

MY HIDDEN 591

Chapter 591: Problems With the Ling Family 2

After getting the answer he wanted, Watson opened the door and walked out.

Ling Yan and Ji Fang, who were waiting outside, asked him when they saw him, "What are the results of your lie detector test? Can we leave now?"

"There were no problems, you can leave now." Watson said.

Ji Fang picked up her things and nodded at him.

"Then I hope you can find the murderer as soon as possible."

If he had stopped suspecting them, he must be going to find Yuan Shuo and the others.

"You shouldn't have wasted your time on us but instead have focused on the Yuan Family instead of letting them go." Ling Yan said.

Watson laughed. "We know what we are doing, please leave."

Ling Yan and her mother, Ji Fang, left the lab and were obviously relieved when they walked out of the door.

Seeing them off, Watson called Matthew.

"Matthew, Miss Ling Yan who has Weiwei's heart and her mother, who was Weiwei's doctor, are both suspicious."

They were afraid that when Miss Ling Yan was sick last week, they were just trying to buy time for countermeasures.

"Any proof?" Matthew asked straightforwardly.

"Not yet, but judging from their reactions and the data from the lie detector test, they are hiding something." Watson said.

After a moment of silence, Matthew asked, "What are the details?"

"We have been monitoring the Ling Family and we have been trying to find out about Miss Weiwei's death. They did not mention anything about it at home. It seems that they have discovered that we are listening in."

"They were also very calm when they were asked all the questions about Miss Weiwei, as if it had nothing to do with them."

Matthew said, after hearing the series of reports from Watson, "Get them to lower their guard and then investigate in secret."

But these doubts did not prove anything.

But at least there was some progress.

“Can’t you force the answer out of them?” Watson asked.

If they were interrogated, the two women would not be able to hold on for long.

“That woman is a public figure, what she does is too eye-catching.” Matthew warned.

Although they used to be an underground organization, they were now businessmen and they could not do such things again.

Even if he was going to do it, he would need to have the evidence and then make the necessary arrangements.

Watson: “But!”

“Watson, what Cayman wants is not suspicious points but the hard evidence to convict the murderer.” Matthew said.

If she was caught and interrogated, who knew if what they would get in the end was the truth or a desperate confession to stop the torture.

“I understand. I will keep an eye out for the Ling Family.”

Instead of arguing, Watson agreed.

He hung up and made another call.

“Remove all the surveillance equipment in the Ling Family home.”

“All?”

“Withdraw all of them, and also the people on watch will be removed for the time being.” Watson said and hung up.

If Ling Yan and her mother were really up to something, after he removed the surveillance, they would definitely be exposed if they let down their guard.

He thought for a while and made a call.

“Send some men to the Anderson Family to track Yuan Shuo’s woman and his whereabouts.”

Although it seemed that the mother and daughter of the Ling Family were suspicious, they could not relax the investigation.

Also, this arrangement would make the Ling Family mother and daughter less vigilant.

When they saw their men investigating Yuan Shuo and that woman, they would think that they had gotten rid of their suspicion.

Chapter 592: Gu Siting’s Heart

On the second day after the lie detector test, Ling Yan found that the wiretap was gone.

Also, the people who had been loitering around their home and the hospital had left.

The mother and daughter were still worried, so they checked the house again. They were relieved when they confirmed that all the listening devices were gone.

Ji Fang sat down on the sofa tiredly. "They have taken away the things and left. They will not suspect us anymore."

She had not slept a wink since these people came to the Ling Family to investigate.

"Even so, we still have to be careful." Ling Yan said.

When they were doing the lie detector test the day before, they had asked if they had hoped that Gu Weiwei's heart would be transplanted to her after she died, so they must have seriously suspected them.

But they had removed everything today, so clearly it meant they did not suspect them anymore after the lie test, right?

"Yes, we must be careful." Ji Fang sighed as she massaged her temples.

Those men were all fierce-looking and she felt frightened just by looking at them.

"Mom, no one else knows about the medicine, right?" Ling Yan asked worriedly.

Ji Fang sighed and said, "Didn't the nurse who gave you the medicine die too?"

Only the mother and the daughter knew about it.

As long as they kept it a secret, no one else would know about it.

Ling Yan nodded and relaxed a little.

"If there is nothing else, I will go back to the set tomorrow and continue with the filming. The movie is going to premiere at the film festival, so the available filming time is very tight."

"Don't just focus on work, contact Gu Siting and get married as soon as possible." Ji Fang reminded her.

Recently, their relationship had turned cold and if this continued, the future marriage would be ruined.

"Because Mu Weiwei, who came to the Gu Family before, acted too much like Gu Weiwei. Now, he is paying attention to that woman as if he is possessed."

Ling Yan had just found out that Gu Siting did not go to Australia for work but for Mu Weiwei.

When she called him the other day, he said that he had no time to spend with her.

But yet he had time to follow Mu Weiwei through the uninhabited area of Australia.

Hearing the name Gu Weiwei, Ji Fang felt a headache coming on.

"Even if she looks like her, she is not Weiwei. Also, she is Fu Hanzheng's girlfriend, so you better take care of your own relationship with Gu Siting."

"I know, I asked him last time, but the Gu's Enterprise is too busy to think about the marriage." Ling Yan sighed with a heavy heart.

She felt that he was only treating her well because of Gu Weiwei's heart.

There was even one time when she went to the study to look for him when he was asleep, and heard him calling out her name.

Ji Fang thought about how Gu Siting did not have the time to consider the marriage, especially because the Gu Family's Enterprise and the Dorrans Family had stopped their collaboration.

"Even if Gu Siting is not coming home at the moment, you can find some time to visit Mrs. Gu and Mr. Gu at the Gu Family. If Gu Siting does not mention this matter, his family will do something about it."

"Mom, you know that Mrs. Gu has never liked me." Ling Yan complained.

Ling Yan thought that whenever Mrs. Gu saw her, she would remember Gu Weiwei who was already dead. So even if she went to the Gu Family, she would not be welcomed.

Gu Weiwei, Gu Weiwei...

Everyone revolved around her and even though she had been dead for a year, she was still affecting everything surrounding her.

Chapter 593: How to Tell Fu Hanzheng Her Secret

After returning from Australia, Gu Weiwei had planned to take a day off, so she went to the company for a meeting to get the movie started.

But she ended up getting sick instead.

Fu Hanzheng was worried about her being alone at home, so he went to the company for a meeting when she was still resting.

Then he would go back and finish the other work at home.

Since he had been competing with the Gu Family for a large government project in Europe, he spent most of his time talking with the foreign branch staff.

So he did not even have time to hear about the progress of Dorrans's investigation.

"Just tell me." Gu Weiwei said to Lei Meng.

He asked them to investigate because she was concerned about this matter.

Fu Hanzheng glanced at her and nodded at Lei Meng.

Lei Meng and Gu Weiwei left the study and went downstairs to talk in the living room, so as not to disturb Fu Hanzheng.

"Any progress?"

If there was no progress, Lei Meng would not have come here.

Lei Meng said, "There is some progress. The Dorrans Family seemed to suspect the Ling Family and have been keeping an eye on them. But they have withdrawn their men and turned to Yuan Meng now."

Gu Weiwei frowned. "They are not investigating the Ling Family anymore?"

"After the Ling Family went for the lie detector test, no one has kept an eye on the Ling Family anymore." Lei Meng said.

"They failed to find anything?" Gu Weiwei was not convinced.

Even if they did not find anything important, they would still find something suspicious.

"Well, the ones who participated in the lie detector test are a few trusted aides of the Dorrans Family. We have yet to find out what they have discovered." Lei Meng said straightforwardly.

But judging from their actions towards the Ling Family, they seemed to have removed their suspicion towards them.

Gu Weiwei sighed as she massaged her eyebrows. She had thought that the Dorrans Family would find something.

Unexpectedly, they found nothing and had removed their suspicions of the Ling Family.

"Then... should we continue to observe?" Lei Meng asked.

If Gu Weiwei was found to have died because of the Ling Family and the Gu Family, the Fu Family would benefit.

But her concern for this matter was a bit... unusual.

"Keep watching." Gu Weiwei said.

"If there is nothing else, I will leave now." Lei Meng said.

"Okay." Gu Weiwei answered distractedly.

Dorrans' men no longer suspected Ling Yan. Was she really going to have to reveal to them that Ling Yan and her mother had murdered her?

However, when it came to Fu Hanzheng, even though Yuan Meng had taught her so much, she still did not have the courage.

Fu Hanzheng ended the call and went downstairs to find her sitting on the sofa, deep in thought. She did not even notice him coming down.

"Did Lei Meng bring bad news?"

Gu Weiwei came back to herself and sighed.

"The Dorrans Family gave up on investigating the Ling Family and the Gu Family and went to find Yuan Meng and Yuan Shuo instead."

"After the lie detector test?" Fu Hanzheng sat down and asked.

Gu Weiwei said, "After Ling Yan and her mother went for the lie detector test, the Dorrans Family removed the surveillance on the Ling Family and started to investigate Yuan Meng."

Fu Hanzheng thought for a few seconds and said, "It is to distract the Ling Family."

Gu Weiwei said, "But..."

With one arm over her shoulders, Fu Hanzheng analyzed the situation for her.

"The Dorrans Family would not completely remove their suspicions about the Ling Family just because of a lie detector test. Maybe they did find something suspicious and want them to lower their guard."

Gu Weiwei nodded, thinking that his analysis was reasonable.

But now, she was worried that Ling Yan and her mother were not unaware of what those from the Dorrans Family were intending.

But how was she going to tell Fu Hanzheng that she was Gu Weiwei?

Chapter 594: Baby

Fu Hanzheng sized up her thoughtful expression and looked thoughtful himself.

The Dorrans Family was investigating Gu Weiwei's death, but she truly had paid a great deal of attention to this matter.

Although it was because Cayman was trying to get rid of Yuan Shuo and his men, he still felt that there was a reason behind it.

She must have known Gu Weiwei, but when he asked her, she had denied it?

Was it because of the grudge between the Fu Family and the Gu Family that she did not want to admit that she knew them?

Gu Weiwei came back to herself and saw him looking at her.

"What are you looking at me for?"

"What were you thinking about when I was looking at you?" Fu Hanzheng honestly asked.

Gu Weiwei smiled brightly. "I was thinking about you."

Fu Hanzheng laughed. "I am going back into the study, do you want to go with me or take a rest in the bedroom?"

"Let's go to the study, I still need to edit this scene." Gu Weiwei said.

With one arm around her, Fu Hanzheng led her upstairs.

He continued to work whilst she sat opposite him and revised the storyboard.

But as she was painting, she looked up at the man who was busy with his work.

"What do you want to say?" Fu Hanzheng threw a look at her and asked as he leafed through the files.

Gu Weiwei thought for a while and asked, "Uncle Fu, can we... have a baby?"

Fu Hanzheng stopped writing and looked up at her.

“Didn’t we agree not to think about it for now?”

“You said it, not me.” Gu Weiwei snorted.

Yuan Meng’s idea was bad, but if she told them that she was Gu Weiwei, the children would be able to keep the elders of the Fu Family in check.

They accepted her mostly because Fu Hanzheng insisted on marrying her. If they knew that her surname was Gu, they would definitely object to their relationship.

And if they had a child, they might not object too much for the sake of the child.

Fu Hanzheng put down his work. “Are you tired of being with me?”

“No, I am just...”

Gu Weiwei pursed her lips – she didn’t know how to explain to him why she wanted a child.

“No? So why did you want to create a third party?” Fu Hanzheng asked.

“Third party?”

Gu Weiwei raised her eyebrows – so their child was the third party who would ruin their relationship?

“I am not ready to share you with anyone, not even a child.”

Gu Weiwei was speechless.

Wasn’t it normal for people to get married and have children?

Why was he acting so weird?

“Let’s not think about it for now.” Fu Hanzheng left no room for negotiation.

“I want a child because I love you, not because I want a child.” Gu Weiwei felt helpless.

What was she supposed to say when he said that she would lose his favor if she had a child?

Fu Hanzheng frowned and asked, “What does it matter if you love me or the child? It is enough if you love me, but yet you have to give birth to a child so that you can show you love spending time with me?”

Gu Weiwei was totally defeated by his amazing logic. “How much do you hate children?”

“No, I don’t hate children, I just haven’t had enough time with you. I don’t want a third person to be involved.” Fu Hanzheng said.

Yuan Bao belonged to someone else after all, so he could be sent away.

If it was his own child, he would not be able to send them off.

Chapter 595: Pregnancy

Since she could not convince Fu Hanzheng, Gu Weiwei did not want to talk with him anymore.

No matter what, she had to get pregnant first.

She did not believe that he would dare to ask her to get an abortion if she was really pregnant.

However, the plan could not be carried out until the filming of the new movie was completed. Otherwise, if she got pregnant in the middle of filming, she would not be able to make any more movies.

After resting at home for two days, she went to the company for a meeting to confirm the styling and design of the actors as well as the preparations for the filming.

Fu Shiyi had also freed up his schedule and joined in on the preparations for the new movie.

When everything was ready, Gu Weiwei, Fu Shiyi and a few other actors, who had free time, went to the set for the photoshoot.

They went there ahead of time and met the model who was still using the studio, shooting some commercials.

Fu Shiyi glanced at them and his eyes lit up.

The model who was in the middle of shooting the commercial was Ding Dongdong, the blind date he had not been able to meet for a long time.

He had asked her out so many times but failed and she had blocked him.

God must have favoured him today.

“Third Master?”

“Third Master?!”

...

Gu Weiwei and the others called out to him a few times, only to find that the man was staring at the model who was doing the commercials, totally ignoring their words.

Gu Weiwei approached him and looked at the man turned mannequin.

“Third Master, are you... interested in her?”

“Like her?” Fu Shiyi came back to himself and snorted. “I want revenge.”

Gu Weiwei glanced at him and then at the commercial model.

“What did she do to you? Why revenge?”

“She...”

Fu Shiyi was about to say something when he saw that Ding Dongdong had finished the filming and was walking towards them.

“Hi, Miss Ding Dongdong, we meet again.”

Ding Dongdong sized him up in surprise and asked with a confused expression, “You are...”

“I...”

Fu Shiyi was so annoyed that his heart ached. What did she mean by this? She had totally forgotten who he was!

Did she not remember him?

Hearing him calling her Ding Dongdong, Gu Weiwei thought of the conversation in the group chat.

So this was the Ding Dongdong who was from Fu Shiyi's failed blind date.

Fu Shiyi calmed himself down and introduced himself again.

"I am Fu Shiyi, we met on the day of your competition."

Ding Dongdong suddenly realized who he was.

Then she looked at Gu Weiwei and said with a smile, "Hello, Mu Weiwei, I really liked your role in Eyes of the Eagle."

Gu Weiwei shook her hand. "Hello."

Fu Shiyi turned around and gritted his teeth.

She had never met sister-in-law before and yet she could recognize her as Mu Weiwei; however, she could not remember him being her blind date. It was so annoying!

Ding Dongdong asked, when she saw their outfits, "Are you going to do the photoshoot for the new movie?"

"Yes." Gu Weiwei nodded with a smile and turned around to tell the photographer what to do.

Fu Shiyi stopped Ding Dongdong as she was about to leave and ignored Weiwei.

"Since we are fated to meet, let's have coffee later?"

Ding Dongdong looked at him and then at Gu Weiwei, who was talking with the photographer.

"Mu Weiwei too?"

Fu Shiyi said, "Of course."

"Okay, I will remove my makeup and get changed." Ding Dongdong agreed to his invitation.

Seeing her leaving, Fu Shiyi suddenly remembered.

His brother seemed to have said that he would pick Mu Weiwei up later.

Then how was he going to ask her to be his wing-woman?

Chapter 596: Can You Lend Me Sister-in-law for Half an Hour?

Ding Dongdong removed her makeup and got changed, then came over to watch the photoshoot.

Gu Weiwei started the photoshoot and finished arranging the set within a few minutes.

After taking a look at the test pictures, she asked the others to start the photoshoot, while she stood aside to guide the actors.

Everyone was doing well, except for Fu Shiyi.

He was playing the role of a mental patient, but the man standing in front of the camera was showing off his handsomeness, sometimes sunny, sometimes cold and sometimes flirtatious...

The young female makeup artists and photographers in the studio screamed in excitement.

Fu Shiyi smiled in satisfaction. See, he was quite charming.

Gu Weiwei felt her forehead. "We are doing promotional pictures, not fashion pictures, can you be more professional?"

Ding Dongdong was drinking water and was thankful that the cup stopped her from laughing out loud.

Fu Shiyi became serious when he heard her words. He withdrew into himself and looked very depressed.

Gu Weiwei said, "Have you even prepared for your role? A mental asylum patient, not someone who is depressed!"

This man was not taking the shoot seriously at all. He had been stealing glances at Ding Dongdong and was just trying to flirt with her.

Hearing the words, Fu Shiyi switched to another mode.

But Gu Weiwei still complained.

"You are a mental patient, not a sociopath!"

"I..."

Fu Shiyi could tell that she was a bit annoyed, so he started to get into the mood.

Gu Weiwei's face softened, but she was still not satisfied.

"Be more confused, your hands are like this."

Then she showed him what to do.

The photographer finally got a picture that he was satisfied with. "Turn around and face me sideways. Turn your head a little bit more, yes!"

Ding Dongdong sized up Gu Weiwei. Fu Shiyi seemed to be very obedient towards her.

Also, they were the most popular rumoured couple of Hua Land.

This girl was so pretty and she was from his company. What was their relationship status?

If they were a couple, what was he doing trying to flirt with her?

As Ding Dongdong was thinking about these questions, Fu Shiyi finally finished the shoot and came over.

"You are also doing commercials, so are you interested in signing with Shiyi Culture?"

“Not interested.” Ding Dongdong straightforwardly turned him down.

Fu Shiyi put his hands on his hips angrily. “Ding Dongdong, have I offended you?”

“No.” Ding Dongdong said.

“No? So when you see me, why do you act like I owe you money?” Fu Shiyi asked.

When Fu Shiqin and He Chi asked her out, she agreed and drank coffee with them but turned him down, how was he worse than those two?

Because of this, Second Brother and He Chi had been showing off in front of him.

“Aren’t we going to go have coffee with Mu Weiwei? When are we leaving?” Ding Dongdong asked.

Fu Shiyi threw a look at Gu Weiwei, who was still checking over the pictures with the photographer. “She seems to be very busy, what about... just us two?”

Ding Dongdong sized him up. “If it’s just with you, then forget it. I am not going.”

“I...” Fu Shiyi felt deeply defeated again. He gritted his teeth and said, “Okay, we will wait for her.”

Ding Dongdong threw a look at Gu Weiwei’s back. “You seem to really listen to her?”

“Of course I have to listen to her.”

She was his sister-in-law and his brother was backing her. How would he dare to disobey her?

Fu Shiyi checked the time and texted his brother.

[Brother, can you lend me sister-in-law for half an hour?]

Fu Hanzheng replied instantly: [No.]

Chapter 597: The Emperor

“You’re in a relationship with her?” Ding Dongdong frowned and asked.

What was their relationship?

They looked very close but they did not seem to be a couple.

“Of course not.” Fu Shiyi smiled mysteriously.

This woman said that she was not interested in him but she was actually concerned about Mu Weiwei.

She was probably lying.

The smile on Ding Dongdong’s face stiffened for two seconds and she did not ask anything more.

Gu Weiwei finished checking the pictures and said goodbye to the others.

Fu Shiyi was turned down by his brother, so he had to directly ask her.

“Sister-in-law, let’s talk.”

Gu Weiwei took a few steps away from him and whispered, "Hurry up, your brother is here to pick me up."

"Come drink coffee with me and Ding Dongdong, just half an hour will do." Fu Shiyi said with a flattering smile.

If she did not go and Ding Dongdong did not go, he would have failed again.

Gu Weiwei asked, "Why are you asking me to go for coffee with her?"

"Please, she won't come with just me." Fu Shiyi begged pitifully.

Gu Weiwei looked at his persevering face in disbelief. This was not revenge but a pursuit.

But this Ding Dongdong was weird too.

She had been observing both her and Fu Shiyi, trying to guess what their relationship was.

But why did she show no interest in Fu Shiyi?

"Your brother is waiting for me."

"Just half an hour." Fu Shiyi said and looked helpless. "I have been turned down eighteen times, won't you take pity on me?"

Gu Weiwei thought for a while. "Where is the cafe?"

"On the second floor." Fu Shiyi was overjoyed.

Gu Weiwei said, "I am going to tell your brother and then I will be there soon."

"Then tell her, or she won't believe me." Fu Shiyi pointed at Ding Dongdong.

Gu Weiwei sighed helplessly and told Ding Dongdong that she needed to go out for a while and that she would meet them at the cafe.

Only then did Ding Dongdong go downstairs with Fu Shiyi and head to the cafe.

Gu Weiwei packed up her things, went downstairs to the parking lot and got into Fu Hanzheng's car.

"Fu Shiyi asked me to help him flirt with a girl."

"Don't worry about him." Fu Hanzheng said and was about to drive her away.

"It is his blind date, I will be back in twenty minutes." Gu Weiwei said.

Fu Shiyi has been doing well these days. She was busy with work abroad and when she was sick, she stayed at home to rest. He had completed many preparations for the movie alone.

Fu Hanzheng thought for a few seconds. "Only twenty minutes."

Gu Weiwei had not expected that he would agree so quickly. She said with a frown, "Fu Shiyi's blind date is weird."

"Just an old acquaintance, he has not recognized her." Fu Hanzheng said.

Gu Weiwei said, "So this blind date was set up by you?"

Fu Shiyi went on a blind date with his old friend who he hadn't recognized... he was obviously trying to set his brother up.

Also, that man had obviously jumped into the trap by himself.

"In his own words, you have to pay for what you have done." Fu Hanzheng smiled mysteriously.

"..." Gu Weiwei was speechless.

The three brothers were truly enjoying each other's company.

However, they were on different levels.

The two brothers were Bronze-rank but this elder brother... was an Emperor-rank.

Chapter 598: Fun

With Fu Hanzheng's permission, Gu Weiwei went upstairs to meet Fu Shiyi and Ding Dongdong at the cafe.

When she thought of what she had just found out, she could not help but look at Fu Shiyi, who had been tricked by his brother, but had no idea about it.

Ding Dongdong had turned him down time and time again, which made him feel so humiliated. It was obvious that they had some unfinished business.

"When is your new movie starting?" Ding Dongdong curiously asked.

Of course she was actually concerned about his whereabouts.

She also knew that he and Mu Weiwei had many fans but no one knew about their real relationship.

They were often seen together but they did not behave like a couple.

"Early next month." Gu Weiwei said.

Ding Dongdong sized them up and felt a bit depressed.

Gu Weiwei threw a look at Fu Shiyi – did he say something that would cause a misunderstanding?

Twenty minutes later, Fu Hanzheng texted her.

"Sorry, I need to go home now." She said and threw a look at Fu Shiyi. "Are you coming home with me?"

"You can go back first, I will drive myself home." Fu Shiyi said.

Ding Dongdong looked at them in astonishment. "You two... live together?"

Gu Weiwei chuckled. She was totally misunderstanding their relationship.

"We are living together, but I am living with my boyfriend, not him."

Having said those words, she grabbed her things and left to find Fu Hanzheng.

Ding Dongdong was startled for a moment. She was living with Fu Shiyi but also with her boyfriend.

Could it be Fu Shiqin or... Fu Hanzheng?

It must be Fu Hanzheng, because Fu Shiyi always listened to her and Fu Shiyi was afraid of Fu Hanzheng, not Fu Shiqin.

Now that she understood, she felt relieved.

Seeing that only the two of them were left, Fu Shiyi took the opportunity to ask her out.

"Aren't you an expert racing driver? How about we have a competition?"

"Are you sure?" Ding Dongdong asked.

"If I win, you have to go out with me. If you win, you won't have to go out with me." Fu Shiyi smiled sinisterly.

Ding Dongdong nodded straightforwardly. "Sure, when?"

"Now." Fu Shiyi said.

Ding Dongdong quickly responded. "Sure."

They left the cafe and went to Jinxiu Compound. They picked out two of Fu Shiyi's precious sports cars and drove to a suitable place for the competition.

At the same time, Gu Weiwei got into the car and could not help but ask Fu Hanzheng what was going on with Ding Dongdong.

Fu Hanzheng would not hide anything from her.

"Fu Shiyi lost a bet with his classmates in high school and they asked him to be the boyfriend of the fattest girl in school for three months. If he really dates her, they will be separated in three months."

Gu Weiwei said, "Ding Dongdong is here for revenge."

"Something like that, so... he will suffer." Fu Hanzheng said.

"But don't you feel guilty for setting your brother up?" Gu Weiwei asked.

Fu Hanzheng said, "He asked for it!"

Ding Dongdong had been paying attention to Fu Shiyi's news during the time he was abroad.

Now that Fu Shiyi was back this year, he had asked his grandma to reveal news about him.

Ding Dongdong used to be so ordinary that Fu Shiyi could not remember what she looked like. But now, Ding Dongdong was exactly the type he liked... so he would definitely fall into this trap.

"I feel sorry for your brother." Gu Weiwei said.

"Sympathizing with him?" Fu Hanzheng looked at her with a faint smile. "Isn't being on their team fun?"

Gu Weiwei was speechless.

Chapter 599: Funny 2

For a moment, the car was unusually quiet.

Startled, Gu Weiwei took a long time to recover.

Luckily, she did not cause trouble with them.

“Well... I did not join them voluntarily and I have done nothing wrong to you, you know that.”

“I know.” Fu Hanzheng chuckled.

He knew exactly when they had urged her to join them and what they were trying to do.

But she did not listen to them.

Although Gu Weiwei did not do anything, she still felt a bit nervous.

“When... did you know?”

Fu Hanzheng said, “When they talked about it together for the first time.”

The two of them, together with He Chi, had been thinking of ways to deal with him but they had never succeeded.

Gu Weiwei felt sorry for the three men, they had thought that they had done it discreetly, but Fu Hanzheng knew everything.

He knew exactly what they had done and what they were up to.

What was the point of beating them down? They should just beat themselves up first.

“They seem to want us to have children these days, haven’t you been listening to them?” Fu Hanzheng asked.

Gu Weiwei shook her head. This old fox was too scary.

“Of course not, I just...”

She just wanted one more guarantee that she could stay by his side when the truth came out.

“Good.” Fu Hanzheng chuckled.

Since they had done all that, it was not wrong for him to set them up with blind dates and use them as a shield.

They had just reached home, when Fu Hanzheng’s phone rang.

He glanced at it and said, “I need to answer a call in the study.”

“Okay, don’t forget to come down for dinner.” Sitting on the sofa, Gu Weiwei dug out the script she had brought back, from her bag.

Apart from her own scenes, the other actors’ scenes had detailed notes, so that when the filming started, she could help them get into the role as quickly as possible.

Fu Hanzheng went upstairs, closed the door and returned the call.

It was Lei Meng who answered the call.

“Boss, I have found out what you wanted me to.”

Fu Hanzheng said, “Speak.”

“We have checked everything on Mu Weiwei since she was born and found the old servant of the Mu Family from when Mr. Mu was still alive.”

“I didn’t find anything between the Mu Family and the Gu Family. The old servant said that he doesn’t remember anyone from the Yuan Family saving Mu Weiwei.”

...

“Nothing?” Fu Hanzheng asked.

She was so concerned about Gu Weiwei’s death and the people next to Gu Weiwei, it seemed that she knew her.

He had checked out the Mu Family before, but he had not done a thorough investigation.

He thought that he had missed something, so he asked them to check again.

“According to the current investigation, no one from the Mu Family has had any contact with the Gu Family or the Yuan Family.” Lei Meng said.

Why did he suddenly want to find out if Miss. Mu had any contact with the Gu Family? Could it be that Miss. Mu was sent by the Gu Family to Boss?

Fu Hanzheng became silent with a serious look on his face. How on earth did she know them, when after investigating they had failed to find anything?

Or was it because she had lied to him about knowing Yuan Shuo?

But even if she knew Yuan Shuo and Gu Weiwei...

So what if she told him?

He believed in her feelings for him and he had long believed that she was someone he must marry in this life.

It’s just she could not tell him the secret.

Chapter 600: Damn He Chi

“Of course, we only asked some people from the Mu Family when investigating and so the results are not very accurate.”

Hearing Fu Hanzheng’s silence, Lei Meng explained.

After all, the information was from someone else, so it might not be completely accurate.

The servants would not know everything about the Mu Family.

“Have the Mu Family ever been to A Land?”

“Mu Weiwei did visit her mother a few times but Gu Weiwei was in Europe at that time, so it was not possible for them to meet.” Lei Meng said.

“Have you compared their lives?” Fu Hanzheng asked.

Lei Meng said, “We have checked. Although they occasionally appear in the same country, they are always in different cities.”

Fu Hanzheng sighed. She and Yuan Shuo were familiar with each other.

Since she knew Yuan Shuo, she must have known Gu Weiwei too.

Otherwise she would not have cared so much about Gu Weiwei’s death.

But he could not find anything between them.

And she was not willing to tell him the truth. She had even tried to conceal her relationship with Yuan Shuo and the others.

If she had not fallen into Gu Siting’s hands and Yuan Shuo and his men had not rescued her, he would not have found out about their relationship until quite some time later.

“Actually, Boss, Miss. Mu and Yuan Shuo know best what you want to know. Why not... ask them?” Lei Meng suggested.

They knew very well that they had failed to find what he wanted.

“No more questions, check carefully again, don’t miss anything.” Fu Hanzheng stressed.

There must be something about her that they had not found yet.

“Yes.” Lei Meng agreed. Then he thought of something and asked, “Also, the chairman asked us about the investigation.”

Fu Hanzheng’s face sank. “Don’t tell anyone about this at the old mansion.”

If she was discovered to have a deeper relationship with the Gu Family, his father and the Old Lady would have many assumptions about her.

After all, the blood feud between the Fu Family and the Gu Family was something that his parents and grandma were deeply affected by.

So when it came to the Gu Family, they were much more sensitive than him and his two brothers.

“Yes.” Lei Meng answered seriously.

Fu Hanzheng had just ended the call when someone knocked on the door of the study.

Gu Weiwei opened the door and called out.

“Dinner is ready.”

Fu Hanzheng smiled and took hold of her shoulders as they went downstairs for dinner.

They had just sat down in the dining room when Gu Weiwei received Fu Shiyi's message.

It was a picture of him and Ding Dongdong, followed by one sentence.

[We are on a date.]

Another message came through.

[We have a date the day after tomorrow!]

...

After sending these two messages, he even sent a bunch of emojis.

Fu Shiqin sent a disdainful emoji: [It has been so long since we last met, you are amazing!]

He Chi: [What about meeting Dongdong the day after tomorrow?]

Fu Shiqin: [That is a great idea, I am free the day after tomorrow.]

Fu Shiyi: [If you dare to steal my girl, I will kill you!]

Fu Shiqin: [That girl is not your girlfriend, so what if we become friends with her?]

He Chi: [If we are not allowed to go, we will send your dark history to Ding Dongdong.]

Fu Shiyi: [Damn you, He Chi, damn you!]

He Chi: [Go ahead!]

...

Gu Weiwei left the group chat and put down her phone.

Fu Hanzheng knew about their Defeat Fu Hanzheng Team.

All of them were still in the group, making fun of each other.

She did not dare to imagine what would happen if they pissed off Fu Hanzheng one day.
