

# Marriage To The Mafia Boss -

## . Chapter 125 - They Found Her

in the outside of the warehouse, she is trapped inside one of the empty rooms. They throw her into the pile of hays.

Emma still did not know anything because they close her eyes and mouth. in the darkness, she feels stuffy in the surrounding her.

She is waking up with a stiff neck and trying to apprehend the whole situation. she feels her hand and feet bound with a rope and it starts to eat her skin.

She did not dare to move to alert the enemy. She has survived so many ordeals with her life and she will not surrender into one like this.

She will play along with them, and she will not let them get into her.

Emma can hear the birds chirping surrounding them and the smell of fresh air. it means they are outside of the capital city.

She can hear the people talking outside, so she keeps her body stop moving. She has to stay still in the room to be able to hear their talk.

‘We have to wait for the next instruction from the madame. how dare her to steal madame husband?’ one of the kidnappers blabber his word.

‘Hey, do not let anyone know about this thing! Or we are in deep problem. You obviously know the position of our lady boss,’ his friend is telling him to be quiet.

‘what are we going to do to her?’ he asked his friend for the instruction about Emma.

‘The lady boss is going to sell her to the brothel ship. We just need to wait for the pickup, and she will be away from this country. I feel happy for the client to get her as their plaything on the bed,’ one of the kidnappers is laughing to tell about Emma faiths.

‘How about we taste her body before she gets picked up?’ one of the kidnappers is asking out of curiosity.

‘What do you mean by that?’ his friend is asking him about his comment.

‘She is going to get sold to the brothel ship. It means later she will serve the man on the ship as one of the escorts. Why don’t we taste her before putting her for the pickup?’ one of the kidnappers is asking his friend to use Emma body for their indulgence.

‘You are right. We can taste her body for free now. as you know the ship is catered to high-class guests and we can’t afford their service with our paycheck,’ the kidnapper is telling him about the whole situation.

‘This is between us and no one can know about it,’ they look at each other and get ready to approach the empty room.

However, Emma can smell the gun powder and the loud sound in the room which make Emma shiver in scared.

‘Is her pick up already here?’ the question is coming to her mind.

Emma was startled with all her life problems which seems harder day by day. There is a big question in her mind about the chosen path after her resurrection from death.

‘Honey, are you okay?’ Vito is asking her while opening the cover in her eyes and her mouth. He also unbinds her hand and feet when she launched herself into her husband body.

‘I hate you. Why do you come late? Your mistress is doing this to me,’ Emma is sobbing on his sturdy chest while trying to hit him.

‘I do not have any mistress and you are the only one woman in my life. I will make sure everything is settled,’ Vito is comforting her in his arm.

He carried her in his arm bridal style and take her to the car. He brings her home to their penthouse when he checks all her conditions.

He gives her some medication to sleep and tucked her inside their bedroom. He kissed her forehead and he left her to sleep. She needs to recuperate from all the shock happened lately.

Vito is sitting back to his reign in his study. He is trying to swallow the reality of the internal family feud in the Mancuso family.

The elder in the Mancuso family starts to show their dissatisfaction with the leadership of Vito and demand a reshuffled after the death of Mr Pesci.

Apparently, Sophia is getting some inside information from his father safe bank as proof to retaliate for the survival of Vito's position as the leader of the Mancuso family.

However, the underworld is the entity that Vito creates from scratch to support the business of Mancuso. It has seemingly become an obstinate problem of the traditional mafia way.

This is becoming the main reason for the elder to object to Vito management style with the killing of his own uncle.

Everything adds to the pile and Sophia uses those to all her personal agenda to become the first lady of Mancuso as her father wishes.

'Boss, we are getting attacked left and right also in the internal Mancuso family get embroiled with the news of your wedding to the foreign woman. Sophia is using it to shake the opinion of the Mancuso's elder about his chosen wife,' Andrea is reporting him about the real situation of the Mancuso family at this stage.

'Ai Jia set me a video call with Luo Han Zheng,' Vito is having this idea while he can use someone help to deal with this problem.

Ai Jia is calling Han Zheng assistant to make a phone call and they are ready to talk with the video call. It seems Han Zheng is inside the hospital at this stage.

‘Are you sick?’ Vito is asking him after looking at the background and the IV line on his body.

‘I am fine, and you do not worry about this thing,’ Han Zheng tries to hide about his condition.

‘I found her and thank you for your help. I will need your help to protect her further from the whole chaos while I have to deal with the girl from this morning,’ Vito is putting out of the card.

‘My head of security is already on their way tonight to transport the Sun An’s father to the Man hospital. My assistant already settled the matter with Dr Wen Liang. What else do you want from me?’ Han Zheng is asking him with his cold and weak voice.

‘Can you keep eye on Sun An movement? I have suppressed Su Jin and the guard of the Sun family also keep tab with him. however, I need reassurance for the whole picture,’ Vito is telling him.

‘I will think about it. you have to make sure about the safety of Emma and I will back you up,’ Han Zheng is asking from Vito. In his mind, Emma safety is his bottom line. No one can hurt her in this case.

‘I will. Thank you for your help,’ Vito is sincerely thanking him and close their phone connection.

Vito is getting the lead from Han Zheng about Emma location. He managed to find out her exact location from the white van and chatter of the tracker that Han Zheng put in her pocket.

Long Jin is giving out their location into the hand of Ai Jia who give it out to Max. They manage to save her in the nick of time when she is supposed to get sold to the ship brothel.

This is the main reason for Vito to find out about all the nasty dealing of Sophia behind his back. All this time, he is actually feeding and raising a snake on his side.

‘All done with the crazy Sun An. What is all of your suggestion with Sophia ? If I do not remember about her mother sacrifice for our family then I will go and shoot her in the head now. how dare she schemes for all her ambition to become my wife!’ Vito is smashing his hand to the table.

‘Why do not you marry her and make her as your concubine? You just need to give her marriage and problem solves,’ Andrea is giving out the option.

‘In your dream. What will happen when she becomes the head of the household of the Mancuso family? She is not yet appointed to become one and she has already stolen the token and proclaimed herself to become one,’ Vito is telling them about her behaviour.

‘How about you get close to her and get a clearer picture of her plan? You can make her lower her guard toward you,’ Ai Jia is telling his opinion for the best solution.

‘I have to sacrifice my love interest and make her upset. I won’t do it,’ Vito is taking out the idea for Ai Jia.

In his mind, Emma safety is the most important one. He will not sacrifice her safety over anything in this world. she still angry and shocked over the revelation of Sophia presence.

Vito also did not know about Sophia position in the Mancuso family until she showed her the token as the first lady in the Mancuso family.
