

My Life 1851

Chapter 1851: A Little Scheming! (6)

“Young master fan...”

No one thought that fan Yu would appear in the hospital at this time.

For a moment, everyone was stunned.

No one could react in time. They watched as he walked quickly to Qiao Yuanfei and reached out to gently push away her long hair.

When they saw the palm print on her face, their faces instantly darkened, exuding a man-eating demonic charm.

“Don’t look, I’m fine... can you take me away from here first?” Qiao Yuanfei’s fragility seemed to be released the moment she saw him.

Tears hung in her eyes, but they didn’t fall.

She anxiously reached out her hand to cover her red and swollen face.

Fan Yu narrowed his eyes, reflecting a dangerous light.

Without saying anything, he bent down to pick her up, turned around, and walked out.

The surrounding reporters wanted to ask more questions, but he glared at them, not daring to ask anything.

They could only watch as he carried Qiao Yuanfei and slowly disappeared in front of everyone..

—

The moment the car door closed, Fan Yu’s anger was released without any restraint.

He turned around and wanted to ask something, but Qiao Yuanfei had already collapsed on the car seat and fell asleep without any guard.

Seeing her pale face curled up into a ball without any sense of security, Fan Yu’s chest felt like it was stuffed with a ball of cotton.

He was so agitated that he could not breathe. He reached out and tugged at the tie on his neck.

He started the car and took her away.

He changed to a private hospital to check on the injuries on her body.

Qiao yuanfei slept the entire way. She only woke up when she reached the hospital. She saw that Fan Yu was going to take her for a check-up. Just as she was about to say that she was fine, he glared at her and carried her into the hospital with a cold expression.

Qiao yuanfei wanted to walk uncomfortably when she heard his cold reminder.

“Do you want to be thrown into the trash can?”

Qiao Yuanfei: "..."

A series of examinations were carried out very quickly.

The results were out very quickly.

"There is no concussion. There are only local soft tissue contusions. The injuries on the face are still fine. It's just that there are new and old injuries on the waist. You must be careful in the next few days..." the Doctor held the examination report and reminded her of a lot of things to take note of.

Qiao Yuanfei did not mind it herself, but fan yu listened very carefully.

Like a parent who brought their child to the hospital for an examination, not only did he read the examination report carefully, but he also checked all the medicine according to the Doctor's instructions.

When they left the hospital, Qiao Yuanfei insisted on walking on her own.

"You're too eye-catching holding me. The Doctor said that I'm fine just now."

"..."

Fan Yu glanced at her and the corners of his lips curled up into a faint smile.

"I'm giving you a chance to rest, but you don't want it. Then think about how you're going to explain what happened today to me."

Qiao Yuanfei: "... could she take the initiative to ask him to hug her now?"

It looked like it was too late.

On the way back, Qiao Yuanfei got into the car and went to sleep again.

However, this time, she did not think about how she was going to explain to Fan Yu and pretended to be asleep.

Fan Yu saw through her but did not expose her.

He drove calmly back to his villa.

When he got out of the car, he did not mention that he wanted to carry Qiao Yuanfei anymore. Instead, he mentioned that she was carrying a medicine bag and entered the villa first.

Qiao yuanfei followed behind him slowly. She unconsciously reached out to touch her nose. She kept feeling that her current appearance was a little like a child who had fought with her classmates at school and was brought home by her parents..

What was she going to say first?

Qiao Yuanfei was anxious the entire way. It was not only because she had been brainwashed too successfully, it was also because fan Yu's gaze was too similar to that of a parent. She had just entered the living room when she saw him glancing at her. Her mind went blank and she blurted out.

Chapter 1852: A Little Scheming! (7)

“I didn’t make the first move!”

Fan Yu:” ...”

Qiao Yuanfei:” ...”

They looked at each other speechlessly. Qiao Yuanfei could clearly see the corner of Fan Yu’s mouth twitching slightly.

He probably didn’t expect her to suddenly blurt out such a sentence for him.

“I’m not blind. I can see that you’re only going to get beaten up.” Fan Yu opened his mouth coldly and strolled to the sofa to sit down.

The Butler quickly came out of the kitchen with tea.

Seeing that the atmosphere between the two of them was not right, he did not dare to ask further. He quietly put down the tea and disappeared again.

Qiao Yuanfei walked to stand in front of Fan Yu.

Actually, her waist was a little uncomfortable, but she did not dare to sit down.

“The person who beat you up is Qiao Yuanxi?” Fan Yu picked up the Teacup, took a sip and opened his mouth slowly.

There was no emotion in his tone.

But his appearance was even scarier.

Qiao Yuanfei hesitated for a moment and did not say anything.

Fan Yu had already laughed coldly.

“Looks like Qiao Yuanxi isn’t the only one. Although Qiao Yuanxi is unruly and full of princess sickness, she has been pampered since young. If she really fights with you, she might not be a match for you unless someone helps her.”

Qiao Yuanfei did not even need to say a word. Fan Yu had already pretty much recounted what had happened.

It was probably because Qiao Yuanfei went to the hospital to deliver medicine to Qiao Fangfeng. In the end, she met Qiao Yuanxi, who was also hospitalized at the same hospital, and got into a conflict with Qiao Yuanxi..

The only thing that he did not guess correctly was that Qiao Yuanfei’s injuries were so obvious. It was not because she could not defeat Xie Yun and her daughter, but because she did not fight back at all.

What she wanted was to look as if she was seriously injured..

Qiao Yuanfei’s eyes flashed and she lowered her eyes slightly. “I did not suffer any losses. The last time, I hit Qiao Yuanxi even harder. She was in the hospital for four days and still has not recovered.”

“Are you very proud? Do you want me to give you a little red flower as encouragement?” Fan Yu raised his head and gave her a sidelong glance. His gaze was cold.

Qiao Yuanfei: “...” there was no need for that, right.

She wasn’t showing off. She just wanted to say that she wasn’t that easy to bully.

“What’s with those reporters?”

Fan Yu recalled the scene he saw when he first arrived at the hospital, and his brows furrowed.

Why would there be so many reporters waiting at a place like the hospital.

It was as if they had come prepared.

Qiao yuanfei bit her lip. “I’m not too sure either. When I came out, they were already there. I think they received the news that my uncle was seriously ill and was hospitalized. They wanted to come for an interview, but I didn’t expect to bump into them.”

She thought for a moment and added on.

“Actually, I’m fine. I can still handle the matter of the Qiao family. I’ve shown the medicine of the King of medicine to the Doctor today. The Doctor is very interested in the ingredients in the medicine and is willing to help me try. As long as my uncle can recover from his illness, nothing else is important.”

“...”

Fan Yu leaned back on the sofa and stared at her still red and swollen half of her face. His eyes flickered with a dim light.

However, he did not show it on his face.

Seeing that she did not want to say anything more, he did not force her.

Qiao yuanfei heaved a sigh of relief and turned to walk upstairs.

She had just entered the room and was about to change into her pajamas and lie down on the bed. Just as she lifted the corner of her clothes, the door to the room rang.

Before she could regain her senses, the door to the room rang twice symbolically. Fan Yu had already pushed the door open.

He was leaning against the door with the medicine he had just brought back from the hospital in his hand.

He lifted his arm slightly as if he did not see her preparing to take off her clothes.

“You forgot to bring your medicine. I’ll bring it up to you and help you apply it.”

“...”

Qiao Yuanfei wanted to say that she did not need it, but fan yu did not give her the chance to reject him. He walked forward, grabbed the corner of her clothes, and lifted her up a little.

Chapter 1853: A Little Scheming! (8)

The large piece of skin on her waist was exposed.

His slender fingers pressed on her wound without any hesitation, and his thin lips parted slightly.

“Does it hurt?”

“...”

Qiao Yuanfei was already unable to speak, and a chill ran up her spine.

Her entire body froze, and she stared blankly at fan Yu, who had suddenly barged into her room, lifted her clothes, and was still caressing her waist and asking if she was in pain.

Was He... acting like a hoodlum?

The words “Acting like a hoodlum” could never be associated with the gentle and elegant Fan Yu.

But what he was doing now was indistinguishable from a hoodlum.

Oh, there was still a difference.

If he really wanted to pursue the matter, he was probably a stinky hoodlum who had a legitimate reason to take advantage of her.

Because her injury was at her lower back, she really could not apply the medicine on herself.

So even if she felt that something was wrong, she could not come up with a sentence to tell him not to touch her even after holding it in for a long time.

It was just that her body instinctively shivered, wanting to avoid his slightly cold fingertips..

The moment she moved, Fan Yu’s other arm wrapped around her waist, opening his mouth faintly.

“Don’t move around, let me take a good look.”

“...”

Qiao yuanfei’s cheeks flushed red due to these words.

The place that he touched suddenly became scorching hot instead of feeling chilly.

It was as if he had been burned and she could not help but want to hide.

If not for the serious expression on fan Yu’s face, she would have suspected that he was taking advantage of her on purpose and flirting with her.

However, the conversation between Xie Yun and Qiao Yuanxi was still echoing in her mind..

He was the president of the Fan Corporation, and his status was extraordinary.

What kind of woman did he want? It was just a matter of pinching his finger.

Qiao Yuanxi thought highly of himself and could not help but take the initiative to come up to him, wanting to seduce him.

Why would he deliberately take advantage of her?

He was probably just testing her. She had to be able to keep her cool!

“Ah!”

Qiao yuanfei had just calmed down when fan yu exerted some force on her fingertips. She cried out in pain instantly.

“I’m sorry, I accidentally pressed too hard.” Fan Yu did not apologize sincerely.

His deep eyes stared at her angry face. The corners of his mouth curled up into a smile as if he was finally satisfied that she was not ignored.

Qiao yuanfei puffed up her cheeks. She dared to be angry but did not dare to say anything.

Fan Yu did not tease her anymore.

Although the injuries on her body were not serious, they were everywhere.

Not only on her face and waist, but also on her arms and thighs.

Fan Yu squeezed the ointment prescribed by the doctor into his hands and made her lie down. He applied the ointment on her one place at a time.

He was very focused on applying the ointment. Qiao Yuanfei wanted to come by herself a few times, but he ignored her.

He only looked at the wounds on her body, and a hint of coldness gradually settled in his eyes.

The aura all over his body became a little cold, as if he was enveloped by a cold air..

“If it hurts, tell me. I’ll be gentler.”

“It doesn’t hurt anymore.” Qiao yuanfei lay on the bed and did not notice the change in his mood. She hugged the pillow hard and endured the pain.

It would be a lie to say that it did not hurt, but she really did not think much of this little bit of pain.

It was just that the scar was a little obvious and it looked quite scary.

Fortunately, Xiao Liuliu was not around. Otherwise, the little glutinous rice ball would definitely be frightened.

Fan Yu did not say anything else. After applying the ointment on her, his expression did not look too good.

He left the ointment behind and prepared to leave the room.

Just as he stood up, Qiao Yuanfei sat up as well. As she looked at his back, something flashed through her mind and she suddenly opened her mouth.

“Do you like Qiao Yuanxi...”

Chapter 1854: A Little Scheming! (9)

Qiao Yuanfei regretted the moment she opened her mouth.

This was fan Yu’s private matter, she should not have asked.

Moreover, Qiao Yuanxi had conflicts with her, would fan yu misunderstand that she was testing him?

Qiao Yuanfei wanted to explain, but fan yu had already turned around and glanced at her, a faint light flashing in his eyes.

“What did you say just now?”

“... I overheard it by accident. Qiao Yuanchuan said that you specifically asked about Qiao Yuanxi and were very interested in her.” Qiao Yuanfei did not continue, because he noticed that fan Yu’s gaze had changed.

The smile on the corner of his mouth was filled with mischief and ridicule.

He slowly walked up to her and pinched her chin with his long fingers.

His movements were very light, and there was a hint of ridicule in his tone. His thin lips parted slightly.

“Do you think I’m Blind?”

Qiao Yuanfei:”...”

If he did not like Qiao Yuanxi, why did he specifically ask Qiao Yuanchuan about Qiao Yuanxi?

Because of this incident, Qiao Yuanxi was as proud as a peacock. He started to call himself the young mistress of the fan corporation, treating Fan Yu as his own man.

Fan Yu seemed to see through her confusion. He tightened his grip on her chin and lowered his head slightly.

Inch by inch, he approached her..

Qiao Yuanfei’s body instantly froze.

She wanted to retreat, but Fan Yu’s hand that was holding her chin did not let go.

She thought that he was going to kiss her, so she was so scared that she closed her eyes. After waiting for a while, she did not feel anything. She opened her eyes in a daze and immediately met his eyes, which were full of ridicule.

His lips were almost touching hers, but he did not touch her.

He said each word with a pause.

“The person I asked Qiao Yuanchuan about is not Qiao Yuanxi, it’s you.”

It’s you.

It's you.

It's you..

The last two words were like a magic spell, echoing in Qiao Yuanfei's ears.

Qiao Yuanfei did not come back to her senses even after fan Yu had left for a long time.

She sat on the bed in a daze and looked in the direction he had left..

—

The next day.

Qiao Yuanxi had just woken up when she received a huge piece of news.

The front pages of all the major media outlets had exposed the beating that had happened in the hospital yesterday.

The scene of Qiao Yuanxi and Xie Yun beating Qiao Yuanfei was recorded by the other patients and their families at the hospital at that time and posted on social media platforms.

There were also people who recognized their identities and exposed them to the reporters.

At that time, Qiao Yuanfei was surrounded by reporters at the entrance of the hospital. The injuries on her face and body were the best evidence.

Following that, according to what Qiao Yuanfei had unintentionally mentioned yesterday, the reporters checked the records of her arrival at the hospital and even interviewed Qiao Fangfeng's attending physician.

From the attending physician, they learned that Qiao Yuanfei had gone to the hospital yesterday to specially visit her uncle and deliver medicine to Qiao Fangfeng.

The Doctor also said that the medicine that she had spent so much effort to find was very effective. Qiao Fangfeng's condition had already started to improve and he should be able to wake up very soon..

All of these things added together, and the Qiao family, which had been silent for a while, was instantly pushed to the forefront of public opinion!

"This Miss Qiao of the Qiao family is too uncouth, to actually hit people like this!"

"Is this a question of quality? This is vicious! Everyone says that the rich and powerful have deep waters, but who would have thought that they would be so deep that they wouldn't even let their own sisters go?"

"I'm afraid the person upstairs doesn't know. Didn't the reporter expose that Qiao Yuanfei isn't the biological daughter of the Qiao Family? She's just adopted from an orphanage. She's not related by blood. Who would feel sorry for her?"

"Ditto!"! Even though it sounded nice, she was also called the eldest daughter of the Qiao family, but she wasn't biological. In the end, she wouldn't be treated as one of them. Didn't you see the video of

the beating? Mrs. Qiao looked like she was trying to mediate the fight, but in fact, she was helping her own biological daughter..."

Chapter 1855: A Little Scheming! (10)

"Qiao Yuanfei is so pitiful. She worked so hard to find medicine for her uncle, but no one in the Qiao family appreciated her kindness and was beaten up like this. Is this family a demon?"

"..."

Qiao Yuanfei read through all the comments and there was not a trace of surprise in her eyes. She calmly turned off her phone and got out of bed.

Just as she opened the door, she saw Fan Yu standing at the door.

Qiao Yuanfei was stunned. Fan Yu had already reached out and pulled her in front of him. He lifted the corner of her shirt and looked at the wound on her waist.

"Are you feeling better?"

He opened his mouth calmly.

Qiao Yuanfei: "..."

Her attention was completely focused on the hand that he placed on her waist.

His palm was warm, but his fingertips were a little cold..

Qiao Yuanfei did not know if she had gone crazy. It was clearly the same hand, but it gave her two completely different feelings.

Especially when his hand slowly moved on her waist, she only felt as if there was a fire burning on her skin..

Sensing what she was thinking, she hurriedly shook her head.

"Good, much better... there was nothing much to begin with. Has Xiao Liuli returned?"

Qiao Yuanfei took a step back and distanced herself from Fan Yu. Finally, she felt that her breathing had returned to normal.

"No, she didn't want to come back. She said that she wanted to stay in the Tang family villa to raise her younger brother. I heard that ever since Little Tang Bao went to the Tang family, he didn't cry or make a fuss. He just smiled and acted cute every day. Shangxin was also reluctant to let her go and wanted to keep her in the Tang family for a few more days."

Fan Yu paused and raised his head to look at her.

"You Miss Her?"

"Yes." Qiao Yuanfei nodded and admitted honestly.

When Xiao Liuli was around, Fan Yu could be a little more normal.

Once Xiao Liulu left, she felt that fan Yu had changed. He clearly didn't do anything, but his entire body was filled with a dangerous aura.

She was afraid of being alone with fan Yu.

She wasn't afraid of what he would do to her, but she was afraid that if he continued to treat her so gently, she would lose her cool and do something to him..

"After your waist injury is healed, I will bring you to pick her up."

A trace of gentleness flowed out of fan Yu's gentle eyes. He raised his hand to look at his watch and opened his thin lips slightly.

"I have a meeting in a while and need to go out. Your waist injury is not healed yet. Stay at home and don't run around. The news from yesterday has come out. There should be many reporters looking for you outside now. You Don't need to care about the Qiao family. I will get someone to keep an eye on Qiao Fangfeng for you."

"... Thank you."

He had already arranged everything for her. Other than thanking him, Qiao Yuanfei did not know what else to say.

When she thought about how she had hidden it from him, her heart suddenly felt heavy.

Just as she was about to say something, Fan Yu suddenly reached out and pressed her against the wall, lowering his eyes to stare at her.

That pair of warm and delicate eyes was flowing with a gentle light that made people drown in it, as if it carried a bewitching magic.

"How do I thank him? By offering myself to him?"

Qiao Yuanfei:"? ? ?"

Qiao Yuanfei's body trembled, and she was so scared that she was completely speechless.

Even what she wanted to say to him just now was so scared that she forgot about it.

Was He... joking?

It had to be.

Qiao yuanfei barely managed to calm her mind, and did not let fan Yu lead the rhythm.

Just as she was about to speak, Fan Yu had already raised a finger and pressed down on her lips.

"Shh, if you're rejecting me, there's no need to say it. I don't want to hear it."

As soon as he finished speaking, the corners of his lips curled up slightly.

He calmly withdrew his hand, put it into his pocket, and turned around to leave.

Until his figure disappeared, Qiao Yuanfei's ears still echoed with his voice..

“Wait for me obediently when I return.”

Chapter 1856: A Little Scheming! (11)

In the hospital.

Qiao Yuanxi had been lying in the hospital for almost a week and could finally be discharged.

Early in the morning, Xie Yun and Qiao Yuanchuan both arrived.

“Mom, it’s such a big matter. You and sister didn’t even discuss it with me before taking action. Dad is also in this hospital, so you guys shouldn’t avoid it. How’s Qiao Yuanfei’s injury? Don’t break her.”

Qiao Yuanchuan stood at the door and watched Xie Yun help Qiao Yuanxi pack up his things. He asked worriedly.

He had watched Qiao Yuanfei grow up since young. He had been thinking about her for so long, but he still hadn’t succeeded. How could he bear to let others spoil her.

He had only just found out about Qiao Yuanfei yesterday, so he was a little excited and told Xie Yun and Qiao Yuanxi about it. He didn’t think that it would be such a coincidence that they would meet Qiao Yuanfei in the hospital and even take action against her.

Qiao Yuanchuan rushed to the hospital as soon as he arrived, but he was still too late.

When he arrived at the hospital, Qiao Yuanfei was already gone.

Only Xie Yun and Qiao Yuanxi were left discussing how the beating had vented their anger.

Qiao Yuanxi let out a sigh of relief, and his temper was much better.

However, Qiao Yuanchuan was extremely worried when he heard that. He wanted to call Qiao Yuanfei, but her cell phone had been turned off the whole time.

This morning, Xie Yun dragged him over to pick Qiao Yuanxi up. He was getting impatient.

“Brother, what are you saying? I’m your biological sister. You’re not helping me, but you’re actually helping that B * tch? Have you forgotten who gave me this gift? I didn’t beat her to death because I was merciful!”

Qiao Yuanxi changed out of his hospital gown and said unhappily.

If it wasn’t for Qiao Yuanfei, why would young master fan chase her away?

Qiao Yuanfei had been scheming to get close to young master fan. She was deliberately stealing the person she liked.

“Brother, I know that you like that slut. Putting aside the fact that she’s your cousin in name, even if there’s no relationship between the two of you, you’d better stay away from her. Back then, she didn’t believe that the death of first uncle and first aunt was an accident. She hated our entire family. You’re protecting her now. If she finds an opportunity to seduce young master fan and snatch the position of young mistress of my fan family, she won’t show you any Mercy!”

Xie Yun's expression changed when he heard that and he chimed in.

"Yuanchuan, don't be stupid about this! You're the eldest young master of the Qiao family. Do you have any type of woman you want? Young master fan is not an ordinary person. Such a good man must be given to his biological sister. If we can get married to the fan family, the Qiao family's estate will definitely rise to a higher level. To put it bluntly, it would be a good deal for you, the heir!"

"..."

Qiao Yuanchuan did not say a word.

Although he did not agree with Xie Yun and Qiao Yuanxi's words, he did not want Qiao Yuanfei to have anything to do with fan Yu either.

If Qiao Yuanfei really fell in love with fan Yu, then what did he have to do?

He would not do anything that would harm others but not himself.

"Have you packed your things? You Asked Me to come to the hospital early in the morning. I'm so tired."

Qiao Yuanchuan yawned and urged him.

Xie Yun quickly helped Qiao Yuanxi pack her luggage and handed it to Qiao Yuanchuan.

At the same time, she nagged.

"Your father is now living in the hospital. Even if you want to play, you have to know your limits. Don't be so impolite every day!"

"Alright, Alright. My father has nothing to do. If he really has something to do, I will definitely take good care of the company. Don't worry about it."

Qiao Yuanchuan carried his luggage and ran out.

Xie Yun saw his carefree manner and thought about Qiao Fangfeng's illness. She wanted to say something but hesitated.

In the end, she held back.

She handed the bag in her hand to Qiao Yuanxi and asked her to follow her.

Just as she walked out of the hospital, she saw Qiao Yuanchuan surrounded by countless reporters!

Chapter 1857: A Little Scheming! (12)

The crowd was so dense that it was frightening.

Before they could come back to their senses, someone had already discovered them.

"That's Mrs. Qiao and the eldest daughter of the Qiao family who beat them up!"

Someone shouted out loud. Immediately, the reporters who had surrounded Qiao Yuanchuan turned around in unison and ran towards them.

They surrounded them!

Countless cameras and microphones were aimed at Xie Yun and Qiao Yuanxi.

“Miss Qiao, have you seen the video of the beating that was circulated on the internet? May I ask what happened to the Qiao family to make you beat your own cousin like that?”

“I heard that Qiao Yuanfei had just found a special medicine for President Qiao to cure his illness. You didn’t thank her and even beat her up. What was the reason?”

“It’s like what the rumors say. Because Qiao Yuanfei was adopted by the orphanage, the Qiao family didn’t treat her as one of their own?”

“Miss Qiao, I heard that when you were in the hospital, not only did you beat up your cousin, but you also often insulted doctors and nurses. Can you explain your actions?”

“...”

The reporters’ questions were like bamboo shoots sprouting after the rain.

In an instant, Xie Yun and Qiao Yuanxi were disoriented.

Qiao Yuanxi was hiding behind Xie Yun. When she heard the reporters’ words, she had no idea what had happened.

“Wh-what video? I don’t know what you’re talking about...”

Qiao Yuanxi had just opened her mouth when someone had already opened the video of the beating that was circulating on the internet.

In the video, Qiao Yuanxi was still wearing a hospital gown, but her actions were so fierce that she did not look like a patient at all, much less like a daughter of a wealthy family.

He was practically like a shrew in the marketplace.

He kept calling her a “Slut” and was even more vicious towards his own cousin.

Qiao Yuanfei was besieged by the mother and daughter duo, and she was so weak that she was enduring the image of not retaliating at all. Everyone present could not help but feel a little heartache.

Whether it was those who had watched the video or those who had never watched the video, the way they looked at Qiao Yuanxi at this moment became contemptuous.

This was not just empty talk. The video was very real.

After Qiao Yuanfei was beaten up, she did not fight back. She even explained to Xie Yun the reason why she came to the hospital. In the end, she did not escape the abuse of this vicious mother and daughter pair.

“Even if it’s an adopted child, legally speaking, it’s still a part of the Qiao family. How can you beat people up just because you want to?”

“You have no humanity at all. You treat your own family like this, not to mention strangers.”

“I’m afraid that no one knows. This Qiao family’s eldest daughter has been in the hospital for a week. She has scolded several attending physicians, scolded countless nurses, and wailed like a ghost. She simply treats the hospital as her own home...”

“...”

The surrounding voices of condemnation rose and fell, as if they were about to swallow them up.

Qiao Yuanxi was used to being arrogant and despotic because she was the eldest daughter of the Qiao family. When had she ever been criticized like this.

She wanted to retort, but there were too many people around her.

Xie Yun was afraid that she would lose face if news of her being injured in the hospital got out, so he did not tell anyone about it.

He had only called for Qiao Yuanchuan to pick her up today. He did not bring his chauffeur or bodyguards with him.

He did not expect to meet so many reporters at the entrance of the hospital. He was surrounded!

“I’ve never seen any of the videos that you’re talking about. I don’t understand what you’re talking about either...”

There were more and more people. Other than the reporters, there was also a crowd of onlookers.

Seeing that the situation was not right, Qiao Yuanxi finally began to be afraid. He forced himself to maintain his imposing manner.

“What do you want to Do? This is a legal society now. If any of you dare to touch a single hair on my head, I’ll Sue your entire family until they go bankrupt!”

Chapter 1858: A Little Scheming! (13)

“Bang –”

In the crowd, someone threw a bottle of mineral water and smashed it directly on Qiao Yuanxi’s head.

“Ah!” Qiao Yuanxi covered her head in pain and hid behind Xie Yun in fear.

The next second, a young girl carried a bottle of water and went up to Qiao Yuanxi. She unscrewed the cap and splashed it on Qiao Yuanxi’s face.

Everyone was stunned.

Qiao Yuanxi was also stunned.

When she saw someone rushing in front of her and throwing something at her face with the bottle, she subconsciously thought it was sulfuric acid. She was so scared that she shrieked and revealed her ugly side.

When she came back to her senses, she realized that it was just a bottle of mineral water.

The person who splashed the water on her face was the nurse who had left her job because she was in a bad mood on her first day in the hospital.

“Even if you are rich, you can not humiliate others as you please. Today is just a warning. You have to be honest. Otherwise, the next time you get splashed on your face, it might be sulfuric acid!”

The girl threw the bottle onto her and turned around to leave.

However, the surrounding spectators already knew what kind of person Qiao Yuanxi was.

For a moment, all the gazes that were cast on her were filled with disdain.

“Mom, save me. Hurry up and call the police to arrest them... arrest that woman just now...”

“Alright, call the police. There are so many people here, who saw it? Who is willing to testify for you?” A few reporters who understood Qiao Yuanxi’s character sneered.

“Those who do evil deeds will die for sure. We didn’t see anything just now. All We Know is that Lady Qiao beat someone up in the hospital, insulted a bunch of doctors and nurses, and bullied the patients in the neighboring room. All of these have witnesses and evidence. Does Lady Qiao want to explain her actions first?”

“That’s right. You should explain your actions first!”

“The hospital is not a place where you rich people can behave atrociously!”

“People like you who don’t respect the medical staff should be blacklisted in the hospital. We should let you know that the medical staff is not someone you can humiliate just because you have a few stinky dollars!”

“...”

The surrounding voices of condemnation rose and fell.

Qiao Yuanxi had never seen such a scene before. She was so scared that she cried.

She had been hiding behind Xie Yun the whole time and did not dare to make a sound.

In the end, Qiao Yuanchuan was smart enough to drive the car over. Xie Yun dragged her out of the crowd and rushed into the car, only then did she manage to escape.

She successfully left the hospital.

However, the matter had already blown up.

After the video of the beating was exposed on the Internet, it was as if a trigger was thrown.

Following that, the revelations about Qiao Yuanxi came one after another.

First, it was exposed that she had bullied her classmates at school and forced them to kneel down and apologize to her.

Then, it was also exposed that she had a promiscuous relationship with a man and a woman, and that she had an indecent personal life.

Not to mention that she had always been arrogant and domineering. Whether it was going out for a meal or staying in a hotel, she had always bossed the staff around and did whatever she wanted with her money..

In just a short day, everything had been exposed to the public.

All of them were well-founded. Some of the accusations and the video recording of the statement made by the parties involved were willing to take responsibility for their own words.

In this way, even if Qiao Yuanxi wanted to clear her name, it would be useless.

No one would believe what she said anymore!

In the Qiao family's villa.

A haze shrouded everything.

"Bang –"

"Bang Bang –"

"Bang Bang Bang –"

The sounds of things being smashed could be heard continuously in the living room.

Qiao Yuanxi's habit of smashing things when she was in a bad mood was already known by everyone in the Qiao family.

None of the servants dared to approach her.

Chapter 1859: A Little Scheming! (14)

Xie Yun only spoke in a low voice when she was almost done.

"Alright, you should also stop. You have such a bad temper. No wonder those reporters like to make up stories."

"Mom! They were framing me. I didn't!" Qiao Yuanxi sobbed and stomped her feet unwillingly.

Hearing this, Xie Yun sneered.

"How can I not know my own daughter's temper? You can pretend in front of outsiders, but do you still need to pretend in front of me? Just tell me about the things that were exposed online, which of them were wronged by you? Back then, I warned you, enough is enough! You refused to listen. Now, all the people that you bullied have come out to condemn you, and they were even thrown into a huff by the reporters. Not only did you lose your face, but the Qiao family's face as well!"

"..."

Qiao Yuanxi immediately became listless, silently shedding tears and not daring to make a sound.

She was really frightened today.

She had never seen so many people looking at her with disdain. It was as if if she had not escaped in time, she would have been drowned by everyone's spittle.

"It's all because of Qiao Yuanfei. It must be because of her. Those people are all nobodies. How would they dare to stand out and criticize me? Someone must be instigating behind my back. Other than Qiao Yuanfei, there won't be anyone else! "She was born to go against me. Mom, you have to help me with this. I'm your biological daughter!"

Qiao Yuanxi pounced in front of Xie Yun and grabbed her arm, her voice dripping with tears.

When Qiao Yuanchuan heard her mention Qiao Yuanfei, he couldn't help but speak up.

"Save it. What you did is none of Qiao Yuanfei's business. A fly won't bite a seamless egg."

Before Qiao Yuanchuan could finish his sentence, Xie Yun glared at him.

He wanted him to stop talking.

Qiao Yuanxi wiped his tears and shouted.

"How much better do you think you are than me? If I am nailed to the pillar of shame, you will be next! Do you think I don't know what you have done? I..."

"Shut up!"

Xie Yun suddenly slapped the coffee table and looked at his children with disappointment.

"Look at the two of you now? You Don't want to support each other when something happens and only know how to fight among yourselves. How could I give birth to you two useless things?"

"Mom..."

"Mom..."

Qiao Yuanchuan and Qiao Yuanxi spoke at the same time and glared at each other.

Xie Yun said, "Stop shouting. Don't go out for the next two days. Stay at home and don't go anywhere. Don't let anything out of the ordinary happen again and let the reporters get a hold of it. I heard from the Doctor that your father's illness has clearly improved and he should wake up in the next two days. When that time comes, I will tell him to think of a way to suppress this matter."

As long as the matter could be suppressed, everyone would naturally forget about it after a long time.

The most important thing now was that no one could continue to grasp this matter and affect the Qiao family's business.

Xie Yun's eyes flashed as she sent Qiao Yuanchuan and Qiao Yuanxi away. She hurriedly contacted a few higher-ups of the Qiao Corporation to discuss countermeasures..

—

In the private villa.

Qiao Yuanfei had been lying down for a day and had also watched the news for a day.

The news about Qiao Yuanxi kept appearing on the internet.

The popularity of the news could not be reduced at all.

At the same time, the posts that appeared the most were those that defended her and felt sorry for her. Qiao Yuanfei read them one by one.

After reading for a long time, her eyes became a little sore. When she heard the sound of footsteps outside the door, she hurriedly stuffed her phone under the pillow and closed her eyes to sleep.

Chapter 1860: A Little Scheming! (15)

Just as he closed his eyes, the door was twisted open from the outside. A tall figure stood at the door.

Seeing the dim light in the room, his sharp eyes became gentle.

He only stopped for a second before walking in.

He walked straight to the bedside and stared at Qiao Yuanfei's quiet sleeping face. He then sat down beside her bed.

In less than three seconds, she smiled evilly and opened her mouth slowly.

"Her eyelashes keep moving. She's too bad at pretending to be asleep."

"..."

Qiao Yuanfei opened her eyes embarrassedly and touched her nose awkwardly.

She automatically skipped this topic.

"You're back?"

"Yes, have you seen the news today?" Fan Yu held her waist with one hand and locked her in his arms without leaving any trace.

He lowered his head slightly and saw all the expressions on her face. He asked with an unclear meaning.

"..." Qiao Yuanfei didn't dare to reply and unconsciously swallowed her saliva.

For a moment, she couldn't tell what he meant.

She just shifted her body uncomfortably, wanting to stay away from him.

The moment she moved, she realized that the positions of the two of them were very intimate..

He was sitting beside her bed, next to her. One of his arms crossed her body and supported her on the other side.

His other hand was untying his tie.

After pulling off the tie on his neck, he also undid the two buttons on the collar of his white shirt..

Qiao Yuanfei's firm chest was instantly reflected in her eyes.

She could not open her eyes, but she could not close her eyes either.

She stood rooted to the ground, not knowing how to react..

All that was left was a buzzing sound in her ears.

“You didn’t Look? Then you’ve been thinking about me for the whole day.” Fan Yu’s voice was deep and magnetic.

If one did not listen to the content of his words, just hearing his voice would make one feel soft in the heart.

When Qiao Yuanfei realized what he had said, her face instantly turned red.

It was as if she was on fire. Not only her face, but even her body began to heat up.

“No...” she retorted softly.

“Huh? What do you mean no? Did you not watch the news, or did you not miss me?”

Fan Yu asked despite knowing the answer.

Both his arms were propped up to her side, and he lowered his head further.

As he spoke, his thin lips brushed past the tip of her nose, intentionally or unintentionally.

A warm breath gushed onto her face, bringing with it a refreshing scent unique to his body.

Qiao Yuanfei instantly felt dizzy again.

She could not remember what she had said at all. Fan Yu’s fingers pressed on her lips again and gently caressed her lips.

“Shh, don’t say it yet. Let Me Guess.”

“...”

“You must have seen the news and thought that I should have thought about it too. You said that you didn’t because you were shy, right?”

“...”

“I’ll give you three seconds. If you don’t deny it, it proves that I guessed correctly. One, two, three...”

He finished the three seconds in one go. Qiao Yuanfei did not have time to react at all.

The finger pressing on her lips did not have the slightest intention of letting go.

How was she going to answer?

She could only agree.

Fan Yu seemed to know that his actions were too hooligan. After forcing others to admit that they missed him, he withdrew his hand and gave her a reward.

“I heard from Xiao Liuliu that you like steak. Today, I specially asked the kitchen to prepare steak. I’ll give you ten minutes to change your clothes and come downstairs to eat with me.”

After he finished speaking, he stood up and walked out of the door.

When he reached the door, his footsteps stopped.

“Next time you miss me, you don’t have to endure it. You can call me.”
