the withdrawal from Xinsheng group also has a great loss.

As for the investment of 200 million yuan, it is a rational investment from the commercial point of view. After all, he is optimistic about the Xiangmi Lake project.

The project was originally planned by him. What's more, it also includes the reconstruction project of his hometown Fengjing village, which has some emotional sustenance.

"Good boy, you are really a timely help Liu Jun clapped his thigh happily.

Originally, he was worried about money. Unexpectedly, Wu Tianyi helped him solve the 400

million gap.

"Uncle Liu, Xiangmi lake is a big project and also a good project. As long as we do it well, we don't worry about making money. In the future, Xiangmi lake will encounter financial problems. You tell me, let's find a way together."

"With your words, uncle is relieved." On the other end of the phone, Liu Jun was very happy, "Xiao Tian, come to my house after busy work in the evening. I'll let Yue Yao cook for you personally."

"Can Yue Yao cook?" Wu Tianpo is surprised to ask a, did not expect this kind of everybody gold can cook.

"My God, you're a real joke." Liu Jun embarrassed smile: "our family Yueyao which can cook."

"So you said to let Yue Yao cook by herself?"

"I mean to ask Yue Yao to cook for you."

"....." Hearing this, Wu Tian was speechless.

This is the daughter of a rich family. The so-called cooking is not to cook, but to bring a dish in the kitchen.

"Yue Yao has never been to the kitchen at ordinary times. She has servants to cook. It would be nice for her to go to the kitchen to serve dishes." After saying this, Liu Jun laughed.

"Let's talk about the dinner another day. I'm a bit busy recently. So, when I'm finished late, I'll call uncle Liu and pick him up to my house. How about that?" Wu Tian tried to suggest.

I'm planning to have a family dinner in aifeibao later. I'll pick up uncle Liu and have a good time.

"Well, when we're all busy later, I'll take Yueyao to your house." Liu Jun promised with joy.

"That's settled."

"Well, I'll arrange for the divestment of Xinsheng group now."

"Thank you, uncle Liu."

"I should be grateful to you. You have solved the 400 million fund gap for uncle Liu this time, and finally let uncle Liu have a good sleep."

"Uncle Liu, I'll have a good drink for a few days." After some greetings, Wu Tian hung up his mobile phone.

Looking at the perfect phone, Wu Sun said, "the matter has been solved."

"So fast?" Hearing this, Sun Sheng was overjoyed. He didn't expect boss Wu to solve the problem so quickly.

"Wait, they will come out soon." Wu Tian glanced at the closed door of the reception room, and then sat down on the side chair.

Idle to bored, he took out two cigarettes and handed one to Sun Sheng, "come on, smoke a cigarette."

"It's just the smoking habit." Sun Sheng took the cigarette and quickly took out a lighter to help Wu Tian light the cigarette.

They just took a few puffs when a beautiful woman in a professional dress came up and said, "gentlemen, this is a public place. It is forbidden to attract."

"Hoo!"

Wu TianChao vomited a puff of smoke and asked with a smile, "beauty, what's your name?"

"Cough..."

Professional skirt beauty choked by the smoke coughed a few times, frowned and complained: "Sir, I told you not to smoke here, do you hear me?"

"Tell me your name first, and I'll put out the smoke." Wu Tian looks at the beauty in front of her.

"My name is Zhao Jie."

"Which Zhao?"

"Zhao of Zhaozhou Bridge."

"I thought it was a cover of evil." Wu Tian was in a good mood. He was bored at leisure, so he couldn't help joking with the beauty.

"Poof!" As soon as he said this, Sun Sheng couldn't help laughing. He didn't expect boss Wu to have such a bad mouth.

"You..."

Zhao Jieqi's cheek turned red and yelled: "this gentleman, please pay attention to the key points."

"You're kidding. Don't get angry." Wu Tian pinches his eyes and buttocks and continues to puff, but his eyes can't help but wander around the girl.

Only when he meets a girl who has a good feeling, he will make a joke. Most of the time, he is very decent.

"Well, I have said my name. Now you can put out the smoke." Zhao Jieqiang endure the anger in the heart, to two people remind way.

"ok! "

Wu Tian put out the cigarette in his hand. Then he took out the cigarette and lit another one. He smoked it as if nobody else was there.

Zhao Jie was ready to leave. When she saw Wu Tian lighting another cigarette, her eyes immediately opened, "Hey, how did you light the cigarette again?"

"I promised you to put out that cigarette, but I didn't say not to smoke." Wu Tian stares at the girl and wants to see how she handles it.

"You..."

Zhao Jie clenched her fist and met this kind of rascal, which really made her a little crazy. "This gentleman, I am the floor manager. If you continue to smoke here, I may be fined. Would you please understand my work and put out the smoke?"

"Not good."

"You, you, you..." Zhao Jieqi gaped and choked out a sentence for a long time: "how on earth are you willing to wipe out the cigarette in your hand?"

"Give me a dance." Did Wu Tian deliberately make things difficult.

From the very beginning, he couldn't help feeling good for the girl in front of him.

Strange fish company is facing bankruptcy, other employees are running to ask for wages, but the girl can still stick to her post, which is really rare.

It seems that she is molesting the girl, but she is really testing the girl named Zhao Jie. She intends to promote the important and unique girl.

"No Zhao Jie pinched her fist, still gritted her teeth and endured the anger in her heart. Never met such a thick skinned man, angry her palm itchy but helpless.

"Then you sing me a song?" Wu Tian took a smoke and continued to make trouble.

"No

"What do you know?"

"I will..." Zhao Jie's words to the mouth and swallow back, warning: "please stop smoking, now leave our company."

"Your company will soon collapse. Why are you so serious?"

"I believe boss Wang, the company will never collapse, I just need to do my job well." Zhao Jie glanced at the door of the reception room and pleaded again: "our boss Wang is receiving guests and will come out soon. Would you please stop smoking here?"

"Not good."

"How on earth can you put out the smoke?"

"Give me a kiss." Wu Tian put forward this bold and unreasonable request, but to see how strong the girl's endurance.

"Rogue!"

Zhao Jie was completely infuriated, biting her teeth, and said in an angry voice, "I think you are just coming to the company to do damage. If you don't leave, don't blame me for being rude to you."

"Do you still want to bite us?"

"Hooligans." Zhao Jie cursed and then threatened in a cold voice: "I'll go to the security guard now."

With that, she stomped and puffed toward the elevator.

Looking at the beautiful woman's back, Sun Sheng couldn't help laughing: "boss Wu, you should not like this little girl?"

"You think too much." Wu Tian put out his cigarette and explained solemnly: "I just think this girl is a little different. I tried it out on purpose and found that she was cultivated, patient, conscientious and sincere to the company."

"It's true to hear that." Sun Sheng nodded with approval.

"Let the girl stay in the company, let her do administrative and reception work, give a deputy

director position."

"Boss Wu, I thought you were chasing girls. After a long time, you were interviewing!" Sun said jokingly.

"Interviews can find talents, but not necessarily those with good conduct. We need to have a pair of insight to discover talents."

"It makes sense." Sun Sheng approved of the nod, found that Wu boss realm is much higher than him.

Just then, the door of the reception room opened, and Liu Sheng came out of the room dejectedly, as if he had lost a battle.

When he went in, he was still full of fighting spirit and passion. Half an hour later, when he came out again, he became dejected.

"Boss Liu, I've been waiting for you for a long time." Seeing Liu Sheng walk out of the reception room, Wu Tian gets up to meet him.

"What are you waiting for me?" Liu Sheng asked impatiently.

After all, he is still young. When he encounters some things, he will lose his temper. All his frustrations are written on his face.

"Waiting for you to give up buying strange fish live, and then leave here in disgrace."

"How do you know that I didn't buy strange fish live?"

"The investors of Xinsheng group have withdrawn their capital, and now you are unable to protect yourself. What can you take to purchase strange fish live broadcast?" Wu Tian's mouth slightly with a smile.

"You..."

Liu Sheng slightly a Leng, quickly wake up, "investors suddenly withdraw capital, is you behind the trick?"

He has always had a good relationship with investors. He met some time ago and promised that he would continue to invest in the future. Unexpectedly, investors suddenly called to withdraw their capital today.

Just now, both of them have negotiated the acquisition agreement with Wang Shaohua. Both of them are ready to sign the contract. As a result, investors suddenly call to announce the withdrawal of capital.

The news was like a bolt from the blue, which made his Lei's whole body numb, and the whole person lost his fighting spirit in an instant.

Once investors withdraw capital, not to mention the acquisition of strange fish live, their own development of Xinsheng group will be affected.

"Yes, I did it." Wu Tian was too lazy to argue. He nodded and admitted, "I did something to your investors."

"I want to know, how did you persuade investors to withdraw their capital?" Liu Sheng couldn't help but ask out his doubts.

Just now, the investor just called to tell him to withdraw his capital, but did not explain the reason for the withdrawal, and said that he would not continue to cooperate in the future.

At that time, I felt curious and cooperated well. Investors and I would withdraw their capital suddenly.

It was only at this time that he realized that Wu Tian was behind all this.

He is very curious, Wu Tian this kid exactly used what means, let investor withdraw capital so suddenly.

"To be honest, the investors in your company are my friends." Wu Tian didn't hide it and told the truth directly.

"You say Liu Jun is your friend?"

"Yes."

"No wonder..."

"Let me tell you, if your company's investors are not my friends, it's not as simple as withdrawing capital. I'm afraid that the end of Xinsheng group is the same as that of Qiyu live broadcast. Now it will also face bankruptcy."

"You..." Liu Sheng took a few drops from the corners of his mouth and swallowed back what he wanted to say.

A phone call can let Liu Jun violate the contract and withdraw capital directly. It can be seen that this boy's power cannot be underestimated.

Just now, Liu Jun's tone of voice is not difficult to hear, suggesting that he should not enter the live broadcasting industry, otherwise there will be a disaster.

Before did not understand what meaning, now think, Liu Jun is in allusion to him, Wu Tian is he can not afford to offend the character.

"I've told you that the live broadcast of strange fish is my prey, so don't worry about it." Wu Tian approached two steps and said coldly, "you don't want to think about it. How can I let others enjoy my hard hunting?"

"Ordinary people can't force Liu Yu to withdraw." Liu Sheng has not the momentum before, like a defeated rooster, whispered: "who are you?"

"It doesn't really matter who I am, but you are too small a company like Xinsheng." Wu Tian patted Liu Sheng on the shoulder and said, "finally, I'll give you a piece of advice. Don't enter

the live broadcasting industry in three or five years, so as not to endanger your main business."

"I remember your words. I hope I don't become enemies with you." Liu Sheng said this and turned away from here.

Because this time they want to buy strange fish live, the result let their company lose such a trump card investor as Liu Jun.

If forced into the live broadcast industry, Xinsheng group may be a fatal blow, he does not want to become the next strange fish live broadcast.

"Take your time, boss Liu." Wu TianChao and Liu Sheng waved his back and said with a smile: "the road is far away in the world. We will meet again in the field of science and technology."

Hearing this, Liu Sheng suddenly stopped and turned back: "do you still have a technology company?"

"Forget to tell you, Tianmu technology is also my investment."

"Tianmu technology?" Hearing these four words, Liu Sheng's face suddenly surprised. Unexpectedly, Tianmu technology is also a company invested by Wu Tian.

Tianmu technology is not well-known in Luzhou, but in the field of science and technology, it is just like Lei Yier. It makes people in the field of science and technology feel scared when they mention these four words.

This small company is the toughest company in Luzhou, relying on several kinds of games to quickly get to the top. But surprisingly, Tianmu's games are very profitable, but they don't focus

on games. Instead, they are pioneers in technology and directly develop mobile phone systems.

I thought it was a joke for this small technology company to engage in mobile phone system, but it turned out to be a big surprise. In less than half a year, the new mobile phone system was successfully listed, and occupied the domestic market share. Even some domestic technology giants were afraid.

To tell you the truth, Liu Shengzao has been in awe of the freshmen of Tianmu technology. In his eyes, this is the greatest small company in Luzhou.

First of all, Tianmu science and technology dare to be the first, dare to break into no man's land, exclude the public will, and developed the first set of domestic system, and achieved initial success.

This has been admired by countless people.

To tell you the truth, Liu Sheng was influenced by Tianmu science and technology, and established this Xinsheng technology company after graduation. His development model completely imitates Tianmu technology and promotes security development with games.

He didn't expect that this set of model achieved initial results, which he was really paying homage to Tianmu.

But he never thought that the investor behind Tianmu technology, which he admired most, was Wu Tian.

At this time, we learned that the success of Tianmu technology was not accidental, not only relying on Wu Tian's brain and wisdom, but also relying on the powerful forces behind him.

After staring at Wu Tian for a long time, Liu Shengcai bent down 90 degrees and bowed deeply to Wu Tian: "I admire you very much and thank you at the same time."

"I'm flattered." Wu Tian went over to straighten Liu Sheng's body and said with a smile, "the cake in the field of science and technology is very big. We can divide it up as much as we can. No matter whether it is competition or cooperation in the future, the most important thing is to take a down-to-earth road."

"Taught."

Liu Sheng held his chest in his hands and said with adoration: "I dare not say anything else. In the field of science and technology, you are absolutely my master. I hope to have the opportunity to cooperate with you Tianmu technology. If you are qualified to be a competitor, it is our honor."

At the moment, he is completely an open-minded attitude of learning. In his eyes, Tianmu technology is the master level.

"Too modest." Wu Tian chuckled, "or that sentence, no matter cooperation or competition, we should practice basic skills well."

"Well, if I have a chance, I will visit you Tianmu technology in person." Liu Sheng said these words, again to Wu Tian Ju Gong, and then turned away.
