

# MY HIDDEN 1601

## Chapter 1601: Embarrassment

Startled, Luo Qianqian and Gu Yun Che turned around.

Then they saw Yuan Meng, who was dressed in a low-cut dress with red lips, looking at them with a smile.

Standing next to her were Gu Weiwei in sunglasses and a hat, as well as Fu Shiyi and Ding Dongdong in disguise.

“What are you doing here?”

Seeing her friends, Luo Qianqian’s face turned totally red.

They must have seen what she did just now.

Gu Yun Che’s cold gaze swept across the crowd and finally landed upon Gu Weiwei.

Although it was the first time for him to see her, he knew pretty well who she was.

After all, if it had not been for him, she would not be alive today.

Gu Weiwei sensed his look and sized him up.

That was the Mr. Gu Luo Qianqian had been courting all the time, but she had a feeling that he was not a kind person.

Yuan Meng continued to add fuel to the fire. “You are a man and it would be such a loss if you let yourself be forcefully kissed. You will lose face if you don’t return the kiss.”

Hearing her words, Luo Qianqian turned even redder.

“Sister Yuan Meng!”

Yuan Meng raised her hands in surrender. “Alright, I won’t say anything more. You can continue...”

Having said these words, she pushed Gu Weiwei and the others away.

She happened to be returning home today, and Weiwei and Fu Shiyi had just finished filming at Southern Movie Town, so they came to pick her up at the international gate.

Then they saw a girl they suspected to be Luo Qianqian the moment they came out of the gate. So it was her after all.

Of course, she also saw Gu Yun Che being kissed by her. She was both shocked and gratified at the sight.

Her long-distance training had paid off, and she had finally used some tips from her.

But even if they left, Luo Qianqian and Gu Yun Che would not be able to continue.

Gu Yun Che looked down at the blushing girl from Hua Land. After some serious consideration, he pulled out the phone from his pocket.

“This is for you.”

Luo Qianqian looked up at him in astonishment. “What... do you mean?”

“I think that this is the end of our acquaintance,” Gu Yun Che said indifferently.

If this went on, she would fall deeper and deeper into his arms.

And he was definitely not going to bring her happiness.

Luo Qianqian shook her head. “No.”

“Maybe I should not have accepted it from the beginning,” Gu Yun Che said.

Luo Qianqian’s eyes turned red as she explained anxiously.

“If what I did just now made you angry, I apologize to you. I will never do that again...”

“That has nothing to do with it.” Gu Yun Che placed the phone on top of her luggage and walked towards the elevator.

Luo Qianqian came back to herself, grabbed the phone from her luggage and ran after him, ignoring her luggage.

But when she reached the departure floor, Gu Yun Che was nowhere to be seen.

She ran all the way to the security check and started to search one entrance after another, yet she just could not find him.

It was as if that person turned around and disappeared.

Gu Weiwei and the others had just walked away, when they saw Gu Yun Che leaving. Luo Qianqian had also abandoned her luggage and ran after Gu Yun Che.

They exchanged a look and followed her using the elevator.

Then they saw Luo Qianqian running about at every entrance of the departure floor, but Gu Yun Che was nowhere to be seen.

Gu Weiwei came over to Luo Qianqian. “What is it, Qianqian?”

“He is gone, he never wants to talk with me again.” Luo Qianqian gripped the phone tightly, tears streaming down her face.

Yuan Meng frowned and mumbled, “He broke up with you just because you forced a kiss on him?”

??

Luo Qianqian nodded and then shook her head.

“I don’t know, he gave me back the phone and said that we are done.”

All this while, they had been keeping in touch through this phone.

If he left this phone behind, she would never be able to find him again.

Gu Weiwei threw a look at the phone in her hands and frowned in confusion. She just could not understand why this man suddenly wanted to cut off all contact with her.

If he had no intention of doing that originally, he would not have kept in touch with her for so long.

If he had the intention to be with her, he would not have cut off contact with Qianqian.

Yuan Meng threw a look at Luo Qianqian and looked serious too.

Seeing that Luo Qianqian was almost about to get this antique, she just could not stand it any more.

Didn’t they live together in Bangalore for so many days?

Why did they break up so suddenly? Were all men so fickle?

Lei Ning looked around and reminded Gu Weiwei with a small voice.

“Madam, someone has noticed us, let’s leave now.”

She and Third Master were way too famous. Although they had disguised themselves, they might not be able to walk out of the airport if they were recognized.

Gu Weiwei glanced around and whispered to Luo Qianqian, “Qianqian, let’s talk in the car.”

Luo Qianqian shook her head. “No, I need to find him.”

He was not at the security check, so he must be avoiding her on purpose.

That man must be hiding somewhere on this floor, and as long as she kept searching, she would eventually find him.

Yuan Meng looked at Gu Weiwei and then at Luo Qianqian.

“Go back to the car, I will continue the search with her.”

If Gu Yun Che gave the phone back to her, then he would be totally out of their control and something big would happen.

Gu Weiwei pursed her lips and nodded.

“Then we will wait for you in the car.”

Several people were watching her and Fu Shiyi, and if she stayed any longer, she would be recognized.

Lei Ning and her men escorted her, Fu Shiyi and Ding Dongdong to the car in the parking lot.

Gu Weiwei said to Lei Ning, “You go and help them too.”

“Ma’am, Boss has asked us to keep you safe,” Lei Ning said firmly as she stood outside the car.

He had told her that she was never allowed to leave her sight.

What if she went to help with the search and something happened to her here, she would not be able to answer to Boss.

“Third Master and I are waiting in the car, we are not going anywhere, so please help us.” Gu Weiwei begged.

Lei Ning hesitated and said to the two bodyguards, “Go and help with the search, I will stay here.”

Seeing her arranging for the bodyguards to help, Gu Weiwei did not ask her for any more help.

Fu Shiyi mumbled as he felt his chin. “What is wrong with that man? He forced a kiss upon her and now he wants to break up with her?”

Gu Weiwei said nothing, but she was worried about Luo Qianqian.

She felt that the situation between Luo Qianqian and Gu Yun Che might be more complicated than she had imagined.

Also, the way Gu Yun Che looked at her made her a bit uneasy.

“Sister-in-law, let’s go home now, otherwise my brother will be worried.” Fu Shiyi reminded her.

Just after he said those words, she received Fu Hanzheng’s call.

Gu Weiwei picked up the phone. “We just got off the plane and ran into something. We may be a bit late.”

“What is it?” Fu Hanzheng asked.

“Luo Qianqian and Mr. Gu had a fight at the airport, so we are now delayed,” Gu Weiwei said.

Although she did want to meet the two children as soon as possible, she was still worried about Luo Qianqian.

### **Chapter 1603: Fickle Men 2**

Silent for a moment, Fu Hanzheng asked, “Where is Lei Ning?”

Gu Weiwei looked out of the car and said helplessly, “She is standing guard outside the car.”

Fu Hanzheng was assured that Lei Ning was still with her.

“Be careful, I will wait for you at home.”

He rang off and felt a bit uneasy when he thought of Luo Qianqian and Gu Yun Che.

If something happened between Luo Qianqian and Gu Yun Che, then this man would be out of his control.

When he was in contact with Luo Qianqian, he did not keep watch over Gu Yun Che’s comings and goings, but at least he was able to locate him and guess what he was up to.

But they were supposed to be together in Bangalore, what was with this sudden conflict in the capital?

Yuan Meng and Lei Ning's men went through the entire airport and still failed to find Gu Yun Che. He even used the Fu Family's connections to check the CCTV footage upstairs.

But in the video, Gu Yun Che took the opportunity when the elevator came up to a blind spot and disappeared.

"He is either gone or he doesn't want to see you. Let's go home first," Yuan Meng took hold of Luo Qianqian's shoulders and said with a gentle voice.

Luo Qianqian shook her head resolutely. "I don't believe that he is gone, I don't. I will wait here."

She had been too greedy. At the beginning, she had only wanted to meet him and spend her birthday with him.

But after she got injured, they lived together and he took care of her.

She was getting greedy. She wanted to have his response, she wanted to be with him for a long time and she wanted to stay wherever he was.

So even if he turned her down, she still kept pestering him.

It was not until a minute ago when her behavior finally drove him away.

He gave the phone back to her and decided not to contact her or let her see him again.

"He won't show up even if you wait here. We can think of something when we get back," Yuan Meng said with a gentle voice.

At this moment, she was as anxious as she was.

It was not easy for her to find a thread that could lead to this dangerous man, but this thread was suddenly broken.

Gu Yun Che seemed to have sunk into the bottom of the ocean. They had no idea where he was going or which side he was helping.

This was a very bad situation for them.

"No, he is still here, he must be here," Luo Qianqian said with determination.

Yuan Meng sighed helplessly, took out the ringing phone from her bag and answered the call.

It was Fu Hanzheng who called her. "You didn't find him?"

"He disappeared, and no longer wants to be in touch with Qianqian any more." Yuan Meng confessed.

Fu Hanzheng stayed silent for a moment and asked, "Are you sure that he has fallen for her?"

"If that was true, he would not have run away." Yuan Meng threw a look at Luo Qianqian who looked very sad.

What on earth was this old fogey up to? He had been flirting with her for so long and he was even giving her presents!

If he had the intention to pursue her, why did he fall out with her so suddenly?

“What I am going to say next, please tell Luo Qianqian,” Fu Hanzheng said with a low voice.

The Gu Family kept trying to contact Gu Yun Che these days, and if he was not going to help the Gu Family, then it would be very important to confirm his feelings towards Luo Qianqian.

Everything had been going smoothly, but something unexpected had happened.

#### **Chapter 1604: Betrayed**

After hearing Fu Hanzheng’s plan, Yuan Meng said to Luo Qianqian, “If we can find him, will you cooperate with us?”

Luo Qianqian looked at this woman in astonishment. “Can you find him?”

She had searched the entire terminal and failed to find him.

He gave the phone back to her, so they would lose contact and it would be very difficult for her to find him again.

She confessed to him after she survived the disaster in the village of Bangalore.

He did not like her, but she still expressed her feelings and asked him to accept her love.

But she had no idea why he turned her down.

That was probably why he decided to cut off all contact with her after what she had done.

If she could, she would rather that their relationship returned to how it was before Bangalore. They would be in touch every day and she would know about him.

Even if she was never going to tell him that she liked him.

Yuan Meng smiled deeply. “To be exact, I am asking him to come to you.”

“Will he come here for me?” Luo Qianqian just could not believe it.

When she was gone, he would still come to her.

“I can’t stay here with you anymore. A car will pick you up in two hours. I will send you the number plate, and you can follow after me in the car,” Yuan Meng said.

Fu Hanzheng asked his men to check the passenger list of the previous flights, but Gu Yun Che was not found. So he must still be here.

Since they could not find him, he had to find a way to get him out.

She did not believe that he would turn down Luo Qianqian, whom he had been taking care of for so long.

Luo Qianqian was still confused. “What on earth are we doing?”

Yuan Meng patted her shoulders and said, “Continue to search here. If you don’t find him in two hours, get into the car and listen to us.”

“But...”

Luo Qianqian was about to ask more when Yuan Meng left.

Gu Weiwei and Fu Shiyi were waiting anxiously in the car when they saw Yuan Meng coming back with her men.

“Where is Qianqian? Where is she?”

“Someone is picking her up, let’s go home.” Yuan Meng was not telling the truth.

Gu Weiwei frowned. “Someone is picking her up? Has Gu Yun Che been found?”

“Don’t worry about that, just go home and visit your husband and children.” Yuan Meng chuckled.

Gu Weiwei did not suspect her words, but asked Lei Ning to drive her home. They had agreed to go home after the flight, but now they had been delayed at the airport for more than two hours.

She still needed to ask her about Luo Qianqian and Gu Yun Che.

But then she threw a look at Yuan Meng who was dressed in sexy clothes.

“What did you do today?”

Yuan Meng touched her hair sexily. “Someone said that I don’t look like a woman. Am I a woman now?”

Gu Weiwei removed her scarf and gave it to her.

“No one cares about you in this car, behave yourself.”

Yuan Meng stuck out her chest. “What? Feeling inferior?”

Gu Weiwei felt her forehead, not wanting to talk with her anymore.

She knew that she had a great body, so she did not need to show off in front of her.

Yuan Meng removed her high-heels and said, “He dares to say that I am not like a woman, fine then, I will cheat on him!”

Sitting in front of her, Fu Shiyi coughed. Few men would be able to stand a tough girl like Yuan Meng.

It was amazing that Yuan Shuo dared to marry such a woman.

### **Chapter 1605: Best Assistance**

When Gu Weiwei returned to villa number seven, it was already seven in the evening.

Mrs. Fu and Fu Shengying had just left and Fu Hanzheng was taking care of the two children alone.

The two children were just playing in the living room when they heard Fu Shiyi calling out to them. They threw away the toys and came crawling towards the door.

The moment Gu Weiwei opened the door, she saw the cute little boy crawling towards her. She kneeled down on the floor and picked up Youyou who had just come over to her side.

“Are you here for mom?”

She took hold of Youyou and Tiantian also came to her for a hug.

She kissed her son, gave the boy to Fu Hanzheng and carried her daughter.

“Tiantian, have you been good these past two days?”

The little girl did not know how to talk or understand what she was saying. She was just holding her mother’s neck tightly.

But Youyou was also gazing at her in Fu Hanzheng’s arms.

Gu Weiwei sat down on the sofa and let the two of them sit on either side of her before playing with them.

Seeing the two cute children, Yuan Meng also played with them by the sofa.

“You have grown so big after a few months.”

“Are you going to let Yuan Bao stay in Italy?” Gu Weiwei asked.

Yuan Bao had been under her care in the Hua Land, but within one month, Yuan Shuo returned with him.

“Probably. You already have two children to look after in Hua Land, and with Matthew taking care of Yuan Bao in Italy, it is much easier.” Having said these words, Yuan Meng got up and glanced at the dining room. “Can we eat now? I am so hungry.”

Gu Weiwei carried the children to the dining chair and asked, “Where are their grandparents?”

“They went back to the old mansion,” Fu Hanzheng said.

Actually, he did not want them to stay here and disturb them, so he reminded them to return to the old mansion.

They were gone, but now Fu Shiyi and Yuan Meng were here.

Fu Hanzheng helped to carry his son to the chair. “How was the filming?”

“It went pretty smoothly, one more day in the capital and it will be finished,” Gu Weiwei said.

Fu Shiyi and Ding Dongdong had a good understanding of each other, so the scenes that needed to be filmed were completed easily.

“Still filming tomorrow?” Fu Hanzheng asked.

“Yes, the release date has been announced and we need to leave some post-production time. We can’t delay any more,” Gu Weiwei said.

Fu Hanzheng served her a bowl of soup and reminded her.

“It is a bit hot, let it cool down a little.”

Fu Shiyi kept putting food into Ding Dongdong’s bowl. “Dongdong, this is our chef’s best dish, try it.”

Yuan Meng looked at the couple who were showing off their love. "Can't you two just let me eat a proper meal?"

He was showing off in front of her when her man was not around.

"I have been fed with your love for years, did I say anything?" Gu Weiwei snorted.

When she was living with the Yuan Family in Shengxi Town, they two had been showing off in front of her for years, but she had said nothing about it.

"Alright, alright, alright, time to eat." Yuan Meng surrendered.

After the meal, Gu Weiwei thought of Luo Qianqian and made a call after the meal.

But her phone was off.

She was about to call the Luo Family, when she saw a piece of news on TV.

"There was a serious car accident on the expressway of the airport, and many people were injured, including Luo Qianqian, the young songwriter and..."

Hearing Luo Qianqian's name, Gu Weiwei saw a young girl being pushed into the ambulance.

"Qianqian?!"

## **Chapter 1606: Best Assistance 2**

They had met at the airport two hours ago.

What was this car accident all of a sudden? They left at almost the same time.

"Yuan Meng, didn't you say that someone was coming to pick her up? Who did it?"

"Ah, calm down, calm down, the car accident is fake," Yuan Meng said as she was eating fruit.

Staring at the news report on TV, Gu Weiwei said, "It is all over the news, of course it is not fake. Look at the news report, the cars were overturned and the fire started. It doesn't look fake at all."

"That Gu man ran away, didn't he? We created fake news to lure him out," Yuan Meng explained with a smile.

Of course, it was Fu Hanzheng who came up with the idea.

As for the live report and how the car accident was made in the scene, that was totally up to them.

The news was everywhere in the capital and that Gu man would see it no matter where he went and he would definitely see the injured Luo Qianqian.

She did not believe that he would leave her alone.

"Fake news?" Gu Weiwei just could not believe it. She thought for a while and said, "No, I better go to the hospital."

Just because Luo Qianqian and Gu Yun Che had a fight, she spent so much effort creating fake news so that Gu Yun Che could meet Qianqian?

That did not sound real.

“It is fake news.” Fu Hanzheng patted her shoulders, fearing that she would run to the hospital in agitation.

Now Gu Yun Che was trying to hide from Luo Qianqian and they just could not find him.

But he had to make sure that Luo Qianqian meant something to him.

That was why they managed to persuade Luo Qianqian to play the sympathy game with them, just to see if he would show up or not.

“This Gu man is too good at hiding. He won’t come out unless we do something radical,” Yuan Meng said.

Judging from what Luo Qianqian said, they were doing well.

But it seemed that Luo Qianqian was in too much of a hurry and caused this Gu man to run away.

But she just could not understand why such a powerful man was scared away by a little girl.

Fu Shiyi and Ding Dongdong were startled. “Why are you helping them when they are having a fight?”

FYI Shiyi could understand why Yuan Meng was involved.

But he did not understand why his brother was involved.

It was impossible for Yuan Meng to create a fake car accident at the airport and fake news without his brother’s help.

As far as he knew, his brother would never do such a thing.

Luo Qianqian was in a relationship with a man, and his brother was being a bit too concerned.

“Well... I just hope that the couple can be together.” Yuan Meng laughed dryly.

They had planned to keep the secret from Weiwei, but it seemed that they just could not keep the secret any longer.

Weiwei was not a fool. She could tell that something was not right when they made such a big fuss to force Gu Yun Che to show up.

Gu Weiwei pursed her lips and looked at Fu Hanzheng deeply.

“Why? Why must you do such a thing?”

Luo Qianqian and Gu Yun Che were not in a good relationship, but what he had done was to prompt Gu Yun Che to become involved.

It had been less than five hours since Gu Yun Che had left Luo Qianqian at the airport and he had already made the arrangements. It was not hard to imagine how much effort he had put into getting his men to do the work.

Silence dominated the living room.

Yuan Meng touched her ears guiltily, stood up and said, "I will take a rest now after having such a long flight."

"Well, I will see Dongdong off now." Seeing that the atmosphere was not right, Fu Shiyi left with Ding Dongdong.

### **Chapter 1607: Protect Her**

After Yuan Meng and Fu Shiyi left, only Gu Weiwei and Fu Hanzheng were left in the living room, together with the two little buns who were playing with toys on the mat.

Gu Weiwei asked the nursery teacher to come and said, "Take the children to shower and then put them to bed."

Seeing their serious faces, the nursery master carried the two children and left the living room.

When everyone else was gone, Gu Weiwei asked seriously, "Who on earth is Gu Yun Che?"

He and Yuan Meng had paid way too much attention to Luo Qianqian's relationship, and she thought that it could not have been because of Luo Qianqian, but because of Gu Yun Che.

She remembered that she had mentioned to him several times about checking Gu Yun Che, but he had turned her down twice.

At the beginning, she also believed that it was because the Fu Family were too busy to do the investigation.

But it seemed that it was not because he did not have time to do the investigation, but because he did not want her to know who Gu Yun Che was.

Although she had no idea who Gu Yun Che was, she could tell that he was a very dangerous man, judging from what he had done.

They had been hiding it from her, fearing that she would stop Luo Qianqian from seeing him.

Fu Hanzheng pursed his lips and looked at his angry wife.

"Actually, we are not sure who he is either."

"I don't know what to think, I don't know what you are trying to do by setting him up with Qianqian." Gu Weiwei looked serious.

It was because of the urgent matter today that she noticed it.

If it had not been because of what happened today, they might have never told her a thing.

Fu Hanzheng approached her, took hold of her shoulders and sat her down on the sofa.

“Gu Yun Che... is the mysterious man who gave Gu Siting the Nine-Eyed Pearl. It seems that your rebirth is related to him. Gu Siting has been in touch with him and I can't let him become the helper of the Gu Family.”

“So you asked Qianqian to approach him and tie him down with her feelings?” Gu Weiwei frowned in disbelief.

Fu Hanzheng sighed helplessly. “If Luo Qianqian didn't have the intention to do so, we couldn't have forced her either. And apart from Luo Qianqian, no one else is able to approach that person. He treats Luo Qianqian very specially.”

“Specially?” Gu Weiwei frowned even deeper.

Luo Qianqian barely mentioned a thing about her relationship with Gu Yun Che to her and Fu Hanzheng was trying to conceal the truth about it too. She truly had no idea what had happened between the two of them.

“If even Yuan Shuo and Yuan Meng are not Gu Yun Che's match, then it would be very dangerous for you if he becomes Gu Siting's helper.” Fu Hanzheng knew that she just could not accept the fact that he was restraining Gu Yun Che with Luo Qianqian's relationship.

But as long as she was safe, he did not mind sacrificing anyone.

“This man is so dangerous?” Gu Weiwei looked at Fu Hanzheng in astonishment.

She knew pretty well how skilled Yuan Shuo and Yuan Meng were.

If the two of them together were not Gu Yun Che's match, then this man was indeed powerful.

Also, something like the Nine-Eyed Pearl was even more mysterious and unpredictable.

Fu Hanzheng nodded. “In Nice, he killed dozens of robbers within a few minutes. If we can't find anyone to restrain him with force, then we have to use other methods.”

“But Qianqian...” Gu Weiwei got very confused when she thought of Luo Qianqian.

She understood what Fu Hanzheng was doing, but when she thought that he was making use of her good friend, she felt very displeased.

“I told her in detail so that she knew everything and she was willing to do it,” Fu Hanzheng said.

He had given Luo Qianqian a choice, and she made the choice herself.

### **Chapter 1608: Gu Siting's Plan**

Gu Weiwei looked at him deeply and stayed silent for a long while.

Even if Luo Qianqian was willing to do it, she still could not accept it when it was such a dangerous person who approached her.

“If he becomes the helper of the Gu Family, what will you do?”

Fu Hanzheng pursed his lips and did not answer.

Gu Weiwei looked down and revealed what he was thinking.

“If he loves Qianqian and cares about her, if he helps Gu Siting, you will threaten him with Qianqian, right?”

After a long while, Fu Hanzheng nodded calmly.

“Maybe you won’t accept all of this, but when the time comes, I will do that.”

He did not care about anything else as long as she was safe.

If Gu Yun Che was going to help Gu Siting and put her in danger, he would not care about anyone else.

Even if it was her friend.

Gu Weiwei stayed silent with a heavy heart and said after a long while, “Is Gu Siting trying to bring me back?”

He had been paying a great deal of attention to the Gu Family these days, not only for business activities but also Gu Siting himself.

Also, he had asked Lei Ning to be around her all the time and now he had even asked Yuan Meng to come home.

So the situation was not looking good.

After she got pregnant, she spent most of her time with the children, so she had no idea how much danger was waiting for her outside.

She felt that the world was peaceful when she had his protection.

“There are some signs that he is,” Fu Hanzheng said.

“You should have told me earlier,” Gu Weiwei said.

Fu Hanzheng caressed her head and whispered, “The two children have already made you tired, I can solve these problems.”

If he told her earlier, she would be worried all the time.

“But we should face it together.” Gu Weiwei stressed.

Unlike now, when he was fighting the wind and the rain and she was hiding behind his back, enjoying the peace.

Fu Hanzheng knew that he could not persuade her, so he said straightforwardly, “It is late, take a rest. You have filming to do tomorrow.”

“What about Qianqian? Where is she now?” Gu Weiwei thought of the news and asked seriously.

Fu Hanzheng checked the time and said, “At He Chi’s hospital in surgery.”

“Surgery? Didn’t you say that the car accident was fake? Why the need for surgery?” Gu Weiwei suddenly got nervous.

“Of course the car accident is fake, but if everything is fake, what would Gu Yun Che think?” Fu Hanzheng countered.

If Gu Yun Che did go to her when he saw the news and found her waiting for him to be caught, he would get even angrier and stay away from her forever.

Therefore, although the car accident was fake, it was a real trick to make her suffer.

“If it is fake, why does she need surgery? You can’t just cut her open, right?” Gu Weiwei asked.

Fu Hanzheng knew that she was worried, so he decided to tell her the truth.

“Luo Qianqian had appendicitis during the physical examination this year, and the doctor suggested that we should do the operation. We are just taking this opportunity to do an appendectomy so she can be a real patient in bed.”

However, the surgery was said to be because of a car accident.

She was going to do the appendix surgery two months later anyway.

It was much more cost-effective for He Chi to do the surgery in person than for her to go to other hospitals.

Gu Weiwei frowned. “I will go to the hospital after the filming tomorrow.”

“Okay, Yuan Meng can go with you.” Fu Hanzheng did not object.

## **Chapter 1609: The Big Fish**

??

But Gu Weiwei was still not assured.

“What about calling He Chi?”

Seeing her worried face, Fu Hanzheng knew that she would not be able to sleep well unless she knew about Luo Qianqian’s safety.

So he made a call to He Chi’s hospital.

But since He Chi was still in the operation room, it took a few minutes before the phone was delivered to him.

“How is the operation?”

“It is a waste of my skills to do such a small operation in person.” He Chi sounded displeased.

He was the Deputy-Dean, and so what did he treat him as?

His wife needed his help with fever, his child needed his help when he sneezed and now he needed his help with a minor appendix surgery too.

Fu Hanzheng sounded cold. “How is the operation?”

“I finished it in half an hour,” He Chi said proudly.

But he asked Lei Meng to tell the public that it was an emergency operation.

Therefore, the operation that took half an hour was finished, and he and the staff were killing time in the operating theater by playing Fight the Landlord.

Gu Weiwei took over the phone. "He Chi, how is Qianqian?"

"Lying there, thinking about life." He Chi glanced at the girl who had been lying in silence after the operation.

"I need to talk with her," Gu Weiwei said.

"Hang on, Sister-in-law." He Chi gave the phone to Luo Qianqian. "Sister-in-law is calling you."

Luo Qianqian took over the phone and said weakly, "Weiwei, I am fine."

The appendicitis surgery was very small and with He Chi as the famous doctor, the surgery was very safe and fast.

Since the operation only required epidural anesthesia, she had been awake the whole time.

But when she thought of what happened at the airport, she could not help but feel down.

Hearing her voice, Gu Weiwei felt slightly relieved.

"Good, I will visit you tomorrow night."

"Okay." Luo Qianqian agreed and said after some thought, "Please don't blame Mr. Fu for what happened today, I agreed to it myself."

By this time, she must have known what Fu Hanzheng was hiding from her.

She did it of her own accord, and she did not want her to think that it was Fu Hanzheng who was making use of her so that the two would end up fighting because of her.

Gu Weiwei stayed silent for a moment. "Take a good rest, Ji Cheng and I will visit you tomorrow."

Luo Qianqian had been very sincere to Gu Yun Che.

"Okay," Luo Qianqian answered briefly.

He Chi took back the phone. "Sister-in-law, don't worry, we will take good care of your friend."

Although he was not very happy about Fu Hanzheng ordering him around all the time, yet it was Fu Hanzheng who invested in his studies after he went to university.

He had to work no matter how displeased he was.

"Thanks."

Gu Weiwei thanked him sincerely and rang off.

In order to have an appendectomy, the time was more like an emergency operation after a car accident.

After the operation, He Chi spent four hours playing Fight the Landlord in the operation room.

Then he put oxygen on Luo Qianqian, got her hooked up and made her fall asleep with sedatives.

“In order to make it look more convincing, I will put you in the intensive care unit later. The rest is up to you.”

Luo Qianqian nodded. She knew that it was all for Gu Yun Che to see.

But even she herself did not know if he would show up or not.

### **Chapter 1610: The Big Fish 2**

Gu Weiwei did not help the two children to sleep until she was sure that Luo Qianqian was fine in the hospital.

After comforting the two children, she took a shower and got ready for bed.

She had just entered the bathroom, when Fu Hanzheng received Yuan Meng’s call.

Instead of taking a rest, Yuan Meng went directly to the hospital and waited for Luo Qianqian in the surveillance room.

Then, after Luo Qianqian entered the operating room, she saw Gu Yun Che who had disappeared at the airport, through the camera.

“Gu Yun Che is here.”

Fu Hanzheng smiled briefly, not at all surprised by the news.

“At the hospital?”

“You don’t seem surprised by the news?”

With a cigarette in her mouth, Yuan Meng stared at Gu Yun Che who was heading towards the floor of the operation room.

“If he was really ruthless, he would not have pestered her for so long. As long as he sees the news, he will definitely come.” Fu Hanzheng was calm.

Confused, Yuan Meng asked curiously, “He has broken off the relationship with Luo Qianqian, why were you sure that he is not ruthless and that he will definitely show up?”

When he suggested this plan, she still could not believe that Gu Yun Che would show up.

But there was no other way to find him, and Luo Qianqian did not object either, so they had to put on a show.

She had not expected that she had ended up meeting him at the hospital.

“He left her because he is scared,” Fu Hanzheng said.

“Scared?” Yuan Meng raised her eyebrows and mumbled, “A kiss scared him?”

Fu Hanzheng said calmly, “He is afraid that he can’t control his own heart.”

When one's heart was moved and fell for someone, one's heart would not be controlled. That was something he had experienced before.

But when it came to relationships, some people's first reaction would be to run away out of fear, and Gu Yun Che was obviously that kind of person.

He realized that his interaction with Luo Qianqian had made him less and less like himself.

That was why he wanted to cut off all contact with her.

Yuan Meng suddenly understood. "So he is worried that he has fallen for her."

But when he realized that, he had already been moved.

The fact that he was here at the hospital was the best proof.

"Inform He Chi not to reveal anything because otherwise he will notice it." Fu Hanzheng stressed.

The plan was to make him realize his own feelings, that way he would have achieved half of his purpose.

As long as he could not forget Luo Qianqian, she would always be his string no matter where he went.

Then it would not be so easy for Gu Siting to get his help.

Even if he still wanted to help Gu Siting, Luo Qianqian would not allow it. After all, it was beneficial for them.

"Got it, I will inform him now," Yuan Meng said with a smile.

"Also, don't meet him." Fu Hanzheng stressed.

Yuan Meng, who was about to meet Gu Yun Che, asked instantly, "What? Why can't I meet him?"

"You will cause trouble," Fu Hanzheng said.

If she said something she should not, it would affect Gu Yun Che and Luo Qianqian's relationship... and his entire plan.

"Alright, I am not going." Yuan Meng let out a sigh of pity and said, "Fu Hanzheng, for the first time, I feel that you are a very annoying and scary man."

He was so smart, just like a weirdo.

So that everything was always under his control.
