

MY HIDDEN 1081

Chapter 1081: Pregnant 3

At the headquarters of Fu's Enterprise in the capital city.

Fu Hanzheng received Yuan Meng's call and was still in a daze. He only had one thought in his mind – Weiwei was pregnant and something had happened to her.

He informed his private jet crew and asked Xu Qian and Fu Shiqin to follow him out of the door and into the car.

"Isn't there a meeting in half an hour? Where are you going in such a hurry?" Fu Shiqin mumbled as he got into the car.

"I have something urgent to do, so I don't have time to tell you about work at the company," Fu Hanzheng said.

Fu Shiqin pursed his lips. "So what is wrong with Gu Weiwei?"

His brother's urgent matter was definitely because of her.

"She is in the hospital," Fu Hanzheng briefly said and told them what to do in the car.

Hearing the words, Fu Shiqin asked, "What if our father knows about it?"

"Don't worry about it," Fu Hanzheng said.

He could not wait to get there, let alone dealing with his father.

Seeing his brother's serious expression, Fu Shiqin guessed that something big must have happened to Gu Weiwei.

"Then go ahead, I will find a way to cover for you."

Gu Weiwei was a disaster. After she was murdered in the Gu Family, she was either injured or kidnapped. What trouble was she in this time?

Fu Hanzheng nodded and urged Xu Qian to drive faster.

Seeing his brother getting so anxious, Fu Shiqin tried to persuade him.

"Brother, don't worry. Lei Ning and Yuan Meng are both there, so there shouldn't be any problems."

His brother only said that she was hospitalized, but he did not say why she was hospitalized.

Since he was in such a hurry, he could not ask in detail.

But Lei Ning and Yuan Meng were so skilled at following her, how did they end up in the hospital?

Fu Hanzheng was not in the mood to explain the situation to Fu Shiqin, and he himself had not understood what was going on.

Damn, he should have known that she was pregnant.

Two weeks ago, his mother visited her and said that she had vomited from drinking the soup, but she told him that she was suffering from stomach problems.

Recently, Lei Ning had told him that she ate all kinds of strange things, such as sour lemons and plums, which were all eaten by people who did not have a good stomach.

He thought that if it was just a stomach ache, he could spend a few more days with her after he finished his work.

But Yuan Meng called and said that she was pregnant and that she was being sent to the hospital.

Seeing the signs for the airport, Fu Shiqin asked discreetly, "Brother, how long are you going to be there? I can't cover you if you stay there for too long."

"Just wait for me."

The moment the car was parked, Fu Hanzheng got out of the car and went to board the plane.

Fu Shiqin sighed helplessly and watched as his brother boarded the plane.

"Xu Qian, what should we do now?"

He still had a lot of work to do at the company and he had to find a way to conceal his brother's disappearance. He did not know where to start.

Xu Qian said, "Do as you deem fit."

The moment Fu Hanzheng boarded the plane, he became increasingly anxious.

The flight from the capital to the film studio where Gu Weiwei was filming took only two hours and he was already waiting anxiously for the plane to land.

He was not by her side, so he had heard from Yuan Meng that she was pregnant, but it was impossible that she had only discovered it today.

She had known about it, but she had not told him what was going on.

Chapter 1082: Fu Hanzheng is Here

Gu Weiwei stayed in bed for three hours and the discomfort in her belly disappeared.

For safety's sake, she went to the doctor for another checkup.

The middle-aged female doctor patiently gave her a checkup and pointed out the position of the heart in the baby.

"The fetal heartbeat is normal now, but it is better to rest in bed after you leave. You need to avoid over-exhaustion and take care of nutrition, so as to avoid becoming anemic during your pregnancy."

Gu Weiwei looked at the small dot on the screen and she felt incredible joy.

It was just a small baby and it would grow up to become their child.

“Thank you, Doctor.”

“You can go back home and rest now. Come to the hospital if you feel any discomfort,” the doctor said with a gentle voice.

Yuan Meng helped her off the bed and helped her put on her shoes.

“Let’s go, dinner is ready and it will be good to go home.”

Gu Weiwei put on the hat and thanked Yuan Meng again.

“Yuan Meng, thank you.”

Without her and Jolin’s care these past few days, she would not have dared to imagine what would have happened.

Although she had always been annoyed by Yuan Meng, she was always the first person to help her when she was in trouble.

“No need to thank me, just think about how to explain everything to the child’s father later.”

Yuan Meng reminded her with a small voice as she helped her into the elevator.

Fu Hanzheng would definitely come over when he knew that she was pregnant. He would have probably already arrived by the time they returned to the apartment.

Luckily, it was a false alarm and she and the baby were fine, otherwise Fu Hanzheng might have killed them.

“Oh...” Gu Weiwei suddenly realized that Fu Hanzheng was already on the way.

Also, he might be here soon.

She had planned to go for the checkup after work today and tell him that she was pregnant when he came tomorrow.

However, an earthquake caused the building to collapse and she was hospitalized.

Yuan Meng had then told him in a hurry. She could almost imagine him appearing in front of her with a dark expression.

“It would have been more meaningful if you told him yourself, but I was in a hurry, so I had to tell him.” Yuan Meng explained.

When she said that her stomach was not feeling well, she was worried that something would happen to the child, so she asked Fu Hanzheng to come over.

“Forget it, he won’t do anything to me anyway.” Gu Weiwei consoled herself.

Yuan Meng snorted. “That is true. He will be furious at most.”

They were just talking when the elevator arrived at the parking lot of the Basement 1st floor.

The elevator door opened and they saw Fu Hanzheng, who had just arrived at the hospital and was waiting for the elevator to go upstairs.

Yuan Meng and Weiwei, who were in the elevator, were startled and forgot to walk out. The elevator door almost closed.

Yuan Meng quickly pressed the button to open the door and led her out of the elevator to Fu Hanzheng.

"It's good that you are here. Now, your woman and the child in your woman's belly are yours to look after."

Yuan Meng and the others got into the car first, and Jolin glanced at the two people through the window.

"So fast."

Although they knew that Boss would come, they had expected that he would only arrive when they returned home.

But the moment she left the hospital, he arrived.

Sitting in the car, Yuan Meng stretched her neck and felt that her back still hurt.

"You can talk with Fu Hanzheng Jolin. It won't be me, I need to take a holiday."

Chapter 1083: Pregnant Women

Fu Hanzheng looked at the girl who was wearing a coat, hat and mask, showing only a pair of eyes.

"What did the doctor say?"

"It was just the baby's heartbeat, but it is now normal, a healthy baby..." Gu Weiwei knew that he was worried, so she reported the situation to him.

Fu Hanzheng frowned. "I am asking you how you are."

"Me?" Gu Weiwei blinked and said as she came back to herself, "I am fine, it's just that my stomach felt a bit unwell. I was fine after lying in the hospital for a few hours."

Damn it, he was indeed angry.

Fu Hanzheng let out a sigh of relief inwardly, but when he thought of how she had been hiding such a big matter from him, he still looked displeased.

Yuan Meng rolled down the car window. "Can you two get into the car first? Do you want to be in the headlines?"

Gu Weiwei had on a disguise, but Fu Hanzheng came out with such a beautiful bare face and he would definitely be recognized.

Fu Hanzheng looked around and took hold of her shoulders. He helped her into the car and then went inside.

Gu Weiwei removed the mask and looked at the man next to her.

“What are you angry about? Is it because I did not tell you immediately or are you angry that I am pregnant?”

“When did this happen?” Fu Hanzheng was indeed angry, but he restrained himself from sounding too harsh.

“It has only been eight weeks since we returned from Dubai,” Gu Weiwei said.

Fu Hanzheng sighed. “When did you find out?”

Gu Weiwei looked away guiltily and whispered, “Two weeks ago.”

Fu Hanzheng pursed his lips. Sure enough, when his mother came to find her last time, she was not feeling well because she was pregnant

“Why didn’t you tell me about it?”

Gu Weiwei felt increasingly guilty and said with a dry smile, “I was waiting for you to come so I could tell you in person.”

“Then why didn’t you ask me to come here last week?” Fu Hanzheng asked.

If she had just wanted to tell him in person, when he said that he was coming over last weekend, she would have asked him to come over this week.

Gu Weiwei twisted her fingers and confessed her thoughts.

“The first examination did not go well, and I was too busy to notice I was pregnant. I was afraid... that I would not be able to keep the child, so I wanted to confirm the results this week and tell you when you are here.”

“You...” Fu Hanzheng had to stop himself from lecturing her.

Gu Weiwei glanced at him and said weakly, “Don’t be so fierce. The doctor said that pregnant women should not be stressed. Are you trying to make me stressed?”

“...” Jolin could not believe it. Was Boss even being fierce?

She had clearly never seen how he treated his employees at the company.

Fu Hanzheng took a deep breath, adjusted his emotions and stopped talking.

Gu Weiwei glanced at his dark expression and said, “Don’t be angry, I am not in a good mood, and I am also stressed too.”

Yuan Meng laughed as she was driving.

He could not get angry at her or himself. Fu Hanzheng must have hurt someone in his past life.

Fu Hanzheng threw a look at her and adjusted his bad mood, trying hard to reduce the pressure he was giving her.

Leaning against him, Gu Weiwei was very happy.

Their child was healthy in her belly and he was by her side.

Chapter 1084: Love

When they returned to the rented apartment from the hospital, they were all very relaxed.

Yuan Meng was relieved because Fu Hanzheng was here.

Gu Weiwei was relieved because the baby was healthy and because Fu Hanzheng was here beside her.

Fu Hanzheng, on the other hand, felt relieved because she and the child were both safe and healthy.

Yuan Meng glanced at the helpless woman in Fu Hanzheng's arms and said, "From now on, if you need anything ask your man, I am going to take sick leave."

Gu Weiwei suddenly realized that Yuan Meng had taken the blow for her.

"Well... you are not seriously injured, are you?"

"It hurts so much that I have to lie down and sleep these next two days. Don't you think it's seriously injured?" Yuan Meng gently massaged her shoulders, causing her to frown in pain.

"Then why didn't you ask the doctor?"

Gu Weiwei felt a bit guilty. She could tell from the sound that the object was very heavy.

"I am too busy looking after you." Yuan Meng snorted.

When the accident happened on set, she was so worried about the child in her belly that she did not care about the injury to her back.

Luckily, she and the baby were safe, otherwise she would not have been able to tell Fu Hanzheng.

Gu Weiwei pursed her lips guiltily. "Lei Ning will take you to the hospital after dinner."

Fu Hanzheng looked at her and asked with a low voice, "What happened?"

"There was a slight earthquake and the set collapsed. Yuan Meng was hit by something in order to save me," Gu Weiwei said.

Hearing her words, Fu Hanzheng sized her up from head to toe.

"Are you injured?"

Yuan Meng, who was driving the car, felt her heart aching and snapped.

"I am the injured one, alright?!"

Weiwei said that she was the one who was hit when she was trying to save her, but he did not care about how badly she was injured, but was worried about Gu Weiwei who was not injured at all.

"I am not injured, but luckily Yuan Meng is here, otherwise this child would have been in danger." Gu Weiwei sighed.

After making sure that she was not injured, Fu Hanzheng calmed himself down and said to Yuan Meng, "You will be compensated for what happened today."

Although he had never liked this Yuan Meng who would lead her astray, what she did today did save her.

"I don't accept any form of compensation apart from money," Yuan Meng said excitedly.

Although it was quite painful, Fu Hanzheng must give her a lot.

"It won't be anything else," Fu Hanzheng said.

Yuan Meng parked the car below the apartment and said as she got out of the car, "I am going back to my room to rest, I won't be eating with you."

Jolin followed. "I need to talk with the crew, so I won't be eating with you."

Lei Ning said straightforwardly, "I am not hungry."

Gu Weiwei looked at the three of them curiously. "None of you are eating?"

"The doctor said that you better rest in bed today, so we need to ask the crew to stop filming tomorrow." Jolin looked at her and Fu Hanzheng and said, "So, we are not eating."

Also, it was obvious that they would be filled with love instead of food.

Hearing his words, Gu Weiwei thought for a while and said, "No need, we will continue as usual..."

"As usual?" Fu Hanzheng interrupted her coldly.

Gu Weiwei laughed dryly and said to Jolin, "Then let's pause the filming tomorrow."

She was thinking that she was fine and that she could continue with the filming tomorrow.

After all, if the crew were delayed for one day, money would still be being spent. Especially when she had reduced her working hours recently, the filming progress would be even slower.

But seeing the man's frown, she decided to stay at home and rest.

Chapter 1085: Caution

Yuan Meng and the others left one after another and Fu Hanzheng took Gu Weiwei back to the rented apartment. The servants Jolin had hired had already made dinner.

The servant was Jolin's distant relative who came from the countryside. She was startled when he saw Gu Weiwei with a man.

Although she was amazed by Fu Hanzheng's handsome appearance, she did not ask anything more when she thought of what Jolin had told her. Instead, she quickly served dinner to them.

"Miss. Mu, if there is nothing else, I will leave now."

Gu Weiwei nodded, washed her hands and was about to eat.

The moment she washed her hands, Fu Hanzheng was already standing behind her, wiping off the water on her hands.

“You can’t stop the filming?”

She was pregnant now and it would be very dangerous for her to go through such intensive work.

“The filming is already halfway done, we will finish in twenty days at most,” Gu Weiwei said as she sat down at the dining table and started to eat.

Fu Hanzheng sat down opposite her and scooped some soup for her.

“But you are pregnant now, and the filming and promotion of the movie will take a lot of energy, which is very dangerous.”

Gu Weiwei looked up at the worried man opposite her.

“The filming of the movie has already been stopped halfway, and that will ruin many of our efforts. It was just an accident yesterday. I usually sit there and direct the filming. I am not the lead actress, so I am not that tired.”

It was not that she had no intention of stopping the filming, but everyone in the crew was trying their best to finish the movie with her. If they stopped the filming because of her, everyone’s efforts would be ruined.

If she stopped the filming now and went back to take care of the child, she would still have to keep the child company when it was born. It would take years before this unfinished movie was ready.

Fu Hanzheng stayed silent but looked very serious.

He did not want her to tire herself out at this hour, yet he knew how much she loved her work.

Gu Weiwei ate and found that he was silent, so she gave him a piece of fish with a smile.

“After the filming is completed in the next twenty days, apart from the premiere, I will only attend two promotional events and leave the post-production to someone else. You should be relieved.”

Film shooting was not tiring, but the actors had to do it over and over again according to her requirements because she was the boss.

After the movie was released, the promotional events were the most tiring.

Therefore, she had decided that apart from the premiere, she would only attend two promotional events in major cities and not any others.

Although the box office was very important, the most important thing was still the child in her belly.

“I will think about it,” Fu Hanzheng said.

Gu Weiwei chuckled. “Then take your time, let’s eat first.”

He had been in a hurry ever since he received Yuan Meng’s call, so he must have missed lunch.

Fu Hanzheng took a bite of the food and frowned. However the girl sitting opposite him was enjoying the food.

Seeing his expression, Gu Weiwei suddenly realized that in order to take care of her taste, the servants tended to make spicy and sour dishes.

“You better eat this instead. Yuan Meng and Jolin ate from these two plates, so the taste should be normal,” she said as she pointed at the other two plates of vegetables.

Fu Hanzheng looked at her with a frown. “Are you okay with it?”

He had no way of eating such a flavour. Was it really okay for her to eat like this?

“It’s not a problem for me.” Gu Weiwei took a sip of the soup in satisfaction and said, “It is a bit weird being pregnant, but I can’t eat it if it tastes normal.”

Fu Hanzheng nodded and thought that he should find a reliable nutritionist through He Chi, as well as a reliable gynecologist and a nurse. He might need to make some new preparations for his accommodation in Dubai.

After all, she was pregnant and the child would be born soon.

Chapter 1086: Caution 2

During the meal time, Fu Hanzheng was making preparations as he ate.

After dinner, Gu Weiwei asked, “Is everything okay with the company?”

He should have not come here until tomorrow, but because of Yuan Meng’s call, he had abandoned his work and came here today.

“The company will not collapse without me around.”

“Then... your family...” Gu Weiwei asked worriedly.

He must not have made any arrangements for coming here in such a hurry. Old Lady and Fu Shengying would come to the conclusion that he was with her if they thought about it.

Then they might not be able to keep their secret.

“Fu Shiqin will sort it out,” Fu Hanzheng said.

Gu Weiwei nodded, got up and was about to clear the table, when her hands were suddenly caught in his.

Then she was led to the sofa where Fu Hanzheng poured her a cup of water.

“Sit here, don’t move.”

With the cup in her hands, Gu Weiwei watched him tidy up the table with his expensive shirt’s sleeves rolled up as he put the cutlery into the dishwasher.

For some reason, she felt a bit guilty that he, the President of a corporation, was here clearing the dishes and wiping down the table. But deep down, she felt warmth and sweet joy.

Fu Hanzheng finished cleaning, wiped his hands and came over.

“It is getting late, you should get ready for bed.”

“Okay, I am going to take a shower.” Gu Weiwei put down the cup and brushed her teeth in the bathroom.

Fu Hanzheng followed her in, checked the anti-slip mat in the bathroom, turned on the shower and adjusted the water temperature.

Then he went to get her pajamas and closed the door.

“Go and take a shower.”

Seeing the man standing in the bathroom, Gu Weiwei frowned.

“You are not going out?”

“It is not safe for you to shower alone,” Fu Hanzheng said.

“It’s not safe because you are in here,” Gu Weiwei said with her teeth clenched.

Although they had slept together numerous times, she did not have the habit of taking a shower in front of him.

Also, when they were in the bathroom, the only thing she could remember was how she felt so embarrassed.

Silent for two seconds, Fu Hanzheng opened the door, walked out of the bathroom and made a call to Fu Shiqin.

“How was the meeting this afternoon?”

Fu Shiqin honestly reported the situation of the meeting in the afternoon and the completion of all the work he had left behind.

Satisfied, Fu Hanzheng asked again, “Any suspicion from grandma and father?”

“No, I said that there is a problem with the branch abroad, and so you went to deal with it yourself,” Fu Shiqin said and asked worriedly, “How is sister-in-law?”

“Good,” Fu Hanzheng said.

Fu Shiqin let out a sigh of relief. “When are you coming home?”

Fu Hanzheng glanced at the bathroom door and said, “Not for now.”

“For now... how long is that?” Fu Shiqin was confused.

Since sister-in-law was doing well, why was he still staying there?

Although they rarely met, they were not in a hurry. They were going to Dubai next month.

If he did not come home to deal with this matter now, he would not be able to leave next month.

Fu Hanzheng thought for a while. "Twenty days."

There were still twenty days left before the filming finished, and he could not bring her home until she was done with work.

Anyway, he was worried about leaving her here, regardless of if there were people looking after her.

"Twenty... twenty days?" Fu Shiqin got very annoyed when he heard these words. He started to object without waiting for an explanation. "Twenty days is a long time, right? Even if I can stand it at the company, I won't last when I'm in front of our father. Didn't you say that sister-in-law is doing well? Shouldn't you come back to work earlier so that you can go and spend time admiring her next month?"

Fu Hanzheng ignored his complaint and said straightforwardly, "Ask He Chi to find a trustworthy nutritionist."

"Oh, okay," Fu Shiqin replied.

"And an experienced gynecologist, a female doctor would be best," Fu Hanzheng continued speaking.

"Okay, I will..." Fu Shiqin was about to agree out of reflex when he mumbled, "What is the purpose of finding a gynecologist?"

Chapter 1087: Second Uncle

Fu Hanzheng thought for a while and said, as he thought of the preparations he had written down during the dinner.

"Also, we need two very experienced nurses."

Fu Shiqin suddenly realized something and asked in surprise instead of waiting for the answer to the question he had asked before, "Brother, brother, am I going to be a Second Uncle?"

His brother had gone to find his sister-in-law after receiving a call and now he was not coming home.

Now he was asking him to find a nutritionist and a gynecologist, and was even asking him to find a nurse. He was definitely going to be a Second Uncle.

Compared to Fu Shiqin who was so excited at home, Fu Hanzheng looked calm.

"Yes."

He had just finished the words when Fu Shiyi returned from work at Landscape Villa.

The moment he entered the room, he saw Fu Shiqin pacing back and forth at home with the phone in his hand.

"Fu Shiqin, what is wrong with you?"

Fu Shiqin threw a look at the man and said excitedly, "I am telling you, I am becoming a Second Uncle! I am becoming a Second Uncle!"

"Second Uncle, who do you think you are?" Fu Shiyi mumbled and suddenly realized something. "I am going to be a Third Uncle, right?"

Fu Shiqin nodded at him excitedly. "I am going to be the Second Uncle, and you are going to be the Third Uncle."

Fu Hanzheng reminded them coldly as he heard their excited voices.

"Did you remember what I told you?"

"Got it, got it. A nutritionist, a gynecologist, a doctor and a nurse, right? I will get someone to find them for you tomorrow," Fu Shiqin said. He then thought for a while and asked, "Oh... is it too early?"

Judging from the time, his sister-in-law must have gotten pregnant in Dubai. It had been less than two months and his brother was way too anxious in preparing for this.

"Get the people ready and arrange to go to Dubai ahead of time." Fu Hanzheng stressed.

Hearing the words, Fu Shiqin realized what was going on.

"You are not going to tell our father?"

He had arranged for her to be looked after, so that sister-in-law could wait comfortably in Dubai for the delivery. He was obviously trying to hide it from the family.

"Now is not the time. Pregnant women should not be stressed, it is not good for the baby," Fu Hanzheng said.

Although the Old Lady and his father had given in when faced with the prospect of him dating a man, he could not tell how they would react if he told them that Weiwei was pregnant.

If they still did not accept it and put her in a difficult situation, he did not plan to tell them about the child.

"Are you stupid? Of course not!" Fu Shiyi slapped the back of Fu Shiqin's head and scolded him. "If you tell them now, what if they want sister-in-law to abort the child? You must not say a single word now."

Fu Shiqin suddenly realized something and nodded.

"Yes, we can't tell them now."

But when the child was born, it would be fun.

They had been looking forward to seeing his brother having a child as soon as possible. By that time, this child would be the ultimate move to save his brother's marriage.

Fu Hanzheng was too lazy to listen to their nonsense and said coldly, "Send a luggage for me here. Work is not important, don't ask me anything."

"Okay, okay, I will get someone to deliver it to you tomorrow."

Although Fu Shiqin was displeased, he decided to tolerate him for the sake of his future niece or nephew.

If it had been something else, he would have tried his best to make him come home.

But now his sister-in-law was pregnant, and even if the capital collapsed, his brother would not want to come home.

Chapter 1088: Delighted at Being a Father

Fu Hanzheng heard the sound of water stopping in the bathroom. She must have finished the shower and so he ended the call with Fu Shiqin.

“No matter what you do, don’t let those at the old mansion know.”

“Don’t worry, we will never let them know.” Fu Shiqin promised.

The moment he hung up, he turned to Fu Shiyi and said, “Third Uncle, I will leave our father and grandma to you.”

“Why me? Our brother asked you to do it.” Fu Shiyi instantly objected.

“When our brother is gone, the work at the company puts so much pressure on me that I can’t do anything else!” Fu Shiqin bellowed.

Fu Shiyi thought for a while and snorted.

“For my nephew’s sake, I will help you.”

On the other side, Fu Hanzheng knocked on the bathroom door.

Gu Weiwei had already changed into her pajamas and walked out while she was drying her wet hair.

Fu Hanzheng took the towel from her and waited for her to sit down as he dried her hair behind her back.

When the towel was half damp, he went to find the hair dryer and patiently dried her hair, tidying it up.

Although Gu Weiwei enjoyed the happiness of being taken care of, she still could not bear to see him doing these chores.

“You don’t have to help me all the time, I can do these things myself.”

With both hands on her shoulders, Fu Hanzheng bent down and kissed the top of her head.

“I like it.”

In the past, even when they were living together, the servants would take care of their daily lives. Apart from keeping her company, he had never done anything else.

Now that he was doing these small things in person, he realized that it was such an interesting thing to experience.

Gu Weiwei touched the hands over her shoulders and asked, “When are you going home?”

“When you go home.”

Fu Hanzheng released his hands, walked around the sofa and sat down next to her.

“You’re waiting for me to go home?” Gu Weiwei was startled and said worriedly, “The company and your family...”

“Everything will be arranged, don’t worry,” Fu Hanzheng held her and said with a gentle voice.

At this time, even if he returned to the capital, he would not be in the mood to deal with work.

Since she insisted on finishing the filming here, he would accompany her until the filming was completed.

“You really don’t need to stay here for so long. Yuan Meng and Jolin will take good care of me, just stay here for a few days.” Gu Weiwei tried to persuade him.

Although she also enjoyed being taken care of by him, if he stayed here for such a long time, he would definitely delay many important matters.

She was going to Dubai next month anyway, so she did not care about the remaining days.

“Just take it as me being on vacation,” Fu Hanzheng said.

Because he did not spend time with her, he did not even realize that she was pregnant.

Although what happened today was just a frightening accident, if he went home and something else happened, he could not arrive in time.

He would not be able to go home in peace, no matter who took care of her.

Gu Weiwei sighed and gave up trying to persuade him to go home. She reached out for his tie and started to twirl it.

“Fu Hanzheng, you don’t seem to be happy about becoming a father.”

After he came, he showed a dark expression towards her and he did not seem very delighted about being a father.

And when she thought of how he had never liked children, she could not help but worry.

“I am very happy,” Fu Hanzheng said.

Gu Weiwei glanced at him and said gloomily, “I can’t tell that you are happy.”

Chapter 1089: He Was the One Who Amazed and Softened

Fu Hanzheng sighed helplessly. He must have been feeling too conflicted about the child, so now she thought that he did not want the child.

“I am really glad that we are having a child.”

However, because of Yuan Meng’s call, he had rushed all the way here to find out that she had hidden it from him for two weeks.

Therefore, he was more worried about her, even though he was naturally happy to be a father.

It was just that he was not someone who expressed his emotions, so he was not like the two dumb-headed brothers in the capital who were so happy to be uncles.

“But... you never liked children before,” Gu Weiwei mumbled.

“That was before, but now I like the idea very much,” Fu Hanzheng said seriously.

“Really?” Gu Weiwei asked as she looked at him.

Fu Hanzheng nodded. “Absolutely.”

Gu Weiwei chuckled, took hold of his neck and kissed him on the lips.

Fu Hanzheng lifted her up from the sofa, carried her to the master bedroom and covered her with the blanket.

“I am going to take a shower.”

Having said these words, he went into the bathroom to wash up.

When he came out of the shower, Gu Weiwei had already fallen asleep.

He carefully laid down on the bed, kissed Gu Weiwei’s forehead and brushed away the hair on her cheeks.

“Good night.”

Gu Weiwei woke up early in the morning after a good night’s sleep, remembering that she did not need to work today, she stayed in bed and stared at Fu Hanzheng.

Fu Hanzheng woke up and saw the girl who was smiling at him.

“What are you thinking about?”

With her head against his chest, Gu Weiwei smiled brightly.

“I am wondering why you are so attractive.”

Fu Hanzheng chuckled and asked with one hand behind his head, “Did you find the answer?”

Gu Weiwei shook her head. “I didn’t, but liking you is enough.”

Some people said that people were destined to meet two people in their lives, one who amazed them and the other who was gentle.

One who loved me, and one who was loved by me.

But to her, he was the only one who had amazed and softened her with his gentleness.

The servant knocked at the door. “Miss. Mu, breakfast is ready.”

“Got it,” Gu Weiwei answered. She then got up slowly and changed.

She turned to Fu Hanzheng when she thought of the free time today.

“The ancient film studio in the west is not bad, do you want to take a look?”

Fu Hanzheng glanced at her and reminded her.

“You are not going anywhere today apart from back into bed to sleep.”

Only then did Gu Weiwei remember the doctor’s order. She should wash herself in the bathroom, eat breakfast and then go back to bed.

The servant served breakfast and said, “I made your favorite pork ribs porridge from yesterday.”

Gu Weiwei sat down and tried two mouthfuls of food, and then tried another dish, which was full of food she had not vomited from yesterday.

However, she had just taken a few bites when her stomach started to churn.

She covered her mouth in discomfort and rushed into the bathroom. She spat out everything she had just eaten and did not want to get up.

The moment she stood up, Fu Hanzheng followed her in. His heart tightened when he saw her vomiting into the toilet.

He was glad that the child was here, but his heart ached when he saw her suffering.

He caressed her back and asked, “Feeling better?”

Gu Weiwei did not recover until a long time later. She got up with his help and washed her mouth at the sink.

“I am fine, I do this every morning. I will be fine soon.”

What was she pregnant with? Yuan Meng had never vomited so badly when she was pregnant with Yuan Bao.

Chapter 1090: Frightened

After coming out of the bathroom, Gu Weiwei turned down the offer of eating in the dining room and asked Fu Hanzheng to help her to the sofa in the living room.

She was so tired that she leaned against the sofa lazily, losing her appetite.

It was the first time for Fu Hanzheng to face such a situation and he was a bit frightened. He texted Yuan Meng and asked her to come over.

After all, she had a child before and she was very experienced in this aspect.

Yuan Meng, who was sleeping, rushed over without washing her face. She was not surprised to see the man sitting on the sofa.

“You vomited again?”

Fu Hanzheng nodded seriously. “Is there a way to help?”

Yuan Meng asked the servant to prepare the water and plums and put them on the table.

“Something sour will make you feel better.”

Fu Hanzheng fed her half a cup of water and felt his heart aching when he saw the girl who had been so energetic this morning.

“When will the symptoms stop?”

Yuan Meng walked around the dining room and started to enjoy the breakfast that Gu Weiwei could not eat.

“That depends on the person’s body. They usually puke for three months and some people puke until the child is born.”

Hearing these words, Fu Hanzheng’s face sank.

If this lasted until three months, she would have to live like this for more than a month.

“Is there no other way?”

“No, everyone vomits in this way when they are pregnant,” Yuan Meng said.

But she vomited worse than most pregnant women.

Gu Weiwei gradually calmed herself down and said to the servant, “Make me a new salad with lemon juice.”

She had no problem eating the porridge the day before, but now she could not even look at it.

Fu Hanzheng fed her some more water and asked, “Should I help you to the bed?”

Gu Weiwei grabbed the pillow from the sofa and sat up straight.

“No thanks, I am better now, go and eat breakfast.”

She had vomited terribly the first few days, but she got used to it after some time.

Seeing her suffering, Fu Hanzheng was not in the mood to eat breakfast himself.

Soon, the servant made a new plate of vegetable salad and brought it to her. The cauliflower and chamomile fruits were purple and kaleidoscopic, as well as some boiled chicken breast, and fresh lemon juice mixed with apple juice and oil.

Gu Weiwei took it and took a bite. She did not feel nauseous, so she started to eat boldly.

Yuan Meng asked the servant to cut a plate of fruit for her.

Gu Weiwei ate a plate of salad and a plate of fruits, finally filling up her stomach.

Seeing that she had finished the food, Fu Hanzheng poured her a cup of water and gave her the script, before he went to eat breakfast.

Yuan Meng also ate breakfast and went back to sleep.

Gu Weiwei was thinking about the revised scene with the script in her arms, whilst Fu Hanzheng was sitting next to her, reading through the things that pregnant women should pay attention to in the early stages of pregnancy, eating preferences and food, and memorizing everything.

After a long while, Gu Weiwei put down the script and craned her neck to see what he was writing.

When she saw what he had recorded, she could not help but laugh.

“What are you writing these for?”

“It works.” Fu Hanzheng took notes seriously.

Since he had no idea what a pregnant woman was like, he panicked when he saw her vomiting.

He could not share the discomfort of her body, but at least he wanted to take good care of her when he could.
