

MY HIDDEN 1171

Chapter 1171: Dear Brother

Since the Old Lady's 72nd birthday was approaching, Fu Shiyi followed his father's order and boarded the plane to Dubai the following day.

When they arrived in Dubai, it had just turned dark.

Since he was here on a surprise visit, he went straight to Fu Hanzheng and Gu Weiwei's apartment without saying a word.

Fu Hanzheng had just gotten off work and was about to have dinner with Gu Weiwei when the doorbell rang.

The servant opened the door and Fu Shiyi rushed in with his luggage.

"Brother, sister-in-law, I am here!"

Fu Hanzheng and Gu Weiwei looked at him in astonishment and Gu Weiwei asked, "What are you doing here?"

Fu Shiyi looked at his brother who did not show him any welcome. "Brother, don't you feel surprised that your beloved brother is here to see you?"

Fu Hanzheng glanced at him calmly. "Remove the word."

Obviously, he meant the word 'beloved' that he had placed in front of 'brother'.

Fu Shiyi pursed his lips. "Won't you welcome your brother?"

His brother only had eyes for his dearest wife.

"Should I welcome you?" Fu Hanzheng sounded cold.

If he was here, the house would become very noisy.

Fu Shiyi got annoyed. He had come all the way here just to give them a surprise, but neither of them had welcomed him.

Gu Weiwei asked the servant to prepare another set of chopsticks and smiled.

"Go and wash your hands, let's eat."

"Sister-in-law is the best."

Fu Shiyi tossed down the luggage, washed his hands and sat down at the table with them.

Fu Hanzheng asked straightforwardly, "What are you doing here?"

"Grandma's 72nd birthday is next week, and our father asked me to invite you home." Fu Shiyi briefly explained the purpose of his visit.

"I am not free," Fu Hanzheng said indifferently.

"I already knew that, so I am staying here for two days," Fu Shiyi said with a smile.

Gu Weiwei found it funny. "Then why are you here? Are you so free?"

Fu Shiyi took a bite of the food and said with a smile, "Because if I don't come, it will be my problem if my brother doesn't go home. But if I come and my brother still refuses to go home, then it will be my brother's problem. You can't blame me."

In this way, his father would not vent his anger on him.

"..." Gu Weiwei was speechless.

Fu Shiyi craned his neck and threw a look at Gu Weiwei's obviously swollen belly. "Sister-in-law, your belly is growing way too fast."

When he met her in the capital last time, he could not tell at all, but now, her clothes could not hide it at all.

"When the babies grow, so will my belly," Gu Weiwei said.

"Are they moving around now?" Fu Shiyi asked excitedly.

Gu Weiwei nodded with a smile. "Of course."

Fu Shiyi stared at her belly in astonishment. "Can I touch your belly when they move?"

Oh, his cute nephews were in her belly. That was amazing.

Having said these words, his brother then glanced at him coldly.

"What did you say?"

Fu Shiyi laughed dryly.

"Nothing, nothing."

He was curious about how they felt when they moved.

But how could he have forgotten that his brother, who was so possessive, would never allow him to touch his sister-in-law's belly?

Gu Weiwei sighed helplessly. It seemed that in Fu Hanzheng's eyes, he could not tolerate any males approaching her.

What if she had a love rival in her belly? How was she going to raise him in the future?

Chapter 1172: Love

Fu Hanzheng had no idea what she was thinking, so he scooped up the soup and tested the temperature. He blew on it gently for a while before giving it to her, after he took a sip and found that it was no longer hot.

"Not too hot, it's just right."

“Brother, I want soup too.”

Fu Shiyi threw a flattering look at his brother, trying to feel the warmth of brotherhood.

Fu Hanzheng glanced at him coldly and asked slowly, “What do you want to drink?”

Fu Shiyi scooped a bowl of soup and said with a smile, “I want soup, it tastes so good.”

Sure enough, brotherhood did not exist.

If he waited for his brother to get him the soup, his brother would probably press his head into the soup bowl.

Seeing the frightened look on his face, Gu Weiwei laughed so hard that her shoulders shook.

He knew very well what his brother was like and yet he still tried to be naughty. But he had turned cowardly so quickly.

Fu Shiyi took two sips of the soup, put down the bowl and took out a picture from his pocket.

“Our father asked me to show it to you.”

Fu Hanzheng did not even look at it, but Gu Weiwei put down the soup bowl and took the picture.

It was a young and pretty girl who looked very much like her.

“For your brother?”

“Yes, my father found a high-level replica to be my brother’s girlfriend,” Fu Shiyi said honestly.

Gu Weiwei nodded with interest and showed the picture to Fu Hanzheng.

“Young and pretty, aren’t you going to take a look?”

“Not as pretty as you.” Fu Hanzheng tossed the picture back to Fu Shiyi without looking at it.

Gu Weiwei smiled and teased Fu Hanzheng.

“She is so pretty!”

“Do you want me to find another woman that badly?” Fu Hanzheng asked as he looked at the cunning girl.

Gu Weiwei had one hand over her chin. “Don’t you want to change your taste after facing me every day?”

“My tastes are simple,” Fu Hanzheng said.

What he meant was that he only liked her.

“...”

Fu Shiyi felt that the love was so sweet that he had to drink a large cup of water.

Gu Weiwei finished the food with a smile and rested for half an hour, before asking Fu Hanzheng to take a walk with her.

Feeling bored, Fu Shiyi followed them.

But he soon regretted following them.

Because their love was so sweet.

They walked in front of him hand in hand, looking at each other sweetly and talking passionately.

His brother even helped his sister-in-law to find a place to sit down and carefully helped her to clean the sand out of her shoes. Then he put them back on for her.

Fu Shiyi witnessed everything and could not help but feel that his brother was spoiling his wife more and more.

Although he had been very attentive about his sister-in-law before, he had not reached such a terrifying stage.

The fish on the dinner table was clean and free of bones, and the heat was gently removed, so the soup did not burn the mouth.

He was not taking care of his wife, but a three-year-old child!

“Brother, do you want sister-in-law to have a son or a daughter?”

“None of your business,” Fu Hanzheng said coldly.

“I am guessing that it must be a daughter. If it is a son, you will be furious if he sticks to sister-in-law every day.” Fu Shiyi analyzed.

Fu Hanzheng’s expression sank. “Shut up if you don’t want to be food for the fish in the sea.”

How could he welcome such a noisy guy?

“But no matter if you have a son or a daughter, they are the key weapons that can help you remarry.” Fu Shiyi looked at Gu Weiwei and said, “Grandma has changed her attitude. As long as we plan carefully, we will definitely succeed.”

Chapter 1173: Damn Strategy

“Plan carefully?” Gu Weiwei raised her eyebrows.

Fu Shiyi nodded and analyzed the situation as he walked next to them.

“Now, grandma and dad are looking forward to having a grandson. The little buns are the key, but we need to plan how to make them our helpers.”

“Sounds reasonable.” Gu Weiwei snorted.

Fu Hanzheng listened without making any comments.

Of course he knew what Fu Shiyi was talking about and he had his own plans.

“Also, we must not let our father know that my brother is with you in Dubai and that he hasn’t actually divorced you, otherwise it will be counterproductive.” Fu Shiyi threw a look at his brother and sister-in-law and said, “If that is the case, our enterprise will be lying to them and that would be a bad thing.”

“What about the status of the children if they never know?” Gu Weiwei looked at Fu Hanzheng and said, “The children were conceived after the divorce.”

“Oh my, it is not a big deal if there is a difference of a month. Let’s just say that the twins were born late.” Fu Shiyi waved his hands and gave her the solution.

Gu Weiwei said in amusement, “So you want me to play a ridiculous scene where I run away after getting divorced?”

Fu Shiyi snapped his fingers. “That is what I mean.”

Gu Weiwei threw a look at Fu Hanzheng in disbelief.

“Really?”

“It is necessary,” Fu Hanzheng said.

It was indeed best not to let them know that they were hiding something from them.

They could also not let them know that he had always been there throughout the time she was pregnant and also when the children were born.

In this way, they would feel guilty for putting her in a situation where she had to take care of the two children alone.

“I think you two would be very talented as scriptwriters.”

“It is a necessary strategy.” Fu Shiyi argued.

Because only by making his father believe that she was already pregnant when she got a divorce and had to give birth to the children abroad without anyone to rely on, raising two children, would they become soft-hearted and accept their remarriage.

“What a stupid plan!” Gu Weiwei complained.

Although it sounded reasonable, it was also ridiculous.

“As long as it works,” Fu Shiyi said confidently.

As long as they cooperated well, the rest would be left to the little buns.

True love was not feasible to convince his parents, but this trick would work.

Fu Hanzheng did not object to Fu Shiyi’s proposal. It sounded ridiculous, but it was indeed the most effective method and it coincided with some of his ideas.

“Alright, we can talk about this stupid plan after I give birth to the children,” Gu Weiwei said.

There were still a few months before the children were born and there was still one more year before she returned. If they were to discuss how to deal with the elders at home, shouldn’t they feel guilty?

Fu Hanzheng walked with her for more than ten minutes and then brought her back the way they came.

“It is getting late, you should go home and listen to the heartbeats.”

“What heartbeats?” Fu Shiyi heard the keyword.

“There is an instrument that can hear the baby’s heart.” Gu Weiwei explained to him.

Fu Shiyi got so excited when he heard the words.

“Me too, let me listen too.”

“Who do you think you are?” Fu Hanzheng countered with a cold voice.

“I am the Third Uncle of the child, why can’t I listen?” Fu Shiyi asked unwillingly.

He did not want him to touch sister-in-law’s belly, but he did not want to hear his nephews’ heartbeats either.

Fu Hanzheng looked at him for a few seconds and said, “Go home now, take your things and go back to where you came from.”

When she was using the heartbeat monitor, her clothes were up and her belly was exposed. Was he courting death by wanting to listen with her?

Chapter 1174: Love

Although Fu Hanzheng kept asking Fu Shiyi to leave, Fu Shiyi was not someone who could be driven away so easily.

Not only did he not leave, but he even shamelessly stayed with them.

Fu Hanzheng thought that whenever he went to work, she would be alone at home with no family or friends.

Therefore, he was too lazy to drive Fu Shiyi away.

Early in the morning, Fu Shiyi ate breakfast with his brother and went to the classroom to attend the nursery class with his sister-in-law.

After the lesson, they drank afternoon tea on the balcony of the villa, facing the sea.

Gu Weiwei thought of the gossip about Ding Dongdong and the European male model a few days ago and asked curiously, “Why did you and Ding Dongdong break up?”

“It has never been good, so how can it not be bad?” Fu Shiyi drank a large cup of black tea and snorted. “This woman doesn’t know what is good for her. I am such a talented man, yet she doesn’t appreciate my efforts.”

Among all the women he had courted, Ding Dongdong was the most difficult one.

But he did not believe her stubbornness and insisted on getting her.

"I saw the rumor about her a few days ago. Ding Dongdong and a European male model were in Paris. What is going on?" Gu Weiwei asked with a smile.

Fu Shiyi gritted his teeth. "This woman is so annoying. She would rather play with someone else than me. I ask her out once every ten days but she always leaves whenever someone else asks her out."

"Then what are you still chasing after?" Gu Weiwei laughed gloatingly.

He had hurt the girl deeply, but now she was tormenting him and taking revenge on him.

"I am not convinced, so I must get her and torment her," Fu Shiyi said fiercely.

Gu Weiwei took a sip of the fruit tea and felt happy for him.

"You think that Ding Dongdong is not passionate enough for you, but you used to treat everyone else the same way. Isn't that revenge?"

"If I don't like it that much, why should I be passionate about it?" Fu Shiyi said confidently.

"So you like Ding Dongdong very much?" Gu Weiwei asked with a smile.

What Ding Dongdong was doing now was probably for her own sake and for the sake of those girls who had been flirted with by him but were not vengeful.

"You can say that. Her looks, figure and hobbies are all my ideal type, but her personality... is too difficult to deal with." Fu Shiyi complained about his bad relationship.

If he had not liked her, he would not have allowed her to toy with his feelings.

"So this is what it feels like meeting your true love?" Gu Weiwei asked.

Fu Shiyi touched his chin and mumbled, "I feel like I have met her before. Is this true love?"

"Maybe."

Gu Weiwei tried hard to hold back her laughter. She did not know if she truly loved him, but it was time for him to pay for what he had done.

"You felt the same way about my brother?" Fu Shiyi asked.

Gu Weiwei thought for a while. "Well, not at first, but later on, we did. It feels as if we have known each other for a long time."

She had a feeling that she had not had for more than twenty years when she met Gu Siting, but Fu Hanzheng had it all.

He would not let her worry and guess what he was thinking. Instead, he told her everything with words and actions. He loved her and no one could replace this relationship.

Seeing his sister-in-law talking about his brother, Fu Shiyi sighed helplessly as she could not conceal the sweetness in her eyes.

Why was he curious about such a question? Wasn't looking at their love enough?

Chapter 1175: Change

“What is it?” Seeing him sighing helplessly, Gu Weiwei asked in confusion.

Fu Shiyi sighed with one hand over his face. “I just think that it is great that you are with my brother.”

If she had not shown up, his brother might have remained a cold-blooded workaholic who only devoted his life to Fu’s Enterprise.

Although in the eyes of the public, his brother would be a very successful business genius.

But he would not be happy, he would not have the happiness that most people had.

They had thought that his brother would continue to live like this, but she had appeared.

Because of her, work was no longer the most important thing in his brother’s eyes.

This was the first time his brother had fallen in love with someone. He had poured so much of his emotions into her that when he finally knew everything about her, he still chose to marry her without hesitation.

Her appearance had changed his brother’s life completely.

“You don’t sound like the captain of Bring Down Fu Hanzheng team.” Gu Weiwei reminded him with a smile.

“You make it sound as if I expect my brother to be very unlucky.” Fu Shiyi pursed his lips.

Although he really wanted to bring down his brother, who had dominated them for so many years, he also wanted his brother to be happy.

Gu Weiwei had sat down for too long and stretched herself out on the balcony.

“Oh yes, anything strange going on in the country these days?”

“Strange?” Fu Shiyi thought for a while and said, “Qin Lv and Qin Man are looking for you like crazy, right?”

“...For me?” Gu Weiwei raised her eyebrows.

“Qin Man is amazing too. She persuaded the Qin Family to support Qin Lv and court you. But now you are gone, they are looking for you everywhere,” Fu Shiyi said.

Although he knew that Qin Lv would not be able to poach her from his brother no matter what.

But he could not believe that they were so persistent.

“Your brother knows about it?” Gu Weiwei asked.

“He knows about it and asked Yuan Meng to distract the Qin Family, otherwise they would have already found this place,” Fu Shiyi said.

Qin Man had suspected that his brother had kidnapped her, but she thought she would find her in Europe, so she went there.

Now, she was being led around Europe by Yuan Meng.

Hearing that he had already made the arrangements, Gu Weiwei let out a sigh of relief.

She was not worried that they would find her, but if the Qin Family found out that she was pregnant and was living with Fu Hanzheng in secret, the elders of the Fu Family would inevitably hear about it.

By that time, her plan to remarry Fu Hanzheng would be affected.

“But why didn’t your brother mention this to me?”

“I don’t know, ask him.” Fu Shiyi shrugged innocently.

He had thought that his brother had told her, but he had not.

Gu Weiwei thought for a while. Since he had solved the problem, there was nothing more to ask.

“But what did Yuan Meng and Yuan Shuo do at the Dorrans Family?” Fu Shiyi asked curiously.

They knew about it, but they did not let the Old Lady know about it.

“Something.” Gu Weiwei did not explain in detail.

Cayman Dorrans was in a critical situation and she could not help him, so she asked Yuan Shuo and the others to go there.

Yuan Meng had called and said that Will Dorrans had betrayed the Dorrans Family and joined forces with the Anderson Family. He had even gone to find Gu Siting.

They were working together to bring down Cayman Dorrans.

But Cayman Dorrans was not doing well this year either.

Chapter 1176: Fu Shiyi’s Warning

Fu Shiyi looked at her and stayed silent for a while.

“I heard from Second Brother that the Dorrans Family is not doing well.”

Gu Weiwei nodded with a smile. “Maybe.”

Yuan Meng had not contacted her for days and she did not know how far she had gone and whether Gu Siting was involved in the collaboration with the Anderson Family or not.

If Gu Siting joined them, the Dorrans Family would not be in a good position.

“Sister-in-law, there are some things that my brother may not tell you, but I think it is necessary for you to know about them.” Fu Shiyi sized her up carefully and said, “We don’t want the Fu Family to be involved in the fight with the Dorrans Family.”

She and his brother had a high chance of remarrying. If she participated in the internal strife of the Dorrans Family, his brother would be worried about her and would definitely interfere.

That was what he and Second Brother did not want to see, nor did his grandma and father.

But Cayman Dorrans was her real father, and if something really happened, she could not ignore it.

But from the Fu Family's perspective, they did not want her to be involved with Cayman Dorrans.

It was even better to cut all ties with Cayman Dorrans.

Because only then could she and his brother remarry.

They could accept that her surname was Gu and that she was Cayman Dorrans's daughter because his brother loved her deeply and she was the only one he wanted in this life.

But if the Fu Family was involved in the internal strife of the Dorrans Family because of this, his father and grandma would never allow her to remarry his brother.

"I think I know that better than you do." Gu Weiwei chuckled.

Just because they accepted her identity did not mean that they also accepted Cayman Dorrans.

She was indeed worried about Cayman Dorrans, but she was pregnant and could not do anything.

Fu Shiyi smiled. "I knew that sister-in-law is a very understanding person."

She was pregnant and waiting to give birth. If she got involved with the Dorrans Family, his brother would definitely do something for her.

By that time, grandma and his father would not only object to their remarrying, but would even break off their relationship with his brother.

Firstly, it would affect their remarriage and secondly, the children would be in danger.

Gu Weiwei smiled without saying a word. Yuan Meng had told her that Cayman Dorrans seemed to have his own plans and that she should not worry.

Although Cayman Dorrans had not seen her for more than twenty years, she had looked for him for so many years and she still hoped that he could survive this crisis.

She did not know much about the Dorrans Family, so even if she was worried, she could not help.

After all, she was not alone anymore.

She had Fu Hanzheng and two children who were about to be born, and she just could not let them go.

Cayman Dorrans was indeed her biological father, but they had not lived together for more than twenty years and they were not that close.

Compared to them, Fu Hanzheng and the children were what worried her the most.

"Sister-in-law, can you not tell my brother what you just said?" Fu Shiyi laughed dryly.

His brother understood these words, but he had never told his sister-in-law.

If she said that he had told her now, his brother would not forgive him.

Although he said those words for his own good.

Chapter 1177: Loving Gu Siting?

“Sure.” Gu Weiwei agreed to his request.

Although these words were not very nice, they were for her and Fu Hanzheng’s sake.

“I knew you’d understand, sister-in-law, you are the best.” Fu Shiyi praised her.

“Oh yes, what is the Gu Family doing these days?” Gu Weiwei asked.

After the wedding, she had divorced Fu Hanzheng and when she had returned home she had not paid attention to the Gu Family anymore.

Yuan Meng would have mentioned something to her before, but she had not contacted her much these past few months and she had stopped mentioning the Gu Family.

“The Gu Family.” Fu Shiyi thought for a while and thought of what Fu Shiqin had told him recently. “Gu Siting seems to be in a very good relationship with the royal family of A Land.”

“Good relationship?” Gu Weiwei raised her eyebrows.

The Gu Family and the royal family of A Land had always had a good relationship.

Fu Shiyi peeled the nuts on the table and popped one into his mouth.

“He seems to be in an ambiguous relationship with a princess of the royal family, probably because he is going to be their son-in-law.”

He used to suck up to the Dorrans Family, but now that the Dorrans Family had turned against him, he needed to suck up to a new person, so he became even closer to the royal family.

In business, if one had a certain political background, many things would be easy to deal with.

“He’s so proud of himself, he makes it seem like Ling Yan had nothing to do with him.” Gu Weiwei sneered.

Although she had expected this, she still found it ironic.

“He acts like he is so innocent!” Fu Shiyi snorted.

Although he was not sure about the details, he heard from his family that Ling Yan had died by his hands.

Many months had passed and so many media companies were paying attention to Ling Yan’s disappearance. Even the police of A Land were also investigating, but no one had found out about Ling Yan’s death.

In the end, the matter was dropped in A Land.

Gu Weiwei stayed silent. Gu Siting was close to the royal family of A Land because he wanted to fight against the Fu Family.

After all, without the support of the Dorrans Family, he needed to find another way.

Otherwise he would have been cornered by Fu Hanzheng sooner or later.

“But he has been very obedient these days, not bothering about you and our brother,” Fu Shiyi mumbled.

At the wedding, he had thought that Gu Siting would do whatever it took to ruin his brother and sister-in-law’s relationship, so that he could take sister-in-law back to the Gu Family.

But a few months had passed and he had done nothing. He had not even asked about his sister-in-law.

Gu Weiwei said nothing. She knew him very well.

The reason why Gu Siting did not dare to bother her and Fu Hanzheng was because Cayman Dorrans had threatened him, so he had to behave.

However, if he wanted to break this situation, he would most likely work with Will Dorrans and the Anderson Family.

Once Cayman Dorrans lost the battle and could no longer suppress Gu Siting and the Gu Family, he would come for her and Fu Hanzheng.

That was almost without a doubt.

Fu Shiyi looked at her seriously for a long time and suddenly asked, “Sister-in-law, have you ever loved Gu Siting?”

Gu Siting seemed to really love her, otherwise he would not have done so many crazy things.

Although he was terribly stubborn, he did love her.

She had lived with him for so many years, so had she really never fallen in love with Gu Siting?

Chapter 1178: Real Love

Gu Weiwei shook her head with a smile, made herself comfortable and took a sip of the sweet fruit tea.

“I was once confused with this question, but after meeting your brother, I found the answer.”

“Confused?”

Fu Shiyi scratched his head, not knowing what she meant.

“When I came to the Gu Family at the age of one, he was the one I spent the most time with.” Gu Weiwei looked down at the tea in the glass and said, “At that time, I believed in him and even relied on him. But I had no feeling of love. Even when he said that he liked me, I was happy, but I was not... moved.”

And it was only after she met Fu Hanzheng and fell in love with him that she found the clear answer.

Fu Shiyi asked with a smile, “So when he said that he liked you, did you fall for him then?”

She and Gu Siting had a very complicated feeling, as if they were family but not blood-related. That was why when Gu Siting said that he liked her at the Gu Family, she had wondered if that was love.

But everything disappeared when she died in the hands of Gu Siting and Ling Yan.

Instead of answering his question, Gu Weiwei smiled brightly.

“Did my brother ask you the same question?” Fu Shiyi asked.

Gu Weiwei shook her head. “He never asked.”

Logically speaking, this was the question Fu Hanzheng should be asking her.

But whether it was the day she confessed to him or after, Fu Hanzheng had never asked her this question.

“Never?” Fu Shiyi raised his eyebrows and mumbled, “That shouldn’t be the case. My brother is so jealous. So jealous that he is jealous of you, Anthony Gustav and Qin Lv. You and Gu Siting have known each other for so many years, why didn’t he ask anything?”

“Maybe because he is sure that he is the only one I love.” Gu Weiwei took a sip of tea with a smile, looking confident.

If she asked him, it would mean that she was not sure about their relationship.

And Fu Hanzheng had never asked her anything about her past at the Gu Family.

Firstly, he did not want her to doubt their relationship because of his question, and secondly, he knew that the Gu Family was a past she did not want to look back on.

Fu Shiyi and the others used to laugh at his brother for being an emotional man, but when Fu Hanzheng was dealing with their relationship problems, he always showed a perfect level of emotional intelligence.

He would consider everything for her.

She had thought that she, who had grown up in the Gu Family and was Cayman Dorrans’ daughter, would become an insurmountable barrier between them.

This matter had been bugging her for a long time and she found it difficult to tell him about her past. But when she finally opened her mouth, she realized that everything was not as cruel as she had imagined.

This man did not blame her for abandoning her identity, but truly felt sorry for her for having to go through everything alone.

Fu Shiyi could not counter her words. His brother had truly given all of his gentleness and patience to this woman he loved deeply.

“Anything else?” Gu Weiwei asked with a smile.

“No.” Fu Shiyi shook his head.

He had asked all the questions he was curious about, so there was nothing else to be curious about.

Gu Weiwei checked the time. “Want to go out with me?”

“Ah, I’ll let my brother keep you company.” Fu Shiyi turned her down instantly.

She was pregnant and if anything happened to her when she was with him, his brother would kill him.

Gu Weiwei stood up and said, "You are returning home soon. If your brother can't go back with you, you must prepare a present on his behalf as an apology for your grandma."

Fu Hanzheng had been too busy to make any such preparations.

Chapter 1179: Sister-in-law

Hearing the words, Fu Shiyi picked up the phone and said.

"Should we report it to my brother?"

He would not have mentioned it to him before, but now she was pregnant with two babies and it was a huge responsibility to bring her out.

"It is such a small matter and it's not like I am running away," Gu Weiwei said, grabbed her bag and was about to leave.

Fu Shiyi made a call to his brother, but the man was probably too busy to answer his call.

So he had to drive Gu Weiwei out to the biggest mall in Dubai.

They spent almost two hours shopping in the mall and finally, Gu Weiwei chose an Arabic piece.

"I think that the silk scarf is more suitable." Fu Shiyi suggested.

"It's obvious a woman would have picked it," Gu Weiwei said.

Fu Shiyi suddenly realized something. "Sister-in-law, you are so considerate."

The present was given in his brother's name. Picking silk scarves was not his brother's style at all.

Also, if he gave that present to them, they would either suspect that sister-in-law was here, or that his brother had another woman by his side. It was all troublesome.

Anyway, grandma did not lack these things. This work of art was unique and not bad.

Having bought the present, Gu Weiwei passed by the store and stopped to take a look.

Although Fu Hanzheng had already prepared the things, she still bought some baby clothes and hats.

Fu Shiyi opened the door for her and did not close it until she was sitting properly.

Also, he, who always pursued speed, drove very slowly and steadily today.

However, this also caused the car that was supposed to arrive home within ten minutes to drive for almost an hour.

Fu Hanzheng had come home before them. The moment he entered the house, he heard the servant saying that they were both out, so he called Gu Weiwei, "Where have you been?"

"I was shopping, we're on the way home," Gu Weiwei replied.

"Tell him to be careful." Fu Hanzheng reminded her worriedly.

“If he had not been so ridiculously carefully, I would have reached home by now.”

Gu Weiwei threw a helpless look at the man who was driving seriously.

Half an hour later, Fu Shiyi finally drove back.

Hearing their voices, Fu Hanzheng came out.

“If you want to go out, you can tell me. It is very dangerous.”

“Brother, I am here to protect her for you,” Fu Shiyi said with a smile.

Although he had been very nervous throughout the entire journey home, he was glad that she was safe.

However, his brother ignored him and went over to his sister-in-law.

He went and took out the things they had bought from the car and complained the moment he entered the house.

“Why is it so dangerous for me to keep sister-in-law company?”

His brother did not appreciate his efforts at protecting her.

“He has been very helpful.” Gu Weiwei spoke up for him and took out the things Fu Shiyi brought in.

“Write a birthday card for Grandma Fu, so that Third Master can go home.”

Fu Hanzheng glanced at what she had bought and asked, “How long were you there for? Are you feeling unwell?”

She was getting too heavy to go out, and she would feel unwell if she exercised too much.

Fu Shiyi had sent him a call during the meeting at noon but he was too busy to answer it. They must have left home by that time.

“Not long, we wasted a lot of time on the road,” Gu Weiwei said.

They did not spend much time shopping in the mall, but half of the time was wasted because Fu Shiyi drove slowly.

Chapter 1180: Scared

Fu Hanzheng sighed and stressed his point.

“Are you feeling unwell?”

“No, just a bit hungry,” Gu Weiwei said with a smile.

Fu Hanzheng urged the servant to cut some fruits for her and helped her to sit down on the sofa.

“I will get everything ready, why did you have to go out?”

“I have been idling at home for days and I wanted to go out for a walk.” Gu Weiwei pointed at the other bags and said, “I also bought some things for the babies.”

Fu Shiyi showed the baby clothes and hats to his brother excitedly.

“Look at the hats and earmuffs, they are so cute! And this dress, it is so cute.”

...

Seeing him showing off one piece after another, Fu Hanzheng glanced at his wife who was full of admiration.

Suddenly, he felt that if he prepared everything well, she would lose the joy of welcoming the children.

The three of them ate dinner together and Fu Hanzheng gave the birthday card to Fu Shiyi.

“You will go home tomorrow.”

“I can go home the day after tomorrow.” Fu Shiyi expressed.

If he went home one day ahead of time, he would be blamed by his father.

“I am not discussing this with you,” Fu Hanzheng said coldly.

“Then... call grandma on her birthday and explain to her yourself.” Fu Shiyi reminded him.

He was the one who was not going home, so he had to explain everything to his family.

“Got it,” Fu Hanzheng said and left.

Fu Shiyi pursed his lips, put away the card and returned to his room, packing his luggage to return back home.

When he left the following day, his brother was busy with work whilst his sister-in-law, Gu Weiwei, was pregnant and could not move around. No one could see him off, so he left by himself.

A few hours after he returned to the capital, Fu Shiqin returned from Belgium.

“How are our brother and sister-in-law doing?”

“Better than us.” Fu Shiyi snorted.

Fu Shiqin agreed deeply. They were going to be lectured by the old man at home and while they were also going to be so busy with work, his brother and sister-in-law were waiting for the children to be born.

“Do you know if sister-in-law is pregnant with boys or girls?”

Fu Shiyi sighed. “I don’t know and they won’t tell anyone. But I heard from sister-in-law that the children are moving, but our brother didn’t allow me to touch her belly.”

“You want to die?” Fu Shiqin snorted.

Fu Shiyi threw a look at Fu Shiqin. “But I think we should go there when they are born.”

“I am not that free,” Fu Shiqin said.

Now that his brother was gone, many things were on his shoulders. He had no time to watch sister-in-law give birth.

“If we don’t go, our brother will be scared,” Fu Shiyi said.

“Ha? Scared?”

Fu Shiqin raised his eyebrows in surprise – was fear related to his brother?

“Our brother gets so nervous when our sister-in-law even sneezes. He will be so frightened when sister-in-law gives birth,” Fu Shiyi said.

Fu Shiqin almost choked on the water. “I am really going then.”

He had forgotten that although his brother was not afraid of other things, he was very afraid of his sister-in-law.

His brother must have been so anxious that he wished that he was the one who was having the children instead.

“Then when is the due date?” Fu Shiyi said.

On the day when they were promoted to Second Uncle and Third Uncle, of course they had to be there in person.
