

My Life 1641

Chapter 1641: Speed Of Life And Death! (7)

After all, she had only invited little brother out to give him her portrait.

That's right. Nian Xiaomu had offered to give him the double-sided fan in exchange for a free sketch.

Furthermore, she had also stated that as long as the double-sided fan was still in his hands, he could not throw it away and must take good care of it!

Such strange conditions made him hesitate for a few seconds, but out of his love for the fan, he still agreed.

Before he left, he asked her name.

She playfully did not answer, only reminding him to take a good look at the sketch she gave him.

Later, there was no later..

The little brother did not force himself to be cold and sell his persona.

He was really cold and aloof!

A stranger had given him a painting. Out of curiosity, he should also check who it was and what its identity was.

On the painting she had given him, she had deliberately drawn her favorite Queen's ring.

As long as he checked who had the Queen's ring, he would know that her name was Mo Xin.

In the end, she waited for a month without receiving any news from him.

It was as if someone like her had never appeared in his world.

In the span of a month, Nian xiaomu seriously reflected on her shortcomings.

After thinking about it, perhaps it was because she had chosen the wrong location that night, and the light was too dim, so the little brother could not see her appearance clearly.

Although it was said that one needed to have a deep understanding to conquer the little brother, first impressions were very important.

Since the little brother did not come looking for her, she could go look for the little brother.

Anyway, she had his sketch in her hands, so it was still easy to find out a person's identity by looking at the picture.

However, just as she got the information about the little brother's family and was about to visit him to hook up, her grandfather suddenly called her to the study..

After that, a lot of things changed.

Fate between people was sometimes so wonderful.

The coincidences in this world never stopped.

Later on, she went to look for him.

She also met him.

However, she never saw him again after that day. She only remembered his name: Yu Yuehan.

Time passed very quickly.

She had her own mission in the family and had been working hard.

Before the incident with the Mo family, she had never thought that she would have any interaction with Yu Yuehan in this lifetime.

However, the gears of fate had still entangled them together..

Scenes from the past kept flashing past Nian Xiaomu's eyes.

It was as if Pandora's box had been opened.

One by one, the "Answers" and "Truths" that were buried deep in her memories kept emerging in her mind.

Just like the rolling thick smoke and flames in front of her eyes, they invaded her thoughts and made her unable to think at all. She was also unwilling to face the fact that she had lost Yu Yuehan.

It turned out that their fate had started so early.

It was so early that she was delighted.

However, why did it have to be at this moment for her to find out?

When she had lost him, she realized that they had missed so much precious time..

Nian Xiaomu stood rooted to the ground in a daze as she stared blankly at the sports car that had been engulfed by the fire due to the explosion.

The car had almost been burned to the point that only a frame remained. Such an explosion and fire could destroy everything.

She had even forgotten to shed tears. All she could do was look at it expressionlessly, as if she had become a puppet without any thoughts or emotions in an instant.

All that remained in her mind was his shadow.

He reached out and grabbed the back of her head, assuring her that he would definitely be fine.

"Liar," she said softly.

"Yu Yuehan, you are a big liar..."

Chapter 1642: Speed Of Life And Death! (8)

Just as she snapped back to her senses and was about to rush down the steep slope to look for his corpse, she suddenly heard a strange laughter coming from behind her.

Nian Xiaomu stopped in her tracks and her back suddenly tensed up, as if an ominous premonition was approaching.

She turned around slowly and her pupils constricted when she saw du Li, who was standing not far behind her!

It was a black t-shirt and black tights.

Under the scorching sun, he actually wore a gloomy feeling.

The cap on his head covered most of his face, and he was holding a bag of fresh betel nuts in his hand as he slowly put them into his mouth.

After chewing for a few seconds, the bright red juice stained his lips, as if a bloodthirsty demon was opening his bloody mouth..

When he was standing on the mountainside earlier on, he had already seen the sports car rolling down the steep slope.

There was also Yu Yuehan, who was trapped in the car and had been blown to pieces.

Now, there was only Nian Xiaomu left. She was no match for him at all.

He approached Nian Xiaomu at a moderate pace. It was as if a tiger had its eyes on a lamb that could not escape. He was teasing her and admiring her terrified reaction before she died.

“You can’t escape anymore.”

Du Li spat out the betel nut juice in his mouth and spoke coldly.

He had been waiting for this opportunity for a very long time.

He had been waiting ever since he had received the news that Mo Kun had been captured.

Hiding was a trick that he was best at.

As expected, so many people were looking for him, but they could not find him.

Everyone thought that he must have left city n since he was busy running for his life. However, he did not leave.

Not only did he not leave, but he also stayed by their side.

He was waiting for a chance to take revenge.

He approached Nian Xiaomu step by step and waited to see her fearful expression.

However, all he saw was her cold expression.

“What benefits did Mo Kun give you that you were willing to work so hard for him even after he was imprisoned? Or rather, you approached Mo Kun and worked for him just to make use of him. In fact, you were the one who was the one with the ambition to come up with a plan!”

If nothing had happened to Yu Yuehan, Nian Xiaomu might have been afraid now.

She might have wanted to escape.

However, Yu Yuehan’s fate was uncertain now. What was there to be afraid of?

Since he was already dead, she might as well ask him for an explanation.

Was Mo Kun the only one who had the wild ambition to deal with the Mo family’s incident back then? Or was it because someone had bewitched him by his side that caused him to go crazy and make a move against his own kin.

“Du Li, who exactly are you? You haven’t taken off the hat on your head since the first time I met you. Are you too ugly, or are you afraid of being recognized because you have done something that you don’t dare to show your face? !”

The corner of Du Li’s lips stiffened as if he was very dissatisfied with Nian Xiaomu’s current reaction.

He threw away the betel nut that he had not finished eating and spat out the betel nut residue in his mouth.

His red lips opened and closed as he reminded her coldly.

“It will take at least an hour to get here from the Mo family Villa. Now that no one has the time to save you, knowing too much will only speed up your death. Why Don’t you think about your last words first?”

“Don’t threaten me. Since I can’t escape, what do I have to be afraid of!” Nian Xiaomu reached out and held onto the guardrail that had been hit by the sports car.

When her fingertips touched the uneven marks on it, she recalled the scene of Yu Yuehan bumping into the guardrail and causing her to jump out of the car in order to protect her.

As long as she thought of the fact that Yu Yuehan’s life and death were unknown and that there was a possibility that he might not even be left with a corpse, not only did her heart ache, but even her stomach ached faintly..

She wanted to make du Li pay with his life!

Nian Xiaomu’s eyes turned cold and she suddenly shouted Yu Yuehan’s name at the bottom of the steep slope!

—

PS: it’s the end of the eighth watch today! I am your biological mother, so don’t worry and don’t torture me! Then, I would like to express my special thanks to all of you who have worked hard today and have sent Yaoyao to the fourth place on the monthly ranking! I love all of You! Right now, the difference in the votes of the various families was not too big, and the last place was catching up very closely. On a

new day, it would be hard for everyone to take another look to see if there were still any votes left. Move Your Fingers and cast a monthly vote for Yaoyao!

Chapter 1643: All The Secrets (1)

The moment she spoke, Du Li's expression changed.

He had personally witnessed Yu Yuehan being trapped in the car and falling down the steep slope. Could it be that Yu Yuehan was not dead?

Du Li narrowed his eyes and strode forward.

When he walked in front of Nian Xiaomu and looked in her direction, he was stunned when he did not see anything at the bottom of the steep slope.

Not Good..

In just a second, he realized that he had been tricked.

Just as he was about to retreat, Nian Xiaomu had already reached out and pushed him forcefully behind his back!

Du Li wanted to dodge, but it was too late.

Nian Xiaomu wanted him dead so badly that she did not even care that she was standing on the steep slope. If he turned around, he would be able to drag her down with him.

Bang

Du Li tilted his body and crashed into the guardrail. He wanted to use the guardrail to stabilize his body.

Just as his hand grabbed onto the guardrail, Nian Xiaomu stepped on the back of his hand.

"Go to Hell –"

Nian Xiaomu's eyes were red as she used all the strength in her body to step on the guardrail.

She was betting that Du Li would not be able to react in time.

At this moment, if she was afraid of death, she would definitely die when du Li regained his senses.

She had nothing left to lose. Even if she had to carry du Li and roll down the slope, she would not hesitate for a second, let alone push him down the slope!

"Ah!"

The bones in Du Li's hand were about to crack from her stomp. Instinctively, he let go of her hand and rolled down the slope.

Following the path of the car that had just flown out, he rolled down the slope and crashed into a boulder by the side of the road. With a loud bang, he fell straight to the ground.

She had killed someone?

She had really killed someone..

Nian Xiaomu stood alone on the steep slope and gripped the guardrail tightly with both hands. Her mind was a complete blank.

In just a few short minutes, she had first lost Yu Yuehan and then killed du Li with her own hands.

There was no one here and she was the only one left..

Nian Xiaomu stood in a daze against the wind. She did not know how much time had passed before she snapped out of her daze and staggered down the steep slope.

Yu Yuehan had asked her to wait for him. He had promised her that he would not die.

He would definitely not die!

She had to go and find him!

Nian Xiaomu gritted her teeth. Although her eyes were red, she held back her tears and did not cry.

If she did not cry, it meant that he did not believe that Yu Yuehan was dead.

No matter what happened, she had to find him. She would not believe anything until she saw his body!

The sports car that had exploded was still burning.

Nian Xiaomu's fear of flames had not improved at all since three years ago.

Whenever she saw the flames, she would feel uncomfortable all over.

She thought of her parents who had passed away. She thought of the terrifying night three years ago..

"Yu Yuehan, Yu Yuehan!"

Nian xiaomu called out to the car twice.

There was no response at all.

The car had been burned to the point that there was only an empty rack left. If he was really inside, she was afraid that he would not be able to answer her.

At this moment, Nian Xiaomu would rather believe that he was not in the car.

She turned around and started to search the surroundings, unwilling to give up.

The fire was still burning, and Du Li was lying beside the bonfire. There was a huge blood bag on his head, and his body was also covered in bloody wounds that had rolled down the road.

He looked like a man covered in blood.

Nian Xiaomu could not find Yu Yuehan, so her gaze landed on Du Li. When she realized that he did not seem to be dead, she moved her fingers and retreated cautiously.

Chapter 1644: All The Secrets (2)

Before she could react, the person who had been lying on the ground earlier had already slowly propped himself up and stood up again..

He was actually not dead? !

Not only was he not dead after falling from such a high altitude, he had only fainted for such a short period of time.

Was he still human?

Nian Xiaomu's heart skipped a beat. Just as she was about to pick up a rock and knock him out, du Li had already turned his head and looked in her direction.

His cap had fallen off, and the wound on his head was still bleeding. Half of his face had been blurred by the blood stains.

The bright red blood cut across the hideous scar on the side of his face, making him look especially terrifying.

The stallion's eyes emitted a strange green glow as it stared fixedly at Nian Xiaomu.

It was as if a demon had crawled back from Hell..

"You Want Me to Die?" As if he could not feel the pain, Du Li reached out and touched the wound on his forehead. The blood stains that he had gotten on his forehead were slowly brought to his lips and he licked them.

His cackling laughter sounded like a ghost.

"Everyone wanted me to die, but they did not have the ability to do so. In the end, they all died at my hands. Do you know why?"

"..."

Nian Xiaomu looked at du Li, who was acting like a madman. She clenched her fists and kept stepping back to increase the distance between them.

She did not reply.

Du Li looked at her and suddenly laughed.

"Because they are as stupid as Mo Kun!"

"..."

Nian Xiaomu stopped in her tracks and looked up at him in surprise.

What did he mean?

"Didn't you just ask me why I had to follow you and take your lives after Mo Kun was imprisoned? Because you ruined my entire plan. It was your appearance that caused me to lose the most perfect chess piece. All of you deserve to die!"

Du Lisen's cold voice rang in her ears like a demonic voice.

Nian Xiaomu's face instantly turned pale.

She clenched her fists so tightly that the veins on the back of her hands bulged. Gritting her teeth, she asked, "Are you saying that everything was arranged by You? Including the death of my parents!"

"I saw that Mo Kun was too cowardly. Even though he was very afraid of Mo Qian, I did not dare to deal with him. Therefore, I gave him a good idea and helped him return to the Mo family. "I told him that as long as he replaced Mo Qian, he would be the head of the Mo family. Not only would he have countless riches and riches, but he would also have the woman he loved the most... as long as Mo Qian died, everything in the Mo family would belong to him!"

Nian Xiaomu:"..."

"At first, he was unwilling to do so and was concerned about brotherhood. However, as long as he was forced into a desperate situation, he would definitely change. "He has to thank me for this. If it wasn't for my efforts after he was expelled from the Mo family, helping him taste the warmth and coldness of the world, and being humiliated like a dog, he might not have realized that all true feelings are fake. Only the power and position in his hands can give you everything you want!"

Du Li's head was still bleeding, but he was smiling ferociously.

The words that came out of his mouth sounded as if he was only talking about what he had eaten today.

However, because of his instigation, the Mo family had undergone a drastic change three years ago.

The family had been destroyed, and everyone had died.

He had actually said without a shred of humanity that he was helping Mo Kun!

No wonder..

Even if Mo Kun had been expelled from the Mo family back then, he would not have been so poor that he could not live on and had been picked up by her father by the roadside.

Everything had been arranged by Du Li on purpose.

Nian Xiaomu could almost imagine how du Li would torture and humiliate Mo Kun after he left the Mo family and lost the protection of the Mo family. Little by little, he would step on the pride of being from a prestigious family into the mud.

Chapter 1645: All The Secrets (3)

In those few years, her parents were very close, loving each other and giving birth to a child.

They were the model couple in the entire N City, the favored son of heaven that everyone envied..

A pair of twin brothers, their fates were completely different.

In addition, du Li had been sowing discord by Mo Kun's side, constantly magnifying the reason why Mo Kun would end up like this was all because of her father.

When such accumulated grudges accumulated to a certain extent, it would cause people to go crazy.

"It's all because of you!"

Nian Xiaomu gnashed her teeth. She could not wait to kill him right now!

If it weren't for Du Li, Mo Kun would not have ended up like this. Her parents would not have died.

Her grandfather would not have been lying on the hospital bed for three years and almost died. He had not recovered yet.

All of this was because du Li wanted to borrow Mo Kun's hand to help him get everything he wanted.

It seemed that Mo Kun was his master and the person he was protecting.

But in reality, Mo Kun was just a puppet under his control.

Du Li understood Mo Kun's thoughts very well. He knew what kind of words he could say and what kind of actions he could make Mo Kun take.

He had stayed by Mo Kun's side for so many years and slowly guided Mo Kun into becoming a devil who did not recognize his own family..

He was cold-blooded and merciless.

"So what if it's me? You Won't be able to do anything to me, but you will still die in my hands. Don't worry, you will be able to see Yu Yuehan soon. Not only Yu Yuehan, I will send all the members of the Mo family down to reunite with you one by one!"

Du Li scoffed.

His cold laughter made one's skin crawl.

He did not leave because he wanted to stay behind to take revenge.

A fugitive like him needed a good disguise in order to live a peaceful life.

Mo Kun could not live without him, and he could not live without Mo Kun either.

Therefore, anyone who obstructed them or went against them had to die!

"..."

Nian Xiaomu scanned her surroundings.

She did not have her cell phone with her. She must have dropped it when she jumped out of the car just now.

There was no one around for her to call for help.

She would not be able to escape. If she wanted to live, she would have to fight to the death with Du Li.

However, she was no match for du Li at all.

Before he rolled down the steep slope, she was already aware of this fact. After he rolled down the steep slope, this thought became clearer in her heart.

Even if she could not win, she would drag du Li Down with her!

Nian Xiaomu bit her lip and her gaze landed near the burning car.

There was an iron rod that had been detached from the car due to the explosion.

She rushed over without hesitation, picked up the rod, and rushed toward du Li.

Since she was going to attack, she had to catch the other party off guard!

Nian Xiaomu's reaction was so fast that it was too fast for anyone to react. However, du Li had already suffered a loss at her hands before, and he would not make the same mistake twice.

When Nian Xiaomu picked up the metal rod, Du Li had already raised his arm to block his head.

He avoided her first attack.

When Nian Xiaomu wanted to strike him again, the metal rod was already firmly grasped in his hand.

With a strong force, he threw her out!

With a bang, Nian Xiaomu fell to the ground.

She wanted to get up, but her stomach suddenly throbbed in pain. Her expression changed, and she was in so much pain that she could not stand up.

When she came back to her senses, she saw du Lizheng dragging the iron rod that he had snatched from her hand and walking toward her step by step.

The Black Iron Rod drew a long line on the ground. The sound produced by the friction was like the music of death..

Chapter 1646: All The Secrets (4)

Nian Xiaomu had just recovered from the shock when she started to take a step back with her hands on the ground.

"Stop struggling. I will send you to see the person you want to see very soon."

Du Li's eyes sparkled with excitement. It was as if a ball of flame was burning in his pair of eyes that were filled with a dim light.

"You didn't really want to help Mo Kun. You were just trying to use him from the start. Do you have a grudge against the Mo Family?"

Suddenly, something flashed across Nian Xiaomu's mind as she raised her head and asked.

Even if du Li needed a backer, he did not have to choose Mo Kun.

However, he had been hiding by Mo Kun's side for so many years. He had guided Mo Kun step by step and turned him into a devil who had been bewitched by him.

Wasn't the effort he had put in harder than him killing Mo Kun and pretending to be her father?

Nian Xiaomu's instincts told her that there must be some secret in Du Li that made him choose Mo Kun and use him to destroy the Mo family!

Du Li stopped in his tracks when he heard this.

A look of surprise flashed across his eyes before he laughed coldly again.

“Did you say that you are very smart? No wonder that old fart mo Chengxian did not want his own son and appointed you as the successor of the Mo family. I have stayed by Mo Kun’s side for so many years, but he could not tell that I was only using him, let alone that I wanted to use him to personally destroy the Mo family.”

“...”

Nian Xiaomu’s pupils constricted!

As expected..

She had always felt that Du Li was a very strange person.

It seemed like he was helping Mo Kun, but Mo Kun had already taken control of the Mo Corporation three years ago.

As long as he managed it well and subdued the members of the Mo family, the entire Mo family would fall into their pockets.

However, she realized that Mo Kun had been doing illegal things for the past few years.

The incident at the clothing factory had been a wake-up call for her.

From the looks of it now, all of this might not have been Mo Kun’s idea. It was likely that many things were related to Du Li.

The scariest thing was that someone around you would harm you in the name of your own good. This was because you would not realize that you were being schemed against by the person you trusted the most.

By the time you came back to your senses, it was already too late..

But, why?

“The Mo family is a large family that has existed for a hundred years. Their family style is strict, and they would never use their power to bully others, let alone make enemies with others. who exactly are you, and why did you do this? !”

“Who am I? That’s right, who am I?” Du Li tilted his head, as if he was thinking about her question.

As he thought about it, he suddenly started to laugh maniacally.

“I don’t even remember who I am. If you really want to ask me, I will tell you that I am the person whose family was destroyed by the false benevolence and righteousness of your mo family! I want everyone in the Mo family to be buried with me!”

“...”

Nian Xiaomu narrowed her eyes as a look of astonishment flashed across her eyes.

Impossible!

Under the management of her grandfather, the Mo family had always adhered to the Mo family's family rules and was committed to the protection and promotion of the national culture.

They were not hypocrites!

What had the Mo family got to do with the destruction of the Du Li Family?

Nian xiaomu retorted without hesitation, "You're talking nonsense!"

"I'm talking nonsense?" Du Li pointed the metal rod in his hand at Nian Xiaomu.

"Back then, I was the vice president of a company. I was young and promising. There were many people in the business world who admired me and wanted to work with me. During the financial crisis of those few years, the market was in a slump. Many companies collapsed, but my company did not."

Du Li seemed to have fallen into a memory, and a hint of bewilderment appeared in his eyes.

Chapter 1647: All The Secrets (5)

"But I finally set my eyes on a development project and invested all my money with the partners. I'm just waiting for the project to be completed, and I'll be able to earn a huge sum of money and safely get through this crisis... it's the Mo family!" "It's Mo Qian who suddenly appeared and said that the project I'm developing is too close to the Intangible Cultural Heritage Reserve. He insisted on meddling in other people's business and asked the relevant departments to stop the project!"

"..."

"My project was ruined. The initial investment had all gone down the drain. The partners had also run away. The huge debt was pressing down on me until I couldn't breathe. My wife had been looking for relatives to help me borrow money day and night because I was about to go bankrupt. In the end, there was a car accident on the road and two people died!"

Du Li's eyes turned scarlet due to anger.

A terrifying blood-red light flickered in his eyes.

"Do you think your mo family is the main culprit? "From that day onwards, I've been watching you. Mo Qian was too low-key and I didn't even have the chance to get close to him. However, the heavens don't let down those who have a heart. Unexpectedly, I found out that the Mo family had a son who had been recuperating overseas due to his poor health. He's Mo Qian's twin brother, Mo Kun."

From the moment he found out that Mo Kun was in poor health, he needed bodyguards to follow him in and out.

From the moment he appeared in front of Mo Kun as a capable secret guard, a whole year had passed.

During that year, no one knew what kind of devil-like training he had gone through to become invincible.

From a young man who only knew how to do business, he had become a devil who would no longer feel fear in the face of bullets, blood, and death.

A real devil!

As he had hoped, he had defeated all of Mo Kun's bodyguards and become Mo Kun's confidant.

This was only the first step of his revenge..

Originally, he had wanted to kill Mo Kun and let the Mo family taste the pain of losing a loved one. However, when he got closer and discovered the subtle relationship between Mo Kun and Mo Qian, the two brothers, he changed his mind.

How could the death of one person offset the hatred in his heart?

His company was gone, his wife and child were dead, and his entire life was over.

What was there to be afraid of for a person who had nothing?

He wanted revenge, and he wanted Mo Qian to pay the price! He wanted the fake benevolence and righteousness of the Mo family to pay the price!

"The Mo family is not fake benevolence and righteousness. You are the one who has done something wrong, and you have to pay the price for your wrong decision! The Mo family is only doing what they should be doing, and they are protecting our national culture. My father did not do anything wrong either!"

Nian Xiaomu snapped out of her shock and faced the gaze of the Du Liyin Stallion.

"You are the one who is at fault! Your Company went bankrupt because you made a wrong decision, and your wife had an accident because you did not take good care of her. The national culture does not belong to the Mo family, but to our entire nation. Even if my father did not stop you at that time, do you think that the relevant departments would not step in and stop the project once it started? "My father had discovered this earlier on. He did not harm you. Instead, he helped you reduce your losses. Instead of being grateful to him, you actually schemed to kill him!"

Whenever Nian Xiaomu thought of this, anger would burn in her chest, and she wished that she could tear du Li into pieces!

This world was just so strange.

Some people did good deeds, but they did not receive any gratitude. Instead, there was only misunderstanding and hatred.

Some people do bad things, but can stand on the moral high ground, with my pity so I am not wrong to blame others.

What is wrong with this society?

Is everyone sick?

Chapter 1648: All The Secrets (6)

“Help me?”

Du Li was stunned, as if he was shocked by her words.

He narrowed his eyes slightly, and for a moment, his gaze turned blank.

But when he thought about how he had been scheming all these years to use Mo Kun to tear the Mo family apart and destroy them, his expression suddenly turned cold again.

He could no longer turn back.

He had not done anything wrong!

“Mo Qian is the reason why I am here today. How could he possibly want to help me! Do you think that I will let you off just because you said so? It’s impossible. Everyone in the Mo family deserves to die, and Mo Qian’s daughter deserves to die even more!”

“...”

Nian Xiaomu did not want to explain anymore.

No one could wake up a person who was pretending to be asleep.

The double blow from his career and family had already exceeded the endurance of Du Li.

Perhaps, he had long gone mad, so he could only rely on the hatred that he held in his heart to support himself for the rest of his life.

He was the only one who did not realize that he was actually sick.

If he had realized that and sought help from a psychiatrist in time, his life would not have been filled with hatred, and he would not have turned into a monster that was neither human nor ghost. His heart was only filled with blood.

Not only had he harmed himself, but he had also harmed others!

“You are a lunatic!” Nian Xiaomu shouted hysterically.

“But, you will die at the hands of a lunatic today.” Du Li raised the metal rod in his hand and swung it in Nian Xiaomu’s direction with a bloodthirsty smile!

Nian Xiaomu quickly laid down and avoided the metal rod. In the next second, she swung the sand in her hand out.

Du Li did not expect her to use this tactic. As his eyes were filled with sand, he let out a low growl and was unable to see anything.

In just an instant, Nian Xiaomu had already crawled up from the ground with her hands on her stomach. Instead of running away, she hid behind a big rock beside her.

It had been quite some time since the car had exploded.

Her grandfather would definitely contact her if he did not wait for them to return.

When he realized that he could not contact her, he would realize that something might have happened to them.

She could not run too far now, and it was useless for her to escape. All she could do was hide.

One side of this steep slope was next to the mountain, and there was a stone forest scattered beside the road.

There were big and small ones. Even if du Li wanted to search for them one by one, it would take some time.

As long as she could stall for a little longer, her grandfather's men would definitely appear..

Nian Xiaomu squatted behind a large rock and reached out to pick up a rock the size of a brick from the ground. Holding it in her hand, she held her breath.

"Nian Xiaomu, don't hide anymore. This place is only so small. Do you think that you can escape?"

Du Li held onto the metal rod and did not rush forward to look for it. Instead, he stood where he was and smiled coldly and sheepishly.

Trying to stall for time?

She was very smart, but it was a pity that he would not give her such an opportunity.

Du Li held the metal rod and started to look for Nian Xiaomu from the nearest boulder.

He searched for Nian Xiaomu over and over again, but was also wary that Nian Xiaomu would launch a sneak attack on him. His speed was not considered fast.

Even so, in less than ten minutes, he had already found most of the places where he could hide.

From the sound of his footsteps, he was already very close to her.

Nian xiaomu blinked her eyes and took a deep breath. She did not let herself panic as she squatted beside the big rock and listened carefully to the sound of footsteps beside her ear.

All of a sudden, the sound of footsteps disappeared.

Nian Xiaomu looked around and did not see anyone.

Could it be that he had stopped searching?

That was impossible.

Chapter 1649: All The Secrets (7)

Just as Nian Xiaomu was wondering why she could not hear a single sound, a chill ran down her spine.

Before she could regain her senses, a shadow fell from above her head.

She lifted her head abruptly and saw du Li lying on the rock where she was hiding and smiling at her darkly..

“Ah!”

Nian Xiaomu cried out in fear and threw the rock in her hand at du Li without hesitation.

Du Li was already prepared for this and avoided it by turning his head to the side.

He jumped down from the rock for the rest of his life.

His eyes shone with a ghostly light as he said, “Let’s see where you can run to this time!”

Nian Xiaomu really could not run anymore.

Her stomach felt as if it was drumming and there was a little person causing a ruckus inside. It was so painful that she could not breathe.

However, Du Li was standing right in front of her. If she did not run, it would be equivalent to waiting for death.

She did not want to die yet.

She had not avenged Yu Yuehan, avenged her parents, sent du Li to prison with her own hands, and made him accept the punishment of the Law!

There were still too many things that she had not done.

She was not willing to just wait for death.

Nian xiaomu gritted her teeth and endured the pain from her lower abdomen as she retreated step by step.

She turned around to look for a weapon that she could use to defend herself.

However, after looking around, she realized that there were only rocks here.

There was nothing else.

All she could do was bend over and pick up rocks to throw at du Li.

However, with Du Li’s skills, she could not hit him at all. All she could do was slow him down as he approached her. Not long after, du Li walked up to her.

“Run! Why aren’t you running anymore? Let Me Guess, you can’t run anymore, right?”

Du Li’s gaze swept across her body and landed on her hand that was pressing on her stomach. The corners of his mouth twitched.

“Why, does your stomach hurt?”

“...”

When Nian Xiaomu heard his words, she instinctively reached out to protect her stomach.

She moved back a little.

She avoided his gaze.

The next second, she heard du Li opening his mouth faintly.

“Don’t tell me that you are pregnant. Didn’t your good friend get pregnant the last time that she did not even know about it? In the end, she miscarried. The amount of blood that she bled was as much as the day my wife died. It’s just a pity that she did not die.”

“...”

Nian Xiaomu instantly became furious when she heard du Li mention Tan Bengbeng.

“Lunatic! Pervert!”

Du Li wanted her to be angry and watch her struggle on the brink of death.

At this moment, she was smiling smugly.

However, Nian Xiaomu felt very uneasy because of his words.

She had said it casually before she jumped out of the car. If she had a younger brother in her belly, why did it seem more and more real now.

Yu Yuehan, where are you?

Xiao Liulu seemed to really have a younger brother. However, how was she going to protect her younger brother now..

Nian Xiaomu’s hands were tightly protecting her stomach as she struggled to retreat. Very quickly, her back was pressed against a large rock.

In front of her was du Li, who was holding an iron rod.

She could no longer run away..

“Hahaha, I will send your family back together right now!” Du Li smiled sheepishly as he raised the iron rod in his hand high up and swung it out with all his might!

Bang

With a muffled sound, time and space seemed to be frozen in place.

The scenes of meeting Yu Yuehan flashed past Nian Xiaomu’s eyes.

When they first met that year, the young man dressed in a white shirt was aloof and aloof, and he kept others at a thousand miles away.

When they met again, he was already the high and mighty president of the corporation, but she had become a little nurse who did not even know who she was..

Falling in love was such a sudden thing.

But it was so difficult to be together.

He was the love of his youth and the love of the rest of his life.

Bang

There was another muffled sound.

The one who fell was not Nian Xiaomu, but du Li, who was holding an iron rod!

Chapter 1650: I Am Your Little True Love (1)

He stared at her with his scarlet eyes, and the expression on his face was one of disbelief.

The instant he fell to the ground with a loud crash, a cloud of dust was stirred up on the ground.

The metal rod in his hand fell from his hand and rolled all the way to Nian Xiaomu's feet..

Nian Xiaomu's body was stuck to the big rock, and her eyes widened slowly. Yu Yuehan's face in front of her gradually became clearer and clearer.

It was as if she was dreaming.

He was not dead. He was standing right in front of her with a rock in his hand that was stained with blood.

It was du Li's blood.

As Du Li fell to the ground, his hand loosened, and the rock rolled down from his hand.

"Nian Xiaomu."

He opened his thin lips slightly and called out softly.

Then, he walked over to her step by step. Lifting his hand, he gently touched her pale face.

His fingertips were so cold that she could not help but shiver. Staring at him in a daze, she did not dare to make a sound.

She was afraid, afraid that the him in front of her was just an illusion.

"Nian Xiaomu, don't be silent. Answer me and let me know that you are fine." Yu Yuehan's hand that was touching her face slid down slightly and stopped on her neck.

The anxiety in his dark eyes calmed down a little when he felt her pulse.

He seemed to have used up a lot of energy to say two consecutive sentences. He did not speak again and only looked at her.

It was as if he wanted to use his gaze to confirm that she was really fine.

Nian Xiaomu was stunned for a long time. The coldness in his fingertips gradually became warm due to the contact with her.

She seemed to have suddenly snapped back to her senses and reached out to grab his hand.

With a trembling voice, she asked, "Yu Yuehan, is it really you?"

She must not tell her that she was just dreaming.

“It’s me. Didn’t I say that I would be fine? Don’t cry.” Yu Yuehan’s long fingers caressed her cheek. When he saw the tears rolling down from the corner of her eyes, he furrowed his brows.

He rarely saw her cry.

He liked to see her smiling sweetly in front of him. She was always as shrewd as a little fox.

However, Nian Xiaomu had just returned from the gates of Hell and saw Yu Yuehan who had “Come back from the dead.” That feeling was like a drowning person suddenly grabbing onto a piece of driftwood.

When she managed to escape with great difficulty, she realized that the person she loved the most was right in front of her.

What she was holding onto tightly was not some driftwood, but his hand..

Other than surprise, there was also an indescribable sense of grievance and fear.

The moment she saw him, she exploded completely.

Nian xiaomu burst into tears.

She threw herself into his arms and hugged him tightly.

“You scared me to death. I kept calling out your name just now, but you didn’t answer me. I thought that you were dead...”

“I couldn’t find you in the car either. Du Li even told me that you were dead for sure and that there was nothing left of you...”

“I don’t want to be separated from you ever again...”

“...”

Nian Xiaomu was really scared out of her wits.

She wasn’t scared by Du Li, but by Yu Yuehan.

She recalled the short and long period of time that they had just been separated.

She felt as if she had been abandoned by the entire world and could not find her own direction.

She had yet to tell him that she loved him too.

She had yet to tell him that Xiao Liuliu might have a younger brother.

He had said that he would accompany her for the rest of her life, and now he had less than one-third of his life..

“Okay.”

She suddenly threw herself into his embrace. Yu Yuehan let out a muffled groan and did not move.

He did not raise his hand to hug her either. He just allowed her to hug him.
