

MY HIDDEN 1211

Chapter 1211: Sister-in-law

“Fu Shiyi, are you leaving or not?”

After twenty minutes, He Chi could not stand it any more.

“I am leaving now, shouldn’t I say goodbye to my nephew and niece?”

Fu Shiyi still refused to leave the two children. If it had not been for his brother’s deterrence, he would have taken his lovely nephew and niece home.

“You are leaving, not dying. Is there a need to make such a big fuss?” He Chi complained.

Every day, he would stare at the two children when he saw them, and when he was driven away by his brother, he would watch the pictures and videos on his phone. He had had enough.

Luckily, he knew that it was his brother’s child.

Those who did not know better would think that he was the dumb-headed father.

Then Fu Shiyi did not eat breakfast but spent the entire morning drooling over his two nieces and nephews.

When his brother left for work, He Chi kept urging him to leave for the airport.

Before he left, he came to Gu Weiwei with a serious face.

“Sister-in-law, can I ask you for a favor?”

“What is it?” Gu Weiwei asked in astonishment.

Fu Shiyi said, “Promise me first.”

Gu Weiwei thought for a while. He was not bold enough to want to take her son and daughter away. As for other things, she could just agree to them. If she wanted to go back on her words, she could just blame his brother.

“Okay, I promise you.”

Fu Shiyi brought out a picture frame from his room and hung it up.

“Let me hang this picture here so my nephew and niece can look at me and don’t forget about me.”

He Chi felt his forehead – was this man crazy?

Gu Weiwei was startled for a few seconds as she stared at Fu Shiyi’s picture.

“Are you sure you want to hang your picture in my bedroom with your brother?”

Fu Shiyi thought for a while. “I want to hang it somewhere my nephew and niece can see it often.”

“Sure, whatever you want.”

Gu Weiwei was too lazy to object. The picture would probably end up in the dustbin when someone was home tonight.

“Please don’t let my brother throw it away, sister-in-law, you must promise me.” Fu Shiyi begged seriously.

“Why hang it here when you knew that your brother would toss it?” Gu Weiwei asked in amusement.

Fu Shiyi looked deeply at his nephew Youyou and niece Tiantian. “Because I want my nephew and niece to see me, otherwise they will forget about me.”

“Babies can’t remember anyone before three months, but after three months, they can only remember their parents. Who do you think you are?” He Chi complained speechlessly.

Children tended to remember people subconsciously because of the familiar scent and voice. What was the point of hanging a picture here?

Fu Shiyi automatically ignored He Chi’s scientific explanation and told Gu Weiwei repeatedly not to let his brother throw away the pictures. Then he dragged his luggage and rushed to the airport with He Chi.

At noon, Fu Hanzheng called Gu Weiwei and asked about the children because he was worried about them.

“Have you eaten lunch?”

“Not yet,” Gu Weiwei answered guiltily.

She bathed the two children and fed them so they could sleep. It was already so late.

Hearing her words, Fu Hanzheng sounded serious.

“I hired so many people at home, not because I want them to see you taking care of the two children, but because you need to be taken care of first.”

“I am going to eat now,” Gu Weiwei said.

“You just need to stay with them. You don’t have to do everything yourself, at least not for this month,” Fu Hanzheng said seriously.

Her wound had not fully recovered, and she was too tired to take care of the two children, if she persisted her wound would be torn. That was something he did not want to see.

Chapter 1212: Jealousy

Gu Weiwei made the request for food to the servant as she rushed into the dining room.

Hearing that she had asked the servant to start the meal, Fu Hanzheng’s tone softened.

“Where are the children?”

“They just fell asleep,” Gu Weiwei said with a gentle voice.

Fu Hanzheng stressed.

“When they are sleeping in the afternoon, you can take a rest too.”

After all, she did not sleep well last night because he did not let the children stay by her side. She woke up at dawn.

“Got it, I will wait for you,” Gu Weiwei said with a gentle smile.

Fu Hanzheng knew that she was eating, so he hung up.

In the afternoon, he finished his work early and returned home ahead of time.

Gu Weiwei was taking a rest with the two children. He threw a look at the three people in the room and decided not to disturb their rest, so he went upstairs to deal with the unfinished work in the study.

But when he turned around, he saw an unexpected picture on the wall. It was not him or Gu Weiwei, nor was it of the two children.

The man in the picture was Fu Shiyi, so it was not hard to guess who hung the picture here.

But who gave him the guts to hang his picture in their bedroom?

He removed the picture frame and gave it to the servant.

“Throw this away later.”

The servant took a look and said, “I think Third Master left this behind.”

“I know he did,” Fu Hanzheng said.

If he had not left, he would not only have thrown away his pictures but also himself.

The servant did not dare to ask anything more. She placed the picture frame by the dustbin in the kitchen so that they could deal with it later.

Fu Hanzheng did not want to disturb the three of them, so he went upstairs to the study.

Half an hour later, Gu Weiwei woke up when she heard a child crying.

With the help of the nursery teacher, she fed the two children, poured a cup of water in the living room and looked out from the balcony, only to see Fu Hanzheng’s car parked outside.

So she turned around and asked the servant who was preparing dinner, “Fu Hanzheng is back?”

“Mr. Fu came home half an hour ago. Seeing Madam and the children resting, he went to the study.”

Gu Weiwei nodded thoughtfully, made a cup of Daji Ridge black tea in the kitchen and carried it upstairs.

Before she knocked on the door, Fu Hanzheng heard footsteps and opened the door.

“When did you wake up?”

“Not long ago.” Gu Weiwei entered the room, placed the tea on the table and said, “Why didn’t you call me when you came home?”

“You seem to be sleeping well, and I have some work to deal with,” Fu Hanzheng said as he led her to the sofa and sat down. “Are the children awake?”

“They woke up for a while and fell asleep again,” Gu Weiwei said helplessly.

The babies slept and ate throughout the entire day and were only awake for a few hours.

“So Mrs. Fu, you finally have time to spend with your husband?” Fu Hanzheng asked with a smile.

He remembered clearly that this morning, she did not even look at him when she woke up and went straight to the two children.

“So jealous of your own son and daughter?” Gu Weiwei felt helpless.

The children were not by her side the entire night, so she must have been too anxious to care about him in the morning.

Fu Hanzheng smiled without saying a word. Of course he was jealous.

After all, the woman who used to belong only to him now had to be shared with those two little ones.

Also, they were the ones who occupied her time and mind.

But so what if he was jealous? The children were hers.

Chapter 1213: You Should Stay With Me Now

“Oh yes, Fu Shiyi’s picture in the room...”

Gu Weiwei looked at him and hesitated.

She had just woken up and found that the picture was gone. When she went to make the tea, she found that it was by the dustbin in the kitchen.

No one in the family would do such a thing.

“I threw it away,” Fu Hanzheng said calmly.

“Fu Shiyi wants it to stay here so Youyou and Tiantian can remember him more and not forget about him,” Gu Weiwei said helplessly. Before Fu Shiyi left, he reminded her repeatedly not to ask his brother to throw away the pictures.

But his brother had tossed it away the moment he returned.

Forget it, he had already left and he should not know about it.

Even if he knew, he should go to his brother. That was not something she could stop.

“There is still one hour before dinner, what do you want to do?” Fu Hanzheng brushed her hair and asked.

Gu Weiwei looked outside. “I want to take a walk.”

It had been more than ten days since she came back from the hospital.

Fu Hanzheng shook his head. "The wind is strong by the sea and you have just been discharged. You can't go."

Gu Weiwei sighed helplessly. Although she also wanted to go out, she had to give up the idea in order to get better as soon as possible.

"Get back to work, I need to keep the children company."

"You have been with them all day, you should be with me now." Fu Hanzheng protested.

"I spent the entire night with you." Gu Weiwei teased.

Fu Hanzheng took hold of her shoulders and asked with a low voice, "What, do you have a problem with me stopping you from taking care of them at night?"

"Of course not." Gu Weiwei snorted.

She knew that he was doing this for her own good.

Fu Hanzheng knew that she was joking, but he still said.

"We still have a lot of time to spend with the children in the future, no need to be in such a hurry. What is important now is to take good care of your body, so that you can spend more time with them when you're healthy."

"Got it, you have said it many times, I will remember it," Gu Weiwei said helplessly.

If she had known about this, she would not have compromised with his request.

"You have, but you never obey," Fu Hanzheng said.

It was rare for her to obey him.

Gu Weiwei laughed dryly, guiltily. She might obey in other things, but as a mother, she just could not control herself when it came to her children.

Fu Hanzheng took her into his arms and whispered, "It seems that the Dorrans Family is in a strange situation these days."

The Fu Family had always been paying close attention to the Gu Family's information and they had recently discovered that Gu Siting and Will, who had betrayed the Dorrans Family, were in contact.

What this meant, he could think of it, and so could Cayman Dorrans.

However, he had never met Cayman Dorrans and she had never mentioned this person to him.

He only knew that Cayman Dorrans met her at Chenis Castle the day the wedding was cancelled. He was not sure if they had contacted each other after that.

But he knew how much danger Cayman Dorrans was in.

Gu Weiwei stayed silent for a while and said, "Yes, Yuan Meng told me about it."

"What do you want to do?" Fu Hanzheng asked.

After all, he was her biological father whom she had been seeking for years. Now, they had not contacted each other directly, probably because they were worried about her conflict with the Fu Family.

But if she really ignored everything Cayman Dorrans faced and something happened in the future, she would regret it for the rest of her life.

And he did not want her to have such a regret.

Chapter 1214: Rejection

Gu Weiwei blinked and asked, "What should I do?"

"Don't worry about the Fu Family, what do you want to do?" Fu Hanzheng asked again.

Although she had only met Cayman Dorrans once, she had been looking for him for years when she was at the Gu Family.

Cayman Dorrans was in a dangerous situation and she could not help but worry.

Yuan Meng should have told her long ago, but she had never mentioned anything to him, so he asked her for her opinion.

"Yuan Meng and Yuan Shuo agreed to stay with him and help him through the crisis," Gu Weiwei said.

Honestly, it would be better for Cayman Dorrans if she asked Fu Hanzheng for help.

But with her conflict with the Fu Family, she could not drag the Fu Family into the fight against the Dorrans Family.

Fu Shiyi and Fu Shiqin had reminded her about this matter.

"The Dorrans Family is facing three forces, and Yuan Meng and her husband alone are not a foolproof plan." Fu Hanzheng reminded her.

What was more, they had a child with them.

Gu Weiwei stayed silent for a while and said calmly, "He asked Yuan Meng to pass on the message, so that I would not be involved with the Dorrans Family."

"So... you think so too?" Fu Hanzheng asked.

The Fu Family should not interfere with the Dorrans Family's fight.

However, he was worried that if anything happened to Cayman Dorrans in this battle, she would regret it.

So when there was still room for negotiation, he asked her to make her own choice.

If she really wanted to help that person, even though his father or the Old Lady would object, he would help her.

Gu Weiwei thought for a while and nodded.

“I believe that he has his own plans.”

She was very surprised that Fu Hanzheng would mention this matter.

Since she did not want the Fu Family to be involved, she had not mentioned anything to him, not even when she asked Yuan Meng and Yuan Shuo to go to Italy.

But the information network of the Fu Family would not hide anything from him.

He asked her today because he wanted to know if she needed his help to get Cayman Dorrans through the trouble.

If she opened her mouth, he would probably help her aid Cayman Dorrans, despite the family’s opinion.

Fu Hanzheng stayed silent for a while and did not force her any more.

“If you need anything, you can ask me. I won’t turn you down.”

He thought that as long as it was her request, he would not turn down anything other than a divorce.

Gu Weiwei smiled brightly. “Okay.”

She did not mention this matter, and he could just pretend that he did not know anything and ask nothing, but he was afraid that she would lose her family, so he took the initiative to mention it.

Apart from him, she had never met anyone else who had thought so much for her.

“Don’t worry too much about the Fu Family. Apart from helping Cayman Dorrans, I am also helping myself,” Fu Hanzheng said.

Because Gu Siting was involved too.

After the wedding, Gu Siting had not come to her or tried to contact her.

He later knew that because Cayman Dorrans was threatening him and his family, they had this peaceful and stable life.

And the reason why Gu Siting was working with Will and the Anderson Family was because he wanted to get rid of this threat.

So when he got rid of Cayman Dorrans, the next step would be to come to her.

Therefore, this was not only to help Cayman Dorrans, but also to give them a long period of peace.

Chapter 1215: Like Husband, Like Wife

Gu Weiwei smiled without saying a word, realizing that he meant that Gu Siting was involved too.

But she knew very well how much Fu Shengying and the Old Lady would hate her if he was involved because of her.

She did not want to see Cayman Dorrans in danger, but for her, Fu Hanzheng and their two children were the most important things.

“I think that you can do whatever you want without joining forces with the Dorrans Family.”

Gu Siting was now focused on dealing with Cayman Dorrans, so he would be less guarded against the Fu Family.

At this moment, the Fu Family would be able to kill two birds with one stone.

Firstly, he could seriously injure the Gu Family and secondly, he could solve the crisis of Cayman Dorrans.

However, he did not need to vent his anger on Cayman Dorrans. They were just doing what they were supposed to do.

Fu Hanzheng chuckled and reached out for her nose.

“You smart woman, you share my thoughts.”

That was what he had planned, but if he joined forces with Cayman Dorrans, they would have a better chance of winning.

Gu Weiwei chuckled. “Like husband, like wife.”

“Yes, Mrs. Fu, you are right.” Fu Hanzheng looked very gentle.

She must have thought of these things, so she never mentioned helping the Dorrans Family through the crisis.

Gu Weiwei checked the time and said, “Let’s go down and eat, I am hungry.”

Fu Hanzheng nodded and left the study with her. The servant had just finished preparing dinner.

...

In the capital city of Hua Land.

Fu Shiyi and He Chi, who had boarded the plane from Dubai, did not arrive home until the evening.

The moment Fu Shiyi got off the plane, he was called back to the old mansion by Mrs. Fu. The moment he entered, he was lectured.

“What is wrong with you guys these days? Your brother is not coming back from Dubai, and you and Shiqin are not around either. It is getting harder and harder to see you guys now.”

“What is it? Didn’t I tell you that I am going to star in a foreign movie and won’t be in the country for a while?” Fu Shiyi gave his luggage to the servants as he brought out the excuse he had told them before he went to Dubai.

He said that he was making a movie in another country and would be gone for more than a month.

His family had never been interested in his work.

But why was he told off the moment he came home? Could Second Brother have revealed the important secret?

“Your father said that you two have been acting very mysterious these days,” Mrs. Fu said.

Also, her mother's instinct told her that they were hiding something from them.

But she was not the kind of person who would get to the bottom of everything based on instinct.

They refused to tell her, and she was too lazy to ask. They would tell them when they wanted to.

"My father's menopause is here."

Having said these words, Fu Shiyi put down his phone and keys and went into the bathroom.

He had just left when his phone rang.

Mrs. Fu glanced at the phone and said towards the bathroom, "Your phone is ringing."

"Got it, I will be back soon," Fu Shiyi answered.

The phone rang a few times and hung up. Mrs. Fu was about to put it down, when she saw the unusual wallpaper on his phone.

It seemed to be a picture, but it was not from the phone. It must have been taken by himself. In the picture were two very small babies.

But where did these babies come from? What did he mean by using them as his phone's wallpaper?

The more Mrs. Fu thought about it, the more confused she became. When Fu Shiyi came out of the room, she snapped at him.

"Where did this wallpaper come from?"

Chapter 1216: Whose Child Was This?

Startled, Fu Shiyi looked at his mother in silence.

He thought that his nephew and niece were too cute, so he had set them as his wallpaper.

But the moment he went home, his mother found out about it.

"Well, I downloaded it online and used the wallpaper because it's cute."

"Downloaded it online?" Mrs. Fu obviously did not believe his far-fetched explanation.

"Yes, there are many such pictures online." Fu Shiyi started to put on a show again. He must not reveal that these were his brother's children.

Otherwise, their plan would be ruined.

However, Mrs. Fu was still sizing him up suspiciously and asked seriously, "Tell me the truth, where did this picture come from? Did you have a child with someone else?"

Out of her three sons, he was the most popular one among women and he had changed girlfriends one after another.

Therefore, she would not find it strange if he had a child with someone.

"Impossible, Mom, I would never do such a thing!" Fu Shiyi denied.

It was his brother who had a child outside, not him.

“Is it possible for you to use such a picture as a wallpaper?”

Mrs. Fu stared at him, as if she could see through his soul.

It was obviously a picture that was taken by him, not one downloaded from the internet.

Also, why did he download such a baby picture for no reason?

Also, using it as wallpaper was not something he would do.

“It is just a picture from Moments, they are a colleague’s children. I saved the pictures as a wallpaper because I was curious about the twins. What is so strange about that?” Fu Shiyi looked calm on the surface, but he was panicking inwardly.

Help! If he could not keep the secret for his brother, he would be killed!

Mrs. Fu was not convinced. “A colleague?”

“Yes, Second Brother and I are twin brothers and I saved them when we saw them because they are cute twins,” Fu Shiyi said confidently.

Mrs. Fu seemed to believe him and sighed as she checked his phone.

“Sigh, when are you going to get married and have children? I am so worried.”

She had waited so long for her eldest son to get married, but now he is divorced.

Of these two, one did not want to get married and the other was a playboy. They were both very troublesome.

Her friends had flaunted their children’s wives to her last year, but now their grandchildren could also run around and call them grandma.

Fu Shiyi took back his phone, replaced the wallpaper and encrypted the album containing the pictures of his nephew and niece.

Seeing his mother sighing in anticipation, he really wanted to tell her that the children in the picture were his brother and sister-in-law’s children, her own grandson and granddaughter.

But when he thought of his brother, he restrained himself.

His brother did not say anything, so he must not reveal anything.

The moment they sat down at the dining table, Fu Shengying glanced at him and said, “Your brother does not plan to get married again. You and Fu Shiqin can find your own girlfriends or go on a blind date, but bring your girlfriend home for the New Year.”

Hearing these words, Fu Shiyi lost the mood to eat his dinner.

“Dad, you can’t let my brother not get married and have children. If he can’t satisfy your wish of having a grandson, he will do something to me and Second Brother.”

Chapter 1217: Boyfriend

However, his protest was not taken seriously by Fu Shengying.

“If you can’t even get married, what is the point of having you two?”

“...” Fu Shiyi got very annoyed. He came to Fu Shengying and asked, “So you gave birth to us so that we could get married and have your grandchildren?”

This was definitely not his father, he and Second Brother must have been adopted by them.

“What else can you do?” Fu Shengying countered.

“You can’t do anything about my brother, so you are picking on me and Fu Shiyi, forcing my brother and I to marry!” Fu Shiyi provoked.

“Alright, your father just thinks that you are not young anymore. Aren’t you courting Ding Dongdong? Bring her home for the New Year.” Old Lady joined the urging team.

They had found so many girls for Hanzheng but none of them interested him.

Therefore, when he got married and had children, she would not be able to see that day even if she didn’t enter the coffin.

If she could not control him, she could control these two!

“My brother is the oldest, hurry him up.” Fu Shiyi used his shield.

Bring Ding Dongdong home?

He had not even managed to get Ding Dongdong on a successful date, how was he going to bring her back?

“Stop talking about your brother,” Fu Shengying said.

“You just can’t persuade my brother to get married, that is why you want me and my Second Brother to get married.” Fu Shiyi snorted.

If they knew that his brother had two children, they would either be happy or angry.

They were just talking when Fu Shiqin, who had just come home from work, heard the second half of the conversation.

“Who wants me?”

“Our father can’t persuade our brother to remarry anyone, so he wants us to get married and have a grandson for them.” Fu Shiyi stressed the point briefly, hoping to unite the forces as soon as possible.

Fu Shiqin looked confused. If his brother was not getting married, they would be involved too.

“Oh well, I just remembered that I have some important meeting materials left at the company that I need to work on before tomorrow, I will go and get them...”

“Get back here!” Fu Shengying bellowed.

Fu Shiqin sat down and exchanged a look with Fu Shiyi, deciding to unite.

“Dad, my brother is not getting married, why are you ruining us?”

His brother was living a happy life in Dubai and he had a cute son and a cute daughter, but they pretended that his brother was a poor, lonely man.

“We are not talking about your brother, we are talking about you two. Don’t change the focus,” Fu Shengying said seriously.

They were already of this age and the Old Lady was already over 70 years old.

None of the three brothers were willing to get married now, so when would they get a grandson?

During the Old Lady’s birthday celebration, those who were of the same age as them came with their grandchildren, making them both jealous and envious.

“I don’t even have a girlfriend, so it is impossible to get married,” Fu Shiqin said and pointed at Fu Shiyi who was sitting next to him. “He has many girlfriends, let him get married.”

“Damn, Second Brother this is not what you should do!” Fu Shiyi bellowed.

He had thought that when he was back, they could unite and protest the marriage.

But he turned around and betrayed him.

“Am I wrong?” Fu Shiqin countered.

“If you don’t have a girlfriend, go and find one. You are too old to not have a girlfriend, isn’t that embarrassing?” Fu Shengying countered his second son Fu Shiqin directly.

“I...” Fu Shiqin felt his heart aching. This was not his real father!

“You two, bring your girlfriends home for the New Year.” Fu Shengying made a request without saying anything more.

“Girlfriend, I can bring back as many as you want, but getting married is impossible.I,” Fu Shiyi said.

As long as he said that he needed a girlfriend to meet his father, countless women would line up to visit the Fu Family.

Fu Shengying knew that he was trying to fool them.

“I am asking you to bring your girlfriend that you are going to marry home, stop playing tricks on me.”

He only asked him to bring his girlfriend with him, but he wanted to find a woman who could fool them.

Hearing these words, Fu Shiqin said straightforwardly, “I can’t bring my girlfriend home anyways, but I will bring my boyfriend home if I have to.”

Chapter 1218: Second Brother

Dumbfounded, Fu Shiyi looked at his second brother and sighed.

“Second Brother, when did you become gay?”

That was impossible. He liked girls when he was in school and he even stole his girlfriend.

“You are gay!” Fu Shiqin bellowed.

“You said that you are bringing your boyfriend home.” Fu Shiyi said.

Fu Shiqin glared at him with teeth clenched. He had said that if the relationship was forced, he would bring a man home.

In this way, the Old Lady and the rest would not force him to get married.

However, Fu Shiyi patted his shoulders.

“Second Brother, don’t worry, I will support you being gay.”

He had set him up, but now the tables had turned.

“Damn you.” Fu Shiqin shook off his hands.

“Enough!” Fu Shengying could not stand their arguing and interrupted them. “I don’t care if it’s your boyfriend or girlfriend, bring them home for the New Year. Watch out for your legs if you dare to fool us.”

Why did he have a son? What was the point of having three sons? He could not even get a grandson.

Fu Shiyi and Fu Shiqin exchanged a look and stayed silent.

They ate dinner at the old mansion and were about to return to the Landscape Villa together.

The moment they got into the car, Fu Shiqin asked, “How are Youyou and Tiantian?”

Although he had left only a few days earlier than Fu Shiyi, yet when he thought that he could watch his nephew sleep alongside his niece for a few more days, he became very jealous.

“They have changed a lot. Within a few days, they have gained some weight and look so cute,” Fu Shiyi said with a reminiscent tone.

He had never thought that children were anything special, but when Youyou and Tiantian were born and he saw them growing up, he found it wonderful.

His brother was a winner in life. He had a lovely wife, a pair of cute twin babies and two obedient brothers.

Fu Shiqin got very curious. “Ah, when is our brother coming home?”

Although Fu Shiyi had sent him pictures and videos these days, he still wanted to see the two cute little buns with his own eyes.

“Alright, now is not the time to worry about them.” Fu Shiyi glanced at Fu Shiqin who was driving and reminded him. “The New Year is at the end of the month, where can we find a girlfriend?”

His brother was definitely not coming home for the New Year, so the two of them would be ruined.

Fu Shiqin sighed deeply. "Unless our brother can bring the children home and distract our father, we will not have a good time."

His father had been acting weird these days because he was jealous of the grandchildren of his friends. The elders of the Fu Family could not experience the joy of grandchildren at all.

"Of course not!" Fu Shiyi snorted.

The children were still young and it was not easy to use them to help them with the remarriage plan.

He would probably have to wait until the children were more than one year old and could sweetly call them grandparents and great-grandparents. Then, he would use them as an escape act with his father and his family.

With the cute little buns in front of them, if they did not approve of their brother remarrying, the children would not have a father and they would not be grandparents.

At that time, they would be in a hurry to ask their sister-in-law to remarry their brother.

But that day would take at least a year, and they would be ruined by the family in that time.

"Forget it, so be it. If I don't bring a girlfriend home, I don't believe that he will hit me," Fu Shiqin said honestly.

As long as they could withstand the pressure and not give them any hope, then when his brother and sister-in-law came home with the children, they would be even more eager to be grandparents.

"But I want Dongdong back!" Fu Shiyi said sinisterly.

When his father asked him to bring his girlfriend home for the New Year, he truly wanted to bring Ding Dongdong home.

Although she was not his girlfriend.

Fu Shiqin pulled over to the roadside and braked.

"Get out of here."

Chapter 1219: Tiantian the Foodie

Chinese New Year was approaching and Gu Weiwei and Fu Hanzheng, who were far away in Dubai, did not show any signs of celebrating Chinese New Year.

Gu Weiwei was devoted to taking care of her son and daughter, whilst Fu Hanzheng was busy with work and taking care of Mrs. Fu and the two children.

Although he had promised that before a month had passed, the children could only stay with them for one night a week.

But every night, she had to get up at midnight to visit the two children and stayed there for half an hour, before she was willing to go back and rest.

Finally, one month passed and she was able to take care of the two children.

Fu Hanzheng got off work an hour early and Gu Weiwei had already asked the servants to move some baby products over.

She was hugging her daughter who had just woken up, looking very happy.

“In such a hurry?”

She was with the children every day, but when she brought the children from the same room to her own room to take care of them, she made it seem as if she were moving their home.

Gu Weiwei smiled without saying a word and came to him with her daughter who had just woken up.

“Tiantian just woke up.”

Fu Hanzheng threw a look at his waking daughter and said with a gentle voice, “Let me hug her?”

It seemed that apart from the days at the hospital, he had not hugged them.

After they were discharged from the hospital, most of the time they were taken care of by the nursery masters. They often visited them, but he almost never carried them himself.

Instead of turning him down, Gu Weiwei carefully placed the child into Fu Hanzheng’s arms.

He took her and said in amusement, “She seems heavier than when she was born.”

“Of course she is heavy. She eats so much every day, even more than her brother. Is she not allowed to grow some more?” Gu Weiwei said with a smile.

It had been some time since the child was born and she, as the mother, had gradually grasped their habits.

Although Tiantian was the younger sister, she had a bigger appetite than her brother. She wondered if she would become a foodie in the future.

Fu Hanzheng held the child in his arms carefully, wondering what the child was looking at.

Standing next to him, Gu Weiwei looked at the child in his arms and said, “They will laugh next month.”

Fu Hanzheng chuckled. He could not wait to see the two babies smiling.

Soon, Tiantian fell asleep in his arms.

The servant came over and whispered, “Mr. Fu, Madam, dinner is ready.”

Fu Hanzheng carefully placed his daughter into the cot and asked her to join him, when he saw the two children sleeping peacefully.

After dinner, Gu Weiwei returned to the room early and saw that Youyou had just woken up.

She picked up the child and turned to Fu Hanzheng.

“He was sleeping and so I only bathed Tiantian.”

Fu Hanzheng nodded. “I will go and fill the bathtub.”

Having said these words, he went to the bathroom and filled the bathtub with water. He came out after checking the temperature.

“The water is ready.”

“And his towel...” Gu Weiwei said as she held the baby.

Fu Hanzheng soon found everything he needed and brought them into the bathroom.

Gu Weiwei helped the child to remove his clothes and wash himself, whilst he waited by the side with the pink towel. When she finished washing the child, he wrapped the child in the towel and he cooperated with her perfectly.

She threw a look at Fu Hanzheng and said with a smile as she carried the child to the podium and helped him get dressed, “Youyou, dad is great, right?”

Fu Hanzheng smiled without saying a word. When she finished putting on the clothes for the child, he took him and held him.

“Let me hold him for a while, you can take a rest.”

Gu Weiwei took the child from him and she put the child into the cot.

“They are already asleep. If you still have work to do, go and do your work.”

Fu Hanzheng threw a look at the two sleeping children in the baby’s bed and went upstairs to deal with work.

When he returned to the room downstairs, Gu Weiwei was already fast asleep.

However, Tiantian, the daughter in the baby bed, had already woken up and her eyes were open.

Chapter 1220: Best Dad in the World

He looked helplessly at his sleeping wife and then at his daughter Tiantian who had woken up.

Then he carefully carried the child to the nursery next door.

The moment he hugged her, the girl started to cry.

But the sound was too small, so the crying did not disturb Gu Weiwei.

Fu Hanzheng calmly checked the baby’s diaper and gave her a new diaper, but the girl was still crying.

He glanced at the milk bottle on the table, placed the child into the cradle in the nursery and tried to mix the milk for the first time.

Luckily, he had learnt it before, so he did not panic.

Also, he quickly heated the milk formula and put it on the back of his hand to test the temperature, before feeding the child.

Sure enough, she was still hungry. The moment the milk bottle entered her mouth, she stopped crying.

She did not close her eyes to sleep until she finished the milk.

Fu Hanzheng let out a sigh of relief, carried the child back to the room and placed her in the cot.

However, less than half an hour after he took a shower, his son Youyou woke up too.

Hearing the child crying, Gu Weiwei woke up instantly. She got up and checked if the child's diaper was wet. After making sure that it was not a diaper problem, she confirmed that the child was crying out of hunger.

Then she carefully fed the child in her arms.

Fu Hanzheng followed her up, brushed her messy hair and went off the bed to pour her a cup of warm water.

When she finished feeding the child, she gave him the water.

"Drink some water and rest."

Now that they are both full, they should be able to sleep peacefully.

Gu Weiwei took over the cup, drank half of it and fell asleep.

She had not expected that taking care of the two children at night would be so tiring, but she was willing to do it.

Soon after she fell asleep, the two children woke up again. This time, the diaper was dirty.

Fu Hanzheng carried the children to the nursery, changed the diaper according to the routine of every baby and put them back into bed.

In this way, Gu Weiwei slept for more than two hours before the two children woke up again because of hunger.

She fed on but the other cried.

Fu Hanzheng was a light sleeper, so when the child cried, he woke up with her. He made the milk and fed Youyou who was crying.

Finally, the two little ones were full and quiet.

Gu Weiwei put the child down and gave Fu Hanzheng a grateful hug when he laid down on the bed.

"You must be the best father in the world."

The two children had cried together, and if he had not helped her in time, she would have cried too.

Fu Hanzheng took hold of his tired wife and asked with a gentle voice, "Better let the nurse take care of them, you are too tired."

Even if he was helping, waking up once every two hours was undoubtedly tiring.

Gu Weiwei shook her head with squinted eyes. "No need, I can do it."

Fu Hanzheng sighed helplessly and did not object any more.

“Go to sleep, I will take care of them when they wake up.”

Luckily, the two children did not only accept breast milk and were not particular about milk powder, so even if she did not wake up, he could still take care of them.

Gu Weiwei said, “You are going to work tomorrow, what about sleeping in the study?”

Every time the child woke up, he would wake up too. He would not have the energy to work tomorrow.

“No need, just rest,” Fu Hanzheng kissed her hair and said with a gentle voice.

She could not even take care of them when he was helping her, let alone when he was not around. How could she take care of them?

Gu Weiwei answered drowsily and fell asleep.

But two hours later, she woke up when she heard the child crying.

She woke up six or seven times in one night.

Every time, Fu Hanzheng would get up with her.

If it was about changing the diaper, he would do it. If the child was hungry, he would help her feed them.

That made her feel much more relaxed.
