

MY HIDDEN 1011

Chapter 1011: Not So Easy

“Why?” Yuan Meng was confused.

If she missed this opportunity, there would not be a second time.

Gu Weiwei said as she watched the auditions, “With the Gu Family’s position in A Land, the royal family will not allow the Gu Family to be deeply involved in this matter. At most, we can get the public’s attention on this matter for a short time.”

“But nothing can stay popular forever. In half a month, at most one month, fewer and fewer people will pay attention to it. The police only need to give a seemingly fine investigation result, and no one will pursue it.”

...

The Gu Family was involved in all kinds of industries in A Land and if the Gu Family was involved in a murder case, the royal family of A Land would be worried too.

Therefore, when the peak period passed, the police of A Land would give the results of the investigation.

But the investigation must be arranged by Gu Siting with the royal family’s clearance.

Yuan Shuo glanced at Yuan Meng who was unconvinced and said, “So, it is enough to do this. It is useless to interfere.”

The Gu Family had been deeply rooted in A Land for so many years and it was not a small matter that could take them down.

If it was so easy to bring down the Gu Family, the Fu Family would not have failed to bring down Gu Siting after so many years of fighting.

Unless the Gu Family was desperate in business and could not offer any significant benefits to the royal family of A Land, no one would care about his life or death.

But if the Gu Family did not collapse in business, the royal family of A Land would not give up on the Gu Family.

“It is a pity that Ling Yan did not receive this birthday present herself,” Yuan Meng said regretfully.

She was really curious how Ling Yan would react if this matter was revealed.

But she had fallen into Gu Siting’s hands and she would not be able to keep her life, let alone her reputation.

Within one day, the entire social network of Asia was talking about the murder behind Ling Yan’s heart transplant surgery.

“Actually, it is not bad.” Gu Weiwei was quite open-minded.

It must have been more painful for Ling Yan to find out from Gu Siting than to find out about it online.

Originally, she had planned to release all the real evidence after her wedding with Fu Hanzheng, so that Ling Yan would be pushed into the center of public opinion.

Then Gu Siting would know and cause Ling Yan trouble.

But she had not expected that Gu Siting would know that she was Gu Weiwei before the wedding and even rushed to her and Fu Hanzheng's wedding, causing the wedding to be cancelled and her and the Fu Family to fall into an irreconcilable conflict.

When he kept asking for her to return to the Gu Family with him, she told him the truth about her death and asked him to leave her side.

But he was trying so hard to find her, so when he found out about her and Fu Hanzheng, he would not allow her to stay with Fu Hanzheng in Hua Land.

"But are you willing to let Ling Yan fall into Gu Siting's hands?" Yuan Meng said.

If it was her, she would have to take revenge herself.

"Nothing to be unconvinced about. She is much sadder in Gu Siting's hands than in mine," Gu Weiwei said nonchalantly.

Ling Yan had indeed done so many wrong things, but it was also true that she liked Gu Siting.

Nothing was worse than being persecuted by the man she loved.

Also, she did not want to be involved in such a bloody matter. It was good that Gu Siting had dealt with Ling Yan, because that would save her a lot of trouble.

Chapter 1012: Fu Hanzheng

Yuan Meng thought for a while and nodded in agreement.

After all, when Gu Siting was truly being cruel, they could not compare to him.

She reminded her.

"Time to get off work, are you leaving or not?"

"You can go home now. I still have some work to do after the auditions." Gu Weiwei waved goodbye to the family of three.

Yuan Meng did not want to wait for her, so she left with Yuan Bao.

Gu Weiwei stayed in the office and watched the audition recordings over and over again, analyzing the characteristics of each actress, so as to arrange the best roles that suited them.

The staff of the studio got off work one after another and before she knew it, she was alone.

It was not until ten p.m when someone knocked at her office door. She looked up in surprise and found that it was Qin Lv who was running the company upstairs.

“Still at work?” Qin Lv asked with a gentle smile.

Gu Weiwei glanced at him and then continued to watch the video on the computer as she casually said, “President Qin, didn’t you also just get off work?”

“It is getting late, want to have dinner together?” Qin Lv asked.

“Sorry, I am not eating tonight, I am trying to lose weight.” Gu Weiwei turned him down.

The rumors of her with Anthony Gustav had fallen silent because of Ling Yan.

If any more rumors circled around in the media, Fu Hanzheng would get very jealous.

Also, they were not in a friendly relationship where they could eat together.

Qin Lv smiled as if he had expected this rejection.

“Then do you mind if I wait here for you to get off work? You are not safe in the studio.”

“No thanks, please leave.” Gu Weiwei still turned him down.

She thought that even if any criminals came in, she was much better at fighting than him.

However, Qin Lv did not leave but sat down in her office.

“Mu Weiwei, I mean no harm, must you keep me away from you?”

“It is up to you to express your kindness, but it is up to me to accept it or not.” Gu Weiwei finished watching an audition video, picked up a pen and made some notes as she said, “I know very well that it is impossible for you to get what you want from me. I hope you understand, President Qin.”

“You still can’t let go of Uncle Fu?” Qin Lv asked.

Gu Weiwei frowned. “That is between me and him.”

“I don’t know why you cancelled the wedding and got divorced, but the Fu Family keeps asking Fu Hanzheng to go on blind dates, my aunt was one of them. Is it possible for you and him to... be together?” Qin Lv reminded her, thinking that she did not know about the Fu Family.

He did not know what had happened between them, but judging from the Fu Family’s attitude, they would not accept her and Fu Hanzheng being together. That was why they asked his aunt to go on a blind date with Fu Hanzheng.

After watching the audition, Gu Weiwei switched off the computer and threw a look at Qin Lv, who was sitting on the sofa.

“Qin Lv, maybe I don’t know how far Fu Hanzheng and I will go in the future, but I do know that it is impossible between you and me.”

He liked the original Mu Weiwei, but she was not that person anymore.

“Mu Weiwei, you have never tried before, how can you be so sure that it is impossible between us?” Qin Lv asked.

That year, she had liked him.

“There is no need to try,” Gu Weiwei said resolutely.

Apart from Fu Hanzheng, there was no one else in her heart.

Chapter 1013: Yuan Meng's Present

Seeing the girl's bright and determined eyes, Qin Lv felt depressed.

A moment later, he smiled in relief.

“As you said, it is my business to express my goodwill, but it is your business whether you accept it or not.

Maybe in the end, as you said, there is no possibility between us, but... I want to try my best and give it my all. Even if it is not the result I want, I have no regrets.”

...

Gu Weiwei smiled without saying a word.

This boy still did not want to give up, in his eyes, she was a cute 20-year-old girl. However, she was almost as old as his aunt Qin Man.

Therefore, she was not interested in dating children.

“As long as you are happy.”

Having said these words, she packed up and left the studio.

Qin Lv entered the elevator with her and asked as they went downstairs, “Do you need me to drive you home?”

Before Gu Weiwei could reply, a car in the parking lot lit up and Anthony Gustav got out of the car.

“No need, I will drive her home.”

“...”

Gu Weiwei was speechless. She got into Yuan Meng's car and drove away.

Seeing her leaving in the car, Anthony Gustav rushed into his car and urged the driver to follow her.

On the way home, Anthony Gustav's car kept a distance from her.

After she returned to Yijing Pavilion, she parked the car and asked him, “Is it fun to stalk me?”

“Yes, it is fun, as long as I can see you.” Anthony Gustav smiled brightly.

Gu Weiwei sighed speechlessly and entered the house.

“Wait, did the one opposite you come back with you?” Yuan Meng asked.

“How am I going to leave the day after tomorrow?” Gu Weiwei sighed.

She was going abroad the day after tomorrow because she was going to meet Fu Hanzheng in Dubai.

Now that Anthony Gustav was following her everywhere, could she still leave smoothly?

Yuan Meng thought for a while and suggested.

“Treat him to dinner the day after tomorrow.”

“What?” Gu Weiwei raised her eyebrows.

“Add something to his food and let him sleep for one day. You will be long gone by then,” Yuan Meng said.

Gu Weiwei nodded. “Let’s do that.”

Having said these words, she went upstairs.

Seeing her going upstairs, Yuan Meng followed her into the room and said, “Here, I have everything you need.”

“I don’t need anything, thanks.” Gu Weiwei did not even bother to look at it. She knew that this woman would not give her anything good.

Yuan Meng took out a set of red underwear from the shopping bag and showed it to her as she said proudly, “Red. Passionate as fire, I guarantee that Uncle Fu will get very excited when he sees you in this.”

“Take it away, I don’t need it!” Gu Weiwei snapped.

She had told her not to bring such things with her, but she still went to buy them.

“You don’t like red? Then black is good, mysterious and sexy,” Yuan Meng said and took out another set. The design was even more daring than the one before.

Gu Weiwei felt her forehead. “Take it away, I don’t need any thanks.”

“I don’t like black ones either. What about purple ones? They look pure and charming. They are very attractive.” Yuan Meng took out another purple lacy piece.

Gu Weiwei stuffed the underwear back into the shopping bag and stuffed them into Yuan Meng’s arms.

“Take it away, I don’t need it.”

“But this is not my size,” Yuan Meng said. She turned and left the bedroom.

Gu Weiwei picked up the bag and tossed it into the wardrobe, not wanting to take another look at it. Did she want her to die in bed in Dubai?

Chapter 1014: Sister-in-law Died Wrongfully

When Gu Weiwei returned home from work, Fu Shiyi and Fu Shiqin were called to the Fu Family’s mansion by Mrs. Fu.

The moment they entered the apartment, Fu Shiyi threw himself onto the sofa and Fu Shiqin went into the kitchen to find food.

Fu Shiqin said, "Mom, what is it? Why did you ask us to come home?"

Fu Shiyi said, "I was not even rushing yet I came straight home after finishing the work."

Mrs. Fu asked the servant to pour them some water, glanced at Fu Shengying who was reading the newspaper and asked them, "We saw the news that Gu Weiwei's heart was dug out by Ling Yan, so we are asking if you knew about it."

If this was before, they would just watch the news.

But when they found out that Mu Weiwei was Gu Weiwei, they started to care about the news.

"When was this in the news? Why didn't I know about it?" Fu Shiqin said as he searched through the phone.

He had been too busy to read the news these past two days.

Although they knew that their sister-in-law was Gu Weiwei, they had never heard her talking about it.

Did his brother know about this?

"I know." Fu Shiyi reached out for Fu Shiqin's snack and said as he ate, "Sister-in-law said so."

"When did she say that? Why didn't you tell me?" Fu Shiqin asked furiously.

"On the day of the wedding, you went to the hospital." Fu Shiyi sat up straight and continued speaking, "After you left, Gu Siting insisted that sister-in-law return to the Gu Family with him. Sister-in-law slapped Gu Siting so hard that one side of Gu Siting's face was swollen and his mouth was full of blood."

"Damn, Third Brother you did not even tell us about it!" Fu Shiqin could not believe it.

"You must have forgotten but someone forced our brother to divorce the moment you came home, so who would care about this?" Fu Shiyi glanced at his father's face and continued. "Sister-in-law slapped Gu Siting and said, 'Your fiancée Ling Yan injected drugs into me, causing me to die. I was waiting for you to save me and you agreed to have my heart removed and given to her. Now you are asking me to go home with you, what right do you have to ask me to go home with you?'"

His father was worried that his sister-in-law was still involved with the Gu Family, but they had such a deep grudge against her, how could she return to the Gu Family and side with Gu Siting?

Fu Shiqin was startled. "Are you saying that Gu Siting had someone remove sister-in-law's heart and transplant it into Ling Yan?"

"True, Gu is one of the murderers who killed her." Fu Shiyi sighed and said, "Have you forgotten that when our brother was with sister-in-law, he asked He Chi about her nightmares and said that she kept asking for help in her dreams? That must have been the cause."

Fu Shiqin nodded. "Yes, I remember He Chi mentioning it before."

Mrs. Fu felt a bit displeased and sighed.

“She is quite pitiful.”

“Yes, Ling Yan is a sick person whom she saved and Gu Siting is her brother who grew up with her. They killed her and dug out her heart. What a wrongful death!” Fu Shiyi said and sighed.

When he thought of the scene after the wedding was cancelled, he still could not feel okay about it.

He was just a bystander and yet he could not imagine how much pain Gu Weiwei, who had experienced everything herself, had gone through.

Chapter 1015: Stop Chatting Here

Mrs. Fu’s heart softened and she felt like crying. She glanced at Fu Shengying and said, “Isn’t it too much for us to force them to divorce for no reason?”

When they found out that she was Gu Weiwei, they were all furious. They had never thought about how she died or how she was reborn into Mu Weiwei.

It was not until these two days when she saw the news that she became increasingly frightened.

If all of this was true, this child would have suffered terribly.

“True, no matter how deep the grudge between the Fu Family and the Gu Family is, she was not involved in it. She was murdered by her trusted friends and family, and the mastermind behind it was someone who has a grudge against her father Cayman Dorrans.” Fu Shiyi glanced at his father’s face and said discreetly, “It is not easy for her, so it is not good for us to force her to go home.”

“If we make her go back to the Gu Family. Will she be able to live with Gu Siting who killed her?” Fu Shiqin mumbled.

“If we let her go back to live with Cayman Dorrans, because Cayman Dorrans has so many enemies and she has already died once because of them, if she is targeted by his enemies, she will not live for long. If anything happens to her, you can watch our brother stay single forever,” Fu Shiyi followed Fu Shiqin’s words and said firmly.

Mrs. Fu’s heart tightened. Although they had divorced, she could tell that Hanzheng had not given up.

If they forced her too much and something happened to her at the Gu Family or the Dorrans Family, Hanzheng would be the one who would be hurt.

Fu Shengying folded the newspaper, glared at Fu Shiyi and Fu Shiqin and snorted.

“What are you two doing here? They are the ones who are divorced, not you!”

Although her experience was awful, he and the Old Lady would not allow her to remarry Hanzheng just because of this sympathy.

Fu Shiyi and Fu Shiqin exchanged a look and tried to defend themselves.

“You asked us to come home and asked us,” Fu Shiyi said.

“Whatever, just be stubborn. If my brother listens to you and marries someone other than sister-in-law, I will no longer take your surname,” Fu Shiqin said confidently.

Hearing his words, Fu Shengying bellowed furiously, "Bastard, if you lose, whose surname are you taking?"

"I am just making a bet. If you can get our brother to marry someone else, my surname will not be Fu," Fu Shiqin said.

Anyway, his brother would not marry anyone other than his sister-in-law.

Fu Shengying got increasingly annoyed and pointed at Fu Shiqin.

"You bastard!"

"Dad, don't say that like you are the one who gave birth to us, it is our mother who gave birth to us, alright? Don't get it wrong." Fu Shiyi reminded him.

Fu Sheng was startled and went upstairs.

Seeing him going upstairs, Mrs. Fu said to Fu Shiqin and Fu Shengying, "Tell me honestly, is your brother still in contact with Gu Weiwei?"

"No." Fu Shiqin said.

They were in contact, but he had not seen it with his own eyes.

"No, our brother has been so busy these days, and Gu Weiwei is also busy with the opening of the studio and preparing for the new movie, so how could she have time to see him?" Fu Shiyi added.

Although he knew that his brother and sister-in-law were meeting in Dubai the day after tomorrow, he would not tell her.

Chapter 1016: Not Marrying Again

Unconvinced, Mrs. Fu sized up the brothers' expressions.

"Really?"

They didn't get divorced because they hated each other, they were just doing it for them to see. It was impossible for them not to meet in private.

Fu Shiqin sighed and said to Mrs. Fu, "Grandma is in such a state, our brother would not dare to meet her, fearing that Grandma would be angry."

Hearing his words, Mrs. Fu believed him and stopped asking.

She thought that Gu Weiwei was indeed a very understanding girl, otherwise she would have made a fuss during the divorce.

In order not to agitate the Old Lady, it was very possible that she chose not to meet Hanzheng.

Seeing that his mother did not object, Fu Shiyi whispered as he glanced upstairs, "Mom, are you really going to watch our brother and sister-in-law break up?"

Although they did not really break up, they could not be together openly like before.

“Don’t you know what your grandma and father are thinking?” Mrs. Fu said.

She was not that against them being together, but what was important was the Old Lady’s attitude. She was still in the recovery period after the operation and she could not stimulate her with this matter.

“You want our brother to go on a blind date, but he can’t even be bothered to look at other women. How can he get married?” Fu Shiqin said.

Fu Shiyi added.

“If they are not allowed to remarry, you will see our brother die alone.”

Mrs. Fu pulled a long face and warned them.

“You have two lives left now, don’t mention remarrying at home, at least not before the Old Lady recovers.”

What they said worried her too.

Over the past few days, she had told him about the girls from several families but he was not even interested in meeting them.

Also, he had been so busy that he did not want to go home.

“Alright, alright, no need to mention it.” Fu Shiyi surrendered. They were not the ones who were anxious.

Mrs. Fu sighed in distress. “We can wait until the Old Lady recovers. No one is allowed to mention it anymore.”

Fu Shiqin smiled sinisterly. “Mom, are you not objecting to our brother?”

“So what if I object? Can your brother marry anyone else?” Mrs. Fu snorted.

As a mother, her son’s happiness was the most important thing.

Before he met Gu Weiwei, Hanzheng had not been interested in any girls, and it was even more impossible after they got divorced.

Could it be that because of the grudge between the two families, they were forced to separate and neither of them would be happy?

Before she found out about Gu Weiwei’s murder, she had been hesitant, but now she was definitely on her son’s side.

But the Old Lady and her husband had a very deep grudge, and it was not an urgent matter to make them accept it right now.

“Mom, you are so understanding.” Fu Shiyi sat down next to Mrs. Fu and praised her.

“Stop flattering me, it is getting late, go back to your own place.” Mrs. Fu urged.

She had asked them to come back to find out about these things on purpose for Fu Shengying.

Maybe he still could not let go of the knot in his heart and accept Gu Weiwei but at least when he knew about her death at the Gu Family, his thoughts would change a little.

He had been worried that Gu Weiwei would stand on the Gu Family's side, but now that he knew that she had such a deep grudge against the Gu Family, of course she would not stand on Gu Siting's side.

Chapter 1017: Bad Idea

Fu Shiyi and Fu Shiqin said goodbye to Mrs. Fu and left the mansion together.

"Third Brother, is what you said true?"

"What do you mean is it true?" Fu Shiyi questioned lazily with his eyes closed.

Fu Shiqin glanced at him sideways. "After the wedding, Sister-in-law and Gu Siting..."

"Of course it is true, I saw it with my own eyes," Fu Shiyi said and frowned. "But judging from Gu Siting's expression, he must not have known that Ling Yan caused her brain death. He was so afraid..."

"Of course he didn't know. Sister-in-law was an important condition for the collaboration between the Gu Family and the Dorrans Family. He would be stupid to intentionally kill her." Fu Shiqin snorted.

After Gu Weiwei died in the Gu Family, the Gu Family had been seriously injured and stopped cooperating with the Dorrans Family, so the Fu Family had gained a great deal.

"I think so too, but it is because of this matter that he gave up on the idea of taking sister-in-law and went home by himself." Fu Shiyi sighed.

Fu Shiqin stayed silent for a while and mumbled, "Do you think our brother knows about this?"

"He should know." Fu Shiyi sighed and said, "If he knows that she is Gu Weiwei, he will definitely ask her how she died. Even if sister-in-law doesn't tell him, Yuan Shuo and the rest will tell him."

"Why do I suddenly believe in fate and destiny?" Fu Shiqin laughed at himself who had never believed in anything other than atheism and said, "Our sister-in-law could have become anyone else after she died, but she just had to become Mu Weiwei."

Fu Shiyi nodded in agreement. "That is why our brother never liked Mu Weiwei, but instead Gu Weiwei who was reborn into her."

It was not easy for them to be together.

After all, it was not easy for his sister-in-law to come to his brother's side.

Fu Shiqin frowned and thought for a while. "It must have been when she moved out of the old mansion. I felt that something was wrong with her back then. So she had changed her soul."

Fu Shiyi yawned. "Alright, don't be curious about these things anymore. What we need to do now is to help our brother to find a way to remarry her."

"He Chi said yesterday that the Old Lady asked our brother to divorce because she was seriously ill. We should also cause our brother to be terminally ill and ask them to allow him to remarry our sister-in-law. Our family will definitely agree..." Fu Shiqin said.

“What about after they agree? Our brother is still sick!” Fu Shiyi snorted.

“We can talk about the misdiagnosis later, they will be married anyways,” Fu Shiqin said.

Fu Shiyi glared at him. “If you dare do that, even if they agree to let them remarry, they can still divorce once again, do you believe me?”

Also, his father and the Old Lady were not so easily tricked. They would easily see through such a trick that had such a strong intentions.

Also, if they agreed to it, they would feel very uncomfortable.

They were not satisfied that their brother knew the identity of the other party and hid it from all of them. If they lied about the remarriage, the conflict would only intensify.

“What else can we do? They won’t agree even if we beg them.” Fu Shiqin snorted.

They knew very well how stubborn their father and the Old Lady were. It was very difficult to change their minds when they had already made up their minds.

Especially when it came to the Fu Family and the Gu Family, it was very difficult for them to turn the tables.

Chapter 1018: Another Trap

Fu Shiyi and Fu Shiqin both sighed when they thought of this.

They could make a fuss in any other situation, but when it came to the grudge between the Fu Family and the Gu Family, it was a bottom line that the Old Lady and their father could not cross.

Fu Shiyi thought for a while and said, “Forget it, we are not going to set ourselves up to be crucified alone, what is the hurry?”

His brother was not in a hurry, so why should they be?

Fu Shiqin squinted at him. “Our brother’s lifestyle affects our lifestyle, alright? How much have you made in the following six months?”

Because of his recent unhappiness, he had been terribly mistreated.

Hearing his words, Fu Shiyi’s heart sank.

Sister-in-law was the most profitable artist in Shiyi Culture, but she had terminated the contract and left.

In order to complete the profits his brother had requested for Shiyi Culture, he and his artists were so busy with work.

Yes, if his brother was not in a good mood, they would suffer too.

“But I feel that it is more difficult than getting married myself.”

“Oh yes, go and find Lei Meng and Lei Ning tomorrow, our brother has something important to tell them,” Fu Shiqin said.

Fu Shiyi threw a strange look at Fu Shiqin. "Why should I?"

"Of course it is something only you can do. Our brother and I are busy, don't forget to go tomorrow." Fu Shiqin stressed.

"Got it, I will go there tomorrow." Fu Shiyi continued to nap.

When they returned to Landscape Villa, Fu Hanzheng was already resting, so they went back to their rooms to sleep.

Early in the morning, Fu Hanzheng got up early as usual.

Fu Shiqin woke Fu Shiyi up too.

Fu Shiyi got up unwillingly and ate breakfast with them as he complained.

"I don't need to go to work with you guys, why are you calling me out of bed? I have work to do tonight, I don't know when I will be able to sleep next."

"Go to Lei Meng after dinner." Fu Shiqin urged.

Sitting opposite them, Fu Hanzheng threw a surprised look at Fu Shiqin and then at Fu Shiyi.

Fu Shiyi sensed that his brother was looking at him weirdly. "Didn't you say that I need to visit Lei Meng and Lei Ning for something important?"

"Yes," Fu Hanzheng answered.

Fu Shiqin took a spoonful of porridge and showed a proud smile.

Hearing what his brother said, Fu Shiyi did not suspect anything more.

After breakfast, Fu Shiqin and Fu Hanzheng went to work. Before they left, they reminded Fu Shiyi to find Lei Meng and Lei Ning.

Fu Shiyi ate his breakfast slowly, got changed and drove over to Lei Meng and Lei Ning's.

The moment he got out of the car, he saw Lei Ning instructing the bodyguards of the Fu Family, which amused Fu Shiyi.

Although Lei Ning was Lei Meng's sister, she was petite and had a baby face. She did not look like a sister at all.

Therefore, it was very funny for such a small and baby-faced girl to be training a group of muscular men.

He approached and was about to touch Lei Ning's head.

"Hello, Ningning..."

Before he finished the words, he was thrown over her shoulder.

Also, before he could resist, he was already forced to turn over. His hands were pulled behind his back and his face was pressed into the grass, chewing flowers and mud.

Chapter 1019: Another Trap 2

"I warned you not to call me that!" Lei Ning threw Fu Shiyi's hands behind his back and pressed him to the ground.

Also, she hated it when someone touched her head.

Fu Shiyi turned around with difficulty and spat out the mud and grass.

"Lei Ning, I just called you that once, why are you so cruel?"

"You came from behind me," Lei Ning said and released him.

Fu Shiyi got up from the floor, stretched his arms and complained.

"Lei Ning, you are so violent, no wonder you can't get married."

He had just finished speaking when he was thrown to the ground again. Also, he heard a cracking sound from his arm, which started hurting terribly.

This sentence struck Lei Ning's sore spot, and she became even more violent.

Lei Meng rushed over when he heard the news and wanted to stop the fight, but he was also punished.

"Lei Ning, hit me again and I will ask my brother to fire you!" Fu Shiyi bellowed.

The bodyguards of Class One's Fu Family wanted to stop the fight, but they took a step back when Lei Ning glared at them.

Although Lei Ning looked small and cute, she was even more terrifying than Lei Meng. They could not beat her.

Fu Shiyi's hand was dislocated and Lei Meng's face was injured. Lei Ning clapped her hands.

"So be it, lest I have to continue facing you two idiots."

"How dare you hit me like this!" Fu Shiyi bellowed.

"You deserve it!" Lei Ning snorted and left in the car.

"You haven't compensated me for the medical fees, come back here now."

Seeing her driving away, Fu Shiyi cursed furiously.

Seeing him holding his left arm, Lei Meng said quickly, "Third Master, let me take you to Doctor He."

"What are you waiting for?" Fu Shiyi urged.

Lei Meng went to get the car and opened the door.

Then he drove him to He Chi's hospital.

He Chi checked his wound and helped him to fix his dislocated arm.

Fu Shiyi stretched his arm and let out a sigh of relief when he found that it was no longer as painful. He asked Lei Meng, "My brother said that I am here for you and Lei Ning. What is it?"

Lei Meng said embarrassedly, "I wanted you to fire Lei Ning."

Fu Shiyi suddenly realized what was going on and got furious.

"Fu Shiqin, wait and see what I do to you!"

Having said these words, he was about to go to the company to find Fu Shiqin.

However, He Chi sat him down.

"Hang on, the cast is not on yet."

"No need, I am fine." Fu Shiyi struggled to leave.

"Second Brother said that no matter how badly you are injured, it will be treated as a fracture." He Chi glanced at Lei Meng and said, "Hold him down."

Lei Meng thought for a while and came over to hold Fu Shiyi down. He helped He Chi put a cast on his arm and a sling with gauze that went over his neck.

After He Chi finished he gave the forged medical fracture report to him.

"Here is your fracture."

Fu Shiyi took the report and rushed out of the car as he said to Lei Meng, "Send me to the company."

Lei Meng thought for a while and asked, "Which company?"

"Which company is Fu Shiqin in?" Fu Shiyi gritted his teeth.

Lei Meng drove him to the headquarters of Fu's Enterprise and the moment the car pulled over, Fu Shiyi opened the door and rushed into Fu Shiqin's office, only to find no one there.

So he rushed into Fu Hanzheng's office and saw Fu Shiqin there.

Seeing him rushing in, Fu Shiqin hid himself behind Fu Hanzheng.

"Third Brother, it is our elder brother's idea, not mine."

Chapter 1020: Another Trap 3

Instead of attacking him, Fu Shiyi glared at his brother who was in cahoots with Fu Shiqin.

"You two are setting me up!"

Fu Shiqin hid himself behind Fu Hanzheng's chair and defended himself.

"It can't be helped. Our brother is worried about sister-in-law, but he can't send someone there openly."

"So you want me to be beaten up by Lei Ning, fire her and then ask her to go look after my sister-in-law?" Fu Shiyi was so furious that he almost exploded. He had asked him to find Lei Meng and Lei Ning for no reason other than being beaten up.

“You will be beaten up the moment you see Lei Ning anyway. She was just a bit heavy-handed this time, so of course you are the most suitable candidate,” Fu Shiqin said with a smile.

His brother was thinking about how to make Lei Ning leave the Fu Family and go to his sister-in-law so that no one would suspect anything.

So he suggested tricking Fu Shiyi so that Lei Ning could beat him up and then he would fire Lei Ning.

“You... you...” Fu Shiyi pointed at Fu Shiqin and Fu Hanzheng, he was so annoyed that he almost vomited blood.

“Alright, alright, it is just a dislocation, not a fracture.” Fu Shiqin still hid behind Fu Hanzheng and said with a smile.

Fu Shiyi gritted his teeth. “You must be thinking about breaking my bones!”

“Lei Ning is always ready to beat someone, so you are the only one who can do it. If our father asks about it, just don’t tell him.” Fu Shiqin stressed.

Although Yuan Shuo and Yuan Meng were living with his sister-in-law, his brother was not completely assured. That was why he wanted Lei Ning to be with her.

But due to the Old Lady and his father’s attitude, he could not let her go there directly.

Therefore, he had to have an excuse to expel Lei Ning from the Fu Family’s security team, so that she could go to her sister-in-law.

After thinking for a while, he realized that there was no better reason than for her to punch Fu Shiyi.

Fu Hanzheng did not say anything, but he threw a look at Fu Shiyi, suggesting that he should do as Fu Shiqin said.

“Second Brother, you tricked me because you did not want to be hit!” Fu Shiyi bellowed.

Judging from his brother’s expression this morning, he had not expected that Fu Shiqin would lie to him, but he did not stop him.

Fu Shiqin still did not dare to come out. “You are better at this than me.”

He was a man who never caused trouble but Fu Shiyi was always asking to be beaten up. It would be too obvious if Lei Ning beat him up.

However, Fu Shiyi was very suitable. He could irritate Lei Ning and beat her up with just a few words.

“You...” Fu Shiyi rushed over to punch him, but Fu Shiqin ran away.

He was more suitable than him?

He was better at being beaten up than him?

“Brother, help me, help me, I will do whatever you want.” Fu Shiqin dodged Fu Shiyi’s attack as he begged Fu Hanzheng for help.

Fu Hanzheng leafed through the files calmly, looking indifferent.

“I am just asking you to find a convincing reason to fire Lei Ning, I didn’t ask you to send him over.”

“But you did not object!” Fu Shiqin said.

When he lied to Fu Shiyi this morning, he knew what he was up to, but he agreed with what he was doing.

Fu Shiyi also wanted to take revenge on his brother, but he was no match against him.

So he vented all of his anger on Fu Shiqin and did not stop until Fu Shiqin was beaten.
