She is well aware that her husband is hating him so much. The others hand, she just gets a news Lin Yan start to move her pawn.

She is releasing her picture with Han Zheng in every media channel. The image of famous tycoon in the C city with his intended fiancée in a hotel room in US can spark a lot of rumour.

The only person capable with this kind of rumour is her adopted sister. no one else can do this same old trick into her.

‘Are you busy?’ Emma is fiddling her finger around on the table line.

‘I always have tome for you. What can I help you?’ Vito is taking off his reading glasses.

‘I heard Li Na is changing my appointment this morning and I am not allowed to go out from the mansion,’ Emma is asking straight away from her husband a clarification. However, she can’t straight away give out her real intention to check about the picture circulate online.

‘It is solemnly for your safety. I am not trying to stop all of your activities. I am arranging the doctor to come and do all the treatment inside this penthouse,’ Vito is informing her about the shifting of location.

‘I am fine with anything. You know I am not that fussy regarding everything. Have you read any new this morning?’ Emma starts to check out about the picture. She just doesn’t want him to get all the news and online judgement from the picture when she helps him in New York.

‘Not yet. I have been busy with all the job until now. what happen?’ Vito is looking at his wife with a sharp but comforting look.

‘There might be something unpleasant in the news about me. I just do not want you to be angry or upset,’ Emma is telling him about the news.

‘I will sort it our for you. It must be your picture with Han Zheng,’ Vito is pulling her inside his laps.

‘I just do not want you to be upset over something that is not real,’ Emma is putting his arm around his neck.

‘Do not worry so much. I will make sure to deal with them who is making my wife to be upset,’ Vito is clasping her face with his two hands.

‘Boss, the clinic refused our order because they got booked up by the superstar,’ Ai Jia is walking to their study and reporting to their boss.

‘I really do not want the treatment. Please cancel it please, Ai Jia,’ Emma is looking at her husband assistant and stand up to walk outside the study.

As soon as Emma is closing the door of the study room. Vito is looking at his assistant with a big question mark.

‘What are you doing? I want you to check the artist who dare to snatch my wife schedule and who is making the news about my wife with Han Zheng?’ Vito is looking at his assistant about all the unfortunate in her life due to someone.

‘It is her own sister, boss. I can’t do anything about it. I have contacted Jack who get fooled by her. She did it behind his back,’ Ai Jia is reporting after checking with jack regarding this matter.

‘How about make her with Sun An ? It will be fun after all to see her become one of his pets like Sophia,’ Vito is thinking about the outcome of the whole situation.

‘Are you serious?’ Ai Jia is asking his boss idea about getting her to Sun An.

‘I have given her way to redemption to give her the best man. However, she chooses the way to hell by herself. As well as I am going to hand her to the devil,’ Vito is taping his finger on the table after thinking about his adopted sister in-law.

‘I will arrange it with Jones and Andrea,’ Ai Jia is nodding to hear his opinion about his boss sister in-law. His boss said his own cousin as a devil and his boss does not reflect himself about his own vicious nature.

‘wait a second...’ Vito is stopping his assistant from going out from his study.

‘Anything else?’ Ai Jia is asking him for another instruction.

‘Tell Jones to get one ampul of the medicine made by Sun An and change everything into the normal drug as the original plan,’ Vito is telling his assistant.

‘Noted,’ Ai Jia is going outside the room, and he is calling Jones straight away for the instruction from Vito.

Jones is already in the laboratories to get all the ampul and tell the researcher to make another drug with the normal aphrodisiac.

He is bringing back the real drug to the penthouse for his boss. He is going straight to his office and put the drug on the table.

‘I need you to inject one of this to Lin Yan and tell her about the cure. I do not care about the way to inject it to her, and I want it done today,’ Vito is telling Jones who get one of the ampul and leave the room.
