

My Life 1681

### **Chapter 1681: Grandma Is Here! ! ! (11)**

Matriarch Yu's expression of disgust did not look like she was faking it at all.

She was really disgusted!

From the contents of the marriage agreement, it could be seen that she was giving this grandson away for free. She really did not want it anymore!

Mo Chengxian found a topic to talk about and chatted with her for a while until Mo Chengliang returned.

With a face full of joy, he went up to his ear and reported.

"I found it!" It was true that Yu Yuehan was matriarch Yu's biological grandson, but he was not close to matriarch Yu. It was said that before he met Miss Yu, Yu Yuehan did not get close to women and did not like to talk to them. He was very cold and aloof. No one in the Yu family Villa dared to take the initiative to strike up a conversation with him. It was only when matriarch Yu visited him occasionally that she would leave in a huff."

Mo Chengliang took a deep breath and continued.

"Also, matriarch Yu really likes eldest miss very much. It's said that back then, when Yu Yuehan suspected eldest miss' identity and did not agree to take her in, it was matriarch Yu who vouched for her and insisted on keeping her. She even tried to set them up. "It wasn't because of her grandson, but because she likes eldest miss and wants eldest miss to be her granddaughter-in-law. She even gave Yu Yuehan a death order. If she can't marry eldest miss, she will sever all ties with him..."

Mo Chengliang, who had heard the news, was stunned!

This matriarch Yu really loved eldest miss. No wonder she wanted eldest miss to be her granddaughter-in-law even though she had sold her biological grandson.

It was a classic case of not wanting a grandson after having a granddaughter-in-law.

From the looks of it, it was not unusual for matriarch Yu to agree to Yu Yuehan's marriage in order to let him marry eldest miss. Instead, they were the ones who were making a fuss.

The last bit of doubt in Mo Chengxian's eyes was finally dispelled when he heard Mo Chengliang's words.

He passed the contract in his hand to the lawyer and turned around to instruct someone to invite Yu Yuehan and Nian Xiaomu. At the same time, he also instructed someone to inform the other members of the Mo family.

The more people there were, the better. He wanted Yu Yuehan and Xin 'er to officially sign this marriage contract in front of everyone.

This way, even if the Yu family went back on their word in the future, he still had so many witnesses!

Mo Chengxian's plan was well thought out, and matriarch Yu was not a fool. She could see through his intentions and continued to carry Xiao Liuliu calmly as they sat on the chair, whispering to each other.

"Does Xiao Liuliu still want a younger brother?"

"Yes!" The moment the little glutinous rice ball heard her younger brother, her big black eyes instantly lit up.

She nestled into Old Madam Yu's embrace in a childish manner and asked her where she had a little brother.

"There's no rush. When your parents sign the marriage agreement, great-grandmother will give you a little brother. However, you have to help great-grandmother later..." old madam Yu lowered her head, she lowered her voice and reminded the little glutinous rice ball by her ear.

The little person listened obediently. From time to time, she would nod her head like a little chick pecking at rice.

She looked cute and adorable, which was against the rules.

Not long after, the living room was filled with people.

Qi Yan and Mo Yongheng, who had received the news, rushed over.

There were also quite a number of elders from the Mo family, the butler, servants, and bodyguards from Mo Chengliang's villa..

It seemed that no one had ever seen such a rare occurrence in a large family. All of them crowded around and wanted to take a look.

Yu Yuehan had already heard about the situation in the living room on the way here. At this moment, he was protecting Nian Xiaomu, who was already pregnant, without batting an eyelid as he walked to the front of the living room.

The moment he appeared, his powerful aura caused the people around him to unconsciously make way for him.

Nian xiaomu tugged on the corner of his shirt nervously and mumbled softly.

"Yu Yuehan, Grandma seems to have really sold you out!"

### **Chapter 1682: Who asked me to love you so much (1)**

Yu Yuehan:"..."

His instincts told him that he might not be selling it, but giving it away for free.

But, what else could he say?

This was his biological grandmother, and she had specially come to marry him.

A faint light flickered in Yu Yuehan's eyes. As if nothing had happened, he patted the back of Nian Xiaomu's hand and said, "It's fine. It's just that your grandfather can agree to let us get married. I will agree to any condition. It's my fault for Loving You."

These words of love instantly tickled Nian Xiaomu to the point that her heart was thumping wildly.

Her eyes were so moved that they were red.

Clutching the corner of his shirt tightly, she sobbed and said, "Yu Yuehan, I love you too..."

"Yes, I know."

Yu Yuehan held her hand and hid the clear light in his eyes. He continued to act as a handsome young man who had lost his memory. As everyone watched, he brought Nian Xiaomu into the living room slowly.

"Grandpa."

"Grandma."

The two of them greeted the elders present.

Mo Chengxian had a serious expression on his face. In comparison, the smiling matriarch Yu looked more like someone who wanted to pick up a grandchild for free.

When she saw them, she could not stop smiling.

"Don't be nervous. Master Mo sent you guys here to get married. The marriage agreement has been prepared. Are You Guys Happy?"

"..."

A trace of surprise flashed across Yu Yuehan's and Nian Xiaomu's eyes as they lifted their heads to look at Mo Chengxian.

He had agreed so quickly?

Was he really going to let them get married?

"Don't be too happy yet. I have agreed, but with conditions!"

Mo Chengxian stood at the front and read the contents of the marriage agreement in front of everyone. Then, he asked Yu Yuehan.

"Your grandmother told me that as long as I agree to let Xin'er be her granddaughter-in-law, I will agree to let you marry into the Mo family and change your surname to Mo. What do you think?"

"Grandfather!"

Nian Xiaomu did not expect matriarch Yu to agree to such a condition. The expression on her face instantly became a little nervous as she reached out and grabbed Yu Yuehan's arm.

Yu Yuehan was the only heir of the Yu family. This was something that everyone knew.

If he married into the Yu family, what would happen to the Yu Family? What would happen to the Yu Corporation in the future?

Furthermore, Yu Yuehan was such a strong-willed person. The reason why he was able to achieve what he had today was not because of his ancestors, but because of his own talent and hard work.

Although everyone's views on marrying into the Mo family were not as biased as before, with Yu Yuehan's status, if he really married into the Mo family, there would definitely be many gossips spreading..

She did not want him to face all of this.

"Xin'er, I am asking him. If he is unwilling, I will not force him. Why are you in such a hurry?" Mo Chengxian lowered his voice and asked in a low voice.

"I..."

Just as Nian Xiaomu was about to reject him on behalf of Yu Yuehan, Yu Yuehan had already reached out and pulled her back.

He stood in front of everyone. With his tall and straight body and his handsome face that had sharp edges, he just stood there. His every move exuded a sense of nobility that seemed to be able to look down on everything.

His deep black eyes slowly sized up everyone present.

He did not let go of the shock and curiosity in everyone's eyes.

Everyone was waiting for him to open his mouth to agree or reject.

However, judging from their expressions, almost no one believed that he would agree. Instead, they were all guessing whether he would turn his back on the Mo family because of the contents of the marriage agreement and abandon Nian Xiaomu.

Yu Yuehan narrowed his eyes and opened his thin lips slightly, pausing between each word.

"I agree!"

Boom

It was as if a bolt of lightning had struck the center of the lake. The surroundings were filled with ripples, and they continued to spread in all directions from the spot where he had spoken.

"He agreed! Young Master Han actually agreed to it!"

### **Chapter 1683: Who asked me to love you so much (2)**

"Did I hear wrongly? It's one thing for the matriarch of the Yu family to agree to let young master Han marry into the family, but young master Han actually agreed to it himself!"

"It seems like a hero can not overcome a beauty with such a beautiful face!"

“What do you guys know? This is clearly a wish to win the heart of one person. The two of you will never part, and you will silently eat this bowl of dog food...”

“...”

Compared to the others, the shock that Nian Xiaomu felt when she heard those three words far surpassed the news that her grandfather had agreed to let them get married.

She raised her head and looked at Yu Yuehan in shock.

She had thought that he was very resourceful. If he really did not want to marry into the Mo family, he would definitely have other ways to convince her grandfather to let them get married.

After all, they had already gotten on the train without paying for the tickets. Now that she was still pregnant with a baby, her grandfather doted on her and would definitely not be willing to force her to separate from Yu Yuehan so that the baby in her womb would be like Xiao Liuliu, she was born with the name of an illegitimate daughter.

However, she had never expected that Yu Yuehan would agree to her grandfather’s conditions so directly.

He must have gotten someone to call Grandma over, right?

Otherwise, how could it be so coincidental that he had come to city n to visit them when he knew that something had happened to them and even brought so many expensive betrothal gifts.

He had obviously come here specially to lower the betrothal gifts..

Nian Xiaomu’s mind gradually became rational. Many things that she had overlooked started to surface in her mind bit by bit.

In order to protect her, he had almost lost his life.

When he woke up, he was seriously injured and had to recuperate in the hospital. Furthermore, he was worried that her grandfather would not approve of their being together and had made so many arrangements behind her back..

Why was he so good?

He was so good that she wanted to cry!

“Nian Xiaomu, your grandfather has already agreed to let you marry me. Why Are You Crying?” Yu Yuehan pulled her into his embrace. His long fingers caressed her eyes and brows, and he wiped away the tears at the corners of her eyes.

Holding her hand, he walked up to Mo Chengxian gracefully.

“I have agreed to all the conditions that old patriarch mo mentioned just now. Can you sign it now?”

Nian Xiaomu had already returned to the Mo family. Her current identity was the eldest daughter of the Mo family, Mo Xin.

Her real identity.

As long as she signed the marriage agreement in front of her, they would be a legal couple.

He did not want to wait for even a second!

Matriarch Yu was also as anxious as he was.

When she heard Yu Yuehan's words, she immediately carried Xiao Liulu and went forward.

"Yes, yes! Hurry up and sign it. After you sign it, Xiao Mumu will be my legitimate granddaughter-in-law!"

"Yes, Grandma." Yu Yuehan took the pen from the lawyer and signed his name on the agreement in front of him smoothly.

Then, he passed the pen to Nian Xiaomu, who was beside him.

Nian Xiaomu took the pen and glanced at Mo Chengxian, who remained silent. Then, she asked obediently, "Grandpa, did I sign it?"

"Wait, let me think about it again."

Mo Chengxian looked hesitant.

He really could not think of any problems with this agreement. He was the one who had taken the initiative to propose all the conditions and the Yu family had agreed to it.

Only the benefits that the Yu family had given them did not require the MO family to fulfill any of the conditions.

However, he had a nagging feeling that something was not right.

He had been so happy that he had lost his mind and could not react in time. The more he thought about it, the more he felt that something was missing.

"Family head, are you stupid? Why are you still hesitating at this time? If you don't let them sign the agreement and confirm this matter, in a while, if the Yu family goes back on their word, you will really regret it!" Mo Chengliang anxiously urged from the side.

In the past few years, he had personally witnessed the Mo family almost being destroyed by Mo Kun. He hoped more than anyone else that there would be a capable family head to lead the Mo family.

### **Chapter 1684: Who asked me to love you so much (3)**

Nian Xiaomu was the legitimate eldest daughter of the Mo family. There was no doubt about her abilities. Now, with the addition of Yu Yuehan, the favored son of the heavens in the business world.

Mo Chengliang could almost imagine what kind of prosperous scene the Mo family would have in the future.

In the end, Mo Chengxian was still hesitating. How could he not be anxious? He could not wait to agree on Mo Chengxian's behalf.

“Family head, this is a once in a lifetime opportunity. I have read the additional clauses in the marriage agreement many times. I swear to you with my life that the Yu family really did not dig a hole for us. There aren’t any conditions that are disadvantageous to us. Besides, they have already given us their own grandson. What are you still doubting? “No matter how much matriarch Yu dislikes Yu Yuehan, she can’t push her own grandson into the fire pit!”

“...”

What Mo Chengliang said made sense.

Initially, Mo Chengxian only wanted to think about it carefully. In the end, after being urged by him, he also felt that his actions seemed a little inappropriate.

He was too cautious.

After all, they were in-laws in the future. In front of so many people, he could not be too disrespectful to the Yu family.

Mo Chengxian coughed lightly and moistened his throat before speaking in a dignified manner.

“Xin ‘er, grandfather has always respected your opinion. If you really like Yu Yuehan and want to be with him for the rest of your life, you can sign this marriage agreement. If you are not willing, grandfather will never force you...”

“I am willing!”

Nian Xiaomu did not wait for him to finish speaking and quickly took a pen and signed the agreement.

After the marriage agreement was signed in duplicate, it was handed over to the lawyer.

He asked the lawyer to get it notarized.

Yu Yuehan’s love for the Mo family’s eldest daughter was as deep as the ocean. The news of him marrying Mo Xin at the cost of marrying into the family spread like wildfire.

In a short period of time, the news spread throughout City N and became a legend.

This was a story for another time.

The current situation was that the Mo family and the Yu family had become in-laws. Mo Chengxian still remembered the betrothal gifts that matriarch Yu had given him. He thought that it was inappropriate to accept such an expensive betrothal gift after stealing her grandson. He was about to return some of the gifts.

Matriarch Yu hurriedly stopped him.

“Don’t!” “This betrothal gift is for Xiao Mumu’s wedding. Although Yuehan isn’t thoughtful enough, he has good taste. I am extremely satisfied that he has found such a good granddaughter-in-law for me. I will not take any of these gifts with me. I will only take my granddaughter-in-law with me!”

Matriarch Yu walked forward as she spoke and held Nian Xiaomu and Xiao Liuliu’s hands as they walked out.

Mo Chengxian's expression changed when he saw this.

"Wait, matriarch Yu, what did you mean by what you said just now?"

"What's wrong? Didn't we agree that Yuehan would marry into the Mo family and become your grandson-in-law, while Xiao Mumu would become my granddaughter-in-law? Since the marriage agreement has been signed, of course, I have to take my granddaughter-in-law away. Not only my granddaughter-in-law, but also the great-granddaughter that my granddaughter-in-law gave birth to for me!"

Matriarch Yu lowered her gaze to look at the little glutinous rice ball beside her and reminded her, "Xiao Liuliu, say goodbye to your great-grandfather. After some time, when great-grandmother is free, she will bring you all back to see your father who sold himself!"

Mo Chengxian:"? ? ?"

Mo Chengliang:"? ? ?"

Everyone from the Mo Family:"? ? ?"

Everyone was dumbfounded.

A second ago, Mo Chengliang was still immersed in the joy of having a successor in the Mo family. The next second, when he heard matriarch Yu's words, he almost could not catch his breath.

When he came back to his senses, he stopped her without saying a word.

"This isn't right. Yu Yuehan has already married into the Mo family, so he will definitely stay in the Mo family to live. If you take the eldest miss away now, won't you be separating the husband and wife?"

#### **Chapter 1685: Who asked me to love you so much (4)**

Upon hearing this, matriarch Yu stopped in her tracks.

She sighed.

"That's true, but didn't you force the couple to separate by not agreeing to their marriage? "I'm a little better than you. At the very least, I've given them a status. In the future, I can still bring Xiao Mumu and Xiao Liuliu over to visit Yuehan frequently. Can you take it as imitating the cowherd and Weaver Girl and meet each other on the seventh day of the seventh lunar month?"

Mo Chengliang:" ..."

Mo Chengliang could not win against matriarch Yu. However, when he thought about how Nian Xiaomu and Xiao Liuliu were going to be taken away, he was so anxious that he could only walk back to Mo Chengxian's side.

"Family head, take a look... what should we do about this?"

" ..."

Mo Chengxian was also at a loss for words for a moment.

He felt that something was wrong, but he could not put his finger on it.

He did not expect that he would actually be waiting for him here..

He finally understood it!

They all took it for granted that if Yu Yuehan married into the Mo family, he would have to stay in the Mo family to live. Nian xiaomu would naturally stay as well, including Xiao Liuliu.

If Yu Yuehan was going to change his surname to Mo, then his child would only have the surname Mo in the future, regardless of whether it was his father's surname or his mother's surname.

Not only did the Mo family not pick up a grandson from the Yu family, but they even had a great-granddaughter..

However, who knew that matriarch Yu would actually come up with new tricks in this tacit understanding.

Her grandson had been married into the Mo family, but she wanted to take away the Mo family's only granddaughter.

Not only did she want to take away Nian Xiaomu, even Xiao Liuliu had to follow the Yu family.

After all, matriarch Yu only said that her grandson would be married into the Mo family and did not mention that her great-granddaughter would be given to them as well.

The marriage agreement did not specify anything either.

It was all because they had taken everything for granted.

If Mo Chengxian remembered correctly, matriarch Yu had been emphasizing from the start that she could give up on Yu Yuehan as her grandson as long as he agreed to let Xin 'er be her granddaughter-in-law..

He actually did not react in time and even thought that she was putting on an Act!

Mo Chengxian had just figured out all the key points and matriarch Yu's smiling face had already turned serious.

Her voice was slightly deep.

"Patriarch Mo, all of you have seen the marriage agreement and signed it only after you felt that there was no problem. I have left my grandson to you. It wouldn't be too much for me to take my granddaughter-in-law and my great-granddaughter away, right? "Don't worry, Yuehan will be a member of the Mo family from now on. He really likes Xiao Mumu and will definitely manage the Mo family's property for the sake of Xiao Mumu. As for the Yu family..."

Matriarch Yu changed the topic and looked at Nian Xiaomu's belly.

"I can't count on a grandson anymore. Xiao Liuliu is my favorite. How could I bear to let her get involved in the ups and downs of the business world? I can only bear the burden myself and wait for Xiao Mumu to give birth to a big, fat great-grandson for me so that I can inherit the YU Corporation in the future!"

After she finished speaking, she reached out and caressed Nian Xiaomu's flat belly as if she had not meant to.

"You are only two months old. You still have to wait for more than half a year before you can come out. My Good great-grandson, there is no rush. Great-grandma is waiting for you..."

Mo Chengxian:"..."!!

Mo Chengliang:"..."!!

The members of the Mo family:"..."!!

Mo Chengxian's eyes widened as he asked, "Mrs. Yu, what did you say just now? Xin 'ER is pregnant?"

"That's right, don't you guys know?" "It's already been two months. In another half a year, I will be a great-grandmother again." However, this wasn't a big deal. Xiao Mumu was still young and was only having her second child. Even though the two of them were living in two different places, they could still meet each other freely. Perhaps in another two years, they would have to report for their third child as well!"

#### **Chapter 1686: Who asked me to love you so much (5)**

Old Madam Yu said this with a radiant smile on her face. The way she covered her mouth and snickered was simply too heart-wrenching.

"..."

This time, it was not just the two brothers Mo Chengxian and Mo Chengliang. The expressions on the faces of the members of the Mo family were complicated.

No matter how powerful Yu Yuehan was, he was still a single person.

Even if he married into the Mo family and changed his surname to Mo, what use would it be if all of his children did not belong to the Mo Family?

Wouldn't the Mo family's direct line of descent be cut off!

On the other hand, the Yu family had lost a grandson and earned a great-granddaughter..

When the members of the Mo family heard matriarch Yu's words, they swallowed their saliva in envy.

If they had known earlier, they would have preferred to have a grandson and granddaughter. At the very least, the Mo family's direct line of descent would have a successor in the future!

Mo Chengliang had also regained his senses, he looked at Mo Chengxian and his eyes turned red with anxiety. "Master, I told you that it's not good to ask for too much. We shouldn't have mentioned the conditions for Yu Yuehan to marry into the family in the first place. Can't we just have a great-grandson and great-granddaughter?"

Mo Chengxian raised his hand and slapped the back of his head. "You still dare to speak? If it wasn't for you, would I have been able to make Xin 'er sign this marriage agreement so quickly?"

He had always felt that there was something wrong and wanted to take a second look. Who was the one who kept urging him to quickly agree so that he wouldn't lose this shop after this incident.

Now that he realized that he had been tricked, Mo Chengliang still dared to blame him?

The more Mo Chengxian thought about it, the angrier he got. He raised his hand and hit Mo Chengliang a few more times.

Mo Chengliang covered his head and dodged to the side.

"Master... Cousin, my biological cousin! Show Mercy! I did that for the sake of the Mo family. It's really not my fault. If you want to blame someone, blame the Yu family for being too cunning. They actually dug such a huge pit for us to jump into!"

"You still dare to say that? You jumped into the pit without seeing clearly, yet you still have the face to say that. Are you afraid that others won't know that the people of the Mo family are stupid? I'll beat you to death, you muddle-headed fool!"

Mo Chengxian was so angry that his face turned red. Just as he raised his leg to kick Mo Chengliang, Yu Yuehan blocked his way.

"Grandfather, let's talk things out nicely."

"..."

The moment Mo Chengxian saw Yu Yuehan, he thought of how he had been schemed against by matriarch Yu. He could not help but feel angry.

Just as he was about to tell him that he was not his grandfather, he thought of the marriage agreement that had already been signed.

No matter what, that marriage agreement had been signed in front of so many people, and Yu Yuehan was now his legitimate grandson-in-law. He was right to call him 'grandfather'.

However, just because Yu Yuehan pretended to be obedient in front of him did not mean that he could not tell that he was definitely involved in the good show that matriarch Yu had performed today!

Otherwise, how could the famous "Young Master Han" in the shopping mall be so obedient as to allow him to marry into the family just like that?

Yu Yuehan had basically joined forces with matriarch Yu and had come to trick him with the betrothal gifts!

If he was willing to gamble, he would admit that he had lost.

However, Yu Yuehan had taken advantage of him, yet he still pretended to be obedient. He had underestimated him too much!

"Grandfather, I admit that I was indeed involved in today's matter. However, I did not plan to scheme against you when I agreed to marry into the Mo family. Instead, I wanted to prove that as long as you are willing to let me marry Nian Xiaomu, I will treat her well for the rest of my life. Even if you wanted my life, I would not even frown, let alone marry into the family."

Mo Chengxian: "... he sounded like a decent person.

When Yu Yuehan saw that Mo Chengxian's anger had subsided slightly, he took the Teacup from the butler and placed it in front of him.

He opened his thin lips slightly.

"This cup of tea is for grandfather. Please rest assured, grandfather. Since I love Nian Xiaomu deeply, I will love her family as much as she does. I will not let the Mo family have no heir."

### **Chapter 1687: Who asked me to love you so much (6)**

As soon as Yu Yuehan said this, the expressions of everyone in the living room, except for matriarch Yu, changed.

Mo Chengxian, who rarely lost his cool, asked directly, "What do you mean by this?"

"Xiao Liuliu has been with me since she was young. My grandmother has taken care of her the longest. She will definitely be reluctant to part with Xiao Liuliu if she agrees to let her stay in the Mo family. However, I can promise grandfather that if Nian Xiaomu and I have other children in the future, regardless of whether they are sons or daughters, one of them will take the mother's surname and inherit the Mo family's business."

Yu Yuehan enunciated each word carefully.

Mo Chengxian's hale and hearty eyes lit up instantly. He took the tea from Yu Yuehan's hand and raised his voice unconsciously.

"You're not lying to me? Are you really willing to let your child take the mother's surname and inherit the Mo Family? Including the child Xin 'ER is currently carrying?"

If he had known that his granddaughter was pregnant again, he would not have discussed the marriage with the Yu family.

No matter what, he would have to wait for the child to be born and keep it for himself first. Then, he would discuss the rest of the matters with the Yu family. Otherwise, he would have been cheated and would not have been able to say anything.

Mo Chengxian was feeling extremely regretful in his heart. When he heard that Yu Yuehan was willing to let go of his grandson, he did not care about his pride and drank the tea that Yu Yuehan had brought for him in one gulp. Then, he raised his head and looked at him.

"Yes, including the child that is currently in Nian Xiaomu's stomach." Yu Yuehan's eyes were calm as he opened his mouth slowly.

After he finished speaking, he did not look at Mo Chengxian. Instead, he turned to look at Nian Xiaomu.

His gaze was gentle.

He loved the child, and he loved her even more.

No matter what the child's surname was, it was still their child.

However, giving up a child with the mother's surname would allow Nian Xiaomu to have no worries and not have to make a choice between her family and him.

"Thank you, Yu Yuehan."

Nian xiaomu understood his gaze and walked forward. Touched, she threw herself into his embrace and hugged him tightly.

The luckiest thing in life was not meeting someone who loved you, but someone who loved you and understood you.

He knew what you were thinking and what you cared about the most. He would care about you as much as he cared about him.

"You're welcome. It's my fault for loving you so much." Yu Yuehan lowered his head and whispered into her ear.

He had said the same words to her twice today. It was only at this moment that Nian Xiaomu finally understood what he meant.

How Lucky was she to have met him in this lifetime.

"Also, don't be happy too early. Grandma and I are not traditional people. It's no problem for us to agree to give the Mo family an heir. However, there is one person who might not agree to it."

"Who?"

Yu Yuehan had just reminded Nian xiaomu that she was still muddle-headed. Suddenly, a young voice of protest sounded from behind her.

"The younger brother is Xiao Liuliu's. You Can't give it to great-grandfather!"

The little ball of glutinous rice that had been following matriarch Yu obediently a moment ago immediately broke free from matriarch Yu's hands and threw herself into Nian Xiaomu's embrace the moment she heard that Nian Xiaomu was pregnant.

A pair of big crystal-clear eyes stared fixedly at Nian Xiaomu's stomach.

"Does mommy have a little brother in her stomach?"

"..."

Nian Xiaomu was slightly taken aback. Reaching Out, she caressed her little face and said with a smile, "Mommy does have a little baby in her stomach, but it might not be a little brother. It might be a little sister."

"I like Little Sister Too! Mommy gave birth to Xiao Liuliu, and Xiao Liuliu likes all of them!"

Suddenly, the little cuddly ball hugged Nian Xiaomu's waist as if she was protecting her calf. She held onto her stomach tightly so that no one else could see it.

**Chapter 1688: Who asked me to love you so much (7)**

She grumbled in an aggrieved manner.

“Great-grandfather, why did you fight with Xiao Liuliu for the younger brother and sister? Xiao Liuliu doesn’t love great-grandfather anymore, sob sob sob SOB SOB...”

The little glutinous rice ball, who was still smiling just a moment ago, suddenly burst into tears.

She cried until she was heartbroken.

Her bean-sized tears fell as soon as she said it.

As she cried, she tried her best to hug Nian Xiaomu with her little arms and sobbed, “Xiao Liuliu wants the younger brother and younger sister. I have already grown up and can take care of my younger brother and sister by myself.”

Nian Xiaomu:”...”

How could she have forgotten that Xiao Liuliu talked about little brother and sister every day? It was not easy for her to get pregnant, but Yu Yuehan had agreed to give the child to the Mo family.

No wonder Xiao Liuliu was so sad.

But if he did not give it to her..

Nian Xiaomu lifted her head and looked at Mo Chengxian.

Mo Chengxian:”...”

At this moment, Mo Chengxian was also dumbfounded.

He had thought that Yu Yuehan would be the most difficult person to deal with. In the end, it was his precious great-granddaughter who was going against him now.

Unfortunately, Xiao Liuliu was his heart and soul. Whenever she acted coquettishly, he would wish that he could bring the whole world to her.

At this moment, she kept saying, “I don’t love great-grandfather anymore,”as if a dagger was gouging out his flesh.

Mo Chengxian hurriedly got mo Chengliang to push him forward and carried Xiao Liuliu in front of Nian Xiaomu. When he saw her crying little face, his heart ached terribly.

“My little baby, Don’t Cry, Don’t cry. Great-grandfather won’t fight with you for your younger brother and sister. It’s yours, it’s all yours!”

“Really?”Xiao Liuliu’s little arm, which was wiping away her tears, paused and covered one of her eyes. Her other eye blinked as she looked at Mo Chengxian in disbelief.

Her wet eyelashes made her look pitiful and cute.

Her little eyes looked at her great-grandfather warily. On her exquisite little face, it was clearly written, “Don’t think that you can lie to me just because I’m young. I know this very well!”!

Mo Chengxian:”...”

Why would he still look forward to having a second child with such a clever baby? He wanted to kidnap Xiao Liuliu now.

With Xiao Liuliu, would he not be able to get more great-grandchildren in the future?

Unfortunately, Yu Yuehan had clearly said that Xiao Liuliu had grown up in the Yu family Villa since young. Both he and matriarch Yu could not bear to leave Xiao Liuliu in the Mo family.

Mo Chengxian's eyes flashed as he gently coaxed her, "Xiao Liuliu, great-grandfather doesn't want to fight with you for your younger siblings. He just wants to raise them at great-grandfather's place. You can come and visit anytime in the future, Alright?"

"Not good! The younger siblings are all Xiao Liuliu's. Why Can't he live with Xiao Liuliu and Daddi and mummy? Great-grandfather wants to snatch the younger siblings from Xiao Liuliu. Xiao Liuliu won't love you anymore in the future, Wah!"

The little cuddly ball was not easy to coax, and she even got angry out of carelessness.

Suddenly, she burst into tears and snot trickled down her face.

She cried so miserably that she could hardly breathe.

Yu Yuehan and Nian Xiaomu went up to coax her. She hugged Nian Xiaomu's waist tightly and refused to let go.

"Mummy, don't give it to anyone else. This is just Xiao Liuliu. Xiao Liuliu will save up to support her younger brother..."

"Xiao Liuliu can eat very little in the future. She can even help great-grandma to work and earn money..."

"I'll be obedient. Mommy, can you not give your little brother to great-grandpa..."

"..."

Little Liuliu was really crying miserably. She had never cried like this since she was born.

Her eyes were red.

Her little nose was also red.

Her little mouth was pouting as she felt wronged, and her little body was sobbing and twitching.

"Little Liuliu, no one wants to snatch your little brother away from you. Great-grandpa is only helping you raise your little brother. Your little brother is raised at great-grandpa's house. You can often come and visit your little brother."

### **Chapter 1689: Who asked me to love you so much (8)**

Nian Xiaomu was still trying to console her.

The little glutinous rice ball choked on her sobs and asked in a logical manner.

“Then, why didn’t you raise him in Xiao Liuliu’s family and let great-grandfather visit Xiao Liuliu frequently?”

“...”Nian Xiaomu was stumped by the question.

In fact, she was also reluctant to part with the child in her stomach.

However, she knew very well that her grandfather wanted a grandson that truly belonged to the Mo family. This child could not be raised in the Yu family, but had to be raised in the Mo family and taught by him personally.

It was just like how she had received a series of training as an heir when she was young.

The child in her belly also had to go through this.

Therefore, she had no way of answering Xiao Liuliu’s question.

“Great-grandfather wants to fight with Xiao Liuliu for the younger brother. Xiao Liuliu is so sad. Xiao Liuliu doesn’t want to see great-grandfather anymore and doesn’t love him anymore...”the little cuddly ball cried and released Nian Xiaomu’s waist, she turned around and ran toward matriarch Yu.

She pulled matriarch Yu’s arm and pulled her out.

“Great-grandmother, I want to go home. I don’t want to come here anymore!”

“Xiao Liuliu!”

When Mo Chengxian heard this, he couldn’t care less about anything else. Without thinking, he got someone to stop Xiao Liuliu and pushed the wheelchair forward.

“Great-grandpa promised you that he won’t steal your little brother. Your little brother will be raised in your house. If great-grandpa misses you guys, he can visit you guys. That’s fine, right?”

“Family head...”Mo Chengliang wanted to remind him, but Mo Chengxian had already raised his hand and told him not to say anything else.

Didn’t you see that his precious great-granddaughter was about to abandon him?

If he couldn’t even coax the only one in front of him, how could he hope to coax the one in Xin ‘ER’s stomach in the future?

“Butler, what are you waiting for? Go and get me a hot towel to wipe my little six-six’s face. You’re crying so much that great-grandfather’s heart is about to break from crying. You’re just a three-year-old baby, how can you cry so much...”

Mo Chengxian mumbled as the Butler came out with a hot towel. He took it immediately and wiped his precious great-granddaughter’s face with his heart.

She was crying miserably just a moment ago, but now she stopped crying.

She stood in front of him obediently and raised her little face for him to wipe.

Her little finger still knew where to point at Mo Chengxian. “The Snot hasn’t been wiped clean yet.”

Mo Chengxian: "..."

Why did he feel that this was not his great-granddaughter, but a little ancestor?

"Grandfather, are you really going to agree to Xiao Liuliu's request?" Nian Xiaomu walked over to Mo Chengxian's side and asked with a surprised gaze.

Mo Chengxian helped Xiao Liuliu wipe her face clean and passed the towel to the butler. Then, he returned the question with a doting and helpless expression.

"What else can I do? Grandfather knows that you can't bear to part with her, and Xiao Liuliu can't bear to part with her either. Forget it, it doesn't matter where she is raised. As long as you and Yu Yuehan Remember to owe me an heir, it's fine!"

Nian Xiaomu turned to look at Yu Yuehan. Yu Yuehan walked behind her and reached out to hug her, opening his thin lips slightly.

"Grandfather, don't worry. I Won't forget."

The marriage between the Yu and Mo families came to an end in an extremely harmonious manner.

When Nian Xiaomu successfully left Mo Chengliang's villa, she felt as if she had stepped on a ball of cotton.

Along the way, she kept asking Yu Yuehan if her grandfather had really agreed to their marriage.

When she returned to her senses, she suddenly realized that Xiao Liuliu had disappeared.

Just as she was about to ask Yu Yuehan to look for her, Yu Yuehan had already raised his hand and pointed at the car that was parked at the entrance of the villa.

In the backseat of the car, the little human who had been putting on an act of crying was now sitting in matriarch Yu's arms and rolling around happily.

"Great-grandma, did Xiao Liuliu cry well just now?"

### **Chapter 1690: Who asked me to love you so much (9)**

"Awesome! My Xiao Liuliu is the best!" Matriarch Yu pinched her little face and praised her proudly.

Nian Xiaomu: "? ? ?"

So, Xiao Liuliu was crying so hard that she almost passed out. She wasn't really sad, but was acting?

She had acted so realistically that she had even fooled her own mother!

When Nian Xiaomu looked at Yu Yuehan, the expression on his face was also very helpless. It was obvious that he did not know about this.

When matriarch Yu saw them, she quickly waved her hands and said, "Xiao Mumu, what are you waiting for? Come quickly, come to Grandma!"

When Nian Xiaomu walked over, matriarch Yu had already held onto her hand.

Xiao Liuliu even took the initiative to Snuggle into her embrace and did not allow her to hug her. Instead, she obediently sat in front of her and stretched out her little paws excitedly to touch her stomach.

When she could not feel her little brother, she leaned against Nian Xiaomu's stomach and called out, "Little Brother."

She giggled out of joy.

She did not look like she had just cried her heart out..

"Are you trying to ask me if I instigated Xiao Liuliu to cry so miserably just now?" Matriarch Yu seemed to have noticed the doubt on Nian Xiaomu's face and asked straightforwardly.

Nian Xiaomu did not try to hide it and nodded her head.

Matriarch Yu smiled instantly and patted the back of her hand lovingly.

"It's not my fault. However, I didn't do it because I wanted to snatch your grandfather's great-grandchild. I did it for you."

"Grandma..." Nian Xiaomu turned to look at her in surprise.

Matriarch Yu sighed.

"Grandma knows that your grandfather wants an heir and will definitely want to keep the child by his side. However, if that happens, the four of you will have to part as a family. It will be unfair to both you and the child. Furthermore, Xiao Liuliu wants a younger brother so badly. Grandma did not want you to be sad, so she set this up today."

Matriarch Yu knew very well that Mo Chengxian was waiting for them to haggle over the price when he asked Yu Yuehan to marry into the family.

In the end, his goal was to get an heir.

However, if they agreed to it, the child would have to stay in the Mo family in the future.

Nian Xiaomu might not be willing to part with the child if she and Yu Yuehan were willing to part with it.

There was also Xiao Liuliu, who looked forward to her younger brother every day..

Therefore, from the very beginning, matriarch Yu's strategy was to retreat in order to advance.

If the Mo family wanted Yu Yuehan, they would give him to Yu Yuehan. When Mo Chengxian came to his senses and realized that he had not even gotten a single great-grandson, they would let Yu Yuehan be the good guy.

As such, Mo Chengxian, who had initially thought that he was going to fail miserably, suddenly had a precious great-grandson. Naturally, he did not have any objections to this grandson-in-law.

As for where the child would be raised, Xiao Liuliu could only fight for it.

As expected, Xiao Liuliu did not disappoint. With her snot and tears, Mo Chengxian cried until he was weak.

“Don’t worry. No matter where the child is raised, with you and Yuehan’s nurturing, they will be very sensible in the future. When they grow up, they can live wherever they want to live. We adults won’t interfere. Grandma just doesn’t want you to suffer.”

“Thank you, Grandma!”

Nian Xiaomu was so touched that her eyes were red. She reached out and hugged matriarch Yu.

“Don’t thank me. Xiao Liuliu is the hero today. Only she can convince your grandfather to let go willingly,” matriarch Yu said proudly.

Her Little Darling was just that outstanding!

Xiao Liuliu, who had been praised, had an adorable expression on her face. She completely ignored what they were saying.

She was completely focused on her younger brother.

This was until Yu Yuehan walked over to Nian Xiaomu with his cell phone and said, “It’s shangxin.”

Xiao Liuliu’s eyes lit up!
