

MY HIDDEN 601

Chapter 601: The Team

The people who had been criticizing each other in the group were dumbfounded when they saw her leaving the group.

Fu Shiyi thought that her hand had slipped, so he tried to invite her back in a few more times but she did not respond.

Fu Shiqin and He Chi did the same.

Fu Shiyi: [It is all your fault, you made my sister-in-law quit the group!]

Fu Shiqin: [I feel that our sister-in-law is abandoning us and joining the enemy's camp.]

He Chi: [She has been in the enemy camp since the beginning, alright?]

They had forced her into the team but apart from showing off her romantic love life to them, had she done anything to bring down Fu Hanzheng?

No!

No!

Startled for a few seconds, Fu Shiyi and Fu Shiqin replied at the same time.

[That seems to be the case.]

Although Mu Weiwei had joined the team, she did not knock down their brother but threw herself into his arms instead.

And she was always showing off her love to them.

He Chi: [Why do I have a bad feeling about her leaving the group?]

Fu Shiqin: [What do you mean?]

He Chi: [Will she betray us because she quit the group?]

Although she did not contribute to the cause of defeating Fu Hanzheng, she did not betray them either.

But now, she had abandoned them and left the group.

Was she trying to betray their team to Fu Hanzheng?

Fu Shiyi: [No way, our sister-in-law is not that kind of person!]

He Chi: [Just in case, your brother will skin us alive if he knows about the existence of the team!]

Fu Shiqin: [If she dares to betray us, then...]

He Chi: [So what? As if you can do anything to her?]

Fu Shiqin: [I will cry in front of her!]

He Chi: [Very capable.]

As they were talking, Fu Shiyi called her.

Gu Weiwei glanced at the phone and turned it off.

It was obvious that he was asking her why she left the group.

Fu Shiyi could not get through to her on the phone, so he felt that something was wrong and said in the group.

[Sister-in-law is not answering the phone, it seems that something is not right?]

Fu Shiqin: [Should we pack up and run away?]

Ahhhhh, why did he join this team?

He Chi: [Why are you running away? He can catch you wherever you go.]

Fu Shiyi: [Maybe it is not that bad, our sister-in-law is not that kind of person, she would not betray us.]

They had been so obedient these past few days. They had neither provoked her nor his brother, so there was no reason for his sister-in-law to betray their team for no reason.

He Chi: [What about disbanding.]

Fu Shiyi: [No, you can't leave the team!]

He Chi: [We have done nothing ever since the team was established, so why must I stay?]

Fu Shiqin: [We are in the same boat, no one can run away.]

Once they were disbanded, He Chi would definitely betray them.

He and Fu Shiyi were always the ones who came up with ideas to set up his brother.

Due to Gu Weiwei's withdrawal from the group, the three of them were so nervous that they did not sleep for the entire night. The following day, Fu Shiyi arrived at the company early in the morning for the meeting.

He locked the meeting room before anyone else entered.

"Sister-in-law, what do you mean by leaving the group?"

"I just wanted to quit, what is the problem?" Gu Weiwei said calmly.

Fu Shiyi lowered his voice. "So are you going to betray us?"

"..."

Gu Weiwei's lips twitched – did she really need to betray him?

Seeing her staying silent, Fu Shiyi became very anxious.

“What did you tell my brother?”

“Nothing.” Gu Weiwei said.

She did not say anything, because Fu Hanzheng knew everything.

But she was not going to tell him that his brother already knew about the team.

Chapter 602: The Team 2

Fu Shiyi repeatedly confirmed with her that she had not revealed the existence of the team to his brother.

Then finally, when he felt reassured, he told the others.

“Sister-in-law, I will bring you back.”

“No, I am never going back.”

Gu Weiwei immediately turned him down. She did not want to be with a part of their team anymore.

“Sister-in-law, are you abandoning us?” Fu Shiyi felt wronged.

“Yes.” Gu Weiwei was too lazy to explain.

“Why? Why?”

“Didn’t you all discuss things behind my back?” Gu Weiwei snorted.

They did not say it directly in the group, so they must have opened another three-person group.

“No, we have not discussed anything.” Fu Shiyi denied on the spot.

Gu Weiwei sat down and asked, instead of continuing with the current topic,

“Your brother hates children now, can you change his mind?”

“It’s easy, if you give birth to a baby, he will not hate them anymore.” Fu Shiyi suggested with a sinister smile.

So what if he hated them?

Gu Weiwei squinted at him. “No way!”

Fu Shiyi rolled his eyes.

“Sister-in-law, do you want to have children?”

Gu Weiwei nodded. “Yes, but your brother doesn’t approve of it.”

Also, he had been very cautious in bed ever since she mentioned that she wanted to have a child.

“However I don’t care if he agrees or not, I need to get pregnant first.”

Fu Shiyi was so excited when he heard that she wanted to have a child.

Their little devil plan was going to be implemented soon.

“He is not cooperating, so I haven’t gotten pregnant.” Gu Weiwei snorted.

“Well...” Fu Shiyi touched his chin and said, “How about you tie up all of my brother’s condoms?”

They had been planning to do it but they were too scared to do it.

Because if they did, their brother would kill them.

But if his sister-in-law was the culprit, what could his brother do?

Why was their sister-in-law so cute? They had been hoping that she and his brother would have a child, and now she was planning to get pregnant.

Gu Weiwei was speechless.

Fu Shiyi tried to persuade her excitedly. “Also, you can change places every now and then, you don’t necessarily have to be in bed. You can even use the bathroom or the study... in the car is good too, if my brother...”

“Forget it, just shut up and pretend that I didn’t ask .” Gu Weiwei interrupted him.

Fu Hanzheng had been very vigilant against her these days, so the pregnancy plan was not going to be implemented anytime soon.

“No, of course we have to talk about something so important.” Fu Shiyi said as he texted the other two, asking them to come up with a plan.

They had been hoping that the little devil’s plan could be carried out but they had not been given a chance. Now, a rare opportunity has come their way.

Soon, Fu Shiqin and He Chi sent texts.

Fu Shiqin: [Don’t worry, sister-in-law, I will ask our mother to deliver more soup for our brother.]

He Chi: [Sister-in-law, please do a prenatal checkup, I will ask the gynecologist...]

“...” Gu Weiwei gritted her teeth and blocked them.

“Don’t block us sister-in-law, let’s unite. You will definitely get pregnant.” Fu Shiyi said.

Gu Weiwei threw a look at Fu Shiyi who had come up with all kinds of stupid ideas. If she was pregnant with his brother’s child, what was the point of being united with them?

Chapter 603: Action!

She was busy with the filming of the movie, but the three members of the Destroy Fu Hanzheng team were very eager to get her pregnant.

Fu Shiqin was very efficient and Mrs. Fu came to Landscape Villa that night to deliver the soup.

Finally, when the movie was about to start, she left the capital with the crew and found some peace and quiet.

The opening ceremony of the new movie, Sleepless, started without even inviting the media.

Sleepless was a horror movie about a female author, Shu Ya, who had received a liver and kidney transplant because of a car accident.

After the operation was successful, Shu Ya started to have strange dreams of a girl called Ye.

At first, it was just dreams, but then later on, she started to have hallucinations and ended up in places that she had never visited before.

One day, Shu Ya met the girl called Ye.

Ye was a famous singer and Shu Ya had become good friends with Ye because she had been trapped in dreams and illusions.

However, when she told Ye about her dreams and illusions, she would always run into danger.

Sometimes it was a fire at the apartment or a car accident, sometimes there were even falling objects.

It was not until her good friend Lin Mo realised there was something suspicious that the two of them slowly investigated and found out that everything that happened to her, was related to Ye.

They found out one thing after another. Ye had also undergone an organ transplant just like her and she had received a new heart.

Also Ye was not the real Ye. She was Ye Xiaojing.

The real Ye was her twin sister.

The real Ye Zi was sunny, healthy and talented as a singer. She joined the singing competition and made her debut.

But Ye Xiaojing, who had been suffering from a disease, finally could not suppress her jealousy one day. She plotted to kill Ye and transplanted her heart after Ye had died.

Ye's other organs were donated and Shu Ya received her liver and kidney.

Shu Ya and Lin Mo decided to call the police but Shu Ya fainted at that exact moment.

When she woke up, she found herself in a mental hospital.

And her good friend Lin Mo had become her doctor.

Lin Mo told her that she was not Shu Ya.

And it was not Ye, but Ye Xiaojing who was killed.

And she was Ye who killed Ye Xiaojing.

She could not face the fact that she had killed someone, so she thought that she was the innocent Shu Ya and that Ye Zi and Ye Xiaojing were people and things that had nothing to do with her.

Cut!

Action!

In the first scene, Gu Weiwei played Shu Ya where she was having a hallucination after the operation.

In order to set a good example, she finished the first scene in one take.

After she finished the shoot, she checked the monitor and confirmed the content to Song Yu who played Lin Mo.

“Best Actor Song, it is your turn next.”

“You have put me under a lot of pressure.” Song Yu laughed as he asked the makeup artist to touch up his makeup.

Actually, he had been very nervous when he agreed to sign the contract.

Mu Weiwei was too young, although he knew that she was a very good actress after working with her on the Eyes of the Eagle, acting was different from being a director.

A director might not be able to act, but they could definitely direct the film. An actor however doing the director’s job? Not many were successful.

It was not until he came to the set that he realized that his worries were unnecessary. Compared to being an actress, Mu Weiwei was more suitable to be a director.

Chapter 604: Sister-in-law

Fu Shiyi had thought that his sister-in-law was going to make a movie because she was tired of acting and no longer found it challenging.

Therefore, she suddenly thought of becoming a director.

However, when the camera was turned on, he was so convinced that he almost knelt down.

She gave a very detailed account of everyone’s work and directed the scenes as she controlled the entire set.

Neither in the Long Wind nor in the Eyes of the Eagle was she showing her full strength.

But now that she was the director, she was truly free to do whatever she wanted. He watched her direct and act out her scene with Song Yu; he was so scared by what he saw that he was shivering.

How could his sister-in-law be so powerful?

She was only 19, not even 20 years old. Why was she so talented?

Like him, Qiu Ling, the new actress who was supposed to play Ye, was also shivering in fear.

After watching several scenes of Mu Weiwei and Song Yu, she was so stressed that she hid herself away and started to read over the script again.

However unexpectedly, her first scene failed.

“Sister Wei... I...”

It took Qiu Ling a while to realize that this actress was only 19 years old, one year younger than her.

Instead of asking her to redo the second scene, Gu Weiwei asked the crew to stop the shoot and take a rest. Then she went through two scenes with Qiu Ling alone and helped her to get into character.

Although she failed two takes, she was not disappointed.

After the first day of filming, it was already late at night.

Gu Weiwei only ate dinner after Fu Hanzheng's urging.

Then she went to watch a few more scenes that were filmed throughout the day, in case she was not satisfied with anything, so that she could hurry up and reshoot to avoid trouble later on.

Seeing that she was not sleeping, Fu Shiyi did not dare to be the only one sleeping, so he followed her.

"Dream of a Long Life 2 seems to be about Ling Yan's heart surgery, and we also have the same storyline in Sleepless. Isn't that a bit weird?"

"What is wrong with that? Can't you have some confidence in me?" Gu Weiwei said with a smile.

Dream of a Long Life was a warm and healing movie, while Sleepless was of a dark and mysterious genre.

Also, this movie was meant to embarrass Ling Yan and Dream of a Long Life 2.

Maybe other people would only think of it as a movie, but Ling Yan would definitely find it very... terrifying.

Others might not know, but she herself knew how her heart came to reside in her chest.

When she tore off her mask, these two movies would be even more interesting.

"Ling Yan has just received a heart transplant and is doing a warm and healing movie, but our movie is so scary, is that really okay?"

Fu Shiyi felt a bit creeped out when he thought of the script.

"You don't have to worry about that. Just focus on figuring out what you are meant to be doing and don't screw up."

Gu Weiwei stared at the screen without looking at him.

After the movie was released, it was time to find the evidence that Ling Yan had tried to kill her so that she could have a heart transplant. When that time came... she, the legendary Movie Queen, would die.

At the same time, Sleepless would be a new legend.

Also, he was stepping on her positivity.

Fu Shiyi stared at Gu Weiwei, who was focused on reviewing the scenes, and asked, "Sister-in-law, are you really human?"

"What did you say?" Gu Weiwei tilted her head.

“You are only 19 years old and you are already an A-lister! You are a director too! You are way too strong!” Fu Shiyi complained.

Chapter 605: Double Happiness

“...”

Gu Weiwei rolled her eyes at him and continued to watch the film.

Mu Weiwei was only 19 years old, but she herself had lived for more than 20 years.

If she could not even do that, then she would have lived for nothing.

She was just watching the movie, when Fu Shiyi’s phone rang.

He picked it up. “Brother, what is it?”

Hearing the words, Gu Weiwei poked him and mouthed, “I am already asleep!”

When she hung up with Fu Hanzheng, she told him that she was going to rest.

However, Fu Shiyi stayed silent for two seconds as he read her lips.

Fu Hanzheng said, “Give her the phone.”

Fu Shiyi gave her the phone. “My brother is calling you.”

Gu Weiwei picked up the phone and asked with a smile, “Why are you still awake?”

Fu Hanzheng ignored her question and sounded serious.

“You said that you were resting.”

“I am resting.” Gu Weiwei said.

Fu Hanzheng said, “Get ready for bed, or will you stay with Fu Shiyi?”

Gu Weiwei knew that it was useless to explain further, so she obediently said, “I will go to bed now.”

She turned off the camera and left with her coat.

“I know that you are very busy, but you can’t stay up all night.” Fu Hanzheng lectured her seriously over the phone.

In order to lessen her burden, he had hired a capable assistant director for her.

“It is normal for the crew to have night scenes, not to mention the director. If I follow your schedule, when will I finish?” Gu Weiwei argued.

Fu Hanzheng said, “There’s no hurry.”

“I just want to finish the shoot as soon as possible, so I can be with you at home.” Gu Weiwei said with a smile.

She had to finish the shoot as soon as possible so that she could get pregnant.

Fu Hanzheng said, "I am free, I can visit you often, there's no need to rush."

"Alright, I am at the door of the hotel room, good night." Gu Weiwei said and opened the door.

Fu Hanzheng said, "Good night."

Gu Weiwei ended the call and gave the phone back to Fu Shiyi.

"My brother told me that you must sleep before midnight. If you keep doing this, I will report you to my brother."

Fu Shiyi said. He had followed her because he had failed to persuade her.

"I did it so that I can get pregnant and have a child." Gu Weiwei snorted.

Fu Shiyi said, "That is not a bad thing, but what is the hurry?"

"I am in a hurry."

Having said those words, Gu Weiwei slammed the door shut.

"..." Fu Shiyi was confused.

She was not in a hurry to get married to his brother, but she was in a hurry to get pregnant and have children.

No one in their family objected to their marriage, so why was she in such a hurry to get pregnant?

Why did she have to get married after having a child?

Although they also hoped that she could have a child soon, so that it could become the ultimate kryptonite against his brother, she did not have to be in such a hurry.

However, only Gu Weiwei knew how anxious she was.

Because half a year was not a long time and the movie would take up half of that time after it was released.

She must confess to Fu Hanzheng before Gu Siting discovered she was Gu Weiwei.

But even now, she still had no idea how to break the news to him.

She was even more afraid that if she said it out loud, the sweet happiness would be torn apart or even broken.

Fu Hanzheng had been expecting her to bring him warmth and happiness and she had done it.

She also wanted her existence to always bring him happiness and love.

But her secret was bound to hurt him...

Chapter 606: Genius

The filming of Sleepless went very smoothly, but because of Fu Hanzheng's routine phone calls every night, the filming could not go past midnight.

Therefore, the progress was slower than what Gu Weiwei had planned.

The director's work required her to control the entire scene, so she had to do her part well and guide the other actors as well.

Every day, she was in a very tense state.

Song Yu did not trust her at first, but two days after he joined the crew, he devoted herself to the filming of Sleepless.

Yan Hong, the scriptwriter, had been watching the filming from the sidelines and he was trying his best to adjust the details of the later scenes.

Also, before the film festival in F Land, Mr. Murphy, who she had visited personally, also came to Hua Land.

When the assistant director brought him in, Gu Weiwei was in the middle of a scene where Shu Ya and Ye Zi met.

Mr. Murphy watched the entire scene and Gu Weiwei was unaware of his arrival until they had finished filming and were about to leave.

"Mr. Murphy, I apologize that I was unable to pick you up at the airport."

Murphy looked at her and then at Qiu Ling, who had played the role of Ye with her, and said with a non-standard Chinese accent.

"Weiwei, you must be a genius."

"Thank you for your compliment." Gu Weiwei shook hands with him and said sincerely, "I need your guidance."

"You are a great actress and a very good director." Murphy looked at Qiu Ling next to him and said, "You did a great job bringing her into the role."

A truly good actress would not only focus on her own scenes but also learn how to lead the scene, so as to bring the other party into the zone.

Also, she had to control the entire scene.

It was hard to believe that this young girl before him was not even twenty years old.

Qiu Ling nodded subconsciously. She had been a bit nervous when the scene started, but when Mu Weiwei started to say the lines, she was instantly brought into the mood, her eyes and her aura.

Song Yu, and the other actors who were preparing for the shoot, felt the same way. On the first day of filming they had thought that they would end up making a terrible movie.

But after two days of filming, no one had such thoughts anymore.

Their director was very friendly and also talented.

She was supposed to be the lead role, but she would often help demonstrate their roles, so that they could get into character faster.

Gu Weiwei talked with Murphy about the crew and what she needed his help with.

Listening to her, Murphy expressed his willingness to join their crew.

With the help of Murphy, she suggested a few changes to the ending of the original script and some adjustments to the details of their roles.

Gu Weiwei ignored Fu Hanzheng's investigation and spent the entire night discussing with the main cast.

Although Fu Shiyi helped her to get away from his brother, Lei Ning and the bodyguards reported to Fu Hanzheng.

He called to lecture her and Gu Weiwei answered the phone obediently, promising him that she would sleep early.

Then she hung up and continued with the meeting.

On the third day, after a night scene, Gu Weiwei had dinner with the crew members and asked the assistant director to inform the others about the meeting.

She had just finished speaking when the phone rang.

Seeing that it was from Fu Hanzheng, she obediently picked it up.

"Uncle Fu, I am really going to sleep now, I am back in my room."

Fu Hanzheng said, "I don't see you."

"..." Gu Weiwei was startled for three seconds and instantly said, "I will be right back."

Didn't see her?

It was not a phone call this time, he was there.

Chapter 607: Headlines

Sure enough, when she returned to the room, she saw the man waiting for her on the sofa with a dark expression

Gu Weiwei smiled. "When did you arrive?"

"Two hours ago." Fu Hanzheng said.

Since she was still working, he did not inform her about it because he wanted to see if she was going to come home and rest on time.

"Then why didn't you call me? Have you eaten dinner?"

Of course Gu Weiwei knew that he was here because she had not been listening to him these past two days, so she talked about other things.

Seeing the obvious dark circles under her eyes, Fu Hanzheng frowned.

“You said that you have been resting well these past two days, so what are those dark circles under your eyes?”

Gu Weiwei smiled guiltily. “You knew that I was going to be the director and the lead actress, so I have had a lot of things to do. I need to make some adjustments too, so I have to stay up late every now and then.”

“But you shouldn’t ignore your health. You were sick before you left and yet now you have so easily forgotten about it?” Fu Hanzheng looked very annoyed.

Gu Weiwei sat next to him with a confused expression on her face. “I never cause trouble when you are working, but you are interfering with my work. That is not fair.”

“Are you saying that I am wrong?” Fu Hanzheng raised his eyebrows and looked even colder.

Gu Weiwei stayed silent for a few seconds and lowered her head.

“You are right, I am wrong, Boss.”

Seeing her responsive attitude, Fu Hanzheng’s face softened.

“The movie can’t be finished in one or two days, why are you in such a hurry?”

“I want to finish so I can spend time with you.” Gu Weiwei said bitterly.

She wanted to get pregnant as soon as possible, so how could she not be anxious?

Hearing what she said, Fu Hanzheng looked happy. He took hold of her and said, “I’ll visit you once a week.”

“No need, just once every two weeks.” Gu Weiwei said with a smile.

If he came here once a week, she would be delayed for another day.

Fu Hanzheng frowned. “Do you want to see me or not?”

“Of course, but you have your own work to do, you don’t have to come here every week.” Gu Weiwei explained.

Also, there were too many eyes on the set and if someone saw him running into her room, he would definitely make the headlines.

“Once every ten days.” Fu Hanzheng set the time himself.

“Alright.”

Would she be able to stop him?

She had just agreed when the assistant director called.

“Director, everyone is here, when are you coming?”

It was not until this moment that Gu Weiwei remembered that she had asked everyone to attend the meeting, when she saw Fu Hanzheng, who was still sitting there.

She sighed and said, "Everyone has been working hard these past two days. Let's skip the meeting tonight and sleep. We will start work tomorrow morning."

"But you just..."

The assistant director was a bit confused. Didn't she ask him to call for a meeting ten minutes ago?

"I have two important scenes to do tomorrow, so I thought about it and decided to go to bed early, in case it affects my performance tomorrow."

Gu Weiwei looked at Fu Hanzheng and explained to the assistant director calmly.

Of course she wanted to go, but she could not leave her boyfriend here alone and go to the meeting.

The assistant director agreed with her and ended the call.

Gu Weiwei ended the call, threw a look at Fu Hanzheng who was still wearing a cold expression and asked, with a flattering smile, "Uncle Fu, I have no work now, so what are we going to do?"

Fu Hanzheng picked her up and walked into the bedroom.

"Sleep."

Gu Weiwei thought that they were going to do it and was about to say that she was going to take a shower, when Fu Hanzheng put her onto the bed and laid down with her in his arms.

"Close your eyes and sleep."

"..."

Chapter 608: Leave?

They had been filming for two days and two nights.

Gu Weiwei fell asleep in Fu Hanzheng's arms after a short conversation.

When Fu Hanzheng came over, he slept in bed with her.

Early in the morning, when she woke up at dawn, she washed up and got ready for work.

But when she saw Fu Hanzheng calling the driver and telling him to leave, she went over to him with a toothbrush in her mouth.

Fu Hanzheng did not care that her toothpaste foam had splashed onto his suit and he allowed her to hug him.

"Shiyi said that your shoot went well?"

"Of course, even Murphy says that I am a genius."

Gu Weiwei released him, brushed her teeth and said proudly.

"When did you become a director?" Fu Hanzheng asked.

She was 19 years old and had excellent piano skills. She was already the star in two blockbusters and now she was the director herself.

At first, he had thought that she was just playing with him but Shiyi had been calling him every single day these past two days, saying that she was not a human being.

She might be talented in acting, but it was very difficult to be a director without a certain amount of experience and talent. But Fu Shiyi had said that she was outstanding and he had also said that Murphy told her she was a genius.

She was a girl who was not even 20 years old yet and she had taken long leave when she was admitted to the Film Academy. She had not even attended a single lesson.

But yet she had mastered so many exquisite skills and he was sure that she did not have an instructor in middle school.

"I have been with the crew for so long and I am very good at studying." Gu Weiwei said.

It seemed that at her age, she had done too many things that ordinary people could not do. It was indeed a bit suspicious.

Fu Hanzheng thought for a while and realized that she had indeed asked the two directors many things about the Long Wind and the Eyes of the Eagle.

Maybe she already had plans to become a director.

They were just talking when the driver called and said that the car had arrived, urging him to leave.

Fu Hanzheng ended the call and warned her.

"If you don't sleep after midnight, I will force you to stop filming and rest."

"Yes, yes, I won't do it again."

Gu Weiwei wiped off the water on her face and apologized instantly.

After all, the adjustments were almost finalized, so there was no need to hold a meeting overnight.

Fu Hanzheng said, "I should go now."

"Hang on." Gu Weiwei stopped him and said with displeasure, "You are leaving without kissing me."

He had sent her to sleep the day before and left the moment she woke up this morning. He had not kissed her at all.

Fu Hanzheng chuckled helplessly, took hold of her face and passionately kissed her.

The two of them kissed from the bathroom all the way to the door of the room and unwillingly ended it.

"I am leaving now."

Gu Weiwei still had her arms around his waist. "One more minute."

Fu Hanzheng caressed her back and kissed her forehead.

“I will arrange to see you as soon as possible.”

Gu Weiwei released him unwillingly and watched him leave.

Then she got changed and rushed to the set.

Fu Hanzheng returned to the capital and had just gotten off the plane when Lei Meng called.

“Boss, Yuan Shuo is back.”

Fu Hanzheng checked the time. “Where are you?”

“I just picked Yuan Bao up, as he is living with the Second Master.” Lei Meng said.

Fu Hanzheng gave up on going straight to the company and asked the driver to go to Fu Shiqin’s apartment.

When he arrived, Yuan Shuo had just finished breakfast with his son and was a bit surprised to see him.

“What is it?”

Fu Hanzheng got straight to the point. “Weiwei knows you and so does Gu Weiwei.”

Chapter 609: Breakup?

Yuan Shuo was startled for a few seconds. He had expected that Fu Hanzheng would suspect something like this sooner or later.

But he also knew that he would only suspect this much and would not know the real secret.

However, he had just met Yuan Meng and learned that she had found out that Gu Siting might discover that Weiwei was still alive in a few months time.

When Gu Siting found out that she was with Fu Hanzheng, he would tell Fu Hanzheng the secret and force them to separate so that she could return to the Gu Family.

And that was why he came home.

“President Fu, why did you suddenly ask such a question?”

If he asked him, it meant that Weiwei had not told him.

“You and her have been lying about how you met each other from the very beginning.”

Fu Hanzheng looked cold. He never looked very happy to anyone other than her.

“What are you suspecting, President Fu? You suspect that she is related to us and the Gu Family?”

Yuan Shuo asked his son to go upstairs and asked Fu Hanzheng to stay behind.

“Am I wrong?” Fu Hanzheng asked.

After a long silence, Yuan Shuo nodded and admitted.

“Yes, she knew Gu Weiwei but she did not want you to know about her relationship with the Gu Family, so she did not tell you.”

Fu Hanzheng pursed his lips, a bit surprised that Yuan Shuo would admit to it.

Yuan Shuo looked at the man who had a cold expression on his face. “She lied to you about this matter but her feelings for you are real.”

She had lived with Gu Siting for more than twenty years and she had never fallen so deeply in love with him, as she had Fu Hanzheng.

But after becoming Mu Weiwei, and falling into his arms, she had to tell him sooner or later.

He admitted that she knew Gu Weiwei, so that he could be mentally prepared that she was related to the Gu Family.

Fu Hanzheng was thinking about what Yuan Shuo had said. Weiwei and Gu Weiwei knew each other, but none of the information he had checked showed that they had met before.

When and how did they meet?

Seeing that he was silent, Yuan Shuo asked, “What are you going to do now you know that she knows Gu Weiwei? Break up?”

“I will never break up with her.” Fu Hanzheng firmly said.

Yuan Shuo let out a sigh of relief and said, “Actually, I did not want her to be with you because you are too dangerous for her.”

“But she said that no matter what you do to her in the future, she will have no regrets about the person she chose.”

...

Hopefully, when he knew everything, he would remember what he had said today.

Startled, Fu Hanzheng asked, “I want to know everything about her and you.”

Yuan Shuo said, “She is going to tell you, please give her some time.”

He should not have told him about it.

Fu Hanzheng took a deep breath. He could tell that she was trying not to tell him anything.

He had asked her several times but she had denied it.

Yuan Shuo looked at the sour-faced man and could not figure out what he was thinking.

“Fu Hanzheng, some things can only happen once in a lifetime. No matter what happens in the future, don't let go of her hand, otherwise... you will lose her forever. And I truly mean forever.”

...

When Weiwei found out that Gu Siting had blamed her because of what happened to his father, when he was protecting her, she had subsequently never been able to tell Fu Hanzheng anything.

Fu Hanzheng got up and said, before he left, "Nothing can separate us, except death."

Chapter 610: Leaving Hua Land

After Fu Hanzheng left, Yuan Shuo stayed silent for a long time in the living room.

Yuan Bao ran out of the room and saw that he was alone, so he came downstairs.

"Did that bad uncle bully you?"

Yuan Shuo chuckled and lifted his son over to his side.

"He bullied Yuan Bao too! He doesn't want Yuan Bao to see his wife! I am going to tell Mama to beat him up!" Yuan Bao said angrily.

His mother had said that if anyone bullied him, he should tell her and she would beat them up.

But his mother had been away for so long and she was still not home.

Yuan Shuo patted his son's head. "Go and pack your things, we are going to visit your wife."

Hearing this, Yuan Bao rushed back into the room and stuffed his things into his small suitcase.

Within half an hour, he went to urge his father to take him to see his wife.

On the day when Fu Hanzheng returned to the capital, Yuan Shuo took Yuan Bao to where Gu Weiwei was filming.

It was already dark when they arrived at the site.

He did not call her until they had finished working.

Gu Weiwei told the actors what they needed to do the following day, put on a hat and mask and went to meet Yuan Shuo.

When he saw her, Yuan Bao rushed over.

"Wife! Wife!"

...

Gu Weiwei picked him up and pinched his round face.

"Why are you fat again?"

"Grandma said that I need to grow up and eat a lot." Yuan Bao defended himself.

Gu Weiwei approached and threw a look at Yuan Shuo.

"I thought you were going to bring Senior Sister home with you."

Yuan Shuo removed Yuan Bao from her, played a cartoon on his phone and gave him candy.

Only then did the little boy turn his attention away from his wife and sit down obediently, eating the candy and watching the cartoon.

Gu Weiwei looked around. Since this was not a large city, there were very few people around when it was dark.

So there was no one around.

“What is it?”

Something must have happened for him to bring Yuan Bao here.

“Fu Hanzheng came to me this morning and asked me if you knew Gu Weiwei.” Yuan Shuo confessed.

Gu Weiwei was not surprised. “He asked me about it too and I denied it.”

Yuan Shuo said, “I admitted that you knew Gu Weiwei.”

“You...” Gu Weiwei was confused by his words. “If you wanted to tell him, at least let me know about it first.”

“He will know about it sooner or later. I only admitted that you know Gu Weiwei, not that you are Gu Weiwei.” Yuan Shuo said.

After all, she and Gu Weiwei were two different people.

Therefore, Fu Hanzheng would only suspect that she knew Gu Weiwei, not that she was Gu Weiwei.

Gu Weiwei looked at him nervously. “What did he say?”

Yuan Shuo said, “He said that apart from death, nothing else can separate you and him.”

Gu Weiwei pursed her lips and stayed silent for a long time as she kept repeating this sentence in her heart.

“This is just a way for him to be mentally prepared, in case he is caught off guard when you tell him.” Yuan Shuo said.

Gu Weiwei was confused. “I was going to tell him, but I am not ready yet.”

Seeing her worried look, Yuan Shuo tried to persuade her.

“You can decide when to tell him but tell him soon. If he and the Fu Family can’t tolerate you, we will leave Hua Land. Yuan Meng is already making the preparations.”

Gu Weiwei said, “You can leave if you want to, I am not leaving.”
