

My Life 1921

Chapter 1921: Are you the Demon? (15)

“Such a good marriage. If you want it, I can give it to you.” Qiao Yuanxi glanced at her coldly, the corners of her mouth curving into a half-smile.

Qiao Yuanxi’s expression changed instantly.

Just as he was about to argue back with Qiao Yuanxi, Qiao Fangfeng glared at her, telling her to stop talking.

Qiao Yuanxi was continuously being humiliated, but no one helped her. He could only grit his teeth and stomp his feet unwillingly.

He thought to himself, when Qiao Yuanfei really marries into the Wang family, there will be plenty of suffering for her!

She was just waiting to see what would happen to Qiao Yuanfei!

“Feifei, Xi isn’t sensible. Don’t lower yourself to her level. Let’s not talk about anything else today. Let’s settle the issue of the shares first, in case the shareholders of the company have any ideas. What do you think?”

Qiao Fangfeng finished trying to smooth things over and quickly went back to the main topic.

In the end, he was still nervous about the shares in Qiao Yuanfei’s hands.

That wasn’t a small percentage. If he couldn’t get it back, it would affect the Qiao family’s share in the Qiao’s enterprise and directly affect the Qiao family’s control over the enterprise.

Not to mention anything else, the Qiao’s enterprise’s share price had risen so quickly in the past few days. The shares in Qiao Yuanfei’s hands weren’t a small fortune.

Such a valuable thing, no matter who it was, it would not be safe in his hands.

Qiao Fangfeng was naturally worried.

As soon as he received the news, he immediately called Qiao Yuanfei.

His goal was to get her to come back as soon as possible and take back the shares in her hands.

Qiao Fangfeng’s eyes flashed slightly. He waved at the lawyer at the side, and the lawyer came forward with two contracts.

“It’s just that the transfer of shares that I asked you to sign previously was transferred to you by Uncle Last Time. Now, I’m asking you to use the same method to transfer it back to uncle. The complicated procedures will be handed over to the lawyer to handle. You just need to sign these two contracts.”

“...”

Qiao Yuanfei lowered her eyes and looked at the contracts placed in front of her.

She slowly raised her head and looked at the few people sitting in the living room.

Qiao Fangfeng had an eager look on his face, afraid that she would not agree.

Xie Yun dared to be angry but did not dare to say anything. It seemed that he wanted to wait for her to sign the contract before settling the score with her.

Qiao Yuanchuan wanted to say something a few times, but he did not dare to say anything in front of Qiao Fangfeng.

He only looked at Qiao Yuanfei with a look of unwillingness..

As for Qiao Yuanxi..

Qiao Yuanfei did not need to look to know that she hated her to the bone.

These people were her only family in this world.

How ridiculous.

Qiao Yuanfei's eyes flashed with a hint of self-mockery.

"Feifei, what are you still standing there for? Hurry up and sign!"

Seeing that she was still not moving, Qiao Fangfeng could not help but urge her.

The calmness on his face could no longer be maintained.

Qiao Yuanfei glanced at him, reached out to pick up the pen in front of her, and wrote her name one stroke after another..

She was very slow, and Qiao Fangfeng almost couldn't help but stand up to help her write a few times, but he tried his best to restrain himself.

Seeing that Qiao Yuanfei was about to finish signing, he suddenly stopped at the critical moment.

Qiao Fangfeng's breath was raised to his throat, and he almost fainted from anxiety.

He barely held onto the armrest and asked.

"Why did you stop? Quickly Sign It!"

"Uncle, I thought about it, I can't sign this transfer of shares."

Qiao Yuanfei threw the pen in her hand onto the table.

She leaned against the sofa with an innocent and ignorant look on her face.

Qiao Fangfeng was shocked and his anger had already surged to his chest. However, he was worried that something might happen, so he patiently coaxed her.

"Feifei, what do you mean by this? Didn't we agree to transfer this share to you back then? It was only to deal with the crisis that the Qiao family encountered."

Chapter 1922: Are you the Demon? (16)

“When the crisis is over, you’ll turn back. Uncle doesn’t want you to do anything else now. You just need to sign this contract.”

“If I sign it, uncle will marry me out of the Qiao family. I don’t want to marry.”

Qiao yuanfei looked at Qiao Fangfeng timidly, as if she was very reluctant to part with him.

Qiao Fangfeng took a deep breath.

“Alright, Alright. If you don’t want to marry, we won’t marry. Uncle will promise you not to force you to marry.”

“Then what about the marriage with the Wang Family? It’s not good to break off the marriage rashly, right?” Qiao yuanfei changed the topic and turned her head to look at Qiao Yuanxi.

“Why don’t we let Xixi marry the youngest son of the Wang Family? Didn’t she just praise this marriage incessantly and feel that it was too good for me? I’m an elder sister. No matter what, I should give way to my younger sister. What do you think, Uncle?”

Qiao Fangfeng:”...”

Qiao Yuanxi did not expect that the good show that she had been waiting for would come to her instead.

When she heard Qiao Yuanfei’s words, her expression changed instantly.

“Dad, you’re not really going to let me marry that prodigal son of the Wang family, right? That’s not a good thing. He’s even capable of raping a waiter. This kind of scum, if you let me marry him, you’re pushing your own daughter into the fire pit...”

“Shut up!”

Qiao Fangfeng’s face was ashen as he slammed his hand on the coffee table.

Only then did Qiao Yuanxi snap back to her senses and realize that she had slipped up.

She had already said that the most important thing now was that she absolutely could not marry into the Wang family.

“I don’t care. If you really want me to marry that Wang Guy, I’ll die for all of you to see, Mom...”

Qiao Yuanxi cried as she threw herself into Xie Yun’s arms.

Xie Yun didn’t expect Qiao Yuanfei to make such a sudden move.

She was still hesitating on how to smooth things over, but Qiao Yuanfei was already smiling.

Her desolate smile was filled with an indescribable disappointment.

Her gaze swept across everyone in the living room and finally landed on Qiao Fangfeng.

“Uncle, this is the good marriage you set for me. You didn’t even want your own daughter even if she died. You forced it on me.”

“Feifei, don’t be so agitated. Listen to uncle’s explanation. Xi Xi is still young and insensible. It’s normal for this man to play around outside.”

Qiao Fangfeng was still trying to salvage his image.

Seeing that Qiao Yuanfei clearly didn’t believe him, he changed his words.

“Uncle has also been deceived. I didn’t know that the youngest son of the Wang family is such a bastard. If you don’t like it, uncle will arrange another suitable marriage for you.”

“No need. I don’t want to marry.”

Qiao Yuanfei flatly rejected his “Good intentions.”.

Her tone also began to become distant.

Qiao Fangfeng sensed that something was wrong and carefully asked.

“Then this contract...”

“I won’t sign it today. Not just today, I won’t sign it in the future,” Qiao Yuanfei said with a strong attitude.

After playing along with them for half a day, she was tired of acting.

She should have known what this family was like.

There was no need to have hope.

“What do you mean? You want to steal the Qiao family’s shares? How dare you!”

Qiao Fangfeng couldn’t sit still anymore. He held onto the sofa and stood up abruptly.

He pointed at Qiao Yuanfei’s nose.

His fingers were trembling with anger.

“Did you forget what you said? You promised yourself that you wouldn’t covet the Qiao family’s property.”

“Then does Uncle Remember What You Said?”

Qiao Yuanfei stood up calmly and looked into his angry eyes, enunciating each word clearly.

“You said in front of the reporters that this 15% share is my dowry. Unless I don’t want it, I will always be a part of the Qiao family.”

Chapter 1923: Are you the Devil? (17)

“...”

Qiao Fangfeng was stunned.

At that time, he believed that Qiao Yuanfei would not covet the Qiao family's assets and was in a hurry to help the Qiao family salvage the situation. In front of the reporters, of course, he would say whatever was good.

Who would have thought..

Now, the words that he said were heard by hundreds of reporters.

They could not take it back even if they wanted to!

"You've long planned this. From the very beginning, you wanted to swindle the Qiao Corporation's shares from My Hands? I've really misjudged you!"

Qiao Fangfeng's expression became ferocious.

When Xie Yun saw that he was angry, she hurriedly added fuel to the fire.

"I've said it long ago. This little hoof isn't a grateful person. I told you not to treat her so well, but you refused to believe me. Now that you know, from the moment she returned to the country, I've felt that she has no good intentions!"

Qiao Yuanxi also started to cry.

"Dad, Qiao Yuanfei might have been the one who planned the video of me hitting her back then. Otherwise, how could it be so coincidental? The moment I hit her, someone took a video and uploaded it onto the internet, causing a huge commotion."

"..."

The members of the Qiao family started to shift the blame.

They wished that they could pin all the bad things on Qiao Yuanfei.

It was as if Qiao Yuanxi wasn't the one who had started the fight.

Qiao Yuanxi wasn't the one who had been bullying the other students. She wasn't the one who had been arrogant and domineering. It was Qiao Yuanfei who had instigated her.

"Qiao Yuanfei, do you really think that you can stir up any trouble just because you have 15% of the shares in your hands? Let me tell you, without me, you won't be able to do anything even if I give you all these shares!"

Qiao Fangfeng gritted his teeth and said.

In Qiao Fangfeng's eyes, Qiao Yuanfei's grades were not good, and she was timid.

In front of him, she was also submissive.

If not for this, how could he have kept her by his side all this time.

He was just doing it for outsiders to see, to prevent others from saying that he was mean to the adopted daughter that his big brother had left behind.

If he wanted to take back the shares from her hands, he had plenty of ways.

Since she had refused to do it the hard way, then don't blame him for being ruthless!

Just as Qiao Fangfeng was about to say something, two people entered the door.

They looked like two lawyers.

"This is the Qiao family. Without my permission, who allowed you to let people in?" Qiao Fangfeng berated.

The Butler quickly went forward to explain.

"They said that they were invited by the eldest miss."

Eldest miss?

Which eldest miss?

Everyone's gaze moved back and forth between Qiao Yuanxi and Qiao Yuanfei. Before Qiao Fangfeng could open his mouth to ask, Qiao Yuanfei had already opened her mouth indifferently.

"I was the one who asked the lawyer to come."

"..."

"Uncle, don't you want to know what I can do with these shares without you?"

"..."

Qiao Fangfeng looked at Qiao Yuanfei, whose breathing was steady and her aura had suddenly changed.

His heart skipped a beat, and he suddenly had a bad premonition.

Qiao Yuanfei met his inquisitive gaze and calmly smiled, turning her head to signal for her lawyer to come forward.

The two lawyers were on her left and right respectively.

She placed a share certificate in front of Qiao Fangfeng and said.

"President Qiao, we're here to tell you that Miss Qiao Yuanfei now holds 35% of the shares of the Qiao Corporation, exceeding your 30% and becoming the largest shareholder of the Qiao Corporation."

"Bang—"

Qiao Fangfeng's hand trembled, and the cup in his hand fell to the ground.

His eyes widened in disbelief as he stared at the lawyer.

"What nonsense are you talking about? Tell me again?!"

Chapter 1924: Are you the Devil? (18)

Qiao Yuanfei was an orphan. If it weren't for his protection, she wouldn't have been able to survive.

How could she have secretly acquired so many shares of the Qiao Corporation and surpassed him to become the number one shareholder of the Qiao Corporation? !

“President Qiao, don’t be agitated. The share certificate is right in front of you. If you don’t believe me, you can take a look for yourself. It’s written in black and white. It’s not something we can forge.”

The lawyer pushed the share certificate on the coffee table in front of Qiao Fangfeng.

He spoke at the same time.

“We’re here today to officially inform President Qiao that Miss Qiao Yuanfei has already informed the other shareholders of the Qiao Corporation that as the first shareholder, a shareholders’ meeting will be held to re-elect the CEO of the Qiao Corporation.”

“...”

The sudden change of events caused the expressions of everyone present to change.

Xie Yun was the first to lose his cool.

“Nonsense! She’s an orphan. Where did she get so much money? This share certificate must be fake. You guys colluded together and thought that you could scare people with just a show? Let me tell you, this is the Qiao family. Our Qiao family also has lawyers!”

After Xie Yun said this, Qiao Fangfeng also reacted and gestured for his lawyer to come forward.

He checked the share certificate in front of him.

“Yes.”

The Qiao family’s lawyer picked up the share certificate and read it carefully.

In the end, his gaze changed.

“President Qiao, Mrs. Qiao, this share certificate is real. Miss Qiao Yuanfei is indeed the number one shareholder of the Qiao Corporation!”

There was a boom.

Like a clap of thunder, it exploded in everyone’s ears.

“Look carefully. If you can’t see it, you can find someone more professional to look at it!” Xie Yun stepped forward, snatched the share certificate from the lawyer’s hand, and berated.

“Mrs. Qiao, no matter how many people you find to look at it, the result will be the same.”

The lawyer said helplessly.

Although he was also surprised, he did not participate in the Qiao family’s matters.

He was only a lawyer, and was only responsible for telling the truth.

The truth was that the current number one shareholder of the Qiao Corporation was already Qiao Yuanfei.

She had the right to reconvene the shareholders' meeting and choose a new CEO.

Even if Qiao Fangfeng was the second largest shareholder, he could not stop it.

Qiao Yuanfei heard the lawyer's words and walked forward.

"Originally, I could barely acquire 20% of the individual shares of the Qiao Corporation. I still have to thank uncle for that 15% of the shares, allowing me to have a chance to become the first shareholder of the Qiao Corporation."

Killing the heart.

She had been waiting for this day for many years.

It was time to let Qiao Fangfeng have a taste of the feeling of shooting himself in the foot.

Qiao Fangfeng had roamed the business world for half his life. When had he ever been mocked by a junior like this.

His face immediately turned ashen.

"Do you think you've won just like that? "Let me tell you, you don't have any management experience. If the Qiao Corporation falls into your hands, you won't be able to manage it well. There are also those who have been working with the Qiao family for a long time. They only acknowledge me. As long as I spread the word..."

"Uncle, have you heard of the name Fay?" Qiao Yuanfei opened her mouth faintly and interrupted him.

"What? What Fay?" Qiao Fangfeng was stunned.

When he realized who she was talking about, he took a deep breath.

"What do you mean? Fay is the most outstanding trader in the Financial Street. How many business giants want to hire her? How could she be interested in a small business like the Qiao Family!"

Qiao Fangfeng thought Qiao Yuanfei was crazy at the end.

Qiao Fangfeng was not the only one. Everyone present thought Qiao Yuanfei was crazy.

Fay was a figure on the altar. How could she be related to a timid person like Qiao Yuanfei?

Chapter 1925: Take over the Qiao family! (1)

Fay.

Fei.

The connection between these two names suddenly flashed through Qiao Fangfeng's mind.

His eyes instantly widened as he stared in shock at Qiao Yuanfei who was standing in front of him.

Impossible..

He must be overthinking things..

How could the trader whose name shook the Financial Street Be Qiao Yuanfei?

She was just a piece of trash who almost couldn't even complete her studies!

But if all of this was an act, then her goal from the very beginning was..

"Who exactly are you? What do you want to Do? !"

Qiao Fangfeng's voice began to tremble.

Seeing that he had guessed it, Qiao Yuanfei deliberately didn't walk forward and placed one hand on Qiao Fangfeng's armrest.

She smiled sweetly.

"Uncle, don't you want to know how I bought the Qiao Corporation's shares step by step, and how I set up the Qiao family's crisis so that he had no choice but to transfer the Qiao Corporation's shares to me to quell this storm..."

Qiao Yuanfei opened her mouth slowly, as if she was deliberately provoking Qiao Fangfeng, and spoke very slowly.

She methodically told him all her plans after she returned to the country.

"I have an unremarkable position in the Qiao Corporation so that any of you can bully me. This is only the first step. My real goal is to quietly buy the floating scattered shares in the stock market."

"Of course, that's not enough. The Qiao family has absolute control over the Qiao Corporation. Even if I buy all the stocks in the stock market, I won't be able to compete with you, uncle. So, there's a more crucial point..."

That was to get enough shares in the company from Qiao Fangfeng!

The idea was very simple, but it was almost impossible in reality.

Qiao Fangfeng was suspicious.

He didn't even trust his own son, let alone an adopted daughter like her.

Qiao yuanfei thought of many ways, but in the end, she rejected them all.

Until Qiao Fangfeng fell ill..

The moment she heard the news, she knew that an opportunity had come.

The doctor was helpless against Qiao Fangfeng's illness. He tried many ways, but his illness continued to worsen.

Qiao yuanfei went to Qi Yan to ask for medicine in order to gain his trust so that she could pave the way for the next step.

Everything that had happened was within her expectations. If she had to say that it was an accident, it would be Xiao Liuliu's liking for her and Fan Yu's appearance..

“Speaking of which, I still have to thank uncle for trusting me so much. He was willing to transfer his shares to my name to fulfill my plan.”

After Qiao Yuanfei finished speaking, Qiao Fangfeng’s expression turned extremely ugly.

“As for the management of the company, uncle doesn’t have to worry about it. I’ve already informed all the shareholders in the name of Fay. I believe that all the shareholders will not reject my good intentions after receiving the notification. After all, compared to uncle, they should have more faith in my ability to manage the company. What do you think?”

Qiao Fangfeng:” ...”

Qiao Fangfeng was completely speechless.

He had always sensed that there seemed to be someone secretly purchasing the Qiao Corporation’s scattered shares. It was just that his personal control was high enough, and the Qiao family had absolute authority over the management of the company.

Therefore, he did not take it to heart at all.

Moreover, he had gotten someone to investigate, and the people who purchased those scattered shares in the stock market were not the same person.

Never in his wildest dreams did he expect that someone would really come after the Qiao family.

The person behind the scenes was a big shot that he could not even think of — Fay!

Or rather, Qiao Yuanfei!

“I’m your uncle. I’ve watched you grow up since you were young. Even if your aunt treats you badly, I think I treat you well. Why did you do this?”

Qiao Fangfeng did not give up and asked.

Chapter 1926: Take over the Qiao family! (2)

It would have been fine if he hadn’t mentioned it, but the moment he did, Qiao Yuanfei’s eyes instantly turned cold and malicious.

“You Treat Me Well?”

She smiled coldly.

She took a medical report from the lawyer and threw it at Qiao Fangfeng’s face.

It was a medical report.

To be precise, it was a paternity test.

It was the paternity test of the deceased President Qiao and Qiao Yuanfei.

“I was still wondering if you had anything to do with my parents’ death, until the lawyer gave me this report... and the accidental investigation report!”

Qiao Yuanfei's eyes became furious.

She wished she could strangle Qiao Fangfeng with her own hands.

"My parents didn't die by accident, they were killed by you! You set up my parents to die, and then worked together with the appraisal doctors to create a fake paternity test to tell everyone that I'm not my parents' biological daughter. That way, I can officially inherit the Qiao Corporation."

When the incident happened, she was still too young.

She was so young that she couldn't do anything.

She didn't even recover from the pain of losing her parents. Qiao Fangfeng and his wife had already labeled her as an "Adopted daughter."

She had lost all her inheritance rights.

What was worse was that Qiao Fangfeng had even used the name of charity to pretend in front of the media that he wanted to continue adopting her, not letting his elder brother and sister-in-law leave with regret..

For a very long time, she had really thought that she was an orphan whose parents were unknown.

It was not until the royal lawyer who had followed her father to find her with the will and the paternity test that he personally told her the truth of everything.

She was still young at that time, but she would never forget the pity in those eyes that were filled with vicissitudes of life as they gazed at her.

He told her over and over again.

"Child, you are still young. Don't be in a hurry to take revenge. If you can't find evidence of their crimes, then let yourself become stronger. With your strength, you can take back everything that should belong to you."

Qiao Fangfeng was vicious and suspicious.

He was willing to keep her because of the public opinion. If they found out that she was a potential threat, they would definitely think of a way to get rid of her.

After Qiao Yuanfei found out the truth about this, she began to be on guard.

Therefore, in the Qiao family, she had always been submissive.

Her academic results were not outstanding.

She was timid, had low self-esteem, and did not like to communicate with others.

She would lock herself in her room whenever she had nothing to do, like a coward.

As time passed, Qiao Fangfeng gradually became kind to her when he saw that she would not be able to achieve anything.

Occasionally, when Xie Yun scolded her harshly, Qiao Fangfeng would always protect her.

One would play the good cop, while the other would play the bad cop.

However, under their surveillance, Qiao Yuanfei could not do anything at all.

When she heard that Qiao Yuanxi wanted to apply to study abroad, she took the opportunity to offer to go out and take a look.

Just like that, she broke away from Qiao Fangfeng's control with great difficulty.

When she went abroad, Qiao Yuanfei began to study with all her might.

However, every time she took an exam, the result sheet would always say that she had failed..

Later on, she began to study finance..

While it was widely rumored in the country that she was an incompetent fool who could not even be compared to a single finger of Qiao Yuanxi, she had already begun to struggle on the financial street.

Step by step, she began to plan how to return to the country, how to take back from Qiao Fangfeng everything that belonged to her parents, everything that belonged to her..

Let the bad people receive the punishment they deserved!

"What nonsense are you talking about? What paternity test? It's all nonsense!"

Chapter 1927: Take over the Qiao family! (3)

Qiao Fangfeng looked at the thing in front of him as if he had seen a ghost. He stretched out his hand and opened it.

Then, he realized that his reaction was too intense. He took a deep breath.

"Feifei, who was the one who spouted nonsense in front of you and said these things that weren't True? How could I possibly kill my own brother and abuse my adopted niece!"

"Adopted niece?" "Since uncle thinks that this paternity test is fake, do you dare to do a paternity test with me?" "The most advanced medical technology in modern times can not only identify biological parents, but also close relatives. Let's see whether I am your adopted niece or your biological niece!"

Qiao Yuanfei's smile did not reach her eyes as she spoke sarcastically.

Qiao Fangfeng's face turned pale.

Xie Yun did not dare to reply.

On the other hand, Qiao Yuanchuan and Qiao Yuanxi were not in the situation. When they heard Qiao Yuanfei's words, Qiao Yuanchuan was the first to rush forward.

"Dad, we have not done it, there is no need to be afraid of her. Since she does not believe that she is an adopted child, you can do a paternity test with her. As long as you can prove that she is not related to the Qiao family at all, you can prove that she is not a child of the Qiao family at all. She has nothing to do with the Qiao family at all!"

Qiao Yuanchuan had feelings for Qiao Yuanfei because he had always been certain that she was not related to him by blood.

Now that he suddenly found out that they might be biological cousins, he was as shocked as anyone else.

“Dad, brother is right. If she wants to do it, we’ll do it with her. Once she’s proven that she’s not a child of the Qiao family, we’ll see how she’ll have the face to come and snatch the Qiao family’s assets!”

Qiao Yuanxi also added fuel to the fire.

“Both of you, shut up!” Xie Yun reprimanded them in frustration.

The two idiots.

They could not understand the situation, yet they were still making a ruckus.

“Mom, why are you saying such things? Could it be that Qiao Yuanfei is really eldest uncle’s biological daughter, the legitimate successor of the Qiao Corporation? Then the death of eldest uncle and eldest aunt that she mentioned just now...”

“Shut up! Don’t say anymore!”

Xie Yun tugged at the incessant Qiao Yuanchuan.

Qiao Yuanchuan was already an adult, not a child.

How could she hold him back.

The reason why he could be so arrogant in front of Qiao Yuanfei was because he felt that the Qiao family had adopted her and was her benefactor. Qiao Yuanfei should be grateful to them and be obedient to him.

He did not expect..

That she was his biological cousin.

And the successor of the Qiao Corporation.

So, the truly shameless people were his parents?

Not only did the Qiao family not owe Qiao Yuanfei a favor, they also had enmity..

Qiao Yuanchuan was still young after all. He could not accept such a message at once and fell onto the sofa.

Xie Yun quickly held him up.

“Yuanchuan, what’s wrong? Don’t scare mom like that. Your Uncle’s death had nothing to do with your father, and we didn’t do anything to Qiao Yuanfei. Don’t listen to her nonsense!”

“Then what she said...”

“She was just a child back then, what could she understand? All these years, if it weren’t for your father, would the Qiao Corporation have the scale it has today? All of this is what your father deserves, it has nothing to do with anyone!”

Xie Yun glared at Qiao Yuanfei and said through gritted teeth.

“If I knew you were a scourge, I wouldn’t have kept you alive back then!”

“You really shouldn’t have killed my parents and kept me alive.”

Qiao Yuanfei said faintly and stood up straight.

She looked down at the people in the living room with different expressions. The smile on her lips was so cold that it made people tremble.

“I’m not dead, but your death is not far away.”

Chapter 1928: Take over the Qiao family! (4)

She had been waiting for this day for a long time.

At first, she was still obsessed with collecting evidence of Qiao Fangfeng’s crime.

She wanted to investigate the cause of death of her parents that year.

Later, she understood.

At that time, the people who handled the case were all Qiao Fangfeng’s people.

There was no evidence left behind.

If she wanted to reopen the old case, she couldn’t find any evidence.

All she could do was take back everything that belonged to her and use her methods to punish these bad guys!

Since their evil intentions originated from coveting the Qiao family’s property, she would let them watch helplessly as she took it away from them bit by bit..

Watching them struggle and suffer!

Qiao yuanfei turned her head to glance at the lawyer, who immediately understood.

He took a step forward.

“President Qiao, this is the invitation letter to the shareholders’ meeting. I hope you can attend on time. However, even if you don’t attend, the new CEO will be successfully selected. In addition, regarding all the accounts of the Qiao Corporation during your term of office, the new CEO will conduct a check after taking office. I hope you can actively cooperate.”

“What do you mean? Are you suspecting that the accounts I handled were faked? What a joke!”

Qiao Fangfeng was so agitated that he almost fainted.

Public Audit, wasn’t this a slap to his face?

Qiao enterprise was his company!

Could it be that he could faked it for himself?

“Follow the rules. Whether it’s really as innocent as president Qiao said, we’ll know after we investigate.”

The lawyer’s expression didn’t change as he continued.

“There’s another more important matter. Since president Qiao isn’t going to be the CEO of Qiao Enterprise Soon, I’ll have to trouble you to vacate the president’s office as soon as possible and let the new president move in.”

Hearing this, Qiao Fangfeng couldn’t hold it in any longer and collapsed onto the sofa.

“Don’t go too far! Even if my husband isn’t the CEO, he’s still the second largest shareholder of the Qiao Corporation...”

Xie Yun was hopping mad, but the lawyer didn’t even look at her.

He turned sideways to report to Qiao Yuanfei.

Xie Yun almost fainted from anger.

Among all of them, only Qiao Yuanxi, who hadn’t regained his senses, looked more normal.

However, she did not look normal at all, as if she had been scared silly.

She had not expected that Qiao yuanfei, who had been bullied by her all this while, would suddenly turn into a different person and trample every single member of the Qiao family under her feet.

She held her breath and pointed at Qiao Yuanfei and the lawyer she had brought with her.

“Are all of you done talking? If all of you are done talking, then get the hell out of the Qiao family. You are not welcome here!”

“The Qiao Family?”

Qiao yuanfei smiled like a flower.

Since when was the Qiao family not her home? She had become the only outsider here?

This was the place where she had lived with her parents since she was young. It was her home!

“If you didn’t tell me, I would have forgotten. Other than the Qiao Corporation, this villa was also left behind by my parents. It has nothing to do with you guys at all...”

“What do you mean? You Want Us to move out? Dream On!”

Xie Yun and Qiao Yuanxi were like cats whose tails had been stepped on at the same time, their hair standing on end.

“It’s fine if you don’t want to move out, but I still have quite a number of reporters’ contact details. If I call the reporters now and tell them the story from before, and ask them to be my witnesses to do a paternity test with uncle and take back the inheritance rights that belong to me...”

Qiao yuanfei paused and glanced at Xie Yun and Qiao Yuanxi who didn’t dare to make a sound.

A trace of coldness flashed across her eyes.

With both hands on the coffee table, she bent down slightly and enunciated each word.

“If you don’t want to pack up and leave, you have to learn to lower your head and behave yourself. From today onwards, the Qiao family will be under my control. If anyone dares to make me unhappy...”

Chapter 1929: Take over the Qiao family! (5)

Qiao Yuanxi was only halfway through her sentence when the few people in the living room were all ashen-faced.

Qiao Yuanxi wanted to say something unwillingly, but Xie Yun quickly pulled her back to stop her from speaking nonsense.

“Mom, this villa is our home. Could it be that she can really chase our entire family away?”

Qiao Yuanxi asked in disbelief.

Xie Yun did not answer her. She only turned to look at Qiao Fangfeng.

Qiao Yuanxi was not afraid of anyone but her own father.

Seeing that Qiao Fangfeng did not dare to challenge Qiao yuanfei, she was like a deflated ball.

“Since everyone has no objections, I will first explain my rules to everyone.”

Qiao Yuanfei turned around and walked upstairs. When she reached the staircase, her footsteps stopped.

She turned around and looked at the few people in the living room.

“From today onwards, no one is allowed to enter my room. No one is allowed to disturb me while I’m sleeping. Also, I want to use the study on the second floor. Empty it out for me... if anyone dares to provoke me, I will immediately chase them out!”

“...”

Qiao Yuanfei quickly went upstairs. Other than the lawyer, no one dared to follow her.

Knock, Knock

“Miss Qiao, it’s me.” The lawyer’s voice sounded from outside the door.

“Come in.”

Qiao Yuanfei turned her head and saw the lawyer who came in from outside the door. She motioned for him to sit on the sofa and poured him a glass of water.

“Miss Qiao, you’re too polite!”The lawyer was so scared that he hurriedly stood up.

Qiao Yuanfei didn’t say anything. She put down the glass of water and sat opposite the lawyer.

“What do you think of the current situation? If I want to get back the property my parents left me, how confident are you?”

“This...”

A hint of hesitation flashed across the lawyer’s face, but in the end, he still told her the truth.

“Miss Qiao, according to the evidence we have now, even if you can prove through a paternity test that you are indeed the child of the Qiao family, the will in your hand can not prove that President Qiao left all of the Qiao family’s property to you. After all, that will has been passed down for too many years. At that time, the lawyer who made the will, including a few witnesses, were already gone. If Qiao Fangfeng seized this point to defend himself, it would be difficult for us to come up with stronger evidence.”

“...”

“In addition, when your parents passed away, you were still young. Even if the court ruled that the Qiao Corporation belonged to you, you still needed your guardian to manage it on your behalf. All these years, you didn’t participate in the development of the Qiao Corporation. From this aspect, I’m afraid it will be very difficult for us to obtain the complete inheritance right.”

Not only would it be very difficult, but it would also be very easy for Qiao Fangfeng to seize the loophole and bite back.

“I understand what you mean.”

Qiao Yuanfei had long guessed this outcome, but her expression did not change much.

If it was not for the lack of evidence, she would not have waited until now.

Since there was no way to protect what belonged to her through the right of inheritance, then she would use her strength to get it back!

As for the Qiao family villa..

This was her home, the place where she had lived since she was young. Initially, she did not want to see the murderers who killed her parents in this place.

But now, her thoughts were different.

The Qiao family had already changed people to make the decisions. Now that Qiao Fangfeng and his family were living under her nose, Xie Yun and Qiao Yuanxi would probably not be able to sleep or eat in peace.

It was also time for them to experience the feeling of living under someone else’s roof!

“Miss Qiao, I’m afraid that Qiao Fangfeng will be able to see through the situation that I’ve just analyzed with you. When that time comes, he might not continue to stay in the Qiao family’s villa. Then your plan...”

Chapter 1930: Take over the Qiao family! (6)

The lawyer wanted to say something, but stopped himself.

Qiao yuanfei smiled. "He won't move away because he knows very well that if he really moves away from here, it's equivalent to admitting to the fact that he killed my parents."

Qiao Fangfeng had been portraying the image of a "Great benefactor" to the outside world.

At that time, he knew that keeping her was equivalent to leaving a future trouble behind. Due to the public opinion, he did not take the opportunity to send her to a place where no one was around or to eradicate the root of the problem.

It was enough to show that he greatly valued the comments from the outside world.

How could he be willing to suddenly move out of the Qiao family's villa when the Qiao Corporation's stock price had just recovered.

This was not the same as telling everyone that there was a problem with the Qiao family.

The reporters were not easy to deal with.

If one could not dig out anything, there would always be someone who could dig out the inside story.

Moreover, there was Qiao Yuanfei.

Once she angered her, she would voice her suspicions in front of the reporters. No matter what happened in the case back then, all kinds of guesses would come out.

The reputation that Qiao Fangfeng cared about the most was also ruined.

Because of this, Qiao Fangfeng would not easily move out of the Qiao family's villa now.

"Then what Miss Qiao means is that we still have to continue investigating?"

"Of course, I won't let go of the murderer who killed my parents easily. No matter how much time has passed since that incident, there will definitely be traces left behind. In the past, I didn't have access to the core information of the Qiao family and the Qiao Corporation, so I wasn't able to investigate further. But things are different now."

Qiao yuanfei narrowed her eyes, and a faint light flashed across her eyes.

Now that she was the number one shareholder of the Qiao Corporation, Qiao Fangfeng had always been proud of his connections in the business world.

But connections were a double-edged sword.

To be able to protect a person, it was also very easy to expose a person.

Back then, Qiao Fangfeng was able to silently suppress all the negative news, so there was definitely someone behind it.

As long as she continued to investigate one by one, sooner or later, she would find the person she was looking for..

Qiao Yuanfei took a deep breath.

“You should go back first. I have hired bodyguards in the courtyard. The Qiao family won’t dare to do anything to me,” Qiao Yuanfei said.

The lawyer nodded and left.

The room became empty, and the air gradually became cold.

Qiao Yuanfei sat alone on the sofa, looking around at her surroundings.

This was the place where she had lived since she was young. But for some reason, looking at it now, she no longer felt the same as before.

Everything in front of her was so unfamiliar.

There was no sense of belonging at all..

The words “Sense of belonging” flashed through her mind, and Fan Yu’s face suddenly flashed before her eyes.

There was also little six-six’s mischievous little appearance.

Even Little Tang Bao, who was still in his swaddling clothes, could easily touch her heart.

Qiao Yuanfei shook her head, not allowing herself to continue to let her imagination run wild.

She picked up her phone to call the baby, but the phone was turned off.

The little guy was usually waiting for her call at this time, why was it turned off today?

Qiao Yuanfei couldn’t help but feel a little worried, so she called her friend who was taking care of him.

The reply she received was that the baby played with his phone late last night, and she didn’t know who he was talking to. He seemed to be very happy and hadn’t woken up yet.

Qiao Yuanfei was worried, so she asked a few more questions.

However, the friend who took care of the baby couldn’t explain it clearly. He only knew that the other party was a woman and seemed to be very rich. She didn’t seem like a bad person.

Moreover, the baby was smart. Even if he was really cheated, he was still the one who cheated others..
