### Chapter 33 The Third Wheel

"Didn't say that to me over there just now?" The boy blurted out without giving it a second thought. The girl felt awkward.

Autumn was a little unhappy about what he said.

To be honest, the girl had left a great impression on Autumn. She looked pretty and charming. She even had two dimples. Autumn was soft-hearted and she was about to let them have their table moments ago.

But the boy's words changed her mind.

"Ms..." The girl looked at her timidly. She could tell from Autumn's countenance that she was unhappy. Actually, today was neither her birthday nor her boyfriend's. Moreover, her boyfriend was a local resident. She said that only to win Autumn's sympathy. "Please...Please say yes, I'll really appreciate it."

"Sorry, we don't need your appreciation." Autumn was still thinking about how to say no, but Charles helped her out. He put his hands on her shoulders from behind and told the young couple, "You are right, actually. She's not my girlfriend."

On hearing that, the boy smirked. "Did you hear that? I told you I am right."

The girl pinched him hard and still struggled to win the entree. "Mr, we are sincerely asking for your kindness. If you let us in, then this coupon is yours. How about that..."

Charles stared at her coldly. Autumn knew it was his sign of losing temper. She immediately held back his hand and said, "Forget about them. Let's get in."

Autumn didn't want a row, but the girl was unwilling to swallow the refusal down. Since Charles and Autumn didn't give them the entree, she began to curse. "Be careful not to be discovered by your partners. Otherwise, I would like to see how you save your ass!"

Autumn had always been a well behaved girl. But now, even she couldn't help but scold the girl.

"Young girl, I advice you to watch your language. It's our right to give away the entree to you or not. I am not his girlfriend, because I am his wife. We are married. I'm sorry to say that but no man would like a mean wife like you. You are still young." Autumn's scolding was a little heavy for her. But she deserved it. Otherwise, she would always think she was right.
