

MY HIDDEN 611

Chapter 611: Bad Idea

Seeing her being like this, Yuan Shuo sighed.

“Can’t you be a bit more flexible? If the Fu Family really can’t tolerate you, what are you going to do by remaining here, be mistreated?”

“Unless Fu Hanzheng tells me to get lost, I am not going anywhere.” Gu Weiwei said resolutely.

Yuan Shuo thought of Fu Hanzheng’s attitude today and said, “Fu Hanzheng likes you after all, so he is not that cruel. But it is hard to say who won’t be in his family.”

Gu Weiwei nodded and sighed.

“The blood feud between the Fu Family and the Gu Family is caused by the fact that the older generation of the Fu Family lost a relative. Also... Mrs. Fu has said that anyone can be the daughter-in-law of the Fu Family, as long as they are not from the Gu Family.”

The conflict between her and Mrs. Fu had finally subsided. However, if she knew that her surname was Gu, it would not be a conflict between mother and daughter-in-law but a grudge between Fu and Gu.

“As long as Fu Hanzheng is on your side, you can sort out anything.” Yuan Shuo said.

As long as Fu Hanzheng did not let go of her, the Fu Family would slowly come to terms with it, even if they could not accept it.

But if Fu Hanzheng could not accept that her surname was Gu, all her efforts would be in vain.

Gu Weiwei said, “So I plan to have a child first.”

Even if they knew and they did not want her as their daughter-in-law, they would not abandon their grandson.

“...” Yuan Shuo felt his forehead and said, “Yuan Meng gave you this stupid idea?”

“You used to be the one who ate from that bowl.”[1] Gu Weiwei teased.

Yuan Shuo thought for a while and said, “The method is bad, but maybe it really works.”

Judging from how much the Fu Family loved Yuan Bao, they were indeed eager to have a grandson.

If she had Fu Hanzheng’s child, they would not make things difficult for her.

“I hope it works.” Gu Weiwei sighed.

She had thought that their marriage would go smoothly, but now she was not sure.

“So what are you doing here?” Yuan Shuo asked.

Since she was planning to get pregnant, she should go home and make a baby, right?

"I am preparing my competition with Ling Yan." Gu Weiwei said.

Her "Sleepless" and Ling Yan's "Dream of a Long Life 2" were going to be released at the same time, so she destroy the legendary Movie Queen that she herself had created.

Yuan Shuo nodded thoughtfully. Ling Yan loved acting and after Dream of a Long Life, she was hailed as the legendary Movie Queen.

What the public did not know was that Weiwei was the one who created that possibility.

But now, she was going to step on her.

Ling Yan thought that if she took away her heart, she would take away everything from her.

But God was kind enough to allow her to be reborn, and whatever she had gotten from her would be ruined by her own hands.

"Yuan Meng will have someone watching over Gu Siting, but before Gu Siting finds out, you and Fu Hanzheng must come clean."

They were the only ones who were on her side that could make sure that Gu Siting's interference would not cause any trouble.

"I know." Gu Weiwei answered tiredly.

Yuan Shuo said, "I will say it again. If Fu Hanzheng does not accept your surname, you will lose your protection in Hua Land. You must leave with me."

Gu Weiwei rolled her eyes at him. "Aren't you just expecting me to break up with him?"

"I am just saying what if... the human heart is unpredictable." Yuan Shuo warned.

But it seemed that Fu Hanzheng really loved and spoiled her.

However it was hard to guarantee that he would not give up on her because of his family.

[1] She means that Yuan Shuo fell for this stupid idea.

Chapter 612: I Love You

After meeting Yuan Shuo and returning to the hotel, Fu Hanzheng called on time.

Gu Weiwei looked at the caller ID and answered after a few seconds of hesitation.

"Hello."

"Finished?" Fu Hanzheng asked.

Startled, Gu Weiwei replied, "Yes, I just came home."

"Grandma asked someone to deliver some food to you, someone will deliver it tomorrow." Fu Hanzheng said.

"Okay." Gu Weiwei replied.

Fu Hanzheng stayed silent for a while and said, "It is late, rest early."

"You too, good night." Gu Weiwei said.

Fu Hanzheng said, "Good night."

"Wait." Gu Weiwei called again before he hung up.

Fu Hanzheng asked, "Anything else?"

Gu Weiwei stayed silent for a few seconds and whispered, "And... I love you."

Fu Hanzheng sounded a bit lighter. "I know, rest early."

They ended the call and Gu Weiwei was sitting on the sofa with her phone, feeling very emotional.

She had thought that he would have asked her something because he had met Yuan Shuo today.

Unexpectedly, he did not ask anything.

At Landscape Villa in the capital city.

Fu Shiqin, who was dealing with work in the study, threw a look at his brother who had hung up.

"Did you have a fight with Sister-in-law?"

"No." Fu Hanzheng buried himself in his work.

But what he had learned from Yuan Shuo had confused him.

Fu Shiqin looked unconvinced. "No, you are not as happy as before, when you called sister-in-law."

"I was gone for one night and yet you have done such a terrible job. Should I be happy?"

Without changing his expression, Fu Hanzheng blamed Fu Shiqin for not working well.

"..."

Well, it was my fault again.

"Oh yes, why have you been asking Lei Meng to check on sister-in-law these days? Our father is asking me."

"Nothing." Fu Hanzheng said coldly.

Fu Shiqin threw a look at his brother. "Nothing? Will you not let us know?"

Fu Hanzheng glanced at the curious man. "Are you very curious?"

Fu Shiqin shrank his neck under his brother's intimidating gaze and weakly said, "...Our father is curious."

Fu Hanzheng continued with his work, ignoring him.

However, Fu Shiqin asked curiously, "Could it be that a pretty boy is flirting with our sister-in-law again?"

After much consideration, he realized that if his brother wanted to find out more about his sister-in-law, someone must have cheated him.

Fu Hanzheng coldly looked up at him. "How about you supervise the underwater tunnel project?"

Fu Shiqin thought that he was right because his brother was now furious.

So he started to come up with a plan.

"Brother, dealing with pretty boys..."

Fu Hanzheng said, "You leave tomorrow."

"Brother, let me finish. Brother..."

Fu Shiqin had not expected that he would turn against him so quickly. He did not want to supervise the underwater tunnel project, because there was nothing to eat there.

However, his brother totally ignored his protests.

Fu Shiqin finished his work and left with a bitter face.

Fu Hanzheng made a call to Lei Meng and said, "You can stop investigating her."

Lei Meng was a bit surprised, but he did not ask further.

"Okay."

"Tell no one in the Fu Family apart from me." Fu Hanzheng stressed.

Since he had asked, they would keep an eye out for her.

Yuan Shuo had said that she would tell him herself; he was waiting for her to say something.

Chapter 613: Sexy Girlfriend

Everyone in the crew, be it the actors or the staff behind the scenes, were fully devoted to the filming.

Gu Weiwei and Murphy were perfectionists in the film industry.

In order for the movie to achieve the most perfect effect, every role in the movie had to achieve the highest requirements.

She refused to give in, no matter how many times they had to do the scenes again, she insisted on the effect she wanted.

But apart from her, Song Yu and Fu Shiyi, the other actresses were all C or D-listers, some were even newcomers.

They could tell that the movie would be a hit in the box office when it was released in the future, so they cooperated with each other without any complaints.

They went through several cities and spent two days in the uninhabited area of Australia before the filming was completed.

After the shooting in Australia, Gu Weiwei asked the crew to take a day off before continuing.

Then she excitedly called Fu Hanzheng.

“Uncle Fu, I am resting tomorrow, are you here to visit me?”

Fu Hanzheng said, “I will make the arrangements and be there tonight.”

As he was answering the phone, the top managers in the meeting room looked at each other. They had just agreed to work overtime to finalize the project.

Where was he going tonight?

He looked so happy and his tone was so gentle. It was obvious. Only when Boss was on the phone with his girlfriend would he show any emotion.

Fu Hanzheng ended the call and Xu Qian reminded him with a small voice.

“Boss, what about the meeting tonight?”

Fu Hanzheng checked the time. “Finish it before eight.”

“...” Xu Qian was speechless. He might not even have time to eat today.

“Also, ask Fu Shiqin to come home tonight.” Fu Hanzheng said.

He was not at the company tomorrow, so he needed to deal with some matters here.

Xu Qian texted Fu Shiqin instantly: [Boss says that you must return to the company today.]

A few minutes later, Fu Shiqin replied.

[He is going on a date again, right?!]

His black-hearted brother had thrown him to the seaside because he was displeased.

Now that he was going on a date and no one was there to help him with work, he wanted him to return home.

Xu Qian replied helplessly: [Yes.]

Fu Shiqin replied quickly: [No, I am not going back.]

After a long time, Xu Qian replied.

[Boss asks, do you want to feed the fish?]

Fu Shiqin replied instantly: [Book the plane tickets for me, I will return now, right now!]

For the entire day, the top managers of Fu’s Enterprise had five important meetings in a row, they were only able to eat for half an hour.

At eight in the evening, all the work was finally done.

The employees were so tired that they almost collapsed.

Fu Hanzheng left the company happily, ready to go on a date with his girlfriend, whom he had been apart from for two weeks.

When he arrived at Gu Weiwei's hotel, it was already 11 p.m.

But the moment he entered her room, if it had not been that he had visited before, he would have suspected that he had entered the wrong room.

The room was decorated with warm lighting and a candlelit dinner was on the table and his girlfriend was dressed in a very sexy outfit.

She had even worn the perfume he gave her and she looked so charming when she smiled at him.

Chapter 614: The Only Love in My Life

The lights were warm and the romantic English love songs were playing. Romance was everywhere.

Gu Weiwei closed the door and said with a smile, "You haven't eaten yet, right? I asked someone to deliver the food."

Fu Hanzheng washed his hands and sat down at the table, sizing up his girlfriend as he ate.

"I can understand that you are seducing me."

Gu Weiwei asked with a smile, "Is it that obvious?"

Fu Hanzheng said, as he cut the steak on the plate, "You are always so nice to me."

Gu Weiwei took a piece of her own steak and fed it to him.

"I like you very much!"

Fu Hanzheng ate the steak she fed him and said, "What are you thinking?"

"I haven't seen you for half a month and I just want to have a romantic time with you, what else can I do?" Gu Weiwei said.

She had not expected that Fu Shiyi would be so overkill. He was setting her up!

Fu Hanzheng smiled and took a sip of the red wine.

"Just being romantic?"

Seeing him trying to get to the bottom of the matter, Gu Weiwei put down her knife and fork, turned on the light, blew out the scented candles and turned off the music.

"Forget it if you don't like it."

"No."

After the meal, Fu Hanzheng wiped his lips with a napkin, took out a paper bag and gave it to her. "A present I bought last week."

Gu Weiwei took it and opened the present inside. It was a pair of precious earrings made of natural opal, shining brightly under the light.

She removed the earrings and tried to put them on, but failed to do so because there was no mirror.

Fu Hanzheng got up, walked around the table and took the earrings from her hands, putting them on for her without much effort.

Gu Weiwei touched the earrings and asked, "Do I look nice?"

Fu Hanzheng looked very gentle. "Very pretty."

"Are they pretty or am I pretty?" Gu Weiwei asked naughtily.

Fu Hanzheng chuckled and kissed her lips.

"You, of course."

Gu Weiwei wrapped her arms around his neck. "I brought you a present too, it is on the table over there."

Fu Hanzheng picked her up and put her down on the tabletop.

Gu Weiwei picked up the present box on the table, opened it for him and said with a smile, as she took out the watch inside, "I carved the writing myself."

She showed him the place where the words were carved.

Fu Hanzheng asked with a smile, when he saw the unknown language.

"What did you carve?"

Gu Weiwei removed the Patek Philippe from his hands, placed it on his wrist and said with a smile, "It's beloved in Greek."

He was the only love she did not want to lose.

Seeing the girl's bright eyes, Fu Hanzheng's deep eyes were filled with passion and love. He lowered his head and kissed the girl's smiling lips.

After the lingering kiss, he whispered, "Weiwei, you are the only love of my life."

Hearing his words, Gu Weiwei raised her head and kissed him.

The sound of panting arose in the silent room and the lingering kisses went from the living room to the bedroom.

Gu Weiwei stopped the man who was about to take out the condom. "It is the safe period today, no need to wear it."

It was because it was the ovulation period that he was called here[1]. She would have prepared so much for nothing, if he used that condom.

In order to get pregnant successfully, she went all out tonight.

Fu Hanzheng thought that it was just a small reunion and that his girlfriend was being a bit more loving, so he did not think much of it.

[1] This is deception and not okay. Please don't do this in real life. Both parties should agree to have a baby, especially if one has explicitly stated that they do not want children. To go against those wishes for your own selfish desires is not love and neither is it right.

Chapter 615: Pregnancy Test

Since the filming was already halfway done, the post-production would be completed in twenty days after that.

Gu Weiwei was planning to have a successful pregnancy this time and planned to get a checkup, when she returned to the capital.

She had tried very hard to get pregnant during this period.

Luckily, the crew was resting the following day and did not need to work because her legs would be so weak that she would not be able to leave the set.

When Fu Hanzheng came to visit her, he stayed with her for a day in the hotel room and occasionally called the capital to discuss some company decisions.

"How much longer until the filming finishes?"

Gu Weiwei thought for a while. "The post-production will start in twenty days time."

"I have work to do next week, so I may not be able to make it." Fu Hanzheng said.

Gu Weiwei thought for a while. "Work is more important, I need to go home soon anyway."

She had tried so hard last night, so she should have succeeded.

Fu Hanzheng took hold of her shoulders and said with a gentle voice, "The projects are on track, I can take a few days off."

"Okay." Gu Weiwei nodded.

Fu Hanzheng did not leave until night fell. He returned to the capital and started to work.

Gu Weiwei rested for a day and continued with the filming.

However, she was worried that something would happen to her stomach, so she did not stay up too late to finish the shoot after dark.

The filming was completed in twenty days and the crew returned to the capital after a simple ceremony.

The moment she returned to the capital, she whispered to Jolin on the way to the company for the post-production meeting.

"Buy me some pregnancy tests."

Her period should have come these past two days but it was late.

But she had not tested it yet, so it was hard to be sure.

"You..."

Jolin covered his mouth in astonishment and glanced at her belly.

Didn't they say that they had no intention of having children so soon?

What was going on?

"Be careful, don't let the media catch onto it." Gu Weiwei warned.

"I know, you are worried about nothing." Jolin said.

When Gu Weiwei arrived at the company, she went to have a meeting with the staff.

Jolin thought that it would not be appropriate for him and Xu to go there. If anyone noticed them, they would think of her.

So he went to Lei Ning, who had never appeared in front of the media, and asked her to buy the things and bring them back.

It was almost seven o'clock when Gu Weiwei finished the meeting.

The moment she came out, she asked Jolin if he had bought the tests for her.

Jolin gave her her handbag and whispered, "I put it in your bag."

Gu Weiwei did not ask him how he managed to buy it without being seen and instead went straight back to Landscape Villa.

The moment she got home, she drank a few glasses of water and tried to think of running water, ready for the test.

Fu Hanzheng knew that she was coming home today, so he ended his work early.

On the way back from the company, he received a message from Lei Ning.

[Boss, Miss. Mu bought some pregnancy tests today.]

"..."

Fu Hanzheng frowned as he thought of how enthusiastic she was, when she asked him to visit her last month.

Fu Shiqin sensed that something was wrong and glanced at his brother.

"Brother, what happened?"

"Drive faster."

Fu Hanzheng massaged his eyebrows and sighed. She had mentioned about having a child before but after he objected to it, she stopped mentioning it.

He had let his guard down. He should have known that she was trying to get pregnant because of her unusual enthusiasm last time.

Chapter 616: Pregnancy Test 2

When Fu Hanzheng returned to Landscape Villa, he did not see her downstairs and asked the servant where she was.

“Weiwei is back?”

“She is upstairs.” The servant replied.

Fu Hanzheng went straight to the master bedroom upstairs. His luggage was still in the room but she was not there.

He looked at the closed bathroom and knocked on the door.

“Weiwei.”

Gu Weiwei, who was inside the room, heard his voice and hid the things away in a hurry. She did not open the door until she was sure that nothing was suspicious.

“You are back.”

Fu Hanzheng glanced into the bathroom. “What are you doing?”

“Going to the bathroom.” Gu Weiwei said innocently.

Fu Hanzheng looked serious. “Lei Ning said that you bought a pregnancy test. What is going on?”

“I...”

Gu Weiwei suddenly thought of something and sighed with her hands over her forehead.

Jolin was such a dumbass. He must have asked Lei Ning to buy it.

Since Lei Ning was arranged by Fu Hanzheng, he must have reported it to him immediately.

“Alright, I did.”

Fu Hanzheng looked at her. “Where is it?”

“What is it?” Gu Weiwei was startled.

“You asked someone to buy it.” Fu Hanzheng asked.

Gu Weiwei turned around slowly and went into the bathroom. She took out the things hidden in the towel and placed them in the sink.

Seeing the rows of tests showing one line, she sighed with a frown.

What was this again?

She had tried so hard, especially during the ovulation period and her period was late, yet she was still not pregnant.

She should have listened to He Chi and gone for a prenatal checkup.

But she had been worried that Fu Hanzheng would know about it the moment she entered the hospital, so she did not go for the checkup.

Fu Hanzheng glanced at the results and saw her disappointed face.

“You did it on purpose last time.”

“Yes.”

Due to the failure of the pregnancy plan, Gu Weiwei answered him with a lowered head.

Fu Hanzheng sighed helplessly. “You weren’t going to discuss this with me?”

Gu Weiwei said, “What can I do if you object?”

“If I object, you’re going to go behind my back and sneak around?” Fu Hanzheng asked.

In the past, he had tried to prevent his mother from pressuring him and his two brothers from interfering. But now, he realized he had forgotten about the most important one to deter.

Gu Weiwei looked up at the angry man and snorted.

“I went behind your back because I want to be pregnant with your child, it’s not someone else’s. Why did you say that I can have everything but a child?”

Fu Hanzheng frowned. “You want children that badly?”

She was in the middle of a busy period, yet she still needed a child. What was she up to?

It was reasonable for her to think this way about marriage.

But she was in a hurry to have children before the wedding.

“Yes, I do.”

Gu Weiwei left the bathroom in a bad mood because of her failed pregnancy.

Now that he had found out about it, she would not be able to do it again.

Outside the master bedroom, Fu Shiqin was sneaking around and eavesdropping by the wall. When he heard what was going on, he reported the situation to the other two.

[Important information! Our sister-in-law failed to get pregnant and our brother found out about it]

Fu Shiyi: [Failed? Are you sure?]

Fu Shiqin: [I am standing right outside the door, how could I have heard wrongly.]

Fu Shiyi: [He Chi, you idiot, didn’t you say that our sister-in-law would succeed during the ovulation period?]

He Chi: [I only said that the success rate is high but I did not say that it will definitely work. What if your brother did not do well the other night?]

Fu Shiyi: [No way, I will beat you to death right now!]

Chapter 617: Fu Hanzheng’s Compromise

In the master bedroom, their small argument made the atmosphere tense.

Fu Hanzheng followed her out and stopped her walking away.

“Let’s go to the hospital.”

Gu Weiwei shook off his hands and snorted.

“I have checked over ten pregnancy tests and none of them hit the mark. What is the point of going to the hospital?”

“You need to check.”

Fu Hanzheng took her downstairs and drove her to He Chi’s hospital.

He Chi knew from Fu Shiqin that they were coming, so he came down to pick them up.

He brought them to the gynecology department.

The results were that she was not pregnant.

He Chi was not convinced and said to the female doctor, [Check carefully, is it true?]

He had just finished speaking, when Fu Hanzheng squinted at him and he shut his mouth.

Then he suddenly realized that this was not his girlfriend and it was not right for him to be so worried about her pregnancy.

After the examination, Lady Wang asked her some questions and said, “You are not in the right state to be pregnant either.”

“What?” He Chi said.

The doctor threw a look at Gu Weiwei and said with a gentle voice, “You are under too much pressure right now, and the drugs are still affecting you...”

“What drugs?” Gu Weiwei asked.

She had not taken any medicine apart from cold and flu medicine.

The female doctor gave a report to He Chi. “Doctor He, you should know about it.”

He Chi took over the file and said, as he touched his forehead, “Well... didn’t she come for a checkup the last time she was here? Although the drugs in her body are not high, her metabolism is slow and it is not very suitable to try for a pregnancy this year.”

He thought that it was not a big problem and they were in a hurry to leave, so he did not tell them the details.

After He Chi explained, the lady continued.

“Also, she has been under a lot of pressure recently, so it is not easy for her to get pregnant.”

“I suggest that after a couple of months, you can relax and do a prenatal checkup before getting ready for pregnancy.”

...

Gu Weiwei pursed her lips and sighed inwardly. She had not been able to relax for a single moment because of her work and how she was going to have to confess to Fu Hanzheng.

But she really had no time to wait any longer.

Hearing that it was because of the drugs she was fed by the Gu Family, Fu Hanzheng looked cold.

“Does she need treatment?”

“Get some medicine from the Traditional Chinese Medicine Hospital and relax yourself.” The lady said.

He Chi took them to the Traditional Chinese Medicine doctor and brought them to the parking lot after getting the medicine.

Gu Weiwei was sitting in the passenger’s seat with a bag of medicine in her arms, looking very disappointed.

Fu Hanzheng got into the car, buckled her seat belt and looked at her sideways.

On the way back, she stayed silent, as if she was thinking about something important.

He did not speak until they reached Landscape Villa and parked the car.

“Let’s talk about children after you finish your work.”

Startled, Gu Weiwei turned to him – did he mean that he was not against her having a child?

Fu Hanzheng unbuckled her seat belt and said helplessly, “If you really want children so badly...”

She was always acting weird for some reason.

Could it be because of what Yuan Shuo had said?

Chapter 618: Kiss and Hug

“Don’t you dislike children?” Gu Weiwei asked.

“As long as you like them.”

Having said the words, Fu Hanzheng got out of the car and opened the door for her.

Gu Weiwei came out of the car and took hold of his waist.

“I like you, you are the only one I like.”

She wanted a child now because she hoped that when his family objected to them, they would not make things difficult for them on account of the child.[1]

Fu Hanzheng looked down at the girl who was buried in his arms, took hold of her shoulders and kissed her soft hair.

Sure enough, it was because of what Yuan Shuo said.

The doctor said that she was under a lot of pressure. Apart from the work she had been doing recently, it was probably more to do with that matter.

He hoped that she could say it out loud but he did not want to press her any further, so as to put more pressure on her.

Fu Shiqin was waiting for them to come home for dinner, he saw their car coming home early in the morning but no one came in.

So he went straight to the garage.

When he went over to take a look, the two of them got out of the car and hugged each other again, refusing to let go.

“Are you done hugging me or not?”

If they were not here, he would not dare to eat the leftovers alone.

They had been in a relationship for more than half a year and it should have been over by now. Why did his brother keep asking for hugs and kisses? Wasn't he tired of it?

Only then did Gu Weiwei release his hand. Fu Hanzheng took the medicine and took her hand out of habit.

Fu Shiqin, who was walking behind them, sighed with a complicated feeling as he watched them leave.

If their brother found out that they were behind her last idea of how to get pregnant, he would beat them to death.

Hehe, however, if sister-in-law was discovered, everything would be fine.

To his brother only his wife was real.

At the dinner table, Fu Shiqin was regarded as invisible, so he ate his food and went to work in the study.

Fu Hanzheng asked the servant to heat up the medicine and then gave it to her, as well as a small plate of candied plums.

“You can't rest these days?”

Gu Weiwei thought for a while and said helplessly, “I need to keep an eye on the post-production, I still need to discuss and sort out the dubbing and the promotional plan before the release.”

Fu Hanzheng frowned. “You can't let someone else do it in your place?”

“I am the only one who knows what kind of effect the movie needs.” Gu Weiwei frowned as she held the bowl and smelled the medicine. “I will try my best to come home on time.”

Fu Hanzheng saw her off to the master bedroom after she finished the medicine.

“Sleep early, I still have work to do.”

Gu Weiwei had just laid down in her room when Yuan Meng called her.

The moment she answered the call, Yuan Meng asked, "Did the pregnancy plan work? Did you tell Fu Hanzheng?"

"What should I say?" Gu Weiwei said.

"No." Yuan Meng sighed and suggested, "We still have time. Why don't you try again? You must have not tried hard enough last time."

Based on her own experience, it was always better to try again and again, because she would be safe if she had a child.

Gu Weiwei had a feeling that she was going to go off on one again, so she said straightforwardly, "Can we not talk about this?"

Why was she not working hard enough? She had spent the entire night in bed with him.

Yuan Meng said, "No, we still have time, let's try again."

"Yuan Meng! Because of the medicine I was given at the Gu Family, the doctor said that it is not suitable for me to get pregnant." Gu Weiwei said straightforwardly.

Yuan Meng stayed silent for a while and asked, "Then what should we do? What should we say?"

For this kind of matter, even someone as decisive as her would not have been able to make up her mind to confess, until Yuan Shuo discovered it by himself.

So she understood how she felt right now.

The more she knew that he deeply loved her, the harder it was for her to say anything.

[1] Dear readers please understand that a child is for life and should never be had, just to fix a problem or to use as collateral, as Weiwei is doing here. It's unfair on the child and they should not have been conceived just/only to be a bargaining chip.

Chapter 619: Handsome Uncles

Gu Weiwei stayed silent and sighed with the pillow in her arms.

"Let's wait until we are done with our work."

She needed to keep an eye on the post-production work and he was busy with several international projects, so now was not the time to calmly talk about it.

"Get over yourself, if you really can't live on, just leave. There are many men in the world."

Yuan Meng said with a light tone, "You like uncles now, right? I will find you a bunch of handsome uncles..."

"If there is nothing else, I am hanging up."

Gu Weiwei felt that the topic was going to be perverted by Yuan Meng again, so she ended the call.

There were many men in the world, but there was only one Fu Hanzheng and she only loved him.

When Fu Hanzheng returned from work, she was already fast asleep.

Early in the morning, they ate breakfast together and Fu Hanzheng asked her to bring the medicine with her, as they went to the company.

She had an early meeting with the post-production staff and it was already noon when they had finished hearing about the promotional plan.

Lei Ning, at her boss' request, urged her to eat the food and brought the medicine over.

After lunch, Jolin came over and said, "The music score composer has arrived and is in the meeting room."

Gu Weiwei nodded and hurried into the meeting room.

A senior musician and a young girl with short hair were in the meeting room.

"Qianqian."

The young girl with short hair was Luo Qianqian, her high school classmate. They had invited Luo Qianqian's father, Mr. Luo Hua, to do the music for the movie.

"Weiwei, long time no see."

Since they had not seen each other for a long time, they passionately hugged each other.

They talked for a while and then Gu Weiwei shook hands with Luo Hua.

"Hello, Mr. Luo Hua, I am Mu Weiwei."

"Qianqian always talks about you, saying that you are very skilled at piano and that she's grateful that she had the chance to meet you."

Luo Hua sized up the young girl in front of him with admiration.

"Alright, we are here for work today, stop talking." Luo Qianqian sat down and started to talk about business.

Luo Hua smiled and picked up the score he had written.

"Yes, it is more important to talk about work first. This is the song written with Yan Hong."

Gu Weiwei read it and asked Jolin.

"Where is the music room?"

"One floor below." Jolin said.

Gu Weiwei threw a look at Luo Hua and Luo Qianqian. "Shall we go down and try it?"

They borrowed the instruments used by the company's artists and tried out the music score. They made a few changes and decided on the theme song on the spot.

"I need to watch the movie to understand the style of music I should compose," Luo Hua suggested.

"That is why I invited you here today." Gu Weiwei said.

Only by understanding what kind of movie it was, would the music that was then composed, be the most suitable.

She brought Luo Hua and Luo Qianqian to watch the original film that had yet to be completed in post production and they spent the entire afternoon watching it.

Going over the style of the music, she worked until five or six in the afternoon.

After the conversation about work, Luo Hua went home.

It was rare for Gu Weiwei to meet her old classmate, so she had a cup of tea with Luo Qianqian at the company and they talked about their own lives.

Luo Qianqian and her father, Luo Hua, were working on the compositions and the music. Ji Cheng was with her cousin Ming Ye and she had been in Vienna these past few days.

Luo Qianqian told her about her and Ji Cheng and asked her, "What about you and your Uncle Fu?"

Gu Weiwei nodded. "We are good."

"Any plans for marriage?" Luo Qianqian asked.

"It's not confirmed yet, I will let you know when it is." Gu Weiwei smiled.

Although she was sure that they would get married after her birthday, she was not sure if they would still get married.

Chapter 620: Regret?

"Then I will wait for your good news." Luo Qianqian smiled sincerely.

Ever since she found out about what happened to the Mu Family and saw how much Fu Hanzheng spoiled her, she had hoped that they could get married and live happily ever after.

Both she and Ji Cheng were protected by their families but Mu Weiwei had already lost the family that truly loved her.

If Fu Hanzheng could give her a real home, she and Ji Cheng would be very happy for her.

"Okay." Gu Weiwei laughed, checked the time and said, "It is late, I will drive you home."

Luo Qianqian did not turn her down but just as they were about to go downstairs to get the car, Fu Hanzheng approached them.

Fu Hanzheng rolled down the window and said, as he looked at her, "Get in."

Gu Weiwei looked at him and approached the car.

"But I promised to send Qianqian home."

"Let Fu Shiyi send her home." Fu Hanzheng said.

Gu Weiwei made a call to Fu Shiyi but he said that he was on a date with Ding Dongdong and had no time.

She had no choice but to call her agent, but Jolin barely had enough time for the post-production team.

“Can we drive her home?”

Fu Hanzheng nodded. “Okay.”

Gu Weiwei asked Luo Qianqian to get into the car. Luo Qianqian sat in the passenger’s seat and she and Fu Hanzheng sat in the back.

The moment she got into the car, Luo Qianqian saw Fu Hanzheng holding Weiwei’s hand and chuckled inwardly.

Well, they did have a good relationship.

“Qianqian and her father are doing the music accompaniment for the movie. It has been a long time since we last met, so we talked for a while longer. You didn’t have to pick me up.” Gu Weiwei said as she got into the car.

Fu Hanzheng said, “It was on the way.”

Gu Weiwei found it funny. “The headquarters of Fu’s Enterprise and Shiyi Culture are in two different directions, you sure are lucky.”

Luo Qianqian said with a smile, “What Mr. Fu means, is that he can pick you up anywhere.”

Unexpectedly, after half a year, Fu Hanzheng still cared for her deeply.

Gu Weiwei smiled sweetly. “Really?”

Fu Hanzheng said, “Yes.”

Luo Qianqian’s home was not far away, so they quickly arrived at her home.

Before getting out of the car, she said to Fu Hanzheng, “Mr. Fu, Ji Cheng and I are waiting for you and Weiwei’s wedding, please inform us when you’ve made the plans.”

Fu Hanzheng thought for a while and said, “I will inform you in two months time.”

Hearing the words, Luo Qianqian threw a strange look at Gu Weiwei.

“Why did you say that you are not sure just now? The wedding date is already set!”

“I... I mean, I am not sure when.” Gu Weiwei smiled awkwardly.

“Alright, I will wait for your good news.”

Luo Qianqian got out of the car and waved at her.

Xu Qian turned around and drove them back to Landscape Villa.

Fu Hanzheng’s face sank when he heard what Luo Qianqian said.

After a long time, he turned to her and asked, "Are you regretting saying yes to getting married?"

What she had said to Ji Cheng about being uncertain of when the date was, was definitely not what she had meant.

"What? Are you regretting? I have never thought about marrying anyone else apart from you." Gu Weiwei said.

Fu Hanzheng pursed his lips and did not ask anything more.

But he still had a vague feeling that whether it was because she wanted a child or because she was not sure about the marriage, everything was because of that matter.

Even if she was really related to the Gu Family, he had never thought about not getting married. What was she hesitating for?
