

My Life 1671

Chapter 1671: Grandma Is Here! ! ! (1)

Nian xiaomu reached out and nudged Yu Yuehan. However, Yu Yuehan did not respond, so she immediately whispered behind his ear.

“Yu Yuehan, wake up quickly. Grandma is here!”

“HMM?” Yu Yuehan narrowed his eyes and did not hear what she said clearly. Instead, he stretched out his long arms and pulled her into his embrace, wanting to carry her and continue sleeping.

His warm palms were pressed against her stomach, as if he was feeling the baby in her stomach through her stomach.

“Sleep with me for a while more.”

He opened his mouth with a hoarse voice.

Nian xiaomu swatted his hand away without saying a word.

She cupped his face with both hands and used so much force that his mouth turned into an “O” shape. “Yu Yuehan, did you hear what I Said? I said that Grandma is here! Grandma! Your Grandma Is Here!”

Yu Yuehan: “...”

Yu Yuehan opened his eyes. At first, he was dissatisfied with her rudeness and reached out to rub his handsome face.

In the next second, he seemed to have gradually realized what she had said and sat up straight from the bed.

He got up too quickly and even felt dizzy from the injury. He did not even have the time to rub his head as his gaze had already turned towards the door of the ward.

“Bang!”

The door of the ward was pushed open by someone very cooperatively from the outside. It slammed heavily against the wall with a loud bang.

Immediately after that, special assistant Yang’s complicated face was revealed.

Before they could ask what was going on, Special Assistant Yang was already pushed aside by the person behind him in disgust. His entire body fell to the side.

Following that was a cry of surprise.

“Aiyo!”

Matriarch Yu pushed special assistant Yang aside and rushed into the ward.

Her eyes reddened immediately when she saw Yu Yuehan and Nian Xiaomu sitting on the hospital bed.

“Tell me, why did the child suddenly become like this? I was wondering why you guys had not heard from each other for such a long time. When I asked Xiao Liuli and she said that she did not know, I felt that something was wrong. I did not expect that something had really happened! “You guys actually hid it from me. Do you want an old lady like me to worry to death?”

Yu Yuehan revealed a guilty expression. Just as he was about to say that he was fine, he only had the time to call out “Grandma”. Then, he watched helplessly as his own grandma rushed to the other side of the bed and hugged Nian Xiaomu.

“My Xiao Mumu, you have suffered a lot. I heard that you were injured. Where are you hurt? Quick, let Grandma take a look at you. I am heartbroken!”

Yu Yuehan:“...”

Nian Xiaomu:“...”

This was the first time that Yu Yuehan suspected that he might have picked her up. He was the one who was seriously injured even though his head was wrapped in gauze.

He took a glance at the two of them who had started to greet each other in front of him. In the end, they were still chatting and he could not help but cough twice.

“Grandma, I am the one who was injured. My head has not recovered yet.”

“Oh, you’re the one who was injured, not Xiao Mumu?”

Matriarch Yu seemed to have just realized what was going on. She took a look at Yu Yuehan’s face, which was begging for attention, and examined Nian Xiaomu seriously. After she was sure that she was really fine, she heaved a long sigh of relief.

She patted the back of Nian Xiaomu’s hand in relief.

“It’s good that it’s not my Xiao Mumu. Then, Grandma will be relieved!”

Yu Yuehan:“? ? ?”

A black man with a question mark on his face.

Was he really not picked up by accident?

“Grandma, I’m fine. Not only am I fine, but I also have some good news to tell you!”Nian Xiaomu clung onto matriarch Yu’s embrace and acted like a spoiled granddaughter.

When she mentioned that she was pregnant, she subconsciously turned her head and took a glance at Yu Yuehan.

In the end, she saw a certain someone with a look of despair as if he had been ignored, abandoned, and abused. He was hugging a pillow and curled up at the side silently.

Chapter 1672: Grandma Is Here! ! (2)

She was so pitiful that she barely managed to squeeze out two tears.

Nian xiaomu reached out and hooked her finger around his little finger. When she saw that he did not object, she turned around and told matriarch Yu with a smile on her face.

“Grandma, I am pregnant. The baby is already two months old.”

“...”

Matriarch Yu was stunned.

Her well-maintained face made her look much younger than her peers. In addition to her outgoing personality, she always had a smiling face and looked exceptionally kind.

However, at this moment, there was no reaction at all.

She just stared blankly at Nian Xiaomu.

There was not even a hint of a smile on her face, let alone surprise.

Nian Xiaomu became nervous all of a sudden. Biting her lips, she said, “Grandma...”

Slap

Before Nian Xiaomu could finish her sentence, matriarch Yu suddenly stretched out her hand and gave Yu Yuehan a hard slap on the shoulder.

Yu Yuehan almost jumped out of bed from the slap.

A second ago, he still had an aggrieved look on his face, but now, his face was filled with fear.

“Grandma, Why Did You Hit Me?”

“Does it hurt?” Matriarch Yu asked excitedly as she retracted her hand that had gone numb from hitting him.

Yu Yuehan rubbed his shoulder. Even though he was baffled, he answered honestly, “Of course it hurts when you hit me so hard.”

“So the pain is real? Is My Xiao Mumu really pregnant? Am I going to be a great-grandmother again?”

The excitement that came from his soul kept asking questions.

Then, he hugged Nian Xiaomu and praised her crazily.

“I knew it. From the first time I saw you, Grandma thought that you were a good child and especially liked you!”

“Yuehan is a taciturn person. He doesn’t know how to speak and has no sense of interest. What’s the use of just having a good-looking face? It’s a good thing that I met you. You are really the granddaughter-in-law that our Yu family accumulated good deeds in the past life!”

“Grandma is dumb and doesn’t know how to speak. However, Grandma likes you from the bottom of her heart and wishes that you were my biological granddaughter...”

“...”

Yes, he could tell.

Yu Yuehan added silently in his heart.

They were his biological grandsons. He had picked them up, so stop talking about it.

He wanted to hug the pillow quietly.

Yu Yuehan had just laid down when he realized that matriarch Yu was looking at him.

He immediately sat up and looked at her with anticipation in his eyes.

He thought to himself, Grandma has finally thought of me!

She had finally realized that she could not give birth to the child alone. He was the baby's father, and he was also the hero!

It was time for her to show her true skills and praise him!

He had to be reserved. Even if Grandma praised him to the skies later, he had to pretend as if nothing had happened and act as if he did not care at all.

After all, he was a Prince Charming, and a prince charming had to protect his image.

He could not be like Nian xiaomu, who would flutter after a few words of praise.

Yu Yuehan straightened his back and was already prepared to receive the overwhelming praise.

However, after waiting for a long time, grandma only took a glance at him. Without saying anything, she was ready to shift her gaze away.

"Grandma, I am the child's father."

Was she not going to say anything to him?

Upon hearing this, matriarch Yu glanced at him from head to toe and said, "It is precisely because of a disappointing father like you that Xiao Liulu has been looking forward to meeting her younger brother and sister for so long. Do you need me to say more?"

Yu Yuehan:"..."

He was deaf and could not hear anything.

This world was filled with malice toward him and he only wanted his wife to hug him.

It was rare that Nian Xiaomu did not add insult to injury. She stroked his head and thought for a moment before speaking.

"Grandma, don't despise him. He doesn't remember many things, and my grandfather still doesn't agree to our marriage."

Chapter 1673: Grandma Is Here! ! (3)

As Nian Xiaomu spoke, she felt lonely and touched Yu Yuehan's head again.

“You Lost Your Memory?” When matriarch Yu heard what she said, a look of surprise flashed across her eyes. She lifted her head and took a glance at Yu Yuehan.

Her astute gaze caused all the hair on Yu Yuehan’s body to stand on end.

Yu Yuehan did not speak, nian Xiaomu had already answered on his behalf, “Yes, he accidentally hurt his head and forgot about everyone else. He only remembers me. However, I have already told him everything I know during this week when he was recovering from his illness. I even showed him Grandma’s photo, so he remembers Grandma.”

“Is that so?” Matriarch Yu’s gaze became much more loving. She blinked her eyes and walked two rounds around the bedside, sizing up Yu Yuehan who was sitting on the hospital bed.

She stared at Yu Yuehan until his body stiffened and his limbs stiffened. He almost admitted that he had faked amnesia when he could not take it anymore.

She was afraid that his grandmother would think of something to deal with him.

In the end, matriarch Yu only looked at him for a long while before she reached out her hand and touched his head in heartache.

“My grandson is really pitiful. He was already stupid to begin with and even hit his head. What if he turns into an idiot after hitting his head?”

Yu Yuehan: “...” he was not stupid!

“Grandma knows that you definitely won’t admit that you are stupid. It’s Alright, Grandma will help you take a look.”

Matriarch Yu knocked his head twice like a watermelon, and Yu Yuehan nearly fainted.

“Grandma!”

Yu Yuehan did not cry out in pain, but Nian Xiaomu was already so scared that she hugged him.

“Grandma, Yu Yuehan’s concussion has just recovered, so he can’t hurt his head anymore. He still remembers me now. If he gets hurt again, he might even forget about me.”

Yu Yuehan leaned into her embrace and hugged her waist tightly as if he was pleading for help. “Nian Xiaomu, my head hurts.”

What was it like to have an old and naughty grandma?

He could finally feel it.

Yu Yuehan usually did not talk much. He had a cold personality, and no one dared to talk to him easily.

Before he met Nian Xiaomu, he had never tried to pretend to be pitiful to gain sympathy.

However, in order to get a wife, he had even thought of feigning amnesia. He wanted to take this opportunity to make his wife feel sorry for him, so that he could get some benefits for himself.

In the end, before he could get any benefits, he found out that Nian Xiaomu was pregnant.

Now, it was Grandma who did not love him, and Grandpa did not love him... why was his life so miserable?

"Silly girl, Grandma is helping you. Maybe grandma will knock him awake after knocking him a few times?" Matriarch Yu retracted her hand and said with a smile.

Yu Yuehan: "..."

Nian Xiaomu: "..."

How could one fight poison with poison in such a way?

Nian Xiaomu did not see it, but Yu Yuehan did. Grandma clearly knew that he had not lost his memory and was deliberately teaching him a lesson to help Nian Xiaomu vent her anger.

Yu Yuehan's handsome face was expressionless. He did not make a fuss even though he had been beaten up.

He reached out and tugged at Grandma's arm.

"Grandma, Old Patriarch Mo is Nian Xiaomu's biological grandfather. If he does not agree to this marriage, you will not have a granddaughter-in-law anymore."

"That's right, Grandma. My grandfather is not as cute as you. He is a stubborn old man. Yu Yuehan and I have thought of many ways, and Yu Yuehan almost lost his life. However, he still refused to let go of me. Now that I am pregnant, I don't even dare to say it. I am afraid that grandfather will forcefully bring me back to the Mo family to raise the baby and won't let me see Yu Yuehan."

Nian Xiaomu seemed to have also found an opportunity to help Yu Yuehan file a complaint.

She would tell matriarch Yu everything that had happened during this period of time.

Chapter 1674: Grandma Is Here! ! (4)

It was not appropriate for their juniors to have conflicts with their elders for such a big event like marriage. However, it would be different if it was the elders who treated their elders.

Matriarch Yu was instantly enraged when she heard that someone wanted to snatch her granddaughter-in-law away.

"I am going to the Mo family to deliver the post. I want to personally pay a visit to the old patriarch of the Mo Family!"

It happened so quickly.

Yu Yuehan and Nian Xiaomu alighted from the hospital bed at the same time.

"Grandma, we will accompany you!"

Hence, the group of them rushed to Mo Chengliang's villa.

Along the way, matriarch Yu did not look well. Her expression was as if her beloved baby had been snatched by someone and was about to pay them a visit to settle the score.

Nian Xiaomu was terrified when she saw this. She quietly grabbed Yu Yuehan and asked him who they were going to help if Grandma got into a fight with her grandfather later on.

Grandma was a woman, and she would be at a disadvantage in a fight.

However, her grandfather was still in a wheelchair, and he was currently in a bad condition.

If they really fought, it seemed like they would not be able to gain any advantage either.

However, they were going to Mo Chengliang's villa now, and there were bodyguards from the Mo family everywhere. After thinking about it, it seemed like Grandma was at a disadvantage..

Nian xiaomu pointed at her fingers and kept thinking about what she should do if there really was a conflict. Before she could think of a solution, they had already arrived at Mo Chengliang's villa.

Yu Yuehan got out of the car first and opened the car door for matriarch Yu. Then, he helped her get out of the car.

He stood at the door and was not in a hurry to enter.

Nian Xiaomu walked up to him curiously and asked, "Grandma, what are we waiting for?"

Since they were already at the door, she did not knock on the door nor did she allow anyone to inform her. Instead, she stood at the door and waited for the wind to blow.

"There's no rush." Matriarch Yu glanced at her and gave her a look that said, "Don't be impatient."

"It's Grandma's first time visiting your family. Of course, she can't come empty-handed. Grandma is waiting for a gift."

As soon as she finished speaking, a motorcade appeared not far behind them.

The motorcade was so large that it seemed like it was going to fill up the street in front of Mo Chengliang's villa.

The motorcade stopped at the entrance of the villa. The drivers in the driver's seat walked to the trunk and opened it.

The car was filled with gift boxes..

Nian xiaomu swallowed her saliva and said, "Grandma, this is..."

"A gift for a visit!"

Nian Xiaomu: "..."

With so many gifts, those who did not know about it would probably think that they were not here to visit today, but to offer a betrothal gift to the Mo family.

The word "Offer" flashed across Nian Xiaomu's mind, and she looked at matriarch Yu in shock.

Matriarch Yu had already sent someone to knock on the door and inform Old Master Mo that they were here.

Then, she held Nian Xiaomu's hand and walked into the villa.

Matriarch Yu was old, but she was also the matriarch of the Yu family. She was dressed in a cheongsam, and as she stood in front of everyone, her graceful and luxurious aura was something that even the members of the Mo family did not dare to underestimate.

She led them all the way to the main hall.

"Please have some tea, matriarch Yu." The Butler placed the Teacup in front of her respectfully.

Matriarch Yu was the only one sitting in the living room.

Yu Yuehan and Nian Xiaomu stood obediently behind her chair.

At this moment, they were looking nervously at the door.

After about ten minutes, when they saw that Mo Chengxian had not appeared yet, they were about to ask the butler what was going on when the Butler had already explained quickly.

"Matriarch Yu, don't misunderstand. The master did not not appear on purpose. It is because he has fallen ill again. King Yama is feeding him medicine. He will be here soon!"

As soon as the Butler finished speaking, Mo Chengxian's wheelchair appeared outside the door. Qi Yan was pushing him as he slowly walked into the living room.

Mo Chengxian's resolute face was indeed unusually fair.

Chapter 1675: Grandma Is Here! ! (5)

"Grandpa, Are You Alright?"

When Nian Xiaomu heard that Mo Chengxian was not feeling well, she ran up to him without a word, leaned against the wheelchair, and asked worriedly.

Mo Chengxian did not say anything. He merely shook his head at her and took the opportunity to let her stand beside him.

In the huge living room, the atmosphere instantly became tense when both families were present.

Matriarch Yu sat on a chair in the living room with no expression on her face. She only nodded her head slightly in acknowledgment when she saw Mo Chengxian appear.

As a form of greeting, she asked the butler to bring Yu Yuehan and Nian Xiaomu down to rest first, citing the fact that they had just gone through a huge disaster and had yet to recover.

"Grandma..."

Nian Xiaomu was a little worried that matriarch Yu would be left alone to discuss marriage matters with her grandfather.

Matriarch Yu did not say anything. She merely turned her head and asked Yu Yuehan to take good care of her fiancée.

Yu Yuehan's eyes flickered. He walked over to Nian Xiaomu's side, wrapped his arms around her shoulders, and left with the butler.

It was rare for Mo Chengxian, who would blow his beard and glare at Yu Yuehan every time he saw him, to remain silent and did not object.

He just watched as Yu Yuehan took his granddaughter away.

The moment the two of them left the living room, Mo Chengxian found an excuse to send Qi Yan out.

Only the two elders were left in the huge living room.

Mo Chengxian had a hunch that matriarch Yu wanted to speak to him alone, which was why she was so cooperative with her.

However, when only the two of them were left in the living room, matriarch Yu still sat on her seat and sipped her tea quietly.

Her leisurely attitude did not seem like she was here to discuss her marriage. Instead, it seemed like she was really here to visit.

This caused Mo Chengxian to be a little dumbfounded.

"Patriarch..." after the butler sent Yu Yuehan and Nian Xiaomu to their room to rest, he returned to the living room and whispered something into Mo Chengxian's ear.

Mo Chengxian's expression changed slightly.

The way he looked at matriarch Yu was even more complicated.

The Butler had already gotten someone to count the gifts that the Yu family had sent over.

Other than a few boxes of custom-made desserts, the rest were all valuable items.

The gold and silver equipment were all prepared according to the traditional etiquette and the number of people who came to hire them.

The total value of the diamond jewelry was also an astronomical figure.

The most interesting thing was a complete set of phoenix coronet and gown. The exquisite workmanship and pure handmade stitching probably took a lot of effort to get this set.

Coincidentally, the design and style were in line with the set that he had prepared for his granddaughter.

Old Madam Yu had prepared so much and had personally come to visit the Mo family. In the end, she had only greeted him and already had tea?

Was there nothing else to say?

For example, she could ask him if he would agree to marry his precious granddaughter to Yu Yuehan.

“I have long heard that old matriarch Mo is a senior figure in the business world. Yuehan is still young, so he will definitely benefit greatly from your guidance in the future,” matriarch Yu suddenly put down the Teacup and said.

She said it very cleverly.

It sounded like she was praising Mo Chengxian, but at the same time, she seemed to be paving the way for Yu Yuehan.

Mo Chengxian raised his eyebrows slightly. He thought to himself that the Yu family had brought so many betrothal gifts, so it was time for them to get down to business and talk about marriage.

In the end, old madam Yu said such a polite thing and continued drinking her tea.

That leisurely posture of hers really seemed like she was a guest.

Mo Chengxian had originally wanted to put on an air of arrogance so that he could take the initiative when the conditions were discussed later. However, when he saw old madam Yu’s posture, the person who could not keep his cool was about to become him!

Just as he was hesitating whether he should take the initiative to bring up this matter, old Madam Yu put down her teacup for the second time.

Chapter 1676: Grandma Is Here! ! (6)

Mo Chengxian instantly sat up straight in his wheelchair. When he realized that the pace of the negotiation was being controlled by matriarch Yu, his expression changed without a sound.

Just as she was waiting for her to speak, matriarch Yu really opened her mouth as well.

However, she wasn’t talking about Yu Yuehan and Nian Xiaomu’s marriage. Instead, she was asking about her precious great-granddaughter.

“I heard from Yuehan that Xiao Liuliu likes great-grandfather very much and specially stayed here to accompany you to recuperate. Why haven’t You Seen My Little Darling after I’ve been here for so long?”

The Butler at the side helped to explain, “In reply to matriarch Yu, little miss woke up early today and fell asleep after playing for a while. I’m afraid that she hasn’t woken up yet...”

“Great-grandmother –”

Before the housekeeper could finish speaking, a young and tender voice came from the courtyard.

With the housekeeper’s constant reminder of “Little miss, be careful and slow down”, in the blink of an eye, a little ball of rice in a princess dress had appeared outside the living room.

Her big black eyes roamed around the living room. When she saw matriarch Yu, she immediately smiled and ran over happily with her short legs.

She pounced in front of matriarch Yu and hugged her thighs with both hands.

“Great-grandmother, Xiao Liuliu misses you so much!”

“My Little Darling, let great-grandmother take a good look at you. I miss you so much!” Matriarch Yu hugged her and kissed her pink little face.

Xiao Liuliu grew up in the Yu family Villa and matriarch Yu watched her grow up.

She was the closest to her great-grandmother.

As soon as she saw her, she immediately pulled old madam Yu along and said that she wanted to show her around the Mo family’s villa.

“Great-grandfather said that this is Ma Ma’s house, and it will also be Xiao Liuliu’s house in the future. Does great-grandmother like it? If great-grandmother likes it, she can live here with Xiao Liuliu...”

A child’s words were fearless.

Xiao Liuliu was famous in the Mo family for being precious.

Not to mention that the entire Mo family did not dare to comment on what she said, even if Mo Chengxian himself heard it, he would just pretend not to hear it.

As long as his great-granddaughter was happy, she could let whoever she wanted to live here.

Thus, the style that followed became Xiao Liuliu bringing old madam Yu to visit Mo Chengliang’s villa.

Although Mo Chengliang’s villa could not compare to the Mo family’s main mansion, it was decorated very differently and the place was big enough.

It took a lot of time to walk around it.

Wasn’t matriarch Yu here to discuss the marriage today? She actually left with Xiao Liuliu just like that. The old and the young strolled around the garden leisurely, leaving Mo Chengxian alone.

After a long while, they still could not figure out what was going on.

Just as they turned their heads to let the Butler follow them to take a look, Mo Chengliang had already received the news and came in from outside the door.

He asked with a face full of anticipation.

“Family head, how did it go? I heard that the Yu family’s old madam is already strolling around the garden. Did you guys already come to an agreement?”

Mo Chengxian:”...”

What Agreement? She didn’t even talk to him!

He had put on airs for a long time. The moment Xiao Liuliu appeared, she pulled him away. She didn’t even ask if he wanted to walk around with her.

Could it be that he had to be thick-skinned and follow her?

“Family head, this is not good. There is something wrong with old Madam Yu’s actions!” Mo Chengliang was a little anxious when he heard that the two of them had not discussed the marriage at all.

Mo Chengxian frowned. "What do you mean?"

"Think about it. Yesterday, you had just released the condition that Yu Yuehan must marry into the Mo family if he wanted to marry the eldest miss. Now That Old Madam Yu is here, is it normal for her to only bring the betrothal gifts and not talk about the marriage?"

Chapter 1677: Grandma Is Here! ! (7)

"Furthermore, matriarch Yu didn't say anything when she came and asked Little Miss..." Mo Chengliang slapped his thigh and said excitedly.

"I know now. She must have disapproved of Yu Yuehan marrying into the family and was worried that she would fall out with us. We wouldn't let little miss marry into the family, so she came early to steal little miss away!"

"What nonsense are you spouting!"

Mo Chengxian slapped the back of his head.

"It's true that Xiao Liulu is my great-granddaughter, but she is also the great-granddaughter of the Yu family. She grew up in the Yu family's villa. If they really wanted to take Xiao Liulu away and receive her openly, how could you not give it to them? Is there a need to steal it?"

"Then what do they mean?" "I heard from the butler that the betrothal gifts are not cheap. Even the Mo family can not easily take out so many rare antiques and diamonds. Old Madam Yu spent so much just to come to my place to drink tea and play with her great-granddaughter?"

Mo Chengliang touched his forehead. He really could not understand what the Yu family was up to.

He was not the only one who could not understand. Mo Chengxian was also a little confused just now.

However, when he saw Mo Chengliang scratching his ears and cheeks anxiously, he suddenly understood.

Was Old Madam Yu trying to wear down their patience?

After all, they were going to be in-laws in the future, so they couldn't always use the same methods as in the business world. Once they came, they would put on a show and negotiate terms.

"Don't be anxious. Since old Madam Yu is here to visit, treat her well." After Mo Chengxian finished speaking, he thought about it and felt that it was inappropriate, so he stopped Mo Chengliang.

"I'll go personally!"

On this day, Old Madam Yu spent the entire morning visiting the Mo family's villa.

She took a break at noon and ate something. Then, she continued to play games with Xiao Liulu in the afternoon..

Nian Xiaomu had just returned to her room. She hid by the window and peeked a few times. When she turned around and saw Yu Yuehan resting with his eyes closed on the sofa, she could not help but give him a kick.

“How can you still be in the mood to sleep at a time like this?”

“Your grandfather and my grandmother are both accompanying Xiao Liuliu. Isn’t it pretty good? Why are you in such a hurry?” Yu Yuehan grabbed her wrist and pulled her into his embrace. Then, he placed his large hand firmly on her stomach.

He asked curiously.

“I think that other people will vomit when they are pregnant. Why didn’t you?”

It was precisely because Nian Xiaomu had been pregnant for too long that her appetite had not changed much. Therefore, almost no one had noticed it.

If it had not been for this accident, they would not have noticed it until her stomach was big.

“I don’t know either. The baby is very well-behaved. Previously, I felt nauseous once or twice. After that, I did not feel any discomfort. If he is really a younger brother, he will definitely be a warm man in the future!” Nian Xiaomu rubbed her stomach, her eyes curved into crescents as she smiled.

Yu Yuehan completely did not notice that he had changed the topic.

Yu Yuehan hugged her and lifted his gaze slightly. His gaze passed through the windowsill and looked at matriarch Yu in the courtyard.

That was his biological grandmother. He did not have amnesia, so of course he knew what kind of person his grandmother was.

To put it nicely, she was an old mischievous child.

To put it more seriously, she was a sly old fox.

Compared to Old Patriarch Mo, he had another advantage... Yu Yuehan thought of something and the corners of his lips curled up into a wicked smile.

He lowered his head and planted a kiss on Nian Xiaomu’s face.

“Nian Xiaomu, we are going to have a Chinese wedding ceremony this time. I want to see you in a phoenix coronet and wedding gown.”

Nian Xiaomu: “...”? ? ?

Her grandfather had agreed to let them get married? He actually dared to think about what kind of wedding ceremony they were going to have.

Chapter 1678: Grandma Is Here! ! (8)

Outside the courtyard, matriarch Yu, who had accompanied Xiao Liuliu for the whole day, was finally tired.

She carried Xiao Liuliu and returned to the living room.

First, she got someone to get a towel for Xiao Liuliu to wipe her face. Then, she poured a glass of water for the little glutinous rice ball. When Mo Chengxian's wheelchair slowly entered the living room, she was already carrying Xiao Liuliu and sitting on the chair.

The first thing she said was very direct.

"I heard that the Mo family head refused to let his granddaughter marry into our Yu family. He said that he wanted to marry into the family through the cold, or else he would break up the couple. Is That So?"

Mo Chengxian:"..."

They had been holding it in for a whole day, so much so that they thought that old madam Yu had forgotten about this matter. They were hesitating whether or not to remind her to have a chat.

She suddenly said this without any warning.

And it was too direct.

Mo Chengxian was so direct that he almost couldn't catch his breath. He was completely unable to respond.

From the start, he had been thinking about the only child of the Yu family. Not to mention matriarch Yu, even he himself felt that his conditions were a little too excessive.

Originally, if matriarch Yu had asked in a more tactful manner, he would have definitely gone along with it and hinted that the Yu family could give him a grandson or granddaughter. However, she had asked so clearly, so he couldn't say it out loud!

However, Mo Chengxian was, after all, the head of the Mo family and a person who had lived his entire life in awe and awe.

It only took him a few seconds to react before he calmed down and spoke rationally.

"Xin 'ER is my only granddaughter and I have high hopes for her son-in-law. I hope that in the future, I can find someone who treats her well to marry into the family and inherit the Mo family's business."

From his words, he did not mean that he was targeting Yu Yuehan.

However, anyone who wanted to marry his granddaughter could only marry into the family.

Mo Chengxian cleared his throat and was about to say that if Yu Yuehan really could not marry into the family, he could give it to his grandson and granddaughter. However, matriarch Yu had already spoken first.

"As long as Yuehan is married into the family, will you agree to Xiao Mumu becoming my granddaughter-in-law?"

Mo Chengxian:"..."

Mo Chengxian: "Yes."

"No regrets?" Matriarch Yu asked again.

Mo Chengxian was dumbfounded by these few words.

What did she mean by this?

Could it be that she would really agree to let Yu Yuehan marry into the Mo Family? How was this possible! He had heard very clearly that the Yu family was the sole descendant of several generations. Apart from the fact that Old Master Yu had gotten himself into a romantic relationship and had an illegitimate child, the Yu family was also the sole heir of the Yu family

However, that was also a useless person who could not be supported. It was simply impossible for him to inherit the Yu family.

How could old madam Yu give up on her own biological grandson that she had personally raised and let an illegitimate child inherit the Yu family.

She must have been testing him on purpose.

She had deliberately acted as if she despised Yu Yuehan. She wanted him to believe that it was true and to look down on Yu Yuehan as well. Naturally, she would not snatch the grandson from her.

What a brilliant plan to retreat in order to advance!

Since that was the case, he would play along!

“You must be joking. Who in the business world has not heard of the name ‘Young Master Han’? Yu Yuehan is young and promising and has a good appearance. It is hard for him to treat Xin ‘er really well and is willing to protect her with his life. Even an old man like me is moved. If he is willing to marry into my mo family, I will agree to this marriage without a second thought. I will get someone to prepare the wedding for them tomorrow! “I’m just afraid that you won’t be able to bear it...”

Mo Chengxian paused for a moment and looked at Old Madam Yu with a smile in his old eyes.

“I’ll Bear It! What’s there to be reluctant about? As long as you like that lump of ice in my house, I’ll give it to you today as the matriarch of the Yu family!” Old Madam Yu slapped the table and made her decision without the slightest hesitation.

Mo Chengxian: “? ? ?”

Was his hearing impaired due to his old age?

Chapter 1679: Grandma Is Here! ! (9)

Gift..

Gift Him?

Was she really willing to let Yu Yuehan marry into the Mo Family? ? ?

Mo Chengxian took a deep breath. “Mrs. Yu, you can’t joke about this. If I remember correctly, Yu Yuehan is the only heir of the Yu family. Are you sure you want to gift him to me and let him marry into the Mo Family?”

"I'm asking if you really want him. If you dare to take him, I dare to give him to you!" Matriarch Yu said domineeringly.

Mo Chengxian:"..."

Mo Chengxian was not the only one who was stunned. Even Mo Chengliang, who was following behind him and pushing his wheelchair, was also dumbfounded.

The two cousins were both stunned and could not come back to their senses for a long time.

Really, really, really give him to them?

Mo Chengxian had praised Yu Yuehan just now. Although he had the intention of defeating matriarch Yu, he had said it on purpose.

However, he was speaking the truth.

Everyone had witnessed Yu Yuehan's excellence. If not for the fact that Xin 'er was the only direct descendant of the Mo family who could inherit the position of the family head, he would have long accepted this grandson-in-law.

He was envious of such an outstanding descendant, yet matriarch Yu had given it to him just like that?

"Patriarch Mo, you have said so much. Do you want Yuehan or not? You were the one who said that if the Yu family agreed to let Yuehan marry into the family, you would let Xiao Mumu be my granddaughter-in-law. A person can not go back on his word!"

Matriarch Yu became anxious when she saw the hesitation on Mo Chengxian's face.

Mo Chengxian and Mo Chengliang looked at each other in dismay at this scene. They could see the same doubt in each other's eyes.

This Yu Yuehan... was really the biological son of the Yu Family?

No, no, they could not be deceived by matriarch Yu.

This was definitely a plan that the Yu family had discussed beforehand. They would not dare to accept it if they said this on purpose.

"Matriarch Yu, have you really thought it through? If Yu Yuehan were to marry into the Mo family, you will not have any grandchildren in the future." Mo Chengxian put on a serious expression and reminded her on purpose.

Matriarch Yu waved her hands nonchalantly.

"A grandson who only has a good-looking face and is of no use at all is gone. The most important thing is that you can agree to let Xiao Mumu be my granddaughter-in-law! To be honest with you, I felt that we hit it off the moment I laid eyes on Xiao Mumu... Aiyo, look at how happy I am. The topic has gone off again. Let's continue talking about Yuehan's marriage."

Mo Chengxian:"..."

He suddenly felt that he wasn't talking about the marriage, but about the tragic matter of selling his grandson.

"Since Master Mo has agreed to this marriage, shouldn't we sign a contract or something? Even though it's a happy event, I have already given my grandson to you. I have to write it clearly in black and white so that you won't go back on your words and cause me to lose my granddaughter-in-law in the future, right?"

Matriarch Yu added slowly.

Hearing this, Mo Chengxian was stunned. "Contract?"

"Actually, it's not really a contract. It's just a marriage agreement or something. Of course, I know you're worried. I've already prepared the agreement. You can read the content written on it. If there are no objections, get the two children to come over and sign it."

As matriarch Yu said this, she asked the lawyer who accompanied her to bring in a marriage agreement.

Before Mo Chengxian could say anything, Mo Chengliang could no longer hold himself back and went forward to read the contents of the agreement.

When he saw that it was really written that Yu Yuehan was going to marry into the Mo family after the marriage and that he was even going to change his surname to mo, Mo Chengliang's expression changed instantly.

Was the Yu family for real?

Even the condition of changing his surname was written on the attached document of the marriage agreement. Was it that they were determined not to have Yu Yuehan and wanted to give him up to the Mo Family?

"Family head, young miss has kidnapped a genius for you to inherit the Mo family. We have struck it rich!"

Mo Chengliang read through the entire agreement and made sure that there was not a single additional agreement that was disadvantageous to the Mo family. He took the document and walked in front of Mo Chengxian, grinning from ear to ear.

They had originally thought that the Yu family would not agree to let Yu Yuehan marry into the family. They could not count on the Yu family to grow up and would be satisfied if they could count on the Yu family to give them a grandchild.

They had not expected matriarch Yu to be so easy to talk to and actually give away her own biological grandchild.

With Yu Yuehan marrying into the family, such a talented young man had come to their Mo family. This time, they really did not have to worry about the matter of the heir.

How could Mo Chengliang not be happy?

He could not wait to grab Mo Chengxian's hand and quickly help him sign the agreement so that matriarch Yu would not regret it.

"Is there really no problem with this marriage contract?" Mo Chengxian asked warily.

After all, he was an experienced person.

He had lived most of his life and had never believed that a free lunch would fall from the sky.

The easier matriarch Yu was to talk to, the more he felt that something was wrong.

However, the marriage contract and the additional contract were all here. If he really agreed to it and let Yu Yuehan and Xin'er sign the contract, it would be a done deal. Matriarch Yu's acting would not be so realistic.

Was she really not afraid that the Yu family would not have an heir?

"There's really no problem. If you don't believe me, take a look for yourself!"

Mo Chengliang shoved the agreement into his hands and urged anxiously, "Such a good thing. I reckon that old Madam Yu must have been dizzy to agree to it. If we don't agree to it quickly, we'll suffer a huge loss if she comes back to her senses and reneges on it!"

"What's the rush? Is this something that can be rushed?"

Mo Chengxian let out a low growl and reached out to pick up the marriage agreement in front of him. After taking a few glances at it, he turned around and instructed Mo Chengliang.

"Don't just stand there. Go Out and get someone to inquire about Old Madam Yu's usual relationship with Yu Yuehan. Oh right, focus on asking if Yu Yuehan is the Yu family's biological grandson!"

"Yes!"

Mo Chengliang turned around and left.

He walked out of the living room in a hurry.

Matriarch Yu hugged Xiao Liulu and sat on the chair to play with her. She left the marriage agreement for Mo Chengxian to read slowly, but she did not seem to be in a hurry at all.

After Mo Chengxian finished reading it, she asked calmly, "Master Mo, there isn't a single clause in this agreement that is detrimental to the Mo family, right?"

"There isn't, but I just can't understand why you are willing to let Yu Yuehan change his name and marry into the Mo family since he is your biological grandson. He is so proud and arrogant, aren't you afraid of him..."

Before Mo Chengxian could finish his sentence, matriarch Yu raised her hand and interrupted him.

"Patriarch Mo, you are wrong about this. Children and grandchildren will have their own blessings. It is already good enough for an elder to take care of them when they grow up. How can he be worried about what will happen after we die?" "Besides, not only is Xiao Mumu the granddaughter-in-law that I

like, she is also the person that my silly grandson likes. Didn't you say just now that Yuehan would give up his life to protect Xiao Mumu? I am his biological grandmother. How can I not fulfill his wish?"

Mo Chengxian:"..."

"And to tell you the truth, this boy is really not as considerate as a girl. Yuehan has always been a block of ice since he was young. You Don't even know that I bought a beautiful dress to trick him into wearing it when I was young. Yet, he did not fall for it even once. This really pissed me off!! "Later on, when I grew up, it was even more exaggerated. All he knew was work, work, work. He couldn't even find a wife, and he gave me a biological granddaughter out of nowhere. Even now, when I ask him, he still can't explain what happened... forget it, don't mention it. If I say too much, it'll only bring tears!"
