

My Life 1841

### **Chapter 1841: I, Fan Yu's Woman (41)**

The light in fan Yu's eyes deepened..

Qiao yuanfei, who was in the lounge, did not show any signs of change.

She brought Xiao Liulu to eat and sleep with her normally.

When the little glutinous rice ball lay on the sofa playing with her toys, she would either play with her, or take a magazine from the coffee table and sit by the side and flip through it.

Time passed quietly.

Four simple words popped up in fan Yu's mind.

Through the screen, he realized for the first time that he could watch a person's daily life for such a long time. It was as if he had been possessed.

Seeing that it was almost time to get off work, Fan Yu turned off the monitor and stood up from his chair.

As he tidied up his suit, he glanced sideways at his assistant and asked.

"Did she ask me?"

"Yes! Ever since you left the office, Miss Qiao has asked you a total of three times. The first two times she asked you if the meeting had ended, and the last time she asked you if you had eaten on time after being busy for so long."The assistant paused, then he added.

"Young master fan, although Miss Qiao looks indifferent, she actually cares about you very much."

Hearing this, Fan Yu did not say a word, but the corners of his mouth curled up slightly.

An inconspicuous smile.

"I won't be returning to the villa for dinner today. Go book a restaurant and eat outside."Fan Yu raised his hand to look at the time and instructed.

After he finished speaking, he walked towards his own office.

Just as he pushed the door open and entered, the big one and the small one lying on the sofa sat up in unison.

When they saw that it was fan yu who had entered, little six-six was the first to slide down from the sofa and happily ran forward to beg for a hug.

Qiao yuanfei also followed him to the front and stood only two steps away from him. She watched as he bent down, picked up little six-six, and kissed her little face.

After coaxing little six-six, she raised her eyebrows and looked at her.

The scene in front of her gave people an inexplicable sense of familiarity as a family of three.

It was as if a wife was taking care of her child, waiting for her husband who had returned home late..

Qiao Yuanfei did not know what to say for a moment.

Fan Yu spoke first.

“Pack up. I’ll bring you and Xiao Liuliu to eat.”

“Now?” Qiao Yuanfei looked at the time and realized that it was already five o’clock in the afternoon. Time passed very quickly, and in the blink of an eye, a day was about to pass.

She was startled.

“You take Xiao Liuliu with you. I Won’t go. My Aunt Can’t stand to go hungry, so she will definitely go for a meal at this time. In the hospital ward, there will definitely only be nurses taking care of my uncle, so I can go take the medical records.”

The earlier she sent the results of her uncle’s examination to yaowang, the sooner yaowang would be able to make the appropriate medicine.

This would allow her uncle’s condition to be under control.

“I’m fine with it, but I’m afraid Xiao Liuliu will be unhappy.”

Fan Yu weighed the little glutinous rice ball in his arms and the little glutinous rice ball immediately nodded in agreement.

“Xiao Liuliu is very unhappy that she can’t have dinner with pretty aunt!”

Qiao Yuanfei: “...”

Fan Yu: “Let’s go. The hospital isn’t far from the restaurant anyway. I’ll send you to the hospital first to take medical records and send them to Qi Yan before we go for dinner.”

Qiao Yuanfei did not have the chance to refuse. Fan Yu was already carrying Xiao Liuliu and was the first to leave the office.

She quickly turned around and grabbed her bag, chasing after him.

—

Qiao Yuanfei was very familiar with Xie Yun’s schedule.

When they arrived at the hospital, there was no one else in the ward except for the nurses.

After Qiao Yuanfei revealed her identity and purpose of visit, she quickly obtained Qiao Fangfeng’s medical records and secretly made a copy of it before taking it away.

However, when she passed by the consultation desk, she overheard a few nurses discussing a particularly arrogant patient who had just been admitted into the hospital.

**Chapter 1842: I, Fan Yu’s Woman (42)**

Taking advantage of the fact that her family had some money, she would vent her anger on the medical staff at any time.

Qiao Yuanfei did not pay much attention to it. After receiving the medical report, she left very quickly.

Just as she walked out of the hospital, she saw a car parked by the roadside.

The car window was not closed. Fan Yu's tall and straight body leaned against the car window, supporting his head with one hand.

His languid posture made him look particularly relaxed.

Accompanied by a state of being bathed in the spring breeze, he unconsciously exuded charm.

Soul captivating.

When she peeked at him, he seemed to have sensed something and suddenly turned his head to look in her direction.

Qiao Yuanfei's face blushed slightly. She hurriedly lowered her head and quickened her pace to walk forward.

Fan Yu was very gentlemanly.

He got out of the car and opened the door for her. He asked her to fasten her seatbelt before he went around to the driver's seat.

Every move he made exuded the aura of a noble, causing many people on the roadside to scream.

A few young girls could not help but take out their phones to take pictures of him.

When they were discovered by him, they shyly pulled each other and prepared to run away. However, Fan Yu only smiled warmly.

Immediately, Qiao Yuanfei's ears heard another wave of excited screams.

"Attract bees and attract butterflies."

Qiao Yuanfei subconsciously ridiculed, her voice a little muffled.

When she realized what she had said, she hurriedly covered her mouth.

But it was already too late.

Fan Yu heard it and was staring at her with a deep gaze, as if waiting for a reasonable explanation.

Qiao Yuanfei instantly felt awkward.

"What I mean is, you're very good-looking. I'm serious, not only are you good-looking, you're also very gentle and have a temperament!"

No matter how much she tried to butter him up, he would never wear anything.

At this time, it was always right to say that she was a good person.

The corners of Fan Yu's mouth curled up, and he gave a faint smile.

He narrowed his eyes and quickly left the hospital.

After experiencing the earlier awkwardness, Qiao Yuanfei did not even dare to speak during the entire meal.

She was afraid that she would say something wrong again.

Her luggage was still in fan Yu's villa, and she was about to live a life of living under someone else's roof. It was really not a wise move to offend the landlord now.

Qiao Yuanfei thought that she was about to be released after a difficult meal. When she returned to Fan Yu's villa, she realized that this was just the beginning of a nightmare..

The first accident of the night came from Xiao Liuliu.

When she learned that Qiao Yuanfei was going to live in Fan Yu's private villa, the little glutinous rice ball was overjoyed.

She quickly abandoned her fan Yu Daddi, carried the little piggy doll and her little pajamas, and ran to the guest room, wanting to take a bath and sleep with Qiao Yuanfei.

Of course, Qiao yuanfei would not object.

She took out a set of pajamas from her suitcase and brought her into the bathroom.

After taking a shower, she found that her pajamas had been wet by some sticky rice ball playing with water. It was so wet that she could even wring out water if she tried hard.

She definitely could not wear it.

She pulled the bath towel from the bathroom and casually wrapped it around her body. She thought that since there was no one in the room, she could just go out and get another set.

Unexpectedly, just as she walked out of the bathroom, the door rang.

Before she could regain her senses, Xiao Liuliu had already rushed to the door and tiptoed to open the door.

She excitedly shouted at fan Yu who was outside the door.

"Daddy Fan Yu, I just finished bathing with Aunty. Aunty isn't wearing any clothes!"

"..."

Qiao Yuanfei was so scared that her entire body trembled. She anxiously wanted to leave the bathroom, but in the end, she fell at the bathroom door.

Not only did she fall on all fours, but the bath towel on her body was also gone..

This time, she was really naked, and she was even exposed..

“Close your eyes!” Qiao Yuanfei snapped back to reality and shouted at Fan Yu who was standing at the door in a daze.

Fan Yu was stunned, but he did not close his eyes.

“I saw it all. I Can’t forget it even if I close my eyes.”

### **Chapter 1843: I, Fan Yu’s Woman (43)**

“...”

Qiao Yuanfei turned her head and found that fan Yu really did not close his eyes. Instead, Xiao Liuliu, who was standing in front of him, covered her eyes shyly.

As if she knew that the following scene was not suitable for children, she ran out of the room with a red face.

In the guest room, only Qiao Yuanfei and Fan Yu were left.

She had fallen quite hard.

The moment she moved, she felt a throbbing pain on her waist.

The towel fell to her feet, but she could not reach it no matter how hard she tried.

“Do you need help?”

Fan Yu stood at the door and heard footsteps behind him. He closed the door behind him and opened his mouth calmly.

Qiao Yuanfei did not answer. He had already stepped forward.

He bent down to pick up the towel for her and draped it over her body. Then, he picked her up, turned around, and walked to the sofa to put her down.

“Where did you fall? I’ll get the Doctor to take a look at you.”

Fan Yu saw that there was something wrong with her expression and his expression became serious.

Just as he took a step forward, Qiao Yuanfei hurriedly grabbed his hand.

“Don’t! Don’t call for help... it’s already embarrassing enough...”

Her voice was mumbling like a mosquito.

After saying that, she lowered her head and wished that she could bury her head in her chest.

If he really called the family doctor for her, everyone in the villa would probably know that she had fallen into the bathroom while showering and was naked for Fan Yu to carry.

How could she stay in his villa?

“Then sit still and don’t move. I’ll go get the medicine box.” Just as Fan Yu was about to leave, Qiao Yuanfei grabbed his hand again.

She pointed in the direction of the luggage.

“Can you help me with the pajamas first?”

Even if she wanted to apply the medicine, she should at least let her put on the clothes first. She felt her whole body tense up when she was naked and asked him to help apply the medicine.

Fan Yu lowered his eyes and glanced at her. He saw that her face was red all the way to her neck. Seeing that her entire body was about to turn red, the corners of his mouth curled up into a wicked smile, as if he was deliberately teasing her.

His thin lips parted slightly, pausing between each word.

“I’ve seen everything that should be seen and not seen. It doesn’t matter whether I’m wearing it or not.”

Qiao Yuanfei: “? ? ?”

Fan Yu did not bring her any clothes and walked out of the guest room.

Qiao Yuanfei sat on the sofa, waiting for him to come back. She was like a young girl waiting for her first boyfriend. She was afraid that he would not come, but she was also afraid that he would act recklessly..

When she realized what she was thinking, Qiao Yuanfei quickly reached out and patted her cheeks.

She struggled to stand up from the sofa and slowly moved towards her luggage.

She had just taken out a set of underwear from her luggage. Before she could put it on, the door was pushed open from outside.

Fan Yu walked in from outside with the medical box in his hand.

Both of them were stunned when they saw what she was holding in her hand.

Immediately after, Qiao Yuanfei’s face turned blood red..

She hurriedly stuffed the underwear back into the box and stammered for a long time, unable to say a word.

In comparison, Fan Yu, who had just seen her naked, appeared much calmer. After being slightly stunned, he walked forward with the medical box in his hand.

“You probably just twisted your waist. Lie down and let me massage it for you.”

“...”Qiao Yuanfei did not move.

Her face was still incredibly red.

She was wearing nothing but a towel.

If she wanted to apply medicine, she would definitely have to lift up the towel. Wasn’t that..

Fan Yu saw her bashful look and hesitated for a few seconds. He seemed to have thought of something and suddenly opened his mouth.

“Why don’t I turn around First and you put on your little floral undergarments?”

Qiao Yuanfei: "..."! !

If you want me to put on clothes, then put on clothes. Why did you have to remind me that I'm little floral? !

What's wrong with little floral?

Can't I be a young girl?

#### **Chapter 1844: I, Fan Yu's Woman (44)**

As a gentleman, shouldn't he pretend that he didn't see anything! !

Fan Yu seemed to see what she was thinking and smiled evilly.

"Wake up, the most important thing in life is to face reality. I'm not blind, how can I not see?"

Qiao Yuanfei: "..."! !

Qiao Yuanfei angrily grabbed her underwear and looked up at him, hesitating whether to let him go out first.

Fan Yu spoke again.

"If I don't want to take advantage of you, I don't have to turn around and close my eyes. If I really have ulterior motives, I can kick the door open and come in even if I'm standing at the door. Do you understand?"

"... I understand." Qiao Yuanfei gave up on the idea of letting him go out and silently hugged her clothes.

Fan Yu seemed to be very clear about her bottom line. Seeing her pick up her clothes, he turned around and did not look at her again.

The room suddenly became very quiet.

Only the rustling sound of clothes being put on could be heard.

Qiao Yuanfei twisted her waist and her movements were very slow.

Even the slightest movement of raising her arms would cause her waist injury. She barely managed to put on her underwear and pajamas, but the buttons of her underwear could not be fastened.

He was so anxious that his forehead was starting to sweat..

"Do you need help?"

Fan Yu suddenly asked.

Qiao Yuanfei had been struggling for nearly ten minutes. She lay on the bed like a salted fish, her voice filled with despair.

"Can you close your eyes and help me fasten a button?"

Fan Yu did not say anything and silently agreed.

When he turned around, his warm eyes were tightly shut, and he only reached out his hand to her.

Qiao yuanfei forced herself to sit up from the bed, held his hand, and slowly moved his hand towards her back.

She reminded him where the button was and then taught him how to button it with a red face.

She sat on the bed with her back facing him, so she couldn't see the expression on his face.

At first, she was worried that he wouldn't be able to see and that he wouldn't be able to button it. She didn't expect that he would already button it for her before her worry was formed.

"Are you done? If there are no problems, I will open my eyes," he asked in a gentlemanly manner.

Qiao yuanfei quickly pulled up her pajamas and said, "Alright, Alright..."

If an innocent young lady were to turn around and take a look, she would realize that Fan Yu, who was standing behind her, had his deep eyes wide open. His burning gaze was fixed on her back.

The soft skin that her fingertips had just touched still carried the faint fragrance of the bath cream that she had just finished bathing.

She actually believed the lie that a man had closed his eyes and helped her put on clothes. How did he grow up so big?

Another person who had lived abroad for so many years?

Qiao yuanfei finally put on her clothes with much difficulty. She felt much more at ease.

Her waist did not seem to hurt as much as before.

"Actually, I can just rub it with the soothing oil. It shouldn't be a big deal."

She did not dare to trouble fan yu to rub her waist..

Perhaps it was because the scene just now was too awkward. As long as he stood next to her now, she could not help but feel nervous.

She wished she could turn into an ostrich and dig a hole to bury herself in.

Fan Yu did not force her. He put down the medicine box for her and opened his mouth faintly.

"If you don't recover by tomorrow morning, I can only inform the doctor to come over. When the news of how you fell gets out, don't blame me."

"Wait!"

When Qiao Yuanfei thought of how he had asked her seriously if she wanted to put on her floral underwear first, she immediately thought of how he had told her how she had fallen naked in front of him in front of the Doctor..

It was night anyway, and there was no one else in the room.

It should be okay to ask him to help massage her waist, right?

## Chapter 1845: I, Fan Yu's Woman (45)

Qiao yuanfei prepared herself mentally and pushed the medicine box in front of him again.

"Thank you for your hard work."

"..."

The corners of Fan Yu's mouth curled up. He was silent as he took out the soothing oil from the medicine box.

"Where does it hurt?"

"A little behind my waist. I think I bumped into a door frame when I fell just now..." Qiao Yuanfei turned her face sideways, not daring to meet his gaze.

"Here?" His cold fingers pressed on her waist.

She could not help but shiver.

Her voice unconsciously softened and trembled a little.

"Not here, a little behind... Oh right, it's here..."

The communication was very simple.

Fan Yu quickly found the place she said. He looked down and saw that there was indeed a red patch on her fair skin.

It was not broken, but it should have been quite a serious impact.

If he did not rub it, it would quickly turn into a bruise.

Fan Yu poured the medicine into his palm and applied it on her waist. A magnetic voice slowly sounded.

"It might hurt a little. Bear with it."

As he spoke, his hands began to exert force.

Qiao Yuanfei was just about to say that she was fine when she opened her mouth and could not help but shout.

Biting her lips, she turned around and glared at him.

Fan Yu's lips curved into a half-smile as he said teasingly.

"Women always like to say things that aren't true. I just saved you a chance to deceive yourself. You're welcome."

Qiao Yuanfei: "..."

Little Six, quickly come and take a look at the gentle Papa fan you're talking about. He might have been swapped!

Qiao Yuanfei cursed in her heart but did not dare to say anything.

The two of them completed the entire massage process almost without any interaction.

When Fan Yu stopped, Qiao Yuanfei couldn't care less whether her waist injury was better or not. Instead, she frantically pulled on her pajamas to cover her exposed skin.

"Thank, thank you."

Qiao Yuanfei's face was flushed red. She was so guilty that she didn't dare to look at Fan Yu's eyes.

She was afraid that he would find out that she was actually thinking about him because he was kind enough to give her a massage..

Qiao yuanfei felt as if someone had set her body on fire, and it was burning hot from head to toe..

Fan Yu saw her reaction, and ripples appeared in his warm eyes.

How would she know that he was doing it on purpose.

The massage was not only slow, but it was also deliberately testing her sensitivity.

Unexpectedly, she did not feel it at all and even looked as if she had done something wrong.

It was so cute that it made people want to do bad things to her..

Fan Yu's gaze deepened and he did not continue thinking.

He threw the medicine in his hand into the medicine box and stood up calmly.

"You're welcome. If you still feel uncomfortable tomorrow, you can call me again."

"I don't think so..."before Qiao Yuanfei could finish her sentence, Fan Yu had already turned around and glanced at her.

There was a hint of reproach in his eyes.

It was like a little daughter-in-law who had just lost her virginity, but in the blink of an eye, she was despised by her husband.

Qiao yuanfei knew that her description was inappropriate, but that was how she felt about fan Yu Now.

In addition to the evil thoughts she had towards him just now, it made her feel even more guilty.

Just as she was hesitating whether she should tell him that she would treat him to a meal tomorrow to express her gratitude and acceptance, fan Yu suddenly lowered his head and moved closer to her.

His breath was like a charm.

"If you're worried about the danger of sleeping alone, I don't mind staying behind to accompany you."

Qiao Yuanfei:"..."

What he said about accompanying was..

"If I were to say that I was just chatting under a blanket, would you believe me?"

## Chapter 1846: A Little Scheming! (1)

Qiao Yuanfei: "...I believe you!

Fan Yu teased her as if he was addicted to teasing her. When he saw her face turn red and she dared to be angry but dared not speak, it was as if he had found a new joy in life.

However, he had to know when to joke. He knew very well that he had to stop when the time was right.

Seeing that Qiao Yuanfei was on the verge of breaking down, he kindly stood up straight.

"If you're not willing, then forget it. Go to sleep early." Fan Yu put his hands in his pockets and turned to leave the guest room.

The moment his figure disappeared at the door, Qiao Yuanfei instantly collapsed on the bed. She didn't even have the strength to turn over. She directly shrank into the bed, closed her eyes, and fell asleep.

—

Qiao Yuanfei's waist injury lay there for a few days before she could regain her freedom of movement. These few days, she stayed in the villa to accompany Xiao Liuliu during the day, and at night, she had to be on guard against Fan Yu, who would turn into a demon if she didn't get along with him..

She was mentally and physically exhausted.

On the fourth day, her back injury had finally healed, and the medicine that Qi Yan had prescribed for Qiao Fangfeng had also been sent back.

She needed to make a trip to the hospital to discuss with the doctor how to adjust the medication.

"Butler, can you help me take care of Xiao Liuliu for a few hours?" Qiao Yuanfei asked as she led Xiao Liuliu downstairs and stood in front of the sofa.

The Butler was just about to pour tea for her when he heard her words and stopped in his tracks.

"Miss Qiao, young master fan said that your waist injury hasn't healed yet. If you need to go out, you need to have someone follow you."

"I'm fine now. It's just that I need to go to the hospital. It's not convenient to bring Xiao Liuliu with me." Qiao Yuanfei bent down and picked Xiao Liuliu up, kissing her little face.

Although the little glutinous rice ball was mischievous and didn't look like a child, she was still young. It wasn't a good thing for her to frequent the hospital.

"Xiao Liuliu can go to Uncle Tang's house to visit her little brother!"

When Xiao Liuliu heard that Qiao Yuanfei did not have time to take her, she immediately found a good place for herself.

When she thought of Little Tang Bao, she blinked her big crystal-clear eyes and smiled.

She turned around and went to clean up the milk powder diapers..

"Xiao Liuliu is going to stay at my little brother's house. She can help raise my little brother!"

The Butler: "..."

Qiao Yuanfei: "..."

Xiao Liuliu had disappeared for a few days, and Shangxin missed her very much.

When she heard that she wanted to go to the Tang family, she immediately sent a car over to pick her up.

Before Qiao Yuanfei left the house, Xiao Liuliu had already been picked up..

"Miss Qiao, it's not convenient for you to go to the hospital alone. I'll get the chauffeur to send you. This way, if young master fan asks about it, I'll be able to answer to him,"the butler insisted.

Qiao Yuanfei's eyes sparkled, and she nodded her head lightly.

The distance from Fan Yu's private villa to the hospital was not too far.

The chauffeur sent her to the hospital. Before getting off the car, he even reminded her, "Miss Qiao, my car is parked here. When you want to leave, just come to this location and look for me."

In order to prevent Qiao yuanfei from not being able to find a place, the chauffeur even made her take down her own phone number.

Qiao yuanfei had never received such attention in the Qiao family. A warm feeling flowed through her heart. She repeatedly said "Thank you"before turning around and entering the hospital.

She deliberately chose the time when Xie Yun was not around to come to the hospital. Very quickly, she communicated with the attending physician and changed Qiao Fangfeng's dressing.

When she left the ward, she heard someone complaining about the patient in the next ward at the consultation counter at the front desk. When she heard that familiar name, her footsteps paused slightly.

"I can't take it anymore. Either you transfer her to another ward, or you transfer me to another ward."

"That woman is sick! Isn't she just the daughter of a CEO of a company? Does she really think she's a Princess? Not only does she scold the doctors and nurses every day, she even makes such a ruckus in the middle of the night that the people next door can't rest!"

### **Chapter 1847: A Little Scheming! (2)**

"So what if the Qiao family has a head and a face? Does having a head and a face affect other patients? If your hospital can't give a reasonable explanation today, I will definitely file a complaint against you..."

"..."

Qiao yuanfei only heard the first few sentences before the screams of a woman and the sounds of smashing things could be heard from the VIP ward not far away.

The patient who was complaining at the front desk immediately grabbed the nurse.

“Listen to this. Let everyone listen to this. Is this something a normal person would do? Qiao Yuanxi is treating the hospital as his home!”

“...”

Qiao Yuanfei thought that she had already gotten the answer to the question she had asked at the information desk.

She did not continue listening. Instead, she walked towards the ward where the sound came from.

When she reached the door, she realized that the door of the ward was not tightly shut. It was only half-closed.

No wonder the sound was so loud.

Qiao Yuanxi did not enter immediately. Instead, she took a step forward and stood at the door.

She peeked through the half-closed door.

Qiao Yuanxi had been badly beaten by her that day. There was a bandage wrapped around his head, and the palm print on his face had not completely subsided even after so many days..

He did not know what had happened, but at that moment, he was like a crazy lion, smashing all the water bottles and cups in the ward.

When he saw Xie Yun standing in front of her, he started to cry.

“Mom, look at my face, look at my head. Qiao yuanfei, that B \* tch, she did it on purpose. She wanted to ruin my face, she wanted to kill me!”

“Why didn’t you call the police and arrest her? I want her to go to jail!”

“Also, she wanted to snatch young master fan away from me. Brother clearly said that young master fan was very interested in me. In the end, when I just returned to the country, Qiao Yuanxi had already hooked up with young master fan. She even deliberately made young master fan kick me out of the fan corporation in front of so many people. She made me lose face!”

“She did it on purpose. You Can’t just let her off like that...”

Qiao Yuanxi pounced on Xie Yun like a madman. He grabbed her shoulders with both hands and cried.

She had lost control of her emotions just now because she heard Xie Yun say that Qiao Yuanfei had moved out of the Qiao family’s villa and her whereabouts were unknown.

“Xixi, calm down. Qiao yuanfei, that little hoof, probably knows that I’m going to get even with her. Not only did she not answer my calls, she even stopped going to the hospital. I’ve asked people to ask. She has already disappeared for four days and could not be found. Even if mom wanted to help you vent your anger, she wouldn’t have the chance!”

Xie Yun said unhappily.

Her son did not live up to his expectations. For so many years, her position in the Qiao family had been supported by her clever and precious daughter.

Ever since she was young, she had fed her XI XI with good food and drinks, hoping that she would be able to raise a little princess to fight for her in the future.

In the end, Qiao Yuanxi had just had the chance to show her face in front of young master fan when she was ruined by someone.

Now, he was even in the hospital with injuries all over his body..

How could she swallow this down?

If she were to find Qiao yuanfei, she would skin that little hoof!

“That’s impossible! Qiao yuanfei has no relatives or friends in City H, where could she hide? In my opinion, she most likely hid in a hotel. Get your brother to check all the hotels in the city, he will definitely find her!”

Qiao Yuanxi grabbed Xie Yun’s arm and shook it even harder.

It was as if he would not give up until he vented his anger.

Seeing that Xie Yun rubbed the space between his brows and seemed to have lost his patience with her, Qiao Yuanxi’s eyes flashed, and he suddenly leaned close to Xie Yun’s ear and said something mysteriously.

Xie Yun’s expression immediately changed.

“Is what you said true? !”

### **Chapter 1848: A Little Scheming! (3)**

“Of course it’s true! My brother personally called me and said that when he went to the fan corporation to renew his contract, young master fan specially asked me about my situation. He heard that I was studying abroad and seemed to really want to see me. That’s why my brother told me to return to China as soon as possible. If it wasn’t for Qiao Yuanfei Scheming to seduce young master fan, the person young master fan likes should be me. Mother, are you going to watch helplessly as the position of young mistress of the fan corporation falls into the hands of that slut?”

As a mother and daughter, Qiao Yuanxi knew what Xie Yun cared about the most.

Xie Yun cared about his face.

The reason why he never liked Qiao Yuanfei was because she was too outstanding and wanted to suppress his son and daughter in every way.

Moreover, Xie Yun knew very well that she had never treated Qiao yuanfei well since she was young.

If Qiao yuanfei were to gain power once, she would not do anything to her own uncle. However, as an aunt, she would not have a good life.

Xie Yun did not do it for her daughter. For her own sake, she could not let Qiao yuanfei have anything to do with fan Yu!

“Mom, did you not see what happened at the Fan Corporation that day? Young master fan chased me and my brother away, leaving Qiao Yuanfei alone. Also, you said that you could not find Qiao Yuanfei. City H is only so big. She is just a poor person. Where can she hide? “Could it be that she packed her luggage and went to young master fan’s private villa to ask young master fan to take her in...”

The more Qiao Yuanxi spoke, the more he felt that the possibility was very high. Just as he was about to ask Xie Yun to investigate, Xie Yun interrupted her.

“Enough, enough!”! The more he spoke, the more ridiculous he became. Who Was Young Master Fan? If he was so easy to seduce, many women would have rushed to seduce him long ago. would it be Qiao Yuanfei’s turn? “Calm down. When we find him, Mommy will definitely help you get revenge...”

Before Xie Yun could finish her sentence, her phone rang.

It was Qiao Yuanchuan Calling.

She used her eyes to signal to Qiao Yuanxi to stop arguing and reached out to pick up the phone.

There was only the mother and daughter in the ward. The moment they stopped talking, the room immediately became quiet.

Qiao Yuanchuan’s voice that was close to roaring could be heard clearly from the other end of the phone

“Mom, I just received news that young master fan brought a woman to the company a few days ago. I heard that it was Qiao Yuanfei. Also, there were also people who saw an unfamiliar woman entering and leaving young master fan’s private villa these few days. It was only because they were afraid of young master fan’s identity that they did not dare to investigate. Do you think that woman could be...”

“Bang –”

Qiao Yuanxi could no longer take it anymore as she grabbed the pillow and smashed it against the wall.

“I knew this B \* Tch would try to snatch everything from me! Mom, she did it on purpose. She’s already living in young master fan’s villa, do you still want me to endure it? !”

“...”

Xie Yun’s expression did not look good either.

However, the news came too suddenly, so she patiently asked another question.

“Yuanchuan, have you done your research? Didn’t you say that the person young master fan likes is your sister? Why are you suddenly related to Qiao Yuanfei? Don’t tell me you’ve got the wrong person.”

“Mom, this kind of thing can’t be wrong. That day at the fan corporation, Young Master fan chased us both away, leaving Qiao Yuanfei alone. I already felt that something was wrong. These two days, when I inquired about the fan corporation’s situation, I realized that young master fan suddenly had a woman by his side. That person was none other than Qiao Yuanfei!”

Xie Yun’s face sank.

He was about to say something when the nurse's voice came from outside the door.

"Miss, are you here to visit?"

Hearing the commotion, Xie Yun immediately signaled Qiao Yuanchuan not to say anything. Then, she quickly walked forward and reached out to open the door.

Qiao Yuanfei did not have the time to leave before she bumped into the mother and daughter.

She was still holding her cell phone in her hand. The screen of the cell phone was still lit, and it stopped at the message interface. It seemed that she had just received a text message.

However, that was not what Xie Yun and her daughter were concerned about.

The moment she saw Qiao Yuanxi, Qiao Yuanxi pounced forward as if he had gone mad.

"You still dare to appear in front of me? Qiao Yuanfei, I'm going to kill you!"

The hospital was a public place. As an elder, Xie Yun was supposed to stop Qiao Yuanxi from getting into a fight. However, she only put on a show to stop Qiao Yuanxi. Then, she deliberately allowed Qiao Yuanxi to pounce in front of Qiao Yuanfei, slapping Qiao Yuanfei's face.

"Pa!" The entire hospital corridor was filled with the sound of slapping.

Qiao Yuanxi's face was slapped to the side, and blood oozed out from the corner of her mouth.

She raised her hand to wipe her face, ignoring Qiao Yuanxi. Instead, she raised her head to look at Xie Yun and said.

"Aunt, what happened last time was just an accident. I didn't mean to fight with my sister. I came to the hospital today to see Uncle..."

"Don't pretend to be pitiful in front of me. I'm going to break your bones today!" Qiao Yuanxi had been lying in the hospital for so many days with a concussion and was fuming in his heart.

Qiao Yuanfei had delivered herself to his doorstep. It would be a miracle if she let her off.

The slap did not appease her anger. She went up and grabbed Qiao Yuanfei's hair and started to punch and kick her..

Xie Yun pretended to stop the fight and followed her. However, he hugged Qiao Yuanfei tightly, making it impossible for her to retaliate.

The mother and daughter beat Qiao Yuanfei together.

Qiao Yuanfei grunted twice. Her hair was disheveled, and her head was slightly lowered.

Her eyes were filled with a cold and malicious light.

She wanted to retaliate a few times, but when she thought of the message on her phone, she forcefully restrained herself.

She took a few more hits on her body, and one of them landed on her waist. She furrowed her brows and could not help but cry out.

The nurse and the crowd of onlookers who were stunned not far away finally came back to their senses. They hurriedly got someone to inform the security guards and stepped forward to pull Xie Yun and her daughter away.

“Qiao Yuanxi, don’t think that I will let you off just like that!”

When Qiao Yuanxi was pulled away, she was still threatening with her claws in a flamboyant manner.

She did not have the temperament of a rich young lady, she was like a shrew in the marketplace.

When the nurse saw that Qiao Yuanfei’s injury was not light, she asked worriedly.

“Miss, do you want to go to the emergency room to treat your wound?”

“No need.”

Qiao yuanfei politely rejected the nurse’s kind offer. Her long hair covered her face. She did not raise her head to look at the sympathetic gazes of the people around her. She hurriedly walked out of the hospital.

Just as she reached the door, a few reporters appeared out of nowhere. They pointed their cameras at her and started taking pictures.

They even kept asking her questions.

“Miss Qiao, we heard that President Qiao is sick. Are you here to visit your uncle in the hospital? President Qiao’s condition...”

The few reporters had just started asking questions when they saw the injury on Qiao Yuanfei’s face. The tone of their words immediately changed.

“Miss Qiao, did you offend someone? May I ask what happened to the injury on your face?”

“You went to the hospital to visit your family. Why did you come out of the hospital with injuries all over your body?”

“Miss Qiao, can you please answer our questions?”

“...”

More and more reporters gathered around them.

From the first few people, they gradually became a dense crowd.

It was as if they had been waiting outside the door for a long time.

Qiao Yuanfei couldn’t open her eyes because of the flash. She raised her hand to cover her eyes.

“Don’t take pictures of me, all of you don’t Take Pictures... No One hit me, don’t write nonsense...”

**Chapter 1850: A Little Scheming! (5)**

Her words seemed to confirm the reporters' guesses. All of a sudden, all the reporters were in an uproar.

One by one, they raised their microphones and stepped forward.

"Miss Qiao, so you're saying that someone really beat you up? who was the person who beat you up? Are you prepared to pursue the other party's legal responsibility?"

"Why were you beaten up in the hospital?"

"Miss Qiao, I heard that you and the Qiao family have never gotten along. May I ask if the person who beat you up was a member of the Qiao Family?"

"..."

"No, no one beat me up... and it wasn't a member of the Qiao family who beat me up either..." Qiao Yuanfei was like a frightened bird. When she heard the reporter's question, she kept shrinking back.

Her thin and slender body, her scarred face, and her frightened gaze... her entire person looked extremely frail.

Anyone who saw her could not help but feel a heartache.

Hearing that she had been protecting the people who had hurt her, as if she was afraid and afraid of something, it aroused the desire of countless people to protect her.

"Miss Qiao, have you tested your injuries? The injuries on your body should not be light. As long as there is a test report, you can pursue the responsibility of the other Party!"

"This is a society ruled by law. It's a hooligan's behavior to casually hit people. This is a hospital. You must bravely stand up and protect yourself!"

"Concealing is condoning a crime!"

"..."

The reporters' interrogations were all around her ears.

Qiao Yuanfei lowered her head and raised her hand to wipe the blood at the corner of her mouth.

Her eyes flickered slightly.

Then, she weakly raised her gaze and looked around.

Pursing her lips, she hesitated for a long time before slowly opening her mouth.

"I can't say..."

After saying these simple words, it was like pouring a cup of water into a boiling pot of oil.

Instantly, oil splattered everywhere!

All the reporters were frantically trying to dig out more insider information from her mouth. It was only then that Qiao Yuanfei realized that she had said something wrong. She was anxious to leave, but she was surrounded by the reporters, unable to move an inch.

“Miss Qiao, what did you mean by what you said just now? Did the person who hit you threaten you?”

“No, I didn’t say anything. Don’t write nonsense...”

Qiao Yuanfei anxiously denied it, but the reporters didn’t listen to her explanation at all. They continued to use their powerful imaginations.

“Miss Qiao, are you protecting someone? Did the Qiao family ask you to say that?”

“No... no one asked me to say that. I really have to go. Please Make Way...”

Qiao Yuanfei tried her best to squeeze forward, but the reporters in front had just smelled the headlines, so how could they be willing to move aside.

She had just taken two steps forward when she was stopped again.

She tripped and fell to the ground in a hurry.

Tears flowed down her cheeks pitifully.

“I beg you to stop filming. I’m only here to deliver medicine to my uncle. I don’t know anything...”

Amidst the clamor, a cold voice suddenly came from outside the crowd.

“Get out of the way!”

Those two cold words were like the sound of a soul being chased from hell.

The people around them all gave way to the source of the voice.

Fan Yu’s noble and tall figure stood at the end of the crowd.

He was dressed in a white handmade suit, giving off a warm and handsome aura.

Standing with his bare hands, there was no need to say anything. The natural noble aura on his body was like a natural barrier that could separate him from the others.

A gentleman was like a jade, looking down on others.

Facing everyone’s gazes, his gaze fell on Qiao Yuanfei, who was sitting on the ground and covered in wounds. His gaze instantly turned dark!
