

MY HIDDEN 1371

Chapter 1371: Still Good-looking

Due to Jolin's urging, Gu Weiwei went to the studio later on in the week that Jolin had booked after watching the two children take an afternoon nap.

Jolin had been waiting for her. The moment he saw her, he urged the stylist to do her makeup and the photographer started to adjust the lighting.

Gu Weiwei looked at herself in the mirror and frowned.

"Do I need to look like this?"

In the past, her makeup was light and fairy-like, and it was rare for her to have such thick makeup.

"Let's make four sets, one for the villain, one for the queen and two for the ultimate style. We will definitely cause a sensation." Jolin said confidently.

"Queen? What the hell?" Gu Weiwei frowned even more.

Jolin smiled and started to explain.

"The aura you give off should be as handsome as Yuan Meng."

Gu Weiwei's lips twitched. "Why are we trying so hard?"

He wanted her to shoot two styles, one was beautiful and charming and the other was sexy and handsome. It was very different from her usual style.

"You haven't had any work for more than a year, so of course the pictures you release must be impactful." Jolin sized up her makeup with his arms crossed, feeling very satisfied.

She had always been elegant and fairy-like, and the fans and the public had seen her numerous times.

But she had never tried such a charming and sexy style before.

He believed that as long as it was released, it would definitely make the headlines.

Gu Weiwei did not object too much. She had only shown one style while in this

industry and one day, the fans would get tired of it.

The stylist checked the makeup and clothes and finally let out a sigh of relief.

“Alright, let’s start.”

Gu Weiwei got up and followed Jolin to the studio.

Although she had not been on any work assignments for more than a year, the moment she stood in front of the camera, she exuded a strong aura and started to work

The photographer talked with her about the style and feeling of this set of pictures and she instantly switched to another mode.

From the look in her eyes to the aura she exuded, she had turned into an enchanting villain.

Jolin was very excited. He had thought that it would be very difficult for her to get into the right mood after being pregnant and having a child for so long, but he had been worried for nothing.

She could appear in front of the camera anytime.

The first set was completed within one hour and then she went to get changed.

Her makeup had been completely changed, so that the soft look was reduced, making her look exquisite and grand.

Dressed in a black suit, she looked totally different.

When they arrived at the studio, the photographer took two pictures and adjusted the lighting before saying

“You need to be colder , more intimidating and more aggressive”

“Okay, let’s start,” Gu Weiwei said as she stood up and started to pose.

Jolin had hired a very excellent photographer and Gu Weiwei was very photogenic , so the shooting went very smoothly.

When Gu Weiwei went to remove the makeup, Jolin and the photographer were going through the photos on the computer.

“Miss. Mu has a very strong awareness of the camera, not a single picture is bad , ” the photographer said excitedly.

She was not only the darling of the big screen but also the darling of the

“Of course, my girl is not bad at all,” Jolin said proudly.

Even if she was out for a year or two, she was still good-looking and elegant.

Gu Weiwei removed her makeup, got changed and went over to Jolin.

“If there is nothing else, I am leaving now.”

The children should have woken up by now.

Youyou was easy to deal with, but Tiantian, this clingy girl, would definitely cry if she did not see her mother when she woke up

Chapter 1372: Still Good-looking 2

Jolin knew that she was worried about the two children, so he checked the time and said, “Then I will drive you home now.”

“No thanks, Lei Ning is waiting for me in the car,” Gu Weiwei said.

She had planned to drive herself, but Lei Ning insisted on driving her here and waiting for her to finish her work.

Jolin walked her to the parking lot and saw her getting into the car. Then he went back to the studio and talked with the photographer about the post-production.

Since the pictures were very good, Jolin got all the pictures within two days without much effort.

Jolin was helping Shiyi Culture with two newbies, and he happened to take one of them to an event, so he ended up being in the same makeup room with Collis.

Collis’ agent greeted him passionately.

“Jolin, you are here too.”

Jolin answered briefly and ignored him.

This man used to be his competitor and they had always quarreled with each other for the sake of their own artists.

But he had never been his match.

But because he had brought in Collis and his net worth had increased tremendously, and the artists he had brought in were all newbies who had just entered the industry, and also Weiwei was at home taking care of the child, he was now at a disadvantage.

“Jolin, our Collis has always admired Movie Queen Mu Weiwei, but she has not shown up for more than a year,” Collis’ agent said regretfully.

Hearing their conversation, Collis tuned to Jolin and looked at him through the mirror where her makeup was being done.

“Agent Jolin, if there is a chance, can you introduce me to Sister Wei?”

Jolin snorted. “Weiwei is two years younger than you, how can you call her older sister!?”

If Weiwei had not been keeping the two children company, she would have reached an unimaginable height in the industry.

But with her talent and ability, she could just work hard for a few more years and as long as she wanted to make a comeback, she could return to the peak anytime.

“It is just a matter of time before when we entered the industry. Sister Wei is my senior, so it is not wrong to call her Sister.” Collis defended herself with a smile.

When she was still a minor role in Hollywood, she had heard of this Movie Queen who was worth ten billion yuan. She had thought that she could meet her when she returned home, so that they could have a chance to work together.

Unexpectedly, after she returned to the country, this Movie Queen Mu Weiwei disappeared.

She did not make movies, commercials or attend any events. She was totally out of the industry and no one knew where she was and what she was doing.

“You did not show such respect to your seniors when you used Weiwei for your popularity.” Jolin sneered.

Without saying a word, Collis turned around and asked the makeup artist to continue with the makeup.

Her agent said sinisterly, “They are about the same age and they are in the same industry. It is inevitable that they will be compared by the media and fans. We don’t want that to happen either.”

Jolin sneered and said nothing more. Sitting next to him, he was going over the pictures sent by the photographer.

After the makeup was done, some photographers took pictures and edited them, before posting them on Weibo.

Collis had two very popular movies and she was on a variety show, so she was very popular these days.

One post on Weibo would definitely become a hot topic.

Actually, after the pictures were shown on Weibo, she reached the third most popular topic within an hour.

Jolin checked Weibo and saw that Collis’ fans were supporting Collis with Weiwei’s name.

After reading the post, he logged into Gu Weiwei’s account and posted a picture.

Chapter 1373: Kuroda Shio Appears in the Capital

It was just one picture and within half an hour, she had surpassed Collis and reached the top search.

[Weiwei: I disappeared for 603 days and I am finally back.)

{Why is there only one picture and not more?}

[What Collis? She is nothing compared to our Meiwei?]

[Do you really think that my idol is dead, just because you are trying to ride on her fame?]

[After Weiwei's movie, I have not been to the cinema for more than a year.]

After being silent for more than a year, one picture made countless fans go crazy.

Collis' agent soon received the news and saw that almost the entire internet was talking about this Movie Queen who had disappeared for more than a year.

Soon, the popularity of Collis' Weibo was pushed down to the top five of the hot search list.

Also, those fans who compared her to Mu Weiwei on Weibo were totally crushed by Mu Weiwei's fans.

Of course, Gu Weiwei, who was at home taking care of the children, had no idea.

She did not know about it until Fu Shigin came home and told her about it.

Fu Shigin clicked open Weibo curiously. "Jolin is so terrible at this! Why did he only post one picture?"

"Our sister-in-law is so pretty that she only needs one picture," Fu Shiyi said.

She had been silent for over a year and had only sent one picture, which was very precious to her fans.

However, Gu Weiwei was busy feeding her son noodles, so she had no interest in being involved.

"In this way, Collis should be more obedient," Fu Shiyi said.

No matter how much she tried, his sister-in-law would only release one picture and it would be enough to crush her.

It was normal for the public to get tired of seeing the frequent exposure of Collis, but when the Movie Queen, who had mysteriously disappeared for more than a year, suddenly had news, it made everyone even more curious.

"If she dares to be indecent, of course all her resources will be gone." Fu Shigin snorted.

His sister-in-law could tolerate it, but his brother couldn't.

In just one sentence, the movies that had set Collis to be in the lead roles were all changed today.

They must have received the news too.

Hearing Fu Shigin's words, Gu Weiwei glanced at Fu Hanzheng who was feeding his daughter water.

"You did something?"

In the entertainment industry of Hua Land, very few people could interfere with the resources of an A-lister.

But Fu Hanzheng could do it easily.

“No, it was decided on by a few investors,” Fu Hanzheng said innocently.

Gu Weiwei pursed her lips. “Don’t worry about that in the future. These are the rules of survival in this industry.”

“There is a charity event hosted by Fu’s Enterprise next week, do you want to go?” Fu Hanzheng asked.

Gu Weiwei frowned. “No need.”

After being silent for so long, almost no media company would look for her purposefully. If Jolin showed up again, he would become the target of all media companies.

“I want to be with you.” Fu Hanzheng stressed.

Gu Weiwei thought for a while. Due to his work and the children, they rarely went on a date alone.

“Since President Fu is so kind as to invite me, I will go with you.”

They were just talking when Fu Shigin received a call and came running over.

“Brother, I just received news that Lei Meng said that Kuroda Shio has appeared in the capital recently

Chapter 1374: Not Weiwei and the Children

“Kuroda Shi

Hearing the name, Gu Weiwei looked at Fu Hanzheng and Fu Shigin in astonishment. “What is Kuroda Shio doing in Hua Land?”

Kuroda Shio was Gu Siting’s most trusted aide. If he was in the capital of Hua Land, either Gu Siting was here or he had been ordered by Gu Siting.

They must have come to Hua Land for the Fu Family.

Fu Shigin slapped his forehead and realized that he had done something wrong.

His brother had repeatedly told him that his sister-in-law was not to know about this matter. He had been so agitated when he received the call that he had come straight over to tell him about it, totally forgetting that he was hiding this matter from his sister-in-law.

Fu Hanzheng threw a cold look at him and said after feeding his daughter water, “Not sure yet, but we should find out soon.”

“Did he come alone or with Gu Siting?” Gu Weiwei asked worriedly.

After she ran into him in Paris last time, she felt uneasy.

When Yuan Meng left, she kept reminding her to be careful. But now Kuroda Shio had come to the capital of Hua Land, which made her nervous.

“Well...” Fu Shigin glanced at his brother discreetly, wondering if he should continue.

Fu Hanzheng gave his daughter to the nurse and said calmly, "He came alone, don't worry, we can deal with it."

Gu Weiwei pursed her lips and did not ask anything more.

"Then... go ahead."

With such news, they would definitely investigate the purpose of Kuroda Shio's visit to Hua Land.

"You and the children should rest early," Fu Hanzheng said to her and asked Fu Shigin to go to the study.

The moment he entered the study, Fu Shigin admitted his mistake instantly.

"Brother, I am sorry, I forgot about it..."

"Where did he appear? Where is he now? Any news?" Fu Hanzheng asked what he needed to focus on.

The most important thing now was to figure out why Kuroda Shio was here.

Fu Shigin sighed helplessly. "We only found out that he appeared in Hua Land a few days ago, but we don't know where he is. This man is very secretive."

If Gu Siting had come with him, their men would have noticed it.

But only Kuroda Shio had come discreetly, so they did not notice it.

"Search for the reason again."

With one hand against his forehead, Fu Hanzheng was thinking about Gu Siting's purpose of sending Kuroda Shio to Hua Land.

"Lei Meng said that the other party used a fake identity and the place where he lives changes every day, so it is very difficult to find him," Fu Shigin said.

Fu Hanzheng pursed his lips. "The more mysterious it is, the more it means that they are carrying out a secret plan."

Also, it was most likely related to the Fu Family.

Fu Shigin got very nervous because of his brother's attitude. "He seems to be here alone, so he shouldn't cause any trouble."

His brother was most concerned about his sister-in-law and the two children, but they usually stayed in this villa and did not go out. Lei Ning and a group of bodyguards were responsible for their safety.

If Gu Siting only sent Kuroda Shio, he would not have been able to approach sister-in-law and the two children.

"His first goal is not her and the children, but me," Fu Hanzheng said.

It was too risky to kidnap her like this. If he were Gu Siting, he would find a way to get rid of him, so that he could bring Weiwei back from Hua Land..

Chapter 1375: Thank You for Understanding Me

“It’s you?” Fu Shiqin scratched his head and mumbled, “Didn’t you say that he might attack the children first? Why are you saying that he wants to deal with you first?”

What was his brother talking about?

“If he doesn’t have the chance to do anything to Weiwei and the child, he will create chaos for me instead, so that I won’t have time to help her and the child.” Fu Hanzheng guessed with a serious face.

Before he met Weiwei, he had never been worried about the grudge between the Fu Family and the Gu Family.

But after meeting Weiwei and having children, he had a weakness and he was afraid that they would be implicated and injured, so now he had many worries.

“I will keep an eye out for sister-in-law and the children.” Fu Shiqin promised seriously.

‘When Gu Siting faked his sister-in-law’s death and kidnapped her to the Gu Family, his brother was extremely frightened.

His brother, who seemed to have lost his soul at that moment, did not want to see it happen again.

“Try everything you can to find out who Kuroda Shio met in Hua Land.” Fu Hanzheng looked very serious.

Now that Will Dorrans had lost his position, the Anderson Family would definitely become Cayman Dorrans’ next target. Gu Siting could not shake the Fu Family with just the Gu Family, so he would definitely find more helpers.

Kuroda Shio must have found help in Hua Land.

But they still did not know who they were looking for.

“Got it, I will dig him out even if I have to dig three feet deep.” Fu Shiqin promised.

Fu Hanzheng was still worried. Since the Gu Family were looking for someone to work with and they were so secretive, they must be on guard against the Fu Family.

Therefore, it would not be easy to find Kuroda Shio.

“Well... if there is nothing else, you should go back and keep sister-in-law and the children company.” Fu Shiqin reminded him. Seeing his sister-in-law’s expression, it was clear that she had started to worry too.

Fu Hanzheng nodded, told Fu Shiyi about the preparations for the two meetings and left the study for the master bedroom.

Gu Weiwei had just finished bathing the two children, when Fu Hanzheng took over the task of getting the children dressed and asked her to sit down and rest.

Sitting next to them, Gu Weiwei sized up the man who was carefully putting on clothes for the two children.

“Is Kuroda Shio a problem?”

Although he said that he could deal with it.

But judging from his serious expression, she still felt that it was not going well.

“No he’s not, we have found his whereabouts.” Fu Hanzheng sounded relaxed.

Gu Weiwei pursed her lips. She wanted to help but knew that if she was involved, he would be even more worried.

‘Therefore, she did not ask to help him but said, “Don’t worry, I will take good care of myself and the children, you can deal with Kuroda Shio.”

He did not want her to get too involved in the grudge between the Fu Family and the Gu Family, so what she could do was to take good care of herself and the children, so that he would not have to worry about anything.

Fu Hanzheng helped the children to get dressed and kissed them on their cheeks. Then he caressed Weiwei’s narrow face and kissed her soft lips.

“Weiwei, thank you for understanding me.”

He was still thinking about how to tell her not to worry.

But before he could persuade her, she had already said those words.

Instead of asking anything more, she said that she would take good care of his children, so that he would not have to worry about anything.

Chapter 1376: I Love You

Gu Weiwei leaned forward and kissed his lips, smiling brightly at him.

“I don’t want to hear any thanks.”

Fu Hanzheng chuckled. “Then what do you want to hear?”

Gu Weiwei smiled sweetly. “I love you.”

Without saying a word, Fu Hanzheng kissed her forehead.

However, after the two children were settled down, Gu Weiwei heard many sweet words in bed.

Not only words, but the man also tried his best to express his love for her, wishing that he could die with her and not let her go until she begged for mercy.

So Gu Weiwei, who always got up early, failed to get up for the first time in a while.

Fu Hanzheng got up early in the morning, washed himself up, took care of his son and daughter and brought them to the living room for breakfast.

She had not paid attention to the entertainment news in Hua Land for more than a year and now she found that there were many new faces. Of course, some people had fallen silent like her.

However, Qiu Ling had won many awards with the help of two excellent productions, *Sleepless* and *Life Reboot*, and she had now become an A-lister and a female lead that many famous directors were fighting to use.

Then there was Collis, who had returned from Hollywood and became the darling of many famous commercials, and she was also liked by some famous movie directors.

Li Xing'er had also gained a lot of fans because of her child, and her career that had fallen into the bottom of the valley started to get better.

Of course, the most popular headline was none other than the headline of Fu Shiyi courting a girl, and the girl he was courting was Ding Dongdong, who had dumped him recently.

His fans strongly objected and attacked Ding Dongdong, causing Ding Dongdong's fans to come and fight with them. It was very lively.

Mrs. Fu and the Old Lady played with the two children for a long time and did not come over to have tea with Gu Weiwei until the two children started to take an afternoon nap.

"Weiwei, we would like to hold their birthday celebration at the Fu Family, do you think that is possible?"

Although it was still a few months before the children turned one, she still had to start the preparations early..

Chapter 1377: Marriage

Gu Weiwei had expected that they would ask this question sooner or later.

But if she was holding a birthday banquet for the children at the Fu Family, she and Fu Hanzheng would not be able to get married yet, and she and the children would be in an awkward position.

"Well... let me think about it."

"We know that the Fu Family owes you and your children a lot this past year." Old Lady sighed and said straightforwardly, "I have told Hanzheng clearly that even if you remarry now, I will not say a word."

They had just found out about everything and got so emotional that they forced them to divorce.

It had been more than a year since she saw Hanzheng change into someone else. When she heard about the arrival of the two children, she regretted her decision.

She was already at this age and she did not know how long she could live for. All she wanted was for her children and grandchildren to be safe and happy.

Therefore, there was nothing to stop them.

"Thope that the children can live in peace and grow up happily. I don't want them to be paid too much attention to." Gu Weiwei told him what she thought.

If the Fu Family held a birthday banquet for the children, they would definitely announce their existence to the public.

In the future, the two children would become the grandchildren of the Fu Family and they would be either flattered or hurt.

With Gu Siting's ruthlessness, he would never tolerate a child with the Fu Family's bloodline.

Gu Weiwei smiled bitterly. "You already know why I am like this, why ask?"

She and the Gu Family could not go back the moment she died in St. Paul Hospital.

Seeing her bitter smile, Old Lady patted her shoulders anxiously.

"You have suffered all these years..."

She had died in the Gu Family, so she became Mu Weiwei and came to the Fu Family.

But the Fu Family could not tolerate her and forced her to leave Hanzheng.

She was just a young girl and she had been through the worst pain in the world.

If she intended to go back to the Gu Family, she would have gone back when she first became Mu Weiwei.

Even if she had not gone home at that time, she would have gone home after the divorce with Hanzheng.

She had no intention of returning to the Gu Family, so even after she divorced Hanzheng, she did not return or look for the Gu Family. She did not even look for her father, Cayman Dorrans..

Chapter 1378: Marriage 2

Gu Weiwei shook her head in silence. If Fu Hanzheng had not appeared, she might have hated the cruel and unfair destiny even more.

But because of his appearance, she did not feel wronged at all.

She thought that it was a torment she had to go through just to be by his side.

It was because she had fallen into the dust that she realized how precious this warmth was.

Seeing their distressed expressions, Mrs. Fu tried to persuade them with a gentle voice.

"It is all in the past, why are you bringing it up? If you don't want to hold a grand celebration for the children's birthday, we can just hold a banquet at the Fu Family and not invite any guests."

One of the reasons why she said that she did not want the children to be noticed was because she and Hanzheng had not remarried and neither she nor the children had a proper status.

"It is still early, let me think about it." Gu Weiwei did not agree instantly.

Mrs. Fu and the Old Lady stayed here until the afternoon. Before Fu Hanzheng left work, he asked the driver to drive them back to the old mansion.

The moment they entered the house, Fu Shengying asked anxiously,

“How did the matter of Youyou’s and Tiantian’s birthday go?”

“What are you talking about? She turned it down.” Old Lady snapped.

“She rejected it?” Fu Shengying mumbled.

“She is the one who has the children and she is divorced from Hanzheng. Why would she approve of bringing her children home for the first birthday banquet?” Mrs. Fu also started to complain about Fu Shengying.

She and the Old Lady both supported their remarriage, but this stubborn old man did not approve.

“There are still a few months left, we can try to persuade her,” Fu Shengying said.

“You can do whatever you want, we won’t.” Mrs. Fu snorted.

Old Lady took a sip of tea and glared at him.

“If the children can’t come home because you won’t let Hanzheng and Weiwei get remarried, then you can cut off all ties with us. We welcome Weiwei and the children home, so you can go wherever you want.”

Fu Shengying’s face sank. “Mother, you are being unreasonable.”

“Why should I reason with you when you don’t even talk reason with us?” Old Lady said as she looked at Mrs. Fu, “Since he likes people divorcing so much, why don’t you divorce him and let him go out alone? I will pretend that I don’t have a son.”

“Mom!” Fu Shengying became increasingly anxious. Why was he getting a divorce?

“They were a good couple, what divorce?”

“I think I need to think about it.” Mrs. Fu nodded thoughtfully and went upstairs.

Old Lady followed, leaving Fu Shengying alone in the living room.

He had only asked them to ask if the birthday banquet could be held at the Fu Family, but why was he getting a divorce now?

He could tell that Gu Siting did not give up on Gu Weiwei. If she remarried Hanzheng, she would be in trouble.

Therefore, he only wanted to bring the two children home.

But these two people did not understand him and thought that he was trying to prevent his son’s marriage, so they all blamed him for being unreasonable.

If Gu Weiwei had not been related to the Gu Family and Gu Siting had forgotten about her, he would have wanted her to marry into the Fu Family.

But because of her special identity and her biological father who was part of the Mafia, he had to cheat..

Chapter 1379: Vixen

Unknowingly, Youyou and Tiantian were already seven months old.

Although they still did not call their parents Mom and Dad, they would make some sounds like “Dada” and “Mama” from time to time. Also, the two of them liked to play hide and seek, and often, Fu Shiyi and Fu Shigin would hold one of them and play hide and seek with each other.

Whenever this hour came, the room would be filled with the excited laughter of the two children.

Gu Weiwei was also happy to be free. She sat in the living room with Fu Hanzheng and watched the two dumb-headed uncles playing with the children.

Even when they were sitting together, Fu Hanzheng still held her hand out of habit.

“Is it convenient to go to the charity event tomorrow?”

Gu Weiwei looked at him sideways. “Mrs. Fu said that she will visit Youyou and Tiantian in the afternoon. She also will have a nursery teacher with her, so she should be fine as long as I come home before they sleep.”

She only agreed to go because he invited her personally.

If it was an event arranged by Jolin, she might have rather stayed at home with the children.

“I will pick you up after work,” Fu Hanzheng said.

Gu Weiwei shook her head and turned him down. “Jolin will pick me up. If I go with you, the media will write everything down.”

Fu Hanzheng frowned in distress. “How much longer are we going to hide our relationship?”

“They had been together for so long and every time they met outside, she pretended not to know him.

She was even afraid that the media would discover their relationship, so she could not even go on a date with him.

Suddenly, he started to miss the days when they were living abroad.

“It doesn’t matter if the public knows about it or not,” Gu Weiwei said with a sweet smile.

She did not want the media to know about their relationship. At first, she did not want the media to distort that she had used the hidden rules to get to where she was, but now, she did not want him and the children to be disturbed by the public.

Although the Fu Family was a top-notch noble family in Hua Land and was very popular among the public.

But there were not so many media companies watching them every day. If their relationship was exposed, he and his children would become the targets of media stalking, paparazzi pictures, and the targets of public entertainment comments.

Actually, Fu Hanzheng did not mind the public knowing about it. At most, he would spend some time dealing with the media.

But if their relationship was exposed, some people would definitely make up stories about her achievements because of him.

“But why must I attend it? Is it if some vixen wants to flirt with you? And so you want me to be the shield?” Gu Weiwei asked with a smile.

Fu Hanzheng chuckled. “Something like that.”

Fu Shiyi and Fu Shiqin played hide and seek with the two children for more than an hour before they placed Youyou and Tiantian on the floor and laid down on the floor too, panting heavily.

But the two children were still very excited, apparently not done yet.

Gu Weiwei checked the time and released Fu Hanzheng’s hands.

“Time to bathe them and put them to sleep.”

Fu Hanzheng helped to carry one of them and they took the two children to take a bath and change into pajamas.

But they had been so excited just now that the two children had no intention of sleeping as they lay in the cot.

The two little ones, who were already seven months old, would no longer lie still like before. After they turned over, they started to roll around in all kinds of positions.

Sometimes they were lying on their backs and sometimes they were lying down on their fronts, refusing to fall asleep.

Seeing that Weiwei was tired, Fu Hanzheng got both annoyed and felt helpless at the sight of the two children who refused to sleep.

“Go and wash up, I will keep an eye on them.”

“Tiantian will cry when I am gone,” Gu Weiwei said.

This clingy daughter must have her by her side when she was sleeping, otherwise she would definitely cry..

Chapter 1380: Fu’s Enterprise’s Charity Banquet

Finally, the two of them managed to put the children to sleep.

Fu Hanzheng checked a text message and saw Gu Weiwei off to the master bedroom.

“There is an overseas video meeting, take a rest.”

Gu Weiwei nodded and went to wash herself up.

She had no idea when Fu Hanzheng was coming to bed for the night.

Early in the morning, Fu Hanzheng helped her take care of the two children, ate breakfast and left for the company.

Gu Weiwei waved goodbye to him and Youyou copied her and moved his chubby hands.

Fu Hanzheng chuckled, picked up his son and kissed him on his round face. Then he left for work happily.

With the son Fu Hanzheng gave to her, Gu Weiwei looked at her son who never cried.

“Youyou, when did you learn to say goodbye to dad?”

Youyou had always been obedient and not as clingy as her daughter, but he learned faster than most children.

He sat up half a month before Tiantian did, and she had turned over before most children did. He had even learnt how to say goodbye to people.

Of course, Youyou did not answer her question but obediently leaned against her shoulders.

She had thought that Mrs. Fu would arrive late in the afternoon, but she came with the Old Lady at two.

“Oh my, Youyou is becoming more and more like his father.” Old Lady sighed as she looked at Youyou. She suddenly thought of Fu Hanzheng, when he was so young.

Gu Weiwei put the boy down on the cushion and said happily, “This little boy waved goodbye to his father this morning.”

“Is that so?” Mrs. Fu looked at her eldest grandson in astonishment and sighed. “Sure enough, not only did he gain his looks, but he also inherited his intelligence.”

Youyou looked exactly the same as Hanzheng when he was younger, and even his temperament resembled his when he was younger.

“If only his temperament did not resemble his father’s.”

Old Lady sighed. Children should be as innocent as children, but this child had a temper like Hanzheng’s.

“What is wrong with being so obedient?” Mrs. Fu picked Youyou up, looking loving and joyful.

“He is too obedient, so he loses the fun of being a child,” Old Lady said.

Mrs. Fu did not care and patted the child’s back gently.

“As long as they are healthy and safe, our children will not grow up to be what we want.”

She had expected that Fu Shiyi and Fu Shigin would be girls, only to have two sons.

She had hoped that they could be as mature and understanding as their brother, but none of them were easy to deal with.

Gu Weiwei turned to her daughter who was reaching out for her. “As long as they are safe and healthy.”

She stayed at home with the two children until four in the afternoon, when Jolin made a call.

“Lam outside the villa, get ready for your makeup.”

Gu Weiwei rang off, gave the children to Mrs. Fu and the nurse, and left in her tweed suit.

‘The moment they got into the car, Jolin said, “We’ll go and get your makeup done now, and then we will leave for the site at six.”

“Okay.” Gu Weiwei was resting with eyes closed.

“Also, Collis is here tonight, you must not let her win.” Jolin reminded her seriously.

It had not been easy for him to release the picture on Weibo last time, which had made him even more annoyed.

If she lost to Collis at the charity banquet, Collis would be able to make a big fuss..
