

# MY HIDDEN 761

## Chapter 761: Adapting to Life With Children

Fu Hanzheng looked at Yuan Bao in silence for a few seconds, put down what he was doing and said, "Go wash your hands and eat dinner."

He was resistant to this child out of reflex, but he had promised her that when she recovered and got married, they would have a child if she really wanted one.

So now was the time to get used to having children around.

Gu Weiwei was surprised. She had thought that he would object, so she decided to bring the child home first without asking.

Unexpectedly, he did not object.

She put down Yuan Bao's luggage and took him to wash his hands, before bringing him to the dining room for dinner.

It was easy at the dinner table too. If Yuan Bao was given food, Fu Hanzheng would be given food too.

Therefore, the atmosphere was quite harmonious.

After dinner, Fu Shiyi was watching cartoons with Yuan Bao, so Gu Weiwei followed Fu Hanzheng upstairs to the study.

"I brought Yuan Bao home, why are you not angry?"

He had always objected to Yuan Bao staying here.

"So you would not let him stay here, if I was angry?" Fu Hanzheng countered.

Gu Weiwei shamelessly hugged him. "It's just for a few days, Yuan Shuo will pick him up when he comes home."

"Anything from the Li Family?" Fu Hanzheng asked casually.

She said that it was not convenient for the Fu Family to get involved in the Li Family's bribery, so she went to the Li Family herself.

Gu Weiwei thought for a while and said, "A woman named He Linna tried to get Zhou Meiqin to help her, but she has been bailed out."

It was impossible that she had failed to find anything. That would be too suspicious.

If she told him now and he asked his men to investigate, he would find that Yuan Meng and her men would have already taken her away.

Fu Hanzheng nodded. "I will ask Lei Meng to find her."

Gu Weiwei said, "I will send Yuan Bao to kindergarten tomorrow and I will go to the company to find you."

"Get the servants to take him," Fu Hanzheng said.

"I promised to take him," Gu Weiwei insisted.

"You want the news headlines to say that you have an illegitimate child tomorrow?" Fu Hanzheng raised his eyebrows.

The high box office and quality of Sleepless had almost become legendary in the Chinese-language film industry and she had gained unprecedented attention.

If it had not been for the tight security of the Fu Family, she would have been spotted by the paparazzi.

Gu Weiwei smiled helplessly. "Then I will drive with him to the school and ask the servants to walk him in."

Ever since she started her career, she had not been involved in any scandals except for work. Now, she was being watched by the paparazzi, so she had to be very careful.

"When he goes to bed, just leave him with Fu Shiqin or Fu Shiyi," Fu Hanzheng said.

He could accept that he was staying here, but that did not mean that he was willing to share the same bed with him.

"...Alright." Gu Weiwei compromised and thought of what Mrs. Fu had said when she called her this morning. "Oh yes, Mrs. Fu asked if I could go back to the old mansion on my birthday."

It seemed that she was trying to make it up to her by giving her a proper birthday at the Fu Family because she had misunderstood her these years.

Fu Hanzheng looked down at her. "You want to go home?"

Gu Weiwei nodded. "I haven't celebrated my birthday with my family for years."

Fu Hanzheng lowered his head and kissed her forehead as he said, with a doting tone, "Then let's go home."

At the age when she was supposed to be carefree, she had experienced a car accident, a life and death situation and the collapse of her family.

Although she had never mentioned these sad experiences in front of him, he knew that those were sore spots for her and he would not let her suffer anymore.

## **Chapter 762: Love**

Hearing his agreement, Gu Weiwei kissed him on the lips.

"Mrs. Fu has mentioned it several times, and it is a kind gesture from the elders, but I don't mind sharing it with just you two."

Fu Hanzheng chuckled. "That is good too."

“Then you can work, I will go and put Yuan Bao to sleep.” Gu Weiwei unwillingly released his hands and left the study.

Fu Hanzheng was busy dealing with work, so after washing up with Yuan Bao, she told him a story, put him to sleep and carried him into Fu Shiyi’s room.

“Sister-in-law, this is not very nice of you.” Fu Shiyi protested with a frown when he saw the boy being delivered to his room. “Why not give him to Fu Shiqin? I don’t know how to take care of children.”

Gu Weiwei put down Yuan Bao, put his teddy bear into his arms to sleep with him, before she covered him with the blanket.

“It is fair for you two to take care of him for one day.”

“I...” Fu Shiyi lowered his voice and said, “Our brother needs to get used to life with children too, right? When you have children in the future, will you give them to us too?”

He had thought that his brother had changed his mind by agreeing to let Yuan Bao stay here.

But nothing happened.

“Go and tell your brother what you think.” Gu Weiwei said and left his room.

Luckily, Yuan Bao slept deeply throughout the entire night and did not wake up until Fu Hanzheng and the others went to work.

Gu Weiwei took care of his breakfast and drove him to the kindergarten with the servant. Then she asked the servant to hand him over to the teacher.

She returned home and made some side dishes and cookies, which she rarely made anymore. Then she took them to the company during the lunch break.

When she arrived at the meeting room, Fu Hanzheng and his men were in the middle of a meeting, so she went straight to his office and waited.

Xu Qian brought her some tea. “Boss should be done in ten minutes.”

“Okay.” Gu Weiwei nodded and gave him the bag of cookies. “Give them to everyone.”

“Thank you.” Xu Qian took it and within a few minutes, all of it was gone.

After the meeting, Fu Shiqin and his men came out. He sniffed and asked, as he smelled the faint scent, “Which one of you is eating something delicious?”

One of the staff members said happily, “The lady boss brought us some very tasty cookies. We just finished them.”

Fu Shiqin found the bag of cookies and found that everything was gone.

“You guys are amazing, not a single crumb is left.”

“It is so delicious, what could be left?” Another employee said.

Also, it was not easy to eat something made by the lady boss.

Fu Shiqin failed to find her in the office, so he went straight to Fu Hanzheng's office to ask Gu Weiwei for an explanation.

"Sister-in-law, why are my cookies missing?"

The moment he entered, he saw rows of delicious dishes laid out on the table.

"There is more at home, go home and eat," Gu Weiwei said as she scooped the rice and gave it to Fu Hanzheng.

Seeing that there was food, Fu Shiqin did not ask for more cookies but sat down and started to scrounge for food.

Fu Hanzheng squinted at him. "What are you still looking at? Didn't the secretary order you food?"

"There is so much delicious food here, and yet you still want me to eat takeout?" Fu Shiqin was displeased.

"It is not yours," Fu Hanzheng said.

Fu Shiqin looked at the meatballs with a pitiful look, yet he could not eat them.

When his brother and sister-in-law were eating in front of him, he would pass food for them instead of actually eating it himself.

He got so annoyed that he went out and ate two portions of food by himself.

### **Chapter 763: Sarang-e (사랑에)**

Gu Weiwei had lunch with Fu Hanzheng at the company, and when he was having a meeting with the top managers at the small conference table in the office, she occupied his desk and spent the entire afternoon writing and painting.

After she finished the painting, she stuck it on the wall next to his desk and admired it with satisfaction.

When Fu Hanzheng finished the meeting, she saw that it was almost time to pick up Yuan Bao, so she said goodbye to him.

"Get someone to pick him up, wait in the car, don't go to his school." Fu Hanzheng reminded her.

He did not want to see rumours of her having an affair with a photo of someone else's child in the news.

"Got it." Gu Weiwei let him lead her out of the office and they waited for the elevator together.

Seeing the elevator opening, Fu Hanzheng said, "I'll see you at home."

Gu Weiwei entered the elevator and made a heart gesture with her hand to the man outside. Then she raised her head and made a heart gesture with her arms.

"Uncle Fu, Sarang-e!"

Fu Hanzheng chuckled. "Drive safe."

He did not return to the office until the elevator closed.

The moment he entered the office, he saw Xu Qian and Fu Shiyi staring at the wall next to his desk.

“What are you looking at?”

Fu Shiqin pointed at the painting on the wall. “I am looking at the masterpiece left by sister-in-law.”

Fu Hanzheng approached and saw a piece of paper stuck to the wall. It was a brief comic.

It was a painting of him at work, so it looked normal.

The next section showed him at home, looking sweet and loving.

It was signed by Mrs. Fu.

It was obvious that she had spent the entire afternoon painting at his desk.

He removed it and said to Xu Qian, “Put it in a frame and hang it up.”

“...”

Fu Shiqin looked at his brother speechlessly, wondering if he should set up another incense table for him.

He treasured whatever his sister-in-law gave him.

His sister-in-law had only given him ties and he had seen him wearing one every day.

Xu Qian was not surprised at all. He took the painting and put it away carefully.

“I will get someone to do it later.”

Fu Hanzheng sat down. “Let’s start with your work report. Fu Shiqin, how is your project going?”

As soon as his girlfriend left, he switched to work mode.

Fu Shiqin gave him the report and added some more information. Then he complained.

“The project was supposed to start next month, but it has to be pushed forward, so we need to increase the workload...”

“I am getting married next month.” Fu Hanzheng interrupted him coldly.

Fu Shiqin was speechless.

Alright, alright, nothing is more important than you getting married.

If you get married, you are amazing.

Since he was getting married next month, he had changed a lot of the work plans.

“You are going on a business trip next week,” Fu Hanzheng said without changing his expression.

Fu Shiqin could not stand it any more. “Can’t you do it? And I can’t deal with those people either.”

He would not be able to suppress the big shots at the gathering alone.

“You are not a young child anymore, you need to deal with some things.” Fu Hanzheng warned him.

Fu Shiqin frowned and mumbled, “Why do you sound like you are planning to retire after getting married?”

Xu Qian explained to him speechlessly.

“Second Master, what Boss means is that after he is married, he needs to handle the Gu Family and so you are needed for this kind of business trip.”

### **Chapter 764: Your Imagination**

“I...” Fu Shiqin angrily protested angrily. “You can’t just order me around. What about Fu Shiyi? He has been away for so many years, it is time for him to come home and work.”

He had thought that it was a good thing for his brother to get married, but it seemed that it was not a good thing at all. In the future, he would have to do all the hard work.

“You are more mature than him.” Fu Hanzheng praised him.

Fu Shiyi was a smart man, but he was not steady enough. He was not the type of person who was used to being restrained, so he was not suitable to be in the head office.

“Brother, don’t think that praising me is going to work.” Fu Shiqin was inwardly feeling very pleased, but he did not show it on the surface. “We can’t let Fu Shiyi have it easy either.”

“Shiyi Culture will have a profit goal every year from the second half of the year onwards. If he fails, he will have to pay the price,” Fu Hanzheng said nonchalantly, as he leafed through the report.

Fu Shiqin felt better hearing the words, but still said, “You can’t put sister-in-law’s movies as the target of profits.”

Judging from the profits of Sleepless this year, as long as sister-in-law helped Shiyi Culture to make a movie, he would achieve anything.

“Of course.” Fu Hanzheng instantly agreed.

Fu Shiyi did not want to work at the Enterprise, but he had to pay a price for his freedom.

Fu Shiqin was totally satisfied. Anyone from the Fu Family who could not make money was useless.

If Fu Shiyi wanted to be free, he would not be able to be free unless he met his brother’s requirements.

They were just talking when Fu Hanzheng’s phone rang.

He glanced at it and picked it up when he saw that it was Lei Meng.

“Any news?”

Lei Meng said, “No news about He Linna yet. We have found out that he snuck into Eastern Europe. Maybe she has changed her identity. It will not be easy to find her.”

Fu Hanzheng frowned. “What is wrong?”

Normally, Lei Meng would not call unless there was a result or a problem he could not solve.

“We noticed that Gu Siting’s men are also looking for He Linna, and they got there before us,” Lei Meng said.

“Got it, we must find her before them.”

Fu Hanzheng ended the call and stayed silent.

Seeing his expression, Fu Shiqin asked, “Brother, what happened?”

“Gu Siting is also looking for He Linna, the girl who helped the Li Family to get the assassin,” Fu Hanzheng said.

Fu Shiqin said, “He is still in the mood to meddle with my sister-in-law’s affairs, even when we have stolen away such a huge project?!”

Because he kidnapped his sister-in-law and took her to the Gu Family, his brother had ruined the collaborations of the Gu Family in Europe and Gu Siting had had no time to harass his sister-in-law anymore.

But now he was trying to get involved with his sister-in-law again?

“Lei Meng said that they started to track that man before us,” Fu Hanzheng said.

“Why is this Gu guy so nosy?”

Fu Shiqin complained that he had to get involved in something that had nothing to do with him.

Fu Hanzheng said, “Not necessarily, it may be something else.”

Fu Shiqin blinked and suddenly said, “Could it be that the Gu Family is trying the same trick again? They could not do anything to you, so they attacked my sister-in-law. Now that they have failed, they are afraid that we will find evidence against them, so they want to find He Linna to silence her?”

Fu Hanzheng signed the work report and said, as he handed it over, “You are too imaginative, you can leave now.”

It was either the person who instigated the Li Family to do the deed was also related to the Gu Family or Weiwei had sent him the message too late, so that their investigation was delayed.

But if it was just to find out about Weiwei being attacked, the Gu Family would not have been ahead of him.

It seemed that he had to find He Linna to figure out what was going on.

### **Chapter 765: Little Mengmeng**

While Gu Siting and Fu Hanzheng were searching for Zhou Linna, Yuan Meng and Yuan Shuo had already arrived in Barcelona and contacted Anthony Gustav.

They also arranged the meeting place and the exact time.

They arrived at the appointed place early in the morning. Yuan Meng was still addicted to smoking, even after dressing up as Mu Weiwei.

So she took out a cigarette and was about to smoke.

Yuan Shuo stopped her. "Be careful, Weiwei doesn't smoke."

Yuan Meng put away the lighter, took the cigarette and sniffed at it. Then she leaned against him.

Yuan Shuo pushed her away. "Sit properly, you don't resemble her at all."

"She has such a flat body, and her breasts are so small that my chest aches. You can massage them for me later..." Yuan Meng threw a flirtatious look at him.

Yuan Shuo looked around and said, "Get down to business, don't mess around."

"Stop pretending! Have you forgotten who you got out of bed with last night?" Yuan Meng had lost all of her principles, so she spoke without hesitation.

Yuan Shuo stood up and walked away from her. This woman never stopped talking dirty.

"If you go any further, I will go back to Sweden with Prince Anthony, do you believe me?" Yuan Meng threatened as she looked at his back.

Yuan Shuo turned around and glared at her. "Stop it, we are here for business."

Yuan Meng raised her chin and said, "Darling, I want you to call me Mengmeng."

Yuan Shuo's lips twitched. Why did he fall in love with this woman and have a son?

Seeing his rejection, Yuan Meng became even more annoyed.

"Hurry up, I want to hear you call me Mengmeng."

Yuan Shuo was still ignoring her request and looking at the entrance, so that he could notice the appearance of Anthony Gustav.

Yuan Meng got up and grabbed his collar.

"Are you going to say it or not?"

Seeing someone approaching, Yuan Shuo quickly said, "He is here, he is here..."

Yuan Meng turned around and threw a look at him. Then she released her hold in his collar and sat back down, pretending to be a lady.

Yuan Shuo would have thought that it was Gu Weiwei who was sitting in front of him instead of his wife, if he had not known about it.

When Anthony Gustav came in, he did not recognize that the woman in front of him was someone else.

"I thought that you would not come to the appointment."

Yuan Meng sized up the Prince of Sweden who had very Western features. "Since you have invited me, of course I will come."

Standing next to her, Yuan Shuo reminded her with a small voice.

“Cut the crap, let’s get down to business, alright?”

Yuan Meng smiled and said, “Gustav, where is the woman I want?”

“Don’t be in such a hurry, we have just met.” Anthony Gustav sat down and said, “After lunch, we can travel around Barcelona Harbor and Olympic Harbor on the Lundlina...”

Yuan Meng’s lips twitched. Luckily, Weiwei did not come, otherwise she would have had to play with him.

If her jealous boyfriend knew about it, he would be livid.

“It is not that I don’t want to have fun. I just need to know if you really have her.”

Anthony Gustav said, “If I give her to you now, you will definitely leave with her.”

Yuan Meng gritted her teeth and suggested with a friendly smile.

“Then you can ask my bodyguards to leave with her first, and I will stay behind to go on a date with you. There are so many of your men around, I can’t run away.”

#### **Chapter 766: No Skills**

Yuan Shuo threw a look at Yuan Meng.

She could have turned him down or delayed him, so that their men could find out where she was and take her away.

But she did not even turn him down and agreed to play around with him.

Was she trying to get He Linna or was she trying to take the opportunity to flirt with the prince?

Could she have some self-awareness? She was already married with a husband and child.

However, Yuan Meng ignored his look and sat down happily for lunch with Anthony Gustav.

Hearing her words, Anthony Gustav took a look at Yuan Shuo, the bodyguard she was talking about and agreed.

“Bring him to where she is and hand her over.”

Yuan Shuo did not want to leave, but if he did not leave now, he would be suspicious.

So he left the restaurant with Anthony Gustav’s men and saw He Linna, who was being watched in secret, in the hotel not far away.

However, the hair that had previously reached her shoulders had been cut into a man’s short style in order to conceal her gender.

If he had not looked at her facial features carefully, he would not have recognized her.

He brought her into the car and she left with his own men. Then he got changed and returned to the restaurant where they had met Anthony.

He saw Anthony Gustav getting into the car with Yuan Meng and heading towards the port.

He followed behind her as he texted her.

[She has been sent away by our men, how much longer are you going to keep him company?]

Although it was just a temporary plan, he would still get jealous when he saw his wife playing around with another man.

Yuan Meng soon replied: [You can leave now, I am done playing with you.]

Yuan Shuo got so annoyed that he sent a text to remind her.

[You are not your own identity now, you are Weiwei, please don't cause her any trouble!]

They had done it behind Fu Hanzheng's back and if she made a big fuss, Fu Hanzheng would definitely know about it.

How was Weiwei going to explain to Fu Hanzheng what they were hiding from him?

[Don't worry, she won't be in trouble.]

After replying, Yuan Meng did not say anything more but went to the Lundlina with Anthony Gustav.

There was no one else on the ship apart from them.

Yuan Meng did not feel the pressure of being forced to go on a date at all. Instead, she was having a great time, so she volunteered a suggestion as soon as she boarded the ship.

"Any champagne?"

Stunned for a moment, Anthony Gustav asked his subordinates to get it ready and it was delivered to them within five minutes.

He brought over two glasses and gave one to her.

"I thought that using He Linna to meet you would pressure you, but it seems that it is not so."

"I have never been stressed about dating a handsome man before," Yuan Meng said.

She had either been with Alex or with Yuan Shuo these days.

It was not easy for her to get He Linna, so of course she had to have fun.

"Huh?" Anthony Gustav frowned. He did not know much about Mandarin, so he did not know what she was saying.

Yuan Meng laughed dryly and explained in English.

"It is my honor to spend time with you, Prince."

Anthony Gustav was in a good mood and took a sip of champagne with her.

"Weiwei, are you really going to marry Fu Hanzheng?"

“What else will I do?” Yuan Meng countered.

Sigh, this child was not skilled at poaching people. How could he beat Fu Hanzheng, that sly old fox?

### **Chapter 767: Women Don't Love Good Men**

Anthony Gustav was a bit surprised. She had always refused to talk with him when he asked her this question.

What a friendly attitude!

Maybe it was because he helped her find that woman.

“He is an excellent businessman, but he is too cunning to be a good lover...”

“How do you know if he is a good lover or not? You are not in a relationship with him.” Yuan Meng took a sip of champagne and countered.

Tsk, tsk, tsk, this child would never be able to fight Fu Hanzheng in this way.

How could he badmouth someone she liked, when he was trying to steal her away?

He had to be friends with her first, so that he could approach her as a friend and go from there. No wonder he could not even touch her.

“I...”

Sure enough, Anthony Gustav was speechless.

After a long while, he finally said something, “He is not a good man, he is an unscrupulous man.”

Yuan Meng laughed. “Women don't like good men.”

Fu Hanzheng was in charge of the Fu's Enterprise, so how could he sit still and play nice?

She was not sure how he was like all the time, but he did like Weiwei very much, otherwise that girl would not have followed him so persistently.

Anthony Gustav was once again shocked by what she said. He felt that Mu Weiwei was a bit strange today.

What she said was not what she usually said, and when she smiled, she did not look as sweet and lively as she did before.

Yuan Meng saw the small yacht not far away and gave the glass to Anthony Gustav.

“Sorry, I need to use the bathroom.”

“Go ahead.” Anthony Gustav smiled and thought that she would not be able to escape because she was on the ship.

Yuan Meng went to the bathroom and sneaked into the cockpit. She knocked out the crew members and locked the door.

Then she calmly returned to Anthony Gustav and asked for another glass of champagne.

“Prince Anthony, to thank you for helping me find her, I have a present for you.”

“Oh?” Anthony Gustav was surprised.

Yuan Meng asked with a smile, “Do you have a pen?”

Hearing her request, Anthony Gustav asked his servant to bring him a pen.

Yuan Meng took the pen and started to write on the napkin.

Then she stuffed it into the pocket of the man’s suit.

“Let’s go home and then you can take a good look.”

“What is it?” Anthony Gustav was about to take it out and take a look.

“It’s an advanced version of how to flirt with girls,” Yuan Meng said as she removed her high-heels.

Anthony Gustav looked at her weird behavior in confusion. “Weiwei, what are you doing?”

Yuan Meng said, as she stretched, “Prince Anthony, if I had not been married, you would have been my meal. It is a pity that you are too late.”

Although it was fun on the ship, she had to run away because she could not stand it anymore.

“You’re not like Weiwei,” Anthony Gustav said as he stared at the girl in front of him.

“Of course I am not like her.” Yuan Meng smiled deeply and removed the wig and mask. “Because I am not her at all.”

Seeing someone else in front of him, Anthony Gustav asked furiously, “Who are you?”

“It is not convenient for Weiwei to meet you, so she let me meet you in her place. Go home and learn how to flirt with girls.”

Having said these words, Yuan Meng ran out of the cabin, jumped into the sea and swam towards the yacht.

### **Chapter 768: Not Getting off the Bed Tonight?**

Anthony Gustav realized that he had been tricked, so he asked his men to move the boat.

However, when he rushed to the cabin, he found that the door was locked and that he could not call out the person inside.

Standing on the ship, he watched the woman pretending to be Mu Weiwei, swim towards a small yacht and escape.

Yuan Meng climbed onto the yacht and asked someone to drive around Anthony Gustav’s boat.

“Prince Anthony, if you can’t get Fu Hanzheng on your side, you can switch targets. I’m a good choice.”

Having heard her words, Yuan Shuo glared at her.

“Woman, are you done?”

"If you keep staring at me, you won't be able to get out of bed tonight, right?" Yuan Meng glared back as she wiped her wet hair.

Yuan Shuo sighed helplessly. He had such a filthy wife that he could not even manage her.

After wiping her hair, Yuan Meng changed and said, "Where is my cigarette?"

Yuan Shuo took out a cigarette and lighter from his pocket and tossed them to her. "Didn't you say that you are quitting?"

"It is too difficult, I am not quitting." Yuan Meng lit the cigarette and took a deep breath to satisfy her addiction.

Yuan Shuo said, "Choose one, me or the cigarettes?"

Yuan Meng glanced at him, blew out a smoke ring and said resolutely, "Then I better choose a cigarette. Men are easy to find, but cigarettes are not."

Yuan Shuo gritted his teeth, took a step back and said, "Then can you stop smoking in bed?"

Yuan Meng thought for a while and said with a sinister smile, "Why not smoke a cigarette afterwards?"

"You!" Yuan Shuo was furious.

Why?

Because every time he saw her smoking, he had the feeling that he had slept with a man.

What kind of weird wife did he have?

Yuan Meng held the cigarette in one hand and the ashtray in the other.

"Where is that woman?"

"I made them circle round and arranged for her to be put in the abandoned building, next to Anthony Gustav's apartment," Yuan Shuo said.

Yuan Meng smiled in satisfaction.

"You know me the best."

"Anthony Gustav has realized that he has been tricked. He must be contacting the royal family of Spain and stopping us from leaving via the sea and the airport. We can't leave with her right now," Yuan Shuo explained as they sailed.

Yuan Meng tapped the cigarette and straightforwardly said, "When we arrive at the building, we can solve the problem then and there, so we don't have to bring her home."

They were taking someone with them, and unlike Anthony Gustav, who was a royal, it was very inconvenient for them to travel.

Therefore, they just needed to get the information they wanted and solve the problem.

He Linna was not a good person anyways, so they could just take it as getting rid of evil for the sake of the people.

"I am just afraid that it will not be so easy to pry open her mouth," Yuan Shuo said worriedly.

Yuan Meng snorted. "When she is in my hands, she won't be able to do anything but talk."

"But let's discuss with Weiwei if we should bring her back alive," Yuan Shuo said.

Yuan Meng blew out the smoke and said, "Fu Hanzheng and Gu Siting are both looking for her, who should we give her to?"

Anyway, she did not think that she could just hand her over to anyone.

So when they got what they wanted, they would deal with it and pretend that nothing had happened.

"Talk with Weiwei later," Yuan Shuo said seriously.

Yuan Meng put out the cigarette and said, "It's better to get rid of this matter as soon as possible. If her identity is revealed next month, she will be in so much trouble that she won't even care about it."

### **Chapter 769: Only Love**

In the capital, Hua Land.

It was seven a.m in Spain, but it was one p.m in the capital. There was a six-hour time difference.

Gu Weiwei had just finished preparing lunch at home and was about to accompany Fu Hanzheng, when she received a call from Anthony Gustav.

"Mu Weiwei, you lied to me!"

Hearing his words, Gu Weiwei spoke honestly, "I told you before that I am not as good as you think I am."

She did not want to lie to Fu Hanzheng, so she had to lie to Anthony Gustav instead.

She needed to find He Linna as soon as possible, but she had no intention of meeting him behind Fu Hanzheng's back.

"I helped you find He Linna and I just wanted to meet you. Why did you lie to me?" Anthony Gustav was obviously very angry at her deception.

Gu Weiwei held the phone and said, as she packed the lunch she was going to deliver to Fu Hanzheng, "You found her, but she was just a bargaining chip to get the results you wanted. I am not someone who likes to be manipulated, so I am just using my own method to achieve my goal."

If she did not show up, he would not give He Linna to her.

But she did not want to make Fu Hanzheng displeased, so she had to send Yuan Meng.

He thought that as long as he had the bargaining chips in his hands, she would obediently meet him, so he obviously did not know her well enough.

“Did you plan it or did Fu Hanzheng?”

Anthony Gustav did not believe that she would do such a thing, so he thought that Fu Hanzheng had not allowed her to come and had asked someone to disguise as her, so he could trick him.

Gu Weiwei finished packing and said with a smile, “If it were him, I don’t think you would be able to call me so easily.”

After a long silence, Anthony Gustav asked, “Weiwei, are you never planning on leaving him?”

Gu Weiwei asked in amusement, “Why should I leave him?”

“He is not suitable for you...”

Anthony Gustav stressed that she should not be tied to a profiteer like Fu Hanzheng.

“The only thing that matters is love or not, nothing is about suitability,” Gu Weiwei said.

And she knew very well that she loved Fu Hanzheng deeply.

Anthony Gustav had nothing to say, but he did not hang up.

Gu Weiwei sighed and said, “Gustav, you are not my savior. You don’t know me or Fu Hanzheng, and you don’t like me as much as you think you do. If you really like someone, you will not act in the way you are currently acting, towards them.”

If he truly liked someone, he would not make things difficult for them or hurt them at all.

When one truly liked someone, they would treat the other party as a rare treasure, taking care of them and keeping them safe.

He didn’t really love her, which was why he asked her to leave Fu Hanzheng. Maybe it was because no one had ever turned him down before, and she had turned him down time and time again, so he was not willing to let her go.

After a long while, Anthony Gustav said, “Okay, I will try another method.”

“...”

Gu Weiwei’s lips twitched – was there something wrong with this prince?

“Although you got someone to steal He Linna from me, I will get her back, including your friends,” Anthony Gustav said and hung up.

Gu Weiwei sighed helplessly and called Yuan Meng.

Judging from Anthony Gustav’s tone, she could tell that they had taken He Linna away.

But if the prince still wanted to find them, she must remind them to be careful.

## **Chapter 770: Violence**

Yuan Meng was about to call her too, and she answered when she saw that it was her calling.

“I was just going to call you, when you called me.”

"I asked you to pretend to be me and take her away from him. How did he find out?"

Gu Weiwei complained to Yuan Meng, as she went to the car with the lunch in her hand.

Yuan Meng was displeased. "He did not discover me, I told him myself."

"You..." Gu Weiwei got annoyed and said, "Couldn't you find an excuse to run away? Why must you expose yourself?"

"Please, we were on the ship, and he was trying to take me back to Stockholm as you." Yuan Meng snorted.

Also, she was so addicted to smoking that she had to run away.

Gu Weiwei sighed. "Where are you now, are you safe?"

She knew that something unexpected would happen if she left the task to Yuan Meng.

"We have He Linna in a building one street away from Anthony Gustav's apartment and we are safe," Yuan Meng said.

Now, Anthony Gustav thought that they were going to leave Barcelona with their men, but he had no idea that they were so close to him.

Gu Weiwei was relieved. "Then you better be careful, Anthony is very angry."

"But if we are very careful, we may not be able to bring He Linna back to see you." Yuan Meng straightforwardly revealed her plan.

Gu Weiwei stayed silent for a while in the car. "As long as we get the information we need, you can just deal with it."

"Then I am going to force her to confess. Do you want to watch the video?" Yuan Meng asked.

Gu Weiwei laughed dryly. "No thanks, I need to hang up now. Call me if there is any progress."

If Yuan Meng was alone, she would not feel assured. But with her master there with her, she was not worried.

It was almost time for Fu Hanzheng's lunch break, and if she did not deliver the food now, it would be too late.

The moment Yuan Meng ended the call with her, she put down the phone and approached He Linna, who was tied up.

"Sis, can we work together?"

He Linna squinted at her and snorted.

"What is the benefit of working with you?"

She had escaped from Hua Land, but had been targeted by the Swedish Royal Family.

She was wondering why she was targeted, when she had never been on a mission in Sweden.

It turned out that the Chinese were looking for her.

“The benefit is that you can avoid getting hit,” Yuan Meng said with a smile.

“I am unlucky to have fallen into your hands.” He Linna was obviously not willing to work with them, so she said straightforwardly, “Kill me if you dare.”

“Tell me who instigated you to go to the detention center to set Zhou Meiqin up. Is that so difficult?” Yuan Meng sneered.

He Linna said, “No one asked me to do it. I just wanted someone to kill Mu Weiwei, that is all.”

“Damn, you are quite stubborn.” Yuan Meng brushed her hair to the side and said straightforwardly, “I don’t want to waste time with you today.”

Having said these words, she asked for the box that was being held by a tattooed man.

She opened the box in front of He Linna. Inside were all kinds of tools and drugs in syringes of different colors.

“Thanks to this box, I have managed to pry open the mouths of many people. It has been a long time since I have used these precious treasures. I will show you what I am capable of today.”

She was not in the mood and neither had the time to persuade someone who did not want to work with her.

Violence was the only method.
