

My Life 1751

### **Chapter 1751: The Rest Of My Life Is For You (29)**

But he is so handsome!

Even though his face was cold when he was not smiling, it was as if it could seduce one's soul. No matter how she looked at it, it was pleasing to the eye.

He stood proudly in the crowd and ignored everyone. He only focused on looking at the handicrafts. He was so good-looking that she could not bear to take her eyes off him.

Nian Xiaomu had all kinds of potential. She only liked good-looking little brothers.

It was the same for the fan Yu of the past and Yu Yuehan of the present.

As long as they were compatible, they would strike when it was time to strike.

They would all be kept in the harem and occupy a good position first..

At that time, she actually liked his looks and teased him on purpose. However, she did not expect him to be so cold and aloof that he ignored her directly. Instead, she could not forget about him.

Later on, she did everything she could to get people to find out about him and was prepared to come and kidnap him to be her husband.

Who knew..

"What happened after that? Since you have taken a liking to me, why didn't you come and look for me?" Yu Yuehan suddenly asked, interrupting Nian Xiaomu's recollection.

The question that he asked was the question that Nian Xiaomu felt the most guilty about.

Nian Xiaomu licked her lips nervously and glanced at him timidly.

Just as she wanted to get out of his embrace, Yu Yuehan reached out and held her waist, preventing her from moving.

He stared at her with his dark eyes.

Unable to avoid him, Nian Xiaomu could only reply in a low voice, "Grandfather told me at that time that he couldn't bear to let me marry into the Mo family and arranged a fiancé for me."

"That fiancé is Mo Yongheng?" Yu Yuehan guessed it in a second.

Yu Yuehan had heard of the Mo family's old patriarch doting on his granddaughter back then.

At that time, the Mo family was still in its heyday. There would be new versions of the rumors about the eldest daughter of the Mo family every day, but they were all related to the Mo family's old patriarch doting on his granddaughter.

It was reported that back when Mo Qian was in charge of the Mo Corporation, the head of the Mo family had already made it clear that the position of the head of the Mo family would not be passed on to his son, Mo Qian. Instead, it would be passed on to his only granddaughter.

Speaking of which, the reason why the head of the Mo family did not agree to Nian Xiaomu's marriage to Yu Yuehan was not to make things difficult for Yu Yuehan. Instead, it was because he had always planned to do so.

If not for the unforeseen events that had happened in the Mo family a few years ago and Mo Yongheng's infatuation for Zheng Yan, old patriarch Mo might not have agreed to their marriage even now..

Yu Yuehan's eyes darkened as he hugged nian xiaomu tightly.

"Continue."

"No, there's nothing more to say. It's just as you have guessed. Grandfather is very good to me and I have a wild personality. However, I listen to grandfather very much. Furthermore, you ignored me back then. I knew that grandfather would not let me give up after I got married."

As Nian Xiaomu said that she would give up, she stole a glance at Yu Yuehan with a quick and guilty look in her eyes.

Yu Yuehan sneered and cast a sidelong glance at her.

"If you really gave up like that, how did Xiao Liuliu Get Here?"

Nian Xiaomu:"..."

Could she choose not to answer this question?

She could not hide from the look in his eyes.

Nian xiaomu adjusted her posture in his arms. Since he did not allow her to get down, she simply leaned on him.

In this way, it would not be convenient for him to hit her if he was angry later on.

"Actually, I won't give up so quickly..."Nian Xiaomu's voice was soft and gentle like a gust of wind. It brushed past Yu Yuehan's ears and caused his heart to inexplicably quiver.

What an annoying little vixen.

When he heard that she was unwilling to give up on him, his heart actually softened in an instant.

"If you aren't willing to give up, then what did you do?"Yu Yuehan opened his thin lips slightly.

"I followed you..."Nian Xiaomu's voice became even softer.

"Huh?"Yu Yuehan raised his eyebrows and looked at her in surprise.

### **Chapter 1752: The Rest Of My Life Is For You (30)**

Stalking Him? She had done such a thing before?

To think that he did not even realize that someone had been stalking him.

No, he had felt it before. However, he had always been the focus of everyone's attention. There would often be gossipy reporters stalking him and trying to dig up gossip about him. He was already used to having assistants around him to handle such matters, therefore, he did not take it to heart at all.

However, he did not expect Nian Xiaomu to do such a thing.

She was the esteemed eldest daughter of the Mo family back then!

How could she be capable of following a man?

Nian xiaomu replied, "I did not think too much about it back then. I just thought that you were good-looking and would be at a disadvantage if you did not fall into my hands. However, you were too cold and aloof, and it was not easy to get close to you. I just wanted to know myself and the enemy. I wanted to understand your life first so that I might be able to discover your weakness and prescribe the right medicine!"

In the end, she really did discover it.

During that period of time, Yu Yuehan often went to a famous private hospital. He was very careful when he came and went, and he could not find out anything about what he did.

Nian Xiaomu had followed him a few times and was stopped the moment she entered the hospital.

Later on, she was smart enough to use some of the tan family's connections in the medical world to find out that the reason why Yu Yuehan went to the hospital was because he had panda blood.

The only heir of the Yu family was panda blood. Once this news was spread, it was self-evident what kind of risks it would bring to him.

Yu Yuehan was well aware of this as well, so he started to make preparations very early on.

He would go to the hospital regularly to take blood for preservation in case of emergency.

The most important thing was that his parents had died young. He was worried that his grandmother would not be able to take it if anything happened to him again. Therefore, he had been in and out of the hospital frequently during that period of time in order to do tests and keep his sperm as a precaution!

"If you're really that scared, wouldn't it be better to have a child as soon as possible?" Nian xiaomu blurted out subconsciously when she heard the news.

The more she regained her senses, the more she felt that her thoughts made sense.

Did he like children?

Nian Xiaomu felt as if she had been possessed from the moment she heard the news.

Every day, the same image would appear in her mind.

She would pounce on him and give birth to a child for him!

This way, she would be able to successfully lure him back home.

She would be her husband.

Even if he wasn't willing to marry into the Mo family, with his good looks, the baby would definitely be very good-looking. No matter what, she would not lose out!

Once evil thoughts started to develop, they would continue to spread..

At that time, Nian Xiaomu had been thinking about how to pounce on Yu Yuehan day and night.

However, the truth was that she could not even get close to him.

Yu Yuehan was not a heavy drinker and did not have an addiction to smoking. He only went to regular hotels and restaurants when it came to business. Any woman would act as if they were invisible in front of him and would not even look him in the eye.

She was so chaste that she was at her wit's End!

However, the more he acted like this, the more the image of him as a good man would be deeply ingrained in her heart.

If she were to miss out on such a Prince Charming, she would regret it for the rest of her life!

Hence, there was a ridiculous risk that followed..

"What did you say? Xiao Liulu is a test-tube Baby?"

When Yu Yuehan heard her words, he could not help but curse in a low voice.

He held her shoulders with both hands and asked again.

"No, I don't think so. It should be artificial insemination..."Nian Xiaomu's shoulders were hurting from his grip. Seeing that his expression was so ugly, she told him everything that had happened honestly.

"I want to report that Bengbeng was an accomplice. Back then, Bengbeng was the one who taught me how to think of this method."

### **Chapter 1753: The Rest Of My Life Is For You (31)**

Nian xiaomu sold tan bengbeng without any hesitation.

What she said was also the truth.

Back then, ever since she knew that Yu Yuehan wanted to keep his sperm, she had been planning to save him some effort and give birth to his child directly.

However, no matter how much she thought about it, she could not come up with any good ideas.

Feeling frustrated, she paced around the room alone and vented her frustrations by grabbing onto the tassels on the curtains.

Tan Bengbeng, who had been hiding behind the curtains the entire time, seemed to be unable to tolerate her stupidity. Suddenly, she appeared and said to Nian xiaomu, "You don't have to pounce on him to give birth to his child."

"If I don't pounce on him, how am I going to get pregnant? Do I have to do this to myself?"Nian Xiaomu was so shocked that her jaw almost fell off.

Even though she was inexperienced, she had watched television before.

Didn't she have to do something shameful before giving birth?

Otherwise, where would she get a child.

"IVF or artificial insemination are fine."

Tan Bengbeng reminded Nian Xiaomu expressionlessly. At the same time., she also reminded Nian Xiaomu, "Didn't you say that he had to keep his sperm just in case? Take a copy of it while he is in the hospital. You can give birth to as many children as you want for him."

Tan Bengbeng had simply and brutally brainwashed her back then.

Nian Xiaomu was stunned!

The more she thought about it, the more she felt that it made sense.

After the child was born, she would have the ability to raise it herself if he did not like their child.

If he was angry, she could still make it up to him.

"That's impossible. I know all the doctors who handled it back then. They wouldn't dare to do anything behind my back!" Yu Yuehan said without hesitation.

In fact, the first thing that Yu Yuehan thought of when he found out about Xiao Liuliu's existence was to check the records of the hospital back then.

Back then, he had taken out the sperm and kept it in the hospital.

However, ever since the records had been set up, the sperm bank had been under close surveillance and no one had touched it.

Yu Yuehan trusted the people whom he had personally arranged.

"You know all the doctors who handled it back then. What about the nurse?" Nian Xiaomu clicked her tongue and asked when she saw that he did not believe her.

"Are you saying that... Tan Bengbeng had disguised herself as a nurse back then?" Yu Yuehan sucked in a breath of cold air.

The space between his eyebrows suddenly tightened.

He had not expected this.

To preserve the sperm that had been extracted, one had to do a very meticulous job. The process could not be sloppy at all.

It would be extremely difficult to turn a dragon into a phoenix under the watchful eyes of so many people. An ordinary person would not be able to do it at all.

One had to have both medical knowledge and agile skills.

Tan Bengbeng was indeed the best candidate.

The sperm in the sperm bank had not made any mistakes, yet he had an extra child out of thin air. This was because Tan Bengbeng had already made her move long before the sperm was sent to the sperm bank!

Yu Yuehan had never expected that someone would target him and even go to great lengths to infiltrate the hospital that he had chosen. It was all... All for the sake of giving birth to his child!

“Nian Xiaomu, you... you are really... Audacious!” This was the first time that Yu Yuehan had felt this way. He should be angry, but he was so angry that he did not know what to say.

“I’m sorry, I was wrong!” Nian xiaomu pinched her ears and apologized sincerely.

At that time, she was still young and had relied on her passion and impulsiveness for many things.

She only thought about how he was worried that she would die and that the Yu family would have no successors. She was willing to give birth to a child for him and then plot against him.

Now that she thought about it, what if Yu Yuehan still did not like her if she really gave birth to the child?

At that time, she was very sure that Yu Yuehan did not like anyone and did not have a girlfriend.

#### **Chapter 1754: The Rest Of My Life Is For You (32)**

However, it was still wrong to bear his child without his permission.

After all, even if he did not like someone, he might not like her.

She was making a huge mistake!

“I actually regretted it later on. I should have asked for your opinion... if I could turn back time, I would definitely not do such a ridiculous thing again. I swear!” Nian xiaomu raised three fingers and admitted her mistake seriously.

Her big eyes were watery.

She looked at him like an elk.

Yu Yuehan’s heart softened at the sight of her.

He held her hand and pulled her into his embrace.

He did not know how he would feel after all the riddles had been solved.

After some thought, he warned her sternly, “Don’t do such impulsive things again in the future. Never!”

He knew very well that if it weren’t for her impulsive actions back then, they wouldn’t have ended up together in life and death today.

However, he still felt a lingering fear in his heart.

If he wasn’t the person she had fallen in love with for the first time back then, they might not have been able to wait until the day they met and she would have been abducted by someone else.

What should he do then?

He had so much time left in his life. Where would he find a second Nian Xiaomu?

“If you really like someone, you have to let him know that you are so outstanding that he will definitely be moved by you. Don’t take the risk to bear a child for him. What will you do if you meet a Jerk?”

Yu Yuehan said helplessly.

After thinking about it, he felt that this sentence was not right.

“You have good taste. You have chosen me. I am not a jerk.”

Nian Xiaomu:”...”

Yu Yuehan was already so agitated that he was rambling incoherently. As Nian Xiaomu leaned into his embrace, her lively eyes darted around.

After making sure that Yu Yuehan was not angry, the corners of her lips curled up.

She had only told half the truth.

Actually, she had only done this back then because she was the only daughter of the Mo family. If she wanted to marry out of the Mo family, she would have to have an heir, sir.

She had already thought it through. Her husband would have a baby and raise him as the heir of the Mo family. This way, she could openly pursue the little brother that she liked..

She really liked Yu Yuehan.

Even though she had forgotten about him later on, she still fell in love with him.

“Yu Yuehan, did you really not take a good look at the sketch that I drew for You?”Nian Xiaomu asked as she blinked her big eyes.

Yu Yuehan:”...”

Yu Yuehan replied, “I’m sorry. I did not know that the person in the drawing was my future wife at that time.”

Yu Yuehan apologized sincerely.

Now, whenever he thought about how she had faced the terrifying fire while pregnant, how she had faced the death of her parents, and how Xiao Liuliu had given birth prematurely... his heart would clench together, and the pain would be unimaginable.

He had even suspected her motives for sending the amnesiac Nian Xiaomu to his side because of Tan Bengbeng.

Now that he thought about it, Yu Yuehan wished that he could punch himself twice.

He was glad that God was merciful and gave them a chance to reunite.

Yu Yuehan cupped her face with both hands and planted a kiss on her forehead. "Nian Xiaomu, I love you!"

Just as he was about to continue kissing her, Nian Xiaomu had already reached out to cover his mouth.

"Have you really not taken a serious look at that drawing? Not even a glance? That is the love token that I gave you!"

Yu Yuehan:"..."

"You have lost me. I am going to take your son and run away from home!" Nian Xiaomu climbed out of his arms in a huff and stood on the carpet barefooted with her hands on her hips.

"I am going to name your son Da Shun! I will call him Yu da Shun!"

Yu Yuehan:"..."

Yu da Shun: ... Mama, what did I do wrong?

### **Chapter 1755: The Rest Of My Life Is For You (33)**

Nian Xiaomu was angry, and the consequences were severe.

Not only did Yu Yuehan's wedding night go down the drain, but the next day, his wife even moved back to her parents' house and refused to communicate with him.

Even though their new house was set up in the Mo family villa, it was just that when they were getting married, everyone gathered together for the sake of taking care of Mo Yongheng and Qi Yan.

Now that Nian Xiaomu had moved all her luggage from Yu Yuehan's villa in city n to the Mo family villa, the situation was different.

On the first day of their wedding, Yu Yuehan was despised by his wife. It was no different from returning the goods.

Yu Yuehan initially wanted to look for grandma to be his lobbyist. However, when Grandma heard the reason, she was elated for a long time and kept praising the fated relationship between the two of them.

Yu Yuehan took the opportunity to ask her for help, and grandmother's expression changed immediately.

He chased him out of the villa without a word and did not forget to teach him a lesson when he closed the door.

"We are already married. What's the point of looking for grandmother's help? I am Xiao Mumu's backer. If you don't coax my granddaughter-in-law back, you can sleep on the main road!"

Yu Yuehan:"..."

Grandma, do you still remember whose grandma it is?

Yu Yuehan returned to the Mo family villa dejectedly.

As soon as he entered the house, he bumped into Qi Yan, who had slept until noon before he could even meet Nian Xiaomu.

Yu Yuehan was extremely envious of Qi Yan's overly indulgent face.

He cast a cold glance at him and walked past him, preparing to enter the house to look for his wife.

"Young Master Han, why did you come back so early? Oh, I forgot. Nian Xiaomu is pregnant and you don't have a wedding night, Hahaha..."

Qi Yan immediately went up to Yu Yuehan and gloated when he saw him.

Qi Yan laughed even more impolitely when he heard the assistant beside him say that Nian Xiaomu had carried her luggage back to the Mo family villa in a fit of pique with Yu Yuehan and planned to stay at the Mo family home for a long time.

"You were shunned by your wife right after you got married and forced a separation. Yo, Yo, Yo, why am I so happy when I heard this news? Brother, did you purposely make me happy just to console my injured Heart Yesterday?"

"..."

Yu Yuehan glared at Qi Yan and his face darkened. He did not want to bother with him.

There were four big words written on his face: do not approach strangers!

However, Qi Yan was not afraid of death.

He had been defeated by Yu Yuehan for such a long time. It should be his turn now, right?

It was a rare opportunity for him to mock Yu Yuehan. If he were to let it go so easily, it would be as if his brain had gone crazy.

Once he was certain that Nian Xiaomu had really moved back to the Mo family villa, Qi Yan almost fainted from laughing in front of Yu Yuehan.

He slapped his thigh and mocked her at the same time.

"Yu Dashun, hahaha... What mistake did your son make that Nian Xiaomu wants to punish him like this?"

"If he knew his name, I'm afraid that he wouldn't be willing to be born, right?"

"You can still use the six-six Great Shun Like This? Nian Xiaomu is simply a talent, hahahaha..."

Yu Yuehan: "..."

Had he laughed enough?

The answer was no.

Qi Yan was not the only one who was laughing. Even the assistant beside him could not hold back his laughter when he heard that Nian Xiaomu was going to name his son Da Shun.

After being glared at by Yu Yuehan, he quickly turned around and found an excuse to escape.

However, after one assistant left, another Mo Yongheng appeared.

Mo Yongheng seemed to have made an appointment with Qi Yan to get up. The two of them walked out of the courtyard one after the other. From the looks of it, they were both preparing to head to the kitchen.

“Zheng Yan is still sleeping. She was exhausted last night. I’ll get the kitchen to prepare some of her favorite food.”

Mo Yongheng was neatly dressed and elegant, but his eyes and brows were filled with satisfaction.

### **Chapter 1756: The Rest Of My Life Is For You (34)**

When Zheng Yan was mentioned, her tone was so sweet that it made one sick of it.

Yu Yuehan did not want to see them at all, much less listen to what they were saying.

However, when Qi Yan, the long-tongued woman, saw Mo Yongheng, it was as if she saw an ally. Without saying a word, she went forward and told him about how Nian Xiaomu had abandoned Yu Yuehan on the first day of their marriage and how she had carried her baggage back to her parents’ house.

Mo Yongheng was stunned for a moment and looked at Yu Yuehan with a strange expression.

He looked from top to bottom, then from bottom to top. Finally, when he looked into his eyes, he asked in a very subtle manner, “You were too tired from the engagement yesterday and did not perform well at night?”

Yu Yuehan:”...”

He had not even touched his wife’s finger. How was he going to perform?

However, could he say such words?

It would be even more embarrassing if he said it out loud!

His male dignity had been completely destroyed.

“We are all men. If you have any illnesses in that area, you can look for Qi Yan and me...” Mo Yongheng was still kindly suggesting, but Yu Yuehan could not take it anymore. He roared angrily that he was not sick, then, he turned around and walked towards the living room.

Before he reached the living room, he heard Qi Yan’s laughter coming from the courtyard.

There was also Mo Yongheng’s reminder that he was worried.

“If you have an illness, you must be treated. You Can’t avoid treating the illness!”

Yu Yuehan:”...”

If this was not bad enough, then when Yu Yuehan walked into their room and Nian Xiaomu refused to open the door for him, he would be extremely miserable.

Knock, knock —

There was no response from the room when there was a knock on the door.

If Yu Yuehan had not been certain that she was in the room, he might have thought that there was no one in the room.

His dark eyes flashed slightly, and his thin lips parted slightly.

“Nian Xiaomu, I had someone bring that sketch over from City H and read it many times in a serious manner. Open the door first, and I will tell you the details.”

“...”

The only response he got was silence.

Yu Yuehan said a few more nice things, but Nian Xiaomu still ignored him.

His voice sank slightly.

“Nian Xiaomu, you are making trouble for no reason. Just because I pampered you, you are throwing a tantrum. It has happened so many years ago. is it appropriate to settle old scores?”

“Then, you fell in love with me at First Sight and gave me one? If You had fallen in love with me so many years ago and even gave me a token of love, I will allow you to be angry and coax you for the rest of your life!”

Nian Xiaomu’s unconvinced voice came from the room.

Yu Yuehan:“...”

What she said made sense. He had taken advantage of her and was still trying to be a good boy.

Yu Yuehan’s heart, which had just hardened, softened in an instant.

When he thought of how she had started to like him so early on, his heart softened even more.

However, this was not the way to go on.

Even an idiot like Qi Yan could mock him. How could he continue to live like this?

Even if he did not think for himself, he had to think for his son.

Yu Dashun..

He could barely endure his nickname. If Yu Dashun was really called Yu Dashun, his son would probably hate him, the father of the culprit, to death if he could not get a wife when he grew up!

Yu Yuehan stood upright with his hands folded. He stared fixedly at the door in front of him and did not say another word.

It was as if he was reflecting on his thoughts while facing the wall.

His attitude was very sincere, and he looked a little pitiful.

After standing there for about half an hour, she still did not open the door.

Yu Yuehan knew that she was really angry. A faint light flashed across his eyes, and he suddenly opened his mouth.

“When Special Assistant Yang went back to retrieve the painting, I heard that Tang Yuansi and Shangxin were not in a good condition. Initially, I wanted to ask if you wanted to go back and visit them...”

Before he could finish his sentence, the tightly shut door in front of him suddenly opened forcefully from the inside!

### **Chapter 1757: The Rest Of My Life Is For You (35)**

Nian Xiaomu stood at the door and asked anxiously, “What happened to Shangxin?”

“Nothing happened to Shangxin. They were originally planning to attend our wedding, but Tang Yuansi suddenly felt unwell and they were unable to rush over in time. She felt very apologetic and asked someone to ask you when you would be free to bring Xiao Liulu back to visit her.”

Yu Yuehan held Nian Xiaomu’s hand and kissed it on the lips.

There was a hint of pleading in his voice.

“I’ll let you beat me up. You Won’t be angry anymore, okay?”

Nian Xiaomu had never thrown a tantrum with him. No matter how big the matter was, they could resolve it tacitly.

Sometimes, the trust between them would even surprise him.

Who knew that the first time they overturned the car would be on their wedding night.

If he still could not coax her before he returned to City H, he would really be humiliated and sent to another city.

It would be better for them to continue staying at the Mo family. After all, he had already been ridiculed by Mo Yongheng and Qi Yan today.

Nian Xiaomu withdrew her hand and asked in a wronged tone, “Yu Yuehan, why did you take the painting that I gave you as a last resort and treat it as a gift from a perverted admirer?”

“Yu Yuehan, tell me honestly. Did you not take me to heart at all back then and didn’t think that I was special at all?”

She was a goddess after all. She fell in love with him at first sight and even gave him her own sketch.

Even if he did not know who she was, he should have thought that she was very special.

In the end, he actually thought that she was perverted..

It was too heart-wrenching!

Her goddess’Pride had been shattered into pieces!

Nian Xiaomu was not only angry at him, but also at herself.

She was young, ignorant, and frivolous.

She could not control herself when she saw a good-looking little brother. Now that he knew that she had liked him since a long time ago, wouldn't he be even more unscrupulous when he bullied her in the future?

Yu Yuehan:"..."

Yu Yuehan said, "If I were to tell you now, I actually thought that you were very special at that time. Do you believe that I had thought of asking about your identity?"

"Then, why didn't you inquire about it later on? You would have been able to find out as long as you asked!" Nian Xiaomu lifted her head and looked at him. When she heard him say that he had an impression of her, her earlier anger was replaced by curiosity.

"That was because that was the Mo family. The fact that he was able to open his mouth and help me buy an artifact that already had an owner at the Mo family's banquet can only mean one thing. Since this person is not from the Mo family, he must have a very deep relationship with the Mo family."

Yu Yuehan's dark eyes were indifferent, but there was a trace of shrewdness in his eyes.

"Since you have spent so much effort to get close to me and made me owe you a favor, then you will come and ask for this favor sooner or later. Why should I bother to inquire about your identity?"

"..."

Nian Xiaomu opened her mouth slightly and looked at him in surprise.

She wanted to refute him, but felt that what he said made sense, so she had no strength to refute him at all.

So, he actually had an impression of her?

Right, if he really has no impression of her, after so many years, how will remember the first time they met the scene..

All Things Considered, he was impressed even though he didn't fall in love with her at first sight?

Yu Yuehan's eyes flashed, helplessly pulled her into his arms and whispered.

"I admit, I couldn't see you in the dark, but I was interested in you. For a long time, I was waiting for you to show up and ask me for a favor, but you never showed up."

### **Chapter 1758: The Rest Of My Life Is For You (36)**

As time went by, he gradually forgot that encounter.

Just like the sketch that he put in the drawer, it was all in the past.

When she lost her memory and asked him who had given her the sketch, he was afraid that she would be jealous and indeed did not care about the past. That was why he told her that it might be a perverted admirer.

Who knew that things would turn around and she would become the “Owner” of that sketch.

He would not be able to clear his name even if he jumped into the Yellow River!

“Did you really wait for me?” Nian Xiaomu lifted her head up from his embrace. Her little finger was like a cat’s paw as she scratched at his chest.

Her eyes were sparkling.

“Yes.” Yu Yuehan hugged her tightly and nodded his head seriously.

“You’re not angry anymore?”

Nian Xiaomu pointed out a small segment of her finger and said, “Just a little more!”

“Then, I will coax you again.” Yu Yuehan lowered his head and was about to kiss her, but Nian Xiaomu anxiously reached out to block him.

Yu Yuehan raised his eyebrows and asked, “Are you still angry?”

“No, someone is coming!” Nian Xiaomu pointed behind him.

Yu Yuehan turned his head around. Special Assistant Yang stood at the entrance of the stairs and looked at them in panic.

It seemed like he knew that he had ruined Big Boss’ plans and was hesitating whether he should go forward to report or turn around and leave.

“Han, Young Master Han, the old Madam said that young master fan has already sent little miss back to the villa and is helping her pack her luggage. You can go over to pick her up at any time.”

“...”

Nian Xiaomu had almost forgotten that the reason she had opened the door for Yu Yuehan was because she wanted to go back and take a look at Shangxin.

There was also the situation with Tang Yuansi..

“I might have to trouble Qi Yan to make a trip as well.” Nian Xiaomu could not be bothered to get angry with Yu Yuehan when she brought up serious matters.

Yu Yuehan recalled the smug look on Qi Yan’s face when he had mocked him when he had arrived just now.

He narrowed his eyes slightly and opened his mouth abruptly.

“I remember that he still owes me a favor. What do you think will happen to him if I ask him to go to City H with US and not allow Tan Bengbeng to go with him?”

Nian Xiaomu: “...”

What Grudge? You want him and his wife to not even have a honeymoon?

Nian Xiaomu was worried about Shangxin's situation and did not waste any time. After packing up her luggage, she followed Yu Yuehan back to the villa to pick up Xiao Liuliu.

When they reached the living room, they saw that everyone was standing at the door of the room.

They were stunned. Just as they were about to ask Xiao Liuliu about it, a tender voice sounded from the room.

"This is chocolate. It's for little brother."

"This is a toy gun. It's also for little brother."

"There's also this little piggy toy. This is Xiao Liuliu's favorite toy. Uncle Fan Yu said that it can be given to little brother as well."

"I still have to buy milk powder for little brother..."

"..."

Yu Yuehan and Nian Xiaomu walked to the door and saw that in the huge room, the little glutinous rice ball was standing by the bed. As she muttered to herself, she stuffed the things that she had muttered into her small backpack.

After stuffing the entire backpack, she raised her head and asked matriarch Yu, who was sitting beside her.

"Great-grandma, Xiao Liuliu's backpack can't fit anymore. Can you ask for another box?"

Yu Yuehan:"..."

Nian Xiaomu:"..."

Before they could regain their senses, matriarch Yu had already happily agreed.

"Great-grandma will get someone to get it for you now. Remember to pack more of it and bring it back to little brother. When Little Brother is born, he will definitely like you the most!"

Xiao Liuliu smiled with her puffy little face.

"If I like little brother too, can I bring him home and raise him myself?"

Yu Yuehan:"..."!!

Nian Xiaomu:"..."!!

### **Chapter 1759: The Rest Of My Life Is For You (37)**

With the "Evil intention" of stealing her little brother, Xiao Liuliu happily carried her small backpack and a small suitcase as she followed Yu Yuehan and Nian Xiaomu back to city h happily.

As soon as they arrived at the airport, they saw Qi Yan hanging on the car door and refusing to let go.

"Yu Yuehan, you want me to go to City H at this time and not let me bring bengbeng along? Are You a devil?!"

The moment Qi Yan saw that their car had arrived at the airport, he went crazy and roared at Yu Yuehan.

Yu Yuehan had just stepped out of the car and was still hugging Xiao Liulu in his arms.

He turned around slowly and glanced at him before opening his mouth calmly.

“That’s right, I am a devil. Are you going to bite me?”

Qi Yan:”...”

He was going to separate from his wife on the first day of their marriage. Did he offend Yu Yuehan in his past life and this life?

Was Yu Yuehan going to make fun of him like this?

“I’m not going!”

He had a temper too!

Qi Yan wanted to get back into the car angrily. Just as Nian Xiaomu was about to say something, Yu Yuehan reached out and stopped her.

He raised his eyebrows and glanced at Qi Yan.

“Don’t forget, you said it yourself yesterday that you owe me a favor. Don’t tell me that King Yama has forgotten what he said just now?”

Qi Yan:”...”

People like them could joke about other things, but they still had credibility.

Men would not easily go back on their promises.

Yu Yuehan had asked him to help take a look at Tang Yuansi’s situation. It was not a big deal in the first place.

It was just that he had chosen this time..

This time was not a big deal. He could just treat it as a honeymoon in another city.

However, Yu Yuehan had actually insisted on Tan Bengbeng staying behind on the pretext that old master mo could not be left without anyone to take care of him. This was too much!

No one knew old patriarch Mo’s health better than Qi Yan.

Although he had not fully recovered, there were no major problems in his daily life. Anyone could take care of him.

Not to mention, there was also Mo Yongheng in City N.

When it came to taking care of old Patriarch Mo, who could be more skilled than Mo Yongheng? More attentive?

Yu Yuehan had obviously made Tan Bengbeng stay behind on purpose!

Everyone knew of Sima Zhao's intentions!

However, his bengbeng was simple-minded. The moment she heard that he was taking care of Old Master Mo, she agreed without a second thought.

It was pitiful that he had just gotten married, and it was already touching enough for him to travel thousands of miles to practice medicine. He couldn't even bring his wife along..

Was there such a reason?

The sadness in Qi Yan's heart was boundless.

Did you see the sea in front of you? Those were all his tears..

"Uncle Yama, don't cry. Xiao Liulu will give you candy to eat!"

The small glutinous rice ball that was leaning against Yu Yuehan's chest stared at Qi Yan's beautiful face as it slid down from Yu Yuehan's chest.

He reached into his pocket and fished out a piece of chocolate. He ran in front of Qi Yan and tiptoed to pass it to him.

His big bright eyes blinked as he pointed at Qi Yan's long silver hair.

"Uncle's hair is so beautiful! Xiao Liulu has never seen it before. Can I touch it?"

"..."

Qi Yan hated Yu Yuehan very much, but he could not say the word "No" in front of a pretty little princess.

He bent down and reached out to pick Xiao Liulu up so that she could touch his hair.

When she was done playing with him, Qi Yan was about to put her down when Xiao Liulu suddenly pouted and kissed him on the cheek.

Her chubby hand even touched the spot where she had kissed him, as if she wanted to help him wipe the saliva off his face.

She said in a childish voice.

"Xiao Liulu likes Uncle Yama very much. Uncle, don't be angry anymore!"

Qi Yan: "..."

Qi Yan: "Yu Yuehan, you are a devil. How did you give birth to an angel-like daughter?"

### **Chapter 1760: The Rest Of My Life Is For You (38)**

"It's because of me!" Nian Xiaomu shamelessly stepped forward and pointed at herself.

Qi Yan: "..."

Qi Yan: "All of you are devils. I get it. A negative outcome is a positive outcome."

Nian Xiaomu: "..."

The focus of Yu Yuehan's attention was completely different from Nian Xiaomu's.

When he saw Xiao Liuliu kissing Qi Yan, the smug look on his face immediately turned gloomy.

Without thinking, he walked forward and hugged his little princess back from Qi Yan's embrace.

He took out a handkerchief and wiped her mouth ten times gently, carefully, and carefully.

He reminded her.

"Xiao Liuliu, you can't just kiss anyone in the future, especially the opposite sex!"

"Can't You Kiss Daddy Too?" Xiao Liuliu pointed at him and asked as if she understood the meaning of the word 'opposite sex'.

Yu Yuehan hugged her tightly and opened his mouth without any hesitation.

"Of course! You Can Kiss Daddy whenever you want, but you can't kiss anyone else!"

Qi Yan: "..."

Nian Xiaomu: "..."

Xiao Liuliu: "..."

Yu Yuehan ignored Qi Yan's envious and jealous gaze. Hugging his little princess, he walked toward the airport.

Qi Yan was still struggling at the entrance of the car.

"I'm not going anywhere without Beng Beng!"

"Up to you, but don't blame me for not reminding you. If you don't go, you really won't be able to see Tan Beng." Yu Yuehan walked to the entrance and turned around to speak coldly.

Before Qi Yan could figure out what was going on, he saw a familiar figure walking out of the airport with a registration plate in his hand.

"You can board the plane now. Why are you still standing outside?"

Tan Bengbeng looked at them in confusion.

Qi Yan jumped forward in surprise and hugged her before kissing her without any reason.

He was so happy that he looked like a 200-pound fatty.

"Bengbeng, why are you here? I knew you couldn't bear to part with me. You're here to accompany me, right? Don't worry, if any of them aren't willing to let you board the plane, I'll come down with you!"

Tan Bengbeng was almost out of breath from his hug.

When she came back to her senses, she pushed him away abruptly.

“What nonsense are you spouting? Didn’t we agree to go to City H to visit Tang Yuansi and Shangxin and have a honeymoon together? It was young master Han and Xiao Mumu who asked me to come here in advance to complete the formalities...”

Tan Bengbeng was halfway through her sentence when she sensed something and lifted her head to look at Qi Yan.

Qi Yan also realized what was going on.

“Yu Yuehan, you treacherous and despicable person. I merely mocked you this morning, but you actually set up such a big scheme to take revenge on me!”

“Did I? I only arranged a surprise for you. Don’t you want to see Tan Bengbeng?” Yu Yuehan took the boarding pass from Tan Bengbeng’s hands and thanked her. Then, he turned to look at Qi Yan.

Qi Yan: “...”

How was he supposed to respond to that?

No matter what he said, he would die.

Forget it. It was fine as long as his bengbeng was there.

Qi Yan gave up struggling and walked forward to hug Tan Bengbeng. Out of the corner of his eye, he saw Nian Xiaomu, who was suddenly overjoyed and covered her mouth while retching.

Yu Yuehan already had a second child.

The image of Xiao Liuliu in his arms and pouting and kissing him suddenly flashed across Qi Yan’s mind.

He also wanted such a caring little cotton-padded jacket.

His evil eyes flickered slightly as he walked to Yu Yuehan’s side with Tan Bengbeng in his arms. He reached out and touched Tan Bengbeng’s stomach.

He opened his mouth with an evil smile.

“Bengbeng, I suddenly feel that it’s good to have a son and a daughter. If we have a daughter, she will be our little princess. If we have a son, let him take Xiao Liuliu as his wife!”

Yu Yuehan: “...” ! !
