

MY HIDDEN 1481

Chapter 1481: Good Husband

Early in the morning, Gu Weiwei was not able to get up early.

Fu Hanzheng woke up early, took a shower, got changed and went to take care of the two children.

Then he carried them to the sofa in the living room.

The nurse made the milk powder and gave them each a bottle.

Fu Hanzheng was sitting next to them, drinking tea and reading the morning paper, whilst supervising the two little buns.

Fu Shiyi and Fu Shiqin came over with He Chi and saw their brother drinking tea leisurely in a custom-made business suit.

And next to him, two little buns were lying on the sofa, each holding a milk bottle and eating happily.

Seeing this, Fu Shiyi and Fu Shiqin carried their nephew and niece and helped them hold the milk bottle.

“Brother, you are such an unprofessional father.”

Without looking up, Fu Hanzheng said, “They can manage by themselves.”

“They are only seven months old, you are asking too much.” Fu Shiqin was displeased, feeling that he was mistreating his nephew and niece.

Fu Hanzheng was too lazy to argue with them. The two children had drunk the milk from the milk bottle by themselves last month and they only needed someone to make it for them.

If they spoiled them rotten and they always needed someone to take care of them, in the end, Weiwei was the one who had to suffer.

When he saw that the two children were fine, Fu Hanzheng folded the newspaper, got up and returned to the master bedroom.

Gu Weiwei had just washed her face and walked out of the bathroom, when she saw him. She pulled a long face and asked, “Where are Youyou and Tiantian?”

“They are awake, and Shiqin and the others are watching them.” Seeing her displeased face, Fu Hanzheng approached her and took her into his arms. “What is it? Who annoyed you this morning?”

“What do you think?” Gu Weiwei gritted her teeth.

She had only said a few words last night and he had ended up squeezing her dry the entire night. It felt like her bones would easily collapse.

Fu Hanzheng suddenly understood and said with a low voice, “Mrs. Fu, didn’t you praise my performance last night and now you are blaming me?”

“When did I praise you?” Gu Weiwei glared at him.

Fu Hanzheng brushed her hair and whispered in her ears, sounding very drunk, “You said that I am amazing...”

Annoyed, Gu Weiwei pinched his waist and denied it resolutely.

“I did not!”

Fu Hanzheng agreed with a low laugh. “Okay, you did not, you did not.”

“I didn’t.” Gu Weiwei stressed.

“Alright, now get changed and come out for breakfast.”

Fu Hanzheng chuckled, turned around and went out of the bedroom, asking the servant to prepare breakfast.

Fu Shiyi and Fu Shiqin took care of the two babies and they finished the milk. Then they placed them into the chairs and teased them with cookies.

“Tiantian, call me Uncle, Uncle!”

“Youyou, call me Uncle...”

Gu Weiwei changed and came out. She saw Fu Shiyi and Fu Shiqin teaching the two children how to call them Uncle.

However, the twins followed their own wishes.

“They can’t even call me Mom, so what are you two dreaming about?”

The two little fellows kept babbling, but they did not call her mother.

“Eat up, it is not too hot.” Fu Hanzheng gave her the porridge he had cooled down.

Gu Weiwei sat down, took two sips of porridge and ate some salad.

But after two bites, she went to the sink in the kitchen and vomited.

Fu Hanzheng frowned and gave her some water.

“What is it?”

Before Gu Weiwei said anything, Fu Shiqin said, “Brother, are you serious? Sister-in-law is pregnant again?”

Chapter 1482: Not Pregnant

Fu Shiyi added.

“Brother, are you serious? Sister-in-law can’t get pregnant for the next two years...”

Gu Weiwei sat down at the table and glared at them.

“What are you thinking about? My stomach is just not feeling well. My mouth felt dry and I was nauseous when I was brushing my teeth. It’s just that.”

He Chi picked up a piece of barley cake and asked kindly, “Are you sure that you are not pregnant?”

“I’m sure!” Gu Weiwei snapped with a sunken expression.

She had no idea if she was pregnant or not.

Since giving birth to Youyou and Tiantian had been risky, she could not get pregnant for two years, when sleeping together they had always been very careful.

Even during the safe period, Fu Hanzheng always wore condoms. How could she be pregnant?

“It’s better that you are not.” He Chi nodded and continued speaking, “Oh yes, I heard from Director Liu that you asked about the coil?”

Fu Hanzheng’s face sank and he turned to the woman next to him. How come he had no idea about this?

Gu Weiwei glared at He Chi who had spoken too much. She was worried that she would get pregnant again, so she asked Doctor Liu about it.

But what she had not even discussed with Fu Hanzheng was revealed by him.

Feeling a bit guilty, she laughed dryly.

“I was just asking.”

“No,” Fu Hanzheng said resolutely.

He Chi gave his opinion as a doctor.

“Is it better to get pregnant than to have side effects from contraception?”

With Fu Hanzheng’s fierce personality, it was very possible that she was pregnant.

“How many times must I repeat myself? I am not pregnant,” Gu Weiwei said with a low voice.

However, He Chi ignored her words and said to Fu Hanzheng, “Actually, there is another way to stop your wife from suffering.”

Fu Shiqin glared at him. “You want to trick my brother into getting a vasectomy?”

“That is not a lie, it is a sincere suggestion,” He Chi said confidently.

“No.” Now it was Gu Weiwei’s turn to object. She glared at them seriously. “Are you so free to worry about us?”

He Chi shut up, stuffed some buns into his mouth and stood up.

“There is a consultation this morning, I am leaving now.”

Fu Shiyi and Fu Shiqin also stopped talking about this matter and ate their breakfast.

Be it pregnancy or contraception, these were their private matters and they could not interfere.

After breakfast, they left home early.

Fu Hanzheng wiped off the remaining soup on his lips with a napkin and asked, "Still feeling unwell? Want to go to the hospital?"

Gu Weiwei shook her head and turned him down. "Maybe I drank too much yesterday and that was why I felt a bit unwell this morning. I will be fine after taking some stomach medicine. You can go to the company now."

Fu Hanzheng checked the time and said, "Then I will go now. Call me if you still feel unwell in the afternoon."

"Got it." Gu Weiwei nodded.

"Also, don't ask about the coil or think about it again," Fu Hanzheng said seriously.

"I never thought about it seriously," Gu Weiwei said.

She had asked Doctor Liu about it last week.

If He Chi had not mentioned it, this matter would have passed.

Although she had been worried that she would get pregnant accidentally, Fu Hanzheng was much more cautious than she was, so she was not that worried.

Fu Hanzheng leaned forward and kissed her forehead, then kissed the two children and left for the company.

Chapter 1483: Still Missing Her

Fu Shiqin did not drive to the company until his brother got into the car.

He said as he turned the car out of the parking lot, "Lei Meng called and said that the Gu Family contacted Gu Yun Che."

Fu Hanzheng looked serious. "When did this happen?"

"Yesterday," Fu Shiqin said as he drove.

According to Yuan Meng, if Gu Yun Che wanted to do something, the Fu Family's security system and Lei Meng would not be able to stop him.

Now, their worst enemy Gu Siting was in contact with him, which was a warning for them.

With the Dorrans Family no longer backing Gu Siting, the Fu Family was not afraid of him.

But it would be very bad for them if he tried to get Gu Yun Che to work for him.

"What about Gu Yun Che?" Fu Hanzheng asked.

Fu Shiqin smiled gloatingly. "Although the Gu Family sent someone to find him, he seems to have no intention of meeting Gu Siting."

“Don’t let your guard down.” Fu Hanzheng warned with a low voice.

Although it seemed that Gu Yun Che had no intention of helping Gu Siting, he was willing to give him the Nine-Eyed Pearl back then. They must be related.

“What is Gu Yun Che’s background? Judging from Yuan Meng’s report, she seems to be talking about an alien,” Fu Shiqin mumbled in confusion.

The Fu Family had tried their best to find out about Gu Yun Che’s background but they could not find any information about him.

“Who did Kuroda Shio meet in Hua Land? Still no clue?” Fu Hanzheng asked.

This matter had always been a huge problem for him. He had a feeling that Kuroda Shio must have met with someone important when he came to Hua Land.

He even felt that he could threaten the Fu Family.

But so many days had passed and they still had no idea who he had met.

“No, it has been so long, it will be even harder to find anything now,” Fu Shiqin said helplessly.

Kuroda Shio had been back in A Land for quite some time and it was very difficult for him to continue meeting someone in Hua Land.

Fu Hanzheng massaged his eyebrows. “Be careful these days, I feel that something big is going to happen.”

Before he could figure out what Gu Siting was up to, Gu Yun Che was also like a ticking time bomb that could threaten them anytime. There was a storm brewing against the Fu Family.

“Brother, when did you start to believe in such baseless things?” Fu Shiqin said with amusement.

His brother used to be an absolute materialist, but after he had met sister-in-law, his brother became less and less brave and more cautious. He had to be wary of this and that. Maybe even of himself.

But now, he was going to cause them a great deal of trouble and work, just because of his own feelings.

Ignoring him, Fu Hanzheng checked the time and reminded him calmly.

“You have ten minutes to get to the company.”

“There is traffic in front, and you are still in my car. If I am late, you will be late too,” Fu Shiqin said fearlessly.

Fu Hanzheng did not want to argue with him, so he changed the topic.

“Any suspicious people appearing around Pearl River?”

“There are three floors in and out of the compound and there are no suspicious people.” Fu Shiqin threw a look at the man sitting behind him and said, “But Qin Lv seems to have been there recently. He

just parked his car outside the compound and left after a while. The compound is not on the way to his home.”

Fu Hanzheng’s eyes lowered. Although they had already had two children, Qin Lv still seemed to be thinking about her.

Chapter 1484: Uncontrollable

Seeing his brother’s serious expression, Fu Shiqin said with amusement, “Sister-in-law only has you in her heart. You already have a child, so why are you still afraid that Qin Lv will steal her away?”

Fu Hanzheng asked as he leafed through the files for the morning meeting, “Has the Qin Family seen anyone related to the Gu Family?”

“Brother, are you suspecting that Gu Siting’s men went to the Qin Family?” Fu Shiqin asked.

The Qin Family and the Fu Family were on good terms with each other and they would never go against the Gu Family.

“Not only the Qin Family, you should also keep an eye out on the other families too.” Fu Hanzheng stressed.

If Gu Siting really wanted to find a partner to work with in the country, he would have to destabilize the Fu Family in Hua Land.

“Why should we keep an eye on them when we’ve worked with them? But... what you’re thinking shouldn’t be the case,” Fu Shiqin mumbled. The families who had dealings with the Fu Family were all old friends.

Fu Hanzheng leafed through the files calmly and said calmly, “Business is always about profits.”

During the past few years in the business world of Hua Land, the Fu Family had occupied a large portion of the business world. Even if they were affiliated to the Fu’s Enterprise on the surface, everyone coveted the Fu’s Enterprise.

But they had never been able to go against Fu’s Enterprise.

“Alright, I will tell Lei Meng later,” Fu Shiqin said.

Aside from when he was with his wife, his brother was as cold and ruthless as ever.

Fu Hanzheng stayed silent with a frown. Actually, among all the crises, Gu Yun Che was the most unpredictable one.

He had a mysterious background and was unpredictable. It was because he had lent the Nine-Eyed Pearl to Gu Siting that Weiwei was reborn into this world and came to his side.

But if Gu Yun Che and Gu Siting joined forces, the Gu Family would no longer be threatened by Cayman Dorrans and Weiwei and the two children would be in danger.

Although Luo Qianqian was special to him, she was not important enough to affect Gu Yun Che.

At this moment, he had no power to restrain this uncontrollable force.

Fu Shiqin suggested, when he saw his brother's serious face through the rear-view mirror. "If you are still worried about sister-in-law and the two children, invite Yuan Meng and the rest back. Anyway, the Dorrans Family is almost done with things on their side."

Sister-in-law and the two children were his precious family and nothing must happen to them.

Fu Hanzheng thought for a while. "I'll ask them later."

If they were back, she and the children would be safe.

Fu Shiqin mumbled as he drove, "That Old Man Dorrans is really cunning. He pretended to be seriously injured and acted like he didn't have long to live. He said that if someone finished Will, they could take over his position. They tried their best to finish Will for him and fought amongst themselves for the position. When everyone was injured or dead, he came out unscathed and said that he was not dead. I think that even if those people didn't fight to death, they would have been killed by him."

Lying in the hospital, he had easily dealt with Will, the rebel, and weakened the forces within the family.

In the end, he could still hold a high position.

"It's expected."

Fu Hanzheng was calm. If Cayman Dorrans wanted to control such a family that had a dark background, these methods were inevitable.

Fu Shiqin's lips twitched. He must have thought that it was expected because he himself was a cunning man.

Chapter 1485: Traps

While Fu Hanzheng was worried about Gu Yun Che, Yuan Meng was instructing Luo Qianqian on how to flirt with men in Italy.

Luo Qianqian, who had no experience in love, was totally fooled by her.

"Let me tell you, Weiwei only managed to flirt with such a wonderful man like Fu Hanzheng because she learnt everything from me. As long as you listen to my instructions about the man surnamed Gu, he will make you happy and no longer be a thousand year old iron tree..."

"..."

Luo Qianqian was on the phone with her earphones on and thinking over the lyrics while she was holding the music score.

Hearing Yuan Meng's exaggerated analogy, she frowned. Who was a thousand-year-old iron tree?

"Sister Yuan Meng, Weiwei did not flirt with anyone, she has always been flirted with."

So she really should not say that she had learnt everything from her.

"That is not the point. The point is that if you want Gu Yun Che to treat you differently, you have to listen to me," Yuan Meng said confidently.

Luo Qianqian was not convinced. "Sister Yuan Meng, this is my personal problem. Thank you for your concern but I know what to do."

"You know what to do?" Yuan Meng asked. "How many times have you been in a relationship?"

"..." Luo Qianqian fell silent guiltily.

Before this, she had no interest in males, so how could she have fallen in love?

"Really? You know how to flirt with men, don't you?" Yuan Meng continued.

Luo Qianqian stayed silent in embarrassment. "I don't know."

Wasn't being sincere enough?

"It is useless if you don't know how to flirt with men. Are you going to be his online friend forever?" Yuan Meng asked.

Luo Qianqian sighed inwardly. Of course not.

She wanted to understand him better, to take a step forward and see him often.

But he was too far away from her and his heart was even further away from her.

"You don't want that, do you?" Yuan Meng asked.

After a long silence, Luo Qianqian said, "No."

"Then do you want my advice?" Yuan Meng sounded enticing.

Luo Qianqian thought for a long time and said hesitantly, "Tell me what to do."

"Do you send messages?" Yuan Meng said.

"Yes, we normally just talk via text," Luo Qianqian said honestly.

Yuan Meng smiled and said, "From today onwards, wear something pretty, put on some makeup and take more pictures to post on Moments."

"If I post so many selfies, the other people who see my Moments will think that I am crazy," Luo Qianqian said straightforwardly.

She rarely takes selfies, so if she suddenly posted pictures every day, people would think that she was crazy.

Yuan Meng sighed and reminded her.

"Don't you know that you can make it so that only Gu Yun Che can see it?"

Luo Qianqian frowned. "That is still too narcissistic."

"Trust me, men will only find beautiful pictures pleasing to the eyes and not narcissistic," Yuan Meng said confidently.

Since they did not meet and only contacted each other through the internet, she had to flirt with him online.

“But... there is no need to send pictures.” Luo Qianqian was still feeling a bit cowardly.

“You are not meeting him and he will easily forget what you look like if you don’t send him pictures,” Yuan Meng said.

Luo Qianqian thought for a while and said instantly, “Then I will get someone to take some pictures for me tomorrow.”

Yuan Meng chuckled and said, “Also, change your profile picture to the most beautiful selfie, so he can see you every day.”

During the interval when Luo Qianqian was talking with her, she opened WeChat and changed her profile picture.

Well, now when he saw her every day, he would not forget what she looked like.

Chapter 1486: Traps 2

Yuan Meng knew that Luo Qianqian approved of her as the strategist, so she continued speaking, “Don’t make the pictures look too much like a planned photoshoot. Wear casual clothes, and it is best to take pictures on the street.”

“Okay,” Luo Qianqian replied.

“Also don’t make the style too simple. Make it cute, witty and sexy.” Yuan Meng stressed the details and said, “Make sure he sees you in a different style.”

Although Luo Qianqian felt that it was a bit too much, she still needed to send different photos, they couldn’t all be from one take.

“Anything else?”

“Find a young and pretty boy and ask him to take some pictures of you. It will be natural but also a bit more intimate,” Yuan Meng said.

“A man?” Luo Qianqian did not know what this thing was for.

Yuan Meng sighed helplessly. This girl not only had no experience in love, but also no experience in jealousy either.

“If you show him a selfie every day, he will have a deep impression of you after a long time. He will even miss you every single day. Then you show him a picture of you with a man and that man will even seem very close to you. From his reaction you can tell if he has feelings for you or not.”

Luo Qianqian was dumbfounded. So there was such a deep plan as this.

“Is this really necessary?”

“Don’t you want to know if you are in his heart or not?” Yuan Meng countered.

Luo Qianqian stayed silent. Of course she wanted to know.

“You have only met him once or twice, so you must not ask him this question. But if you flirt with him for a while, you can test his reaction later,” Yuan Meng said seriously.

Luo Qianqian was tempted by her words and replied after a long silence, “Will it really work?”

“Ever heard of this saying?” Yuan Meng smiled mysteriously.

Luo Qianqian was curious. “What saying?”

“True feelings can never be left behind, but only tricks can win the heart.” Yuan Meng smiled.

Luo Qianqian pursed her lips and made up her mind.

“Wait for me to finish taking the pictures.”

“Send them to me when you are done. You can post whatever you want first but make sure you regularly post later on.” Yuan Meng warned.

“Okay.” Luo Qianqian had decided to accept her guidance.

Yuan Meng thought for a while and said, “Hang on, I will be back in a few days from Italy to guide you.”

“Okay.”

Luo Qianqian rang off. She knew that Yuan Meng helped her mostly because of Weiwei, just like Fu Hanzheng.

But if she could help her do what she could not, she was willing.

At the Dorrans Family in Italy.

Seeing Yuan Meng hanging up after a long while, Yuan Shuo asked in confusion, “When did you become so passionate that you are even guiding someone in love?”

“It’s because the target is Gu Yun Che.” Yuan Meng smiled mysteriously.

Yuan Shuo laughed and said in disbelief, “Do you really think that a girl in her 20s can deal with Gu Yun Che?”

Gu Yun Che had met her before and he knew how cold-blooded he was. How could such a person be tricked by a girl in her 20s?

“She might not be able to do it alone, but with my guidance, she will definitely be able to do it.” Yuan Meng was very confident about her flirting skills.

She had always remembered how they had suffered a great loss when they fought with Gu Yun Che.

They could not beat him in strength.

But as long as Luo Qianqian flirted with him, she would have the chance to take revenge.

“Does Weiwei know about this?” Yuan Shuo asked.

It seemed that she was helping Luo Qianqian to court the person she liked, but he knew that she and Fu Hanzheng also wanted Luo Qianqian to be able to control Gu Yun Che.

“Of course not,” Yuan Meng said straightforwardly.

She knew Gu Weiwei too well. Even if Luo Qianqian liked Gu Yun Che, she would not allow Luo Qianqian to approach such a person if she knew who Gu Yun Che was.

Chapter 1487: Love

In the capital city of Hua Land.

Fu Shiqin, who hadn't gone on a 'date' with Ling Jiao after work or gone home to play with his nephew and niece, was currently arranging a dinner at Chao Fang Pavilion.

Those who were invited were all the young successors of several large families in Hua Land, including Qin Lv.

After everyone had arrived, they teased Fu Shiqin.

“Second Master, you are so stingy! How can you treat us to a meal only after you are no longer single?”

“Are you trying to bring your girlfriend here to show off your love?”

“If he dares to ask his girlfriend over to show off their love, we will throw him out of the fish pond.”

“I agree.”

...

“Damn, Fu Shiyi is no longer single, why aren't you doing anything to him?” Fu Shiqin bellowed.

“He did not let us catch him, so we will catch you first.”

“Alright, I'm not here to show off my love today,” Fu Shiqin stopped smiling and said seriously.

Having said these words, Fu Hanzheng came in.

The atmosphere in the room suddenly changed.

Those who had been laughing and joking stopped smiling and sat up straight.

“President Fu... what are you doing here?”

“President Fu, long time no see.”

...

They stopped teasing Fu Shiqin and greeted him politely, except for Qin Lv.

Honestly speaking, they were both scared of this man and respectful towards him.

Ever since they were little, Fu Hanzheng had been the role model for them to learn from and he had always been the shadow covering their growth.

But when it came to business, they had to deal with him.

Fu Hanzheng sat down at the head of the table and Fu Shiqin asked someone to serve him tea and sat next to him obediently.

“Two more people are still on their way.”

Fu Hanzheng nodded and waited in silence.

When he did not speak, the others did not dare to either.

So there were several people sitting in the room but no sound was heard.

Qin Lv sized up Fu Hanzheng’s expression discreetly, feeling that something was wrong with the dinner.

Normally, apart from the necessary business occasions, Fu Hanzheng would never appear at their private dinners.

Since it was Second Uncle’s appointment, everyone thought that it was because they had not met for a long time, so they all came.

But Fu Hanzheng was here too.

If he had known that he would attend the dinner, he would have found an excuse to stay away.

Ten minutes later, the last two people arrived.

They were still outside the door when one of them said loudly, “Second Brother, are you planning to show off your girlfriend to us...”

Before he finished the words, he saw Fu Hanzheng and swallowed down what he had just said.

“President Fu?”

“Sit,” Fu Hanzheng said coldly.

Finally, the two people who were present sat down at the table and sized up the third-generation heirs, who did not dare to utter a sound, not understanding the meaning of today’s dinner.

They had thought that it was Second Brother who had invited them to show off his new relationship, so they thought that this stingy man was going to gloat.

But with the great master of the Fu Family here, they would not be able to eat casually.

Fu Hanzheng took a sip of tea and said straightforwardly, “Have any of you met anyone from the Gu Family recently?”

Instantly, everyone’s expressions changed.

Qin Lv’s hand that was holding the phone shook. His meeting with Kuroda Shio was so secretive and all traces were erased. Has he been discovered?

But if he had found out, he would have asked him to come alone, not with everyone else at this table.

With this thought in mind, he decided to wait and see.

Chapter 1488: Fu Hanzheng's Suspicion

At the dining table, they looked at each other nervously.

One straightforward person was the first to speak.

"The Gu Family did ask my family for a collaboration, but of course we turned them down."

The moment he admitted it, another man said, "He came to my home too and we resolutely turned him down. After all, our families have been friends for twenty or thirty years and we would never cooperate with the Gu Family."

"Yes, because of our relationship with the Fu Family, we must not work with the Gu Family. Our family has also strictly turned them down."

...

After everyone expressed their opinions, Fu Hanzheng glanced at everyone at the table.

Finally, his eyes fell upon Qin Lv.

"Qin Lv, what about you?"

"The Gu Family did find the Qin Family, but we turned them down," Qin Lv answered just like everyone else.

Kuroda Shio had approached several families in order to conceal his identity, but that was just a smokescreen for the safety of the plan.

He had always been the real target.

The reason why he had found so many people was because he was afraid that Fu Hanzheng would suspect something, that way he could hide among the crowd and not be suspected by the Fu Family.

Because he was a very thoughtful person, it was no wonder that the Gu Family could compete with Fu Hanzheng in business for so many years.

Fu Hanzheng looked sharp. "But you have met him more than once."

In Hua Land, he always had a way to find out what he wanted to know.

At first, he did not expect that Kuroda Shio would go to them.

Even if he did, he believed that most of them would not dare to work with the Gu Family.

But Qin Lv had met Kuroda Shio twice, which made him a bit concerned.

Especially when he had always been hostile towards him because of Weiwei.

"He refused to give up and tried to persuade me, but I turned him down," Qin Lv said without changing his expression.

“Is that so?” Fu Hanzheng looked at him in disbelief.

Qin Lv looked at him calmly and did not defend himself.

He knew very well that in front of this person, the more he explained, the more suspicious he would be. The more he said, the more mistakes he would make.

Without Fu Hanzheng saying a word, the others did not dare to utter a sound, fearing him.

The entire room was so quiet that one could hear a pin drop, when the door was pushed open from outside.

Dressed in a professional suit, Qin Man glanced at him as she entered.

“Oh my, you are all here today? Ha, President Fu, you are so busy every day, yet you still have the heart to attend such a dinner.”

...

Fu Shiyi and Fu Shiqin had always been with this group of people, but Fu Hanzheng was there. No wonder the atmosphere was so weird.

“Sister Qin Man, what are you doing here?” someone asked in surprise.

Among their generation, Qin Man was the only one who dared to confront Fu Hanzheng.

“I am having dinner with my colleagues but I heard that you are all here, so I came to greet you,” Qin Man said.

Chao Fang Residence was a famous private restaurant in the capital city. Due to its privacy and excellent culinary skills, it was often the place where private dinners were held.

Fu Hanzheng glanced at Qin Man, stood up and said, “The Gu Family and the Fu Family have never been on good terms with each other. You should know that well.”

As he finished speaking, his eyes fell upon Qin Lv.

Qin Man frowned and said to Fu Hanzheng, “I know that the Gu Family went to the Qin Family and we turned them down. You are being too suspicious.”

“I am not suspecting anything. I am just thanking you for giving the Fu Family face today,” Fu Hanzheng said and left the table.

It sounded like it was a form of gratitude, but it was actually a warning.

Chapter 1489: My Brother's Love

Seeing his brother leaving, Fu Shiqin placed the menu on the table.

“Aren't we eating? Let's order.”

The man who was sitting closest to the door glanced outside and confirmed that Fu Hanzheng had left.

“Who can still eat after being frightened by your brother?”

“If you are not eating, then leave. I am going home to eat.” Seeing that no one was eating, Fu Shiqin was about to leave.

But the moment he stood up, he was dragged back into his seat.

“Why are you leaving? You set us up and yet you still want to run away?” one of them said as he took the menu and focused on picking out the most expensive dishes.

They did not dare to do anything to Fu Hanzheng, but they could still squeeze his brother dry.

Fu Shiqin was taken down by everyone and poured everyone a glass of wine when the dishes were served.

“You know about the grudge between the Fu Family and the Gu Family, so we have always been like this when it comes to the Gu Family.

We received the news that the Gu Family came looking for you, that is why my brother said that he wants to meet you. Since no one is cooperating with the Gu Family, I thank you on behalf of the Fu Family.”

...

“Working with the GFamily... Ha I am too afraid of your brother.” One of them raised his glass and drank.

Everyone at their table feared the eldest son of the Fu Family.

He would never dare to work with the Gu Family or go against him.

“True, I almost pissed myself just sitting at the same table with him. How could I still go against him?” Another man complained.

Fu Shiqin had thought that he was already a coward in front of his brother, but these people were even more so.

But none of them had escaped being mistreated by his brother before, so it was no wonder that they were so traumatized.

“Oh yes, Second Brother, haven’t you been posting about your brother’s twins? When are you going to introduce your sister-in-law to everyone?”

“Yes, we should call her sister-in-law too.”

...

If they had not seen the two babies on his Moments that looked like they were carved from the same mold as Fu Hanzheng, they would not have believed that Fu Hanzheng was married and had children.

Therefore, they were all very curious about who had accepted Fu Hanzheng.

“You are asking me to bring my sister-in-law out to meet you. Do you want me to die or do you want to die?” Fu Shiqin snorted.

His brother was nervous because the Gu Family was watching him.

If he dared to bring his sister-in-law out and ran into trouble, he would not be able to compensate with ten lives.

Everyone thought about it and agreed. If Fu Hanzheng did not introduce her to them and they dared to meet her in private, he would definitely take revenge on them.

“That man doesn’t want us to meet her, but can you show us the pictures?”

“No way, my brother treasures her, so no other men are allowed to look at her.” Fu Shiqin turned him down resolutely.

Qin Lv coveted his sister-in-law and his brother already regarded him as a thorn in his side. Did they want to die?

“Really? Your brother spoils his wife so much?”

“Your brother is a cold and unapproachable person. If he marries a wife, he will definitely treat her as a slave or a fertility machine.”

“Your brother will never learn to spoil his wife.”

...

Fu Shiqin looked at the group of people who were criticizing his brother and said after they had finished, “Here, carry your bowls and I will show you my brother’s love.”

Chapter 1490: My Brother’s Love

They were all sitting around Fu Shiqin, waiting for the gossip to be announced.

Fu Shiqin pulled out a picture of his brother holding a child from the phone.

Then he enlarged the hand holding the child.

“Know what this is?” he leaned forward and asked.

“Just a red string.”

“Really? Your brother wears this?”

“He’s wearing it to ward off evil, right?”

...

Fu Shiqin glanced at them and said straightforwardly, “My sister-in-law made it and gave it to him. She said that it is a knot of three lifetimes, but my brother has never taken it off. He wears it under his watch when he is outside.”

They looked at each other and said suspiciously, “It is just a bracelet, it doesn’t mean anything.”

“Sister-in-law is my brother’s first love and he married her,” Fu Shiqin said proudly.

They started to get suspicious and mumbled, “It seems that Boss Fu has had no other women.”

“I am afraid that she is the only one who has married him.”

“Damn, this sister-in-law must be a fairy.”

“Second Brother, just let us take a look at the pictures.”

...

Hearing Fu Shiqin’s words, they were even more curious about what kind of woman could make Fu Hanzheng fall for her.

“If you want to look, go to my brother.” Fu Shiqin snorted.

“We will just take a look and promise not to spread it around.”

“Second Brother, let’s take a peek.”

...

Fu Shiqin could not stand the constant jeering from the crowd, so he checked the pictures of his brother and sister-in-law taking a walk around Chenis Castle.

In the picture, a pretty girl was walking. Fu Hanzheng was holding her hand and looking at the girl next to him with a gentle look.

Someone rubbed his eyes and said, “Second Brother, are you sure this is your brother?”

“He is smiling like a fool and not like your brother at all.”

“Only the back view, where is the picture of her face?”

...

“The point here is my brother. Why are you looking at my sister-in-law?” Fu Shiqin snorted and pointed at his brother in the picture. “Judging from my brother’s expression, he must have spoiled my sister-in-law.”

“Who wants to see your brother? We want to see who’s hand he is holding.” Someone protested.

Seeing Fu Hanzheng’s extremely gentle expression, they were even more curious about what the woman looked like.

“Judging from the back, she has a great figure.”

“The twins are good-looking, so she must be good-looking too.”

“Second Brother, do you dare to show us her face?”

...

“Unless you get my brother’s permission, I will not show you.” Fu Shiqin put away the phone.

After gossiping about Fu Hanzheng’s relationship, they turned to Qin Man, who was talking with Qin Lv.

“Sister Qin Man, didn’t you court Boss Fu before? Are you sad to hear this news?”

“Aren’t you curious about what your love rival looks like?”

“I thought that you would become Mrs. Fu.”

...

Qin Man’s face sank and she looked so serious that everyone shivered.

“My heart doesn’t hurt, but I think yours are going to.”

Having said these words, she grabbed the decorative vase and was about to throw it.

The group scattered and dodged her attack.

Qin Man punched a few of them and calmed down. She brushed her hair and said, “Are you curious about what Fu Hanzheng’s wife looks like? I have seen her before. She is really pretty and Fu Hanzheng is so docile in front of her.”

“Sister Qin Man, you have met her before?” Everyone could not believe it.

“We met two years ago. I would have married her over any man.” Qin Man sighed with pity.

Hearing her words, everyone became even more curious.
