

Marriage To The Mafia Boss -

. Chapter 64 - Qin Yi Yue

‘Honey, do you want to come with me to the office so I can change my scrub?’ Vito is standing up from the conference room to go out.

‘Don’t you need to assign their job for grandmother and give a briefing about her condition?’ Emma is really confused with his style of operation team. If she is working with him as his underling, it will be so terrifying.

‘They already know their job. I do not need to babysit them anymore. Do you want to come inside the operation theatre or watch from the office?’ Vito is asking her to give her firsthand experience inside his operation.

‘DO you want me to assist you? Are you sure?’ Emma is look at him with amusement.

‘I just need you to sit inside and look at me installing the shunt into the valve of your grandmother brain. At least, you can learn the procedure and

I can teach you,' Vito is offering his wife the rare chance to learn from the best neurosurgeon in the industry. He is touching her chin and kissing her crimson peach tempting lips.

'Brother Man!' there is a soft voice of a woman in the corridor which makes them stop their kiss. At the same time, all the surgeon comes out from the conference room and sees the delicate woman.

'Wen Liang, take your cousin to my office and I will come to the office after I deal with this stuff,' Vito is rubbing Emma's cheek to assure her before Wen Liang is escorting his cousin-in-law to the office. Emma sees her husband walk toward the delicate voice girl on the corridor.

Emma realises about the girl's position on her husband's heart. No wonder, he has been using protection so far to protect himself and wait until his lover comes back.

'Who is the girl? Your cousin's lover?' she is asking Wen Liang inside the elevator.

'She was his girlfriend until she betrays him for the sake of money. It was the reason for Vito to avoid women after she stabbed him in his back with a cold blood. He brings her from the poor region in the outskirts city and groomed her to be his competent assistant before betraying him. He gets the

blow and corners him on every corner possible. I witness the worse of him that time,' Wen Liang is opening his mouth without any plug to tell her all the story.

Emma becomes quiet and go to his office to think. Is she going to lose her husband and get her heart broken again in her second life? Emma is standing on the glass window and thinks until her forehead frown from the deep contemplation.

Vito is leading Yi Yue to the empty area nearby of the conference room to entertain her.

'What do you want?' Vito put his hand into his pant pocket and look at her with his cold voice.

'You are not change at all. No, you change a lot to be able to show your kiss in the public. She is your new toy girl?' Yi Yue is asking him with her delicate jealous tone.

'She is not someone that you need to care. She is mine and no one can touch her. What do you want this time? Another empty cheque? Or access to our server and my safe deposit box?' Vito told her with his sarcasm. The women in front of him this time is not simple at all. She really needs to be careful with all her cunning way.

‘I just want to return this blank cheque. I already severed my ties with my parent. We are going to a different way. I realise that I can’t forget you.’ Yi Yu is coming closer and tries to hug Vito.

He releases himself from her hug as he does not like anyone to hug her. However, he loves to be wrapped and elope with his wife’s body scent. That is the only exception in his life. Qin Yi Yue is shocked to see his reaction in her hug.

Emma is walking to find her husband to ask about his preference for a meal before the operation. Nevertheless, he needs energy for them to proceed with the operation. Emma is going to order some deliveries and ask her husband if he has some preference. Wen Liang is following her from behind and gets stunned to see his cousin get hugged by Yi Yue.

Emma sees by her own eyes the whole ordeal of her husband getting hugged so intimately by another woman. She is fuming in anger. She is turning her back toward the elevator to take them back to his office and order her favourite food with Wen Liang.

It is not too long before Vito walks back into his office and gets hit by the spicy pungent smell on his face.

‘What the hell is this smell?’ Vito is asking them for justification.

‘Your wife wants to eat river snail noodle and we find this version actually really good,’ Wen Liang is slurping the noodle into his mouth.

Vito is looking at his wife aloof expression and finds out something amiss with her behaviour. This is not common for her to be quiet and eating her noodle.

‘Come. This is your portion of noodles. You must be starving, and you must not like any spiciness nor the pungent smell. I order special noodles for you,’ Emma is giving out the unopened bowl of food. he takes the bowl with the disposable chopstick and opens the lid to see noodles with plain broth. Emma wants to punish him, but she needs him to do some operation for her grandmother. In her mind, her grandmother life is the most important thing in her life at the moment.

Vito is slurping the noodle almost halfway down before the scrubbing nurse knocking into his office.. He is informing him about Madame Lin condition and Doctor Chu Xi has already prep her down into the lumbar puncture procedure.
