.

### . Chapter 91 - The Pay Back

‘You are still not talking! I just want you to tell me about the one job for hitting my wife. The rest, I really do not care as you are already deemed to be guilty by everyone,’ Vito is opening his cold stare toward Nobis on the floor.

‘I will talk as long as you release me! This is really excruciating,’ Nobis is panting due to the pain. He really can’t imagine when history mention Jesus dies on the crucified. This is the same amount of pain in his body.

He can’t hold it any longer and want to end this painful torture. Anyway, Vito must only need confirmation for his finding, and it can end his suffering.

‘Talk!’ Vito can’t contain his patient any longer and sign to the burly executioner to get closer to Nobis.

‘I am going to talk. It is the fat Sun and his crippled son. they do not want to pay to exaggerate money to put a hit on your wife,’ Nobis is crying because of the pain when they are removing him from the scene and Vito is sending him into the world deepest jail for International wanted criminals.

Nobis is screaming to hear about the worst jail in the world. the jail was formed by the Mancuso family for their family rival when the whole world decides to use it for the notorious criminal in the earth.

The Jail does not show on any map or paper in the world. it is located on unmark island surrounded by a shark. The jail itself did not abide by human rights. If you are strong then you can survive on that island. No one ever survives to escape the jail and tell their experiences.

The Jail is notorious for its image and there is no separation for their gender or wealth outside of the jail. They are treated the same and they have to survive the natural law in that horrible place. There is no turning back when you are already inside that island.

Nobis is trying to run away and refute Vito’s decision to send him into that place. He did not want to go there and tried to release himself. But he did not succeed as his feet still got nails on them. However, the staff from Mancuso corporation is taking him away. He did not have any other choice rather than comply to with his fate.

In the meeting, they are continuing for some problem arisen in America and Africa. However, they are not worried about the problem when Andrea gives the whole report from Jones. The Mancuso already make sure to gain their footing back in that area.

Andrea also reports all the quarter plans and achievements for their organization under Vito's management. They are thriving to eradicate all their inside mole and warn everyone for their punishment if they dare to betray the Mancuso.

All the participants are congratulating Vito for his achievement as the head family for Sun in C country. The Sun family is the household name for Mafia and triad in the whole Asia Pacific. They are having the same history as the Mancuso family. This time, Vito is making two powerful families in the world in his hand.

Vito can't wait to see this father and son duo in their cell. They will know about the hell in this world. They dare to touch his wife until she has the suffering. Vito will make them pay a million times for her suffering.

Vito dismisses the whole meeting and leave the meeting hall to the cell room in the bottom of the headquarter.

He is walking to the bog interrogation room with all the torture equipment. He is sitting on the head of the room. Max and Ai Jia are putting on a black leather chair for Vito.

Max Subordinates are bringing the two couples inside the room. Suzy and Bai Yu are getting tight to the torturing chair. Ru Shu is in the corner of the room with two burly men holding her.

‘Open the eyes from my uncle!’ Vito is telling them to open the bag covering his face.

‘A Man, what are you doing?’ Tian Ming is kneeling on the floor with his handcuffed to his waist.

‘Uncle, why should you touch my wife? Now, we are back again to square one. The decision is in your hand to save your mistress who is pregnant with your baby or your son. Their feet are going to get the drill,’ Vito is signalling him to see on the back of his body.

Tian Ming is turning his fat body around to find the view of his mistress on the torturing chair on the left side while his son is on the right side. there is an automatic drill that actually working and is attached to Tian Meng body.

At the moment, He is turning his body to the right where the drill in front of his mistress start to work and approaches her knees. All of their faces are still closed with the black cover.

Tian Ming is turning his body to face Vito again to stop the drill. He can't make a haste movement and end up killing his son or his mistress. this is all the fault of this nephew of him.

'Now, you have to think about the decision. You can choose your mistress with your baby or your son. you also can sacrifice yourself by donating one of your limbs to me,' Vito is telling him while putting his head into his hand while waiting for Tian Ming's decision.

'Are you crazy?' Tian Ming is staying put as he is afraid for the drill to start working again. However, no one knows about the whole mind Vito. He can change and kill them straight away.

'I am not crazy. I just pay my wife suffering from falling down from the cliff and getting washed through the water with her brain injuries. I swore to make your life to suffer and beg death from me,' Vito is telling him with his cold facial expression which shows no emotion.

Ai Jia is whispering to his boss ear about someone arrival in their torturing chamber. She got pick up from her house to spice a little thing up.

‘Aunty, please sit down. We are playing some game in here,’ Vito is letting Tian Ming’s wife to walk inside the room and sit to see everything. They are keeping a tight watch on Vito’s aunt.

‘What a nice reunion, Vito?’ Tian Ming’s wife is mocking her nephew for the whole thing.

‘This situation is really brutal actually and your husband is going to sacrifice your only son in place of his new mistress. So, I am inviting you here to give your son a chance to get salvage,’ Vito is informing his aunty to spice them up.

‘What did you say? This old hag wants to sacrifice my son for his new mistress,’ She is getting work up after hearing his stupid husband idea/ She is not going to let it happen when his son already makes sacrifice with his body for her husband ambition.

‘I am not doing anything. But Suzy is pregnant with my seeds. I am not yet deciding,’ Tian Ming is telling his wife about the whole situation.

‘Ahh, I forget to tell aunt if uncle can sacrifice himself to safe them,’ Vito is pointing to the torture chair.

‘Old Sun, you can sacrifice yourself and I will make sure to take care of them and raise your baby properly,’ His wife is pleading to her husband and kneeling in front of him.

‘Fine! You can kill me, Vito. But you have to release them as you promise,’ Tian Ming is telling his nephew to keep his word.

‘Aunty, there is an electric saw, and the option is uncle hand or feet. You can choose and proceed,’ Vito is telling them with his cold killing aura.

Tian Ming is really surprised with his nephew way to kill him. Vito is actually not going to kill him.

‘I can’t!’ Tian Ming’s wife is stepping back to find out about her job to execute her own husband in place of her son.

‘cut my feet,’ Tian Ming is telling his wife to cut.

‘I will not unhook the connector to the drilling machine in the chair when your wife picks up the chainsaw and start drilling,’ Vito is telling him briefly.

‘Wife, quickly as I could not hold this position any longer. Just cut it off and we can finish everything,’ Tian Ming is persuading his wife.

‘No! I can’t do it and cut your limb with my own hand. I refused to do it with my hand. I really can’t do it,’ Tian Ming’s wife is weeping and breaking down on the floor.

‘I will do it!’ Ru Shu is listening for all this blabber, and she wants to end all of this. She wants to go back to her nightmare.. She is originally on their honeymoon trip when they got kidnapped with her husband.
