

Most Wanted Love by Lexi Chapter 16

Ivy's POV

"You trust me?" I asked. He hummed. "Then tell me everything"

He got away and looked into my eyes. Then he was just on the verge of crying when I hugged him.

"D-Don't cry.." I said.

"I-I am fine. Listen" he said. I got away and nodded. "B-but promise me you won't h-hate me after this.."

"I? I can never hate you, Andrew. Trust me on this"

"A-and you won't leave me"

"I will never leave you either Andrew. I love you"

He smiled weakly and nodded. "Then I'll tell you"

I smiled and nodded.

"T-there was this girl, Sop-Sophia" he started. "S-she was Antonio's girlfriend. We were all very close before she entered our lives... We were all happy. B-but then one day, he brought her over. Our parents were not at home. That's why she came over. F-for some reasons, Edward had to go out for the night. Probably some business issues, because he was the only one who was interested in our father's business. T-then Antonio came with her. H-he went out to bring some stuff that she has forgotten and needed urgently. S-so we were left alone" he said. "T-then we were practically just talking and nothing ever happened. B-but when Antonio came over, sh-she removed her clothes hastily and-and- and she told Antonio t-that I-I-I.." his voice started breaking. "T-that I-I forced myself on h-her... I- and he-he believed her.."

What?

It's... it's devastating.

Antonio didn't trust his brother? Did he trust his girlfriend over him?

And- h-how can he think like this for Andrew?

"Y-you t-trust me, right? T-that I-I didn't-"

"Of course, Andrew," I said and hugged him. He started crying. "T-then we had a very serious argument. T-this was not the end. We decided to mend things and declare this as a misunderstanding. B-but then everything ruined when S-Sophia, she-she got pregnant"

My eyes widened in shock. Pregnant?

“T-that wasn’t mine. B-but no one believed me. We-we decided to do a DNA test. B-but that required time.. for like 11 weeks. B-but before that could happen, she ab-aborted”

I was too shocked to react.

She obviously was lying.

Because if she was right, that was the only chance to prove it.

“F-from then.. he n-never forgave me.. I-I tried but..”

“A-Andrew,” I said. He looked at me whilst getting away. “I-I’m sorry for bringing those memories..”

“Y-you believe me?” he asked shocked.

“Of course. I know you, Andrew. I know who you are” I said. He smiled weakly and hugged me again. Then he got away and collided our lips in his soft kiss.

“I love you Ivy,” he said.

“I love you so much Andrew” I replied. He smiled between the kisses.

“uh-uh” someone coughed and we quickly got away realizing it was my dad. “You guys really need to lock the door”

“A-h d-dad actually..” he spoke.

Yeah, as a matter of fact, he has started calling him dad since he agreed on our marriage.

“It’s fine! I just came to tell her that she needs to get the jewelry too”

“I-I will give her, please dad?” he said.

“You? Are you sure?”

“Yes dad,” he said with a smile. I smiled at him.

“Okay then... continue,” he said and left the room closing the door.

A blush crept my cheeks. What. Did. He. Mean. By. Continue?

“So.. let’s continue,” he said with a wink and I got away abruptly. He smirked and pulled me near him by my wrist and started kissing me as smoothly as he always does.

“Do you like it?” he asked me as he gave me a beautiful necklace, followed by other beautiful jewelry.

“Lovely” I exclaimed. He smiled.

We are going to get married some days later. I'm so excited.

"Can I meet Edward?" I asked him.

"Yeah," he said. I smiled back at him and went to Edward's house.

"Hey," he said as he opened the door.

"Hey" I replied. We went to the living room.

"So.. any special reason?"

"Yeah. I want to talk about Sophia" I said. "Andrew told me what happened"

"He did?" he asked.

"Yeah" I replied.

"Well.. this thing is a little off-topic, but.. never leave him. He has gone through this thing, and this is the first time he opened up. Okay?"

"I know. I promise you I am never going to leave him" I assured him. He nodded.

"So. What about her?" he asked.

"You trust Andrew, don't you?"

"Yes. I know he was speaking the truth. But what can we do? Antonio is totally blind"

"Let's get Sophia to confess everything," I said to him. He seemed totally taken aback.

"What?"

"I said-"

"No I mean, how?"

"I will find a way to find her. I will take the help of AL's devices. And once we talk about this to Sophia, let's see what happens"

He looked unsure about my plan. "Come on!" I said.

"Okay, but Andrew is not gonna be much happy about this"

"I know. But how long are you gonna live like this just because of a misunderstanding? I want to make things right"

"That's acceptable, Ivy. I will help you with everything I can"

"Oh then, for now, don't tell him about this, okay?"

“Wait. You are gonna hide this?”

“Yes. I don’t want him to be stressed”

“Oh-okay” he sighed.

I’m gonna do the justice, Andrew.

You deserve it.

Ivy’s POV

I went home. He was here, dad has allowed him to stay here now that we are getting married just a week later.

“Hey,” he said. I smiled. “Hey” I replied.

“So, any plans for today?” he asked. I nodded in denial.

“You tell,” I said.

“Well, I have some plans,” he said with a wink. I blushed and mouthed an ‘okay’.

We are here at this restaurant and he is continuously staring at me for the last ten minutes.

“An-”

“Shh,” he shushed me again, like the umpteenth time he has already.

“Okay,” I said.

“You look like an angel, Ivy.. how are you so beautiful?” he asked.

“Because you are my husband,” I said.

“Future husband” he corrected.

“Never matters” I replied.

He smiled. “Your smile is killer” I commented. He smiled even more and blushed.

“Should I smile or not? I don’t want to kill you” he said with a wink.

I shook my head and then the order came. We ate happily together, while I thought of taking his phone so that I can access some resources to find Sophia.

“ah... Andrew, can I get your phone?” I asked.

“Sure,” he said and gave me his phone.

I tried to find someone, but there were only 6 contacts.

Ivy, dad, Antonio, Edward

And two unknowns.

“Well, Andrew, who are these?” I asked.

Perks of being a wife!

Or future-wife...

He smiled and chuckled. “Are you thinking that I might get a girlfriend?”

“Oh no Andrew you won’t dare. Just tell me” I said.

“Well, that one is Felix, my former business partner, you know in the criminal world and that one is the doctor”

“Oh,” I said.

Felix.

I should contact him.

“Can you order a pizza?” I asked. He smiled and nodded. He called the waiter and started talking to him about the pizza. This restaurant doesn’t serve that kind of pizza which I like, so it’s gonna take a while.

I quickly noted the number on my phone.

“Sorry Ivy, they don’t have pepperoni pizza,” he said.

“It is okay, Andrew. Let’s go back now” I said.

“You sure?” he asked.

“Yeah”

We went back and I went to my room. Andrew went to meet Edward as he called him. Actually, I asked Ed to call Andrew to mislead him for some time.

I am sorry I am hiding this but it’s for the best, and you know that.

I dialed the number and the other one picked up.

“Client?” someone said, whose name is Felix I suppose.

“No... actually, I am related to AL” I said.

He sighed.

“AL? Is he alright? There was news he was shot” he asked.

“I can’t discuss it, I am sorry. I need your help, but” I said.

“I am his friend. I would help you, just tell me if he’s alright”

“Okay then.. he is okay. He is alright. Now, will you help me?” I asked.

“Yeah. Tell me” he asked.

“I want to find this girl, Sophia. I will send her photo to you on this number” I said.

“Okay, sure,” he said and the call ended.

This pic was sent by Edward to help me find her. I sent the pic to Felix and then I laid down and slept.

I woke up and saw Andrew beside me. He was still sleeping. Dad had told him not to sleep on the same bed, but he didn’t listen.

“Good morning,” he said, yawning.

Oh, so he is awake.

“Yeah, good morning,” I said.

“I will wake up later,” he said and probably went to sleep. I shook my head at his cuteness and then got up to get refreshed.

After I got freshened up, I received a message.

“There you go:

Name: Sophia Maggs

Age: 23

Current Location: 1200 Semmes Apartments, Richmond, Virginia, USA”

Virginia? Oh crap. That will take forever to reach there.

“Thank you” I replied.

Now, I have to find a way to go there. And I am going to take Andrew of course. Oh yeah, I will say I want to go on a trip.

I went back to the room. He was almost awake.

“Andrew,” I said. He looked at me and rubbed his eyes. “What babes?” he asked.

“First no cheesy names secondly, I want to go Virginia”

“Virginia?” he asked.

“Yeah” I replied.

“Okay... I guess, but why?”

“I want to spend time with you” I replied.

“Honeymoon?” he winked.

“Kind of” I replied with a smile.

Even if I am lying, this is not a complete lie, Andrew. I want to spend time with you.

“Okay sure. After the wedding I guess?” he asked.

No... We don't know how long she is going to be there.

“No... now!” I said.

“Oh-now? Okay... if you say” he said. I smiled. He came closer and kissed me.

“I love you, Ivy,” he said between kisses.

“I love you too” I replied.

We were all ready. We told our dad that he's starting a new business, so we need to go there.

Well, he isn't believing it.

“So why to fly to another corner of the world!” he asked.

“Just.. coincidence that I got a job there,” he said. My dad sighed and accepted. We left the place and headed towards the airport.

This is going to be a long flight.
