

MY HIDDEN 1301

Chapter 1301: Anything

Although they had promised Fu Hanzheng to return to the old mansion, Fu Shengying and the others decided to wait for him and ask him about the results when he returned.

Therefore, they did not eat breakfast but stared at villa seven through the window of the study on the second floor.

Fu Hanzheng helped the two children get dressed and ate breakfast with her.

Luckily, Yuan Meng did not need to drive Yuan Bao to kindergarten this weekend, so Gu Weiwei did not need to bring the children out on a walk to cover for her.

Yuan Meng threw a look at Fu Hanzheng. "Still no mention of remarrying?"

Fu Hanzheng did not utter a word to his father and the Old Lady because they were both stubborn people, and if they were to bring it up themselves, it would only add fuel to the fire.

"Not yet."

"If you don't mention it now, I will spill the beans." Yuan Meng stuffed a steamed bun into her mouth.

Hearing her words, Gu Weiwei got a bit scared.

"Don't get involved in this matter."

She started to suspect that it was not a good thing to be around Yuan Meng.

"They are so gentle. When will it end? If they don't bring up the remarriage, I will be their grandson and granddaughter's stepfather and mistreat the two little ones every day. They will then soon know how good it is for the children to have both parents be married," Yuan Meng said shockingly.

Gu Weiwei's lips twitched – so that was what she meant.

But it was indeed too fierce a method.

"Do you want to die?"

"It's just for show, I would not actually mistreat them," Yuan Meng said.

Gu Weiwei smiled helplessly. "I was afraid that if you were too aggressive, they would come after you."

She could see how worried the elders of the Fu Family were about their grandchildren. If something like that happened, she had no doubt that they would kill Yuan Meng.

She had just objected when Fu Hanzheng thought for a while.

"That is actually a good plan."

Gu Weiwei was speechless.

Fu Hanzheng chuckled. "They already don't like you as her new boyfriend."

If it reached a certain point, Yuan Meng's plan could stimulate them into action.

Gu Weiwei pursed her lips. "Is that really okay?"

She could not bring herself to do such a thing to these elders, but he, as their son, did not even blink twice at the matter.

"What do you mean okay? As long as you can remarry, anything is fine," Yuan Meng said.

She was very concerned about the matter of them getting married.

Fu Hanzheng nodded and agreed with what Yuan Meng said.

They were just talking when Fu Hanzheng's phone rang. They glanced at the caller ID and saw that it was from Fu Shengying.

"It seems that they are very concerned about your progress," Gu Weiwei said with a smile.

Fu Hanzheng checked the phone but did not answer it. Instead, he continued to eat breakfast with her.

Then he played with the two children for a while and only then did he leave Mansion Number Seven under the urging of his family.

"I will drive them back to the old mansion and will be back later."

As long as they were arranged to return to the old mansion, they would not object if he said that he was going to live in He Chi's house so that he could develop a relationship with the children.

Once they returned, it would be up to him to decide where he actually lived.

"Okay." Gu Weiwei saw him off at the door with Youyou in her arms.

Fu Hanzheng returned to He Chi's new home from Mansion Number Seven and was immediately surrounded by his family.

"How was the talk?"

Fu Hanzheng shook his head in disappointment. "She said that the children have nothing to do with me.."

Chapter 1302: Old Relationship?

"What?! They are your own flesh and blood, why is it none of your business?" Fu Shengying bellowed.

He had hoped that when he was back, he could persuade Gu Weiwei to let them meet the two children freely.

But even he, her ex-husband, was turned down.

"Those two children are definitely your children and the children of the Fu Family, but..." Mrs. Fu sighed helplessly and said, "The matter of divorce might have broken her heart."

“But if she doesn’t want the children to be with their real father, does she want that man to be their father?” Fu Shengying felt his blood pressure rising when he thought of this possibility.

Compared to Fu Shengying who was not calm, the Old Lady looked much calmer. She looked at Fu Hanzheng for a long time and asked, “Hanzheng, does she really have no feelings for you?”

“I don’t know,” Fu Hanzheng said coldly.

“What about you? Did you really let her go?” Old Lady asked.

Fu Hanzheng stayed silent for a moment and said, “Maybe.”

Old Lady sighed. If she had not forced them to divorce, things would not have turned out this way.

At this moment, she truly regretted it.

“Then what should we do? We can’t just let it go,” Fu Shengying asked Fu Hanzheng.

Fu Hanzheng pursed his lips. “She did not object to me meeting the two children.”

Fu Shengying and the others were overjoyed.

“It’s good that you can meet them.”

“Stay here for the time being, so you can visit the two children. As for the rest, we can discuss it with her later,” Mrs. Fu said gently.

Instead of stopping him from meeting the two children, Gu Weiwei might want them to still be able to meet their real father.

Actually, Shiyi’s suggestion the other day was not a good method to use to bring the two children home.

Because if they did follow such a method... even if the children could return to the Fu Family, while Hanzheng no longer lives with a lifetime of regret, and the children grew up under the care of their father... they would be without their mother.

Right now no matter which side the children lived with, they would lose either their father or mother. It was not a satisfactory situation.

“Okay,” Fu Hanzheng answered briefly.

Fu Shengying and the others thought for a while and realized that they could only persuade Gu Weiwei slowly.

“The Fu Family did not treat her well when it came to the divorce, but we can’t let the children not acknowledge their real father.”

“So you want the children to leave their mother and live with us?” Fu Hanzheng asked calmly.

Fu Shengying stayed silent for a while and said, “It is getting late, we are going back to the old mansion, you can do whatever you want.”

Actually, he should stay here and fight for the two children.

Even if he and Gu Weiwei fell in love with each other in the end, they had to accept it.

Mrs. Fu asked the servant to pack up the things and sat down next to Fu Hanzheng as she tried to persuade him.

“She must have suffered a lot since she was pregnant. Can you stay here and take care of them?”

Pregnancy and childbirth were the happiest and most painful times for a woman, but at that time, Gu Weiwei was divorced and left alone in a foreign land, giving birth to two children alone.

The difficulty she must have faced was unimaginable.

“I understand, mother.” Fu Hanzheng’s voice softened.

Luckily, he was by her side at that time.

If it was really because of them that she had to suffer everything from pregnancy to the birth of the children, he would hate himself to death.

Luckily, they were together in the past and right now.

Chapter 1303: Too Feminine

Although they had agreed to move back to the Fu Family’s mansion, Fu Shengying and the others still could not bear to no longer be able to see the view of villa seven.

Before she got into the car, Mrs. Fu stressed to Fu Hanzheng repeatedly.

“Talk with Gu Weiwei so that we can see the two children as soon as possible.”

“I will try my best,” Fu Hanzheng replied with a gentle voice.

“Don’t just try, it must happen. How many times do you want me to repeat myself?” Fu Shengying could not help but get anxious when he saw that he was not concerned about the two children.

Seeing that the atmosphere was not right, Mrs. Fu urged Fu Shengying to get into the car.

“Let’s go, they have to discuss this matter themselves, not us.”

Fu Shengying and the others left in the car. Seeing their car leaving, Fu Hanzheng returned to Gu Weiwei’s villa.

Seeing him coming back, Gu Weiwei could guess what was going on.

“Old Lady and the rest went home?”

“Yes.” Fu Hanzheng nodded and saw her getting changed and getting ready to leave. “Going out?”

“The weather is good, Yuan Bao is also on leave this weekend, so we are going to take the children to the park,” Gu Weiwei said as she placed the two children into the pram.

Fu Hanzheng looked at the three of them who were dressed in matching parent-child outfits. She was wearing a pink and blue knitted yarn dress and the two of them were wearing matching vests. The three of them looked very cute.

“I don’t have a share in this outfit?”

Gu Weiwei frowned and said with a complicated smile, “This color is too feminine for you.”

He was always dressed formally. Even his casual clothes were consistent in neutral or dark colors.

She truly could not think of him wearing this pink color.

Dressed in a leather jacket, Yuan Meng approached her and said to Fu Hanzheng as she took hold of Gu Weiwei’s shoulders, “President Fu, this color will be too shocking on you and... I am her boyfriend, so please play the role of her ex-husband.”

Fu Hanzheng sighed. “We can talk about it in the future.”

“You are going out with us?” Gu Weiwei asked worriedly when she saw his tired face.

He must not have had much rest when he arrived last night.

“Of course.” Fu Hanzheng expressed.

It had been a few days since they last met, and now he was able to spend time with her and the children openly.

“Why don’t you take a rest at home, we can take the children with us.” Gu Weiwei could not bear to see him with dark circles under his eyes and make him accompany her and the children out in the sun.

However, Fu Hanzheng had already pushed the pram away.

“Just treat it as jet lag.”

Gu Weiwei grabbed the keys and followed him out.

Yuan Meng, on the other hand, was walking behind with Yuan Bao and his scooter. When they reached the road, she put down the scooter for him.

Yuan Bao soon caught up with Gu Weiwei and Fu Hanzheng.

Fu Hanzheng was pushing the pram with one hand and Gu Weiwei was walking next to him with the other. They were walking slowly along the shaded path.

“How did you trick your family?” Gu Weiwei was curious.

Fu Hanzheng’s beautiful lips turned up. “Well they told me that you had abandoned me and gotten yourself a new boyfriend.”

Because of Yuan Meng, the family became even more nervous.

“What a huge problem.” Gu Weiwei chuckled.

It was beneficial for them, but Yuan Meng was currently hated.

Fu Hanzheng smiled and looked very gentle under the sunlight, just like how he looked when he was with them in Dubai.

“They need some stimulation.”

He knew very well that the bottom line and deciding factor of his family was not her past with the Gu Family, but the two children instead..

Chapter 1304: Helping My Brother

The park was quiet and beautiful.

Yuan Bao was playing around on the scooter and Yuan Meng did not follow Gu Weiwei but found a bench for herself to smoke alone on.

Gu Weiwei and the children walked for a while and found a place to rest. Then she carried Youyou out of the pram and showed him the scenery.

Fu Hanzheng, on the other hand, was holding his youngest daughter Tiantian in his arms. The girl seemed to like coming out to play, and she kept moving around in his arms excitedly.

They were just having fun in the park with the children when Fu Shiyi and Fu Shiqin dropped their work and ran over. Seeing them sunbathing and playing with the two children, they ran over excitedly.

“Baby Tiantian, Baby Youyou, did you miss Second Uncle?”

“Third Uncle missed you so much.”

...

The moment they came, they took away the two children.

Fu Hanzheng and Gu Weiwei were very happy and gave the children to them.

However, the two of them sat leisurely on the bench and watched the two uncles talking to the two children.

“Baby Tiantian, is Third Uncle more handsome or is Second Uncle more handsome? If you think Second Uncle is more handsome, then don’t smile. If you think Third Uncle is more handsome, then smile, alright?”

Seeing Fu Shiyi’s weird expression, Tiantian chuckled.

Fu Shiyi smiled in satisfaction and praised her.

“Sure enough, Baby Tiantian has the best taste.”

Then he glanced at his brother and whispered, “Then, if your father is more handsome, don’t smile. If I am more handsome than your father, can you smile?”

Tiantian could not help but laugh.

Hearing the words, Fu Shiqin turned to Fu Hanzheng and Gu Weiwei who were sitting on the bench.

“Brother, Third Brother tricked your daughter into thinking that he is better looking than you!”

Fu Hanzheng looked calm, as if he did not care at all.

But the smile on his face made Fu Shiyi's hair stand on end and he showed a frightened expression.

"Brother, you are the best-looking one, you are the best-looking one!"

Gu Weiwei chuckled. "Third Master, are you so weak hearted?"

His brother had not even said anything and yet he was already so frightened.

Fu Shiyi walked away with Tiantian in his arms. It was not that he was weak hearted, but his brother was too scary.

If he did not recognise to be afraid now, his brother would take revenge on him later.

They stayed in the park for a long time and did not return until the two children were hungry.

The moment they came home, Fu Shiyi and Fu Shiqin kept taking pictures of the two children, drinking milk, drinking water, chewing on their hands and sleeping...

The two of them took a bunch of pictures and secretly sent them to the family group. Soon, Fu Shengying and the others, who had returned to the old mansion, appeared in the group.

Fu Shiyi: [How did you two get there?]

Mrs. Fu: [How can you visit the children?]

The slowest reply was from Old Lady, who sent a voice message: "How can you visit the children, is she willing to let you watch them?"

Fu Shiyi thought for a while and discussed what their joint answer should be with Fu Shiqin.

[We are here to help our brother!]

[True, it is so difficult for our brother to fight alone on such a big matter.]

...

The two of them could almost imagine that their father was bubbling with jealousy right now.

They wanted to meet their grandchildren but were unable to. However, their sons were holding them in their arms.

But Fu Shengying did not suspect anything.

[Take more pictures and send them back. Help your brother to bring the children home as soon as possible..]

Chapter 1305: Husband and Wife

Fu Hanzheng stayed at He Chi's because of the elders of the Fu Family, and Fu Shiyi and Fu Shiqin moved in with him.

Fu Shiqin and Fu Shiyi did it for the sake of looking at the children, but they told their family that they were helping their brother to get custody of the children.

The three brothers stayed here for a few days but were still called home by the Fu Family's mansion eventually.

Fu Hanzheng accompanied Gu Weiwei for dinner and returned to the Fu Family's mansion.

Fu Shengying and the Old Lady were worried about their progress, so they did not even eat dinner. They asked them the moment they saw the three of them entering the room.

"You have been over there for days, what did Gu Weiwei say?"

Fu Shiqin shook his head and sighed. "I can see the children occasionally, but it seems that she doesn't want to give the children to the Fu Family."

Fu Shiyi then said, "But the two children are very close to us, and even closer to their father."

After their performance, they blinked at Fu Hanzheng, indicating that it was his turn.

However, Fu Hanzheng said nothing and sat down on the sofa with a serious face.

"They were husband and wife, so why is she so determined?" Mrs. Fu was frustrated.

She was fine, but her husband and the Old Lady had been so worried about their two children.

"But the children were carried for nine months in her belly and she gave birth to them after the divorce. How could she possibly agree to us wanting to take her two children?" Fu Shiqin sighed anxiously.

Fu Shengying threw a look at Fu Hanzheng who had been silent the whole time. "So she doesn't want you to see the children?"

"I am allowed to meet them, but... she has made it clear that I am only able to look after the children and that I will not be taking the children back to the Fu Family." Fu Hanzheng looked very sad.

If they had not seen him previously holding his lovely wife and children in his arms, Fu Shiyi and Fu Shiqin would have believed that their brother was truly pitiful.

However, they understood what was going on, but they did not reveal it. Instead, they helped him.

"Brother, we are sorry."

"If you had not gotten a divorce, you would have had a wife, a son, and a daughter living with you. It would have been such a wonderful thing, but now... sigh..."

...

Fu Shengying and the others stayed silent, looking serious. They knew that asking Gu Weiwei for custody of the children was a bit too much.

But they really wanted their grandchildren.

But now, Youyou and Tiantian were the only grandchildren of the Fu Family, so they couldn't help being anxious.

Especially the Old Lady. At her age, she still had a few years left to live. She only hoped that while she was alive, she could freely meet her golden grandchildren.

"If she is willing to send the children back to the Fu Family, she can request whatever she wants, but she won't agree to that, will she?"

"Dad, you must be joking." Fu Shiyi pursed his lips and complained to his father. "She is earning money even now, and it is not as if she can't support herself and her children. When she wanted something and was with our brother, she did not actually have to rely on the Fu Family."

"Then what must we do to make Youyou and Tiantian return to the Fu Family?" Fu Shengying asked Fu Hanzheng.

"She doesn't want us to affect her relationship with that man," Fu Hanzheng said with a low voice.

"That man? The hooligan man?" Fu Shengying asked.

Fu Hanzheng nodded. "That man."

"What... does she like about that man?" Fu Shengying just could not figure it out.. He said to Fu Hanzheng as he stared at him, "You used to do whatever it took to achieve your goal, so what is going on this time?"

Chapter 1306: Seeing Through the Marriage Plan

"You want my method to be by hook or by crook?" Fu Hanzheng sneered and asked Fu Shengying, "Do you want me to send someone to bring the children back by force?"

Fu Shengying pursed his lips and said nothing.

He just felt that if he really wanted to bring the two children back, he could easily do it with his intelligence and clever methods.

"Or... do you want me to suppress her career and target the people around her, forcing her to give up custody of the children?" Fu Hanzheng looked at Fu Shengying in astonishment and said, "I already owe her and the children a lot, I don't want to do this anymore."

"Alright, no matter how anxious you are, we have to discuss this matter," Old Lady said with a low voice.

If it was just to bring the children home, then the Fu Family could do it easily.

But the Fu Family did owe the three of them too much and they just could not bring themselves to do that.

"That is why I said that it won't work unless our brother gets her back, then your grandson and granddaughter will be home and our brother will no longer be single. The children will also be taken care of by both their parents. Isn't that great?" Fu Shiyi suggested the possibility of remarrying again.

Fu Shengying and the Old Lady exchanged a look and the Old Lady said, "You can do whatever you want."

"What should we do?" Fu Shiqin asked.

Old Lady got up. "I am a bit tired, I am going back to rest."

Fu Shengying coughed and left too.

“I have something to do in the study.”

They were the ones who had suggested the divorce and they had been very determined.

If they mentioned remarrying as an option now, they would be slapping themselves in the face.

“Dad, what should we do? Should we ask our brother to bring the childrens’ mother back? Say something before you leave,” Fu Shiyi shouted at the man going upstairs.

Fu Shengying stopped and turned around after a few seconds of silence.

“Let us think about it.”

Fu Shiyi and Fu Shiqin exchanged a look. It seemed that there was a chance.

Sure enough, for the sake of his grandchildren, he could compromise on any principle.

Seeing Fu Shengying and the Old Lady leaving, Mrs. Fu sized up her three sons sitting on the sofa.

“Now that your grandma and your father are gone, can you tell me what you are up to?”

“What we are up to? What would we be up to?” Fu Shiqin pretended to be dumb.

They were so flawless, how could his mother be suspicious?

Mrs. Fu took a sip of the tea and said, “Your reactions are too odd. Isn’t it obvious that you have other intentions?”

Before today, she had thought that something was wrong with them, but she had not been so sure.

It was not until Fu Shiyi mentioned remarrying that she suddenly realized that there were many suspicious points.

Fu Shiyi and Fu Shiqin exchanged a look and then looked at their brother.

“What is wrong with us? Mom, you are thinking too much.”

Mrs. Fu was too lazy to ask them anything more. She looked at Fu Hanzheng and asked, “When did you know that Gu Weiwei was pregnant and had children?”

Fu Hanzheng knew that he could not hide it from her, so he told her the truth.

“Before the children were born.”

“So she was there when we went to Dubai for the New Year, right?” Mrs. Fu asked.

At that time, she had found it strange that he lived in such a small place.

Also, he kept urging them to return home.

“Yes, she was waiting to give birth.” Fu Hanzheng confessed..

Chapter 1307: Reunion

Mrs. Fu was not surprised to hear his confession.

Based on her understanding of this son of hers, he would not give up on Gu Weiwei so easily.

Before he returned, she had many guesses, but it was not easy to verify them, so she turned a blind eye to them.

After he returned home, he showed a very cold attitude towards Gu Weiwei in front of them, including Shiqin and Shiyi. But the elders didn't notice anything odd because they were very concerned about the two children.

It was not until they kept mentioning the matter of remarriage that she vaguely understood their purpose.

They were trying to use these two children to get the Old Lady and Shengying to approve of Hanzheng and Gu Weiwei remarrying.

And so far, they had almost succeeded, and they only needed the Old Lady and Fu Shiqin to explicitly agree.

"I knew that you would not have truly cut yourself off from her."

Instead of being tight-lipped, Fu Hanzheng said calmly, "Now, the two children can't live without their mother."

If everything was not part of his plan, the Fu Family could bring the two children home by force, but they might not be able to give the children everything they needed.

Mrs. Fu nodded in agreement. "I don't object to you remarrying."

"Mother is wise." Fu Shiyi and Fu Shiqin flattered her.

Mrs. Fu glared at them. "Don't keep mentioning remarriage in front of them, in case they figure out what you are doing."

When she realized, she pretended not to know anything.

But if Shengying and the Old Lady found out about it, things would not be so easy to deal with.

They would only think that they were lying to them, and then it would not be so easy for them to remarry.

"I know, Mother is right," Fu Shiqin said instantly.

Fu Shiyi approached and massaged Mrs. Fu's arms as he said with a smile, "So, Mother, are you helping our brother too now?"

"I will try my best to persuade them but keep what you have done a secret forever," Mrs. Fu said.

She had been in the Fu Family for so many years and she knew the Old Lady and her husband well.

If they knew that they had planned everything, they would be furious.

"Of course." Fu Shiqin nodded.

Mrs. Fu threw a look at Fu Hanzheng and said with a gentle voice, "It's good that you were by Weiwei's side when she was pregnant, otherwise the birth of the children would have been too bitter."

Fu Hanzheng stayed silent. Although he was by her side at that time, there were still many things he could not share her burden with.

"I will persuade the Old Lady and your father, and you will take good care of Weiwei and the two children." Having said these words, Mrs. Fu got up and went upstairs to rest.

Seeing her leaving, Fu Shiyi patted his heart and mumbled, "Our mother is so smart!"

"If our mother can tell, will our father and the Old Lady suspect something too?" Fu Shiqin asked.

"No," Fu Hanzheng said coldly.

The Old Lady and his father only wanted the two children to come home as soon as possible, so they would not care about anything else. Also, there were many things that they had not discovered.

As long as their mother did not say anything, they would not suspect anything.

Also, there were many things that could only be discovered from a mother's attentiveness.

If his father and the Old Lady knew about his plan, they would not have asked him to bring the two children home in such a hurry..

Chapter 1308: Winner With a Wife and Cute Baby

Although Fu Shengying and the Old Lady did not ask them to remarry, they did not object as fiercely as before.

That was a huge change for them.

Mrs. Fu went upstairs and Fu Hanzheng was about to return to Zhujiang alone, when Fu Shiyi and Fu Shiqin followed him.

Of course, Fu Hanzheng lived in villa seven and they lived in He Chi's place.

Then they went to visit them early in the morning for food and to tease their niece and nephew.

Fu Shiqin had just finished breakfast and was about to hold his nephew in his arms to experience how cute he was... when the elders from the old mansion called. He went to answer the call.

"What can I do for you, Father?"

Fu Shengying cleared his throat and said seriously, "Your brother needs to cultivate his relationship with the two children in the coming days. You are still in charge of the company, so let your brother take a good rest."

Fu Shiqin threw a look at his brother who was flirting with Gu Weiwei not too far away. "There's no need for me to be in charge of the company anymore, right?"

“Get your brother to focus on taking care of the two children. That is what your brother needs to do right now,” Fu Shengying said with a low voice.

“But you can’t just use me as a tool!” Fu Shiqin said bitterly.

Because his brother went to keep his sister-in-law company during her pregnancy and childbirth, he had been very tired during the past year.

He had waited so long for him to come home and now his father was asking him to let his brother take a break.

His brother had a lovely wife in his arms and cute children by his side, living a sweet life compared to the rest of them, and he was still showing off in front of them.

“This is a request from the family, not something that is up for discussion with you. It’s final.” Fu Shengying hung up after delivering the message.

“Dad, dad, dad...” Fu Shiqin was about to negotiate when he was hung up on.

Fu Shiqin was playing with Tiantian in his arms, gripping the little girl’s chubby fists.

“What is it? What did our father do to you?”

Fu Shiqin looked bitter. “He asked me to manage the company so that our brother and the children can develop a good relationship. It is too much!”

“Forget it, you can’t fight back, just work hard.” Fu Shiyi threw a sympathetic look at him.

Unconvinced, Fu Shiqin approached Fu Hanzheng and asked, “Brother, you have been gone for so long, shouldn’t you visit the company?”

“No time.” Fu Hanzheng refused to return to the company, while holding Youyou in his arms.

Fu Shiqin suddenly felt helpless. He was a lonely single man, yet he still had to work overtime for his brother who had a lovely wife and cute children. What was wrong with him?

Fu Hanzheng checked the time. “Shouldn’t you two go to work?”

This was not their home, and they were in the way.

“I am resting today, I can take care of your children for you,” Fu Shiyi said.

It was too boring to go to work, and it was more fun to hang out with Youyou and Tiantian.

“I don’t need your help,” Fu Hanzheng said coldly.

It was not easy for him to spend time with her and the two children. He did not want to have such a huge third wheel next to him.

“Brother, I can take the children out, and you can spend some alone time with sister-in-law,” Fu Shiyi said and winked at his brother.

After all, Sister-in-law was home without him for one week and absence made the heart grow fonder. With Youyou and Tiantian as the third wheel, they would not be able to live the life of a couple.

Fu Hanzheng thought for a while. "Three hours."

Gu Weiwei objected instantly.

"He can't take care of them."

She had taken care of them for so long and if no one had been helping her, even she would not be able to deal with them alone.

What was more, Fu Shiyi had never taken care of them before.

If it was just holding them like this for an hour and a half, that would be fine, but he would need to take care of them for a few hours. It was obvious that he could not deal with them.

Fu Hanzheng said, "Get the nurse to help."

Gu Weiwei pursed her lips and nodded helplessly.

"Then where are we going to go?"

With the children in his arms, Fu Shiyi suggested.

"500 meters to the right, there is a hotel.."

Chapter 1309: Suitable for You and Brother

Having heard his words, Gu Weiwei glared at him.

"What did you say?"

Fu Shiyi laughed dryly. "That hotel has a nice cafe, suitable for your date with our brother."

Gu Weiwei gritted her teeth. He had not said it for them to go to the cafe, but to check in to the hotel itself.

Fu Hanzheng took hold of her shoulders. "Go and get changed."

Gu Weiwei went back to the room to get changed and asked Yuan Meng to put on her disguise, before asking Fu Hanzheng to leave.

Fu Shiyi opened his mouth in astonishment when he saw the girl who had covered her pale skin with dark foundation and painted several moles and pimples on her face. He was speechless for a long time.

"Sister-in-law, what are you..."

When people went out, they would try their best to put flawless makeup on.

But she painted herself as ugly as possible.

Ignoring him, Gu Weiwei grabbed the bag and said to Fu Hanzheng, "Youyou and Tiantian's clothes are a bit small, let's go out and buy some clothes for them. Also, Tiantian's pacifier dropped in Paris, we need to buy her a new one."

Fu Hanzheng frowned. "Didn't Martin Green design clothes for them?"

There were new works delivered every month, were they not enough?

"Martin designed their everyday wear, so we need to buy them pajamas and long johns," Gu Weiwei said.

Fu Hanzheng could not help but feel that it was a pity that their date turned into a shopping trip for the two children, but he still accompanied her out to the biggest store for babies.

Although Gu Weiwei had been disguised and was not recognized, Fu Hanzheng, who was so good-looking, still made them the center of attention.

Gu Weiwei was confident that no one would see through her disguise, so she focused on choosing what she needed to buy at the mall.

Fu Hanzheng followed behind her, paying the bill and carrying the things.

Some sharp-eyed businessmen recognized Fu Hanzheng and could not believe that such a wealthy man was with such a horrible woman.

However, Fu Hanzheng did not care about what others thought of him. He stayed with her and shopped with her, occasionally making some comments.

After Gu Weiwei finished shopping, Fu Hanzheng asked, "Want to take a rest before going home?"

After the two children were born, she spent most of her time facing the two little ones and she barely had any time for herself.

It was not easy for her to let go of taking care of the children for a few hours today, but even when she wasn't with them she was still busy thinking about the children.

Gu Weiwei thought for a while. "Isn't there a cafe downstairs? Let's go there."

Ever since they had two children, they had spent most of their time taking care of the two children and they rarely went on a date alone like before.

She also knew that he was planning to not focus on the children while on a date with her today, but he had still ended up spending so much time shopping for the children.

Fu Hanzheng nodded and followed her downstairs to the cafe. He asked for coffee for himself but only milk tea for her.

"Can I bring the children back to the old mansion next week?"

"Take them to the old mansion?" Gu Weiwei was surprised.

"We can let the elders meet them, then you can pick the children up in the afternoon," Fu Hanzheng said.

Gu Weiwei took a big sip of the milk tea and said to the man who had other intentions, "Are you bringing the children home to keep your father in suspense?"

She did not think that he was trying to bring the children home solely for the reason to reunite them with their grandparents. He had his own purpose for doing whatever he had decided.

“Something like that. I am afraid that they will run over here again if I do not let them see them.” Fu Hanzheng confessed.

Although the family asked him to stay here and help take care of the two children, if they could not see the children in the old mansion, they would come to live here too.

Therefore, instead of waiting for them to do that, he might as well bring the children home and leave them in suspense.

Chapter 1310: A Bed

They bought some things and sat in the cafe for more than half an hour, before driving back to villa seven in Zhujiang.

When they returned, the two children were taking an afternoon nap.

Fu Shiyi, who had been taking care of them for hours, was next to them.

But the house was already in a mess.

The children’s clothes, beds and sofas were all over the place, and the table with milk bottles and milk powder was in a mess. The milk powder and water were scattered all over the table, and the lid of the milk powder jar was not even closed.

Yuan Meng leaned against the sofa and played games on her phone as she complained to the two of them.

“The house had almost been demolished.”

The two children were so hungry that they cried. He insisted on making milk for them, but the milk was too much and the water was too little. The children did not drink it at all.

In the end, it was Yuan Meng who helped the two children finish their lunch.

Gu Weiwei glanced at the messy first floor and said helplessly, “I can tell.”

They had been out for four hours and all they had to do was feed the babies and put them to sleep.

However, anything was a huge test for someone who had never taken care of a child before.

“The children have just fallen asleep.” Yuan Meng turned to Gu Weiwei who was tidying up and reminded her. “So you still have two hours to go out and get a room.”

“Damn you!” Gu Weiwei glared at her.

“What about... staying at home?” Yuan Meng raised her eyebrows and continued. “But there are so many people at home, wouldn’t it be bad if we heard something we shouldn’t?”

“I am not as filthy as you.” Gu Weiwei snorted.

Having finished the game, Yuan Meng glanced at her and Fu Hanzheng.

“Your reaction will easily be misunderstood. Clearly you are not living a very harmonious life with Boss Fu in bed.”

“Not true!” Gu Weiwei snapped.

“If you were in harmony, you would not be so afraid of getting a room.” Yuan Meng reminded her with a sinister smile.

“You...” Gu Weiwei glared at her, feeling speechless.

Before she came back from Dubai, she had been squeezed to the point that she almost could not get out of bed. Should she not be afraid?

She was too lazy to argue with Yuan Meng, so she went back to the room with the things she had just bought.

Fu Hanzheng returned two important work calls, then returned to the master bedroom and took hold of his wife, who was busy arranging the children’s clothes.

“Put it down and let the servant tidy it up.”

“I’ll put it away myself. I want to know where it is when I need it.” Gu Weiwei explained.

Seeing her insistence, Fu Hanzheng did not try to persuade her any more but helped her to tidy up.

After they finished tidying, Fu Hanzheng took hold of her and kissed her. It was a simple kiss at first, but gradually, he kissed her deeper and deeper, making her addicted.

After a long while, Fu Hanzheng ended the kiss unwillingly and asked with a hoarse voice, “Shall we go out?”

Gu Weiwei blinked in astonishment and flushed.

“Go where?”

“To get a room,” Fu Hanzheng whispered.

Gu Weiwei pursed her lips – what was he thinking about?

She looked up at the man in front of her and nodded.

“But... be careful, don’t let Yuan Meng find out.”

If this woman knew about it, she would definitely laugh at her for a long time.

“I am going downstairs to get the car,” Fu Hanzheng said and kissed her lips.

He went downstairs and started the car, while Gu Weiwei adjusted her hair and walked out of the room calmly.

Then he said to Yuan Meng on purpose.

“I bought something too early for them, I need to go out again.”

“Okay,” Yuan Meng answered distractedly as she played with her phone.

Gu Weiwei stayed calm and went into Fu Hanzheng’s car.

Yuan Meng snorted after she left.

“So be it then, why make up such a silly excuse?”

She had called her filthy back then, but who was being filthy now?

In the end, they went to the place Fu Shiyi recommended.
