

## Marriage To The Mafia Boss -

### . Chapter 73 - The Second Attack

‘Get them on the screen for me! We have a serious meeting to retaliate. They must be having some nerve to attack my territory,’ Vito is changing his outfit to his business suit. He managed to chuck his clothes into the rubbish bin due to the pungent smell of the dungeon.

‘Have you ever heard about the name of La Madrina? Is that the rumour of the black rose mother from the Mancuso family?’ Andrea is telling Vito about the main rumour of the black rose mother from their organization. No wonder, Andrea feels the name is really familiar.

The Black rose mother is a taboo figure in the Mancuso family. She is the most vicious figure in the organization, and they call her mother black rose because of her sexuality as a woman. She will eliminate her opponent with cold-blooded and the worst way humans can imagine.

One day, she just vanishes but her reputation still lives until today. No one ever knows her real identity in the organisation.

The meeting is starting in the office, and it is really intense when Vito is bluntly shooting everyone foot. It's turn out that one of their people is betraying them and make everything seems easy to penetrate. The head of the branch in each area has been shot dead.

this means Vito has to do a clean up on the organization. A lot of his loyal people in America part get into hiding and do not dare to come out.

Someone thinks that by making chaos in the branch company, he will get flustered, and it will make Vito leave the country. But after a long meeting and the sun almost down, he feels in his gut something is wrong.

Vito is standing up and putting down his glasses on the table. He feels so tired with all the turmoil happen.

'Boss, are you sure to get Jones out from his holiday?' Andrea is feeling amuses with his boss. In the Mancuso family, the top person in the organization is Andrea, Max, Ai Jia, and Jones. While the first three is out and open to do all the job, Jones is more like Vito hidden card to clean up. Jones' authority will be the same as Andrea who can pull some decisions on behalf of Vito.

'I sent him a text already. He will go to New York for cleaning up with the jets,' Vito is walking out from the office toward his wife room with AI Jia

and Max. As soon as he walks out of the elevator, he feels something is off when the corridor looks so empty.

‘Max, get your gun ready!’ Vito is striding to the VVIP room to see all the security staff shot point-blank on their head. He runs inside the room when he can see his cousin get shots on his shoulder while trying to protect Emma on the floor.

‘I feel hot,’ Emma is telling on her delirious stage.

‘Someone in black and mask come and shoot me. He was going to come and shot her, but I manage to roll her to the floor and protect her with my body. Because they can hear about Max and you coming toward the room from the elevator, they inject some drug into her body which makes her flustered and hot,’ Wen Liang is pressing his shot wounded on the body.

‘How bad is your wound?’ Vito is getting a stethoscope and check into his wife condition.

‘Brother, I am losing blood in here, but you check your wife condition first. I feel so dejected with your care, cousin.’ Wen Liang is feeling the pain in his body which make him almost pass out.

‘Your wound is through and through. You are coming from a mafia family, and you get so work out only from a small wound like that. Call the doctor and get her treated,’ Vito is carrying his wife to his suite. This time, he withdraws her blood and gets AI Jia to run it into laboratories.

‘Max gets EXO to feed the VVIP corridor. How can my wife got hit twice a day?’ Vito is getting really angry with his subordinate.

‘It’s already on your laptop. You can view it! It is the security of the Sun family. Their real target is your grandfather. But he is still sly enough to swap the room and they can’t get him and grandmother Lin. I have managed to catch one of the culprits when another team goes to VVIP. I got his confession recorded before I shot him dead,’ Max is giving out the USB to his boss.

The video is playing out the confession about Sun Ming’s son who tries to prove his skill. Sun Feng is getting all agitated when his father did not put his name as one of the candidates for the head of the Sun family.

‘Pick up Sun Feng! No, it will be better. Get him to sleep with Yi Yue and marry her,’ Vito is listening to the recording and find out about Sun Feng’s stupid plan to make Emma get tainted by Wen Liang. This is the idea of Yi Yue so Vito can get back to her.

‘I am going to settle the score with Sun Ming and Sun Feng tomorrow. I will need to cure and treat my wife. Get my grandfather and grandmother to the safe place,’ Vito is telling Max for his grandparent’s safety.

‘I know. I will make sure Sun Feng get the same dose of the drug as your wife and put him together with Yi Yue. I am going,’ Andrea is standing up and walking out from the office after Vito stares at him sharply.

In the suite room, Emma is taking off all her hospital gowns and naked. There is blood ooze out from her arm when she pulls out the IV line. She is getting high from the drug when she is going to Vito as soon as he enters the suite room.

‘Who are you? I feel hot. Can you take me to the swimming pool?’ Emma is rubbing her body against Vito.

‘I will take you to the shower. Come here,’ Vito is carrying her to the cold shower to ease her pain. Meanwhile, Vito is soaking his body into the hot bath to cleanse his body and calm his mind.

Out of a sudden, Emma is joining Vito in the bathtub. Vito is trying to hold himself when Emma tries to tempt him. In the end, he really falls into her temptation. They did it in the bathroom until to the bed.

===

In the mansion outskirts of C city, Andrea is sneaking into the mansion and drugs the water, food and humidifier. He also put some drops into the aromatherapy to give the extra punch before sneaking out of the mansion. Andrea really did not stop or restrain himself from pouring the drug.

Sun Feng just get home from the failed attack in the hospital to find Yi Yue just come home. They are not having good facial expressions. They are going to their room and changes their outfit before they are going to have a chilled drink.

‘Do you want to have dinner together?’ Sun Feng is opening cold water and give one to Yi Yue. Exo is playing and hacks the air condition system to make it more humid and a little hot for both of them. The humidifier is spraying the mist of water laced with the drug.

‘Yes, please. We need to talk about the plan for the meeting tomorrow,’ Yi Yue is drinking the cold water and eating the food on the table.

‘It will be scary to face Vito and father! I will come a little bit late,’ Sun Feng is telling her about his plan. He always gets a good beating from his father. He is eating the food really quick and without any manner on the table. Yi Yue looks down on him.

‘Can you chew down a little slow and keep the food inside your mouth?’ Yi Yue is telling him with her annoyance. In her life, this is the first time for her to see such a pig.

‘Sorry. I get used to eating in the barrack and no one really thinks about etiquette. Don’t you feel the house getting hotter,’ Sun Feng is opening his button shirt. He is actually a fit well-built man with a decent face.

‘I think something is wrong with the air conditioner. It is as you say,’ Yi Yue is feeling hot on her body. She is drinking the whole bottle of cold water. She is walking to the small fridge in the dining room to get another bottle.

This is such an unusual feeling when out of a sudden, she can see Vito is sitting on the dining table and opening his shirt. Yi Yue is rubbing her eyes to think about the view in front of her. Vito is standing up and opening his shirt and showing his full six-pack abs.. Yi Yue seems in heaven to see this kind of view.
