

MY HIDDEN 1451

Chapter 1451 A Meal?

At the headquarters of Fu's Enterprise.

Fu Shiqin, who had been busy with work the entire afternoon, had no idea that he was already on the news.

The moment he finished the work, he said to his brother, "I have a date, so I am not coming home for dinner with you."

Startled, Fu Hanzheng glanced at him briefly.

"Okay." Fu Shiqin glanced at his brother, turned around and asked mysteriously, "Brother, aren't you curious about who I am meeting?"

"Not interested," Fu Hanzheng said and answered a call.

Fu Shiqin pursed his lips and made a call to Ling Jiao, deciding on a meeting place. After answering the call, Fu Hanzheng told Xu Qian what he needed to prepare for the morning meeting and left. But as he drove away from Fu's Enterprise, he saw Fu Shiqin's car parked by the roadside. He was standing by the roadside, talking with a woman and passionately opening the door for her.

However, he only glanced at the scene and did not let the car slow down to ask about it.

Fu Shiqin waited for Ling Jiao to get into the car, closed the door and saw the Rolls-Royce driving away. Then he got into the car too.

He was going to show his relationship to them in a few days anyways, so it did not matter if his brother saw it now.

"I know a good restaurant, we can eat there tonight."

"Second Master, there is no need to spend so much, I can eat anything," Ling Jiao said.

Since they met, Fu Shiqin was the one who paid for everything.

Although she wanted to pay for things a little, she could not afford to spend money.

"I just want to eat there, and it is very lonely to eat alone. You are just coming along to keep me company, don't think too much." Fu Shiqin smiled.

"Then you can do whatever you want." Ling Jiao was too lazy to argue.

Fu Shiqin drove her to the private restaurant and asked for a private room as usual.

While waiting for the dishes to be served, Ling Jiao gave him the card and receipts.

"I have asked someone to drive the car back. Here is your bank card and the invoice for the things you bought today."

Fu Shiqin put the card back into his wallet, glanced at the receipts and was about to toss them into the dustbin.

“Hang on, you need to keep them.” Ling Jiao reminded him.

Fu Shiqin opened it and saw that there was a note inside the receipts.

“What does this mean?” “I can’t afford the money for the clothes and jewelry right now, so I will return the money to you in the future.”

Fu Shiqin looked at the receipts in his hand and then at the woman who was drinking tea. “Is that necessary?”

“I will wear these things, and I can’t return them to you after the collaboration, so it should be on me to pay you back.” Ling Jiao explained.

Fu Shiqin asked, “Then what does the bill mean?”

“The cost of going double Dutch[1],” Ling Jiao said.

Fu Shiqin felt his forehead. “I suggested getting all of these things, what are you talking about?”

Having said these words, he tore off the note.

If it was other girls who knew that he was the Second Master of the Fu Family, they would do everything they could to get him to spend money. But she insisted on splitting the costs with him.

Ling Jiao pursed his lips. It was fine if he tore off the I.O.U.[2] She had remembered the amount and she would return it to him when she had the chance.

“Oh yes, the media caught us buying a car this afternoon.”

“Oh?” Fu Shiqin was surprised.

Ling Jiao showed him the news.

“There have not been many journalists following me these past few years, so I did not pay much attention to it.”

But she had forgotten that even if she was not eye-catching, Fu Shiqin, the Second Master of the Fu Family, was still very popular.

“So be it, there is nothing shameful about it.” Fu Shiqin was very open-minded. He had no intention of hiding their relationship.

As long as their collaboration was not known.

[1] Splitting the bill.

[2] I owe you.

Chapter 1452 Leaving the Single Team

Seeing that he did not mind, Ling Jiao felt relieved.

“Oh yes, I did not find a birthday present for your sister-in-law this afternoon. I will look for one again later.”

There were only some necessities and luxurious goods in the mall, and she should already not lack these things.

“No hurry, there is still one more week,” Fu Shiqin said.

Soon, the dishes were delivered.

Fu Shiqin had just picked up the chopsticks, when Ling Jiao took a picture of him and sent it to him on WeChat.

“I took a picture of you, so you can post it on Moments.”

Fu Shiqin glanced at the phone and said, “Eat the food too, I will take a picture.”

But it was not her face that was being filmed, but her hands that were holding chopsticks.

Then he checked the two pictures and posted them on Moments in a good mood.

[The dishes at Chaofang Pavilion are very tasty today.]

Within five minutes after he posted the post, many friends replied. (Second Brother, who are you eating with?)

[Someone else took the picture for him, and the second picture is obviously of a woman’s hand. In conclusion, Second Master is eating with a woman.]

(Second Brother, you are eating with a woman!)

(Second Master, you are leaving the single team!)

[Another traitor to the Single Men’s Association!]

[Why do I smell love?]

Fu Shiqin scrolled through Moments proudly and did not reply to any of their speculations.

He had thought that Fu Shiyi would call him when he saw the photos, but he seemed to be busy making fish at home and showed no reaction.

“Second Master, if I am going to your sister-in-law’s birthday party next week, what do I need to pay attention to when I talk with her?” Ling Jiao asked as they ate.

These wealthy ladies were not that easy to get along with. Since she was going with him, she had to do everything well.

“Areas to pay attention to?” Fu Shiqin thought for a while and said, “There’s nothing special. My sister-in-law is very easy to get along with. You two are in the same industry.”

“Mrs. Fu is from the entertainment industry?” Ling Jiao asked in astonishment.

She had thought that with Master Fu’s wealth, his wife must be a lady from a wealthy family.

But Mrs. Fu was from the entertainment industry and there was no news about their marriage. The Fu Family had obviously kept it a secret.

Fu Shiqin nodded but did not tell her who it was.

“You will know when you meet her next week. She is a very easy person to get along with.”

They were just talking when the door of the private room was pushed open. Qin Man, dressed in a suit, came in and sized up Ling Jiao with a smile.

“Second Brother, you finally know how to look for cabbage.”

“What are you doing here?” Fu Shiqin asked with a sunken expression.

“I was eating with my family and I saw your post on Moments, so I came to take a look,” Qin Man said.

Fu Shiqin looked up and asked, “Can we eat our food now in peace?”

“I am just curious, how did you and Third Brother find a girlfriend? My second brother and my nephew are both missing a partner...” Qin Man asked curiously.

She had thought that the three brothers of the Fu Family would never get married and have children.

But in the blink of an eye, Fu Hanzheng was married and had children, and Fu Shiyi and Fu Shiqin were no longer single.

“What is there to be curious about? Sister Qin Man, just focus on marrying yourself off first,” Fu Shiqin said with a smile.

She was still single herself and yet she still wanted to focus on helping her single brother and nephew.

Chapter 1453 An Actress

Qin Man’s face sank.

“Second Brother, are you asking for trouble?”

“No, no, Sister Qin Man, go back to your family and eat, otherwise the food will turn cold.” Fu Shiqin did not dare to irritate her, so he begged her to leave with a smile.

Qin Man snorted and said to Ling Jiao, “Little beauty, let Second Brother bring you to the Qin Family when you have time.”

“I will.” Ling Jiao chuckled.

Qin Man squinted at Fu Shiqin. “Second Brother, you may be hateful, but your girlfriend is quite cute.”

“That is because I have good taste.” Fu Shiqin flattered himself.

Qin Man rolled her eyes at him and left. Seeing her leaving, Ling Jiao said, “I remember reading the news that the Fu Family and the Qin Family have a good relationship, and you seem to be...”

“We won’t be in the future.” Fu Shiqin looked serious.

Grandpa, grandma and parents were good friends with the Qin Family. When they were young, they would stay at the Qin Family for a while or Qin Man and her family would stay at their home.

But those were the worst childhood memories he and Fu Shiyi could remember.

When they were in primary school, he and Fu Shiyi were still young and Qin Man and her second brother were already in middle school, so they went to their house for fun.

The Qin Family lived in a villa on the mountainside in the outskirts. When it was dark, the siblings often lured him and Third Brother out and then told them ghost stories in a scary place. He and Third Brother were so frightened that they did not dare to sleep at night.

Therefore, he and Third Brother were still afraid of them. Ling Jiao chuckled. In public he had always said that their families would never end their friendship.

They ate dinner and talked about the plan of showing off their love. After eating, Fu Shiqin saw Ling Jiao off before he returned to He Chi's villa.

When he was at the doorstep, Fu Shiyi called and he immediately ended the call.

So the moment he entered the house, he was interrogated by Fu Shiyi.

"Second Brother, who were you eating with at Chaofang Pavilion tonight?"

"None of your business!" Fu Shiqin snorted, refusing to tell him.

Third Brother must have suspected that he was no longer single and was very curious about who the girl was. But if he did not tell him, he wouldn't die of anxiety.

Fu Shiyi scrolled through Moments and saw Qin Man's Moments. She also said that she was eating at Chaofang Pavilion.

"Second Brother, were you eating with Qin Man?"

"Me and her?" Fu Shiqin snorted. This man must be stupid.

"Oh my gosh, Second Brother, you have such a weird taste! You even dared to ask Qin Man out..." Fu Shiyi did not look at Fu Shiqin's face and started to believe in his own guess.

"You must be crazy. She was eating with her family and I ate with my girlfriend. We just happened to eat there at the same time, don't think too much," Fu Shiqin said and showed him Ling Jiao's picture to prove it. Fu Shiyi stared at the picture on his phone for a few seconds and asked in confusion, "Why does this woman look so familiar?"

Fu Shiqin took away the phone. "You may have seen her before."

It was during an event where Fu Shiyi found Ling Jiao quite capable, so he came to him for information.

d

However, Dingsheng Entertainment refused to release her because the contract had not expired. That was why they did not poach her.

“Damn, could it be my ex-girlfriend?” Fu Shiyi said in fright.

“Stop being narcissistic, she has nothing to do with you.” Fu Shiqin gritted his teeth.

Fu Shiyi circled around Fu Shiqin with his arms crossed. “Second Brother, you must have found yourself an actress because you don’t want me to make fun of you for being single any more.”

Chapter 1454 Single Man

“You’re right she is an actress.” Fu Shiqin nodded.

“I knew it! You were single a few days ago and now you have a girlfriend! That is so unreal!” Fu Shiyi snorted.

It had taken him and his brother such a long time to get their girlfriends but Fu Shiqin had found a girlfriend within a few days and he even showed off to them. So it was because he had found someone to play the role!

“I mean, her profession is actress, are you stupid?”

Fu Shiqin knew that Fu Shiyi must be suspecting that Ling Jiao was hired by him to play his girlfriend.

Fu Shiyi looked unconvinced. “She is an actress, an actress who plays your girlfriend.”

“Believe it or don’t believe it.” Fu Shiqin was too lazy to explain anything more. The more he tried to explain, the more it seemed that his girlfriend was hired.

Although he did get someone to play the role, he must not let anyone see that this was the case.

“Our brother and sister-in-law have been in a good relationship, right? It took our brother one year or so to win her over. I spent almost three years pursuing Dongdong before I was no longer single. Yet you got a girlfriend in just a few days and have shown off your love on Moments. Who are you lying to?” Fu Shiyi analyzed logically.

“So just because you pursued Ding Dongdong for three years, which you did to yourself by the way! Do you think that I can’t fall in love with someone at first sight?” Fu Shiqin countered.

“Love at first sight? Love at first sight?!” Fu Shiyi sized him up and said, “But I don’t see that you have fallen in love at all.”

“You are blind.” Fu Shiqin snorted.

Fu Shiyi smiled and said reasonably, “Second Brother, you think too simply of dating. A man in love and a single man have totally different personalities. Although you said that you are in a relationship, I still think that you are single.”

Fu Shiqin felt a bit guilty. He thought that he needed to train their teamwork these days, otherwise he would not be able to fool them.

“Feeling guilty? I was right.” Fu Shiyi looked as if he was right. Fu Shiqin was just thinking about how to counter when his phone rang.

He picked it up and heard Ling Jiao’s voice.

“Second Master, are you home safe?”

“You are still awake?” Fu Shiqin threw a look at Fu Shiyi who was getting closer to the phone and sounded so gentle that Ling Jiao was very startled.

Ling Jiao understood and her voice turned sweet and gentle.

“I miss you. I am worried that you did not get home safe.”

“Alright, I am home safe, so you can rest now.” Fu Shiqin thought that Ling Jiao was quick to react.

Fu Shiyi, who was next to his ears, started to feel a bit confused about what the woman was talking about.

Ling Jiao smiled and said, “Qinqin, you haven’t kissed me yet.”

Fu Shiqin felt his heart aching. He glanced at Fu Shiyi next to him and kissed the phone.

Ling Jiao chuckled and kissed the phone too.

“Then I will sleep now.”

“Good night,” Fu Shiqin said with the most gentle tone he had ever used.

Seeing them finishing the call, Fu Shiyi sized up Fu Shiqin in disbelief.

He had noticed that Fu Shiqin looked single, but when he was talking with the woman on the phone, it seemed that he did have a girlfriend.

“Second Brother, it seems that you really are not single, which means you are not acting for us.”

Fu Shiqin squinted at him. “I am too bored to play pretend.”

But he was so bored that he found someone else to play pretend.

Chapter 1455 Fake Girlfriend

When they finally returned to the room from the living room, Fu Shiqin praised Ling Jiao’s quick-wittedness on WeChat.

Although Fu Shiyi did not fully believe him, he believed her.

“Let’s practise these next few days. When Ding Dongdong comes home, we must show off our skills.”

“...Okay,” Ling Jiao replied.

She just could not figure out the meaning of showing off.

Fu Shiqin had just returned to the room, when He Chi returned with work.

The moment he entered the apartment, he saw Fu Shiyi sitting on the sofa gloomily as if he were thinking about something difficult. “What is it? Why are you so worried about a piece of mandarin fish?”

“No, it’s not that. Second Brother seems to have found a girlfriend,” Fu Shiyi said.

He Chi was not too surprised by the news, because he had seen it on Moments.

But he stood in front of Fu Shiyi and reached out to take off the slippers he had just changed into.

“So, are you going to eat my slippers?”

“Damn you!” Fu Shiyi bellowed.

“You said that if Second Brother is not single, you will eat my slippers.” He Chi looked down at the slippers on his feet and said, “Although I haven’t washed them for a month, you can still eat them with some sauce. I believe you.”

Fu Shiyi removed his own slippers, pushed He Chi onto the sofa and waved the slippers at his face.

“Eat these first.”

He Chi struggled for a while before putting his slippers back on.

“Second Brother is no longer single, but why are you so worried? Could it be that you have discovered that your true love is not for Ding Dongdong but Second Brother instead?”

“Get lost, if he is not single, I will not be able to show off my love in front of him,” Fu Shiyi said.

He had been showing off his love in Moments these past two days and Second Brother had not responded. How boring.

He Chi rolled his eyes speechlessly. “So you are with Ding Dongdong just to show off?”

However, Fu Shiyi was not on the same wavelength as him.

“I may not be able to show off in front of Second Brother but we’ll both be able to show off in front of you.”

“...” He Chi’s smile froze.

Second Brother was no longer single, so there was one less person to show off in front of but there still remained one person to show off in front of.

Fu Shiyi patted his shoulders. “Take care of yourself.”

Although the call between Second Brother and the girl had been sweet and loving.

But when he thought about it carefully, he felt that it was too much.

His brother and sister-in-law were so loving, but they had never been so sappy with each other.

Also, it had only been a few days and yet they were already so sweet to each other. That was not normal.

Second Brother’s relationship was so different from theirs.

And Gu Weiwei was just as curious as him at villa seven.

She scrolled through Moments before she went to sleep and asked Fu Hanzheng, who had just come out of the shower, when she saw Fu Shiqin’s picture, “Is Second Master in a relationship?”

It had only been a few days and he had gotten rid of his single status way too quickly.

“Not quite,” Fu Hanzheng said.

When he saw Fu Shiqin and that woman together at the company, they did not look like a couple.

“Not quite? What do you mean? A fake girlfriend?” Gu Weiwei asked with a smile.

“Don’t worry about him.” Fu Hanzheng laid down on the bed and took her into his arms out of habit.

It was obvious from his expression that he did not see love on Fu Shiqin and that woman’s faces.

Anyway, he had never been that curious about what his two brothers were doing, just as long as it did not affect his wife or him.

Chapter 1456 Sleep

Gu Weiwei turned around and asked Fu Hanzheng, “Did you find anything out about Gu Yun Che?”

Fu Hanzheng stayed silent for a few seconds. “Not yet.”

He had thought that with her terrible memory, she would have forgotten about this matter.

“I called Qianqian yesterday and I think that she is not in a good mood because of this man.” Gu Weiwei sighed worriedly.

Although she had only known Luo Qianqian and Ji Cheng for a few years, as far as she knew, this was the first time Luo Qianqian was so concerned about a man of the opposite sex. However... it seemed that the man’s heart was not with her.

“No relationship is smooth-sailing.” Fu Hanzheng consoled her.

Gu Weiwei looked at him. “This man has a very tricky background. It has been so long since we first enquired about him.”

With the Fu Family’s intelligence ability, it was very easy for them to find out someone’s background.

But so many days had passed and Fu Hanzheng still had not given her any news. It must be because this man was not a simple person, so it was very difficult for the Fu Family to find him.

“...” Fu Hanzheng was startled.

It was not that being pregnant had made her dumb for three years, but it was just that she had become very forgetful after the two children were born. He had thought that she would not care about these small details.

Unexpectedly, she still remembered.

“What’s wrong?” Gu Weiwei asked when she saw his serious expression.

“It’s nothing serious. It’s just because the intelligence agents have been keeping an eye on the Gu Family, so we can’t spare too many men to find out anything about this man.” Fu Hanzheng did not tell her the truth.

Gu Weiwei was successfully distracted. "I see, it is not that urgent, just focus on the important matters."

Ever since Kuroda Shio visited Hua Land in secret, Fu's Enterprise had been paying great attention to the Gu Family and it was indeed difficult for them to spare any attention to investigate such a matter.

Fu Hanzheng kissed her lips. "Got it, go to sleep now."

Gu Weiwei raised her eyebrows sinisterly and asked, "Mr. Fu, there are two meanings to sleeping."

"What are you trying to say?" Fu Hanzheng chuckled.

"Sleeping can be restful, but it can also be active. Did you mean for it to be peaceful or active, Mr. Fu?" Gu Weiwei asked with a mischievous smile.

Fu Hanzheng pinched her chin. "Mrs. Fu, do you want it to be restful or active?"

"Yes, it should just be restful." Gu Weiwei flirted with him, turned around and said, "Let's sleep."

"Mrs. Fu, it is not a gentlemanly thing to ignore someone after flirting with them." Fu Hanzheng tightened his arms around her waist and breathed in her ear.

"A gentleman is a man, not me." Gu Weiwei teased.

With her laying in his arms, Fu Hanzheng's passionate kisses fell upon her sensitive spots as if he were trying to initiate a rigorous sleeping.

Although he had always thought that when she had a child, she would take care of the little one and ignore him.

But after she had two children, he found that having these two children was very beneficial to him.

After having two cute children, she stayed at home for the sake of the children, which meant that they could spend more time together and have a more harmonious s*x life.

In the past, whenever she joined the filming crew, she would not be home for months. Even if he was able to visit while she was with the crew, they would only meet once every half a month, which was barely meeting at all.

After two rounds of lingering affection, Gu Weiwei said weakly, "Sleeping is really meant to be restful."

Fu Hanzheng chuckled and kissed her sweaty face.

"I think it is better when it's active."

"..." Gu Weiwei was speechless.

She knew that he could not help but act on his flirting with her, so why did she have to go and flirt with him?

Chapter 1457 Indulged

At the Luo Family in the capital city.

Ever since Fu Hanzheng came to find Luo Qianqian the other day, she had not dared to contact Gu Yun Che for many days.

She scrolled through the communication channel again and again, but she did not have the courage to make a call. She typed a long paragraph on WeChat and deleted it, one word after another.

Fu Hanzheng's conversation made her realize clearly how complicated Gu Yun Che was. Actually, she knew that he was a dangerous person the day they met, but she had overlooked this point because he had saved her life.

Also, even though she knew that he was a dangerous person, she could not stop thinking about him.

She had scrolled through his number numerous times in a day and wanted to call him to ask him many things, but she gave up after thinking about it.

With their relationship, even if she asked, he would not tell her.

She could not help but think about him, but she was afraid that he would threaten Weiwei's life, just as Fu Hanzheng had said.

She had seen him dealing with several armed men in Nice, and she had no doubt that he was capable.

She did not contact Gu Yun Che and Gu Yun Che did not contact her either.

She looked at the chat records from a few days ago and thought that if she stopped contacting him, they might really be separated.

Fu Hanzheng said that she could help prevent Weiwei from dying if she cooperated.

But no matter what she thought, she could not believe that she had such an influence on Gu Yun Che.

Luo Qianqian was just staring at the chat history when a call came through.

Her hands shook and the phone fell onto the blanket.

She stared at the caller ID on the phone for a few seconds. It was her old number, the number she gave to Gu Yun Che.

She hesitated for a few seconds, took a deep breath and answered the call.

"Mr. Gu."

"Qianqian, what is wrong?" Gu Yun Che called her directly.

After the first day of contact, she had not called or texted him for days.

After a few days, he called her because he was afraid that something had happened to her in Hua Land.

"Recently... I have been too busy with work to contact you." Luo Qianqian used her work as an excuse, but only she knew that she had not written a single lyric these past few days.

She was thinking about him and what Fu Hanzheng had said.

She did not know if she should continue being in contact with him or cut off all contact with him and return to being strangers.

“That is all?” Gu Yun Che asked.

Luo Qianqian pursed her lips and stayed silent. Countless questions hovered over her mind, but she did not ask him any of them.

Finally, she said, “Mr. Gu, am I really bothering you?”

“That was what I thought at the beginning, but... reality is not what I had thought,” Gu Yun Che said helplessly.

During the days when they had lost contact, he had started to worry about this Chinese girl, whom he had only met a few times.

Startled, Luo Qianqian was confused.

After a long while, she asked, “So, I am not annoying you?”

Gu Yun Che chuckled. “I do not hate it.”

But she looked too much like the person in his memory. He was afraid that he would not be able to find that person and would end up treating her as that person instead, so much so that he could not separate from her when the time came.

Chapter 1458 Not Allowed

This short sentence made the dark clouds in Luo Qianqian’s heart disappear.

So he did not hate her that much.

“Thank you for not hating me.” Luo Qianqian sounded much happier than before.

Then could she hope that he would like her a little?

She did not want much, just a little bit would do.

Gu Yun Che smiled and said, “The setting sun is very beautiful here.”

“But I can’t see it.” Luo Qianqian sighed.

If possible, she also wanted to see the scenery where he was.

Ji Cheng said that she was not in love, but had a crush.

Yes, she had a crush on him.

She hoped that he could understand her feelings, but she was also afraid that he would

Gu Yun Che thought for a while and asked, “What can I do so that you can see it?”

Luo Qianqian chuckled and seriously taught him how to use the camera function on the phone.

One minute later, she received a picture on WeChat.

The sea was vast and the sun was setting as the clouds filled the sky.

“Wow, it is very beautiful.”

“Qianqian, I am honored to have met you that day,” Gu Yun Che said.

He had been wandering the world alone for so many years and there were countless people in the world, but none of them had anything to do with him.

It was not until she appeared that he had felt a tinge of joy and warmth that he had never felt before.

Luo Qianqian pursed her lips and her heart skipped a beat.

After a long while, she said, “Mr. Gu, do you know that what you just said is very flirty?”

However, Gu Yun Che asked, “Flirty? What do you mean?”

“Well... it is very tempting,” Luo Qianqian said discreetly.

“Are you interested?” Gu Yun Che asked.

“No.” Luo Qianqian denied.

Gu Yun Che sighed. “It’s good that you are not.”

Luo Qianqian smiled bitterly. Of course...

But she did not dare to admit it in front of him, because there was no result even if she admitted it.

“Mr. Gu, it is very late, let’s talk next time.”

“Okay,” Gu Yun Che answered and hung up.

Luo Qianqian clicked on the picture on WeChat, after Gu Yun Che hung up, staring at it for a long time.

A few minutes later, two more messages came in.

[I left something at a cafe in St. Malo, France. If you have the chance to come here in the future, you can go and get it.]

The second message was the address and phone number of the cafe; it was very detailed.

Luo Qianqian read the message and mumbled with a bitter smile, “You do something that makes my heart skip a beat, but I am not allowed to be moved. That is too difficult.”

After a long while, she replied,

(Okay, thanks.)

After replying to the text, she put down the phone but still could not fall asleep.

Then at dawn, she did the craziest thing she had ever done in her life.

She bought a plane ticket to France that day and went to fetch the things Gu Yun Che left behind.

This was the first thing he had given to her and she could not wait to see it.

However, she knew that he did not know much about modern society, so she should tell him that there was an international express delivery system.

But she also wanted to visit St. Malo, to see the sights he had seen, to walk the paths he had walked, to drink a cup of the coffee he had drunk...

She had promised not to see him again, so this was probably the closest she could get to him.

Chapter 1459 The Craziest Thing

Luo Qianqian hid the fact that she flew to France and went to St. Malo from everyone, including Gu Weiwei, Ji Cheng and even her family.

When she arrived at the airport, her father called and asked about it. She only said that she was on a business trip because of work, and Father Luo did not suspect anything.

She flew to Brittany, France, and then the train went to St. Malo, the most beautiful bay city in Northwestern France.

When she arrived at St. Malo, it was early in the morning.

Luo Qianqian put the luggage into the living room and rushed to the cafe where Gu Yun Che had stored the things, without taking a rest.

Unfortunately, she went there too early and the cafe was not open yet.

So she waited at the door for two hours before the cafe opened.

She told them what she was here for and a staff member of the cafe brought out a carefully wrapped present and placed it on the table where she was sitting. They also brought her a hot drink.

She took the coffee and asked in English, "Sir, did the man who left the gift often drink coffee here?"

The waiter smiled and said, "Yes, he was here for many days and he only drank Blue Mountain coffee."

Luo Qianqian chuckled. "Please give me a cup of Blue Mountain coffee."

The waiter sized her up in surprise and said with a smile, "If you had come two days earlier, you could have drank coffee with him."

That man would come to the cafe for many days in a row and on the day he left, he left something with them, saying that one day, a Chinese girl would come and take it.

But it had only been two days and this Chinese girl was already here.

If they had not missed each other, it would have been a very romantic meeting.

Luo Qianqian smiled without saying a word. So he left two days ago. He called her the other day and then left two days later.

She had flown to Paris from Hua Land and then transferred to Brittany from Paris. She had wasted a lot of time on the way here.

She sat in the cafe for almost two hours and still did not open Gu Yun Che's gift.

After drinking the Blue Mountain coffee, she carried the gift and returned to the hotel she had booked.

Maybe it was because she had gotten the gift he had left behind and come to this place where he had just left, but regardless of the reason, she slept peacefully.

She slept all the way to the afternoon and ate alone. She turned down any French people who tried to flirt with her in the restaurant with a smile.

After the meal, she opened the picture on her phone and asked the locals where the image was taken, and found that it was a picture of St. Malo Bay.

The sunset in the bay was very beautiful, just like the picture he had sent her.

But the wind was a bit strong here.

She tightened the shawl around her and walked slowly along the bay, feeling sweet for some reason.

Because this was the place he had just passed. When she got tired, she found a place to sit down and watched the sun setting.

On WeChat, Ji Cheng posted where she was.

She only mentioned that it was a business trip and did not dare to say that she had run to St. Malo, France, a thousand miles away because of one word from Gu Yun Che.

If Ji Cheng knew that she had done such a thing, she would think that she was crazy.

In fact, when she stepped off the plane in France, she thought that she was crazy.

She soon became bored after sitting alone and so she took pictures. While she was taking pictures of the scenery around her with her phone, she accidentally saw a familiar face through the camera.

She was so frightened that she dropped her phone and stood there in a daze, wishing that she could find a hole to hide herself in.

Gu Yun Che was also startled for a long while when he saw her. Then he approached her, picked up her phone and asked, "What are you doing here?"

Chapter 1460 Meeting In St. Malo

Luo Qianqian took the phone with shaking hands and looked around guiltily.

"I... have work to do in France, so I came to pick up what you left behind."

Didn't the cafe say that he had left two days ago?

"Is that so?" Gu Yun Che showed a faint smile. She did not know if he believed her or not.

After all, Luo Qianqian did not even believe herself.

It would take more than a day to go from Hua Land to France and then to St. Malo.

Therefore, she was definitely not here because she was working.

“Didn’t you leave?” She asked discreetly.

“Did the cafe tell you?” Gu Yun Che sat down on the bench.

Luo Qianqian nodded. “Yes, they said that you left two days ago.”

“My original plan was to leave but I was delayed by something.” Gu Yun Che confessed. But he had never expected that she would appear here. He could not believe what he was seeing. “Okay,” Luo Qianqian answered. Originally, she had only wanted to collect what he had left behind, take a look at the scenery he had seen and walk the path he had walked. That was all she wanted.

Unexpectedly, she ran into the real person who had not left in time.

Also, she had found such a terrible excuse.

Gu Yun Che did not say anything more. He sat there quietly and watched the fading sunset with her.

As the sky darkened, he asked, “Have you eaten?”

“...No,” Luo Qianqian said.

Although she had eaten more than an hour ago, she seemed to be hungry again.

“I know a good restaurant, want to try it?” Gu Yun Che asked.

Since they had met, he would not turn a blind eye to her.

“Okay.” Luo Qianqian nodded and followed him.

The restaurant was in the old city of St. Malo, and the local government had forbidden cars from driving in the old city in order to protect the historical site.

Therefore, they walked all the way there.

Although it was a long way away, she was very happy.

Although Gu Yun Che knew that she would not have come here because of a reason other than the gift he had left behind, he did not expose her lie and asked her instead, “Are you planning to stay here for a few days?”

“I’m not sure at the moment. I want to take a look at the scenery here and find some inspiration.” Luo Qianqian found a pompous excuse.

Gu Yun Che thought for a while and said, “If you don’t mind, I can be your guide.”

“Don’t you need to do what you need to do?” Luo Qianqian asked.

She was naturally happy that he offered to be her guide... but she did not want to cause him trouble because of her hot-headedness.

“It’s nothing pressing. Plus I like it here too, so just treat it as a tour,” Gu Yun Che said.

Luo Qianqian was delighted.

“Then I will depend on you, mister guide.”

At first, she thought that she must have been crazy to come to St. Malo in such a short timeframe.

But now, she felt that this was the best decision she had ever made in her life.

Luckily, she was here and he hadn't left. Luckily... they had run into each other.

“You are welcome,” Gu Yun Che said and pointed in front of them, “The restaurant is right there.”

Luo Qianqian looked at the signboard of the restaurant. It was not a very famous French restaurant, and the restaurant looked old.

Gu Yun Che seemed to like historical things and places, just like his name.
