

MY HIDDEN 271

Chapter 271: Bringing Down Fu Hanzheng

Fu Hanzheng removed his suit and leaned against the sofa, taking the seat next to her.

The movie on TV was showing a hot kissing scene.

Gu Weiwei felt embarrassed and wanted to skip it, when the man next to her said,

“The audition of the new movie you are going to, must not have any kissing scenes, naked scenes or sex scenes...”

“Then what kind of movie can it be?” Gu Weiwei squinted at him.

Some movies just loved to include those types of scenes so that the story could develop. Or maybe he meant that a movie should only be about reading lines?

“I don’t care what everyone else does but you can’t.” Fu Hanzheng looked at her seriously.

He would not stop her from doing whatever she liked but he had his bottomline too.

“Don’t take it as something dirty, alright? That is about sacrificing for the art!”

“You can only sacrifice for me.” Fu Hanzheng said as he leaned down to kiss her lips, licking her tongue that tasted very sweet.

The baggy pajamas made it possible for him to grope all over her body and then he had one hand cupping her breast as he released her lips.

“You are not wearing anything underneath?”

Gu Weiwei pushed off his hand and shifted away a little.

“I just... took a shower!”

He used to just kiss her but now he had started to touch her!

And when she thought of what happened the night before... and then thought of what Fu Shiyi had warned her about, she truly felt that the Fu family was full of danger.

He must be planning something and was just waiting until her period finished.

Fu Hanzheng took a deep breath, got up and said, “I am going to take a shower.”

Seeing him leaving, Gu Weiwei suddenly picked up the phone and texted Jolin to confirm the work schedule. She expected to run away from this place before her period finished.

However, all she got was nothing more than a commercial for a cosmetic product, the day after tomorrow.

On that day, Fu Hanzheng went to work and she met with her agent before they headed towards the studio together.

After the shoot, Fu Shiyi appeared before her, looking mysterious.

Then he asked her to put on some makeup and wear a wig before leaving with him in a taxi.

Then they made some twists and turns until they came into a small restaurant in an alleyway.

They sneaked in through the backdoor and

instead of going to the dining area, they went straight into the cellar where goods were stored.

“Honestly, why are you taking me here?”

“Here we are.” A hidden door to the cellar was opened and then he led her into a luxuriously decorated room.

It was not until she entered the room that Gu Weiwei realized that it wasn’t just her and Fu Shiyi. Fu Shiqin, whom she had not met for two days and He Chi were both there.

“Don’t look so suspicious, we are just having a meeting! We can’t be noticed by my brother, so of course we have to be discreet!” Fu Shiyi said.

Gu Weiwei found a seat and sat down, sizing up every one of them.

“What do you want?”

This secretive meeting must have something to do with Fu Hanzheng.

Fu Shiyi said, as he stood beside her holding a cup of wine, “Welcome to the Bringing Fu Hanzheng Down Team!”

Gu Weiwei frowned. “What team did you say?”

“Bringing Fu Hanzheng Down Team!” Fu Shiqin repeated.

Gu Weiwei threw a confused look at the two brothers. So these two brothers, who had been fighting against each other a minute ago, were now united to fight against their brother?

“Several years ago, we were disbanded due to some changes, but now, we are united once again.” Fu Shiyi said.

“You caused the problem.” Fu Shiqin rolled his eyes at him.

“You were part of it too, okay?” Fu Shiyi glared back at him.

Gu Weiwei felt her forehead – these two brothers were having a civil war, so how were they going to bring down their brother?!

Also, it was understandable that the two of them had such an idea but what was Doctor He Chi doing here?

Had he been mistreated by Fu Hanzheng too?

Chapter 272: Trouble-Maker

Fu Shiyi and Fu Shiqin kept snapping at each other for half an hour until they finally stopped because of extreme thirst.

He Chi sighed helplessly. "How are you two going to take revenge if you continue to fight in this way?"

When these three were mistreated by Fu Hanzheng years back, they set up the Bringing Fu Hanzheng Down Team on the sly.

However, even the combined forces of the three of them together couldn't bring him down.

But since Fu Shiyi and Fu Shiqin had accidentally leaked the information about the team, they were once again greatly mistreated by Fu Hanzheng.

From that time on, the team was disbanded and they went their separate ways.

Gu Weiwei glanced at them and laughed without uttering a word.

In her opinion, they were not a Bringing Fu Hanzheng Down Team, but a team that would only cause themselves trouble.

Fu Shiyi and Fu Shiqin stopped snapping at each other when He Chi reminded them.

"Let's focus on the major matter. We will leave the private ones behind."

Fu Shiyi picked up a cup and put a blade on the table in front of her.

"Now comes the ceremony, blood as the vow."

Gu Weiwei glanced at the blade and cup – so she needed to shed her blood now?

"I don't really want to join you guys."

He Chi took a glance at it and removed the blade. Instead, he brought out a needle.

"Damn you, your brother will kill you if the wound is visible!"

Fu Shiyi agreed and nodded constantly.

"Then just give us a drop!"

"I really don't want to join you." Gu Weiwei said.

Fu Shiyi said, "Don't you want to bring down my brother so that you can gain freedom and stand in a high position?"

Gu Weiwei thought for a while and said, "I am never mistreated, so why must I join you guys?"

The brothers and He Chi suddenly felt that their hearts had been deeply stricken. It was true, Fu Hanzheng spoiled her rotten and of course he wouldn't mistreat her.

Fu Shiyi took a seat at her side and said, with a persuasive tone, "My brother wants to marry you and have a child with you, do you want that to happen?"

Gu Weiwei shook her head responsively.

“That’s it!” Fu Shiyi slapped his thigh and said, “As long as we combine forces and forge ahead together, we can bring him down. Now, it is not the time for you to fight alone.”

Gu Weiwei had one hand against her forehead and asked as she thought over his proposal, “I can help you, but what will you guys help me with?”

Their brother wanted her to marry him and have a child with him, could they take over the task?”

“At least, I can save you from trouble. As long as my brother aims at doing something to you, you can send me a signal and then we will save you!” Fu Shiyi said.

“Go to hell! Last time I bumped into him kissing her, I was forced to work overtime for three days!” Fu Shiqin said immediately.

If their brother was in bed with her and they went to save her, they would definitely be doomed.

Anyway, he truly understood that after his brother started this relationship, anyone who stopped him from enjoying the relationship would end up having problems.

Before, he must not be disturbed when kissing her but now, if he was to be stopped from getting married and giving birth to children, the mission would be very difficult.

Gu Weiwei squinted at them. “So, what can you guys do for me?”

He Chi pushed up his glasses. “I can ask my colleagues to do an operation on you, so that you don’t have to worry about getting pregnant...”

He just could not think of any other way to help her.

Fu Shiqin got furious. “Damn you, don’t drag us down if you want to die by yourself!”

He knew his brother better than anyone else did. If this was a secretive mission, his brother would find out about it once he had some suspicious feelings.

By that time, every one of them would be done for.

He Chi thought for a while and agreed. Then he sighed deeply at Gu Weiwei.

“You’d be better at saving yourself. Fight back and never obey. Or you can threaten to kill yourself, you can always make it.”

Gu Weiwei felt speechless.

She truly had no intention of joining them at all.

Chapter 273: Trouble-Maker 2

Upon hearing these words, Fu Shiyi and Fu Shiqin agreed with what He Chi proposed.

“Yes, any of us, as long as we do something, would lead to terrible consequences. You better save yourself, my brother is not mistreating you anyways.”

Gu Weiwei snorted. “I am going home, have fun!”

So they could do nothing for her and yet they had still asked her to join their team to bring down Fu Hanzheng? How dumb!

“Don’t, please. We are so scared of him, we need your help!” Fu Shiyi said, looking pathetic.

“We have been living in the deepest pits of trouble and without you, we can’t win the battle!” Fu Shiqin said with a helpless expression.

“Only you can save us and lead us to victory.” He Chi joined them in trying to persuade her.

Gu Weiwei sighed as they blocked her way.

“He has just scared you a few times, why hold so much of a grudge?”

Fu Shiqin exclaimed loudly, “Of course we are resentful! I would have died hundreds of times, if not for my strong heart.”

As the man working closest to Fu Hanzheng, he was the man who had been wounded the most times. He had started to complain of how Fu Hanzheng had mistreated him terribly since they were little.

Having heard his brother, Fu Shiyi started to tell her of his miserable past too.

After they finished their monologues, they showed sympathy to each other.

Fu Shiyi said, “Second Brother, you are suffering more than me!”

Fu Shiqin said, “Damn it, I would not have suffered if not for the traps you set for me!”

Gu Weiwei looked at them speechlessly. The two brothers were shedding tears in each other’s arms.

They were mistreated, only because they had caused the trouble themselves.

“What about you, Doctor He, how have you been mistreated?”

He Chi sighed deeply and started to tell his story of misery.

“I have been forced to be my own experimental test subject three times! Two years ago, I had a fever for three days and I almost turned dumb! Three years ago, the side effects of the medicine made me get a rash all over my body so that I almost ruined my skin by scratching it constantly.”

Fu Shiyi and Fu Shiqin threw a look of sympathy at He Chi who was telling the story and said, “Chi, your experience is even worse than ours!”

Gu Weiwei thought for a while and said, “He can’t have done that without a reason!”

“He did it without a reason!” He Chi snapped.

“Damn it, you named your dog the Big Fu, and when my brother was having a laparoscopic surgery, you asked the anesthetist to reduce the anesthetic. You also went out to have fun with a girl and forgot about the lab of new products, so that we lost hundreds of millions of yuan...” Fu Shiqin ruthlessly revealed the truth.

Those experiments were not dangerous, but they could be very annoying.

Gu Weiwei's lips twitched – surely enough, they were causing the trouble themselves!

“Well, you can continue to cause trouble but leave me alone.”

“No, you must join us.” Fu Shiqin said.

They were mistreated all the time but only she was able to mistreat their brother.

“If you don't join us, I will post the picture of you kissing my brother.” Fu Shiyi threatened.

He Chi said, “If you don't join us, we will help Fu Hanzheng so that he will make babies with you. Many, many babies!”

Fu Shiqin gave a thumbs up to He Chi. “Yes, if you don't join us, we will help our brother!”

Gu Weiwei got so annoyed at them... but unfortunately the threats did work.

“What do you want me to do anyways?”

When Fu Shiyi helped him last time, she almost fell into the trap. If the three of them worked together, she would have a hard time.

The three of them exchanged a look with one another and said fiercely.

Fu Shiqin said, “Destroy him!”

Fu Shiyi said, “Torment him!”

He Chi said, “Toy with him!”

Gu Weiwei looked at these three fools speechlessly.

Chapter 274: How?

Under the threats from the three men, Gu Weiwei joined the Bringing Fu Hanzheng Down Team.

Her mission was – being the mole.

The moment she returned to the apartment, she received a text message on WeChat.

Fu Shiyi: [Go for it! The team is your strongest shield!]

Gu Weiwei put away the phone and walked into the hospital.

Fu Hanzheng had gotten off work earlier than her and was not very pleased about her being home late.

“Didn't you already finish the filming? Why did you come home so late?”

He had returned just to spend time with her after finishing his work but she turned out to be home later than he was!

Gu Weiwei noticed that he was wearing the tie she gave to him, so she could not help but stare at it for a while before answering him.

“I was talking with the agent about the audition.”

She truly had no idea how to set up this man, who was so elegant and handsome.

Fu Hanzheng noticed her staring at him out of the corner of his eyes, so he asked as he looked sideways.

“What are you thinking about?”

“Nothing, really.”

She was thinking about how she should ruin him, torment him and toy with him.

Fu Hanzheng reached out for her and said, “Come and sit down.”

Gu Weiwei obeyed and then she asked a question, because she had thought of the consequences that Fu Shiqin and his team members had to answer to, when they caused trouble with Fu Hanzheng.

“Fu Hanzheng, if I ever bully you, will you mistreat me?”

Fu Hanzheng raised his eyebrows and looked at her with a touch of flirtiness.

“How do you plan to bully me?”

“...”

Damn it!

His gaze indicated that she was trying to bully him in an indescribably... strange way.

“I mean, what if I betrayed you...”

Fu Hanzheng did not look as flirty anymore. “You want to conduct infidelity?”

“No way, that’s not what I mean! What I mean is that if I do something that makes you unhappy, will you mistreat me just like you mistreat your brothers.” Gu Weiwei expressed her meaning in detail.

“No, I won’t.” Fu Hanzheng smiled meaningfully.

The only thing that could make him unhappy was when she flirted with other men and he was not going to allow this kind of thing to happen.

Plus, if it really did happen, he would just marry her and father her children, sooner than he had planned.

Gu Weiwei laughed dryly – she just couldn’t do that to him!

Fu Hanzheng released her and said, “Go and wash your hands, let’s eat.”

Gu Weiwei hurried away to wash her hands and returned to the dinner table with him. The meal consisted of the nutritious soup.

After dinner, Fu Hanzheng asked her to join him in the study, where he worked over his business and she read a book. No disturbance was caused between them either.

After Fu Hanzheng finished dealing with the documents, he started a video meeting but it was not about business. The meeting was his overseas informant telling him the latest news.

“Mr. Fu, we looked deep into what you have told us, Cayman Dorrans did fall in love with a Chinese girl and they had a daughter together called Vivian Dorrans but the story goes that the child and her mother were stabbed to death by Cayman Dorrans’s enemies, when she was just a year old. However, we can confirm that Gu Weiwei adopted by the Gu Family is none other than Vivian Dorrans...”

Gu Weiwei just could not avoid hearing what the informant said over the computer, and her eyes that looked down were full of emotion.

When she was with the Gu Family, she was told that her mother died of a serious disease and that they adopted her only because they knew Mother Gu well.

She had learnt of her father through her mother’s legacy, and she had tried her best to find him but failed to find him even at her own death.

Fu Hanzheng did not notice her weird behavior but instead asked the informant, “What clues have you got about the girl?”

“She was stabbed half a year ago and was brought home by Gu Siting. She has not showed up ever since. The news was that she was at St. Paul Hospital, but we did not find her even at the hospital...”

Fu Hanzheng looked contemplative. “What about the Yuan Family?”

“They are not in A Land anymore and it is not certain if they have returned to the Dorrans Family or somewhere else.”

Fu Hanzheng stayed silent for a while and said, “Continue with the search, and find them before Gu Siting does!”

Chapter 275: Sex Life

Gu Weiwei was so stuck in her own thoughts that when Fu Hanzheng finished his conversation with the informant, she did not even notice.

Seeing that she wasn’t turning the pages of the book she was reading, Fu Hanzheng leaned forward and asked, “Which passage had attracted you so deeply?”

Gu Weiwei came back to herself and gazed at this man’s warm and indulgent eyes.

She had used Jolin’s computer and published the secret signals through the hidden websites. If her master’s family went onto the place where they used to talk with each other, then they should have reached out for her but days had passed and no news had come.

If the situation went on this way, they would be found by Fu Hanzheng or Gu Siting before they talked.

Fu Hanzheng squinted. “Thinking about something?”

“Not really, just a little tired.” Gu Weiwei yawned, showing that she was getting sleepy.

Thinking that she had not been feeling well these past two days, Fu Hanzheng did not dwell upon the idea of probing any more.

Then he carried her up from the chair and moved her into the bedroom.

“Is your stomach still not feeling well?”

Gu Weiwei did not answer but leaned into his embrace as she wrapped her arms around him.

During the past few months, she experienced an unsteady life that she had not experienced in all her twenty years but she just couldn't tell anyone.

She could not go back to the Gu Family but there was a man here who was trying to keep her by his side.

She did not want to fall for him but she found that her own heart was collapsing without her even noticing it.

Fu Hanzheng lowered his gaze in astonishment. “What is wrong?”

“The lead role in the book has a broken family and I feel so sad for her. I have nowhere to go either.”

Gu Weiwei could not help but shed tears as she hid herself in his arms.

Fu Hanzheng gave her a kiss on her forehead and said, “Let's get married, and I will give you a home.”

She was such a contradictory girl. She had been so discreet about the relationship because of what had happened in her family. She wanted to have a home but she could not fully accept him.

He could give her everything she did not have and everything she desired but she still tried to stay away from him all the time and even when he had shortened the distance between them, she was still not really his.

“No way, you just want to have s*x with me, you don't really want to marry me.” Gu Weiwei snorted.

But what he said had made her much happier.

Fu Hanzheng's lips were pursed and he said with a low voice, “I only want to have s*x with you.”

Gu Weiwei's face turned hoi and her heart was beating faster than before.

Since when did this absurd conversation start?

Seeing that she didn't say anything, Fu Hanzheng continued.

“I have given you a ring and you can put it on anytime and become Ms. Fu the minute you want to.”

Gu Weiwei mumbled. “I need to think about it.”

She had tried to stay away from the Fu Family so that she could stay away from him. After she was caught by him, she still tried to stay away from him, just in case she fell for him but no matter how discreet she was, she was still falling for him and the situation was not getting any better.

Without trying to persuade her anymore, Fu Hanzheng understood that she was at least considering it.

Although it was not the result he hoped for, at least he was progressing.

“I still have two calls to make with the overseas subsidiary, maybe you can go to sleep first?”

“Okay.” Gu Weiwei nodded lightly.

Fu Hanzheng kissed her on the forehead and left the bedroom.

The moment he walked out, the phone in Gu Weiwei’s room vibrated – messages were sent from the team.

[Fu Shiqin: Agent No.1, have you started the mission?]

She rolled off the bed and grabbed the phone, then she lay back on the bed.

[I just can’t do it]

The three other members of the team replied swiftly...

[Fu Shiyi: Agent No.1, no betraying!]

[He Chi: Agent No.1, are you thinking about becoming a parent with him?]

Gu Weiwei thought for a while and replied.

[Actually, if we two have children together, they would look really pretty, right?]

[Fu Shiqin: !!!!!]

[Fu Shiyi: I need a place to jump off of...]

[He Chi: Take me along with you!]

Chapter 276: Three Single Men

Only three hours had gone by since the establishment of the Bringing Fu Hanzheng Down Team and now they were going to be disbanded.

[Fu Shiqin: No.1 Agent, calm down, don’t be distracted by the slippery enemy!]

[Fu Shiyi: Men always speak sweet words but they are all poisonous. Don’t listen to them, No.1 Agent, never!]

[He Chi: What about helping their relationship instead? It would be fun and relaxing.]

....

Gu Weiwei read the messages from the three ridiculous men in the WeChat group and found that they were all saying mean things about Fu Hanzheng.

[He is not as horrible as you guys said!]

[Fu Shiqin: What we have told you is just the tip of the iceberg!]

[Fu Shiyi: Or we can tell you mean things about him for three days in a row!]

[He Chi: That monster, with no heart and feelings, does not deserve to have a girlfriend!]

Gu Weiwei felt both annoyed and amused. What on earth had he done to them so that they all held such deep grudges against him?

[Gu Weiwei: You three single men, are even worse than monsters!]

[He Chi: !!!!]

[Fu Shiqin: Let's give up, we won't be able to take revenge!]

[Fu Shiyi: I can't die without doing this!]

....

Hearing Fu Hanzheng's footsteps approaching, Gu Weiwei silenced the phone and put it down.

Fu Hanzheng got changed into pajamas and lay down in bed.

"Why are you not sleeping yet?"

Gu Weiwei smiled. "I need you next to me!"

Fu Hanzheng swept her into his arms and whispered by her ears, "Just hang on, I will keep you very good company, when it is time."

She knew that he could not touch her yet but she was still flirting with this man.

Gu Weiwei shrank back. "No indecent words! I just meant you being next to me."

She could have a better and sweeter sleep with someone next to her.

The three other members of the team were quaking in fear, they suspected that she had already betrayed the organization and everyone else.

Fu Shiqin kept checking his phone. "She is not replying. If she is really selling us out, we will end up being terribly dead."

He Chi glared at Fu Shiyi who had dragged her in. "I told you that she does not hold as much of a grudge against him as we do and it was such a huge risk to have dragged her in."

Fu Shiyi glared back. "But none of us are able to win in battle against him!"

They had waited for a long time before someone was able to conquer their brother.

Of course, he needed to drag her in, so that she could help them to bring down his brother but three hours passed and his agent had betrayed them.

She had not only betrayed them but also attacked them.

He Chi fiddled with his wine glass and said, "If she really does betray us, then tomorrow will be our execution."

Fu Shiqin felt helpless. "I really don't want to die now."

Fu Shiyi rolled his eyes at him. "You will be the first one to be killed because you were the one that spoke the most harsh words."

He Chi squinted at the two brothers and suddenly smacked the table.

“Actually, I do have an idea but we will have to wait a bit longer until she responds, to have an idea of the end result.”

Fu Shiqin said, “What is it?”

Fu Shiyi said, “It’d better not damage us.”

He Chi summoned them closer and the three of them gathered together.

“What about helping them get married and having children first.”

Fu Shiqin said, “Get lost. I will die because of their feelings of love before I am able to take revenge.”

He was working at the headquarters and stayed closest to Fu Hanzheng, so he was the most damaged out of their team.

Fu Shiyi waved his hands. “You are giving him comfort!”

He Chi glared at the two brothers who were arguing and snorted.

“I haven’t finished speaking yet, listen carefully!”

“What revenge will be taken if he is married and has kids?”

Fu Shiqin drank down a wine glass full of alcohol, just to vent his dissatisfaction.

He Chi said, “Well, we can do something about the children.”

Fu Shiyi suddenly realized what He Chi meant and showed a sinister smile.

“You are truly ruthless.”

Fu Shiqin looked confused. “What are you two talking about?”

Fu Shiyi said, “You dumb-headed man! No.1 Agent is now out of our control but when they have kids, we can start cultivating them when they are little, so that they will always go against him. He will not mistreat his children because if he does, the couple will turn against each other...”

After having explained it, the three men gave a toast to each other joyfully.

Chapter 277: Strange Things

Early in the morning, Gu Weiwei woke up to kisses.

“Get up, come to work with me.”

“I still have an audition in the afternoon!” Gu Weiwei mumbled with a pair of drowsy eyes.

He couldn’t need someone to keep him company at work, right? He was an adult!

“I will ask Xu Qian to drive you there this afternoon.”

Fu Hanzheng pulled her out of the blanket. She was going to work soon and they would have very little time left together.

Gu Weiwei forced herself out of bed, ate breakfast, got changed and went to the company with him.

Well, she was still wearing a mask.

There were too many people in the company and if she showed up with her face exposed, then the headlines the next day would all be about her.

The staff on the 19th floor were both pleased and distressed when they saw their boss coming to work with his girlfriend.

They were pleased because they were going to have a very relaxing day but they were also distressed because they were going to be stuffed with their sweet display of love and they just couldn't stand it anymore.

At nine a.m., the morning meeting started as usual.

Fu Hanzheng brought her into the conference room and Gu Weiwei grabbed one of the foreign poetry books from the collection in his office, so that she could read it whilst waiting for the meeting to finish but after reading several pages, she discovered something.

It was the poetry collection that Fu Hanzheng had read for her over the phone when she was away.

She threw a sideways glance at the man who looked serious in the meeting and showed a bright smile at him.

Fu Hanzheng noticed her smiling eyes from the corner of his eye and then noticed the poetry collection in her hands. Then he fully looked at her.

Soon, a very spoiling and sweet smile hovered over his face, startling the director of the development department who was reporting the work, so that he suddenly lost his train of thought.

Fu Shiqin said nothing. He no longer found it weird.

But honestly, he was at work! Couldn't he pay a little attention?

Grandma Fu always said that he and his younger brother had sweet tongues and knew how to please people and that their eldest brother could do nothing.

But it seemed that the pleasant words he was able to say were all used up in his relationship.

Although they decided to take revenge after a long time and had thought that it would be soon but they would have to wait longer than they had realised, if Fu Hanzheng had a child who could be trained to go against him.

The morning session lasted for over an hour and the directors failed to clearly remember everything that had just transpired in the meeting.

However, what they did remember was that their boss had smiled at his girlfriend eight times and touched her head twice.

Gu Weiwei stayed at the company until lunchtime and did not leave for the audition until after lunch. Xu Qian drove her there.

When she came to the studio, she unexpectedly ran into Fu Shiyi.

“What are you doing here?”

“I am a skilled actor, alright?”

Fu Shiyi adjusted his hairstyle as he faced the phone.

Due to the success of the Long Wind, Mo Jiao, who had always turned him down, asked him to come to the audition this time.

Seeing that no one was around, Gu Weiwei suddenly thought of what she had read in the WeChat group this morning.

“So you said that we are giving up on revenge?”

“Well, he is our brother and we have to forgive him!” Fu Shiyi said with a smile.

Gu Weiwei squinted. “Are you trying to set me up?”

They had said that if she did not help them, they would help Fu Hanzheng but now they had given up the movement and so they must be thinking about this kind of thing again.

“Impossible! We thought it over calmly last night and realized that our brother has been very nice to us and if not for him, who has been working so hard for the company, we would never have had such a leisurely life, right? We are brothers, and we don’t take revenge.” Fu Shiyi looked very moved.

Gu Weiwei just could not believe him. They who had tried to crush Fu Hanzheng only just one night ago, were now putting on such a lovely front overnight.

Fu Shiqin had been behaving in this way back in the company too.

Her instincts told her that something strange was going on.

Chapter 278: Difficult Life

“Really? I thought you were planning to set me up!”

“That is impossible! We don’t want to die!” Fu Shiyi smiled a pleasant smile.

Gu Weiwei nodded and replied joyfully, “It’s good that you are aware. If anything suspicious happens, I will tell your brother everything about the Team.”

She truly could not believe that they had given up so easily otherwise they would not have re-established the Team.

They must have come up with a better plan for revenge and it was possible that she was included as one of their targets too.

Therefore, if anything suspicious arose, they must be the ones behind it.

“...” Fu Shiyi’s smile stiffened.

They had tried not to offend their brother but now, they had to be careful to not offend her!

Oh man, life was so difficult!

The two agents soon finished talking with the staff who were in charge of the audition and got hold of the script.

It was more like a brief introduction of the characters than a script.

There were no lines or actors to perform with.

“Damn, this Mo man is being a weirdo again!” Fu Shiyi complained.

After receiving the script, Gu Weiwei stopped talking with Fu Shiyi.

The script’s storyline took place in the period of the Republic of China and the role she had received was the female lead Huo Xiaoshi, who had a twin sister called Huo Jing.

In this scene she was supposed to be dressed as Huo Jing, who had actually died, and entered the military office, when her real identity was revealed.

She had to perform two characters, one was the cold-blooded, military officer Huo Jing and the other was Huo Xiaoshi, who was just and kind.

Mo Jiao had high expectations towards actors because the roles he wrote were quite challenging.

However this wouldn’t be a problem for her.

She had failed to become an actress when she was with the Gu Family, so she mostly studied to be a director.

She spent a lot of effort upon Dream of a Long Life in those previous years, so when she was reading a script, she understood exactly what the director demanded of an actress.

She still needed to gain more reputation for herself so that she was able to direct her own work.

After all, she had to create a whole new film that could exceed Dream of a Long Life, if she wanted to be better than Ling Yan.

She was going to bring down this so-called legendary Movie Queen, so that she would lose all of her legends.

She quickly learned how to play the role well and walked into the audition room, where she completed the task.

She was just about to leave with Jolin when Fu Shiyi’s agent Luo Jiaming stopped them.

“Weiwei, hang on, I need to tell you something when Third Master Three is here.”

Gu Weiwei and Jolin exchanged a look and continued to wait for him in the preparation room.

Soon, Shiyi finished the audition and came out too.

Luo Jiaming glanced at them and said straightforwardly, "There is a reality show for you both to participate in."

Fu Shiyi pointed at himself and then at her.

"Me and her?"

Luo Jiaming nodded and turned on the tablet for them to see.

"You two are extremely popular right now and you have gained many fans standing by your side. You had better take advantage of this popularity so you can attract more fans."

Fu Shiyi had had many rumors going around about him before but most of the female stars would be seriously demeaned by his fans and the public.

This was the only time when a cooked-up couple, with him as the male participant, received so much popularity.

It was going to be very beneficial for Fu Shiyi's new album and Mu Weiwei's reputation.

"No way!" Fu Shiyi turned it down directly.

"The contract is signed!" Luo Jiaming said with a serious face.

"You..." Fu Shiyi pointed at Luo Jiaming and said between clenched teeth. "You are killing me!"

His brother had almost killed him when they had hit the headlines as a rumored couple.

So if they participated in the reality show and showed off together in public, his brother would surely force him to jump off a plane!

Chapter 279: Bitterness

Luo Jiaming frowned and gazed at this man who was looking crazy.

"It is just a reality show that pleases your fans, who would kill you?"

"I..." Fu Shiyi looked at Gu Weiwei in bitterness.

He couldn't just spill the truth.

He had not walked out of the oppressive shadow of the recent bungee jumping yet and he truly had no intention of jumping off of a plane!

Gu Weiwei smiled guiltily. "Must we truly attend it?"

"The sponsor of the reality show is the brand Third Master represents, so yes, you must attend the show." Luo Jiaming said.

The sponsor and the program crew invited them of their own accord and the profits and reputation to be brought about were tremendous. That was why he signed without consulting the artists.

But this Third Master turned it down for no reason!

It was a reality show, not a death sentence!

Fu Shiyi took a deep breath and waved to Gu Weiwei.

“We need to talk about it.”

Gu Weiwei and Fu Shiyi walked away from the agents, who looked at each other in confusion.

They were good friends, so it was weird that they did not want to become a rumored couple.

With hands on his hips, Fu Shiyi said straightforwardly, “We must attend the show and you need to tell my brother.”

“He is not going to approve of it, alright?” Gu Weiwei said.

The rumors last time had already led to serious consequences and if they truly went to the reality show as a rumored couple...

“I don’t care, you can use every kind of method to make him agree to it.” Fu Shiyi said.

“I can’t.” Gu Weiwei admitted.

“If you can’t, how will I ever be able to do it?” Fu Shiyi snapped.

“How should I put it? It won’t be possible either!”

Gu Weiwei dare not imagine what Fu Hanzheng would look like, if she told him that his brother was going to attend a reality show as a rumored couple with her.

“You are going to tell him after you have fun in bed! He will approve of everything!” Fu Shiyi said.

Gu Weiwei frowned. “What did you just say?”

Fu Shiyi did not care if she was angry but continued to make the proposal.

“Trust me, the best time for a man to be talked into something, is when he is in bed with a girl!”

Gu Weiwei snorted and walked away with Jolin.

Anyways, she would attend the reality show because she wouldn’t be the one to suffer anything in the end.

After the audition, she and Jolin went over to Shiyi Culture and the moment they came up to the company, Jolin received the call about the audition.

“Weiwei, Huo Xiaoshi of the Eyes of the Eagle is yours.”

Gu Weiwei smiled calmly. She did not find it unexpected.

“Jolin, can you loan me your computer, I need to check up on something.”

Jolin gave her the laptop and went to answer a call.

Gu Weiwei switched on the device and went onto the hidden net where she and her master’s family stayed in touch.

Although she could use the computer in the Jinxiu Compound a special firewall had been set up by the Fu Family and she did not dare to connect with anyone through the computer there. So she had to use Jolin's computer instead.

After she had logged onto the hidden net, she received the answers from the signals she had sent out.

After she decoded the code, she received a phone number and she was required to make a call to that number at 12:12 a.m three days later.

She remembered the number quickly and when Jolin came back to the office, she logged out and removed her history.

As long as she could get in touch with her master's family, she might understand why Gu Siting was looking for them.

Fu Hanzheng did not know that she had already died, so he thought that the Yuan Family knew where she was, thus looking for them too... but Gu Siting knew that she was dead, so what was the reason that he was looking for them?

Chapter 280: Payment

When she returned from the company, she thought hard about how to tell Fu Hanzheng that she was doing the reality show with Fu Shiyi.

After all, even if she did not want to spill it, he would soon know about it and the moment she entered the apartment, Old Lady and Fu Shiqin were also there.

Old Lady was nagging about how Fu Hanzheng mistreated his own brothers.

"They are your brothers! You know what they are afraid of and you still scare them! You are not being like a real brother!"

Fu Shiqin sat next to her, looking pitiful as if he were a brother who had been mistreated.

When Fu Hanzheng heard the sound of the door and looked in that direction, he suddenly turned gentle and became full of joy.

Gu Weiwei went into the living room and asked joyfully.

"Grandma Fu, when did you come home?"

She heard that she went south for a treatment and she had just returned home.

Old Lady reached out for her and asked her to sit down by her side. Then she sized her up through her glasses.

"More chubby and prettier than before."

Fu Hanzheng reminded her, as he saw her sitting for a long time next to his grandma.

"Come sit on my side."

The Old Lady was displeased. "I have not seen Weiwei for months, what is wrong with her sitting next to me?"

Fu Hanzheng said, "She is my girlfriend."

The Old Lady glanced at him with displeasure. "If I had not brought Weiwei home, you would not be with her!"

Fu Hanzheng, "..."

Fu Shiqin was trying so hard to hold in his smile that his shoulders were shakiing.

The Old Lady ignored Fu Hanzheng's cold face and asked Gu Weiwei about her life and work.

Gu Weiwei glanced at Fu Hanzheng and said, "Work is going well. Soon I will be on a reality show with Third Master; you can see the show next month on TV."

Having heard these words, Fu Hanzheng countered instantly.

"You are not allowed to go."

He had just suppressed their gossip and now they were going to do a reality show. Were they trying to prove to the outside world that they were in a relationship?

"That is her job! What rights do you have to stop her from doing that?"

Before Gu Weiwei said anything, the Old Lady had already talked back to Fu Hanzheng.

"They are involved in rumors!" Fu Hanzheng said with a low voice.

"Everyone has gossip in the entertainment industry! You are so narrow-minded!" The Old Lady never spared any effort in countering her grandson.

Fu Shiqin nodded to show his agreement as he was still just sitting around.

They all said that Fu Hanzheng, the President of Fu's Enterprise, was a man who had great foresight, was capable in business, and had a broad mind.

But all of this was just bullsh*t! He was so narrow-minded that he would take revenge on them when they said something bad about him and he would carry out the revenge without any warning! He was also very jealous even if his girlfriend was only just walking next to a man...

Gu Weiwei said to Fu Hanzheng, "It is already signed, we can't say no to the contract."

Fu Hanzheng's face sank. "Only one of you is allowed to go on the show."

The Old Lady countered immediately.

"You and Shiyi can go do the show and if he dares to say anything more, you can move in with me instead."

She had just been away from home for a couple of months and now her two grandsons kept on shedding tears in front of her.

“Grandma!” Fu Hanzheng said with a low voice.

The Old Lady ignored him and said to Gu Weiwei, “I do expect you to become the granddaughter-in-law of our family but you can’t spoil him! You must take revenge on him, since he used to treat you so terribly! You must not let him take advantage of you.”

Gu Weiwei. “...”

The Old Lady said, “You are still too young to think about marriage and children, you can do whatever you want at the moment and if he doesn’t like it, he can’t do anything about it either, okay?”

Gu Weiwei nodded, trying hard to conceal her laughter.

“Okay.”

Within one moment, Fu Hanzheng’s face looked unsightly.

On the other hand Fu Shiqin felt very happy inwardly and looked at his brother with a very pleased expression.

Well, well, well, payment always came.
