

My Life 1931

### **Chapter 1931: Take over the Qiao family! (7)**

Qiao Yuanfei Thought for a moment and confirmed that this was indeed the case.

After hanging up the phone, she was still a little worried and sent a message to her baby.

She lay on the bed in exhaustion.

—

The next day.

In a private villa.

“The number you have dialed is switched off. Please try again later...”

Fan Yu stared at the name on his phone and made sure that he had not dialed the wrong number. His brows furrowed.

She had disappeared for a day and a night, and now her phone was still switched off. What was going on?

“Butler, give the Qiao family a call.”

Fan Yu’s gaze drifted to the butler who was passing by.

The Butler had been caught at the last minute.

He was still holding a cup of coffee that he had not put down in time.

He could not help but remind him.

“Young master fan, when Miss Qiao left yesterday, you said that you would not worry about her.”

“...”

“Isn’t it too obvious to take the initiative to make a phone call now? If that’s the case, I’m afraid that Miss Qiao will feel the surprise that you’ve prepared before you can send it out.”

“... is it very obvious?”

Fan Yu’s movements paused, and his warm eyes swept towards the butler.

The Butler felt a chill down his spine. His desire to live made him choose to lie.

“Actually... it’s not that obvious... just a little...”

“...”

Fan Yu could tell.

The handsome figure froze in front of the sofa, as if hesitating whether to make the call or not.

“Where’s Xiao Liuliu?”

Letting Xiao Liuliu make the call was the most perfect idea that flashed through Fan Yu's mind.

The butler said, "Young Master Fan, did you forget that when Miss Shangxin came to pick up Little Tang Bao yesterday, she also picked up little miss and said that she would bring her back later today."

Fan Yu: "..."

His attention was entirely on Qiao Yuanfei and he had indeed forgotten about Xiao Liuliu being picked up.

Everything was fine now.

Xiao Liuliu was not around.

He could not call her.

Should he just pretend that Qiao Yuanfei was not around?

Did she turn a deaf ear to everything he had said to her yesterday?

She had disappeared for a day and a night without saying goodbye to him and her phone was still switched off.

Fan Yu was just about to call his assistant to ask him about the Qiao family's situation.

Before he could make the call, his assistant had already appeared at the entrance of the Villa's living room.

"Young master fan, I've just received news that the Qiao Corporation is holding a shareholders' meeting today and has a new CEO!"

The moment the assistant arrived, he brought a piece of important news.

Fan Yu's eyes changed slightly.

He did not care about the Qiao Corporation, but Qiao Yuanfei had just returned to the Qiao family when the Qiao Corporation had an accident.

How was she now?

"According to what I know, the Qiao Corporation is considered a family business. The Qiao family has a very high share of the shares. It's almost impossible for an average person to get the management rights. Did Qiao Fangfeng Pass the position of President to Qiao Yuanchuan?"

This was fan Yu's subconscious guess.

But looking at the assistant's expression, he knew that things were not that simple.

A strange feeling suddenly flashed through his heart.

"Who is the new CEO?"

Fan Yu's voice sank.

The assistant nervously raised his hand to wipe the thin sweat on his forehead.

After a long while, he finally said the name that had been circling around his mouth a few hundred times.

“Fan, young master fan, it’s Miss Qiao. Miss Qiao has become the new CEO of the Qiao Corporation. Moreover, there are rumors that she is the Fay who once shook the financial street and disappeared overnight.”

“...”

Fan Yu’s pupils constricted.

The Guess in his heart was confirmed, and the expression on his face became obscure and unpredictable.

“Young master fan, although this news has just spread, the reporters should have received the news very soon. I don’t know if Miss Qiao will be able to handle it. Should we...”

### **Chapter 1932: Take over the Qiao family! (8)**

The assistant paused mid-sentence.

Qiao Yuanfei had suddenly become the new CEO of the Qiao Corporation without any warning.

This meant that fan Yu didn’t know either.

And if Qiao Yuanfei was really that genius trader Fay, today’s situation was probably within her predictions. Why would she be unable to deal with a few reporters in a fluster, what if she needed their help?

On the other hand, young master fan’s expression..

Didn’t look too good.

The assistant rubbed his nose, hesitating whether he should find an excuse to leave first.

“Where is she now?”

Fan Yu’s thin lips parted slightly, and his voice turned cold.

The assistant said, “The headquarters of the Qiao Corporation. The shareholders’ meeting has just ended. Miss Qiao has been elected as the CEO by a unanimous vote. She should be inspecting various departments now.”

“Prepare the car. Let’s go take a look.”

Fan Yu reached out to pick up his coat from the sofa and walked out of the door.

“Young master fan...”

The assistant was stunned for a few seconds before he came back to his senses and hurriedly chased after him.

The distance from Fan Yu’s private villa to the Qiao’s Corporation was neither too long nor too short.

The person driving the car was the assistant.

Fan Yu sat in the back seat of the car with his phone in his hand. His warm eyes were staring at the phone screen without blinking.

There was a sudden change in the Qiao Corporation. The news of the new CEO taking over had already spread on the internet.

There were overwhelming reports about “Qiao Corporation,” “Mysterious new CEO,” “Genius Girl Fay,” “Qiao Yuanfei,” and so on. Under such keywords, there was a pile of news.

Fan Yu read through the articles one by one.

Until he flipped to the public relations draft that the Qiao Corporation had sent out.

It was announced that the president of the company would be Qiao Yuanfei, the eldest daughter of the Qiao family, and that she would immediately take over all the matters of the company..

At the back was a photo of Qiao Yuanfei’s image.

Clean and capable.

She was the same beauty, but there was no cowardice in her eyes. There was only the aura of a businesswoman.

There was also that powerful aura that could be felt through the photo.

The aura that belonged to Fay.

His fingers paused slightly.

His eyes seemed to be stung by something. He reached out to switch off his phone and threw it to the side.

“Young master fan, we haven’t arrived at the Qiao Corporation yet.”

The assistant was suddenly glared at and reported nervously.

“...”

Fan Yu did not say anything. He just closed his eyes to take a nap.

The car drove steadily on the road.

In his mind, the first time he saw Qiao Yuanfei in the hospital kept flashing through his mind.

She was full of vigor at that time.

Although she was a little rude and sneaky, at least her face would make people wary.

When did he start to let down his guard against her.

Allowing her to enter his life bit by bit?

He was so conceited that he thought that he had seen the real her.

Even if he had suspicions in his heart, he was willing to let her keep his little secret.

He had even deliberately reminded her that if she wanted to deal with the Qiao family, he could help her..

But it was only until today that he realized that in her heart, she had never trusted anyone at all.

“Swish –”

The car stopped.

The assistant said, “Young master fan, we’re here. However, there seem to be reporters in front of us. If we alight now, I’m afraid that the reporters will see us.”

“...”

Fan Yu snapped out of his thoughts and opened his eyes.

Circles of reporters surrounded the entrance of the Qiao’s Corporation.

Before fan yu could alight from the car, there was a commotion at the front of the crowd.

Someone shouted.

“New President Qiao is coming out –”

Along with this exclamation, Qiao Yuanfei’s figure appeared at the entrance of the Qiao Corporation!

### **Chapter 1933: Take over the Qiao family! (9)**

She was dressed in a white lady’s suit, which made her fair face look even more charming.

Her long hair was tied up and tied at the back of her head, which made her look less charming and more capable.

She was wearing makeup, which made her look very professional.

She stood in front of many reporters, and her strong aura made the people around her quiet down unconsciously, giving her enough space..

Everyone’s gaze was focused on her.

Including fan Yu, who didn’t have time to get out of the car.

He sat in the car, his burning gaze staring at Qiao yuanfei, who was standing at the entrance of the Qiao Corporation. His eyes seemed to be burning with two balls of fire.

Qiao yuanfei seemed to have sensed his presence even though there were so many people around her, so she subconsciously turned her head to look around.

Until the assistant beside her reminded her.

“Young President Qiao, the reporters are all looking at you, waiting for you to tell them about the next arrangements of the Qiao Corporation.”

“...”

Qiao yuanfei retracted her gaze. There was still a trace of restlessness in her heart that she could not suppress.

For some reason, she felt that someone was looking at her.

And it felt very familiar..

Like Fan Yu.

But why was he here?

Qiao yuanfei looked around but did not see him. Her eyes became calm.

She must have been hallucinating.

Qiao Yuanfei looked away and coughed twice. She met the eyes of all the reporters.

She raised her professional smile and opened her mouth calmly.

“I know that everyone has a lot of questions. There’s no need to be anxious. We have enough time to answer everyone’s questions one by one...”

As soon as she finished speaking, the surrounding reporters immediately became excited.

“Miss Qiao, may I ask what happened when the president of the Qiao’s Corporation suddenly changed?”

“President Qiao has his own children. Why would he suddenly give up the position of President to You?”

“The rumors outside say that you were the genius trader Fay who shocked the financial street back then. May I ask if that’s true?”

“Is this related to the sudden change in the Qiao Corporation?”

“What do you think next? Will the changes in the development of the Qiao Corporation be very different from before?”

“...”

The reporters kept asking questions.

Qiao Yuanfei didn’t have time to answer before another question appeared.

She kept smiling as she listened to the questions raised by the people around her.

When the reporters had finished asking their questions, they all quieted down when they could not get an answer.

“First of all, I want to tell everyone that the shareholders’ meeting of the Qiao’s Corporation has just ended. It is the unanimous decision of the board of directors that I take over as the CEO of the company.”

Qiao yuanfei opened her mouth slowly.

Her clear voice was neither servile nor overbearing.

“As for the other question that everyone is concerned about, whether I am Fay or not, I want to save it for the future and use the results of the Qiao’s Corporation to tell everyone.”

She did not answer every question, but it was as if she had answered them all.

Her concise language and her calm and experienced way of handling things, even the reporters could not find any mistakes.

When the assistant saw that the situation had stabilized and that the reporters had something to write about, he immediately stepped forward and spoke in an eye-catching manner.

“Alright, our president Xiao Qiao has just taken office. There is still a lot of work to be done. Thank you for your concern. Today’s interview will end here for the time being!”

“Miss Qiao...”

“President Xiao Qiao...”

A few reporters wanted to ask more questions, but bodyguards had already come forward to escort them out.

In front of the Qiao Corporation’s office building, there were fewer people.

Only a few reporters who were unwilling to give up were quickly cleaned up by the bodyguards.

Qiao yuanfei reminded them not to hurt anyone.

Just as she was about to turn around and return to the office, she suddenly felt a familiar gaze looking at her.

### **Chapter 1934: Take over the Qiao family! (10)**

She suddenly stopped in her tracks and slowly turned around..

Just below the stairs of the office building, near the side of the road, a black luxury car was parked quietly by the side of the road.

The car door was open.

Fan Yu’s handsome figure stood outside the car door.

He held the car door with one hand and looked at her with a profound gaze.

“Pa!”.

Her heart seemed to skip a beat.

Realizing that the person in front of her was not an illusion, her body gradually became stiff.

She stood rooted to the ground and watched as he closed the car door and walked towards her step by step.

It was clearly not a high step, but every step he took seemed to step on the tip of her heart.

Every time he walked up a step, the thought of escaping in her heart grew stronger.

In the end, her hands silently clenched into fists..

She stared blankly at Fan Yu who was standing in front of her.

She moved her lips and wanted to say many things, but in the end, she could not say a single word.

The assistant beside her reminded her that it was time to go up to the meeting.

She did not move.

From the moment she saw fan yu appear, her mind had completely lost the ability to think.

Fan Yu did not let her speak either. He simply and roughly grabbed her wrist, held her hand, and turned around to leave.

There were still reporters around who had not been able to disperse in time. When they saw this scene, they saw that they were about to charge forward again.

The assistant originally wanted to remind Qiao yuanfei that the meeting in a while was very important and she could not miss it. In the end, she could only turn her head and call the bodyguards to stop the reporters.

Then, he anxiously shouted at Qiao Yuanfei.

“President Qiao, today is my first day as your assistant. I don’t want to be fired. You have to come back early!”

“...”

The only response he got was the sound of Fan Yu stuffing Qiao yuanfei into the car and closing the car door.

Even the assistant beside Fan Yu was chased out of the car.

The person driving the car was fan Yu.

He grabbed the steering wheel with one hand and put the other in gear. He stepped on the accelerator and the entire car shot out like an arrow.

Qiao yuanfei fell forward and grabbed the seatbelt with all her might. Her face was pale.

She turned to look at Fan Yu in surprise.

There was no expression on his handsome face.

Only his gentle eyes were deep and deep like an abyss. If one took another look, they would be doomed.

Qiao yuanfei tried to speak a few times, but she couldn’t find the opportunity.

Every time she wanted to speak, Fan Yu would suddenly accelerate.

The car drove faster and faster.

Qiao yuanfei gripped the seatbelt tightly with both hands. She gritted her teeth and couldn't help but scream.

“Swish –”

The car came to a sudden stop. Without any hesitation, she unbuckled the seatbelt, pushed open the door and rushed out.

Pressing her chest, she rushed to the green belt by the side of the road and retched.

Before she could recover, Fan Yu had already walked behind her.

He carried her in his arms and walked towards the villa.

She was so scared that she grabbed his arm, afraid that he would throw her into the trash can by the door in a fit of anger.

When she safely passed the trash can, she secretly heaved a sigh of relief.

She began to worry again whether he would throw her into the fish pond in the courtyard.

She remembered that he had threatened her a few days ago. He had a new pond of fish. If she did not listen to him, he would throw her into the fish pond to feed the fish.

When they passed by the fish pond and she was still safely in his arms, Qiao Yuanfei finally realized that he seemed to be really angry.

The kind that could not be coaxed well.

Before she could think of how to explain to him what had happened today, Fan Yu had already carried her upstairs.

He kicked open the master bedroom door and strode towards the only bed in the room!

### **Chapter 1935: I'm trying to coax you 1**

“Bang –”

When Qiao Yuanfei was thrown onto the bed, her entire body rolled around.

Before she could recover from her dizziness, Fan Yu had already bent over and grabbed her collar to help her take off her clothes.

First, it was her suit jacket, then her shirt..

It was as if he had a grudge against her clothes. There was no ambiguity in his eyes, only anger.

Qiao Yuanfei's heart skipped a beat when she saw this.

She did not even dare to resist. She only weakly grabbed her collar, but in the end, she did not manage to grab it. Her collar was still torn open by fan Yu.

The chill that came from her chest made her involuntarily shiver.

She widened her innocent eyes and stared at him.

“You took off my clothes. Are you trying to take advantage of me?”

“...”

Fan Yu’s hand paused, and he raised his head to look at her.

He then looked at the coat and shirt in his hand, as well as Qiao yuanfei, who was half lying on the bed with her clothes disheveled.

Her wrist and collar, as well as the red marks that he had left behind just now.

From the looks of the situation now, he looked like a hooligan who was bullying a weak woman who was powerless.

It was no wonder that she would ask him in such a fearful tone.

Fan Yu narrowed his eyes and stood up from the bed.

He loosened his hand and threw all his clothes into the trash bin at the side in disgust.

Those who did not know better would think that her lady suit had offended him.

Qiao yuanfei had no clothes to wear, so she could only stretch out her hand to roll up the blanket and cover her chest.

Seeing that Fan Yu’s temper had become irritable, she hesitated for a moment as if she had realized something and asked softly.

“You don’t like me wearing a suit? Then I won’t wear it in the future...”

Before she could finish her sentence, Fan Yu had already turned around and glanced at her, a cold smile on his lips.

Did she not know what he cared about?

A hint of anger appeared in Fan Yu’s gentle eyes.

He walked up to her and reached out to pinch her chin.

“How Long Do You Want to Act? Take Down Qiao Fangfeng, take back the Qiao Corporation, and become the new President Qiao. Everything has already gone according to your wishes. Qiao yuanfei, you don’t have to pretend to be humble in front of me anymore. You’re so pitiful.”

Fan Yu laughed self-deprecatingly.

“Perhaps, I should call you Fay.”

He had once asked her.

She denied it flatly. The image of her being nervous and scared was still vivid in her mind.

Today, in front of so many reporters, she had already dealt with it with ease. She was like a completely different person.

What did she take him for?

Was the initial approach a coincidence or a use?

She was trembling in front of him like she was treading on thin ice. What was she afraid of?

Was she afraid that he would use his power to destroy her plans, or did she not trust him at all?

If he had not seen her say those words in front of the reporters with his own eyes, he would still be unable to believe it.

That person who looked like a little white rabbit in front of him was actually able to defeat that old fox, Qiao Fangfeng, and silently replace him as the new CEO of Qiao Corporation.

Was it because her acting skills were too good, or was it because he was too deep in character?

He actually could not tell at all.

Knock, Knock

The door rang.

The Butler's voice sounded from outside the door.

"Young master fan, Miss Shangxin is asking you, are you going to pick up Miss Today?"

"..."

Fan Yu did not speak, his gaze was fixed on Qiao yuanfei.

Qiao yuanfei pursed her lips and was about to speak when he had already turned around, walked to the door, and reached out to open the door.

"Young master fan..."

When the Butler saw Fan Yu, he was about to repeat what he had just said when fan yu opened his mouth indifferently.

"Tell Shangxin that I will pick up Xiao Liulu later."

### **Chapter 1936: I'm trying to coax you 2**

"Yes."

The Butler saw that the atmosphere was not right, so he quickly turned around and left.

When Fan Yu returned to the room, Qiao Yuanfei had already gotten down from the bed and was wearing his white shirt.

She did not look as confident and energetic as when she stood in front of the reporters.

At this moment, her eyes were a little uneasy. Both of her hands were twisting the hem of her shirt. Her cherry lips suddenly turned red by herself, and she kept biting on it.

She wanted to say something, but stopped herself.

Was it difficult to explain to him?

Fan Yu took in the expression on her face, and his eyes became gloomier and gloomier.

The two of them looked at each other for less than three seconds before Qiao Yuanfei suddenly walked forward.

She lowered her head.

Like a child who had done something wrong, she apologized sincerely.

"I'm sorry."

"Sorry for what?" The anger in Fan Yu's eyes dissipated and was replaced by disappointment.

He would rather hear her continue to deny it than hear any apology from her.

Such an apology without any justification was equivalent to admitting that she had been acting from the beginning to the end and did not trust him at all.

"..."

Qiao Yuanfei was a little stunned by his question.

In her heart, if it was not for her, Fan Yu would not have been involved in the Qiao family's matters.

She had concealed her identity from him.

She had concealed that she was Fay.

Although her original intention was not to implicate him, she had still deceived him in the end. It was only right for him to be angry.

But she had never thought of using him. Why was he so angry..

And she had already apologized.

Qiao Yuanfei was at a loss.

She had never been in a relationship and didn't know how to get along with boys.

To her, Fan Yu was also different from other people.

Although she did not know what kind of relationship they were, she would start to get nervous whenever she saw him.

She was so nervous that she would be careful in everything she did. She was worried that he would be angry and that she would make a mistake.

However, the more she was worried, the easier it would be to make him angry.

Look, his face was dark now.

"If you don't want to see me, then I can leave first."

Qiao Yuanfei looked down at the man's shirt she was wearing. Her white fingers gently tied a bow at the hem of her shirt.

She made herself look less pathetic, then walked past him and walked out of the door.

Fan Yu did not stop her, but when she reached the door, he suddenly opened his mouth.

“Qiao yuanfei, in your heart, what am I?”

“...”

Qiao Yuanfei stopped in her tracks and turned around to look at him in shock.

Her eyes widened slightly.

When she met his slightly injured gaze, her brain seemed to be in a knot. She could not think calmly at all.

What he meant by this sentence was..

Was he confessing?

Qiao yuanfei stood rooted to the ground and stared blankly at his tall and straight body.

He was a natural-born prince with a graceful bearing. Even if he was angry, he wouldn't say anything unpleasant.

When he was quiet, he would always carry a melancholy aura that made one's heart ache.

This was her first impression of him.

However, after spending so much time with him, she gradually discovered that he had a temper as well.

Occasionally, when he acted shamelessly, he would act like a child..

This was a little different from what she had imagined.

But he was more like a living person than a high and mighty God.

But even so, it was impossible for him to like her.

After all, he was the one who said it himself back then..

Before Qiao Yuanfei could figure out what he meant by that sentence, Fan Yu had already turned around and walked towards her.

In the end, he only brushed past her.

He opened his mouth faintly.

“Don't come again in the future.”

Then he walked away from her.

### **Chapter 1937: I'm trying to coax you 3**

“...”

Qiao yuanfei stood rooted to the ground, unable to react until his figure disappeared.

Not long after, the sound of a car starting could be heard from the courtyard.

The Butler rushed upstairs.

When he saw Qiao Yuanfei still standing at the door, his face was filled with astonishment.

“Miss Qiao, why did Young Master Drive away alone? He even asked me to go upstairs and ask you to leave...”

“...”

Qiao yuanfei felt a slight pain in her heart.

The words that she did not react to just now seemed to gradually come back to her senses.

He was blaming her for hiding it and did not want to see her again.

Whatever she did, no matter how good the reason was, it was still a lie to him.

It was only right for him to be so angry.

Qiao Yuanfei did not know whether she was trying to convince others or herself.

But when she thought of what he had just said, her eyes still turned slightly red.

Without waiting for the butler to ask her to leave, she lowered her head and walked downstairs.

The Butler did not understand the situation and even comforted her along the way.

“Miss Qiao, our young master fan is not like this usually. He has been preparing a surprise for you for the past few days. I thought he was going to confess, but who knew that all of a sudden...”

Suddenly, there was news about the Qiao Corporation.

The surprise that was prepared turned into a shock.

When young master fan went out just now, his expression was unsightly... this was the first time he had seen the butler after working in the fan family's villa for so long.

The Butler had been rambling on and did not notice Qiao Yuanfei's absent-minded expression.

She did not hear what he said at all.

Her ears seemed to be ringing with the words that fan yu had told her not to come back when he left just now..

She reluctantly turned around and glanced at the villa behind her.

The things that she wanted the most in the past had all been obtained now.

The bad guys were about to be punished.

Why didn't she feel any joy in her heart?

Instead, her heart would become very calm and peaceful when she looked at his villa like this.

“Miss Qiao, you don’t look too well. Do you want me to get someone to send you back?”

The Butler asked worriedly.

Qiao Yuanfei came back to her senses. “No, thank you.”

Just as she was about to turn around and leave, she thought of something and turned back to look at the butler.

“I might not come back in the future. Can I ask you for a favor?”

The butler said, “Miss Qiao, what are you... You Say.”

“Help me say thank you to Fan Yu. Thank him for taking care of me during this period of time. and... Xiao Liuliu.”

This was the first time she felt the warmth of a home after becoming an orphan.

“Miss Qiao...”the Butler wanted to say something, but Qiao Yuanfei had already smiled faintly and waved at him.

“There’s no need to send me off. Goodbye.”

Perhaps, she would never see him again.

Qiao Yuanfei was afraid that she would not be able to bear to part with him. She retracted her gaze and walked quickly towards the street.

She hailed a taxi.

Jue Chen was in this direction.

She didn’t notice that at the corner of the street, a black sports car was parked there quietly.

After the taxi left, the window of the sports car rolled down, revealing fan Yu’s face.

And those gloomy eyes.

From his position, he could clearly see everything that had happened in the villa.

He reached out to pick up the phone in the front passenger seat and dialed the villa’s number.

“What did she say to you just now?”

“Ah?”

The Butler had just returned to the living room of the villa when he heard the baffling question. His mouth was slightly agape.

When he realized who fan Yu was asking, he hurriedly reported back.

“Young master fan, Miss Qiao didn’t look too well just now. She didn’t say anything. She just wanted me to help her thank you. And little miss, from her tone, it seems that she won’t come here again in the future.”

#### **Chapter 1938: I'm just trying to coax you 4**

As the Butler spoke, he could clearly feel that fan Yu's mood on the other end of the phone was also not right.

He immediately did not dare to say another word.

"I got it."

Fan Yu hung up the phone, and his expression became even gloomier.

He threw the phone back to the passenger seat, and the corners of his mouth curled up into a self-deprecating smile.

What exactly was he expecting?

Was he expecting her to take the initiative to ask to stay?

Or was he going to tell him all her secrets?

She wouldn't.

In her heart, she had never trusted anyone.

Fan Yu dialed a new number and asked his assistant to cancel the reservation for the restaurant and Rose.

The assistant didn't dare to say a word and went off to do his work in a low voice.

Fan Yu started the car again and drove towards the Tang family's villa.

He was going to pick up Xiao Liuliu.

It was still a little early when they reached the Tang family.

Shangxin had initially been reluctant to part with Xiao Liuliu and wanted her to leave after dinner.

However, she seemed to have heard about the changes that had happened at the Qiao Corporation. Seeing that fan yu did not look too good, she did not say anything. She just carried Little Tang Bao down for Fan Yu to see and had the butler pack up Xiao Liuliu's things.

Little Tang Bao seemed to have sensed that Xiao Liuliu was leaving and kept making a fuss in fan Yu's arms.

His big black eyes kept blinking at Fan Yu.

It was vividly written that he also wanted to leave with his sister..

Fan Yu turned a blind eye to it.

He pinched his handsome little face and returned the child to Shangxin.

"Little six-six, let's go."

Hearing his words, little six-six took her little schoolbag from the butler and darted in front of her little brother. She poked his face with her little finger.

“Little brother, be good. Big sister will come back in two days to take care of you.”

“Wow!”

Little Tang Bao’s little mouth twitched. Just as he was about to cry, Xiao Liulu suddenly lowered her head and kissed him.

The little guy in the swaddling clothes was stunned.

His little mouth was slightly open, and he forgot to cry.

His little face suddenly turned red.

As if he was shy, he crawled into Shangxin’s arms.

After taking care of her little brother, Xiao Liulu held fan Yu’s hand in relief and pulled him out of the Tang family’s villa.

The moment they got into the car.

Fan Yu was just about to help her fasten the seatbelt of the child’s seat when he heard her start to mutter.

“Father Fan Yu came alone and didn’t bring Aunty. He must have made aunty angry.”

“If Aunty was angry, she wouldn’t have given birth to little brother for Little Six.”

“Father Fan Yu, do you want to give birth to a little brother with Aunty?”

“...”

The soul interrogation from Little Six.

Fan Yu’s hand paused, the light in his eyes dimmed, and he opened his mouth as if nothing had happened.

“She will not appear again in the future. If you like an aunty who looks good, I will get the butler to find someone to take care of you.”

“Oh, then can she have a little brother with Papa Fan Yu?”

Fan Yu: “...”

Xiao Liulu looked as if she was deep in thought.

“I know now. Papa Fan Yu, Aunty must have quarreled. In the past, when my daddy and Mommy Quarreled, they would also say that they would never see each other again. However, my daddy was shameless and would sneak into Mommy’s room at night.”

Fan Yu: “...”

After confirming the look in his eyes, Yu Yuehan was indeed shameless.

Xiao Liuliu continued to ramble on.

“Mommy called me just now and said that she had brought Xiao Liuliu a pretty little brother as a gift. Daddi fan Yu, do you like a little brother or a little brother?”

“What little brother?”

Fan Yu was stunned.

The image of the little boy that he had seen on the phone flashed past his mind.

Nian Xiaomu couldn't have really lured that child back to Xiao Liuliu..

Xiao Liuliu tilted her head and stuck out her little face.

“Mummy said that the little brother is called fan fan, Fan Yu is Daddi, and fan fan is the little brother.”

### **Chapter 1939: I am trying to coax you 5**

“Fan Fan?”

Fan Yu furrowed his brows. One second ago, he was still surprised that Nian Xiaomu would not really kidnap the child. The next second, he was surprised that Xiao Liuliu had mentioned this name.

Was this a coincidence or..

“The little brother's name is fan fan. Mama said it, and she even said that he looks just like Papa Fan.”

Xiao Liuliu grabbed her little feet and held her two thumbs up. She sat down and chatted with him.

A little brother like Papa fan was definitely good-looking.

But she didn't know which one was better-looking compared to her little brother?

Fan Yu patted her little hand and told her to sit properly.

He also reminded her.

“Girls have to pay attention to their image.”

“Papa fan is one of us. Mama said that we can not pay attention to our own people.” Xiao Liuliu's eyes were curved as she spoke nonsense in a serious manner.

Fan Yu: “...”

Fan Yu: “Don't be together with your mother in the future, lest she leads you astray.”

Xiao Liuliu: “Then can I stay with Daddi Fan Yu all the time? If Daddi Fan Yu can have a little brother with pretty aunt, Xiao Liuliu can help you raise your little brother!”

Fan Yu: “...”

If he had no objections, Yu Yuehan would probably go crazy.

Thinking about it this way, it didn't seem too bad.

Fan Yu felt that his chance to turn the tables was coming. However, when he thought of Qiao Yuanfei, his brows unconsciously furrowed.

His tone also became cold.

“Don’t mention her again in the future.”

“Why? Does beautiful aunt not want you anymore?” Xiao Liuli sat down obediently on the chair.

Seeing that Fan Yu had fastened her seatbelt, she reminded him sincerely.

“Father Fan Yu, my mother said that girls like to say things that aren’t true. If she says she doesn’t want you, she wants you. If aunt says she doesn’t want you anymore, she will definitely wait for you to find her.”

Fan Yu:” ...”

Xiao Liuli, you really know too much!

Fan Yu covered her little mouth.

He fastened her seatbelt and went around to the driver’s seat.

Along the way, Xiao Liuli’s reminder kept ringing in his ears.

Was she really... waiting for him?

If that was the case, she wouldn’t have really left his villa.

Why would a person who had never trusted him wait for him to find her?

And why would he look for her?

Fan Yu raised his head to look at the rearview mirror. The little glutinous rice ball in the backseat had already fallen asleep.

In his dreams, she was still muttering about her little brother..

He had actually almost taken the words of the little girl who was more than three years old seriously. He had really been bewitched by Qiao Yuanfei!

Fan Yu stepped on the accelerator and sped up the car.

—

Qiao family’s villa.

Qiao Yuanfei returned to her room and closed the door. She leaned against the back of the door.

Like an old monk in meditation, she did not move at all.

When she closed her eyes, all she could see was Fan Yu telling her to leave.

At that time, she really wanted to say that she did not want to leave.

But she was afraid of seeing his disdainful eyes.

When she thought about the possibility of never seeing him again and Xiao Liuli..

Qiao yuanfei raised her head slightly, and her warm eyes were slightly red.

The cell phone in her pocket kept ringing. She glanced at it and saw that it was full of calls from her assistant.

Today was her first day of taking over the Qiao Corporation. All the matters were waiting for her to handle.

She didn't have any extra time to be sad.

Qiao Yuanfei took a deep breath and picked up the phone.

She told her assistant to postpone the meeting and told her about other matters.

After hanging up the phone, she remembered another important matter.

Everything in the Qiao family was already in her plan. It was time to bring the baby back..

If the little guy knew that he could return to the country and live with her, he would definitely be very happy.

Qiao Yuanfei's heart palpitated again at the thought of the baby.

#### **Chapter 1940: I'm trying to coax you 6**

She was worried about how she would explain to fan yu if she wanted to take her baby back to China.

But now she didn't need to.

Qiao yuanfei shook her head and didn't let her imagination run wild.

She dialed the baby's number.

The call went through, but no one picked up.

Qiao yuanfei frowned.

The baby seemed to be like this for the past two days. Either the call couldn't get through, or no one picked up.

Even if she received a call occasionally, she did not feel as happy as before.

Instead, she did not have much patience. Several times, before she said she was going to hang up, the little guy said he was going to sleep first.

Qiao yuanfei felt that something was wrong.

After all, the baby was sensible and was still a child.

According to the person who took care of him, he had made new friends recently and chatted happily every day.

It would be better if there were no problems.

Qiao Yuanfei was worried and dialed her friend's number.

Although the baby was young, he was very capable of taking care of himself. Qiao Yuanfei did not specially arrange anything for him. She just let him stay at a friend's house and hired a nanny to take care of him every day.

The friend was someone she met when she was studying abroad.

One of the big shots in the financial street — Zhuo Liye.

Speaking of which, it seemed like they would not meet until they fought.

When Qiao Yuanfei first entered the Financial Street, she was a newborn calf that was not afraid of tigers.

The person she had almost provoked was Zhuo Liye.

It was said that the person who ruined the project in his hands had never been able to escape unscathed.

She was the only one.

It was probably because she was quick to admit defeat and helped him to recover the losses of the group in time. In the end, she had no choice but to bow her head under the eaves and became an investment adviser to his group..

Later, Qiao Yuanfei was able to disappear without a trace on the financial street without anyone finding out her true identity. It was also thanks to Zhuo Liye's help.

If the baby was left to others, Qiao Yuanfei would not be at ease.

But in that area, no one would not give Zhuo Liye face.

There was only one thing..

The little guy did not like to be followed when he went out. He often ran out to play alone.

Zhuo Liye was usually too busy with work, and the nanny didn't dare to care about the baby. If something really happened, he might not know immediately..

Qiao Yuanfei's phone call was picked up very quickly.

When he asked about the little guy, Zhuo Liye's tone was very relaxed.

He only said that the baby had signed himself up for an activity similar to summer camp and had gone to participate in an outdoor competition.

He had helped to refer to the project and also checked the organizers. There were no problems, so he let the baby go.

He even talked to his teacher on the phone today to make sure that the baby was all right.

“Maybe he was just too tired from playing and couldn’t take your call at the moment. Don’t be too nervous.”

“... I’ll try my best.”

Qiao Yuanfei asked a few more questions. After repeatedly making sure that the baby was all right, she heaved a sigh of relief.

After thinking for a while, she told him about her plan to bring the baby back to the country.

“The Qiao family’s matters are almost settled. The baby can’t stay overseas forever. I’ll trouble you to wait for him to finish this outdoor activity. I’ll personally go and bring him back.”

“...”

On the other end of the phone, Zhuo Liye was silent for a moment and did not answer.

Qiao yuanfei thought that there was no signal. Just as she was about to repeat herself, she suddenly heard him speak faintly.

“No Rush, we’ll talk when you come back.”

“...”

The call ended.

Qiao Yuanfei did not think too much about it. She only thought that she could not continue to trouble Zhuo Liye.

She opened her schedule and arranged her working hours one by one.

Then, she set a time to fetch her baby back to the country and instructed her assistant to book the plane ticket for her.
