

# MY HIDDEN 1551

## Chapter 1551: Slap Across the Face 3

All of a sudden, those people who had humiliated Gu Weiwei before all solely blamed Li Xing'er.

They all wanted to get rid of the blame in this way.

But Gu Weiwei was not someone who would be fooled.

When everyone was trying to shift the blame, she said indifferently, "Mrs. Wei did instigate the situation, but let me be clear that Miss Yu was still aggressive and wanted to kick me out. Could it have solely been Mrs. Wei who instigated her?"

"You guys had a great time cursing outside.

"Oh yes, what else did Miss Yu say? She said that I was a seductress and an unmarried b\*tch, right?"

....

Watching Fu Hanzheng hearing these words, Miss Yu's expression sank and she shivered.

"I... I did not."

"No?" Gu Weiwei smiled and said, "I may not be good at much else, but I have a very good memory. I can remember everything you said."

Li Xing'er had become the sole target of public criticism and she had been frightened, but seeing everyone being put into the same position as her, she felt a bit better.

Fu Hanzheng sized up these well-dressed ladies with their exquisite makeup.

Then he turned to Gu Weiwei and said with a very gentle voice, "How do you want to deal with them?"

"Even three-year-old children know how to apologize when they have done something wrong. You are all grown-ups and yet you have been denying everything. What can I do? I can't scold you back," Gu Weiwei said helplessly.

Fu Hanzheng said coldly, "My wife is not satisfied with what happened today, so I will get someone to deal with it."

Gu Weiwei threw a cold look at the poor ladies without showing any sympathy.

Those people who hadn't thought highly of her before, were now lowering their heads because she was Mrs. Fu.

But if she were not Mrs. Fu, she would have been humiliated by them in the end.

"You are really something! My brother never even says a harsh word to my sister-in-law, but you curse and attack her!" Fu Shiyi snorted.

These women thought that they could do whatever they wanted just because they had good family backgrounds and good husbands.

But today, they encountered his sister-in-law.

Although they were not willing to be humiliated in public, yet they were still afraid of the Fu Family.

So someone stepped forward and said to Gu Weiwei, "Mrs. Fu, I am sorry, I should not have bad-mouthed you without knowing the truth."

Gu Weiwei understood what she meant, so she did not ask for anything more.

"It doesn't matter."

Seeing this scene, the others also went to apologize sincerely.

After all, it was much easier for Fu Hanzheng to just deal with this matter than to obtain the opportunity to apologize and receive Mrs. Fu's forgiveness.

After everyone apologized, only Li Xing'er and Miss Yu stayed silent.

Although Miss Yu was not convinced, she still stepped forward and said, "Sorry, Mrs. Fu."

However, Gu Weiwei did not tell her that it was okay.

"Miss Yu, I really can't accept your apology."

"What more do you want from me?" Miss Yu asked in displeasure.

She had already apologized and so what more could she do? This woman was just relying on Fu Hanzheng.

Otherwise, no one would care about her.

#### **Chapter 1552: Slap Across the Face 4**

Gu Weiwei chuckled. "Nothing, I just don't want to see you any more."

This Miss Yu was so arrogant just because she was the daughter of a wealthy family and had Zhou Qi'an as her fiancé.

If she had not reacted fast enough, she would have been slapped by her earlier.

Also, Miss Yu had once thought about her man.

But Miss Yu was too bad-tempered to be liked by the elders of the Fu Family.

Zhou Qi'an said coldly, "Since Mrs. Fu doesn't want to see you, why are you still here?"

Miss Yu looked at Zhou Qi'an and then at Gu Weiwei, gritting her teeth.

Finally, she left in anger.

Zhou Qi'an had not wanted her to be here today, and now Mrs. Fu was driving her away, she would only be laughed at if she stayed any longer.

After everyone apologized and Miss Yu left, everyone turned to Li Xing'er who had started the conflict.

Before Fu Hanzheng and Gu Weiwei said anything, Zhou Qi'an said, "Mr. Wei, Mrs. Wei, I don't remember inviting you here today."

"We..." Wei Ziting felt a bit embarrassed. He was not invited here, but he had snuck his way in here because he had the invitation from someone else.

"Master Zhou, I am sorry, I brought them here, sorry for the trouble."

One of Zhou Qi'an's friends confessed that they were brought here by himself.

Zhou Qi'an threw a displeased look at his friend and said coldly, "It is a private party today and everyone here is a friend. I am not that close to Mr. and Mrs. Wei, so..."

Wei Ziting was not convinced, but he understood that it was not going to be a good thing for them to stay any longer.

"Sorry, we are leaving now."

"Don't, you are already here, at least you can stay for the full time," Fu Shiyi said with a smile.

Zhou Qi'an threw a look at Fu Hanzheng and Gu Weiwei. "President Fu, Mrs. Fu, what do you think?"

Instead of saying anything more, Fu Hanzheng turned to Gu Weiwei, suggesting that she should make the decision.

Gu Weiwei smiled. "They have spent so much effort in coming here, and they are guests, don't get so annoyed with them because of me."

Instead of asking them to leave, Zhou Qi'an said calmly, "Then help yourself."

Wei Ziting forced a smile. "...Thanks."

But it was more embarrassing for them to stay than to leave.

Since Li Xing'er had offended Fu Hanzheng and his wife and instigated so many people, they would not be able to get closer to anyone if they stayed here... And they would be mocked.

But if she asked them to stay, they would lose face if they left.

So they did not know whether to leave or stay.

Wei Ziting took Li Xing'er aside and Ding Dongdong said to Fu Shiyi, "They have done so much already, and yet you still want them to stay and cause trouble for your sister-in-law?"

"It would be too easy for them if they just left like that." Fu Shiyi took two glasses of champagne from the waiter who passed by and gave one to Ding Dongdong and said, "If they stay here, they will definitely be punished. We don't have to do anything."

"Third Master, you are indeed excellent at pranking people." Gu Weiwei also reached out for the champagne but was stopped by Fu Hanzheng.

Then he turned to the waiter.

“Give her warm water.”

“President Fu, you are over the top! You are stopping people from drinking the wine and asking them to drink water?” Zhou Qi’an could not believe it.

Gu Weiwei said helplessly yet sweetly, “I just got here, so I haven’t eaten anything. Alcohol is bad for the stomach.”

She herself had forgotten about it, but he didn’t.

### **Chapter 1553: Used to the Love**

“...”

Zhou Qi’an threw a look at Fu Hanzheng who was standing next to him as if he had seen a ghost. He had no eyes for anyone else but his wife in his arms, looking so gentle that he did not look like the Fu Hanzheng he knew at all.

When Fu Shiyi showed off the children on Moments, he said that it was his brother’s children.

He found it incredible that his friend, Fu Hanzheng, who had never been interested in women, would get married and have children.

Then he came here today and when they asked him about getting married and having children, he didn’t give them any other information other than saying that he was going to introduce his wife to them today.

Although she had encountered some trouble earlier this year, Fu Hanzheng managed to keep this mysterious Mrs. Fu hidden from everyone... until now.

No wonder Mu Weiwei, the Movie Queen worth billions, retired at the peak of her career and did not do any more work... She was married to him.

But the two of them kept the secret so well. The children were already so old and yet the rest of the world knew nothing about it.

Also, judging from the look in his eyes, he must be spoiling this girl.

Fu Hanzheng checked the time and asked, “When are we eating?”

Startled, Zhou Qi’an said, “In half an hour.”

“Please, my brother means that my sister-in-law is hungry.” Fu Shiyi expressed what his brother meant.

“...” Zhou Qi’an pursed his lips – must he be such a slave to his wife?

Seeing his expression, Fu Shiyi patted his shoulders sympathetically.

“You’ll get used to it after witnessing too much of their love.”

Zhou Qi’an asked someone to hurry up the kitchen, and 15 minutes later they were seated.

For the sake of talking, Zhou Qi’an’s table only had people they knew well, and apart from Gu Weiwei, no other female guests were invited.

Zhou Qi'an and the others were all making toasts, but Fu Hanzheng did not touch a single drink.

"President Fu, I apologize for the issues my banquet has caused you tonight."

Fu Hanzheng threw a look at Zhou Qi'an who was making the toast. "I'm driving, so I will not be drinking."

"Alright, I will drink on behalf of my brother." Fu Shiyi took over the wine, clinked glasses with Zhou Qi'an and drank it all.

Since Fu Hanzheng did not drink, Zhou Qi'an and the others did not ask him to drink any more. So they drank as they talked about the stock market and the financial crisis in Europe.

However, Fu Hanzheng was just listening without saying a word, focusing on getting food for Gu Weiwei.

Also, he took a piece of fresh meat and spent half a day picking out all the bones.

Zhou Qi'an put down the wine glass and protested.

"President Fu, we are here for food, not to witness your love."

He was such a cold person, how did he become like this in front of his wife?

Mrs. Fu was an adult and she knew how to get her own food.

If he had not seen it with his own eyes, he would never have believed that it was the Fu Hanzheng he knew.

Embarrassed, Gu Weiwei whispered, "Don't mind me, I am full."

They were not at home, but he could not possibly pretend that he cared less about this girl, who was eating at the same table, just because they were with others. However, if he showed that he cared so much about her, his image as a cold and arrogant president would be ruined.

Fu Hanzheng thought that she must have eaten enough, so he put down the chopsticks and started to talk with Zhou Qi'an about some overseas projects.

Gu Weiwei drank some drinks, got up and was about to leave the table.

Fu Hanzheng, who was talking with someone, suddenly stopped and asked her, "Where are you going?"

Gu Weiwei said helplessly, "The bathroom."

Zhou Qi'an and others felt their foreheads; this was not the Fu Hanzheng they knew, definitely not.

#### **Chapter 1554: Scary Men**

Fu Shiyi no longer found his brother's behavior weird.

But it was the first time for Zhou Qi'an and his friends to see Fu Hanzheng in this way, and they were all frightened.

Fu Hanzheng was showing off his love at the table as if no one else was around, and Fu Shiyi and Ding Dongdong did not back down either. That made Zhou Qi'an and his men very annoyed.

“What is wrong with you three brothers? You were single together when you were single, but now you are in relationships at the same time! Must you be so orderly?”

Fu Hanzheng was married and had children.

Fu Shiyi was showing off his girlfriend in front of them as well.

Fu Shiqin was not here today, but if he were here, he would have brought his girlfriend with him too.

“No way! I was not single with them!” Fu Shiyi said proudly.

When his brother and Fu Shiqin were single, he did have girlfriends, although they were always replaced quickly.

But the moment he said those words, he felt a killing intent spreading around him.

He looked at Ding Dongdong who was watching him and corrected himself.

“...What are you looking at me for?”

“Are you very proud of changing your girlfriends one after another?” Ding Dongdong asked with her teeth clenched.

“Ashamed, I am very ashamed.” Fu Shiyi had a strong desire to live on.

Damn, how could he show off in front of his girlfriend about his lack of singlehood?

He must be feeling a bit dizzy after a few glasses of wine.

Zhou Qi’an and his friends burst into laughter at the sight of the arrogant Third Master.

“Third Master, is that all you’ve got?”

Fu Shiyi squinted at him in displeasure. “You always make fun of me, but don’t talk bad about my brother!”

Zhou Qi’an glanced at Fu Hanzheng who had a cold expression after Mrs. Fu left, and whispered to Fu Shiyi who was sitting next to him, “What did your sister-in-law do to make your brother so scary?”

The moment Mrs. Fu went out, he returned to his normal self. When Mrs. Fu was around, he was always watching her, looking so gentle and sweet.

“If my sister-in-law really had rice soul soup, she would not have fed it to my brother. He would have drunk it himself.” Fu Shiyi snorted.

Zhou Qi’an shook his head. “You men that are in love are so scary.”

Fu Shiyi smiled proudly and asked, “Are you really planning to marry your fiancée?”

Zhou Qi’an’s expression sank. “It was arranged by my family, not by me.”

She had just made a fuss here and now he was going to have to still marry her!

They were just talking when Gu Weiwei finished going to the bathroom. When she came out, she was stopped by Wei Ziting and Li Xing’er.

The two of them looked embarrassed. It seemed that they had not done well in remaining here.

“Weiwei, let’s talk?”

Gu Weiwei looked cold. “Don’t call me by my first name, we are not that close. Just call me Mrs. Fu.”

Wei Ziting and Li Xing’er looked annoyed, but they still said, “We have known each other for so many years, and the incident today was our fault, please ask Fu Hanzheng to forgive the Wei Family.”

Gu Weiwei found it amusing.

“Yes, we have known each other for so many years, but you have never spoken or apologized like this before.”

When Li Xing’er framed her years ago, she had never treated her like they had known each other for so many years.

But now when she was at a disadvantage, she wanted to tell her how long she had known her for! Did she look like a saint?

#### **Chapter 1555: Not That Kind**

Li Xing’er still could not believe that this woman she had hated so much was married to Fu Hanzheng and had become his wife.

She was not willing to bow down to her, but she had no choice when facing the Fu Family.

“Mu Weiwei, it is you who did not say that you are Mrs. Fu.”

Gu Weiwei sneered. “Why should I tell you that I am Mrs. Fu?”

If she was not Mrs. Fu, she could treat her in whatever way she wanted, but if she was Mrs. Fu, she could just suck up to her.

“You did that on purpose, so we could offend you,” Li Xing’er said.

If she had told them about it, they would not have provoked her. But she did not tell them about it on purpose, because she was trying to humiliate them through Fu Hanzheng.

“If you can’t keep your mouth shut, what can I do about it?” Gu Weiwei smiled coldly and said, “Even if I told you when we were outside, none of you would have believed me. Also... even if I did it on purpose, what can you do about it?”

If they had not blocked her way, tried to ruin her reputation and drive her out, she would have gone inside a long time ago.

Then when she was with Fu Hanzheng, she would not say anything more about being Mrs. Fu.

But when they slandered her first, they blamed her for not telling them that she was Mrs. Fu and thought she should not be offended.

That was such a funny way of thinking.

“You...” Li Xing’er gritted her teeth.

Yes, even if she did it on purpose, what could she do to her now?

She had married the most powerful tycoon in Hua Land and become the noble Mrs. Fu.

Seeing this scene, Wei Ziting stood in front of Li Xing'er, fearing that she would say something wrong and offend Mrs. Fu.

"Mu Wei... Mrs. Fu, I apologize for what Xing'er has done today, but I hope that you and President Fu will forgive her."

"Would I do anything?" Gu Weiwei asked with a smile.

Wei Ziting pursed his lips. "You won't, but President Fu might."

Fu Hanzheng was never a forgiving man, and he could tell that Fu Hanzheng adored her deeply.

Li Xing'er had wronged her today, and although he did not say that he was going to do anything to them, he was definitely going to do something to the Wei Family in the future.

They had snuck into this banquet because they wanted to establish a good relationship with this couple, so that they could get better opportunities for Far East Enterprise.

But they had failed and ended up becoming the enemy instead.

Fu Shiyi asked them to stay, but after they stayed, they were ostracized and mocked. Even the friend who brought them in said that he wanted to stay away from them.

After all, no one would want to help him or offend the Fu Family.

"Then you can beg him," Gu Weiwei said nonchalantly.

Li Xing'er had scolded her so badly and now she was bowing down to her so she could forgive her.

If she agreed to do that, the next step would be to ask her to set up a collaboration with Fu's Enterprise.

That was how people approached each other.

But she was not that kind-hearted. She just could not bring herself to repay evil with kindness.

"President Fu won't listen even if we beg him," Wei Ziting said.

Although Far East Enterprise was a very famous trading company in Hua Land, he was not powerful enough to speak in front of Fu Hanzheng.

He knew that very well.

So he was here for her, not for Fu Hanzheng.

However, the moment he finished these words, a low and cold voice arose from behind him.

"Mr. Wei, you are in my wife's way."

That was Fu Hanzheng's voice.

**Chapter 1556: The Children**

Hearing Fu Hanzheng's voice, Wei Ziting and Li Xing'er both turned pale and stepped aside.

Fu Hanzheng walked over and took hold of Gu Weiwei's hands.

Then he threw a cold look at Wei Ziting.

"Mr. Wei, stop pestering my wife."

Wei Ziting opened his mouth and was about to explain when Fu Hanzheng left with Gu Weiwei.

But he did not dare to catch up with him or explain anything to him.

After all, he would not want to hear his explanation.

Gu Weiwei returned to the dining room with Fu Hanzheng. Seeing the two of them coming back together, Zhou Qi'an and others complained.

"Don't tell me that you went out just to pick up your wife."

"What else?" Fu Hanzheng countered.

"I..." Zhou Qi'an was speechless.

Fu Hanzheng, you are way too crazy to pick up your wife when she only went to the bathroom.

Fu Hanzheng sat down without changing his expression and scooped up a bowl of soup for Gu Weiwei.

Embarrassed to be taken care of all the time, Gu Weiwei gave him some food and whispered, "Eat something too, don't just care about me."

Fu Hanzheng nodded, ate the food she picked up and continued to talk with Zhou Qi'an about the development of an overseas project.

Fu Shiyi had no interest in business, so he kept whispering with Ding Dongdong.

After some discussion, Zhou Qi'an and the others came to an agreement and were about to discuss the following plan.

Fu Hanzheng checked the time. "You can continue, Weiwei and I will leave now."

"What are we going to discuss when you are gone?" Seeing the two of them getting up to leave, Zhou Qi'an checked the time and said, "Please, it is not even nine o'clock yet."

"The children are at the old mansion, we need to pick them up so they can sleep at home. They can't be without their mother at night," Fu Hanzheng said and was about to leave with Gu Weiwei.

Hearing what he said, Zhou Qi'an and the others did not dare to stop him but sighed instead.

"You are different now that you are married and a father."

If he had not seen it with his own eyes, he would never have believed that Fu Hanzheng had become like this.

Seeing him leaving, Fu Shiyi said goodbye to his brother and also left to spend time with Ding Dongdong alone.

Fu Hanzheng gave the key to Fu Shiyi and said, "Get me the car, Weiwei and I will pick up the children."

Fu Shiyi took the car key. "Got it."

Seeing them leaving, the other guests waved goodbye to them one after another. Gu Weiwei did not know who they were, but she knew that most of them were either famous entrepreneurs in Hua Land or the heirs of large financial groups.

Wei Ziting and Li Xing'er were put into an awkward position when they begged Gu Weiwei and were isolated at the banquet.

Seeing Fu Hanzheng and Mu Weiwei leaving, she felt very displeased.

"Brother Ziting, what if the Fu Family takes revenge on the Wei Family in the future?" Li Xing'er whispered as she saw Fu Hanzheng leaving.

Mu Weiwei would definitely take revenge because she was now Mrs. Fu.

"What should we do?!" Wei Ziting looked at the woman who had caused him trouble and said coldly, "I really don't know how unlucky I am to have married you."

It had never helped his career, and if their marriage did not help him, it would only cause more trouble.

If Fu Hanzheng remembered what happened today, Far East Enterprise would not have a good time in the future.

And it was all because of her.

### **Chapter 1557: Wang Po**

In order to pick up the children, Fu Hanzheng gave his Rolls-Royce to Fu Shiyi and drove Gu Weiwei's SUV that had the children's seats.

Gu Weiwei put on her seatbelt and asked casually, "Are you really going to do something to the Wei Family?"

"You want to plead for them?" Fu Hanzheng asked as he turned the steering wheel.

"I am not that kind-hearted." Gu Weiwei snorted and said, "I just want to say that you can do whatever you want with them when you have time, but don't worry if you don't. There are many things to do at the company these days."

It was not worth the time to spare it on lecturing these people.

Also, they had not only offended the two of them, but also those wealthy ladies who had been instigated by Li Xing'er. Women were very narrow-minded.

Li Xing'er would never be able to find a place for herself in the industry again.

"I am indeed busy these days, but I don't think they will have a good time if I leave them alone either," Fu Hanzheng said.

Even if he did not do anything, those who had been offended would not forgive them either.

Gu Weiwei nodded. "That is why if you are not in the mood, just focus on your work."

/

Li Xing'er had thought that after she became Mrs. Wei, her career had finally started to turn around.

That was why she was sneering at her.

But after knowing that she was the Mrs. Fu she had been trying to flatter, she was going to be very depressed.

After all, she hated her to the bone, and she must have hated her to her very core after what happened today.

"Did you have a good time meeting your friends today?" Fu Hanzheng asked gently.

Gu Weiwei nodded with a smile. "If I had not run into Li Xing'er at MG, it would have been a wonderful day."

Not only did she run into her once at lunchtime, but she also ran into her at the banquet at night, ruining her good mood.

"If you really don't want to see them, then let them leave the capital and Hua Land..." Fu Hanzheng said.

Gu Weiwei looked at the man who was driving and laughed so hard that her shoulders shook.

"Mr. Fu, are you trying to play the role of the bossy president, Wang Po?"

If they were to leave the capital and Hua Land, Far East Enterprise would have to go bankrupt.

If he could do that, then what was the difference between her and Da Ji?

"What do you mean by Wang Po?" Fu Hanzheng looked confused.

Gu Weiwei explained to him with a smile. "It is an internet meme, meaning that if you are in a bad mood, you can make someone go bankrupt, just like the character Wang Po."

Fu Hanzheng chuckled. "If that is what you want to see, then yes."

"Don't, it is just a joke." Gu Weiwei objected instantly and said, "Oh yes, if you can get your men to do so, please help us to find out more about Gu Yun Che, such as his family situation, his ex-girlfriends, whether they have done anything bad, whether they are violent or antisocial."

"You are investigating criminals, aren't you?" Fu Hanzheng teased.

"Qianqian seems to be serious, but there are way too many bad men out there. I am worried that she will run into some bad men, so I want to know what Gu Yun Che is like," Gu Weiwei said helplessly.

That man seemed to be concerned about Qianqian, but when it came to love affairs, he wanted Qianqian to take the initiative.

So she was worried that this man was not that reliable.

**Chapter 1558: Mrs. Fu**

Fu Hanzheng smiled and said, "I may not be able to get someone to investigate these days because we are busy, but let's wait and see."

She wanted to know more about Gu Yun Che, but he did not know much about Gu Yun Che and even the Fu Family could not find out anything about him. So if he did not reveal anything, it would be very difficult to find out who he really was.

But this man was too mysterious and it was dangerous for him to tell her the truth.

If she knew that Gu Yun Che was a dangerous man, she would definitely stop Luo Qianqian from being in a relationship with him.

Then this man would be even more dangerous and difficult to control.

Gu Weiwei did not suspect anything and sighed.

"Although we should not do such a thing behind Qianqian's back, the connection between her and Gu Yun Che feels so weird."

Every time she was asked where the man was and what he did for a living, Luo Qianqian would always change the topic.

Also, that man seemed to be very mysterious.

"Really?" Fu Hanzheng chuckled.

"I had suspected that he was a gangster or a drug dealer, that was why I asked you to check him out. If he is really not from the right path, we can't let him set up Qianqian, right?" Gu Weiwei said seriously.

Fu Hanzheng smiled without saying a word. He did not make any more comments as he drove.

He felt that Gu Yun Che was much scarier than those drug dealers.

But he had told Luo Qianqian about this, and it was she who decided to keep in touch with Gu Yun Che.

If he was not able to control Gu Yun Che through force, then he had to do something else.

After meeting Weiwei, he also realized how deeply love affected a man.

Luo Qianqian was the rope that restrained Gu Yun Che, that dangerous man. So before Luo Qianqian gained any influence over Gu Yun Che, he must not let Weiwei know about Gu Yun Che.

"Will they tell the media about us after what happened today?" Gu Weiwei mumbled.

She did not want to reveal her private life to the public, so that hers and the children's every move would become the talk of the public.

"No, they won't. They don't have the time or the courage to offend you, Mrs. Fu," Fu Hanzheng said.

The men who were there today were all very busy, so they did not have time to tell anyone about such gossip. Also, anyone with a brain would know that if they did tell anyone about it, they would be displeased.

"True." Gu Weiwei nodded and looked at him sideways. "Mrs. Fu is a very intimidating title."

If he had not been present today, she would have been regarded as a joke even if she was Mrs. Fu.

After all, few people would believe that Fu Hanzheng would marry her.

They two were talking for the rest of the journey and before they knew it, they had arrived at the Fu Family's mansion.

The moment they entered the apartment, Mrs. Fu said, "Have you eaten dinner?"

"Yes." Gu Weiwei glanced at the living room and found the two children missing.

Mrs. Fu was leading the way as she said, "The two children are in the toy room, playing with their grandparents."

Gu Weiwei and Fu Hanzheng came to the toy room and saw the cute, pink and blue toy room. The floor and the walls were covered with soft cushions and there were all kinds of toys as well as games inside. It was almost like a mini children's playground.

The two children were sitting in the pool full of ocean colored balls, playing with the balls happily.

### **Chapter 1559: Emergency**

Instead of leaving with the children the moment they arrived.

Gu Weiwei removed her shoes and walked in. Seeing her here, the two children stopped playing with the balls and begged for a hug.

She took hold of her fierce-looking daughter, who immediately wrapped her arms around her neck.

Old Lady said with a smile, "Oh, you missed her so much."

Fu Hanzheng picked up his son and gave him an ocean ball.

Mrs. Fu could not help but laugh. "Youyou, are you giving the ball to me?"

The Old Lady stood up with Fu Shengying's help and sighed at the pair of lovely great-grandchildren.

"Look at these two children, so strong and obedient."

Mrs. Fu did not want the two children to leave, so she suggested.

"It is getting late, what about staying here with the children?"

"No, thanks." Fu Hanzheng turned her down directly.

Mrs. Fu just could not get through to him, so she turned to Gu Weiwei for her opinion.

Gu Weiwei smiled and turned her down too.

"Not today, they do not have any clothes or supplies with them. The doctor is also going to give them their shots tomorrow."

Since the two of them had turned her down, Mrs. Fu and the others did not plead with them either, so they saw them off.

But since Tiantian had not seen her mother for half a day, she did not want to sit in the safety seat any more.

She failed to put her in several times, so Gu Weiwei had to sit in the car with her in her arms.

Standing outside the car, Fu Shengying said to Fu Hanzheng who was about to leave, "The children are in the car, drive slowly and be careful."

"Got it." Fu Hanzheng closed the window and drove away from the mansion.

Since she was holding Tiantian, Gu Weiwei did not sit in the passenger's seat but sat in the back with the nursery teacher, so that she could take care of the two children.

The boy seemed to like the ball he was holding so much that he did not release it, even when they were in the car.

He looked very cute with the ball in his hands.

Also, she played with him all the way home, and after he took a shower at home, he took the ball and brought it into bed with him.

The two children had just fallen asleep when Fu Shiqin threw himself onto the sofa after working overtime.

"Is there any food? I am starving."

Gu Weiwei and Fu Hanzheng went out when they heard the voice. "The servant has left some food for you, just wait a minute."

Fu Shiqin ignored his brother and said feebly, "The minutes of the two meetings, the evaluation reports of the two projects as well as the plan you asked for, are all in the briefcase. Go and see them for yourself."

He left in the afternoon and left everything to him.

He himself had tons of work to do, and if he had to take over the remaining work, he would be killed.

Fu Hanzheng grabbed the briefcase from the sofa and brought out a pile of files.

"How is the communication with Wolfson?"

"That profiteer insists on not accepting our conditions. He will have nothing to do with me, you can deal with that yourself," Fu Shiqin said as he lay on the sofa.

Seeing him suffering, Gu Weiwei poured each of them a cup of tea.

Fu Shiqin took a sip of the tea and asked, "Where are Youyou and Tiantian? I need them to cure my tired heart."

Gu Weiwei said amusedly, "They are already asleep, you can see them and be cured tomorrow morning."

**Chapter 1560: Mu Weiwei**

Meanwhile, Zhou Qi'an's private banquet finished and the guests left.

On the way home, Wei Ziting and Li Xing'er did not speak a word and the air was very cold.

The moment they returned to the Wei Family, Mrs. Wei asked impatiently, "How was the banquet? I heard that the Fu Family were there too. Did you see them?"

"Yes," Wei Ziting loosened his tie and said coldly.

Feeling guilty, Li Xing'er sat down without uttering a sound.

"What is it? Didn't the talks go well?" Seeing his son's cold face, Mr. Wei said, "We are just trying to get more opportunities. It is okay if we fail."

It was great to have the opportunity to make money but if it didn't work, the Wei Family would not starve.

Mrs. Wei asked with concern as the tea was poured, "Those who went there today are all top-notch entrepreneurs and the heirs of large financial groups, it doesn't have to be the Fu Family."

"There's no way now, nothing will work," Wei Ziting said.

If Li Xing'er had not caused trouble, they would have been able to find someone else to work with the Wei Family.

But not only did she offend the Fu Family, but she also offended Mrs. Fu along with a group of wealthy ladies.

Now those people hated Li Xing'er so much that they took out their anger upon the Wei Family. They would not give them any chance to cooperate.

"What? Impossible, these people are so difficult to deal with!" Mrs. Wei just could not believe it.

When it came to business, as long as it was profitable, they could always work together.

They had not had the chance to get into that industry before, but now they had the chance, and yet they had got nothing.

Wei Ziting glanced at Li Xing'er who was silent. "Ask her what she has done!"

"What is wrong with Xing'er?" Mr. Wei looked at the couple who looked very serious.

Li Xing'er bit her lips and sat there without saying a word.

Mrs. Wei looked at her and then at Wei Ziting.

"What is going on?"

"Fu Hanzheng was there, and so was Mrs. Fu. She has offended Mrs. Fu." Wei Ziting looked at Li Xing'er coldly, looking very angry.

"Offended?" Mr. Wei turned serious too. "Li Xing'er, what on earth did you do?"

"I had no idea that Mu Weiwei is Mrs. Fu," Li Xing'er whispered guiltily.

“What did you say?” Mrs. Wei asked again, thinking that she had misheard something.

Li Xing'er bit her lips and did not utter a sound.

Seeing her remaining silent, Wei Ziting said, “The Mrs. Fu we have been asking about is Mu Weiwei.”

“Mu Weiwei? Why her?” Mr. Wei just could not believe it.

“We didn't believe it either, but Fu Hanzheng introduced her to everyone personally and it seems that he spoils her rotten,” Wei Ziting said as he threw a look at Li Xing'er, “She offended Mu Weiwei the moment she went there and she also offended all the noble ladies present too. Who else would want to work with the Wei Family?”

Mrs. Wei and Mr. Wei were still in shock that Mu Weiwei was Mrs. Fu. “Are you sure that Mu Weiwei is really Fu Hanzheng's wife?”

“We saw it with our own eyes. Fu Hanzheng admitted it himself and they have two children, of course it is true.” Wei Ziting sounded unfriendly.

A girl who was dumped by him after he broke off the engagement had become a phoenix and married a man who was even more outstanding than he was. That was not a very pleasant feeling.
