

My Life 1997

Chapter 1997: Showing off, instantly becoming a winner in life! (7)

Ever since her parents passed away, Qiao Yuanfei often went to the hospital to help out.

She volunteered to take care of the orphans in the hospital.

After rejecting grandfather fan's kindness, Qiao Yuanfei returned to her original life.

However, the image of Fan Yu in her mind could not be erased.

Following that, she recalled the scene of the two of them playing together when they were young..

Unfortunately, she was really young at that time and could not remember many things clearly.

However, the name "Fan Yu" was deeply imprinted in her mind from that moment on.

That was until she accidentally saw this name on the hospital's doctor information collection form.

At that time, she almost lost her composure and grabbed the doctor on duty, stubbornly wanting to find out what illness fan Yu had.

Until she knew that he did not come to the hospital because he was sick, but to save someone.

A stranger who had nothing to do with him.

There was a child with leukemia who was successfully matched with the bone marrow that he registered in the hospital.

Fan Yu was informed to come to the hospital because the hospital hoped to seek his consent and donate the bone marrow to this child.

In this world, there were many people who pretended to be doing good deeds in the name of swindling and fishing for fame.

When there was nothing else, they were willing to agree to anything.

They cooperated with the hospital to carry out all sorts of tests. However, if they really wanted to fulfill their promise, they would not hesitate to reject any risks.

If ordinary people valued their lives so much, it was even more so for fan Yu, who was of noble birth.

Qiao Yuanfei had heard that the child's condition was not good. In addition to the medical conditions at that time, donating bone marrow was not as simple as drawing blood now.

So when she hid outside the doctor's office and heard that fan Yu agreed without hesitation, she was shocked.

She was standing outside the door, leaning against the edge of the door frame.

In the office, Fan Yu stood in front of the doctor's desk with his back to her.

The light from outside the window shone in and hit him.

A circle of Holy Light was drawn around his body.

At that time, Fan Yu's image in her heart was incomparably tall and mighty.

She could clearly hear the sound of her own heart thumping. Even after she had left the door of the Doctor's Office for a long time, the words that he said without the slightest hesitation still echoed in her ears.

"There's no need to think about it. I agree to donate my own bone marrow."

The surgery was very successful.

The child was saved.

Not only did fan yu donate his own bone marrow, he also left a sum of money for the child's recovery after the surgery.

He hoped that after he recovered, he could have a kind family to adopt him and grow up healthily.

Qiao Yuanfei went to see the child later. After she saw him, she took the initiative to apply to take care of him.

Besides feeling sorry for such a young child who had to suffer so much hardship, it was also because from now on, a part of Fan Yu's blood would flow in his body..

Later on, Qiao Yuanfei was tempted to adopt this child.

However, she did not meet the requirements for adoption.

If she wanted to adopt this child, she could only ask grandfather fan.

Grandfather fan felt deeply sorry for her when the marriage between the two families fell through. He wanted to make it up to her, so without saying a word, he used his own name to complete the adoption procedures.

When she asked what her child's name was, she called out the word "Fan fan" without any hesitation.

Since his life was saved by Fan Yu, he could be considered as fan Yu's child.

Besides hoping that he would learn to be grateful when he grew up, there was another reason for her selfishness.

In her selfishness, she wanted to keep a little connection with fan Yu, even if fan Yu never knew..

Chapter 1998: Showing off, instantly becoming a winner in life! (8)

Fan fan's first "Fan" was because his grandfather's surname was fan, and fan fan's second "Fan" was Fan Yu.

Young girls' feelings were always poetic.

From that day onwards, she became fan fan's mother.

She was also his only relative in this world.

Perhaps it was because fan yu donated his bone marrow to fan fan, or perhaps it was because of other reasons, fan fan had been very quiet since he was young, and his personality was very similar to Fan Yu's.

Qiao Yuanfei did not deliberately dress him up as anyone else, and the clothes were all for fan fan fan to choose.

However, fan fan had always liked small suits since he was young, and his every move made him look like a young gentleman.

The more he grew up, the more he looked like a replica of Fan Yu. This was something that Qiao yuanfei herself had not expected..

"I'm sorry."

Qiao Yuanfei finished telling the whole story, and her head remained lowered, not daring to look at fan Yu.

She did not dare to let Fan Yu know about fan fan's background because she did not know how to explain why she adopted fan fan.

How was she going to tell him that she fell in love with him at first sight after he rejected the marriage?

Would he think that her adoption of fan fan was just a crazy act of a perverted admirer?

Fan Fan was originally just an ordinary patient that he had saved. Because of her actions, it was as if there was an unbreakable connection between them.

This was not fair to him.

"I'm sorry. I just felt bad for fan fan at that time. Plus, I don't have any family of my own. I really wanted to have a family to accompany me, so i. . ."Qiao yuanfei explained weakly.

Perhaps the idea of adopting fan fan was crazy, but over the years, fan fan had been a part of her life.

Just like her own son.

Her love for fan fan had never been because of fan Yu.

Nor had she ever thought that one day, she would meet fan Yu again..

"..."

Fan Yu stood stiffly.

His gaze did not shift away from the adoption certificate on her phone screen for a long time.

Shock?

Surprise?

Disbelief?

Both.

But none of them were important.

What truly shocked him was that he had accidentally saved a child back then. After so many years, he had appeared in front of him in such a pleasant surprise.

What shocked him even more was that Qiao Yuanfei was fixated on him.

Back then, when he had searched for Nian Xiaomu all over the world, wasn't she the same as him.

However, the person she was fixated on was him.

If it wasn't for fan fan, he might not have known what he had missed out on many years ago due to his own stubbornness..

"Fan fan is really not your son. If you still don't believe me, I can use his hair for a paternity test. But regarding fan fan's background, can you not say it in front of him? Fan Fan doesn't know that he is only my adopted child. I'm worried that if he finds out..."

"There's no need."

Fan Yu looked at the worried Qiao Yuanfei and interrupted her.

It was no longer important whether fan fan was his son or not.

What he cared about was never fan fan's background.

It was her.

He had already gotten the answer he wanted.

Fan Yu curled his lips into a loving smile.

He reached out to grab Qiao Yuanfei and pulled her to him.

He pinched her chin with his long fingers and forced her to raise her head to look at him.

His warm eyes were filled with a light that made one's heart palpitate.

His thin lips opened slightly, pausing between each word.

"Qiao yuanfei, you like me."

It was not a question, but an affirmation.

Fan Yu's fingers caressed her lips, bringing with them a tantalizing numbing sensation.

Qiao Yuanfei's head was still a little dizzy, but he had already kissed her lips.

"I agree that you like me."
