

MY HIDDEN 1361

Chapter 1361: For Gu Weiwei? 2

Will Dorrans sized up Gu Siting's cold expression and shivered inwardly.

When he agreed to cooperate with them, he had thought that he would not care about Gu Weiwei's death. After all, she was Cayman's daughter and not a real member of the Gu Family.

But now, Gu Siting wanted to finish him himself.

It seemed that the rumor was true. Gu Siting had fallen in love with Gu Weiwei, who was adopted by the Gu Family.

Ling Yan and her mother had died in his hands, and today, he was here to deal with him, the mastermind behind everything.

"President Gu, why are you picking on me, a living person, for a person who has been dead for years?" Will Dorrans slowly removed the safety and said with a smile.

Gu Siting's long fingers touched the glass and looked at the man who was pointing the gun at him.

"I am not going against you, but it is time to kill you."

"President Gu, that is boring. Is it worth it if you want to take my life and lose your own too?" Will Dorrans snorted.

He had the gun pointed at his forehead and he still wanted his life?

Did he think that just anyone could take his life?

Cayman Dorrans had ordered so many people to hunt him down and he had survived, so why should he be afraid of Gu Siting, a businessman?

"Don't forget that this is A Land. Since I dared to let you come here, I have no intention of letting you leave alive," Gu Siting said coldly.

Will Dorrans pursed his lips and he stayed silent for a while. He knew that he was not at an advantage in A Land.

"President Gu, why are you making such a fuss? As long as we bring down Cayman and I return to the Dorrans Family, I can help you deal with the Fu Family and we will be even, alright?"

Even if he and his men could kill their way out of this villa and managed to survive being hunted down by the Gu Family in A Land, Cayman Dorrans would still kill him elsewhere.

Therefore, the best choice at this moment was not to be Gu Siting's enemy.

"Even?" Gu Siting sneered and said, "You killed her and took away my most precious everything. You can't repay anything, not even if I have your life."

If killing him could bring everything back to the beginning, he would not hesitate to kill him a thousand or ten thousand times.

Hearing this, Will Dorrans knew that it was useless to say anything, so he pressed the gun against the man's head.

"Then don't blame me for being rude. If you want to live, you better tell your men not to do anything rash, otherwise... my gun is blind."

...

However, Gu Siting was still sitting there calmly. He raised his hand and signalled the bodyguard behind him to shoot Will Dorrans in the leg.

Will Dorrans did not expect that he would ask his men to shoot when he had the gun against his head. He pulled the trigger in anger.

But none of the bullets came out.

The bodyguard behind Gu Siting fired another shot at Will Dorrans' leg. The pain made him lose his balance and he fell to his knees in front of the sofa where Gu Siting was sitting.

Will Dorrans threw away the gun. "Gu Siting, you even bribed my trusted aide."

Only he and his trusted aide could touch his gun. His trusted aide had contacted Gu Siting and arranged for them to lie low in Shengxi Town.

Therefore, when Gu Siting sent his men to pick them up, he had already made up his mind to kill him here.

Also, his trusted aide had tampered with his weapon.

"You are a homeless dog and you are in danger yourself. No one would be willing to die with you." Gu Siting swirled the wine in his glass and said with clenched teeth, "You should not have done anything to her."

Because of him, because of Ling Yan and her mother, she left him.

Even if he had killed Ling Yan, Ling Yan's mother, Will Dorrans and even the people who had harmed her... Everything would not return to the beginning..

Chapter 1362: One Day

Will Dorrans knew that he would not be able to escape death, so he did not resist.

But every word he said to Gu Siting hurt.

"Gu Siting, even if you kill me, Gu Weiwei will never return. If I die, you won't be any better off. Cayman also wants to kill you, right?"

...

Gu Weiwei's death had concealed everything.

For some reason, someone found out about it and the deeper the investigation, the more was revealed. Ling Yan was found out and in the end, even he was found.

"So you want me to let you go and deal with Cayman with you?" Gu Siting revealed what he was thinking.

Will Dorrans fought the pain of the wound. "Now our common enemy is Cayman, and even if you kill me, Cayman will not let you go."

Cayman Dorrans wanted to get rid of Gu Siting, but for some reason, he did not.

Gu Siting stretched out his hand and the bodyguard placed his gun into his hand.

He took it, played with the gun in his hand and said indifferently, "Will, the moment I knew that you were the one who planned killing her, I wanted to hack you into pieces. It is already very benevolent of me to have let you live for so long."

Having said these words, he shot his other leg.

Will Dorrans screamed in pain and tried to resist, but the bodyguards were all pointing guns at him.

"Tie him up." Gu Siting ordered.

Two tall bodyguards stepped forward and carried Will Dorrans to the elevator.

His injured legs were bleeding terribly.

Gu Siting got up and followed him into the elevator. They went up to the top floor of the villa and saw Will Dorrans tied to the solar panel.

"Gu Siting, if you want to kill me, do it now! What do you want?" Will Dorrans spat out blood and bellowed with his teeth clenched.

"It would be too easy for you to die quickly." Gu Siting looked at the sun and said slowly, "The weather forecast says that Shengxi Town will be sunny for half a month, so you can enjoy the sunshine here."

"Gu Siting, are you crazy?" Will Dorrans cursed.

The solar panel could absorb heat and it was going to be sunny these coming days. He was going to tie him up here and leave him out to dry.

They had seen a lot of people who were involved in life and death situations, but it was rare for someone to prolong killing someone and torment them.

Gu Siting was unmoved by the cursing.

"Judging from the weather, you won't die in three days, but the water in your body will slowly evaporate and dry you out."

Will Dorrans glared at the man who was tormenting him. "Gu Siting, one day, you will die a horrible death too."

Gu Siting did not want to hear anything more from him, so he said to the bodyguards.

“If he says anything more, stay here and deal with him so that he can’t speak. Take him down when he is dead.”

The bodyguard took the tape and sealed Will Dorrans’ mouth, so that he could not utter a sound.

Gu Siting took one last look at him, turned around and went downstairs to the car, ready to go back to the Gu Family.

He had just gotten into the car when his phone rang. He answered it when he saw that it was Kuroda Shio.

“What is it?”

“President Gu, as you expected, Qin Lv... wants to meet me,” Kuroda Shio said.

He had thought that Qin Lv would not agree to their request, but he had called and asked him to meet him.

Chapter 1363: Fu Hanzheng

Gu Siting sneered and said calmly, “Assist him according to the plan and... don’t let the Fu Family find you.”

“Got it, President Gu, I will report to you if there is any progress” Kuroda Shio whispered.

“Be careful,” Gu Siting said and ended the call.

After the call, he looked down at the wallpaper on the phone and fell into a daze.

The wallpaper on the phone was a picture of Gu Weiwei on the red carpet at the film festival. She had looked over her shoulder when the crowd was rushing towards her.

He touched the phone screen, as if he were trying to touch the girl in the wallpaper.

Fu Hanzheng, I exchanged so much for her.

How could you take her away from me? How could you?

The driver sat in front and waited for a long time before hearing Gu Siting’s order.

“To the airport, back to the Gu residence.”

Will Dorrans would not die until a few days later, so he did not need to wait around until he was dead.

Also, someone would come for him soon.

The car drove away from the private villa to the airport and he returned to the Gu Family’s mansion in the capital of A Land. It was already night time.

The moment Gu Siting entered the house, he saw Watson, Cayman Dorrans’ trusted aide.

“Mr. Gu, Will Dorrans is in A Land, where is he?” Watson said nothing more and revealed his purpose of coming here.

Gu Siting entered the room, removed his coat lazily and gave it to the servant, looking slightly surprised.

“Why do you think he’s in A Land?”

“You have worked with him before, don’t pretend that you don’t know anything. He came to A Land just to seek refuge with you.” Watson looked angry.

If he wasn’t potentially related to Miss Weiwei’s rebirth, everything he had done would be enough to make Cayman kill him numerous times.

“I don’t know where he is, but I heard that he is dying,” Gu Siting said.

He knew that if he gave Will Dorrans to him, he would die too.

But he wanted those who had harmed him to end each other.

“Gu Siting, it is impossible for you not to know that someone related to you has fled to A Land.” As Watson spoke, he looked lethal.

He had killed Miss Weiwei and now he was colluding with Will Dorrans to kill Cayman. If Cayman had not given them the order not to kill him, without his order, countless people would have come to kill him.

“I can’t possibly know everyone here in the vast A Land. You think too highly of the Gu Family.” Gu Siting sounded indifferent, as if he had no intention of giving Will Dorrans to him.

Watson was annoyed, but he had to tolerate it because of Cayman Dorrans’ order.

In A Land, the Gu Family could find anyone they wanted.

He was not willing to say it, either because he was not willing to help find him or because he was in his hands, but either way he was not willing to let him bring Will Dorrans back to Italy.

“Gu Siting, Will Dorrans must die, stop playing tricks with us.”

“Go back and tell Cayman that the person you are looking for will disappear from A Land forever.” Gu Siting expressed his intentions in a roundabout way.

Watson understood what he meant. “Gu Siting, do you think that by killing Will, you can get rid of your grudge with the Dorrans Family?”

What he meant was that he would not hand him over, but he would make Will Dorrans disappear forever in A Land.

Chapter 1364: Weiwei

“Cayman wants me dead, I know,” Gu Siting said calmly.

He wanted him dead, but he did not kill him.

“It’s good that you know.” Since Watson could not find out from him where Will Dorrans was, he did not ask anymore.

After leaving the Gu residence, he called Cayman Dorrans in Italy and explained the situation.

Cayman Dorrans said straightforwardly, "Check where Gu Siting has been these days. He must have met Will Dorrans."

Judging from what Gu Siting had told Watson, Will Dorrans was about to die and he had seen him and done something to him.

It had only been a few days since Will Dorrans escaped to A Land.

So if they were to track Gu Siting's schedule, they would definitely find Will Dorrans.

Unless his trusted aide saw Will Dorrans' body with his own eyes, he would not believe anyone.

If Gu Siting was able to plot against him with Will Dorrans, then his words would be even more unbelievable.

"Yes, I will check now," Watson answered, then rang off and drove away from the Gu Family home.

However, when he learned of Gu Siting's whereabouts these days and found the private villa where Gu Siting imprisoned Will Dorrans, several days had already passed.

After he arrived at the villa, he was stopped by Gu Siting's men.

But after reporting to Gu Siting, those men let him in.

When Watson entered the villa, he was brought to the top floor of the villa and saw Will Dorrans, who was tied to the solar panel and had become a dried corpse.

After he confirmed his identity, he called Cayman Dorrans.

"Will is dead."

Cayman Dorrans stayed silent for two seconds. "Got it, don't leak any news for the time being."

He had given the order that whoever killed Will Dorrans would take his position.

Now, if this news was leaked, it would cause a huge sensation. He still needed some time to deal with the remaining arrangements.

"I know, I will deal with it." Watson had been by Cayman's side for years and he knew what he needed to do.

"Well, be careful," Cayman said.

Since Will Dorrans was dead, his next target was Anderson, who had been his enemy for years.

The Anderson Family were involved in Weiwei's death and now they wanted him dead. He was not magnanimous enough to pretend that nothing had happened.

"Cayman, then... Gu Siting..." Watson asked carefully.

"Just keep an eye on him," Cayman said.

According to Yuan Shuo, Weiwei's rebirth was related to Gu Siting.

So no matter how much he wanted to kill him, he could not kill him now.

But he would not allow him to approach Weiwei and disturb her current life.

He knew that he still had not given up on Weiwei, but seeing Weiwei and Fu Hanzheng happy was enough to torment him.

Nothing was more painful than taking away everything a person wanted.

He would never be able to have everything he wanted, but he could only watch Fu Hanzheng have it. He would spend the rest of his life in misery.

No matter how unwilling he was, Weiwei was still beyond his reach..

Chapter 1365: Fu Hanzheng's Uneasiness

In the capital city of Hua Land.

Gu Weiwei was taking care of the two children at home and she did not care much about the outside world, let alone knowing what happened between the Gu Family and the Dorrans Family.

Fu Hanzheng would help her take care of the two children every morning, and he would only go to the company after he ate something. He would also come home early in the afternoon, just like a model father and a good husband.

But a piece of news about the Gu Family these past few days made him a bit uneasy.

Kuroda Shio was missing.

This man had always been Gu Siting's right-hand man and if he suddenly disappeared, he must have been carrying out some secret work for Gu Siting.

On the way home from work, Fu Hanzheng asked Fu Shiqin as he leafed through the unfinished files, "Still no sign of Kuroda Shio?"

"No, did he betray Gu Siting and..." Fu Shiqin indicated that he had been killed by the Gu Family.

Without looking up, Fu Hanzheng said, "The Kuroda Family has been with the Gu Family for three generations. They can't betray the Gu Family so easily."

"It's just a missing assistant, there is no need to go through so much trouble to find him," Fu Shiqin mumbled. He and Lei Meng were very tired from searching for Kuroda Shio these past few days.

"Keep looking, find out where he is and what he is doing as soon as possible." Fu Hanzheng urged him seriously.

After Weiwei brought the children home and ran into Gu Siting in Paris, he had been feeling uneasy. He had a feeling that Gu Siting would do something to the Fu Family during this time.

Therefore, he had been paying close attention to his every move since they returned home.

However, if his men lost Gu Siting, they would have no idea where he was or what he was doing.

This feeling made him very uneasy.

The grudge between the Fu Family and the Gu Family was because of the previous generation.

And now Gu Siting was targeting him and the Fu Family for one more reason – Weiwei.

“I have told Lei Meng and the others that Gu Siting, Will Dorrans, and the Anderson Family did not cause any trouble when they joined forces.” Fu Shiqin had always looked down on Gu Siting, so he did not think that he could deal with his brother.

However, Fu Hanzheng had never underestimated this opponent, especially when he was eyeing Weiwei.

Cayman Dorrans was too busy to care about him, so he might have to do something about it.

Gu Siting’s every move was watched by the Fu Family, so he could guess what he was up to.

But this time, he did not do anything, but his trusted aide, who had been following him all this time, had disappeared, which made him feel uneasy.

“I’m not afraid of Gu Siting, but I am afraid that the two children will become his targets too.”

If it was against him, he would not let him succeed so easily.

With Weiwei’s intelligence and skills, she would find a way to inform him immediately, even if she could not escape.

But if they could not protect the two children well, Youyou and Tiantian, who could not even speak or walk at the age of six-months, they would be at Gu Siting’s mercy.

Weiwei cared so much about the two children. If he did not protect them well and something happened to them, she would go crazy..

Chapter 1366: Good

Hearing that it was about his lovely nephew and niece, Fu Shiqin became serious.

“I will call Lei Meng later, but Will Dorrans is being hunted by Cayman and the Anderson Family can’t even take care of themselves. How can he alone turn the situation around?”

Without the Anderson Family as the shield, it would not be so easy for Gu Siting to fight his brother.

“Call him now, and don’t mention it in front of Weiwei when you get home.” Fu Hanzheng stressed.

She had stopped filming and stayed at home to take care of the two children. She loved them deeply and if she knew about this, she would be even more worried.

“Got it.”

Having said these words, Fu Shiqin made a call to Lei Meng and stressed that he must find out where Kuroda Shio was as soon as possible.

After the call, he glanced at his brother discreetly.

“Brother, Sister-in-law is the one who spends the most time with the children. Let her know that it is better to be careful.”

After all, she would only be extra careful when she knew about the situation. That would also be a great help towards her and the children’s safety.

“She has been through too much alone.” Fu Hanzheng sighed.

Before they met, she had experienced too many painful experiences and he was not by her side.

He only hoped that she would be happy every single day by his side.

As for the bad things, they should all be isolated away from her world.

“Alright.” Fu Shiqin understood what he meant and stopped mentioning it.

He also knew that his sister-in-law had suffered a lot at the Gu Family before she met his brother.

However, he was just feeling sorry for his brother, but he also did not want her to worry about the Gu Family.

When they returned to villa seven, they found Gu Weiwei and the nursery teacher taking care of the two children and feeding them dinner.

Youyou and Tiantian, who were almost seven months old, had started to grow teeth. They had two small teeth and when they smiled, they looked very cute.

“Youyou, Tiantian, Second Uncle is back!”

The moment they entered the house, Fu Shiqin tossed away his briefcase and ran towards them. He was even more proactive than Fu Hanzheng.

The two little ones were sitting on the cushions and he sat down too. He hugged Tiantian and reached out to stroke Youyou’s head.

Fu Hanzheng entered the house, glanced at the two children and approached Gu Weiwei.

“Were they obedient today?”

Gu Weiwei gave the feeding work to the nursery teacher and gave Fu Hanzheng a big hug.

“They are quite obedient today, and so am I.”

Fu Hanzheng smiled brightly and kissed her forehead.

No matter how busy he was with work and how much trouble he was in, as long as she was here, with his lovely wife he would feel that there was nothing more he could ask for.

“Dinner is ready, let’s eat first?” Gu Weiwei looked up and asked with a smile.

“Okay.” Fu Hanzheng took her into the dining room.

Fu Shiqin turned around and saw the two people who had left their son and daughter behind.

“Sister-in-law, are you not going to care about the children?”

“Just feed them yourself.” Gu Weiwei turned around and smiled, then went to eat dinner with Fu Hanzheng.

She spent more time at home than with Fu Hanzheng.

She spent most of the day with the children and Fu Hanzheng only had a few hours free after work.. Of course, it was more important to keep him company at this time.

Chapter 1367: True Love

Fu Shiqin went to help feed Tiantian and Youyou first before heading to the dining room for dinner.

The moment he entered the dining room, he could smell the strong aroma of their love.

His brother was picking out the bones carefully and putting the fish into Gu Weiwei’s bowl.

He sat down and saw that only the head and the long fish spine were left of the sweet and sour fish dish.

“Brother, I want fish too.”

Fu Hanzheng squinted at him. “Eat the fish head,” he said as he placed another piece of fish with the bones removed into Gu Weiwei’s bowl.

Gu Weiwei put it into her mouth in satisfaction. “Second Master, not everyone can be treated like this.”

She liked fish, but not the fish bones.

But every time she ate with Fu Hanzheng, it was very easy to eat fish.

Fu Shiqin pinched the fish head and complained quietly.

“Love is more important than brotherhood.”

“What did you say?” Fu Hanzheng asked coldly.

“I said... the fish head is delicious,” Fu Shiqin said with a smile.

Gu Weiwei corrected him instantly. “He said that you value your wife more than your brother.”

Fu Hanzheng glanced at Fu Shiqin. “Do you think it should be different?”

“...No.” Fu Shiqin got frightened instantly.

What could he say?

What would he dare to say?

Gu Weiwei chuckled. “Isn’t it obvious that I am above you in your brother’s heart?”

After revealing the secret of her identity, she had never doubted that her position in Fu Hanzheng’s heart would be affected by anything.

Fu Shiqin did not want to be filled with love on this topic, so he asked, “Where is Third Brother? Is he chasing Ding Dingdong again?”

“He must have gone to find Ding Dongdong,” Gu Weiwei said.

Fu Shiqin chewed the fish head happily and asked curiously, “Logically speaking, if she wanted revenge, Ding Dongdong should have appeased the hatred in her heart after giving Third Brother the cold shoulder for so long. If she continues to give him the cold shoulder, he will be one even more desperate.”

“That might be a good thing,” Gu Weiwei said.

If she gave in just like that, Fu Shiyi would not necessarily like her.

“If it is not that she doesn’t like Third Brother, then she should just date him.” Fu Shiqin spoke up for Fu Shiyi.

Gu Weiwei took some soup and took a small sip.

“Liking him is one thing, but Ding Dongdong has fallen for Third Master once before. If Third Master is not 100% in love with her, she will not be able to confess her true feelings to Fu Shiyi.”

Because she was afraid that if she gave her heart to him sincerely again, he would just play with her.

“100% in love?” Fu Shiqin frowned, finding it hard to understand.

Gu Weiwei threw a sweet look at Fu Hanzheng. “Just like how your brother likes me.”

Fu Shiqin pursed his lips helplessly. “Sister-in-law, I know that you two are in a good relationship, but you don’t have to keep showing me your love. Please, let me go.”

“It’s true love.” Gu Weiwei stressed.

When their hearts were filled with each other, it was natural that they would unintentionally show off their love.

Fu Shiqin felt that this sweet and sour fish head was a bit greasy. Sometimes, he just could not understand why his brother’s brain was so different from normal people’s.

After he had decided to be with Gu Weiwei, he could tolerate whatever his sister-in-law did, as long as it was not a betrayal.

Especially after he found out about the relationship between sister-in-law and the Gu Family, his reaction was too difficult for him to understand.

If it had been him or Fu Shiyi, they would have broken up with her on the spot.

But his brother knew everything and had still dragged her to register their marriage, as if he was afraid that she would run away..

Chapter 1368: Movie Queen

After dinner, Gu Weiwei and Fu Hanzheng were playing with their daughter in the living room.

On a whim, she lectured her daughter in her arms.

“Tiantian, call me Mama, Mama...”

The little girl blinked her cute eyes and called out happily.

“Baba, baba...”

Gu Weiwei sighed helplessly and continued.

However, the girl still called her Baba.

Fu Shiqin said excitedly, “Brother, look, Tiantian is calling you too.”

Gu Weiwei had tried to teach her daughter all she could, so she turned to Youyou instead.

She smiled at her son in Fu Hanzheng’s arms and demonstrated.

“Youyou, call me mama, mama!”

However, after being startled for a few seconds, the sound called out was still Baba.

He was not the only one who called her that, so did Tiantian. The more they called her, the more excited they became.

Gu Weiwei sighed in disappointment. “You two are so heartless, is it so difficult to call me Mama?”

Fu Hanzheng was very happy when the two children called out ‘Baba’.

But he still consoled his wife.

“They are still young, and it is a bit difficult for them to pronounce ‘Mama’. They are still unable to form the word, so they will call you Mama in a few months.”

Gu Weiwei lowered her head and kissed her daughter’s soft hair. “Then let’s wait.”

Of course she knew that it was not the time for the children to learn how to speak. She just wanted to try teaching them when she saw them babbling every day.

Fu Shiqin turned on the TV in the living room, he drank the soup and watched the evening entertainment news.

A report about Li Xing’er with her child was shown on TV, which attracted his complaints.

“Isn’t it just a parent-child variety show? The audience is forgetful too. They’ve even forgotten what she did before. So a child is now enough to clear her name?”

Li Xing’er had been forced to quit the entertainment industry because she had and Zhou Meiqin had tried to ruin his sister-in-law’s career.

But ever since she gave birth to the child, she had been on a parent-child variety show and gained the image of a good mother, and gradually, she had been cleared of her previous image.

After complaining angrily, he turned to his sister-in-law, who was keeping the children company.

“Sister-in-law, are you not going to teach her a lesson?”

“Am I that free?” Gu Weiwei did not even watch the news.

Fu Shiqin sighed helplessly. She did not care about it, so what could he do?

Having complained about Li Xing'er, the next piece of news was about a new star returning to Hollywood.

It would have been great if it was just the usual news, but Gu Weiwei was involved.

The female star was called Collis. She was of mixed ethnicity and had outstanding features. Recently, she had taken over a big commercial contract that Gu Weiwei had terminated. The news kept comparing Collis with Gu Weiwei and demeaning Gu Weiwei, making Collis a rising star.

"Damn, are you serious? She has only starred in two movies in the past two years and won an award. She is so arrogant when she returns home. Sister-in-law was not so arrogant even when she created a box office of ten billion yuan..."

Fu Shiqin was very angry, even angrier than when he was attacked.

What was wrong with this journalist? They had compared Collis to his sister-in-law, and made her look like a rising star who had slayed a Movie Queen who was worth billions.

"Isn't that what the news in this industry is always like? This Collis has always had some acting skills," Gu Weiwei said sincerely.

Due to childbirth, she had not been working for almost two years and had not appeared in front of the media. Now that there was a new star who was very popular, of course she would be stepped on and become unsupported.

Chapter 1369: Can I Pinch You?

Fu Shiqin sighed regretfully and pointed at Collis who looked very recognizable on TV.

"Sister-in-law, many of the endorsements you terminated are now being taken on by this person. and she has brought your popularity with her."

Some even implied that his sister-in-law was an outdated movie queen "So what? Do you want me to put down my children and compete with her? Without Collis, there would be Li Lisi and Wang Lisi. Can I still win? Gu Weiwei countered with amusement

She was in this industry because she loved performing and not because she wanted to pursue fame and fortune.

"But sister-in-law, how can you stand it when she keeps stepping on your reputation? Fu Shiqin said in disbelief.

If it had been before his sister-in-law gave birth, she would have taught her how to behave.

"There are many people in this industry who are jealous of me, but I am not going to deal with them all." Gu Weiwei sounded relaxed, not caring about the news at all.

She had been planning to stay at home with the children for the next two or three years. There was no need for her to show up and argue with them over such a small matter.

With Fu Hanzheng by her side and the cute twins by her side, her life was already perfect. Why should she be affected by these irrelevant people and matters?

“Alright, as long as you are happy,” Fu Shiqin said helplessly.

She did not care about it, so what was he angry about?

Fu Hanzheng glanced at the news on TV and looked thoughtful. Seeing that the children were getting sleepy, Gu Weiwei picked up her daughter and said, “They are falling asleep; let’s send them back to the room.”

Fu Hanzheng followed her into the room with his son in his arms and asked with a low voice, when the two children fell asleep, “Won’t you regret letting go of your career because of the children?”

Gu Weiwei covered the two children with their blankets and chuckled “I can be a director whenever I want, but children only grow up once in their lives, I don’t want to miss it.”

The time from when a child was born, till around three or four years old, was when a child was most dependent on his parents. When he went to

kindergarten and then to school, would he then gradually grow up to be independent

Therefore, their time together was very important and precious. She did not want to be an absent mother at such an important time.

She was adopted into the Gu Family and although Mrs. Gu had always treated her well, the Gu Family had a purpose for treating her well.

She had never experienced the happiness of having her biological parents by her side. She did not want her child to be unable to have one of their parents by their side either.

She liked acting and directing, but she was not in a hurry to make a comeback for a few years. But if she missed the children growing up because of her work, she would regret it for the rest of her life.

Fu Hanzheng took hold of her waist and sighed.

“You are a good mother, and a good wife.”

Gu Weiwei chuckled and looked at him sideways.

You are a good father and a good husband”

Fu Hanzheng’s appearance had taught her what was most important and what was to be cherished the most.

Although they were still divorced on paper, yet when she thought of how she had confessed to him that she was Gu Weiwei and how he had put down his work the following day and come home to marry her, her heart still skipped a beat.

Didn’t he know about the grudge between the Fu Family and the Gu Family?

He knew that, but he also knew that he loved her more than anything else.

Therefore, he did not take revenge, question her or get angry. He only brought her to the Civil Affairs office to register their marriage and express his feelings and standpoint.

Chapter 1370: Boss' Backup

Gu Weiwei had totally forgotten about the news about Collis.

But Jolin, who had been paying attention to the entertainment industry, felt very annoyed.

During the weekend, he took Ji Cheng and Luo Qianqian to villa seven and visited Gu Weiwei and the two children

The moment Ji Cheng entered the room, she went straight to the two babies.

They were in their pajamas and were playing with the toys happily.

Jolin put the magazine on the table and said, "Look at these media companies, you have not shown up for more than a year and now every female star dares to use you as a stepping stone."

Gu Weiwei glanced at the news in the magazine. It was just that some media companies were comparing her to this Hollywood actress, and they were trying to flatter her and make her, Gu Weiwei, look bad.

Also, they had put in some original pictures of her and then photoshopped in pictures of Collis beside her ones.

Suddenly, she realized that Compared to her, Collis was like the difference between heaven and earth.

"This girl has good eyes and a good nose." Gu Weiwei commented.

"You!" Jolin was annoyed by her. "She has stepped on you and you still praise her for being good-looking. They said that pregnancy makes you dumb for three years, are you dumb too?"

"I am not signed to any work right now, so I can admire her." Gu Weiwei was very open-minded.

Jolin was raging in the living room, but he did not dare to get angry in front of

her, so he had to tolerate her and tried to persuade her.

“But if Collis tramples you like this today, countless people will follow suit tomorrow. When you make a comeback, the good reputation you have gained from winning awards for movies these past few years will all be ruined by these people.”

He knew that she was withdrawing because she wanted to spend more time with the two children.

But when the two children were older, with her passion for the film industry, she would make a comeback.

He did not expect for her to be able to keep her popularity for the next few years, but at least she would not ruin her reputation.

Hearing his words, Gu Weiwei pursed her lips and said, “Then what do you want to do?”

“Of course you are going to show up and teach her a lesson,” Jolin said furiously. She had never disappointed when it came to face slapping.

At the very least, she had the support of Boss.

“I don’t have time to teach her” Gu Weiwei smiled helplessly.

If she had time to argue with someone, she might as well stay at home with the children.

Then take some time to take some pictures, I can send the drafts.” Jolin took a step back.

Even if she had quit filming for more than a year and had two children, she was still more than good-looking enough to beat all the female stars in the entertainment industry.

Gu Weiwei still did not want to, but she agreed.

After all, Jolin was planning for her future, and if she was still unmoved, he would be very anxious.

Okay, I will book the stylist and photographer tomorrow, call me if you have time during the next week,” Jolin said instantly.

Hearing her words of agreement, Jolin decided to make a call right then and there, and made an appointment with the stylist and photographer.

“The stylist and photographer have already been booked. If you are free this week, you can do the shooting within a few hours.”

Gu Weiwei had not expected that he would move so fast that she had no chance to turn him down.

Then let's see.. in two days I will go there when I have time.”

Anyway, it was just a few pictures. At her speed, the makeup and shooting would take at most three hours.

It would save her a lot of time compared to going to work and arguing with others
