

MY HIDDEN 1461

Chapter 1461 Meeting in St. Malo 2

The ancient district of St. Malo was full of the profoundness of history.

It was just like the mysterious and profound man who was walking in front of Luo Qianqian.

Gu Yun Che walked to the entrance of the restaurant and turned around to look at the young girl walking behind him. "We are here."

Luo Qianqian nodded with a smile and followed him into the dining room.

The restaurant was not large enough to accommodate more than ten tables of guests, and some old pictures in the restaurant seemed to have been there for years.

Gu Yun Che gave her the menu. "What do you want to eat?"

Luo Qianqian flipped through the pages and asked him, "Is there anything you recommend?"

Gu Yun Che thought for a while and recommended two dishes to her.

Luo Qianqian decided on one from the and also ordered the two dishes he recommended.

"I am done, what about you?"

Gu Yun Che ordered what he wanted and returned the menu to the waiter.

"That is all."

Luo Qianqian looked at the scenery outside the window. "It is so pretty here."

"In one hour, the starry sky will be even more beautiful," Gu Yun Che said.

"Really?" Luo Qianqian asked with a smile.

But what she was thinking was that no matter how beautiful the scenery was, it was not as beautiful as meeting him here.

Gu Yun Che was a bit distracted as he looked at the girl's smiling face.

"I envy you so much for being able to travel around the world." Luo Qianqian sighed. They met in Nice, but after a few days, he went to St. Malo.

Gu Yun Che took a sip of water and said calmly, "It's not a holiday."

"But you don't look like you are working?" Luo Qianqian asked.

Actually, apart from knowing his name, she knew nothing about him.

But it was such a person who made her run all the way here from home with just one picture and one sentence.

“I am collecting something,” Gu Yun Che said.

“What is it?” Luo Qianqian asked curiously.

Gu Yun Che smiled and changed the topic instead of answering her question.

“Did you see what I left?”

Luo Qianqian lifted the cup to conceal her embarrassment.

“I only took it back and I haven’t opened it yet.”

“We will see when we return.” Gu Yun Che smiled.

Luo Qianqian nodded and said, as she thought of something, “Give me your phone.”

Gu Yun Che took out the phone and gave it to her.

“What are you doing?”

“This is the number that I used before, so you may still receive some calls from other people. I will set it up so that no one will disturb you in the future,” Luo Qianqian said as she blocked all the calls except for her own number.

Apart from setting up the contacts and deleting some unnecessary things, she returned the phone to him.

Gu Yun Che took it and put it into his pocket.

“Thanks for the phone, it is a very interesting thing.”

“There are many technology products that are very convenient for life, you should try them out,” Luo Qianqian said with a smile.

“No need, I am fine as I am now,” Gu Yun Che said.

They were just talking when Luo Qianqian’s phone rang

She checked the number and pressed it.

“Weiwei, what is it?”

“Ji Cheng said that you are abroad and she wants to ask if you will be home for my birthday party in a few days time,” Gu Weiwei asked.

Luo Qianqian threw a look at Gu Yun Che who was sitting opposite her. “I will try my best to be home.”

“Okay, I will wait for you,” Gu Weiwei said happily.

“I have something to do, I am hanging up now.” Luo Qianqian ended the call in a hurry, fearing that Mu Weiwei would hear something strange in her voice.

Gu Yun Che looked profound. “You have a good relationship with her?”

Chapter 1462 Meeting in St. Malo 3

“Are you talking about Weiwei?” Luo Qianqian asked with a smile.

Gu Yun Che smiled. “You have a picture with her in your phone and she hired someone to pick you up from Nice.”

Luo Qianqian pursed her lips and said straightforwardly, “She was my high school classmate and a very good friend. She is also very talented in acting and directing.”

“Even if you treat her as a friend, she may not treat you as one.” Gu Yun Che warned calmly. If Gu Weiwei truly regarded her as a friend, she would not have kept her identity a secret until now.

Also, it was not certain whether it was Gu Weiwei or Fu Hanzheng who had brought her to meet him in Nice.

“Mr. Gu, I know if she treats me as a friend or not.” Luo Qianqian looked displeased. Obviously, she did not want to hear anything bad about a friend from him.

Weiwei did not like to discuss things with her and Ji Cheng, but according to what she knew about her, most of the time, even when she would talk with them, they would not be able to help her.

But when she and Ji Cheng were in trouble, she always helped them.

Gu Yun Che looked at her in silence for a few seconds and did not break the awkwardness between them until the waiter came to serve the dishes.

Luo Qianqian picked up the knife and fork and ate in silence.

Even though they were sitting opposite each other, they had only met a few times and they were strangers who only knew each other’s names.

She had traveled thousands of miles from Hua Land to St. Malo but she could not enter his heart.

After a long while, Gu Yun Che sensed that the girl sitting opposite him was in a low mood.

“Are you angry?” “No.” Luo Qianqian denied.

Gu Yun Che stayed silent for a moment before he apologized.

“I am sorry for what I said.”

For a moment, he wondered if she was here because of Gu Weiwei and Fu Hanzheng.

He knew that everything was possible and that he should cut off all contact with her.

But he could not make up his mind.

Luo Qianqian shook her head. “It’s honestly nothing.”

What she cared about was not what he said, but the distance between them.

“Qianqian, just say it,” Gu Yun Che said.

For some reason, he did not want to see her so disappointed.

Luo Qianqian looked up at him for a long time and said with disappointment, "Forget it, it is useless."

She wanted to know who he was, where he came from and why he was a threat to Weiwei's life. She wanted to know too much.

And even if she asked, he would not answer her.

"How would you know that it is useless if you do not tell me?" Gu Yun Che asked.

Luo Qianqian stayed silent for a few seconds and said, "I just feel that although you are sitting in front of me, I don't know you at all, and you don't know me at all."

Gu Yun Che glanced at her. "We... don't need that kind of understanding."

Luo Qianqian smiled sadly. "Yes, we don't need it."

His answer was as she had expected, but the heavy disappointment was beyond her expectations.

Gu Yun Che frowned in embarrassment. He had intended to apologize to ease her heart.

But she seemed to be in an even worse mood now.

When he saw her in the bay, he was surprised.

But at this moment, he did not know if their meeting today was a good thing or a bad thing.

Chapter 1463 Meeting in St. Malo 4

Due to the inappropriate words, the atmosphere of the dinner was very depressing

After the meal, the two of them sat there in silence, looking at the bright night sky.

No one said a word or suggested leaving.

It was not until the waiter informed them that the restaurant was closing, when they had to leave the dining room, that Gu Yun Che said, "I will take you home."

"No thanks." Luo Qianqian turned him down subconsciously.

"You have never been here before, so you will get lost easily," Gu Yun Che said.

Luo Qianqian looked around and did not have the courage to turn him down.

She was in a foreign land and it was her first day here, so she might not be able to tell which street she was on, let alone on such a dark night.

There were no cars in the old district and they had to walk back. If they could not find the way, they would have to wait until dawn.

Gu Yun Che asked her where she lived and showed her the way.

On the way home, they were still silent.

When they came to Luo Qianqian's apartment, Gu Yun Che took out his phone and asked, "Qianqian, if you think that our relationship troubles you, you can end it now."

Luo Qianqian tried hard to hold back the tears. What he meant was that he was going to return the phone to her and cut off all contact with her.

"I never thought of taking back what I have given away."

"But I will never answer your questions," Gu Yun Che said.

She said that she did not know him well and he did not know her well enough.

But he would never tell her everything she wanted to know.

And he did not want to know anything more about her. He did not want to fall too deeply into her life.

"Can I know why?" Luo Qianqian's voice was trembling and hoarse.

"Qianqian, I am not a good person. Everything you are curious about will not be a good answer." Gu Yun Che looked at the Chinese girl who had tears shining in her eyes under the streetlights and sighed. "Not only now, but also in the future when you are very curious, I will never give you the answers you want to know. If this continues, you will only be disappointed like today again and again."

"I... I am not disappointed." Luo Qianqian denied it stubbornly.

Gu Yun Che chuckled and did not counter her.

"So, if you think that staying with me will only make you even more unhappier than before, then... everything should be cut off now."

Luo Qianqian shook her head resolutely. "I think that cutting everything off is what makes me unhappy."

Maybe for him, as long as he returned her phone, he would have nothing to do with her anymore.

But she would never hear from him again.

In this vast world, if she did not know where he was, she would be even more sad than she was now.

She had never expected that such a person would appear and make her so humble.

After meeting him, she seemed to have become less and less like herself.

Startled, Gu Yun Che asked, "Are you sure you don't want it to end?"

"I will never ask such a question again." Luo Qianqian tried to put down her disappointment and sound more relaxed.

She had known that she would not get the answers she wanted, but she still asked.

Therefore, she could not blame him for making her feel sad

Actually, he was very accommodating towards her mood.

Gu Yun Che put the phone back into his pocket. "It is late, go and rest."

Luo Qianqian said, "You can go home too. I will go upstairs when you leave."

Gu Yun Che said, "Go upstairs first." Luo Qianqian said, "You can leave now."

They two were in a deadlock and they smiled at each other.

"Go upstairs and I will leave too," Gu Yun Che said.

"Okay." Luo Qianqian agreed.

The two of them turned around, one entering the elevator and the other leaving.

Chapter 1464 Only One Song In the World

Back in the hotel room, Luo Qianqian pushed open the window and saw the figure walking away.

Gu Yun Che turned around and waved his hand when he sensed her gaze.

Luo Qianqian waved too. Although she had been disappointed and sad when she saw him today, she was still more joyful than anything else.

When he disappeared at the end of the street, she closed the window and drew the curtains.

After washing up, she opened the box carefully.

Inside the box was a painting of the scenic view of the St. Malo Bay. It was as exquisite as a famous master painter's painting.

She touched the painting lovingly and the scene of him painting in the bay appeared in her mind. She could not help but smile.

She was disappointed today because she had been too greedy and wanted him to give her more, so that she could be closer to him.

But in the end, when she was disappointed and sad, he also thought of ending their relationship for her benefit.

She studied the painting for more than an hour before putting it down unwillingly.

Her phone rang and she picked up the phone. She opened the phone and was startled.

She had taken a few pictures of the scenery in the bay that afternoon, but the last one showed him.

At that time, she had dropped her phone because she had seen him in the camera. She had not expected that she would have actually taken a picture of him.

Although the picture was not very clear and the composition was not even the best... this picture was very precious.

She looked at it for a long time and texted him.

[The painting is very pretty, did you paint it?]

[Yes.] Gu Yun Che sent another text after replying. (I will pick you up tomorrow.)

Luo Qianqian could not conceal her smile and replied.

(Okay.)

After two days of running around, she slept all the way to the morning. After washing up, she pulled open the curtains and saw that the person who had left the night before was already downstairs.

She packed up her things quickly, grabbed her bag and rushed downstairs.

“How long have you been here?”

“I just arrived.” Gu Yun Che smiled.

Luo Qianqian brushed her hair and said with a smile, “Thanks, mister guide.”

Gu Yun Che chuckled. He brought her to find a place for breakfast and showed her some interesting places in the old town.

Soon it was the afternoon. After lunch, they took a rest in the square close to the bay.

In a corner of the square, a street performer group was singing a romantic French love song.

When the song finished, Luo Qianqian took out some money and talked with the band, asking them to lend her one of their instruments.

Then she walked back to Gu Yun Che and stretched out her hands.

“Give me your phone.”

Gu Yun Che took out the phone and placed it in her hands.

“What are you doing?”

era

Luo Qianqian adjusted the camera and said, “You gave me a painting, and so as a thank you present I will play you a song.”

“A song?” Gu Yun Che raised his eyebrows.

Luo Qianqian smiled confidently and gave him the adjusted phone.

“Yes this is the only song I have written.”

Having said these words, she approached the piano and sat down. Then she took a deep breath to forget about the noise around her and devoted herself to the song.

Gu Yun Che was taking pictures of the girl sitting in front of the piano with his phone. The sunlight shone upon the girl with short hair, making her look warm and dazzling.

The girl’s long fingers were moving up and down on the keys and the pleasant music was flowing out, attracting him and passers-by.

Her fingers played one note after another, and suddenly she struck his heart.

Chapter 1465 What to Do?

It was just a tune without lyrics.

Luo Qianqian could have filled in the lines but she did not.

Because those words could not be sung in front of him, because they contained too much of what she was thinking.

So she only played the tune.

The song was gentle, warm and joyful, passionate and heart-broken. It was just like how she had felt after meeting him.

Sometimes she thought of the brief meeting at that life and death moment, sometimes she thought of the anxiety of meeting him at the cafe, and sometimes she thought of the incident at the bay the day before...

Every scene was about him.

Unfortunately, she was so focused on the performance that she forgot to look at the man who was watching her.

If she had seen the rare gentleness in his eyes, she would have been delighted.

Unfortunately, she did not see it.

When the song finished, the band members and the surrounding tourists clapped.

She stood up and approached Gu Yun Che who was holding the phone and helped him to end the video.

"This present is now in your phone."

"Why are there no words?" Gu Yun Che asked.

Luo Qianqian smiled and said mysteriously, "Because it is called Wordless."

The lyrics were all words that could not be said to him, and they were all her thoughts, so she had no words.

"Wordless?" Gu Yun Che mulled over the word and said, "Very good."

Luo Qianqian chuckled and sighed.

"I don't know how to paint or anything else. So this is probably the only present I can give you in person."

Gu Yun Che said seriously, "I will treasure it carefully."

"I will cherish your painting too," Luo Qianqian replied with a smile.

Gu Yun Che brought her to the scenic spots in the old district and to the bay where they met the day before.

"Qianqian, I am leaving tomorrow," Gu Yun Che smiled and said.

“Then I will treat you to a meal tonight and see you off.”

Gu Yun Che nodded with a smile. “Okay.”

However, they went to several restaurants but failed to find a place to eat on the weekend.

Finally, Luo Qianqian stopped at a supermarket and said, “I can cook in my rented apartment, what about some pasta?”

Gu Yun Che thought for a while and did not object.

They bought pasta, beef and some vegetables and Luo Qianqian went to get a bottle of red wine.

The two of them walked out of the supermarket and Gu Yun Che guided her to another apartment building near the supermarket.

“This is not my place.”

“I live close by.” Gu Yun Che opened the door and led her in.

The apartment had been turned into a hotel-style apartment and there were some simple kitchenware and cutlery. Luo Qianqian looked at them briefly and went into the kitchen to cook.

The pasta was very simple and they made it within an hour.

Since there was no dining table, they could use the small coffee table on the sofa. Luo Qianqian poured two glasses of red wine and said as she raised her glass, “Gu Yun Che, thank you for taking care of me today.”

Gu Yun Che raised his glass. “Thank you for your pasta too.”

However, Luo Qianqian was obviously not a very good drinker. She was already a bit drunk after a few glasses.

After finishing the pasta, she fell asleep on the sofa.

Gu Yun Che did not wake her up so she could go home. Instead, he covered her with a blanket and packed up the luggage, as he was leaving tomorrow.

Luo Qianqian woke up at dawn and Gu Yun Che was resting with his eyes closed on the other side of the sofa.

Seeing the packed luggage, she felt displeased.

Unexpectedly, she then packed up her things and sat down next to him while he remained fast asleep.

“I know that you won’t like me, but... I already like you, what should I do?”

Having said these words, she leaned forward and placed a light kiss on his lips.

Then she left the room without saying a word and did not even make a sound when she opened and closed the door.

But the moment the door was closed, the sleeping man opened his eyes.

Chapter 1466 But I Like You

As a person who was always vigilant about his surroundings, Gu Yun Che would wake up if there was any slight movement around him.

But he had not thought of how to say goodbye to her, so he pretended not to wake up.

What he had not expected was that she would leave like this and kiss him before she left.

He touched his lips slowly and suddenly realized something.

When she approached him, he could have woken up and stopped her, but at that time he had no intention of stopping her.

After a long while, he closed his eyes and sighed as he leaned against the sofa.

Cutting off all ties with her was the best thing that could happen between them, but he just could not bring himself to cut off all ties with her.

How could he not understand what her song from yesterday meant? He just could not give her the answer she wanted.

So he could only turn a blind eye to her and pretend that he did not understand what she meant.

She said that she knew that he would not like her, but she already liked him.

He was a despicable man. He could not give her what she wanted, but he still refused to cut things off with her.

He could not tell her what she wanted to know because his background and everything he had done would only scare her.

Luo Qianqian walked out of Gu Yun Che's temporary apartment and turned around after walking for a while. Then she sped up and left.

She returned to her apartment and started to pack up.

She had come here just to get what he had left behind, and it was a pleasant surprise that she had run into him.

Now that he was leaving St. Malo, there was no point in her staying here.

Work was waiting for her when she returned home and Weiwei's birthday was fast approaching, so she could not stay here any longer.

But she did not want to run into him at the bus stop, so she did not leave today.

She ate breakfast alone and walked to the old city wall by the sea. As she watched the sea breeze, she stayed there for half a day.

It was not until the evening fell and the sunset was as beautiful as yesterday that she received Gu Yun Che's WeChat message.

[I am leaving now.]

She looked at the three words for a long time and replied.

[Goodbye.]

She thought that they would never meet again.

She had come all the way from Hua Land just to get something from him. She did not think that she would have the courage to do such a crazy thing a second time.

She spent one day and one night alone in a foreign land and the next morning, she boarded the train leaving St. Malo, went to the airport and boarded the flight to Paris, before returning to the capital.

However, when she ran to St. Malo alone and met Gu Yun Che, the information from the Fu Family was reported to Fu Hanzheng.

Lei Meng reported the meeting and said, "Gu Yun Che has left St. Malo, should we get someone to keep an eye on him?"

"No need," Fu Hanzheng said with a low voice.

He was such a vigilant person, and if he arranged men he would only be asking for trouble.

Although he could not keep track of him, he had made the right bet with Luo Qianqian.

Gu Yun Che was indeed special to Luo Qianqian.

But their relationship was not going well.

If their relationship had improved, Luo Qianqian would not have returned so soon and Gu Yun Che would not have left St. Malo so soon either.

However, they had not stopped talking with each other. One day, Luo Qianqian would learn more about him or their relationship would improve.

No matter which one it was, it would do him no harm.

Chapter 1467 Parent-Child Outfits

A few days after Luo Qianqian returned home, Gu Weiwei's birthday arrived.

Since they had two children at home, it was not convenient for them to put up lots of decorations, so Fu Hanzheng booked a place for them to go out and eat.

At the same time he had asked his men to set up the vacant Landscape Villa carefully.

He finished work early that afternoon and went to check on the preparations. After making sure that everything was going well, he went back to pick up Gu Weiwei and the two children.

Coincidentally, the parent-child outfits designed by Martin Green had been delivered and Gu Weiwei helped the two children to get changed.

Youyou was wearing a white shirt and wine-colored shorts, while Tiantian was wearing a wine-colored dress like Gu Weiwei.

The moment Fu Hanzheng came home and saw the well-dressed mother and twins, he asked in amusement, "Where's mine?"

Gu Weiwei asked the nurse to take care of the child and said as she took out a wine-colored tie, "This is yours."

"Only a tie?" Fu Hanzheng was a bit displeased.

Gu Weiwei removed the tie around his neck and said, "Martin designed a wine-red suit and casual clothes for you too, but I don't think you will look good in them, so I only took out the tie. If you have any objections, just don't wear it."

Fu Hanzheng looked down and changed his words.

"It's a good tie."

Mrs. Fu's taste was not to be doubted.

Gu Weiwei chuckled, fixed his new tie, adjusted his collar and buttoned up his suit jacket.

"Where are Second Master and Third Master?"

"They said that they are picking up their girlfriends," Fu Hanzheng said.

Gu Weiwei pursed her lips. "I think it will be a large-scale love show today."

Fu Shiyi and Fu Shiqin had been showing off how wonderful their girlfriends were and how loving they were.

They were both going to be bringing them here today, so who knew what would happen?

"You are the star today," Fu Hanzheng said as he lowered his head and kissed her lips, not caring about the fact that the two children and the nursery teacher were here.

However, the two ignored children soon called out and Tiantian screamed loudly.

Gu Weiwei looked sideways and chuckled.

"Look, your lover from your previous life is jealous."

Fu Hanzheng chuckled and lifted his daughter up.

"Let's go."

Gu Weiwei went over and took her son into her arms; the nurse followed them out of the house and into the car.

The two of them placed the two children into the safety seats and the nursery teacher stayed in the back to take care of them, whilst Gu Weiwei sat in the passenger's seat.

"Is it really convenient to bring them out for dinner?"

"It's not inconvenient." Fu Hanzheng chuckled and did not tell her that they were going to Landscape Villa.

“Actually, we can just eat at home, no need to go out.” Gu Weiwei turned to look at the two children, realizing how difficult it was to bring them out.

Fu Hanzheng said seriously as he drove, “You haven’t gone out to celebrate your birthday for two years.”

When they were in Dubai, there were only the two of them and because she was pregnant, the birthday celebration was at home, so only the two of them were celebrating.

Gu Weiwei looked sideways and said with a smile, “My best birthday party will be with you and the babies.”

With him by her side in the future, the two little buns would grow up healthily. She did not want anything more in this life.

She now had everything she had desired but had failed to obtain in her previous life.

Chapter 1468 Handsome and Pretty

Since there were two children and Gu Weiwei in the car, Fu Hanzheng drove very smoothly.

But this way, they were slower.

At Landscape Villa, Mrs. Fu, Old Lady and He Chi had arrived before them.

He Chi parked the car and greeted the Old Lady and Mrs. Fu.

“Why is Uncle Fu not here?”

“I didn’t want him to ruin the atmosphere. He can eat at home by himself.” Old Lady snorted.

Fu Shengying did not like Gu Weiwei very much and at this time, she did not want him to ruin everyone’s mood.

Plus he did not want to come anyways.

He Chi smiled. It seemed that President Fu had still not allowed them to remarry.

The three of them entered the villa and the moment they entered, Fu Shiyi and Fu Shiqin took hold of their girlfriends and introduced them to them.

“Grandma, this is my girlfriend Dongdong, you have met her before.”

Old Lady and Mrs. Fu nodded. “It has not been easy for you either. You finally got the title.”

“Hello, Old Lady and Mrs. Fu.” Ding Dongdong greeted them with a smile.

Fu Shiqin took hold of Ling Jiao and made the introduction too.

“Grandma, mom, this is my girlfriend, Ling

Jiao.”

“Girlfriend?” Mrs. Fu was startled. She looked at Fu Shiqin in disbelief and then at the girl he had brought with him. “When did you get a girlfriend?”

"This month," Fu Shiqin said with a smile.

Hearing the words, the Old Lady sighed and said to Ling Jiao, "Girl, these grandsons don't know how to cherish women, so test him a little. It would be good to have him suffer a little before finally making a decision..."

"..." Ling Jiao blinked. What was going on?

"Grandma, am I your grandson or not?" Fu Shiqin asked furiously.

He had a girlfriend and it was fine if she was not happy for him, but she even wanted her to test him.

Luckily, he and Ling Jiao were not in a real relationship, otherwise he would have been set up by his grandma.

Back then, his elder brother had also been set up by her and tried all kinds of methods to urge his sister-in-law not to fall into his brother's trap.

However, the Old Lady did not take his words seriously, but continued to speak to Ling Jiao.

"You should learn from Dongdong and sharpen him for a few years, otherwise they will not know how to control their hearts."

Fu Shiyi and Fu Shiqin exchanged a sympathetic look. What had they done wrong?

Mrs. Fu changed the topic with a smile.

"Where is your brother?"

Fu Shiqin checked the time. "He's on the way and he should be here soon."

Ling Jiao whispered, "You haven't told me who your sister-in-law is."

She had been very curious ever since he said that Mrs. Fu was in the same industry as her.

But this man refused to tell her and insisted that she should wait and see with her own eyes.

"We are going to meet her soon, what is the hurry?" Fu Shiqin whispered.

Seeing them whispering, Mrs. Fu chuckled inwardly.

It seemed that the marriage of her three sons had been settled.

Seeing Fu Shiqin and Ling Jiao whispering, Fu Shiyi took hold of Ding Dongdong's shoulders and whispered, "If Second Brother dares to show off in front of me, we will surpass him by showing off our love too!"

Ding Dongdong glanced at him speechlessly. "Don't bring me along with you, I won't do anything so stupid."

The two brothers had been showing off their love to each other like they were on stimulants.

Fu Shiyi laughed dryly. He was just thinking about how to appease his girlfriend when his brother and sister-in-law arrived in time to distract him.

Fu Hanzheng's custom-made suit was paired with a wine-colored tie, and he was holding his gentle daughter, Tiantian, in his arms. Gu Weiwei, on the other hand, was wearing a wine-colored dress and holding Youyou who was wearing a white shirt and red shorts.

The family of four came inside. The man was handsome and noble, and the woman was pretty and elegant. The two little buns were cute and lovely, creating a very heart-warming image.

Chapter 1469 Handsome and Pretty 2

Wherever this family went, they would be dazzling.

Seeing the two babies showing up, Ji Cheng squeezed herself over to them excitedly.

"Youyou, Tiantian, do you remember Aunt

Ji?"

Normally, the two little buns were very cute, but today, they were dressed so formally that they looked even cuter.

It was a pity that before she could carry Youyou, the two uncles each took a little one into their arms.

With Tiantian in his arms, Fu Shiyi said excitedly, "Tiantian, why are you so cute today?" The little girl was chubby and tender, and she looked around curiously in the dress. She was so cute.

While in Fu Shiqin's arms, Youyou looked around curiously, but he was not as excited as Tiantian.

"Youyou, let's go, I will get you something to eat."

"They have eaten, don't feed them anything." Gu Weiwei reminded them.

Fu Shiqin said as he carried Youyou inside, "Just a piece of fruit."

"Tiantian wants one too!" Fu Shiyi shouted in agreement with Fu Shiqin with his niece in his arms.

Mrs. Fu and the Old Lady surrounded Fu Shiyi and teased Tiantian, whom they had not seen for a long time. They showed great love to her.

Seeing the scene, Gu Weiwei smiled helplessly at Fu Hanzheng. "I think... They are the main characters tonight."

She, the birthday girl, was now forgotten by everyone and they were all surrounding the two little ones.

When everyone was paying attention to the two cute little buns, Ling Jiao stared at Gu Weiwei and Fu Hanzheng in astonishment.

Although Fu Shiqin had told her that his sister-in-law, Mrs. Fu, was from the entertainment industry, she had never expected that Mrs. Fu would be the youngest Movie Queen in the Chinese film industry, Mu Weiwei.

As an actress herself, she truly admired this young Movie Queen.

She had disappeared for the past two years and did not make any movies or prepare for a new movie. She had found it a pity.

Unexpectedly, she was with the important figure of the Fu Family, and she had been busy giving birth to two children these past two years.

Since most of them had surrounded the two children, Gu Weiwei easily noticed Ling Jiao staring at her.

She threw a look at Fu Hanzheng, approached Ling Jiao and said, "Hello, I have been hearing Second Master mention you a lot these days, it is nice to meet you."

Ling Jiao came back to herself and shook hands with her.

"Miss... Miss. Mu, I am Ling Jiao."

"I know, I did invite you when I was doing Life Reboot, but your company turned me down," Gu Weiwei said regretfully.

Ling Jiao smiled helplessly. "Yes it was really unfortunate, but I hope that we can work together in the future."

She felt very helpless when she had missed the chance to restart her life.

It was not because of the box office or fame of this movie, but because it was a rare good movie.

But because she had offended President Wang, the company had blocked her from acting

"There will be a chance," Gu Weiwei said with a smile.

If she was going to direct a new movie, she would very much like to invite Ling Jiao to star in a role.

Luo Qianqian came over and smiled.

"Are you sure you want to talk about work on such an important day?"

Gu Weiwei hugged her and thanked her sincerely.

"Thank you for coming home."

Luo Qianqian hugged her back and said jokingly, "Mrs. Fu, if it's you that wants to see me, I will definitely come home."

Chapter 1470 Handsome and Pretty 3

In the dining room, Fu Shiyi and Fu Shiqin placed the two babies on the dining table and gave them each a small piece of orange.

The two little buns were sucking the orange juice with great interest, looking very cute.

The group of people surrounded the dining table and watched them eat the orange in excitement, totally forgetting that they were here today to celebrate the mother of the two children.

Fu Hanzheng left the living room for a while, giving Gu Weiwei and her friends time to talk. He was worried that they would be too restrained when he was next to her.

However, he only left for half an hour before returning back inside. Out of habit, he sat down next to her.

On the other side of the kitchen, the cute voices of two children and the laughter of a group of people could be heard.

Fu Hanzheng frowned. "Maybe we shouldn't have brought them here."

But it was too late now, the birthday party had been stolen away by the twins.

They each grabbed a piece of orange and chewed on it. The group of people had been watching for half an hour and still had not seen enough.

"Then what? Can you still celebrate by leaving the twins at home? People would still ask about them" Gu Weiwei asked with a smile.

Everyone liked the twins and it was normal that they would surround them. Should they leave the two children at home just because of this?

If that was the case, she would not be in a good mood, even if she was out for her birthday.

Ling Jiao smiled with pursed lips. She had not expected that Master Fu, who was in charge of Fu's Enterprise, would have such a low position at home.

But it could be seen that Master Fu adored Mrs. Fu, otherwise he would not have said such words.

No wonder Mu Weiwei had to quit filming at the peak of her career and stay at home to have babies with her husband.

Gu Weiwei sized up the decorations in the room and knew that he had arranged them carefully. She whispered, "President Fu, thank you for your efforts."

She had thought that they were going to eat out at a restaurant, but he had driven her here.

This was the place where they had truly met for the first time and it was also a place that held many sweet memories, so it was meaningful for her to celebrate her birthday here.

Fu Hanzheng sized up the surroundings and said, "It is not easy to arrange a children's room here. We can move back when the children are older."

When she had just returned home, he had arranged for her to live in villa seven, in order to not make his family suspicious.

Although he wanted to return to their real home with her, it would take some effort to re-arrange the layout of the house.

"Yes." Gu Weiwei nodded.

Finally, the two children had finished the orange and the crowd came back into the living room.

Old Lady and Mrs. Fu were the first to give her their presents. "Happy birthday, Weiwei."

"Thanks." Gu Weiwei accepted their presents without any hesitation.

She opened it and saw two sets of expensive jewelry.

Fu Shiqin felt his forehead and complained.

“Grandma, Mom, you always give her jewelry for her birthday. Our brother likes to give her jewelry too, and our sister-in-law has so much jewelry that she can even open a jewelry store now.”

“Women never have too much jewelry,” Mrs. Fu said confidently.

With Hanzheng around, she did not lack anything

After much thought, she realized that the only thing they could give her was jewelry.

“True, who would think that they have too much jewelry?” Gu Weiwei added.

Actually, she rarely wore these things.

In the past, she would still wear jewelry on necessary occasions, but ever since she was pregnant with the two children, she had not worn anything, fearing that the jewelry would accidentally scrape the children’s tender skin.

She even removed the diamond ring Fu Hanzheng gave her. But she could not admit this because of Old Lady and Mrs. Fu’s feelings; she couldn’t let the elders lose face in front of the younger generations.
