

My Life 1551

Chapter 1551: His Situation Might Be A Little Dangerous

Did the elderly head make a mistake, or was there something wrong with her ears?.

Mo Yongheng was the Big Brother next door?

No, no!

The Big Brother next door was already dead, what did it have to do with mo Yongheng?

Even though she was young then, she still remembered that the older brother next door was not called mo Yongheng, his surname was tan!

Although the name was a little strange, it did not affect his gentleness and consideration.

Zheng Yan remembered very clearly that her big brother had a good temper and never spoke loudly to her. He was also very patient and always had chocolate in his pocket.

As long as she hung on the wall, he would bring chocolate over for her.

He touched her head and told her not to be naughty for too long, lest she fell ...

Childhood memories were always so beautiful.

She didn't have a mother since she was young, and her father was very busy with work. Although he doted on her, he couldn't be by her side all the time.

The Big Brother next door was like a Savior who had suddenly appeared in her life. He was like a warm sun that illuminated her life.

She was thinking about her big brother even when she was sleeping.

But mo Yongheng

Zheng Yan's beautiful Phoenix eyes blinked hard.

Although the person she liked the most right now was mo Yongheng, to be honest, mo Yongheng was very different from her big brother!

MO Yongheng was a man of few words, unlike the Big Brother, who was a little warm man who had a sister complex.

MO Yongheng was still very black – bellied. Although he said no, his body was very honest. He clearly said that she would be the one to push him down, but in the end, she was pushed down by him.

Her big brother loved to smile at her, but mo Yongheng was a poker face

In short, Zheng Yan could count the difference between the two of them with her fingers.

Zheng Yan followed old master Mo's finger and when she saw mo Yongheng beside her, she felt that her expression was not one of surprise, but one of shock.

She took a few steps back in fear until mo Yongheng could no longer touch her. Then, she raised her hand and pointed at his nose.

‘You, you, you Speak properly! Are you a human or a ghost?’

MO Yongheng was speechless.

Before mo Yongheng brought her here, he had already imagined how ecstatic she would be when she found out that he was the Big Brother from next door. She might have pounced on him and hugged him, asking him excitedly if it was true.

Or maybe she would be angry and question him for hiding the truth

However, he had never thought that she would look like she had seen a ghost.

They couldn’t believe that he was really alive.

MO Yongheng frowned and was about to explain to her when Zheng Yan took two steps back in shock. When she saw that he had stopped, she swallowed nervously and suddenly walked up to him and poked his chest.

Her eyes flickered when she poked his firm chest.

Then, he carefully changed from poking with his finger to touching

Feeling the familiar warmth of his body, her pale face finally eased a little.

The conclusion was, it was alive.

MO Yongheng was speechless.

‘What Dead or Alive? What big brother next door? What are you talking about? can you be clearer?’ Qi Yan couldn’t help but ask.

He did not care about mo Yongheng and Zheng Yan.

However , the elderly head suddenly said that he could marry Bengbeng, but he had to ask for mo Yonghengs opinion.

Qi Yan’s intuition told him that he might be in a dangerous situation!

The moment Qi Yan said that, the atmosphere in the ward suddenly became a little quiet..

Chapter 1552: You Look Like A Sister Lover!

No one had time to answer his questions, because he has been standing next to the Tan Bang Bang, has red eye socket, step by step towards the ink of eternity.

From just heard the words of Mexico home, Tan Bang Bang has been Leng.

Staring Eyes, open mouth several times, want to say what, but finally dare not say a word.

Just like Jeong Yeon, I can’t believe that the person in front of me is the one I have been looking forward to and hoping for..

“brother... Are You a brother?”

Tan Bang Bang stopped in a few steps away from the eternal ink position, just a mouth, tears have filled the eyes.

Anyone who knows her well knows that she never cries easily.

As a bodyguard, you don't shed tears even if you bleed.

But now, just “brother” two words, let her eyes filled with tears.

Fragile as a child.

This scene, let everybody present, all have some emotion.

MO Yongheng stepped forward, just like when she was a child, reached out and squeezed her face, and then hugged her into his arms.

Arms wrapped around her, eyes red.

“Bang Bang, is the brother, brother is not dead, I have been at your side!”

A simple word, immediately let tan collapse tears in the eyes, surging down.

“brother, really is you... you really did not die...” tan collapse of emotion, a moment to collapse, threw himself in the eternal arms of MO, tightly grasp his skirt, bawling.

From the first sight of MO Eternal, contact with him, he always gave her a kind of indescribable sense of familiarity.

She used to wonder if he was her brother.

However, the difference in status between the two of them was too great.

Her brother's surname was tan, but mo Yongheng was raised by the elderly head of the mo family.

With such a huge gap between them, she did not dare to think too much about it even when she heard the elderly head mention the Big Brother next door.

She was afraid that she missed her brother too much and had an illusion. She had to face disappointment after being given hope.

It was only until now, when she heard mo Yongheng admit his identity, that tan Bengbeng's suppressed emotions collapsed instantly.

This was the family she had been looking forward to for so long, the brother she loved the most.

He didn't die!

He was standing right in front of her!

She had a brother! “Big brother.”

“Big brother.”

“Big brother ...”

Tan Bengbeng hugged mo Yongheng tightly and shouted over and over again. Her throat was so choked that she could not make a sound, but she did not stop.

She was afraid that if she blinked, the happy scene in front of her would turn into bubbles.

“Silly girl, it’s a good thing to have a brother. Why are you crying?” MO Yongheng patted her back gently , just like how he had coaxed her when she was in a bad mood and refused to study when she was young.

His voice was gentle and doting.

His long fingers wiped away the tears on her cheeks and even picked up the loose hair on her cheek He was obviously a sister – con!

“I’m happy that my brother isn’t dead. ” Tan Bengbeng reached out to wipe her face and sniffled.

She kept her eyes fixed on mo Yongheng.

She didn’t even blink, just like a child who was wary of others snatching her things.

After a while, she seemed to have thought of something and raised her head to ask.

“Brother, if you’re not dead, why didn’t you contact me all these years? Also, why is your surname mo and why are you working for the elderly head ...”

Tan Bengbeng asked subconsciously and seemed to have suddenly understood something.

He turned to look at old master mo..

Chapter 1553: The Truth Of That Year

“Both of you, come here.” Mo Chengxian waved his hand and gestured for the siblings to come forward.

He shook their hands and sighed.

“You’re all good kids ... I didn’t take good care of you. ”

“Old family head!”

“Old family head!”

Mo Yongheng and tan Bengbeng exclaimed in shock and wanted to refute.

However, mo Chengxian calmly shook his head, indicating for them not to interrupt him and to let him finish.

“I’m brothers with your grandfather. The tan family’s ancestors have always been protecting the mo family ... The secret guards of the mo family’s head all came from the tan family. The two of you are the most outstanding children of the tan family ... So, you’ve been sent to me.”

To be more precise, he had sent them to mo Chengxian and Nian Xiaomu.

Mo Chengxian did not continue, but everyone could guess what he was going to say.

All the selected descendants of the tan family were the secret guards of the head of the mo family. MO Yongheng and tan Bengbeng had to undergo strict training since they were young.

Combat, medical treatment, concealment All the high – intensity training that ordinary people couldn't endure was nothing out of the ordinary for the siblings.

However, the most important thing for a qualified Shadow Guard was to stay calm!

It could even be said to be ruthless.

However, everyone in the tan family knew about their deep sibling relationship.

In order for tan Bengbeng to pass the assessment smoothly, old master tan had no choice but to set up a trap and let everyone think that the eldest grandson of the tan family had died of illness.

She would send him to another place quietly until the right time to let him follow mo Chengxian into the mo family.

Although tan Bengbeng had been sad for a long time without her brother, the descendants of the tan family were not ordinary. Without her brother to rely on, she successfully completed her transformation and passed the test very quickly. She was then sent to the side of the Missy of the mo family.

It was just that the siblings did not know that the family they cared about the most had always been by their side, so close to them

The arrangement made by the older generation was for the sake of the siblings 'safety. At that time, he did not think that there was anything wrong with it. However, after seeing the siblings reuniting, the elderly head could not help but reflect on his actions.

Wasn't it too cruel to separate them back then?

"Yongheng has been by my side for so many years, and the only thing he's worried about is you, his sister I've told him that if he wants to reunite with you, he can go and find you, but he didn 't."

MO Chengxian held onto tan Bengbeng's hand tightly and sighed slowly.

"Don't blame your brother He did it to protect you!"

Tan Bengbeng wanted to stay by Nian Xiaomu's side. Once she knew that her brother was within her reach, it would only distract her.

The hidden guards that she was concerned about could become her fatal weakness in times of crisis.

It was fine if others didn't understand mo Yongheng's tolerance, but he shouldn't be misunderstood by his family.

Especially his sister, whom he cared about and loved the most.

" I know!"

Tan Bengbeng nodded her head vigorously. When she turned to look at mo Yongheng, her tears were still flowing uncontrollably.

“Silly Bengbeng, don’t cry anymore. It’s all in the past. From now on, I will stay by your side and take care of you.” MO Yongheng wiped her tears away with a doting look in his eyes.

After comforting her sister, she turned to look at Zheng Yan.

Zheng Yan was really stunned!

From the very beginning, she did not believe that mo Yongheng was the Big Brother from next door, to the moment she heard the elderly head explain the entire situation, she remained in the same position and did not move at all.

The same sentence kept spinning in her mind: Her big brother didn’t die, he really didn’t die

Chapter 1554: With A Brother And A Sister-in-law, It’s A Surprise!

After tan Bengbeng had calmed down, she seemed to have sensed mo

Yongheng’s absent – mindedness as well. As if she had thought of something, she lifted her head from his arms and followed his gaze to look at Zheng Yan, who was behind her.

Her eyes flickered, and she reached out to wipe her tears. Then, she said in a low voice,”

“I’m fine, brother. You go and coax sister – in – Law.”

Sister – in – Law

These two words made mo Yongheng feel extremely comfortable.

A rare faint smile appeared on his usually stoic face. He nodded at her, put one hand in his pocket, and walked towards Zheng Yan.

He took out a piece of chocolate from his pocket and handed it to her.

“Zheng Yan, big brother isn’t dead. Are you still willing to marry him?”

The familiar chocolate and the familiar tone.

It was as if it had brought her back to their past. On that special day, she had asked him pitifully if he could marry her when they grew up. That way, she wouldn’t have to be envious of his sister.

Zheng Yan’s nose sniffled and her eyes turned red as she stared at the chocolate in front of her.

It wasn’t a dream.

It wasn’t a prank

Her big brother really didn’t die, and he was stepping on the rainbow clouds to marry her.

She wanted to cry and laugh at the same time.

She was touched and sad at the same time. Thus, she stood beside mo Yongheng, crying and laughing like a lunatic. Finally, she took the chocolate from his hands and threw herself into his arms.

She wrapped her arms around his neck.

“I’m willing, I’m willing, I’m willing!”

After she agreed excitedly, she suddenly thought of something and let go of her hand to look up at him.

She raised the chocolate in her hand and mumbled pitifully.

“Is this a proposal? You don’t even have a ring for your proposal. ‘

What was she going to do at her wedding?

Was he supposed to wear a chocolate ring

Wait, wait, wait! He didn’t even admit that it was a proposal, so why did she even think of a wedding?

The image of him holding her hand and standing on the red carpet of the church appeared in her mind. It couldn’t be more beautiful!

The more she imagined it, the sadder she looked at the chocolate in her hand.

She had actually been tricked by a piece of chocolate. If her father found out, he would probably break her legs

“Give me a minute.”

When Mo Yongheng saw her disappointed expression, he squinted his eyes, released his grip, and walked out.

MO Yongheng, where are you going?

Zheng Yan was stunned and shouted at his back

The next second, he rushed into the courtyard and picked a red rose from the garden.

The Rose was as red as fire and had thorns. MO Yongheng held the Rose and walked towards her. Before Zheng Yan could react to what he was going to do, he suddenly knelt down on one knee.

When he first met her, he did not know what it meant to like someone. He only felt that she was very similar to Bengbeng and treated her like a little sister.

After meeting her, he suddenly realized that there was one more person in his life that he couldn’t help but miss. He would worry if she had anyone to keep her company and if she was obedient .

He had once thought that he could grow up with her, but he had his family’s mission. It had been many years since they had last met.

When he reappeared, she could no longer recognize him and would only call him “young master Yongheng”.

But he always remembered his promise to her . MO Yongheng passed the Rose in his hand to her.

“Zheng Yan, marry me!”

Although there was only one red rose, Zheng Yan accepted it without hesitation.

Although it was a pity that she didn't have a ring, she wasn't greedy. She was satisfied with big brother. Just as Zheng Yan was about to say yes, mo Yongheng suddenly reached into his pocket and took out a velvet box .

Chapter 1555: His Lines Were Stolen Again

The black box was opened in his hand, revealing the dazzling brilliance of the diamond.

A pink diamond ring lay quietly in the box.

The rare pink diamond was full of a young girl's heart, making people's hearts beat faster.

Zheng Yan had been confessed to many times since she was young because she was pretty.

After she grew up, she was always surrounded by men who would sweet – talk her.

She had always thought that she was used to “big scenes”. Even if someone came to propose to her with a car full of roses and a luxury diamond ring, she might not even take it seriously.

But now, there was no luxury car of roses, only a red rose.

He didn't buy it, he just stole it from the garden.

The diamond on the ring was not as big as a pigeon's egg, but it held her heart tightly. Her breathing ...

Her mind went blank.

She only had eyes and heart for the man in front of her.

The boyfriend she had finally managed to get was the Big Brother next door whom she had a crush on when she was young.

She hadn't even thought of how to pester him to marry her, and he had already knelt on one knee and proposed to her with the diamond ring on

The first thing Zheng Yan did when she came back to her senses was to pinch her own face.

“Hiss! It hurts!”

She wasn't dreaming?

“Zheng Yan, why are you pinching yourself at this time? Hurry up and say yes, there won't be such a shop after this village!” Nian Xiaomu saw that she was in a daze and hurried her.

Looking at Zheng Yan's silly expression, she could not help but cover her mouth and laugh secretly.

Yes, yes, yes!

When Zheng Yan heard her reminder, she was so anxious that she put on the ring herself before mo Yongheng could help her put it on.

She pulled mo Yongheng up from the ground, turned around, and jumped into her arms.

“Get married! I’m already wearing the ring, don’t even think about getting rid of me in this lifetime!”

MO Yongheng was speechless.

His lines were stolen again.

It seemed that she could not let Zheng Yan continue to play with Nian Xiaomu in the future. She had been led astray.

Even though that was what he thought, mo Yongheng still hugged her tightly in satisfaction when he saw her taking the initiative. He lowered his head and kissed her on the lips.

There was applause and cheers all around.

Even the elderly head, who was sitting in his wheelchair, had a gratified smile on his face.

In the ward, there was only one person who had been watching everything in front of him with a dazed expression from the beginning to the end!

Qi Yan had been dumbfounded ever since he saw tan Bengbeng walk up to mo Yongheng, tug at the corner of his shirt, and ask him if he was her brother.

She was stunned on the spot and did not come back to her senses for a long time.

Even when he saw mo Yongheng reaching out to hug tan Bengbeng, he did not jump up and snatch her away like he usually did. Instead, another scene appeared in his mind.

On his private island.

That was the first time he had seen tan Bengbeng.

When he heard her name, he couldn’t help but wonder if she was her parents’ biological daughter.

“I’m his biological daughter. I have an older brother called tan lielie!”

At that time, he had even laughed in his heart that her parents were quite trendy, choosing the “heaven falls and earth shatters” combination. Why didn’t they just call it “destroy the world”?

Although he laughed at her, he didn’t really take it to heart at the time.

Later on, when they investigated her background, although they found out that she had an older brother, all the information showed that her older brother was already dead.

Why would he care about a dead person?

Chapter 1556: Your Friend, King Of Hell, Is Offline!

It was all good now.

If her brother was not dead, he would probably die first!

Whenever Qi Yan thought about how he had badmouthed mo Yongheng in front of Zheng Yan, he would want to slap himself and knock his head against the wall ...

His cheap mouth felt good for a moment, and he was sent to the crematorium to chase his wife.

Just as Qi Yan was thinking about how to salvage his image, mo Yongheng's gaze suddenly turned towards him.

“GE! GE! GE!”

As their eyes met, Qi Yan suddenly walked in front of mo Yongheng and shouted.

The sudden shout stunned everyone.

Even the bodyguards who had come in to congratulate mo Yongheng when they saw him proposing were all stunned and looked at him in confusion.

What face? Qi Yan could not care about that now.

He pulled tan Bengbeng and squeezed in front of mo Yongheng.

There was no evil in her long and narrow peach – shaped eyes. She was as serious as she could be.

The evil smile at the corner of his mouth also disappeared, and he stood obediently.

He glanced at the elderly head and gave tan Bengbeng a look before opening his thin lips.

“That Look at you and Zheng Yan. You're a perfect match. Bengbeng and I

“You're not worthy at all!” Mo Yongheng did not wait for him to finish speaking and had already opened his mouth coldly. She reached out and pulled tan Bengbeng to her side.

She glanced at Qi Yan and said impolitely.

“You're not worthy of my Bengbeng. If you want me to agree to marry

Bengbeng to you, wait for your next life!”

“Brother ...” Tan Bengbeng called out softly.

Although she had not decided whether she wanted to be with Qi Yan, she still cared about him.

Seeing his face that had suffered a huge blow, she couldn't help but speak up for him.

“You feel bad for him just like this? Why don't you remember when he used his identity as the king of medicine to bully you? Bengbeng, you're too innocent. You can't control a man with such complicated thoughts. Brother doesn't want you to be with him for your own good, do you understand?”

MO Yongheng pulled tan Bengbeng behind him. She did not want to let Qi Yan see a single corner of her clothes.

Qi Yan was speechless.

Why was his life so bitter?

He hadn't even settled his wife yet, and now a brother – in – Law had appeared.

And it was a brother – in – Law who had a sister complex!

Qi Yan's evil eyes narrowed slightly. He was flexible and did not get angry at mo Yongheng's words. Instead, he turned around to pour a cup of tea and brought it to him.

"Here's your tea. Everything that happened before was a misunderstanding. I actually respect you a lot, but I like to joke around. Please don't take it to heart!"

"I can't afford to drink the King of Hell's tea. Also, don't call me that. I only have a younger sister, no younger brother!"

MO Yongheng wanted to turn around in disgust, but Zheng Yan pulled him back.

No matter what, Qi Yan was still old master MO's life Savior. If he did not give Qi Yan a way out in front of the old master, it would not look good on him.

MO Yongheng snorted coldly before taking a sip of tea.

"Don't think that I've agreed to be with Bengbeng just because I've drunk your tea. No way!" He emphasized after drinking the tea.

Qi Yan was speechless.

The tables had turned and it was mo Yongheng's turn today.

How he had been so smug in front of mo Yongheng back then had now become his retribution.

The wife he was about to get was about to fly away with wings.

Qi Yan's heart was as broken as dumpling filling.

She looked at tan Bengbeng pitifully.

"Bengbeng, do you really not want me anymore?"

Chapter 1557: Is It Too Late To Regret Now?

"..."

Tan Bengbeng was standing behind Mo Yongheng. When she heard his voice, she poked her head out to look at him. Just as she was about to say something, Mo Yongheng pressed her back down.

"You know that you're soft-hearted, so you're deliberately acting pitiful in front of you!"

Qi Yan:"..."

What did he say?

The brother-in-law of a sis-con was his natural nemesis.

No wonder he felt uncomfortable the moment he laid eyes on Mo Yongheng.

Qi Yan took a deep breath and suppressed his temper, continuing to pretend to be pitiful.

“Beng Beng, do you still remember when we first met? “At that time, even though I hadn’t fallen in love with you, I was the one who saved your life. If I hadn’t picked you up from the sea, you might have died long ago. You said that I can’t repay you for saving my life. You have to give yourself to me. We still have an oath of eternal love...”

“There’s no oath between us. You bullied me just now when I picked you up. The next day, you still won’t let me go. “Tan Bengbeng stuck her head out again and corrected him.

Qi Yan:”.

Was it the time to correct him?

Shouldn’t he be speaking up for him?

“It was a special situation at that time. I didn’t mean to bully you. After that, I treated you very well. The people who followed me said that I changed my personality because of you. I didn’t become King of Hell Anymore and came here to be the cat king. I’m also a cat that knows how to act coquettishly. If you don’t want me, I definitely won’t be able to live on!”

As Qi Yan spoke, his expression was not only pitiful, but also a little lonely.

His dejected expression was completely different from when Tan Bengbeng first met him.

Even someone as slow-witted as her could clearly feel that he had become different.

What he said was not a lie.

Tan Bengbeng still remembered that when she first saw him on the island, he was sitting in a wheelchair.

His long silver hair was tied behind his head, and his charming eyes were filled with an ancient aura.

Coupled with his cold temperament and eagle-like sharp eyes..

It made her suspect that there was something wrong with her eyes and that she saw a person walking down from the painting.

After that, although he still treated others the same way.

He was unpredictable, bloodthirsty, and cold, but he treated her completely differently.

Shameless, shameless, and cheap-mouthed... but she could feel that he was actually very good to her.

Tan Bengbeng pursed her lips and wanted to say something, but MO Yongheng was already ahead of her.

“If you can’t live, then go die. No one will stop you!”

Qi Yan: “...” !!

“Brother, actually Qi Yan, he...”

Tan Bengbeng reached out and tugged at Mo Yongheng’s sleeve, but Mo Yongheng didn’t listen to her and pulled her to turn around.

“Family head, I just got to know Bengbeng and I have a lot to ask her. Can I take her away first?”

Old family head Mo was stunned. His hale and hearty old eyes scanned the group of young men. Just as he was about to nod his head, Qi Yan was so anxious that he almost jumped up.

“No! I’m here. Bengbeng can’t go anywhere!”

As soon as he said those words, he came back to his senses and realized that something was wrong.

As expected, in the next second, MO Yongheng had already turned his head to look at him.

“Bengbeng is my biological sister. What’s your relationship with her? Why did you say that? Or does Yama really think that this is his home and that he can let you make the decision for anything without even asking Bengbeng’s opinion?”

It was a double meaning.

Not only did he poke Qi Yan’s heart that could not get a wife and status, he also stepped on him.

He reminded Tan Bengbeng how domineering he was usually..

Chapter 1558: King of Hell... I’m Sorry For Your Loss!

It’s over, it’s over!

Having a sister-obsessed brother-in-law wasn’t the worst thing.

The worst thing was that this sister-obsessed brother-in-law was a dark guard with good skills and a high IQ!

He couldn’t beat Tan Bengbeng now, and he didn’t have enough position to keep her. His wife was about to be taken away..

How could he win if he cried?

“Bengbeng...”

Qi Yan looked at Tan Bengbeng aggrievedly again.

Now, he only had a slight chance of winning if she refused to leave.

But, was it possible?

“The old patriarch’s body has not fully recovered, and he needs someone to take care of him. We can not leave this place at the same time. I have just acknowledged my brother, and I have a lot of things to say to him...”

Tan Bengbeng hesitated before opening her mouth.

As soon as she finished speaking, Qi Yan’s face instantly collapsed.

“You’re abandoning me. If you don’t want me, then what’s the point of me staying here? You know, if it wasn’t for you, I wouldn’t have stepped into the MO family’s Muddy Waters. Bengbeng, you’re all I have left!”

“Don’t listen to his nonsense. He’s just pretending to be pitiful. See if he’ll die immediately after you leave. If he really dies, I’ll find you a better one!”

MO Yongheng greeted old patriarch mo and led Zheng Yan and Tan Bengbeng out of the ward.

Before he left, Tan Bengbeng turned around and glanced at him.

“I am just going out for a meal with brother. I will still come back to take care of old patriarch. Don’t do anything rash, or I will really get angry!”

”.”Qi Yan followed her to the door. In the end, he could only watch her leave helplessly.

It wasn’t that he did not want to pursue her, but he was afraid that she would get angry.

Just as he was about to turn back and beg Old Patriarch MO to make amends for him, he turned around and caught a glimpse of Yu Yuehan and Nian Xiaomu, who were watching the show from the corner of his eye.

It wasn’t that Nian Xiaomu really did not want to plead for mercy for him, but

Qi Yan had done it so thoroughly previously. Nian Xiaomu had seen him bully MO Yongheng many times with her own eyes.

Now, the fake love rival had become the real brother-in-law.

Nian Xiaomu felt that it was impossible for him to get married without shedding a layer of skin.

At this point in time, if she did not plead on his behalf and let MO Yongheng vent his anger, she would really be helping him.

“Umm, King Yama... I’m sorry for your loss.”

Qi Yan:”...”

Qi Yan asked, “Did you already know that MO Yongheng was the brother of Beng Beng?”

Qi Yan narrowed his evil eyes and suddenly recalled that the tan siblings were the bodyguards of the MO family’s patriarch and heir.

Nian Xiaomu was the eldest daughter of the MO family and also the heir of the MO family. It was impossible that she had never met MO Yongheng..

“Xin ‘er doesn’t know... I am the only person in the entire MO family who knows about Yongheng’s identity. “Mo Chengxian opened his mouth slowly and explained on behalf of Nian Xiaomu.

Qi Yan felt a little comforted when he heard what he said.

He still remembered that there were a few times when he had mocked MO

Yongheng because he had been provoked by Yu Yuehan and Nian Xiaomu. If they had known about MO Yongheng long ago, they would have deliberately set him up!

“Beng beng is gone. I want some peace and quiet.”

Qi Yan walked out of the ward with a dejected look on his face. He plunged into the empty flowerbed and held onto the rose petals as he reflected on himself.

The bodyguards also returned to their respective positions.

There were only three people left in the ward.

The moment Qi Yan’s figure disappeared, Nian Xiaomu was about to bring Yu Yuehan forward to formally introduce his identity when MO Chengxian looked at Yu Yuehan and spoke in a low voice.

“Kid, you had already noticed it long ago?”

“Don’t hide it from me... out of all the people just now, other than eternal, there wasn’t the slightest bit of surprise in your eyes..”

Chapter 1559: It Was Time For To Make An Impression!

After all, Mo Chengxian was someone who had spent most of his life in the business world. How could he not see that Yu Yuehan’s temperament was not something that a male nanny could have?

He did not expose them because he wanted to see how long they would continue to act.

However, when he revealed Mo Yongheng’s background just now, he swept a glance at everyone in the room and was surprised to find that this kid surnamed Yu had an expression that he had long guessed.

This was a little interesting.

From the Tan family’s eldest grandson, tan lie lie lie, “Passing away due to illness”to the time he brought Mo Yongheng back to the Mo family, there was still a few years between them. Even Tan Bengbeng and Zheng Yan did not recognize Mo Yongheng. How did Yu Yuehan discover it?

“I don’t like people lying to me... tell me the truth!”Mo Chengxian said plainly.

His calm tone was filled with a sense of pressure.

If it had been anyone else, they would have been unable to withstand the pressure and their expressions would have changed. However, Yu Yuehan still stood upright.

There was not much expression on his handsome face.

“I was just a little suspicious and just happened to guess correctly.”His tone was neither servile nor overbearing, and it was especially humble.

Mo Chengxian’s eyes flickered slightly. He released the hand that was holding onto the armrest of the wheelchair and slowly leaned back on the chair.

“Since you’ve guessed it... Why didn’t you tell Bengbeng and remind Qi Yan?”

If Yu Yuehan had been kind enough to remind Qi Yan, Qi Yan would not have fallen to this state.

Even though he had personally dug his own grave, who knew if there would be someone who would add fuel to the fire behind the scenes, hoping that the world would not fall into chaos!

MO Chengxian had lived for more than half his life. His horizons and breadth of mind were far greater than those of the younger generation like them.

He did not ask this question in front of Qi Yan just now because he wanted to hear Yu Yuehan's explanation.

"Nothing can be hidden from Old Master Mo. I did intend to hide it from them." Yu Yuehan's flirtatious eyes flickered and his thin lips parted slightly.

Seeing that MO Chengxian was frowning, he continued to explain.

"I'm sure that old patriarch has heard of the Medicine King. Back then, one of my friends was sick and I couldn't get him to help no matter how hard I tried. It was a coincidence later on that Qi Yan saved him because of Tan Bengbeng. "I should have been honest with him because of his kindness. However, Nian Xiaomu was worried that tan bengbeng would be with him. Speaking of which, it was because too many accidents had happened when they first met. Qi Yan had gotten hold of it too easily and I was afraid that he wouldn't cherish it. It would be good for Tan Bengbeng to take this opportunity to let Mo Yongheng kill his spirit."

Yu Yuehan briefly recounted how Qi Yan had saved Tan Bengbeng and how he had imprisoned Tan Bengbeng on his own private island.

There was also the matter of Tan Bengbeng being pregnant back then and the accidental miscarriage of the child..

Mo Chengxian's eyes shifted slightly and his expression was a little moved.

So it turned out that when he was unaware, Tan Bengbeng had lost a child because she was worried about his granddaughter..

Indeed, the MO family owed them a lot.

Qi Yan should teach her a good lesson for keeping such a big secret from her even though she was pregnant!

He should stay in the courtyard for a few more days to let him know the consequences of not knowing how to cherish the Roses!

"So you are saying that you are doing this for the good of Bengbeng?" Mo Chengxian narrowed his eyes and sized up Yu Yuehan before him again.

His sharp gaze was filled with a look of evaluation.

"It has nothing to do with me. It's just that Nian Xiaomu was worried about tan bengbeng, so I took note of her along the way," Yu Yuehan said with a double meaning.

He did not let go of this opportunity to make an impression in front of old Patriarch Mo..

Chapter 1560: The Killer Move!

He had purposely changed the topic to Nian Xiaomu and wanted to take this opportunity to express how much he cared about Nian Xiaomu.

He cared about the house and the crowd, so he had to pay attention to Tan Bengbeng's matter as well.

To put it bluntly, it was all because of Nian Xiaomu.

As for watching Qi Yan's show, it was just a "Convenience", so there was no need to bring it up on purpose.

"It seems like your ability as a 'male Nanny' isn't bad... not only are you very diligent in your work, you even know how to please your master... Xin 'er hiring you isn't completely unreasonable."

Mo Chengxian's lips twitched. It was impossible to tell whether he was smiling or not, but his tone became more meaningful.

Before Yu Yuehan could reply, Nian Xiaomu's first impression was that she was done for. Her grandfather had already seen through her relationship with Yu Yuehan.

It would be impractical to continue with the act of 'employer' and 'male nanny'. She might as well take the initiative to confess and ask him for leniency!

Nian Xiaomu took a step forward and was about to admit her mistake when MO Chengxian raised his hand and gestured for her to stop talking.

"It's just a male nanny. Grandfather isn't that old-fashioned... even if you like it, I Won't stop you from raising a pet boy, let alone a male nanny... it's just a little, just for fun. Don't take it seriously!"

MO Chengxian took a glance at Yu Yuehan and added, "There is no fate between eternal and you... In the future, grandfather will find you a better one!"

Yu Yuehan:"..."!!

Nian Xiaomu:"..."!!

Again?

They had all thought that after Mo Yongheng was dealt with, there would be nothing to worry about. If they were to tell her grandfather about their relationship, her grandfather would definitely agree to them being together.

In the end..

Nian Xiaomu turned her head and saw Yu Yuehan's instantly darkened face. She was in a hurry to explain herself. "No, Grandpa. Actually, Yu Yuehan and I..."

"Xin 'er!"

Mo Chengxian interrupted her coldly and signaled that he was tired before she could finish her sentence. Then, he asked Nian Xiaomu to help him to the bed to rest.

Nian Xiaomu did not dare to object. Her grandfather was a patient now. Even if he spoke more clearly than before, his body had not fully recovered and he could not be tired.

When she heard that he was tired, Nian Xiaomu did not dare to say anything else and quietly pushed the wheelchair back to the side of the bed.

When she helped her grandfather to lie down on the bed, she could not help but want to speak up again.

“Grandfather, actually, Yu Yuehan is not a male nanny. We...”

“Alright, grandfather knows... you used to like to keep little brothers as your mistress. If you like him, then keep him... But, you can’t be too serious. Your husband wants grandfather to personally watch over him! “After Mo Chengxian laid down, he waved his hand to signal for them to leave, they could all leave now.

Nian Xiaomu was still struggling and said, “Grandpa, we are not what you think we are. I treat Yu Yuehan...”

Before she could finish her sentence, Mo Chengxian had already closed his eyes.

His even breathing seemed to have caused him to fall asleep within a second of exhaustion.

Nian Xiaomu did not give up and called out to him.

“Grandpa!”

There was no response.

There was only a long breath and MO Chengxian’s unmoving expression.

Nian Xiaomu walked back to Yu Yuehan’s side dejectedly and reached out to grab the corner of his shirt.

“Qi Yan died in front of the light. We did not even have the chance to see the light and died first.”

Yu Yuehan:”...”

So after all this, he was worse than Qi Yan, who had thrown away his wife because he was courting death?

It was heart-wrenching!

MO Chengxian was obviously pretending to be asleep and did not want to pay attention to their matters. If Yu Yuehan could not even see through this, he would be a fool.

He had to think of a breakthrough point..

“Nian Xiaomu, we have to return to City H immediately.”

Nian Xiaomu. ? ?

Yu Yuehan: "Pick up Xiao Liulu!"
