

# Marriage To The Mafia Boss -

## Chapter 132 - The Big Family

‘Why are you thinking to change side? Loyalty is one of the important things in this line of business. You are not scared about my rejection, and everything goes in vain,’ Vito is drinking his wine and looking at him with his poker face.

‘there is no option like that for me. It is either I die on his hand because of I irritate him, or I die because I betray him with a chance of survival. I am willing to go for this route,’ Xiao Hui is telling him about his intention.

‘I already saved my uncle, and he is getting treatment in my hospital. Where is this butler Jiang? And What is your plan?’ Vito is telling him to join him to eat.

‘So, Mr Sun Quan already saved. Can you help me to make him better while I am going to stall the changeover the company ownership? He is our only hope to control his son,’ Xiao Hui is explaining to Vito on the table.

‘Is he not checking your location at the moment?’ Vito still questions his agenda.

‘he is busy with Sophia now. He even throws Sun Jin on the side. Meanwhile, the time I resign and hand over my post to Sun Jin on his eyes all my dedication and hard work previously mean nothing,’ Xiao Hui is informing him regarding the personality of Sun An.

‘I know it. so, my theory for her presence in this city because of the crazy Sun An,’ Vito is enjoying his food. The maid is preparing the empty plate for Xiao Hui and new cutlery for him.

‘Serve yourself!’

‘If you are Mafia then why don’t you shot him in his head and everything is finish and solved,’ Emma utters the word with her mouth full of lobster meat.

Vito is getting a napkin before he wipes all the juice from the lobster meat. He gives her glass of water to wash down the taste.

‘If everything can be solved like that and the world will not need police and justice. Even if I am the head of Mafia, I still need to obey the law in this world,’ Vito is caressing her little nose.

‘But in the movie, they seem so powerful and wiped out their enemy so easily,’ Emma is waiting for his answer.

‘Superman exist in the movie but not in the real life. It is the same with Mafia thing. DO you want to shoot my own cousin and get jailed for it? are you real doctor or not?’ Vito is looking at her so intensely as if no one else in this room.

‘They are so sweet. Max, why you can’t do the same as boss?’ Li Na is asking her husband to do the same with their boss.

Max is only smiling at her and put more food on her plate. It is so funny to see their interaction as a couple.

Xiao Hui is feeling warm with the whole situation in this rooftop. It is not liked a working environment but a place where a family gathering.

‘Boss, Mr Wen Liang is arriving in the penthouse. Do you want to escort him in this place?’ one of Max’s subordinates is reporting to their boss. Vito

is nodding his head to bring his nephew into this place, or he will jump from the penthouse to feel injustice.

It Is not taking a long time for Wen Liang to come to the rooftop. He is not looking so happy earlier but after seeing the seafood buffet table and the nice cut of meat.

Wen Liang forgets about his anger. He is going to the food buffet straight away and He is busy filling up his plate with every sort of meat on the buffet.

He is taking place in the empty seat next to EXO. He really did not care for everyone but continued eating the food.

‘are coming here only to eat the food?’ Vito is hauling over coals for his nephew behaviours.

‘Brother, Uncle Quan is able to talk and trying to be on his feet. Apparently, someone really cruel and make him to become brain dead. I am so smart to treat his brain and now he is getting better,’ Wen Liang is conveying all the reports to Vito.

‘You can eat the food as much as you want due to your good work. The lobster is your favourite,’ Vito is enunciating his word really carefully for Wen Liang who did not care at all except for the lobster and wagyu steak.

Emma is getting a strawberry shortcake on her plate for her dessert. She is such a foodie in terms of dessert. Whilst Vito is not a sweet tooth person.

Everyone on the rooftop is waiting for Vito to get feed with the sweet food. He detests them so much and asks Butler Alfred to ban any sweet food inside his mansion or in the kitchen.

This time, there is a dessert buffet with many options of cake, trifle, ice cream and fresh fruit. Emma is eating a spoon of the cake before she put a big spoon of strawberry cake in front of his mouth.

They are watching so intensely while Andrea and ai Jia starts to make a bet whether he will eat it or not.

Vito looks at his wife so lovingly and opens his mouth to eat the cake. His expression did not show any hesitation when his wife put the cake into his mouth.

His body is well tone and strong with not one single scar. He must be in good health to be bless with this kind of body. Yeon Joo is making her position get more comfortable without her husband on the bed.

‘I might sleep longer, and it is possible to go around the palace? And if out of sudden, I have to go away. Do not get panic because I have my family and my own work to do,’ Yeo Joo is turning her body to the side to look at her man.

‘You are not allowed to leave me! This is an imperial edict, and I will kill your family if you defy the emperor order,’ Lee Yeong is raising his voice when Yeon Joo is sitting down and look at him with amusement.

‘Try to chase and kill my family if you can and you will lose me forever. How can you kill your in-law family? They are your father and mother in-law,’ Yeon Joo is sitting up and looking at her man.

‘Close up your naked body! The eunuch and court lady are going inside the room,’ Lee Yeong is giving a command as water come out from the riverbank.

‘Ahh, I forget about this era when woman is lower than man and we do not have anything to change the preceptive of man except our duty to serve on bed and give birth!’ Yeon Jeo is making a messy bun on her hair.

‘What do you mean by this era? What kind of era? This is my reign and my dynasty, so I am the only ruler in this kingdom which you need to obey!’ Lee Yeong is getting the dry towel from nearby stool.. and walk toward his wife and wrap her body with his sleeping robe.
