

MY HIDDEN 711

Chapter 711: The Woman at the Top of the Food Chain

Gu Weiwei had received the ring a long time ago, so even if she thought that Fu Shiyi's proposal was weird, she did not think that it was anything to do with Fu Hanzheng.

"Cinemas are also very popular abroad, so we will need to make adjustments to the promotional events. We may need to visit a few more cities."

Fu Shiyi leafed through the new plan and asked.

"Is my brother okay with you not coming home for so long?"

She had been running all over the country for days and sometimes she was too busy to call him or his brother.

If she had to visit a few more cities, she would have to delay her return.

"Your brother has no problem with it, do you have a problem with it?" Gu Weiwei squinted at him.

Fu Hanzheng was not very happy, but she had already coaxed him.

"No." Fu Shiyi instantly gave up.

Gu Weiwei thought for a while and reminded him.

"When we get back, I want to terminate the contract and move behind the scenes."

Compared to the dazzling stardom, she was more interested in working behind the scenes.

"No need, you can do whatever you want." Fu Shiyi waved his hands and said indifferently.

Gu Weiwei raised her eyebrows. "What kind of boss are you?"

"I am not your boss, you are my boss." Fu Shiyi showed a flattering smile.

His brother was at the top of the food chain.

His brother had to obey her now, and according to the rules of the food chain, she was definitely above him and Second Brother.

Gu Weiwei chuckled and said, after he had finished reading, "If you have no problems with it, then that is the plan."

"As long as you are happy." Fu Shiyi glanced at it briefly and did not bother to look at it anymore. He continued to play the game on his phone. "Oh yes, our mother asked if you can spend your birthday at the old mansion?"

"..." Gu Weiwei was startled.

Fu Shiyi glanced at her and said, "Our mother wanted to ask you directly, but our brother told them not to disturb your work, so she asked me to ask you instead."

In his brother's eyes, she was his only wife and no one else was allowed to take advantage of her.

"What did your brother say?" Gu Weiwei asked. Fu Hanzheng had never mentioned this to her.

"No idea, of course he wants to spend some alone time with you." Fu Shiyi snorted.

Gu Weiwei thought for a while but did not make a decision.

"Talk with him when we get home."

She had been very busy with work these days, partly because she was indeed very busy, and partly because she was afraid that she would have to confess everything to him.

Even though she had thought of hundreds of excuses and had expected all kinds of consequences, she was still afraid that that day would come, afraid that her hard-won happiness would be ruined.

"Our mother also asked you if you can stay at the old mansion after you marry my brother." Fu Shiyi continued to convey Mrs. Fu's message.

Gu Weiwei said, "Well..."

"Our brother would never agree to it, but you know that my mother only has sons. Girls are rare treasures in the Fu Family and our mother and grandma would like to have grandchildren..." Fu Shiyi said helplessly.

The whole family had hoped that there would be a girl after him and Second Brother, but they had been disappointed.

If she married his brother, his mother and grandma would definitely want to enjoy the feeling of having a girl at home.

"We can talk about that later." Gu Weiwei laughed dryly.

Now, she did not even know if their marriage would be successful.

How could she answer them now?

Chapter 712: Ling Yan and Her Mother's Plan

While Gu Weiwei and the crew of Sleepless were running around because of the promotional event, Ling Yan and her mother were so worried about the content of the movie that they had not slept for two days.

Ling Yan was not in the mood to do any more promotional activities, either. She was trying very hard to stop Gu Siting from getting the news about Gu Weiwei's soul's whereabouts.

But no matter how much they tried, they could not think of a way to stop Gu Siting and Cayman Dorrans from getting Gu Weiwei's information.

Seeing her daughter looking haggard, Ji Fang tried to persuade her.

"Yanyan, take a rest. You have a lot of work to do these days and you need to worry about these things instead..."

“Mom, we are running out of time. That man is going to show up soon and tell Gu Siting about Gu Weiwei.” Ling Yan was on the verge of breaking down.

For the past two days, whenever she closed her eyes, she would always dream of Gu Weiwei digging out her heart.

“But Gu Siting and Cayman Dorrans are smart enough to suspect us, if we do anything suspicious.” Ji Fang said.

Especially when Cayman Dorrans’s men had not trusted them from the beginning and if they tried to stop them from knowing about Gu Weiwei, it would mean that they were guilty.

Feeling frustrated, Ling Yan got angry at her mother.

“Are we just going to wait for death to come knocking on our door?”

She had been on the verge of death many times in the past, and she now wanted to live a healthy life more than anyone else.

“If everything is as you have guessed and Mu Weiwei knows about Gu Weiwei, then we can only take a gamble.” Ji Fang said as a sinister expression flashed across her eyes.

They had no way out now.

Hearing her mother’s words, Ling Yan’s eyes lit up and she mumbled, “Yes, if Mu Weiwei and Gu Weiwei are in contact with each another, then... without Mu Weiwei, they might not be able to find Gu Weiwei.”

Ji Fang sighed. “But the problem is that Mu Weiwei is under the protection of Fu Hanzheng’s men, how are we going to deal with her?”

They could not stop Gu Siting and Cayman Dorrans from knowing about Gu Weiwei, so they had to get rid of the person who was most likely to know about Gu Weiwei.

Ling Yan stayed silent for a while and then smiled.

“Someone else... can help us.”

“Who?” Ji Fang was surprised. They should not reveal this matter to outsiders.

Ling Yan gritted her teeth and said, “One month before Gu Weiwei was stabbed, a mysterious man came to me and asked me about the Gu Family. He also asked me to give him Gu Weiwei’s blood.”

“At that time, I had no idea what he was up to, but one month later, something happened to Gu Weiwei and he also gave me the drug that could cause her to be brain dead.”

“It seems that they were trying to find out if Gu Weiwei was Cayman Dorrans’s daughter.”

“...Yanyan.” Ji Fang had not expected that she was actually the cause of the assassination.

She had thought that she was trying to transplant Gu Weiwei’s heart because she saw that Gu Weiwei was seriously injured.

"I had no idea that he was going to kill someone." Ling Yan argued back.

When Gu Weiwei was brought to St. Paul's Hospital, she was already dying, so she wanted to do whatever she could to get her heart transplanted.

Ji Fang sighed deeply. Mu Weiwei had been dead for so long and so she did not want to ask any more questions.

"Will they help us?"

"That man left me a contact number, saying that if I needed any help in the future, he can help me." Ling Yan said, as she found the number she had never called before.

Chapter 713: Mu Weiwei

"Hang on!" Ji Fang stopped Ling Yan from making the call.

"Mom, we are running out of time." Ling Yan looked at her mother and anxiously said.

If she did not do anything now, she would go crazy!

Now, she could only place all of her hopes on Mu Weiwei, hoping that she would be the key person for them to find Gu Weiwei.

So long as she was killed, Gu Siting and his men would not be able to find out the truth about Gu Weiwei's death.

"I am not stopping you, but you can't make this call with your own phone." Ji Fang reminded her.

If she made this call with her own phone, they would be in trouble if Gu Siting and the others started to investigate; they would be easily found out.

By that time, they would be suspected of not only Mu Weiwei's, but also Gu Weiwei's assassination and her brain death.

Hearing Ji Fang's explanation, Ling Yan gave up making the call.

"Yes, you are right. We can't call them ourselves."

Ji Fang calmed herself down and reminded her.

"Call on someone else's phone tomorrow, but don't let anyone else find out about it."

Otherwise, not only would Gu Siting and Cayman Dorrans not spare them, but Fu Hanzheng would also not spare them either.

Ling Yan nodded thoughtfully and planned everything out, before taking a rest.

The following day, after the promotional event, she borrowed a phone from one of the staff members, saying that her phone was out of battery.

Then she dialed the number she had memorized countless times.

At first, no one answered the phone.

Ling Yan made two more calls and it was not until the third call that someone finally answered.

“Who?”

“My surname is Ling.” Ling Yan said.

The man guessed her identity and straightforwardly said, “Miss. Ling Yan, what can I do for you?”

Ling Yan did not waste any more time and directly made her request.

“I want you to get rid of someone.”

“Who?”

Ling Yan looked around and said, after making sure that no one was watching, “Mu Weiwei from Hua Land.”

“Miss. Ling sure has a big appetite. That is the future Mrs. Fu that Fu Hanzheng will be marrying, and you want me to get rid of her for you?” The man snorted coldly, as if he had no intention of agreeing to her terms.

“You promised me before, are you going back on your word now?” Ling Yan angrily asked.

This was the only helper she could find.

“Miss. Ling, your request is too risky. If we get rid of her, we will become enemies of the Fu Family. I can offend Gu Siting, but I don’t want to mess with Fu Hanzheng.” The man said.

Ling Yan gritted her teeth and furiously said, “That is not up to you. If you don’t help me, none of us can run away from Gu Weiwei.”

“Miss. Ling, I think that compared to being the woman who got rid of Fu Hanzheng’s girlfriend, getting rid of Gu Weiwei was less difficult and risky.” The man’s voice sank and sounded so cold that it made people shiver.

Ling Yan did not expect him to be so uncooperative, so she straightforwardly said, “Mu Weiwei knows about Gu Weiwei. If we don’t get rid of her, neither of us will be able to escape. Cayman Dorrans has been investigating Gu Weiwei’s death.”

At that time, she had no idea who the man was or what his purpose was.

But now, she could guess that he was either from the Anderson Family or one of Cayman Dorrans’ enemies.

Chapter 714: Guilty Heart

However, he did not believe what Ling Yan said.

“How could someone, who grew up in Hua Land, know about Gu Weiwei’s death? Miss. Ling is just jealous that the new Movie Queen has ruined your reputation, so you had to find a better excuse to get rid of her.”

"I..." Ling Yan was so annoyed that her breath was irregular, but she knew she had to explain to him patiently. "If that is all, would I risk offending Fu Hanzheng?"

Mu Weiwei had dealt a huge blow to her career, but she was not convinced.

However it was not necessary to get rid of her yet, just because of that, but she knew too much about Gu Weiwei.

No one knew what Gu Weiwei looked like before she died, but she clearly portrayed it in the movie.

No matter what kind of relationship she had with Gu Weiwei before, if she wanted to stop Gu Siting and his men from finding Gu Weiwei, she had to get rid of her first.

If they were lucky, Gu Siting and his men would not be able to find out the truth about Gu Weiwei's death.

If she was unlucky, she would die anyways.

The man stayed silent for a while and asked, "How does she know?"

"I don't know yet, but what I am sure of is that she knows a lot about Gu Weiwei, including... how Gu Weiwei died." Ling Yan reminded him when she heard that he was willing to listen to her.

"In her new movie, there is a scene where she killed someone and caused them to be brain dead. That actress looked exactly the same as when Gu Weiwei died. It can't be a coincidence."

"I think you are guilty." The man was still suspicious.

"Also, when she was brought to the Gu Family, she tricked Gu Siting, as if she were possessed by Gu Weiwei. One thing can be a coincidence but how can it remain a coincidence, when they keep occurring one after the other?" Ling Yan said.

The man stayed silent, as if he was thinking about something, but eventually said, "No, it is too risky, I can't promise you anything."

"Once Gu Siting and Cayman Dorrans find out about her, none of us will be able to run away. You came to me to confirm that Gu Weiwei was Cayman Dorrans's daughter and I know you were involved in the Anderson Family's assassination. If they find out about it, we will both die." Ling Yan coldly warned him.

"If she had known about everything, she would have told me about it a long time ago. Do you think that I would take such a huge risk to get rid of Fu Hanzheng's fiancée because of your wild guess?" Apparently, the man did not want to offend Fu Hanzheng.

Ling Yan took a deep breath and threatened him.

"Since you are not willing to do anything, then we can only tell Cayman Dorrans about our meeting."

"Miss. Ling, no one knows about our meeting back then. If you want to continue thinking that way, maybe you should have died instead of Mu Weiwei." The man sneered.

Ling Yan snorted and said, "You want to kill me?"

"If Miss. Ling can't control her mouth, then that is all I can do."

"If the Dorrans Family does not find out anything about my involvement, of course I will not say anything. But if your inaction leads to me being exposed, then I will have to tell them the truth." Ling Yan said.

The man thought for a while and said, "Let me find out if what you said is true or false. I will get back to you within three days."

"Okay." Ling Yan agreed and let out a sigh of relief.

The fact that he was willing to talk with her showed that he believed her.

At least she and her mother were not going to face this matter alone anymore.

Chapter 715: Murdering

After the phone call, Ling Yan and her mother Ji Fang felt that they had found an alliance and the burden in their hearts was lifted.

On the evening of the third day, when the mother and the daughter were drinking coffee in the cafe of the hotel, a man wearing a hat said from behind them, "Miss. Ling, what you said is indeed suspicious, but Mu Weiwei knows so much without any evidence."

Ling Yan thought for a while and told him everything about Gu Weiwei and the Nine-Eyed Pearl.

"It is a bit suspicious, but it is too troublesome to do anything to her." The man said.

"Will you still find it troublesome when the Dorrans Family finds out about us?" Ling Yan tilted her head and spoke coldly.

Of course she knew that Mu Weiwei was Fu Hanzheng's fiancée, and if she did anything to her, she would become Fu Hanzheng's enemy.

But who would have thought that it would come to this?

Sitting behind her, the man stayed silent for a while, as if he were considering the feasibility of the matter.

Ling Yan took a sip of coffee and suggested something.

"Actually, there is a way to make sure that we are not implicated."

"What is it?"

"You and I are not the ones who most want Mu Weiwei dead, but the Li Family. You must have checked Mu Weiwei's information and you must know what she has been up to with the Li Family." Ling Yan said.

If they hired someone to do something to Mu Weiwei, it would be very easy for them to blame the Li Family, no matter what happened.

Therefore, they must not use their names to hire the assassins.

"Are you saying that you prompt the Li Family to hire the murderer?" The man asked.

"Yes, but we need to arrange someone reliable, who can do it in one clean shot." Ling Yan said.

It was the time when the Li Family most hated Mu Weiwei. As long as this opportunity was presented to them, they would definitely ask someone to get rid of Mu Weiwei.

After all, they did not know about the relationship between Mu Weiwei and Fu Hanzheng, so they were not worried about it.

Sitting behind Ling Yan, the man sneered. "Women are indeed cruel."

If Gu Weiwei knew that the person she had saved, was the murderer who had killed her and transplanted her heart, she would not be able to rest in peace.

Ling Yan pursed her lips and did not take his words to heart.

"Lure the Li Family to hire someone, but the hired person must be successful, otherwise Fu Hanzheng's bodyguards will get rid of them before they can do anything."

"Okay, we will follow your plan." Having said these words, the man closed the newspaper and was about to leave.

Ling Yan glanced sideways. "Who are you?"

"You don't need to know who I am. After this, we will not meet again." The man said and left the cafe.

Ling Yan let out a long sigh of relief, picked up her coffee and took another sip, before saying to Ji Fang, who was sitting opposite her, "Mom, this man was able to work with the Anderson Family to attack Gu Weiwei, so this time he will also not fail."

"Hopefully." Ji Fang sighed.

They had only offended the Gu Family and the Dorrans Family and now they would have to offend the Fu Family of Hua Land. In order to survive, they had made three powerful families their enemies.

With Mu Weiwei still around, she would not be able to live a peaceful life.

But ever since her daughter and that man provided information about Gu Weiwei and Gu Weiwei was assassinated, they had no way out.

However, she could only take it one step at a time.

Chapter 716: Mu Weiwei

In the capital city of Hua Land.

Although Li Xing'er and Wei Ziting had gotten their marriage certificate, the Wei Family did not plan to hold a wedding for them, nor did they allow them to stay at the family home.

Therefore, she and Wei Ziting had to live in the same apartment, as they had before.

Since she was pregnant, Wei Ziting hired someone to take care of her and her life was quite stable.

But because of the Li Family, she could not show her face.

She had spent the entire night in the apartment and when she switched on the TV, she saw so many reports about Mu Weiwei that she almost smashed the TV into pieces.

It was not until the lawyer called and informed her that Zhou Meiqin and Li Jiacheng were going to court next month that she asked Wei Ziting, "Brother Ziting, can I meet my mother?"

Wei Ziting looked at her and nodded.

"I will ask the driver to drive you there this afternoon."

Although he did not want to see her and Zhou Meiqin being together, they were still her family and they would not have many opportunities to meet in the future.

"Thank you, Brother Ziting." Li Xing'er said coyly.

Wei Ziting buried himself in the food and said nothing more.

Although they were married, she felt that something had changed.

He no longer liked Li Xing'er as much as before, and it seemed that it was only because she was with child that he had stayed.

In the afternoon, Wei Ziting went to the company and asked someone to drive Li Xing'er to the detention center to visit Zhou Meiqin.

After the mother and daughter talked about the recent situation, Zhou Meiqin glanced at the guard and said, "Xing'er, after you go back, go to the Blue Succubus Bar in the south of the city and find a man called Kerry. I had a deal with him before but I did not pay him the full amount."

"What business?" Li Xing'er was confused.

"Don't ask too much, just go." Zhou Meiqin whispered.

Li Xing'er asked, "How much do you owe him?"

Zhou Meiqin said, "Five million yuan."

"Where am I supposed to find so much money?" Li Xing'er said in astonishment.

Five million yuan had been nothing to them before, but now the company had been taken over by Mu Weiwei's people and her own properties were almost gone.

"This is a very important business and the profits are great, you can do it." Zhou Meiqin spoke firmly.

The visitation phone was being monitored, so she could not make it too clear.

Li Xing'er had to find Kerry and finish the task.

Their family was in such a state, and she was not going to allow Mu Weiwei to live a luxurious life.

During the past two days, she had heard from others that as long as they paid the money, they could hire killers from abroad to take the lives of others.

She was detained now, so Xing'er had to do the job.

If Mu Weiwei wanted to take everything back to the Mu Family, she would have to die.

Li Xing'er sighed. "Then I will think of something."

“Remember, he is of mixed ethnicity and his name is Kerry.” Zhou Meiqin reminded her.

“I understand, I will go there when I can.” Li Xing’er said.

“You must go there as soon as possible, it is very important.” Zhou Meiqin stressed again.

Li Xing’er threw a confused look at her mother. “What is it?”

“I can’t tell you clearly, you will know when you find him.” Zhou Meiqin said.

Although Li Xing’er was confused, she knew that it must be something very important for her mother to be in a relationship with him.

“Alright, I will go there as soon as I get the money ready.”

Chapter 717: Li Xing’er

After leaving the detention center, Li Xing’er thought about what Zhou Meiqin had said. She had a feeling that the Kerry her mother wanted her to find was not a businessman.

But there must be a reason why she was in such a hurry.

Therefore, she spent two days gathering the money and went to the Blue Succubus Bar that Zhou Meiqin had mentioned.

But when she entered the bar, she found that there were many foreigners and people of mixed ethnicity, so she had to ask the bartender about Kerry.

After making a call, the bartender led her to a hidden private room in the bar.

In the private room, a mixed ethnicity young man, who was wearing sunglasses, poured two glasses of wine, when he saw her approaching him.

“Most of the time, the person who requests after Kerry wants to spend their money to solve some problems.”

“Problems solving?” Li Xing’er was surprised.

Seeing her surprised look, the man snorted.

“You want to spend money to make someone disappear from the world. If you don’t know what you are here for, how do you know the name Kerry?”

Hearing the words, Li Xing’er understood why her mother Zhou Meiqin had asked her to come here.

Mu Weiwei was the only person the Li Family wanted to disappear from this world.

Her mother wanted her to come here and spend money to get rid of Mu Weiwei.

“My mother was framed and put in jail. She told me to come here to find you.”

Kerry sized up this woman who was fully geared up with a mask, sunglasses and hat. So this was the business he had to take on.

“Tell me, who do you want me to kill?”

“I need to know if you can do it or not.” Li Xing’er sized him up and showed her obvious distrust in him.

“How do you want me to prove it to you?” Kerry snorted.

Li Xing’er was a bit hesitant. Of course she wanted Mu Weiwei to disappear from this world forever.

But if this man did not succeed, the Li Family would be suspected.

“This kind of business has always been about mutual consent. If you don’t trust us, we won’t force you.” Kerry clearly saw her hesitation.

Anyway, they only told him that if the Li Family came to him, he should take the proposal and carry it out himself.

But if the other party was not willing to make the deal, he would not force her to hire him.

“Five million, is it?” Li Xing’er made up her mind and asked him how much it would cost.

Kerry took a sip of the wine and sneered.

“Who is the target?”

Li Xing’er gritted her teeth and said, “Mu Weiwei.”

“It is very troublesome to deal with a public figure.” Kerry said.

Mu Weiwei was a household name in Hua Land now. If she was not killed cleanly, the media and the police would keep investigating.

“So... you don’t dare to accept the challenge?” Li Xing’er countered.

Kerry poured another glass of wine and said, “It is just a bit troublesome, I did not say that I can’t do it.”

After all, he had been in this industry for years and he had never failed.

“What are you going to do?” Li Xing’er asked.

“She seems to be promoting a movie abroad and it is not easy to keep track of her when she’s out of Hua Land.” Cree said simply, not intending to tell her anything more.

Li Xing’er nodded. This man was indeed smart.

If the murder took place overseas, the local police would take care of it. Mu Weiwei might be influential in Hua Land, but it wouldn’t be easy to cross the border to find her if she just so happened to... disappear.

Chapter 718: Gu Weiwei’s Purpose

Seeing that she had agreed, Kerry took out a business card with an overseas account printed on it.

“Just in case, find a safe way to transfer the money into this account.”

Li Xing’er took the business card and carefully put it away.

“When will there be a result?”

Kerry finished the wine and said, "You won't see her coming home."

Instead of asking anything more, Li Xing'er got up and left the Blue Succubus Bar, feeling both nervous and expectant.

After she got home, she transferred the money first into Wei Ziting's account and then to Kerry's account.

Due to Wei Ziting's work abroad, he often had access to the company accounts and personal accounts, so he would not be very suspicious.

Now she would just have to wait for the good news.

...

At the same time, Gu Weiwei and the cast were invited to do the promotional and fan meetings in the capital cities of Europe.

Song Yu had other important work to do, so he did not follow them. Only Qiu Ling and Fu Shiyi were with her.

After a long day of work, she received a call from Yuan Meng.

"According to what you said, I noticed that the Anderson Family did not have any contact with Ling Yan. Could it be that you are wrong?"

Gu Weiwei frowned. "Really?"

It was not the Gu Family who had revealed her identity, nor was it Yuan Shuo or Yuan Meng. She suspected that it was related to Ling Yan.

The Cayman Dorrans Family had been investigating the Ling Family and St. Paul Hospital, but they had found no clues about the drug that caused her brain death.

So she wondered if the drug was given to them by someone else.

Could it have been someone from the Anderson Family who had tried to kill her but then gave Ling Yan drugs, when he found out that she was not dead?

But Ling Yan did not make any obvious moves, and even when the Dorrans Family found out about the Nine-Eyed Heavenly Jewel, they did not discover the murderer.

That was why she had made the scene where she looked very much like Gu Weiwei before she died. The moment Ling Yan saw the movie and Gu Siting's Nine-Eyed Pearl, she would definitely suspect that she was back from the dead.

But she was not in a position to deal with everything, so she would definitely get rid of her by using the person who had asked her for help.

If there was really such a person, she would definitely ask them to meet her. After all, there was not much time left until Gu Siting mentioned her whereabouts.

“No, but I did get some information from Alex. The Andersons were not the only ones who participated in the assassination against you.” Yuan Meng said and reminded her. “If it is really as you expected, I might meet someone from the Anderson Family who knows but... I don’t know who that person is.”

Gu Weiwei gritted her teeth. “But it is not convenient for us to keep an eye out for that person. Hopefully, the Dorrans Family can find out who they are.”

Yuan Meng sighed and reminded her. “Just in case, you better be careful. I am afraid that someone will attack you.”

“Fu Hanzheng has arranged for someone to protect me. If someone really tries to do something to me, maybe I can find out who that mysterious person is.” Gu Weiwei said.

Yuan Meng said, “It is not clear who he is, but he must be one of Cayman Dorrans’s enemies.”

“If someone really comes, I will contact you in time, please continue the investigation with Master.” Gu Weiwei begged her.

Chapter 719: Good Luck

Without hesitation, Yuan Meng agreed.

“Be careful and try not to fight them head-on. Leave the rest to us.”

The Anderson Family had sent Yuan Meng to investigate her identity, but what she had told them was that she was not related to Cayman Dorrans.

However, someone else had revealed to the Anderson Family that she was Cayman Dorrans’s biological daughter, which led to the assassination. She was seriously injured and ended up in the Ling Family’s hospital, where her heart was dug out.

“Okay, be careful too.” Gu Weiwei said.

“You better take care of yourself. You are such a dumb person.” Yuan Meng snorted.

She found it strange. It was very easy for her to learn a lot of things from being a film director to a pianist, but when she learnt martial arts from her and Yuan Shuo. She just did not understand anything.

They had taught her so much but she had not even learned one-tenth of what they had taught her.

Gu Weiwei countered.

“Also, don’t cheat, when Master is not around.”

“Damn you, do I look like a playboy?” Yuan Meng said.

Gu Weiwei snorted. “You don’t look like one but you are a flirt.”

The moment she saw a good-looking man with a good figure, her eyes turned green.

Yuan Meng blew out a smoke ring. “You still haven’t told Fu Hanzheng, are you waiting for Gu Siting to tell him?”

Gu Weiwei sighed. “Let’s talk about it after I’m done working.”

It would take more than one or two days for them to solve the problem after the movie was released.

By that time, the movie wouldn't be affected if she was distracted.

After the promotion she would ask Jolin not to schedule any more work for her, so that she had time to deal with this matter.

"Alright, you can do whatever you want." Yuan Meng smiled sinisterly and said, "But if Fu Hanzheng doesn't want you anymore, or if you get tired of him, you can come straight to me. I have found many good-looking and young, but I am not going to be able to enjoy them myself, so you can have them all."

"..." Gu Weiwei speechlessly felt her forehead – this conversation was not going to last very long.

"Alright, stop joking."

Yuan Meng stopped joking and said seriously, "If the person hiding in the dark wants to do something to you again, it will not be an ordinary person. You must be careful. That person borrowed the Anderson Family's hands but never showed himself. I am afraid that even the Dorrans Family does not know that such a person is involved."

"Okay." Gu Weiwei answered and asked, "Did they really not make things difficult for you, when you returned to the Anderson Family?"

"No, but I am being forced to marry Alex." Yuan Meng said impatiently.

Because she had hidden the information and refused to report it, she was punished according to the rules. But Alex, that golden retriever, had proposed to her, so the Anderson Family wasn't punishing her for the time being.

Gu Weiwei checked the time and said, "It is getting late, we have to catch the plane tomorrow."

"By the way, are you going to Sweden?" Yuan Meng suddenly asked.

Gu Weiwei thought for a while. "Yes, we are going to Stockholm, Sweden."

Yuan Meng smiled mysteriously and said, "Let me divine your future with my fingers, you will have luck with men there."

Recently, the Anderson Family's intel found out that someone was trying to find out about her, a certain superstar. If she was lucky, she might run into them.

Chapter 720: My Brother Loves You

She had just finished speaking, when Gu Weiwei hung up.

After the call with her, she asked Lei Ning to come to her room.

In case the mysterious third party would send someone after her, she needed Lei Ning to stay close to her.

He was someone who could get someone else to do the dirty work but still avoid the gaze of the Dorrans Family. If he was going to do something to her, the person he arranged would not be an ordinary person.

Although she was capable of protecting herself, it was better to leave the fighting to Lei Ning and the other bodyguards.

She was very careful when she went out for the promotional events, but no suspicious characters showed up.

The promotional work was coming to an end and they went to the Stockholm Station in Sweden for one of the final promotional events.

After the promotional event, the organizer even invited them to their private winery to attend the celebration party because their movie was very popular.

After the event, they went back to the hotel and then went to the private winery arranged by the organizer.

The winery was located on the Knight's Island in the old district of Stockholm; it was where the knights and nobles lived in the 17th century. It was also the political center of Sweden at that time, so there were many ancient Chinese buildings left behind.

Parts of it were either turned into a tourist attraction, a private resort or a winery.

Gu Weiwei, Fu Shiyi and Lei Ning were in one car, and Jolin was driving Qiu Ling in the other. The two cars were driving one after the other, on their way to Knight Island in the old district.

Sitting in the car, Fu Shiyi was playing with his phone.

"I heard that the wine from this winery is very famous in Europe, so Second Brother asked us to bring some back."

"Do you all have collection habits?" Gu Weiwei asked with eyebrows raised.

Fu Shiqin had just showed off in the group chat that he had bought a bottle of wine worth 60 million yuan, and now he was asking them to bring more wine home.

Fu Shiyi thought for a while. "I think so, my father and I like to collect cars and Fu Shiqin likes to collect wine."

Gu Weiwei asked, "What about your Fu Hanzheng?"

Fu Shiyi thought hard and said, "My brother used to like collecting money, a lot of money, so he was like a workaholic. But recently, he has fallen in love with a different type of collection."

"A different collection?" Gu Weiwei raised her eyebrows. She had no idea that Fu Hanzheng had such a hobby these days.

Fu Shiyi chuckled. "My brother has fallen for you."

"..." Gu Weiwei was speechless.

They were just talking when Lei Ning, who was driving, received a call and then ended the call nervously.

"Someone is watching us, bring out the gun under the car seat."

“What do you mean?” Fu Shiyi asked in astonishment.

Gu Weiwei calmly took out the guns from underneath the seat. She kept one for herself, gave one to Fu Shiyi and one to Lei Ning.

It seemed that she was right, that man was finally here.

He was involved in everything from the assassination to her brain death.

She made a call to Jolin. “It is a bit of a troublesome situation, drive the other way and contact me when you are safe.”

They were here for her and if Jolin and Qiu Ling followed them, they would be in danger for no reason.

Lei Ning said, as she turned the steering wheel and turned into another road, “Third Master, call the boss, we need help.”

The other bodyguards had already started to fight with the attackers to buy them time.

But if they had come prepared, they might not be able to deal with them.
