

My Villainous Wife

Chapter 140 - Zhao Liuyin's Scandal

At this time, there was another person from the Zhao family who wasn't doing good after the issue broke.

The Zhao family's dirty crimes were one by one exposed to the public. And that wasn't the end of it as Zhao Shuxin and Yu Jin Yan was being led by two police officers. Their hands were hidden by the cloth that covers their cuffed wrists.

From just the scene playing on the large TV screen, Zhao Liuyin knew that she can't keep her image as the innocent princess idol that many admired in the country.

Her wedding to her fiance, Liam Harrington, was nearing. She only needed to wait for a week and she's out of the Zhao family.

Ever since she met Yan Xiaoran two years ago, the Zhao family was quite disappointed with her. The viral video of her exchanging words with Yan Xiaoran was all over the net. It could even be said that it almost ruined her career as a singer.

After two months of not appearing from the public and apologizing to the public over the scandal. She wanted to put the blame on Yan Xiaoran but who know that all the words she let go two years ago were all clearly recorded. Thus, she had no escape but only to sincerely apologize for the disturbance she caused.

Most of her fans left because of that video and they called her a b*tch. The experience was so painful that she fell ill the next morning.

And after two months of experiencing hell, Zhao Liuyin finally got her chance for a comeback. Thankfully, a director became interested in her and put her into a B-rate movie. And ever since then, she was able to make a name for herself as an actress.

But these things didn't come from her skill as an actress. The roles that were fixed for her to take was all handed down to her by several directors. Directors that she slept with.

In a cruel place such as the entertainment industry, if one were to not have the ability to do anything, one must think first and use whatever equipment you have to achieve success.

"Is this true?" A handsome man glared at her as he threw down the newspaper he was holding on the table, "You told me you've never had sêx with anyone but it seems you're lying to me! Since when did you lie and why?"

During these past two years, Zhao Liuyin was able to find a man who could be both her lover and sugar daddy. Liam Harrington was the heir of a business conglomerate and despite their ten years gap, he treated her like a princess.

Liam lived traditionally and was a man of virtue. He never even done it with anyone as he was looking for the perfect woman who would accept him not because of his family's wealth but because he was just Liam.

And he saw it from Zhao Liuyin.

However, he was a stupid man to believe her lies and ignore the reports handed out to him by his brother about Zhao Liuyin.

"Answer me!" He shouted at her. His heart was torn apart by her with the scandals that surrounded both her family and Zhao Liuyin. "You slept with them... Did you also sleep with these directors while you're with me?"

Zhao Liuyin's makeup was all over her face. She didn't think that a scandal video of her kissing a Director would spread across the internet. Now, everyone knew that she only got her roles by sleeping with the directors.

"I didn't mean it at first." She tried to explain. The tears in her eyes made her look so pitiful but Liam couldn't show mercy this time.

Zhao Liuyin continued, "I told you I wanted the female lead role to the movies, The Dark Heart. But you didn't give it to me and I had to look for a way to get it from someone else."

Hearing her say this, Liam couldn't stop seeing red. He lunged towards her and held Zhao Liuyin by her elbows, shaking her as he roared, "Now, you're saying it's my fault? I didn't give that role to you because you will only depend on me if I did! You will ask for one role but you know it that you'll come back for more."

He released her and let her fall to the ground, "Besides, I didn't want that role for you because there's a lot of bed scenes and yet, you still went for it!"

Zhao Liuyin wiped her tears and stood up, she said, "If only you helped me, your fiance, once. I wouldn't have ended up doing this."

Liam stared at her disgusted by her selfishness and dirty soul that he never saw from her. If he did, he wouldn't even try to propose to her and ignored her by the time their eyes met.

"You even call yourself my fiance? And here I thought you forgot about it!" Liam snarled. "Or perhaps, you only erase that fact when you do it with other men?"

Finally realizing that she said something wrong, Zhao Liuyin started to panic. The only one who could save her from the public's judgment and save her career was Liam. The directors whom she slept with will definitely push her away.

No. She can't let Liam go.

"Liam, please. I'm sorry." She said and kneeled in front of him, "I'm really sorry. I didn't mean the things I did in the past and will never do it again. Just forgive me this once."

Looking at her tears still flowing down her cheeks, Liam should feel something but after what happened and what he saw, the love he had towards her turned into hatred and disgust.

He kicked the hand that wanted to hold onto his leg. Her pathetic state was making him remember the things that happened in her scandal video.

"Zhao Liuyin. Leave." Liam closed his eyes. He hoped it would stop the anger and the urge to slap her. "I want you to leave my house and never come back again. I will never accept a woman who lied without batting an eye to me."

After he said that, Liam turned around and let the butler drag Zhao Liuyin out of the Harrington Manor.
