

MY HIDDEN 1471

Chapter 1471 Danger

Fu Shiqin pursed his lips, feeling that the presents were nothing new.

However, he remembered that these two sets of jewelry were bought with tens of millions of yuan, so their affection towards Weiwei was obvious because they were willing to part with them.

“You think that our presents are too vulgar, so what did you bring? Let me see.” Old Lady provoked him unhappily.

Fu Shiqin proudly brought over the present he had prepared and gave it to her with both hands.

“Happy birthday, sister-in-law.”

Gu Weiwei took it and opened it in front of everyone at Old Lady’s signal.

But inside was a contract.

She leafed through it and asked in astonishment, “Is it the copyright contract for Die Meng?”

“Sister-in-law, you like this book and you wanted to make it into a movie, so I bought it for you.” Fu Shiqin said as he took hold of Ling Jiao’s shoulders, “Jiaojiao suggested it.”

Gu Weiwei smiled happily. “Thank you for your efforts.”

“Second Brother, that is not a very proper present.” Fu Shiyi snorted with his arms crossed.

“Why not?” Fu Shiqin snapped.

They must have been enemies in their previous life, but in this lifetime they had been born from the same womb.

Fu Shiyi analyzed the situation logically. “Second Brother, you did not want to help our brother with his work, so you gave this contract to sister-in-law, hoping that she could return to the workplace as soon as possible, so that our brother could return to focusing on his work.”

Now that sister-in-law and the two children were at home, his brother placed great importance on them and left everything to Fu Shiqin.

Therefore, he wanted his sister-in-law to return to the film industry as soon as possible, so that his brother could focus on work.

Second Brother, what a dangerous idea!

“Don’t judge me based on your ugly thoughts.” Fu Shiqin countered furiously and snorted. “You complained that I gave her a bad present, but what did you prepare? Show me!”

Although he did have some hope that this would spur his sister-in-law back into the film industry, how could he reveal it in front of his brother?

“Let me show you what a present is,” Fu Shiyi said as he took out the present he had prepared.

Gu Weiwei took it and opened it curiously. It was a rare two-colored tourmaline that was half green and half light purple.

Also, it was carved into a Chinese wisteria and looked very unique.

“Master Three, where did you find such a rare tourmaline?”

“Dongdong asked someone to find it.” Fu Shiyi smiled proudly and said, “My girlfriend has good taste.”

Gu Weiwei pursed her lips. They were showing off their love in front of her by giving her presents.

He Chi joined in and gave her the present he had prepared.

“Sister-in-law, here’s mine.”

Gu Weiwei took it and looked at the gift box suspiciously.

“Did you give me something weird?”

What kind of specimen fossil did he give to her now? Ordinary people like her could not accept it.

“Yes, but I promise you that it is not what you think,” He Chi said confidently.

Gu Weiwei opened the small box with a confused expression. He did not give her a specimen fossil this year, but a piece of amber.

But it was an amber with a worm inside.

“He Chi, do you want to die? Bugs?!” Fu Shiyi bellowed.

Fu Shiqin took it from Gu Weiwei and said, “Let him eat it himself.”

He Chi hurried away and explained as he dodged.

“These are extinct insects on earth and they are very rare. They are my most precious collection. Do you think it’s easy for me to part with them?”

“Can’t you just give her a normal present?” Fu Shiyi joined in.

Chapter 1472 Everything I Have

He Chi was punched by both Fu Shiyi and Fu Shiqin, making everyone burst into laughter.

While they were fooling around, the others also presented their presents.

But before they were done, the younger daughter, who was sitting on the sofa, looked at them with pursed lips.

Gu Weiwei did not care about the presents any more. She was about to console her daughter when Fu Hanzheng had already picked her up.

Also, within a few minutes, he had managed to appease his daughter. The little girl was lying on his shoulders, neither crying nor making a fuss.

“Our brother used to worry that if he had a son, he would be his love rival. However, Youyou did not become his love rival, but sister-in-law, you have yourself a love rival,” Fu Shiyi said in amusement.

This girl did not know how to speak and only knew how to cling to her father.

Gu Weiwei sighed helplessly. “True.”

Youyou was like his father, calm and steady in everything

Tiantian was a girl who was a little pampered, and as she grew older, she started to like her father more. Although she did not hate her as a mother, Fu Hanzheng always pampered her more than she did.

“Daughters are the apple of their father’s eyes, so they are closer to their father.” Mrs. Fu looked at her two grandchildren with love.

The Fu Family had always had many men and it was rare to have a daughter.

Therefore, they adored this granddaughter deeply.

After Fu Hanzheng coaxed his daughter, he gave her to Mrs. Fu and returned to Gu Weiwei.

“See, there is no love rival.” Fu Shiqin threw a look at his brother and said to Fu Shiyi and He Chi, “Only his wife is his true love, and the children are all accidents. No one can shake our sister-in-law’s position, not even his own daughter.”

His brother was coaxing his daughter because he did not want his wife to tire herself out.

He Chi thought of something and asked, “We have finished giving our presents, but someone has not given anything yet.”

They had given her their presents, but Fu Hanzheng had not given her anything.

Gu Weiwei looked at the man next to her, who was looking gentle and warm.

“He is mine, what else is there to give me?”

Fu Hanzheng smiled and kissed her deeply, ignoring everyone else around him.

“You are right, everything I have is yours.”

Everyone was force fed with their love and they could not bear to look at the couple who were looking at each other passionately.

Old Lady and Mrs. Fu were just teasing their granddaughter when they heard the noise. They glanced at each other.

“Luckily, we were confused and he was not.” Old Lady sighed.

If they had gotten a divorce back then and Hanzheng had truly broken up with her, it would not have been so cozy and joyful.

With her soft granddaughter in arms, Mrs. Fu said with a gentle voice, "Hanzheng always knows what he truly wants."

He would never look at anything he did not want.

But he would also never let go of what he wanted.

Old Lady teased Tiantian and whispered, "Where did Fu Shengying hide the divorce certificate?"

She had intended for them to remarry as soon as possible, but the divorce certificate was with Fu Shengying and it was hidden very well, as if he was afraid that they would secretly register their marriage again.

Therefore, he refused to let them remarry.

"Mom, you gave birth to this bastard, so why don't you only curse him instead?" Mrs. Fu was still defending her husband.

"My bones don't have many years left to live. If I don't see them getting married, I won't be able to die in peace. I won't let go of that bastard son even if I become a ghost," Old Lady said fiercely.

Mrs. Fu was both annoyed and amused. "You caused the divorce, so who are you blaming now?"

"I don't care about that, what about him..." Old Lady got so annoyed when she mentioned her stubborn son Fu Shengying.

Chapter 1473 Pink Fireworks

Ever since the wedding was cancelled two years ago, no one had celebrated together like this since.

Old Lady and Mrs. Fu did not want to disturb their reunion, so they spent most of their time watching over the two children instead of the nursery teacher, enjoying the time they spent with their grandchildren.

Fu Shiyi and Fu Shiqin were competing in love against each other with their girlfriends.

He Chi, the single man, was so angry that he wanted to slam the door and leave. Was he even attending a birthday party? It was just a large-scale love factory.

Fu Hanzheng sounded so sweet and Fu Shiyi and Fu Shiqin were showing off their love too, leaving him totally alone.

Standing by the window, Ji Cheng suddenly saw the fireworks in the night sky. "Wow, there are fireworks!"

"Damn, it is still pink."

"Pink heart type? Damn, we are connected."

"Which idiot is confessing to his girlfriend? That is so cheesy!"

Seeing the pink fireworks blooming in the night sky, Fu Shiyi and Fu Shiqin could not help but complain.

But as they were talking, they suddenly felt a chill down their spines. They simultaneously turned around and looked at their elder brother.

Then they saw their brother looking lethal.

They exchanged a look and changed their words.

“Well... pink is actually quite pretty. It is so rare to see so many pink fireworks.”

“Heart-shaped fireworks, so unique and lovely.”

“The person who arranged these fireworks is a genius.”

Gu Weiwei chuckled and looked at the man that had a dark expression standing next to her. Then she took a hold of his hand.

“You arranged this?”

“You said that the pink fireworks look good,” Fu Hanzheng said.

Seeing the pink fireworks blooming outside the window, Gu Weiwei smiled sweetly.

“Very pretty.”

He remembered everything she liked.

Unlike Fu Shiqin and the other straight men, the girls all thought that the pink fireworks were very romantic.

Ji Cheng leaned herself against the window and sighed as she watched the fireworks.

“President Fu is so cute! Pink heart-shaped fireworks!”

Luo Qianqian smiled. President Fu had always been excellent at spoiling his wife.

It was a blessing of three lifetimes to meet such a man who cherished and adored her.

Weiwei and Ji Cheng were so lucky to have met the person they loved deeply.

Only she and the person she cared about were far away.

Seeing her disappointment, Ji Cheng took hold of her shoulders.

“Qianqian, are you really not going to consider the soldiers who are in their prime? I asked my father for a album of pictures, do you want to take a look?”

Luo Qianqian squinted at her. “Have you changed your profession?”

Ji Cheng took hold of her arm and shook it. “Oh my, take a look, I will ask my father to bring you whichever one you like.”

After the kidnapping, she had been very depressed when she returned home and it seemed that she had not made any progress with Mr. Gu.

As her friend, she truly did not want her to be sad because of someone who did not like her. So she had asked her father for a pile of pictures of the best-looking soldiers in the military zone and wanted her to pick one.

“Do you think I want to choose a concubine?” Luo Qianqian snorted in amusement.

“Really, I promise that all of them are good-looking and have eight-pack abs.” Ji Cheng continued to tempt her.

“Please, I am not in the mood to find someone else.” Luo Qianqian turned down Ji Cheng’s offer.

She was not in the mood to do that. If she agreed to her request, she would only bring harm to others.

Chapter 1474 Flirty

Gu Weiwei also noticed that Luo Qianqian was not in a good mood, so she whispered to Fu Hanzheng, “I am going to talk with Qianqian.”

“Go.” Fu Hanzheng released her and let her

go.

Gu Weiwei approached and sat down next to Luo Qianqian with Ji Cheng. “Are you still sad about Mr. Gu?”

“How am I sad?” Luo Qianqian denied.

“Okay, okay, okay, you are not sad.” Gu Weiwei chuckled and asked gently, “Have you been in contact with him recently?”

Luo Qianqian nodded. “We have just had phone calls, we also talk on WeChat.”

She was too embarrassed to tell her the truth about how she met with Gu Yun Che in France.

“But it is not fun to just have an online relationship.” Ji Cheng did not speak too loudly because there were people around them. “You have to flirt with each other when you are in a relationship.”

Luo Qianqian smiled and said, “Just continue being sweet and don’t worry about me, I know what to do.”

Meeting the person they liked was a very simple thing for them, but for her, it was very difficult.

“Okay, we won’t ask, but as Ji Cheng said, you will only make progress when you meet.”

“Got it.” Luo Qianqian nodded with a smile.

She did not want to talk about Gu Yun Che because she knew too little about that man.

If Ji Cheng and Weiwei knew about it, they would definitely persuade her to give up on this man.

Ji Cheng thought for a while and said to Gu Weiwei, “I feel that that man must be as cold as President Fu, so please teach her some flirting techniques.”

“Well... I can’t.” Gu Weiwei smiled.

Luo Qianqian said straightforwardly, "She has always been the one being flirted with, what is there to teach?"

"True." Ji Cheng sighed helplessly.

She and Weiwei were both girls who had been courted, so she truly had no experience in flirting with men.

"Alright, birthday girl, you better go back to your man. President Fu will be displeased if you keep us company for too long."

Gu Weiwei checked the time and said, "It is getting late, let's eat, you must be hungry."

Having said these words, she stood up and asked everyone to take their seats.

Everyone sat down at the table and served her cake, so she could blow out the candles and make a wish.

The servant removed the cake and started to cook the steamed eggs for Youyou and Tiantian.

The pink fireworks kept blooming outside and the villa was very lively.

Fu Shiyi peeled the prawns and crab meat for Ding Dongdong. "Here, your favorite."

Ding Dongdong was chewing on a crab leg as she glanced at him.

"Shrimp and crab, don't you know that you have to eat them yourself?"

Fu Shiqin laughed gloatingly. He must have failed at being cute.

Ling Jiao had always been a woman of few words, but when she saw Fu Shiqin's favorite dishes, she would put them into his bowl.

No one had noticed that Fu Shiqin sighed proudly.

"My food tastes even better now."

Unconvinced, Fu Shiyi said to Ding Dongdong pitifully, "Dongdong, I want that chicken wing, please get it for me."

Seeing that he could not reach it, Ding Dongdong kindly gave him a piece.

Fu Shiyi took a bite and sighed.

"Dongdong, because you gave it to me, it is so delicious."

He Chi was so annoyed by them that he lost his appetite.

Finally, Old Lady could not stand it any more and said with a serious expression, "Can't you eat properly?"

Chapter 1475 Love

The moment the Old Lady spoke, Fu Shiyi and Fu Shiqin pursed their lips and stopped showing off their love.

But the moment the dinner ended, they started again.

“My girlfriend brought me this present.”

“My girlfriend made me cookies.”

“This is a picture of my girlfriend on the catwalk.”

“This is my girlfriend’s cute picture.”

As the two of them were bragging about their girlfriends to each other, Ding Dongdong and Ling Jiao left them.

Ding Dongdong gave a drink to Ling Jiao and said to her, “They are always so... Weird.”

She had never expected that the person she had been thinking about all these years would have such a... silly side.

Ling Jiao chuckled and said nothing.

It did not matter what Ding Dongdong said about Master Three. After all, they were a couple and she and Fu Shiqin were just in a cooperative relationship. If that weren’t the case, she might have joked along too.

“Weren’t you nominated for the Newcomer Award before? Why haven’t you made a movie in recent years?” Ding Dongdong asked curiously.

Her boyfriend’s brother was courting a star and she was Ling Jiao’s fan, so she happened to know about her.

When Fu Shiyi said that his second brother’s girlfriend was Ling Jiao, she had been wondering if it was really her.

“It is a long story, but I will continue to make movies now.” Ling Jiao took a sip of the juice with a smile and curiously asked, “I heard from Second Master that you are a model.”

“I’m also a part-time racing driver,” Ding Dongdong said.

Ling Jiao sized up the girl in front of her in disbelief. Most of the racers were men, but she turned out to be a professional racer too!

“You are so cool!” Ling Jiao exclaimed.

“There is a competition next month, you can come and watch it if you have time.” Ding Dongdong invited her in a friendly way.

“Of course, I can’t wait to see it,” Ling Jiao said excitedly.

The two of them became more and more interested as they chatted; they exchanged phone numbers, their WeChat contacts and even planned to meet up later.

Fu Shiyi and Fu Shiqin, who were still immersed in showing off their love to each other, did not notice any of this.

He Chi reminded them out of kindness. "If you two don't be careful, your girlfriends will probably run away from you."

Fu Shiyi and Fu Shiqin turned around and saw the two women who were talking happily.

Then they both stood up and walked over, taking their girlfriends with them.

The others were just having fun when Gu Weiwei and Fu Hanzheng had to say goodbye to everyone.

"Sorry, it is almost time for the children to rest, we need to go home now."

Everyone understood that they were now parents, so they did not ask them to stay but told them to be careful.

Then they saw them and the children off.

Gu Weiwei did not realize until she got into the car that the pink fireworks were still going on outside.

"How long do you want the fireworks to last?"

"One night," Fu Hanzheng said.

Gu Weiwei felt her forehead. "Do you know how polluted the atmosphere will be?"

Fu Hanzheng turned a deaf ear to her words and drove them back to villa seven.

Along the way, Gu Weiwei could see the pink fireworks blooming in the night sky through the window.

Even when they left Landscape Villa, the streets were lit up for some reason. When they passed by the square, they could see the big screens and commercials showing birthday songs.

It was not a short distance but actually a few miles back from Landscape Villa to villa seven.

It was as if the entire city was celebrating her birthday.

Chapter 1476 Love

Along the way, Gu Weiwei smiled sweetly and helplessly as she saw the colorful lights on the trees and the birthday song that sounded from time to time.

"You are too old to do such childish things."

It was just her birthday and he was going to make it seem as if the whole world was celebrating it. What was she supposed to say?

"I'm too old?" Fu Hanzheng frowned.

He really did not like remembering the age difference between them, especially when she mentioned it.

"My point is, is that you are childish, what are you paying attention to?" Gu Weiwei chuckled.

After they got together, his image as a cold president had collapsed.

Fu Hanzheng corrected her seriously. "The point you mentioned is that I am old!"

"You are already over 30 years old, am I wrong?" Gu Weiwei asked with a smile.

She did not mind the age difference between them, so what was he bothered about?

Fu Hanzheng looked at her sideways. "It is your birthday today, I won't argue with you."

Gu Weiwei did not want to dwell on it. "Also, did you really not give me a birthday present?"

Could it be that the present was meant to be the pink fireworks that would carry on throughout the entire night, the colored lights and birthday songs that played along the way home?

"Didn't you say that I am yours, so you don't need any other gifts from me?" Fu Hanzheng asked.

Gu Weiwei glanced at the two children behind her and snorted.

"I was giving you face in front of everyone, are you really not going to give me a gift?"

"What more do you want?" Fu Hanzheng asked with a smile as he drove.

"I... Fine! I will sleep in the nursery from now on and no longer share the bed with you." Gu Weiwei snorted.

Hearing that the benefits were going to be deducted, Fu Hanzheng said instantly, "Of course, you will see it when you get home."

They chatted as they came to the villa.

After they left, Fu Shiqin and everyone else left one after another.

Fu Shiqin was driving and they were going home too. They could not help but complain when they saw the colored lights, the birthday songs on the big screens and the pink fireworks that were going to be on for the entire night.

"Our brother is getting crazier and crazier, isn't he? Our sister-in-law is celebrating her birthday, is he trying to make the whole world celebrate too?"

"Sister-in-law is just celebrating her birthday, so why is he showing off his love to everyone in the capital?"

"Forget it, he has never been normal after being with sister-in-law."

Fu Shiyi checked the news and found that [Pink fireworks] had reached the top search.

Also, the birthday song that was inexplicably played everywhere in the city had also caused a heated discussion among the netizens.

"The internet is saying that some rich man is flirting with a girl."

“He has been with her for a long time, alright? It is just a normal way of spoiling his wife,” Fu Shiqin said as he drove. “Luckily, we are not living in the ancient times, otherwise our sister-in-law would have become the empress and our brother would have rebelled.”

Anyway, as long as his wife liked and wanted something, he would give her everything.

“Weiwei can control her husband.” Ding Dongdong interrupted.

Fu Shiyi smiled sinisterly. “Can you control me too?”

“Third Brother, I didn’t expect you to be a masochist.” Fu Shiyi took the opportunity to mock him.

During the past two years, Ding Dongdong had turned him down and tormented him, but he still managed to hold on to the girl.

He would not believe that he did not have a masochist personality.

“What is a masochist?” Ling Jiao asked in astonishment.

“Well... it’s when you ask to be beaten.” Fu Shiqin explained straightforwardly.

Fu Shiyi bellowed instantly.

“You are so annoying! Stop the car and fight me!”

Chapter 1477 Fake Love

“So be it.” Fu Shiqin pulled over by the roadside.

Then the two of them got out of the car and started to argue with each other on the roadside.

Ding Dongdong and Ling Jiao exchanged a helpless look and followed them out of the car.

Ling Jiao was about to persuade them to stop fighting when Ding Dongdong stopped her.

“No need to persuade them, they are just like that.”

“But...” Seeing that they were about to fight, Ling Jiao was worried.

Ding Dongdong was not surprised at all. She took a taxi by the roadside.

“Let’s go, we are heading in the same direction, so let’s go together.”

“Then those two...” Ling Jiao looked at Fu Shiyi and Fu Shiqin, obviously worried about leaving

“They are too old for anything serious to happen. Let’s go.”

Ding Dongdong took Ling Jiao into the taxi and went home.

At first, Fu Shiyi and Fu Shiqin argued with each other on the street, but then they started to do push-ups.

After all, everyone was afraid of getting hurt in a fight.

In the end, Fu Shiyi beat Fu Shiqin because he worked out.

After the battle, they returned to the car and found that their girlfriends were gone.

So they started to make calls.

When Ling Jiao received Fu Shiqin's call, she had already bathed and was about to take a rest.

"Dongdong called a taxi, so I left with her."

"As long as you are home," Fu Shiqin said.

Ling Jiao thought for a while and asked, "Are you and Master Three alright?"

"I am fine," Fu Shiqin replied.

"You didn't really fight, did you?" Ling Jiao asked.

"We will never fight." Fu Shiqin snorted.

Ling Jiao chuckled. "Who was it that asked to fight?"

"We just had a PK on the street to see who could do more push-ups." Fu Shiqin explained. They had done this before.

Fu Shiyi was afraid that he would be slapped in the face and he did not want to die, so their solo battles were very civil.

Ling Jiao was speechless.

"Oh yes, do you have time tomorrow?" Fu Shiqin asked.

Ling Jiao hesitated for a moment. "The company has arranged a new agent for me tomorrow, and I need to meet him. I still have some scripts to read, so I need to decide which one to take."

Thanks to Second Master Fu, after President Wang left the company, the company almost unconditionally supported her.

Many excellent resources were given to her and her previous agent was replaced with the best agent.

"Alright, call me when you are done."

Fu Shiqin did not force her. Their date was just a show of love, not something that had to be real.

"Okay," Ling Jiao answered and said, "Second Master, when will our collaboration end?"

Fu Shiqin glanced at Fu Shiyi and whispered, "Why does it sound like you are betraying me?"

"You came to me because you wanted to show off your successful love in front of Master Three. Now that you have achieved your goal, it is time to consider the length of our collaboration." Ling Jiao calmly suggested.

It seemed that she was trying to kick him to the curb when he had outlived his usefulness.

He had just helped her deal with President Wang and the company's freezing of her when she mentioned ending the collaboration.

But that was a question that had to be raised between them sooner or later. She just wanted to know about it as soon as possible and make preparations.

"We have been in a relationship for less than a month, and if I tell them that I broke up with you, even a blind man would know that I hired you." Seeing Fu Shiqin still focusing on calling Ding Dongdong, Fu Shiqin said with a low voice, "So the collaboration will take at least half a year."

Otherwise, this relationship would be too fake.

Even though he was really in a fake relationship.

Chapter 1478 The Sparks of Love

Ling Jiao thought for a while and realized that it would be too unrealistic to announce the breakup in such a short time.

"Then half a year, if Second Master meets a girl he likes, you can break up with me anytime."

"Then it is settled. If there is any trouble at Dingsheng or at work, call me anytime," Fu Shiqin said generously. Ling Jiao thought for a while and said, "No need, you have already solved the biggest problem for me."

"Jiaojiao, it is your job to make use of me as your boyfriend during the collaboration." Fu Shiqin reminded her kindly.

Although he was not as powerful as his brother, yet as the second-in-command of Fu's Enterprise, many people in Hua Land had to obey him.

Ling Jiao chuckled. "Thank you for your kindness, I will if it's necessary."

"No need to thank me, I like to bully people," Fu Shiqin said sinisterly.

If he had not helped to investigate Ling Jiao before, he would not have decided to work with her so suddenly.

She was a sensible and understanding girl, but sometimes she was too restrained.

"I don't want the collaboration to look like a sugar daddy relationship," Ling Jiao said.

Now, he was using her as his girlfriend to show off his love to Third Master Fu and his friends in the industry and she was trying to use her identity as his girlfriend to get herself a position in the film industry.

She had missed too many opportunities these past few years.

But if she asked him to solve everything, it would seem that she was being supported by a sugar daddy

"Alright, up to you." Fu Shiqin did not force her anymore.

When Ling Jiao was just about to hang up the phone, she changed her mind and said, "Second Master, if there is a chance, can I see your sister-in-law again?"

She had always admired the young Movie Queen and had never had the chance to meet her before.

Now that she finally had the chance to meet her in person, she did not want to miss the opportunity.

"Meeting my sister-in-law?" Fu Shiqin frowned and said, "She has stopped filming these past few years and I don't really know when she will start to make movies again."

"I don't want to be in her movie, I just want to meet her. I am her fan." Ling Jiao did not conceal her real purpose.

Fu Shiqin thought for a while and said, "I will ask her when I have the chance."

"Okay, thanks." Ling Jiao thanked him politely.

She was very happy to attend her idol's birthday party tonight.

After Fu Shiqin and Ling Jiao ended the call, Fu Shiyi returned to the car.

Fu Shiqin started the car and warned him.

"Third Brother, take care of your girlfriend, don't ruin it!"

"But Second Brother... are you really dating your girlfriend, are you sure she's not a hired actress?" Fu Shiyi sized up the driver, looking very curious.

Fu Shiqin gritted his teeth. "Are you blind? She is my real girlfriend!"

"Hey I'm just asking, but something seems to be missing between you two," Fu Shiyi said with a complicated look.

Fu Shiqin snorted. "Will you only think that we are real when I register our marriage?"

They were already performing so well that no one else had noticed it, so how did he manage to tell?

"Hmm... Sparks, yes, sparks." Fu Shiyi suddenly thought of the key point and said with a wise face, "You and Ling Jiao look very close, but you lack the kind of sparks that Dongdong and I have."

"Sparks, am I setting off fireworks?" Fu Shiqin snorted and drove without looking at him.

Actually, he was very anxious.

What was this spark? Why had he never seen it before?

Chapter 1479 Unenthusiastic?

The pink fireworks in the capital city went on for the entire night and caused a crazy discussion online.

The netizens were all trying to guess who was the one who was setting off the fireworks for his girlfriend, when they were suddenly shown such a display of love.

However, Gu Weiwei and Fu Hanzheng, who had returned to the scenic site of villa seven, had no time to admire their fireworks.

The two children were about to sleep when they came home. They bathed the children and put them into the small bed. Soon, the two children fell asleep.

Gu Weiwei kissed the two children's faces, closed the nursery door and let out a sigh of relief.

With his arms over her shoulders, Fu Hanzheng said out of concern, "Thank you."

It was indeed very laborious to take care of two children at the same time. "Thanks for your help too, I am much more relaxed now." Gu Weiwei smiled brightly.

Fu Hanzheng took care of the two children every morning and ate breakfast before going to the company.

He helped to bathe the two children at night and sometimes he was the only one doing the work. With the help of the nursery teacher, she was already very relaxed.

They walked out of the nursery and Fu Hanzheng poured her a cup of water.

"Take a rest."

Gu Weiwei took the cup, turned off the lights in the living room and sat down on the sofa.

The ceiling-to-floor window allowed them to sit in the living room and watch the pink fireworks in the sky.

Fu Hanzheng sat down next to her and leaned her head against his shoulders.

However, he said gently and seriously, "Happy birthday, Weiwei."

Gu Weiwei chuckled. "Aren't you tired from giving me two birthdays a year?"

It was Mu Weiwei's birthday now, but when it was her real birthday, he would do it for her again.

Therefore, ever since he found out that she was Gu Weiwei, he had given her two birthdays every year.

"No." Fu Hanzheng smiled gently.

With the slightly warm cup in her hands, Gu Weiwei said calmly, "Your Second Brother said that our relationship has settled too soon and as time passes, problems may arise, like the seven-year itch..."

Hearing the words, Fu Hanzheng looked cold.

"I think something is wrong with him."

"Don't you think that this life is very boring?" Gu Weiwei asked with a smile.

There were some twists and turns when they first met but after the relationship was confirmed, they had never wavered in their feelings for each other. Apart from the external influences, their relationship had always been very stable.

Now they had two children, and they would stay together and watch the two children grow up.

Fu Shiqin and the others said that many people would have problems with their relationship after they got married and had children.

“Who says that it is boring?” Fu Hanzheng looked even colder.

He liked it so much that he looked forward to seeing hers and the two children’s lives every day when he came home. How was it boring?

“Everyone says that when you get married and have children, romantic love will gradually become familial love. A husband and wife will not be attracted to one another anymore, and men will find that the girls outside their home are more fresh...” Gu Weiwei smiled brightly, obviously teasing him.

Fu Hanzheng looked at her sideways. “Am I not attractive anymore?”

Gu Weiwei chuckled and looked at him with

love.

“You are so charming.”

Fu Hanzheng smiled in satisfaction, reached out for her cup and placed it on the table.

Then he picked her up and walked towards the master bedroom.

“I was clearly not passionate enough and have made you suspect that I am bored.”

“I don’t suspect anything!” Gu Weiwei said instantly.

Chapter 1480: Love

Back in the master bedroom, Fu Hanzheng put her down on the bed.

Then he took out the box hidden in the walk-in closet and gave it to her.

“Happy birthday.”

Gu Weiwei threw a look at the smiling man in front of her and then at the exquisitely wrapped gift box.

“What is it?”

Fu Hanzheng smiled and said nothing, waiting for her to open it and see.

Gu Weiwei pursed her lips, undid the bow on the box expectantly and carefully lifted the lid.

This time, it was not a diamond or another gem, but a jade bracelet.

But based on her understanding of jade, it was not a top-notch jade material.

“Why do you want to give me a bracelet? Few young girls wear jade these days.”

Fu Hanzheng reached out for the jade bracelet and put it over her left hand.

“Because it means a great deal.”

“What do you mean?” Gu Weiwei looked very attentive.

With her left hand in his, Fu Hanzheng said calmly, “I did not buy this bracelet, but it was given to me by an old man who was funded by Fu’s Fund.”

Gu Weiwei raised her eyebrows and asked with a smile, “Making use of someone else?”

Fu Hanzheng smiled and told her about the jade bracelet.

“An old lady’s husband was seriously ill, but because he was too old to undergo surgery, there is no medicine on the market that can control the disease and it would cause some damage to the immune system. However the new medicine developed by Fu’s Enterprise had reached the clinical stage.

At the beginning, because of the old man’s age, he was excluded from the list of those who could try the new medicine, the grandma kept requesting and I agreed.

Luckily, the new medicine was very effective and allowed the old man to live for two more years. They spent their 60th anniversary together.

The grandma said that this jade bracelet has been passed down in their family for several generations and every generation has got their wish of growing old with the person they love. She said that they no longer have any regrets and gave this bracelet to me, hoping that it can bring us luck.”

...

Hearing the words, Gu Weiwei looked down at the bracelet.

“It is indeed a very meaningful present.”

“It is not a very good piece of jade, but it has brought fortune to so many people. I think it must be something good,” Fu Hanzheng said.

In the past, he had not believed in superstitions like good fortune, but after she appeared, he wished that he could gather endless good fortune, so that they could be destined to be together for three lifetimes and never be separated.

Gu Weiwei took hold of the gentle-looking man. “You are already my greatest blessing.”

She had never dared to imagine what her life would have been like if she had not met him after she was reborn.

Fu Hanzheng took her into his arms and said, “Let’s talk about your birthday present again.”

“Why?” Gu Weiwei played dumb.

“Aren’t you worried that something will happen to our marriage?” Fu Hanzheng asked.

He knew her too well. If she did not have something on her mind, she would not have mentioned it for no reason.

Gu Weiwei pursed her lips and mumbled, “I feel that after having children, I will become an old woman and you will dislike me more and more...”

Sometimes, she wanted to go back to make movies, but she could not let go of the two children.

Fu Hanzheng was aware that she had spent most of her time at home after she got pregnant and gave birth to the children. Also, he had been too busy with work to spend time with her and the children, so she was thinking too much.

“Don’t worry, there will never be just solely familial love between us, our eros love will prevail.”

That night, he proved how much he loved her.
